

ANNUAL REPORT

Town of Lisbon, New Hampshire

Year Ending December 31, 2014

SELECTMEN'S REPORT AND DEDICATION

Dear Citizens,

The Board of Selectmen would like to recognize the spirit of volunteerism that makes the town special. We are very fortunate to have a core of dedicated people to help us in many ways to continue the operation of our town. Without the efforts of the Trustees, Zoning Board, Conservation Commission, Budget Advisory Committee, Mr. Wilbur Calendar our Information Booth attendant, the volunteers who work with Lisbon Main Street and numerous other private citizens and agencies who sacrifice their time, Lisbon would not be the great place it is today. We are all truly grateful and we would like to send a heartfelt thank you for all that you do.

Lisbon has shouldered a large tax burden in recent years. We have slowly been developing policies and ideas that will help bring our tax rate to a more reasonable level. A cooperative effort between the Budget Advisory Committee, Department Heads, the Board of Selectmen, and input from the people of Lisbon, is necessary to improve the tax climate here. You are the most important element of this equation. We have an open door policy and are asking for any ideas that you may bring to the table to help us make Lisbon an even better place.

Thanks in large part to our Town Clerk, Jenny, our website has never been better. Please take some time to explore at www.lisbonnh.org and become educated on what is happening in town and be sure to sign up for public notices so we can communicate with you via email.

Respectfully Submitted,
The Board of Selectmen
Stephen Knox
Donald Butson
Mary Lou Forsyth

To the Board of Selectmen
Town of Lisbon
46 School Street
Lisbon, NH 03585

Dear Members of the Board:

We have audited the financial statements of the governmental activities, major general fund, the major permanent fund and aggregate remaining fund information of the Town of Lisbon for the year ended December 31, 2013. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 24, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Town of Lisbon are described in Note 1 to the financial statements. As described therein, the Town changed accounting policies related to financial reporting by adopting Governmental Accounting Standards Board (GASB) Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, as well as Statement No. 65, Items Previously Reported as Assets and Liabilities in 2013. The nature of reporting terminology differences from the prior year are described therein.

We noted no transactions entered into by the Town of Lisbon during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Town of Lisbon's financial statements were:

Management's estimate of the estimate of the allowance for uncollectable taxes is based on historical data and information known concerning assessment appeals. We evaluated the key factors and assumptions used to develop the allowance for uncollectable taxes in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the accrued landfill postclosure care cost is based on the amount that would be paid if all equipment, facilities, and services required to monitor and maintain the landfill were acquired as of December 31, 2013. This amount is determined by the Town's engineer. We evaluated key factors and assumptions used to develop the accrued landfill postclosure care cost in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

The completion of the audit is dependent upon management's review, approval, and acceptance of responsibility for the financial statements and related footnote disclosures. We provided management with a draft of the financial statements and related footnote disclosures on June 2, 2014; approval and acceptance was not obtained until September 10, 2014. It is our objective to provide timely service to the Board of Selectmen; however active involvement of management is an integral part of that process.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Adjustments proposed and approved were primarily of a routine nature which management expects the independent auditors to make as part of their year-end procedures. These adjustments in the general fund represented a net loss of \$3,988.

The government wide financial statements were prepared by the independent auditors and likewise were approved by management. This practice is consistent with previous years.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter which is dated September 10, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Town Lisbon's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Town of Lisbon's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

GASB Statements

The Town's financial statements do not fully comply with Governmental Accounting Standards Board Statement No. 34, because of the lack of capital asset records. Thus, our opinion on the financial statements remains adverse. Accounting principles require that capital assets, including infrastructure, be capitalized and depreciated, which would increase the assets, net assets, and expenses of the governmental activities. Also, the Town is not in compliance with GASB Statements No. 43 and 45 dealing with financial reporting for Other Postemployment Benefit (OPEB) plans. We recommend that steps be taken to comply with these GASB statements.

Tax Liens

Upon review of the Town's unredeemed tax liens, it was noted that the Town has unredeemed tax liens dating back to 2010 in the amount of \$11,753, which have not been deeded but should have been. RSA 80:38 states, in part, that the Tax Collector ". . . shall execute a deed, except when considered hazardous or harmful to the Town," in which instance the Board of Selectmen should issue a deed waiver.

