SCHOOL REPORT.

In making the annual report of our schools, we are pleased to say, that our schools the past year have been a success. Teachers have been faithful in their labors and have brought their schools to a successful and satisfactory termination. The School Board during the past year have experienced much difficulty in procuring such teachers as the condition and wants of some of our schools require, but after much time and constant effort, we succeeded in supplying our schools, with a competent corps of teachers.

It would greatly lessen the labor of the School Board if the State, through the Superintendent of Public Instruction, would supply or recommend teachers from the Normal School, for the more advanced schools in every town, and establish the rate of wages by law.

The School Board can but mention with pride the enthusiasm with which the scholars in Divisions 1, 5, 7 and 2, (Manselville) celebrated Columbus Day, in raising on their school grounds their country's flag, an emblem of Union, Liberty and Trust; and we hope every school house in town where there is a school, will have its grounds adorned with the same significant emblem.

Thanking teachers, parents and scholars for their co-operation, we respectfully solicit their sympathy and assistance in the future.

ISAAC SMITH,
ALVIN TUBBS,
GEO. C. PATTEN,
School Board of Deering.
