JAMES SAWYER, *Overseer of Poor.*

Greenfield, Feb. 28th, 1876.

Your committee have examined the foregoing reports of the Selectmen, Treasurer, and Overseer of the Poor, and find them correct.

JOHN FLETCHER,	} <i>Auditing</i>
CHARLES D. FITCH,	

SCHOOL REPORT.

DISTRICT NO. 1.

Summer Term, 8 weeks. Taught by Miss Abbie N. Partridge, of Greenfield. This school appeared very well at the commencement and at the close, with the exception of a few boys. Improvement was made. Branches taught and the number attending to each: Reading 17, Spelling 17, Penmanship 12, Arithmetic 12, Geography, 6, Grammar 2.

Winter Term, 11 weeks.

Taught by Sara A. Keyes. Your committee was not able to be in at the examination, therefore cannot report in regard to the improvement of the school. From what we have heard, we think improvement was made and the school a success. Branches taught; Reading, 22, Spelling, 22, Arithmetic, 19, Geography, 8, Grammar, 4.

DISTRICT NO. 2.

Summer Term, 6 weeks. Taught by M. Jennie Wood, of Greenfield. For the first time, Miss Wood enters the schoolroom as teacher. She carried much enthusiasm into her work, and we think was quite successful in awakening an interest in the school. The examination was such as to be of credit to scholars and teacher. All the scholars are reported as going through the term without whispering. An honor to any school. Branches taught, and the number attending to each: Reading 9, Spelling 9, Penmanship 6, Arithmetic 7, Geography 4, Vocal music 9.

Winter Term, 7 weeks. Taught by Etta M. Young of Temple. A teacher well qualified to instruct and guide youthful minds. We were highly pleased with the appearance of the school at the commencement and learn that Miss Young gave good satisfaction. The notice sent of the examination failed to reach us, and consequently we did not visit this school at its close. Branches taught and the number attending to each:—Reading, 15; Spelling, 15; Arithmetic, 14; Penmanship, 6; Geography, 13; Grammar, 2; Composition, 1.

DISTRICT NO. 3.

Summer Term, 10 weeks. Taught by Lizzie M. Partridge, of Greenfield.

This is a difficult school to keep. Miss Partridge, we think, did her best to make this school a success. At the commencement the school was very quiet and orderly. Your committee never saw it more so. During the short time your committee was in at the examination, we found but little with which to find fault. Some of the small boys were a little noisy with their lips. All things considered, we think Miss Partridge did well. Branches taught and the number attending to each: Reading, 35; Spelling, 35; Penmanship, 1; Arithmetic, 30; Geography, 8; Grammar, 4; History, 1; Book Keeping, 4.

Fall Term, 8 weeks. Taught by the same teacher.

Through some misunderstanding your committee was not in at the examination. Some of the parents say their children never learned better. Branches taught and the number attending to each: Reading, 19; Spelling, 19; Penmanship, 11; Arithmetic, 15; Geography, 3.

Winter Term, 10 weeks. Taught by A. A. Robertson, Halifax, N. S.

A young man of good ability; pleasant and agreeable in his ways. He commenced his work with a desire to make the school pleasant and profitable to his pupils, and did his part well. We are sorry to say that some of the scholars did not appreciate his labors and failed to treat their teacher with due respect. The exercises at the examination did credit to pupils and teacher.—Improvement was made, but not so great as might have been made if the scholars had put forth more effort. Branches taught and the number attending to each: Reading, 38; Spelling, 36; Penmanship, 25; Arithmetic, 26; Geography, 17; Grammar, 19; Composition, 18; History, 3; Book-Keeping, 5.

DISTRICT NO. 4.

Union district with Bennington. Prudential Committee in Bennington. We received no notice as to the commencement or close of the school.

DISTRICT NOS. 5 & 8.

Summer Term, 6 weeks. Taught by Maria A. Dodge, of Bennington. This district was very fortunate in the selection of teachers for summer and winter. Miss Dodge accomplished as much in six weeks as many teachers would in twelve. She possesses those requisite qualities which render her highly useful in the school-room. With more experience we think she will take a high rank among our teachers. Branches taught and the number attending to each: Reading, 22; Spelling, 22; Penmanship, 11; Arithmetic, 12; Geography, 9; Grammar, 2.
