TREASURER Robert W. Derby

TRUANT OFFICER Fletcher E. Dole

AUDITORS
Charles M. Cummings, Thomas S. Nichols

Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Peterborough, in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the tenth day of March next, at eight-thirty of the clock in the forenoon, to act upon the following subjects:

- 1. To choose all necessary Town Officers for the year ensuing.
- 2. To raise such sums of money as may be necessary for the maintenance of the poor, for the laying out and repairing of highways, and for all other charges arising within the Town and appropriate the same.
- 3. To raise and appropriate such sums of money as may be necessary for the support of the Fire Department, the Public Library and Memorial Day.
- 4. To see what sum of money the Town will vote to raise and appropriate towards paying the Town debt and interest.
- 5. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and to pass any vote relating thereto.
- 6. To see if the Town will vote to instruct the Selectmen to appoint a Police Officer, or as many as may be necessary, to preserve order in and about the public places of the Town, and to perform other duties as may be required by the Selectmen, both day and night, and raise and appropriate money for the same.
- 7. To see if the Town will vote to accept legacies and gifts given to the Town in trust by any individual or individuals.
- 8. To see if the Town will vote to raise and appropriate the sum of Eight Hundred Dollars and ninety-three cents, (\$800.93) provided the State gives Thirty-two Hundred and three dollars, and Seventy-four cents (\$3203.74) for Town Road Maintenance, and construction on Class V Highways.

- 9. To see what sum of money the Town will vote to raise and appropriate toward placing a granite curb on side walk as required by the United States Government in front of the proposed new Peterborough Post-Office Building.
- 10. To see what sum of money the Town will vote to raise and appropriate for the suppression of the Gypsy and Brown Tail Moths, or any other insect or pest.
- 11. To see what sum of money the Town will vote to raise and appropriate for the expense of Supervision and materials on proposed projects to be undertaken through the Public Works Administration, or Works Progress Administration.
- 12. To see what sum of money the Town will vote to raise and appropriate toward a complete survey and mapping of the entire Town.
- 13. To see if the Town will vote to raise and appropriate a sum of money for advertising the Town through the Monadnock Region Association, or take any other action relating thereto.
- 14. To see what sum of money the Town will vote to raise and appropriate toward extending the Town Water from a point opposite the Tenney Driveway on Summer St. to a point opposite the Thibodeau property on Lower Summer St.
- 15. To see what sum of money the Town will vote to raise and appropriate to the account of the Board of Trade.
- 16. To see what sum of money the Town will vote to raise and appropriate toward the development of an airport, authorizing the Selectmen to purchase any land that might be necessary, or take any other action relating thereto.
- 17. To see what sum of money the Town will vote to raise and appropriate toward the purchase of a gravel bank, or take any action relating thereto.
- 18. To see what sum of money the Town will vote to raise and appropriate toward the purchase of land, and the erection of a new tool house, or take any other action relating thereto.
- 19. To see what sum of money the Town will vote to raise and appropriate toward paying for Electricity, both for power and lighting purposes to be used at the new Swimming pool on Union Street.

- 20. To see what sum of money the Town will vote to raise and appropriate for expenses of the Town Zoning Commission and Planning Board.
- 21. To see if the Town will vote to instruct the Selectmen to make a charge for Town Water used in all Public Buildings, Watering Troughs, Hydrants, Parks and Playgrounds, and raise and appropriate money for the same.
- 22. To see if the Town will vote to adopt the revised set of rules and regulations for the Water Department as prepared by the Selectmen.
- 23. To see if the Town will vote to discontinue the Highway formerly known as Factory Street, and to accept the Highway known as Nubanusit Lane, as laid out by Mary L. C. Schofield.
- 24. To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate acquired by the Town through Tax Collector's Deeds.
- 25. To see what sum of money the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.
- 26. To see if the Town will transact any other business that may legally come before this meeting.

Given under our hands and seal, this Twenty-Second day of February, in the year of our Lord, Nineteen Hundred and Thirtysix.

MARTIN J. KEENAN
FRED J. AMES
FORREST C. MERCER
Selectmen of Peterborough

LIST OF TOOLS IN HANDS OF HIGHWAY AGENT JANUARY 31, 1936

1 Steam Roller

1 Caterpillar tractor

1 Mack truck

1 Chevrolet truck

1 Chevrolet pick-up truck

1 Gravel loader

4 Snow plows (road)

3 Sidewalk plows

2 Road Machines

1 Street Sweeper

1 Cement Mixer

1 Tar kettle

2 Stone boats

2 Street hones

2 Wheelbarrows

1 Rooter plow

6 Road drags

1 Grindstone

2 Ladders

1 Jack screw

1 Steam boiler

1 Sewer pump

1 Sewer rod

16 ft. of suction hose

1 Tool box

1 Pipe wrench

3 hand hammers

3 striking hammers

2 stone hammers

1 Spoon

12 Wedges and shims

4 pair snips

4 torches

6 danger flags

1 brass nozzle

3 drums of grease

45 R. P. Shovels

4 L. H. Shovels

50 snow shovels

3 post hole diggers

3 iron rakes

5 iron bars

1 peavie

1 turf edger

4 forks

3 augers

1 chisel

25 mattocks

25 picks

1 broad ax

1 adz

5 stone pickers

8 push brooms

2 hoes

2 sidewalk scrapers

8 scythe snaths

7 scythes

3 crosscut saws

30 drills

2 pouring pots

1 lead pot and ladle

20 lanterns

5 danger signs

4 no parking stencils

25 ft. garden hose

3500 ft. bridge plank

2 drums of oil

6 drums of tar

9 traffic signs

1 sand spreader

5400 ft. snow fence

3 grease guns

Trustees of this Fund

AUDITORS' REPORT

We, the undersigned, auditors of the accounts of the Town of Peterborough, N. H., hereby certify that we have carefully examined the foregoing accounts of the officers, committees and others having charge of the monies for the year ending January 31, 1936, pages one to forty-two, inclusive, with the exception of the Weston Memorial Fund account, the James Smith Fund Account, the County Account of the Overseer of the Poor and the Board of Trade Account and find them correctly cast and properly vouched.

