ANNUAL REPORT
OF THE
Board of Education
OF THE
TOWN OF BRENTWOOD.

The board of Education submit the following report for the year ending March 1, 1893 :

Whole number of children between the ages of five and fifteen years, as enumerated by the selectmen, April 1, 1892, 95 ; boys, 58 ; girls, 37. Whole number of scholars five years of age and upwards who have attended school in town, 124.

In reviewing the work of our schools for another year, we feel that we can sincerely congratulate you upon the success that has attended our efforts ; and for the good condition of our several schools, with the exception of some breaks occasioned by sickness, the schools have been uninterrupted. Our teachers have been workers, and it has been a pleasure to behold the order and industry manifested by the scholars in our calls upon schools. We have been pleased in looking over the registers to see the long list of the names of visitors. It is

helpful as well as encouraging, and pleasant to the teachers and scholars to see such interest manifest. There has been a decided advance in this direction in the past year. We would urge upon the parents the importance of prompt attendance of their children all of the school year.