Authorized and Unissued Debt

The Town of Lisbon has authorized and unissued debt from a March 2011 and March 2013 annual Town Meeting, the 2011 authorized and unissued debt totals \$8,596 and the 2013 \$5,500. We recommend the Town rescind these amounts at the next annual Town Meeting.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Selectmen and management of the Town of Lisbon, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

PLODZIK & SANDERSON

A Hydrangea was planted next to the library in memory of Jean Haywood who was a valued library employee and supporter.

The Library is planning on raising funds by hosting a plant sale this spring.

The library worked with the Lisbon Lion's Club Santa to provide new books for around 75 children. The Lion's Club held their holiday party at the library.

The library continued this year to provide downloadable audio and electronic books through a statewide consortium. Instructions and links can be found **on the library's website: lisbonpubliclibrary.org**. **On our website, you will also find a link to Heritage Quest to aid you in your genealogical research.**

Lisbon Life Squad

The Lisbon Life Squad Members would like to thank the community for their continued support that you show for us.

During the past year of 2014 The Lisbon Life Squad has responded to approximately 265 calls for Medical emergencies, Auto accidents and Fire Stand by's.

204 calls in Lisbon, 42 calls in Lyman, 11 calls in Bath, 3 calls in Landaff, 2 calls in Woodsville, 2 calls in Littleton, and 1 call to East Ryegate VT.

We continue to try and expand our staff and have acquired 3 new members, Jeff Dodge, Scott Champagne and Conner Quinn who have all taken an EMR (Emergency Medical Responder) class. We also have 1 student enrolled in an EMT (Emergency Medical Technician) class and 1 student enrolled in an AEMT (Advanced Emergency Medical Technician) class.

We are continuing on the town wide 911 numbering system to help us identify each location. We would like to ask that until this is complete, that if you could make your house number, visible to the us from the road, That would be a great help. Those residents outside of town with mail boxes try to make sure the numbers are large enough that we can see them from the road. A small test you could try is when driving down route 302, then try and read some of the mail box numbers.

We are also continuing to move forward with the plans to build a new Fire & Life Squad building in town in the near future; and we are thankful for all the input and suggestions we have acquired of the past couple of years.

I would also like to Thank Laurie Guillmette for her 25+ years of dedicated service for the Lisbon Life Squad and wish well in her retirement.

I would also like to thank Jody Gagnon for her 12+ years of her dedicated service and desire to expand the Life Squad to where it is today. I would like to wish her well in her new adventures.

2014 Lisbon Police Department Report

The members of the Lisbon Police Department would like to thank the community for their continued support in the year 2014. This year has been a transitional year for our agency in that Chief Tavernier has retired and I have transitioned into his role as the Police Chief. He has although, decided to stay on our part time roster filling in open shifts when needed. Sgt. McKinley retired from full time status as well, however he is working on a part time basis 3-4 days per week enabling me to prepare for court as well as prosecute our agencies criminal cases. These retirements opened up a full time police officer position that we were able to fill with Officer Justin Charette-Combs. Justin has made a fast transition into our agency and is doing an outstanding job.

The Town of Lisbon has created blog sites on the Town's web page for the different town departments. You can simply go into the towns web page and click on police department where you will find some useful information in keeping the community abreast of recent issues and or changes in legislation.

In 2014 we saw an increase in crime rates. I believe this is a result of a spike in the heroin supply to the North Country. We have been collectively working with our surrounding agencies to combat this issue and are making some headway in battling this very serious issue. We have also been inundated with felony crimes this year ranging from sexual assaults to drug sales. These have resulted from being both reactive as well as proactive, however with a decrease in manpower, the increase in felony cases have placed a greater burden on each individual officer.

In an effort to expand police coverage, Sgt. McKinley and I have continued to apply for grants. These grants were offered through the New Hampshire Highway Safety Agency, New Hampshire Fish and Game and FEMA to offset the cost in extra patrols in the areas of DWI, Speed, Safe Commute, Bike Helmets and Seatbelt Enforcement and Educational programs. The Town was also awarded an additional grant submitted by the police department through FEMA to update the towns Hazard Mitigation Plan. With your continued support we plan to apply for more in the upcoming years.

Sgt. McKinley continues to offer the internship program through the Lisbon Regional School. This program is offered to high school students interested in advancing into the police field and affords them the ability to work with the officers during scheduled patrol shifts as well as a classroom educational setting in criminal justice. This has been a very successful program and has assisted several kids from Lisbon Regional with their interest in the field.

