## REPORT OF THE FIRE CHIEF

To the Board of Selectmen and citizens of Pembroke:

This past year was potentially the most dangerous fire-wise in past memory. For the second year in a row the state went through a disastrous drought. As the season progressed, this department was called upon to combat a series of deliberately set fires. Each one a potential conflagration. Due to the dry ground the cost of controlling these fires was high because of the depth to which they burned.

While woods fires in the state averaged one acre, ours averaged five and one-half acres. Why did a town such as ours, with a well equipped and highly trained department, have such large fires? Incidental! From investigation it appears that not only were most of our woods fires set, but several of our building fires were of a suspicious nature. I bring this serious matter to your attention with the hope that should this person or persons continue to set fires in 1965 our citizens will be alert to report any suspicious activity.

You will note from the fire-alarm figures enclosed that with ninety-two alarms this has been our busiest year in history. As Pembroke continues to grow and expand, we must expect the incidence of fire to increase. I should like to bring to the attention of our citizens that prior to making any installation of oil-burning equipment a permit must be secured from the Fire Chief.

As usual this department has continued its modernization program. This year we have concentrated on the fire-alarm system. The old system installed after the turn of the century was no longer adequate. It has been replaced with a modern transistorized system capable of handling our needs for many years to come. New wire has been run to Pembroke Academy with plans to reach the grammar school on Pembroke Hill this year. Future plans see fire alarm boxes up to Route 106 with branch lines extending into populated side districts.

Looking to the future we must soon retire our 1940 pumper. This truck, the oldest in the station, is in constant need of repair.

Pembroke is very fortunate in the makeup of its Fire Department. In the spirit so well stated by the late President Kennedy, who urged the nation to

serve Instead of being served, the men of this department give faithfully of their time and effort to the protection of this town.

In closing I should like to thank the citizens of Pembroke for their splendid cooperation during this past trying year. So many volunteered their services in so many ways it is impossible to single out any one.

JACOB A. CHASE  
Chief

#### REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

To the Board of Selectmen and citizens of Pembroke:

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy - both industrial and recreational - is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area - 4,350,000 acres - is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

REMEMBER that prior to any burning a permit must be secured from the Fire Warden.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

## TO THE BOARD OF SELECTMEN AND CITIZENS

In presenting the 1964 report of the Police Department, I would like to add these few remarks that may be of interest to members of our community.

By comparing the 1963 report with that of 1964, we found that there has been an increase in complaints received by the Department, from 468 in 1963 to 782 in 1964. This seems to correspond to the continuing trend -- statewide and national -- in this regard. An increase in juvenile problems has occurred but I have found cooperation from most of our young people.

Approximately 20,548 miles were traveled altogether, on patrol and in answering complaints, with the cruiser, not counting the use of the officers' private cars when answering calls on off duty hours.

During the year, police officers donated their labor and redecorated Police Headquarters. Furniture for an additional office was donated to the Department, as were the new outside signs and lights.

Finally, we ask everyone's cooperation in observing the local regulations and thus help make our community an orderly, safer and more enjoyable place to live in.

Edgar J. Lavole, Chief  
PEMBROKE POLICE DEPARTMENT

It would appear from the above table that we have reached a plateau in school enrollments. Our school census would also indicate no unusual growth in the next few years when compared with previous years. Thus, one would think, we can breathe easier. There are two factors which may change this. We have three sections of each grade in the lower grades, which is fine. As pupils ascend the grade level ladder, we must decide whether to continue three sections or drop back to two. With two sections, we would have some awkward numbers, in the 70's. Obviously, a few more here would necessitate three sections, which is educationally desirable anyway. With three sections continued, we are going to run out of classrooms again!

State Foundation Aid for the current year is \$63,336.23, compared to \$10,153 in 1960-61, a very significant increase. Sweepstakes fund is \$17,767.62, with \$12,834.48 earmarked for tax reduction, and \$4,933.14 "unencumbered balance" at the moment. This makes over \$87,000 in state aid of one kind or another (building aid included). This is a significant amount, but with increasing costs even more state funds are necessary to maintain a stabilized tax rate.

Massachusetts passed a \$5,000 minimum salary last year. Don't think that New Hampshire teachers don't know this. Some of us are hoping to hire beginning teachers at \$4,500, but it may be difficult. The New Hampshire General Court will take action on a \$5,000 minimum and a salary schedule.

The estimated state average cost of high school education for 65-66 is \$489. The tuition rate at the Academy has been set at \$485. The Concord rate will be \$575.