Please feel free to stop by the police department throughout the year with any questions, concerns and new ideas for consideration.

LISBON FIRE DEPT.

2014 was another busy year for us. We had 108 runs ranging from motor vehicle accidents, downed power lines, flooded basements, trees blocking roads, Chimney fires, illegal burns/unpermitted burns, Life Squad assists, and numerous fire alarms/CO2 alarms.

We had numerous hours of in house training as well as members attending the Twin State Fire Mutual Aide School. Going forward for next year we will continue with these trainings as well as utilizing the State Fire Academy facility that has opened in Bethlehem.

Lisbon Fire also provides coverage to the Town of Lyman. In 2014 we had 10 calls. The calls ranged from illegal burns, MVA's, alarm activations, and trees on power lines.

We also belong to Twin State Fire Mutual Aide and as part of that we had 23 mutual aide calls in 2014. The mutual aide calls were for MVA's, fire alarms and building fires. The towns we assisted were

Landaff (4)	Littleton (6)
Woodsville (1)	Bath (10)
Sugar Hill (2)	

We received mutual aide 12 times from the towns of Landaff, Bath and SugarHill.

As many of the Town's people know, we have been busy going forward with plans for a new Fire Station. We have a parcel of land on Main street, but after presenting our plans to build on it, we hit a snag. The site is in the 100 year "flood zone", thus not enabling us to qualify for any outside grants. We are working with the Select board and are in hopes of purchasing another parcel, also on Main Street, but not in the "flood zone". If we are able to acquire this parcel, we hope to be able to propose a Bond and start building within the next year or so.

With a new year also comes some new changes for the Department. Chief Stevens has stepped down as he is nearing retirement and possibly moving from the area. We wish to Thank him for his years of service as both a firefighter and as Chief. We wish he and Kathy the best of luck. With that, Greg Hartwell has been voted on as the new Chief.

We currently have 18 members on our Department (2 are on active Military leave). We are always looking for new members. If interested see any member for information.

2/17/15

The following completed projects are in no particular order.

Granite curbing was installed, with new asphalt and drainage for a section of sidewalk on Armstrong Ave. The last 300 feet will be completed in 2015. Depot St. is next scheduled for improvements. New gravel was applied to the following roads. Breezy Hill, Georgeville, Oregon, Kathy Rae Drive, Lower Gilman, Ash Hill, Plains Road, Northy Road, Schoff, Perch Pond. The new gravel allows for less time to grade. The chloride that is applied keeps the gravel in place longer.

We ditched Mt. Eustis, Streeter Pond, and the bottom part of Walker Hill. The rest of Walker Hill to be done in 2015.

A water line problem plagued Pine Street for the early part of 2014. Thank you to the residence of these homes for being patient. After much "exploring", the problem was determined to be a completely clogged main pipe. This was due to rust inside the galvanized pipe. New water line was installed once the frost had left the street. Paving of this street will be done this summer. The Public Works Dept. is also responsible for both water and waste water distribution lines. A job we fit in when not busy. We also maintain and read water meters for billing purposes.

The Public Works Dept. has also inherited the responsibility of the cemeteries. Lawn care will be contracted out.

Thank you to the people of Lisbon. Your support is very much appreciated. Each year a different set of challenges is bestowed upon us and I welcome all to visit the Public Works garage. Come view and ask how your tax dollars are being spent.

Please remember to support our military men and women, past and present.

Kevin Clement

LISBON TRANSFER STATION

I want to thank the people of Lisbon, Lyman and Landaff for the support of the Transfer Station and their efforts to recycle as much as possible.

Remember the more you recycle the less waste goes to the landfill and the more money the town can realize through the sale of the recycled material.

On the financial side we recouped 62.2% of the transfer station operating costs from the sale of recyclables and bags.

This year we stopped collecting Motor Oil. This is due to the loss of the used oil heater we had in the garage building as well as the extremely small amount of motor oil we were collecting. Fortunately there is nothing in the garage building that requires storage in a heated building so we saved the Town approximately \$5000.00 by not purchasing a replacement heater.

If you change your own oil in your vehicles Walmart, VIP and Bond Auto Parts advertise that they will take your used oil.

The total income for the Transfer Station is shown in the table below;

SALE OF BAGS	\$69620.00
C & D INCOME	\$39305.00
BALED OCC (cardboard)	\$5878.00
PLASTIC BOTTLES	\$9668.00
STEEL AND ALUMINUM	\$6698.00
SCRAP IRON	\$1625.00
PLANET AID	\$552.00
TOTAL INCOME FOR THE YEAR	\$133346.00

Planet Aide (clothing recycling) We have several clothing pickups each year from Planet Aide and we are paid for the clothing items you donate. This last year through your efforts to recycle clothing you were able to donate 12,090 pounds or 6 Tons of clothing to Planet Aide. I am sure this clothing will assist many people in need. Keep up the good work in clothing recycling.

Below is a table showing the positive impact if what happened to all of the recyclables you brought to the Transfer station. (From NRRA end of year report)

Recyclable Material	Amount Recycled in 2014	Environment Impact <i>Here is only one benefit of using recycled material rather than natural resources to manufacture new products.</i>
Aluminum Cans	9,470lbs	Conserved enough energy to run television for 964,864 hours!
Paper	89.89 tons	Saved 1,494 trees!
Plastics	31,460lbs	Conserved 23,595 gallons of gasoline!
Steel Cans	6.11 tons	Conserved energy to run a 60 watt light bulb for 355,732 hours!
Electronics	12626	Conserved enough energy to power 2.1 houses for one year!
Tires	3.54 tons	Conserved 3.5 barrels of oil!

2014's major expenses (other than salaries, utilities and miscellaneous supplies) needed to operate and maintain the transfer station buildings and grounds are:

Tipping Fees (cost to remove waste from our facility to the landfill)	\$83,694.00	\$19,694.00 GLASS DISPOSAL INCLUDED
Baling expenses (baling wire, strapping, baling tools etc.)	\$2,015.00	
Tire disposal fees	\$261.00	
Electronic disposal fees	\$2,337.00	
Scale licensing	\$1,000.00	
Fuel for heat and bobcat	\$4,635.000	
Purchase of MSW bags for resale to residents	\$7,028.00	
Pemi-Baker Solid Waste District Dues	\$2,003.00	
Equipment Maintenance	\$8,670.00	TRASH COMPACTOR ELECTRICAL REPAIR, SCALE REPAIR AND BAILER REPAIRS

The increase in expenses this past year were due to removal of the glass that was improperly stored for several years per DES Regulatory Compliance, electrical issues we had with our compactor, scale display replacement and baler repairs.

In an attempt to reduce costs and realize more income in 2015 we are going to bale all the newspapers, boxboard, white papers, magazine and paper together and sell it with our OCC (cardboard bales). In doing this we turn a cost of disposal (\$636.00) to an annual income of approximately \$1000.00.

Thank you again to all the residents who use the transfer station for helping us to maintain a safe place for all our employees and visitors, thank you for your recycling efforts, and thank you for helping protect our environment for us and future generations.

LISBON LIONS CLUB

The Lisbon Lions Club will celebrate its 77th anniversary this year. Our membership includes residents from Lisbon, Lyman, Landaff and Bath. Thank you to the members of our Club who have put in countless hours of volunteer time to support our numerous activities. Also, thank you to the Townspeople and Businesses in and around our communities. Your support and spirit enables us to continue to provide support to a wide range of programs for local youth and senior citizens, and to assist others in our communities with sight and hearing needs. The Club would also like to thank the staff and administration at Lisbon Regional School for allowing us to use their facility for fundraisers and events and our heartfelt thanks to St. Catherine's Catholic Church for allowing us to use their facilities for our semi-monthly meetings.

The Lions Club Community Field and Pool continue to provide an essential service to the community and school system. We support athletic programs for youths in soccer, basketball, baseball, and softball as well as swimming and skiing lessons. We also provide tennis and basketball courts next to New England Wire Technologies. In conjunction and with the continued support of NEWT, we have been able to maintain these facilities. The new swimming pool constructed on the community field in 2012 continues to provide hours of recreation for children and adults from Lisbon, Landaff, Lyman and beyond.

In addition to athletic programs, the Club hosts a spring time Senior Citizens Dinner, a Senior Holiday Dinner, Santa's Hotline, Santa's Christmas Eve visits, the Halloween party in conjunction with Lisbon Main Street, a bonfire for the Homecoming Soccer Game, and we make a donation from tree sales proceeds to our local food bank. We also provide funds towards eyeglasses and hearing equipment for local community members who are in need and donate to a variety of local worthy causes, especially those involving children.