In spite of its rapid growth and necessary costs, Pembroke has been able to offer a sound educational program, with capable and dedicated staff and leadership. At this time, we wish to thank the people of Pembroke for making this possible and can only hope for your continued understanding.

Respectfully submitted,

C. MAURICE GRAY

February 10, 1965

Mr. George P. Cofran, Chairman  
 Pembroke Academy Trustees  
 Suncook, N. H.

Dear Mr. Cofran:

I herewith submit my annual report as Headmaster of Pembroke Academy. Enrollment as of January 21, 1965:

	Grade 9	10	11	12	Total
Allenstown	24	23	30	21	98
Concord		1		1	2
Deerfield	2			1	3
Epsom	21	14	13	13	61
Hooksett	23	17	15	12	67
Manchester		1		1	2
Pembroke	61	58	49	68	236
	<u>131</u>	<u>114</u>	<u>107</u>	<u>117</u>	<u>469</u>

We started the year with 474 students, have added 11 by transfers, lost 4 by transfers and lost 12 by "drop outs". We have had 485 different students registered in our school this year.

Last year it was estimated that we should enroll 467 this year '64-'65.

	Grade 9	10	11	12	Total
Estimate	<u>120</u>	<u>120</u>	<u>112</u>	<u>115</u>	<u>467</u>
Actual Enrollment	132	115	109	117	473

Our estimate for the year 1965-66 is:

Estimate	145	120	110	104	479
----------	-----	-----	-----	-----	-----

Here we estimate the enrollment will be considerably larger in the Freshmen class necessitating another teacher in that area where classes are full this year.

It is interesting to note the enrollments in our neighboring elementary schools in 1964-1965:

	1	2	3	4	5	6	7	8	Totals
Allenstown	32	25	23	12	18	21	23	11	165
Epsom		42	21	32	30	32	27	30	248
Hooksett Village	57	51	50	39	53				250
Hooksett Underhill	54	51	39	41	43				228
Hooksett Memorial						61	71	78	210
Pembroke	60	70	67	73	53	72	59	68	522
St. Jeans	40	34	36	43	45	36	37	36	307
Totals	267	273	236	240	242	222	227	223	1930

You will note that the numbers remain fairly constant for three years (223, 227, 222) and then go up about 20 to 242, 240, 236. Then the number jumps again another 30 per year for two years.

This seems to indicate a present level for Pembroke Academy of 480 "plus" pupils for the next three years.

Our present facilities can care for this number with plans for enlarging departments in Home Economics and Industrial Arts as well as more room for Art and Music.

#### GUIDANCE

Our new Guidance Counselor is Mr. James Raymond who came to us well equipped educationally and with a good varied background of Business, teaching and service in the Air Force as a pilot.

He has three children two of whom are attending Pembroke Academy.

He plans and administers the testing program for the school. He interviews and helps plan the courses for all students for their four years. He assists students in finding the right post secondary schools and helps them make their applications. He also finds time to help those having academic problems by adjusting courses or changing schedules. His office is always open.

#### SCHOLARSHIP

Pembroke Academy is attempting to help every student work at his level best. Classes are divided into three levels of ability in such courses as English and Civics. Students may be moved from a fast to a slow division or vice versa as their work indicates a need. College preparatory classes are, as a rule, in a group by themselves. Students may move from one curriculum to another with approval of the parent, the teacher, and the guidance counselor.

Evidence of our scholastic preparation is shown in the fact that our students have entered such colleges as M. I. T., Dartmouth, and Mt. Holyoke, as well as U. N. H., U. of Maine, Plymouth State College and Keene State College.

#### ALUMNI

The class of 1964 sent about 20% to four year colleges as shown as follows: Eight to the University of New Hampshire, two to Keene State College, two to St. Anselms, two to New England College, and one each to Mt. Holyoke, West Virginia Wesleyan, and Gordon College.

Five are attending the New Hampshire College of Accounting and Commerce, one is in Dean Junior College, one in Chandler School, one in Concord Commercial College and one in New Hampshire Technical Institute.

Five are training for nursing, thirty-two are employed; ten are in the Armed Services; and three are housewives.