The Lions Club asks for your participation in the following fund-raisers: Annual Raffle, Christmas Tree Sale, the Tip-Off Classic Basketball Tournament, the Kick-Off Classic Soccer Tournament, our Annual Golf Tournament and, of course, our famous Sausage Concessions.

We thank the Towns of Lisbon, Landaff, and Lyman for their continued support.

Dear NRRA Member,

As a member of Northeast Resource Recovery Association (NRRA), your community has access to all the services of this first in the nation, 33-year old recycling cooperative. Your member-driven organization provides you with:

- Up-to-date **Technical Assistance** in waste reduction and recycling including solid waste contract negotiations;
- **Cooperative Marketing** to maximize pricing and **Cooperative Purchasing** to minimize costs;
- Current **Market Conditions** and Latest **Recycling Trends, both regionally and nationwide**;
- **Innovative Programs** (i.e. Dual Stream, Consolidation and Single Stream);
- **Educational and Networking Opportunities** through our Annual Recycling Conference, our new Bi-weekly "Full of Scrap" email news, monthly Marketing meetings, **members' only website**, workshops and Fall Facility Tours;
- **School Recycling Club** - a program to assist schools to promote or advance their recycling efforts;
- **NH DES Continuing Ed Credits**;
- **NH the Beautiful Signs, Grants, Bins and Recyclemobiles**.

NRRA membership has grown to include more than 400 municipalities, businesses and individuals in New Hampshire, Vermont, Massachusetts, Connecticut and Maine. NRRA, as a non-profit organization, is unique in that we do not charge a "brokerage fee" or work to maximize profit gains, but rather has a minimal "Co-op" Fee" which is re-invested to further your recycling programs and solid waste reduction efforts in schools and municipalities.

Through your continued support and dedication, NRRA has assisted our members to recycle over 69,686 tons in fiscal year 2013-2014!

2014 Annual Report

This past year, the Pemi-Baker Solid Waste District continued its cooperative efforts to promote waste reduction, increase recycling, and to provide residents with a means of properly disposing of their household hazardous wastes (HHW).

The District held two (2) one-day collections, one in Littleton and the other in Plymouth. A total of 251 vehicles came to the collections - an increase of 31 vehicles from 2013 and our highest participation total since 2006. Total disposal costs were \$24,815. The District was awarded a grant from the State of NH for \$5,611 and received a \$5,000 donation from Casella Waste. The District's net expenditures were \$14,204 (a cost of \$.46 per resident). The table below highlights the District's HHW collection data since 2010. The District also coordinated the pickup of fluorescent light bulbs that had been collected at member towns' recycling facilities. Over 41,000 feet of straight fluorescent tubing was recycled.

In 2014, the District will hold collections in Littleton (Sunday, August 23rd) and in Plymouth (Saturday, September 26th). Individual residents can help to minimize the District's disposal costs and reduce the toxicity of the environment by remembering a few of these helpful tips; Buy only what you need. If you have leftover product, properly store it so it will last. Use biological controls and organic products for pests and diseases in the garden when feasible. Apply chemical pesticides only as a last resort and be sure to follow the directions on the label. Lastly, air-dry your leftover latex paint. When completely dried, latex paint may be disposed of in your household trash.

This past year the District supported legislation that would have placed a fee on oil and latex based paints sold in New Hampshire. The money generated by the fee would have been used to create an infrastructure that would have expanded the opportunity for residents to properly dispose/recycle their unwanted paint and to cover the cost of managing the collected paint. Simply stated, the legislation would have shifted the cost of disposal/recycling from the tax payer to the individual consumer. The proposed legislation passed the House of Representatives, but unfortunately failed in the Senate.

As always, citizens interested in participating in the development of the District's programs are welcome to attend the District's meetings. Information regarding the place and time of the meetings is available at all municipal offices and recycling centers. If at any time an individual community needs assistance in regards to their solid waste/recycling program, please contact the District at 838-6822 or by email at pemibakerswd@yahoo.com

 Dan Woods, District Coordinator

**GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.
ANNUAL REPORT 2014**

Grafton County Senior Citizens Council, Inc. is a private nonprofit organization that provides programs and services to support the health and well being of our communities' older citizens. The Council's programs enable elderly individuals to remain independent in their own homes and communities for as long as possible.

The Council operates eight senior centers in Plymouth, Littleton, Canaan, Lebanon, Bristol, Orford, Haverhill and Lincoln; and sponsors the Grafton County ServiceLink Resource Center and RSVP and the Volunteer Center. Through the centers, ServiceLink and RSVP, older adults and their families take part in a range of community-based long-term services including home delivered meals, community dining programs, transportation, outreach and counseling, chore/home repair services, recreational and educational programs, and volunteer opportunities.

During 2013-14, 110 older residents of Lisbon were served by one or more of the Council's programs offered through the Horse Meadow or Littleton Area Senior Center and RSVP. Seventy-five residents were assisted by ServiceLink:

- Older adults from Lisbon enjoyed 1,131 balanced meals in the company of friends in the Littleton center's dining room.
- They received 5,956 hot, nourishing meals delivered to their homes by caring volunteers.
- Lisbon residents were transported to health care providers or other community resources on 406 occasions by our lift-equipped buses.
- They received assistance with problems, crises or issues of long-term care through 69 visits with an outreach worker and 169 contacts with ServiceLink.
- Lisbon's citizens also volunteered to put their talents and skills to work for a better community through 1,277 hours of volunteer service.

The cost to provide Council services for Lisbon residents in 2013-14 was \$76,741.63.

Such services can be critical to elderly individuals who want to remain in their own homes and out of institutional care in spite of chronic health problems and increasing physical frailty, saving tax dollars that would otherwise be expended for nursing home care. They also contribute to a higher quality of life for older friends and neighbors. As our population grows older, supportive services such as those offered by the Council become even more critical.

Grafton County Senior Citizens Council very much appreciates Lisbon's support for our programs that enhance the independence and dignity of older citizens and enable them to meet the challenges of aging in the security and comfort of their own communities and homes.

2015 Town Report

Report from Your North Country Senator Jeff Woodburn

Dear Constituent,

It is an honor to serve as your State Senator representing District 1, which includes 58-rural, northern communities, encompassing 27 percent of the state's landmass. It is a region larger than two states and 17 foreign countries and containing fewer than twenty people per square mile.

The North Country, including the White Mountains region, has a uniquely different culture, landscape, economy and history than the rest of the state. It is my focus to ensure that State government understands this and doesn't forget us. Our needs, challenges and opportunities are different. At the top of my priority list is stabilizing our fragile economy while improving the quality of life for our people. First and foremost, this means advocating for policies and projects that expand business and entrepreneurial opportunities that will raise stagnant wages.

We've made important bipartisan investments that disproportionately benefited our region in the previous session and I will fight efforts to repeal them. I will support our continued efforts to expand access to health care, reduce the burden of uncompensated care at local hospitals, invest in local road and broadband infrastructure and build a budget that reflects the needs of rural areas.

In the Senate, my goal has been to be practical and to work with everyone to get results for our region. But voting is only a part of my work; in the tradition of my mentor, the late Executive Councilor Ray Burton, I have been accessible and available to my constituents, holding town hall meetings, office hours and tours for state leaders. I have tried when possible and appropriate to bend state government to meet the needs of rural people and rural communities.

I love being the voice for the North Country and am constantly inspired by our people and places that make our beloved home so special.

Be in touch, if I can be of assistance to you or your community.

Regards,

Jeff Woodburn
North Country Senator

NORTH COUNTRY COUNCIL, INC.
2014 ANNUAL REPORT

There were many changes at North Country Council this past year. In March a new Executive Director was hired. Shortly thereafter an administrative assistant was hired in order to ensure the efficient use of public dollars by organizing the office. There have been numerous administrative changes to reduce costs including small contracts that produced an \$800 per month reduction for the photocopier lease, new strategy for health insurance which will save almost \$20,000 a year and investments in information technology that will enable staff to provide better service to the region. Four new part-time employees were hired in order to increase the organization's capacity to serve member communities and new foundation and private funding sources were obtained to provide match for federal dollars; this allows more of the member dues to be used for direct services back to communities.

Governance of North Country Council also has seen some changes. The Representatives, that your community appoints, met to discuss and approve the budget and workplan that is carried out over the year. They asked many great questions and appreciated the meeting separated from the traditional Annual Meeting. As we move forward the Representatives will play a key role in assisting with defining the methodology used for.

Beginning in February/March the staff of North Country Council will be holding remote office hours once a month in Plymouth, Colebrook, Albany and Berlin. Questions about Board roles, services of the NCC, land use issues, transportation process and other issues will be addressed by staff in more convenient locations.