#### STUDENT ACTIVITIES

Many activities are engaged in by our students. All activities are supervised by teachers as follows:

Senior Class Advisors - Mrs. Henrietta Girard, Mr. Herbert Petelle  
 Junior Class Advisors - Mrs. Christine Nelson, Mr. Arthur Jackson  
 Sophomore Class Advisors - Mrs. Janice Davis, Mr. Leon Frechette  
 Freshmen Class Advisors - Mrs. Constance Marquez, Mr. George Kelly  
 Junior Classical Club and Future Teachers of America - Mr. Francis Clish  
 Student Council Advisor and Science Society - Mr. Norman Birch  
 Cheer Leader Coach - Mrs. Judith Snell  
 National Honor Society - Miss Nina Clark  
 The Academian - Mrs. Elizabeth Davidson  
 Future Home Makers - Mrs. Christine Nelson  
 Dramatics and Prize Speaking - Mrs. Elizabeth Morrill  
 Girls Basketball Coach - Mrs. Joan Tunnell  
 Soccer Coach - Mr. Ronald Rush  
 Baseball - Basketball Coach - Mr. Peter Kaligian  
 Hunter Safety Club and Chess Club - Mr. Arnold Steenbergen  
 Driver Training Class - Mr. Leon Frechette - Mr. Arnold Steenbergen  
 Historical Society - Mr. Francis Davis  
 Library Club - Mrs. Jeannette Winslow  
 Faculty Manager & Golf Coach - Mr. Redmond Carroll

#### ATHLETICS

Under the coaching of former P. A. student Ronald Rush '59, our Soccer

team was most successful for they won the Central N. H. I. League Championship. All home games were played on our new field adjacent to the school. At times it looked like the dust bowl and it was difficult to follow the play but with a year to grow our grass should be better next Fall.

We expect to use our new Baseball field this Spring also.

Our basketball season has been a good one this year and to date we have won 6 and lost 8 games.

The girls basketball team has won 7 and lost 2 so far this year.

Twenty five boys were on the soccer squad, thirty-five boys are on the basketball squad and 18 girls on the girls basketball squad - a total of 78 participants.

#### TEACHERS

We were able to retain most of our teachers. We lost Andrew Phelps to Franklin High School, Miss Mary Staniels to Winnacunnett High School, and Mr. Randolph Guyette to Massachusetts.

We added Mr. James Raymond - Guidance, Mr. Leon Frechette - Industrial Arts, Mr. Ronald Rush - Industrial Arts, and Mrs. Elizabeth Davidson - English.

Our estimate for next year indicates a need for one more teacher in a Math and Science combination freshman year. If our Home Economics continues to grow we will need a second teacher in that area.

We were able to give all our teachers a substantial raise last year and expect to do the same this year.

Our school year will be 185 days next year and teachers are being reimbursed for the extra time in the salaries for next year.

#### CONCLUSION

Pembroke Academy is beginning to show a stability in its faculty which augers well for its scholastic standards.

The cooperation of students, parents, and faculty has been excellent this year. The attendance of parents at our three Open House evenings has been very stimulating.

The cooperation of the Trustees in providing needed facilities and equipment has been most appreciated.

Being Headmaster of Pembroke Academy continues to be a delightful experience.

Respectfully yours,  
John M. Cotton  
Headmaster

# Annual Report of the Water Works

## BOARD OF WATER COMMISSIONERS

Lester J. Allaire, Chairman  
Albert J. Richard  
Arthur J. Richard

Helen L. Petit, Clerk  
Philip Brasley  
William R. LeClair, Superintendent

The vote of the Town authorizing the Board of Water Commissioners to make necessary repairs and improvements to its well field and pumping equipment resulted in the addition of a new 18" gravel packed well with a capacity of nearly one million gallons of water per day. The well in our #2 pumphouse was completely reconditioned by the R. E. Chapman Co. of Clinton, Massachusetts, and was equipped with a new motor.

Because of the drought condition of the past years your Board of Commissioners deemed it advisable to retain the engineering firm of Camp, Dresser and McKee to carry out ground water explorations should it prove necessary in the future to put in an additional well. These tests are in process.

Your Board of Commissioners is looking into the possibility of installing water meters for all water takers. It is felt that meters would result in a 40% savings in water consumption. In anticipation of meters a notice was sent advising all contractors and sub-contractors in the area that meter horns must be installed during construction of any building where water service is required.

On December 30, 1964 because of ill health the resignation of Superintendent William R. LeClair was accepted. A sincere thank you to Mr. LeClair for his devoted and faithful service to the department.

Board of Water Commissioners  
Pembroke Water Works  
Pembroke, New Hampshire

We have examined the accounts of the Pembroke Water Works for the year ended December 31, 1964.

Our examination included a verification of cash in banks, a review of the additions to plant assets, and without making a detailed audit of all transactions, satisfied ourselves that all income had been received and all expenditures were supported by vouchers. We were not present when the inventory was taken.

In our opinion, the attached exhibits and schedules present fairly the financial condition of the Pembroke Water Works at December 31, 1964 and the results of operations for the year ended on that date.