The workplan can be viewed at www.nccouncil.org. Additionally you at this site you can find numerous work products and a list of services and Board and Representative information.

The North Country Council Board meets regularly on the Second Wednesday of each month at 9:30. Please check the website or call 603-444-6303 for changes or weather related cancellations.

December 31, 2014

Dear Members of the Board of Selectmen:

It has been another very exciting year at Cottage Hospital. Over the last year we have seen growth in many areas of the hospital. We are excited to report we have broken ground on the future home of the Dr. Rowe Health Center, which should be opening in early fall of 2015. This building project will make space for expansion of growing clinical services such as Cottage Hospital Internal Medicine, Specialty Services, Rehabilitative Services, and our Business Office.

Financially, Fiscal Year 2014 closed with a negative bottom line from operations. The Hospital has faced a multitude of cuts from federal programs and subsidies which has impacted services offered at the Hospital.

We are excited for the upcoming year, the Dr. Rowe Health Center will allow us to expand our primary care services and meet the critical preventative needs for our community. The Health Center is a wonderful way we can honor an extraordinary physician that dedicated his career to our community.

We appreciate the support of our communities, and we are extremely grateful for the financial support that our area towns have provided over the years. Although funds are always needed and welcomed at Cottage Hospital, we know there are many worthy organizations also asking for money this year. Despite our negative bottom line this year, Cottage Hospital's leadership team has decided NOT to ask the towns for financial support for the twentieth consecutive year.

We thank you for your continued support and pledge to continue to do our best to provide you and your families with the highest quality of healthcare possible.

We would appreciate the inclusion of this message in your 2014 Annual Report, and we will forward our 2014 Annual Report to you as soon as it is available. Best wishes for a healthy new year.

Sincerely,

Maria Ryan, PhD, APRN

ANNUAL REPORT
AMMONOOSUC COMMUNITY HEALTH SERVICES, INC.
Town of Lisbon - 2014

ACHS has been a vital part of the community since 1975 and provides comprehensive primary preventive health care to anyone, *regardless of their ability to pay*. Support from the Town of Lisbon is extremely important in our continued effort to provide affordable health care services to the 26 rural towns in our service area. Our sliding fee scale for payment of services provides a vehicle for uninsured and underinsured patients to get the health care they need in a timely manner, preventing a possible costly emergency room visit or, worse yet, hospitalization because they could not afford to go to the doctor prior to the emergent episode. Keeping just one patient out of the ER could save taxpayers \$1,000-\$1,500 (average cost of an ER visit).

Access to affordable oral health care is difficult for many in the North Country who lack the means to pay for these services. Poor oral health can lead to many other serious health issues and often leads to costly hospital ER visits where the actual causes of the problem cannot be addressed. ACHS has been working diligently over the past several years to address this problem and we are very happy to report that we have opened the ACHS Dental & Oral Health Center – the first community oral health program in northern New Hampshire on the ACHS-Littleton campus. This program is available to all and we offer a sliding fee scale for payment to those who qualify. For more information about this program, please visit our website:

Dear Select Board:

Tri-County Community Action Program is a private, non-profit agency that is requesting, at your 2015 Town Meeting, \$7,000 in funding from the Town of Lisbon to help support its Community Contact Division.

The following is a report of services provided in fiscal year 2013-2014:

Services Provided:	# of HH	Dollar Amount
Fuel Assistance	108	\$83,700.00
Electrical Assistance	82	\$40,432.93
Food Pantry (1029 people receiving 3 days worth of food)	301	\$18,522.00
Salvation Army	7	\$402.39
Security Deposit Loans	1	\$600.00
Referrals (i.e.: Health, Homeless Prevention, Legal Aid...)	187	

THROUGH THE EFFORTS OF TRI-COUNTY COMMUNITY ACTION, THE CITIZENS OF LISBON HAVE RECEIVED A TOTAL OF \$143,657.32 IN ASSISTANCE BETWEEN JULY 1, 2013 AND JUNE 30, 2014.

Community Contact provides these and other necessary services for the less fortunate citizens in your town and surrounding vicinities. We are depending upon funding from your town and others countywide.

We sincerely appreciate the Town of Lisbon's past support and look forward to our continuing partnership to provide essential services to your residents.

Sincerely,