MAURICE H. NICHOLS
CHARLES M. LARRABEE
CHARLES W. JELLISON
Auditors

Peterborough, N. H., February 24, 1936

Extra copies of magazines have been given by the following people:

Miss Esther Jackson and Miss Dora N. Spalding.

Flowers have been given for the Reading Room by Dr. Charles H. Cutler and Mrs. George A. Morison.

Periodicals and newspapers bought for the reading room: Adventure; American Boy; American Cookery; American Home; American Magazine; Antiques; Arts and Decoration; Atlantic Monthly; Better Homes and Gardens; Bird Lore; Boys' Life; Cosmopolitan; Current History; Delineator; Etude; Flower Grower; Forum; Fur, Fish, Game; Good Housekeeping; Harpers Magazine; House and Garden; House Beautiful; Hygeia; Illustrated London News; Junior Home for Mothers; Ladies Home Journal; Life; Literary Digest; McCall's Magazine; Mid-Week Pictorial; National Geographic Magazine; National Sportsman; Nature; News-Week; Popular Aviation; Popular Mechanics; Popular Science; Readers' Digest; Review of Reviews; Saint Nicholas; Saturday Evening Post; Saturday Review of Literature; Scientific American; Scribner's Magazine; Survey; Time; Travel; Vogue; Woman's Home Companion; Yankee; Boston Wednesday and Saturday Evening Transcript; Manchester Union; Sunday New York Times.

Periodicals and newspapers given to the reading room:

Advance, Woman's Society of the Union Congregational Church; Airwoman; American Forests, Miss Anna L. Prichard; American Issue, American Issue Publishing Co., Washington, D. C.; American Legion Monthly, Mrs. Robert E. Walbridge; Bell Telephone Quarterly, New England Telephone and Telegraph Co.; Christian Register, Woman's Alliance of the Unitarian Church; Christian Science Monitor, Mrs. John J. White; Columbia, Knights of Columbus; Daughters of the American Revolution Magazine, Peterborough Chapter D. A. R.; Dupont Magazine; Guernsey Breeders' Journal, The American Guernsey Cattle Club; Horticulture, Miss Marcia Zieget; The Household Magazine; Independent Woman; Life and Health; Living Church, Mrs. William H. Schofield; National Humane Review, Miss Fanny Sturgis; National Republic; New Hampshire Issue, New Hampshire Anti-Saloon League, Concord, N. H.; Our Dumb Animals, Massachusetts Society for the Prevention of Cruelty to Animals; Peterborough Transcript, Transcript Printing Co.; Rotarian, Peterborough Rotary Club; Specialty Salesman Magazine, Mr. H. J. Bligh, Milwaukee, Wis.; Telephone Quarterly and Telephone Topics, New England Telephone and Telegraph Co.; Trained Men, International Correspondence School, Scranton, Pa.

A large number of books have been loaned to the schools again this year and the usual reference work continued.

Book Week this year was observed with an exhibition of new books for all ages, at the Public Service Company's store. Also books for both children and parents were displayed at the Parent Teacher Association meeting.

On Nov. 25th, the centenary of the birth of Andrew Carnegie, a portrait of Mr. Carnegie was placed in the Public Service Company's window. This picture was a gift to the library from the Carnegie Corporation of New York, in commemoration of the great benefactor's birth, Nov. 25, 1835.

A very valuable collection of music was added the past year. The set of Foster Hall reproductions of Stephen Foster's songs, compositions and arrangements, were presented to the library by Mr. Josiah Kirby Lilly of Indianapolis.

Probably the special feature of the year was the opening of the book stacks to the public. On this account, it was necessary to install a new charging desk, and entrance to the stack room.

Many have enjoyed this new use of the books, and we hope others will avail themselves of the privilege.

Respectfully submitted,

MARTHA E. CUTLER
Librarian

Report of the Selectmen on the Peterborough Water Works

By vote of the Town at the last Annual Meeting, and through an act of the last Legislature, the Charter of The Peterborough Water Works was amended, placing the control and management of the Peterborough Water system in the hands of the Selectmen. We hereby submit our first report.

On May 27, 1935 we appointed Orlow A. Cutter as Superintendent of The Peterborough Water Works for one year, with a salary of \$30.00 per week. We employed J. Henry Adams of Peterborough to make a general audit of the books of the Water Department, and bring them up to date. The examination of these accounts showed a thoroughly mixed condition of accounting. It certainly was a problem hard for any one to understand. We commend Mr. Adams for his ability and thoroughness. Afterwards a regular audit was made by the Town Auditors.

The general condition of the Water Department as a whole was very unsatisfactory. The first problem we encountered was that of the chlorinating system located on the Wilton Road. The former chlorinating machine was found to be practically useless. In order to comply with the State Board of Health regulations, it became necessary to install a new system, which was done at a cost of \$800.00. The new system includes a master meter which registers the total amount of water used daily from the Town Line Brook. The condition of the Town Line Brook was improved by completely repairing the Water Gate House, and installing three new head gate screens thus protecting the intake main line The banks at the headwaters were cleaned up. supply was helped by placing flash boards on the dam. time during the past seven or eight months have we had to draw on our reserve supply at Cunningham Pond. The water has been tested regularly by the State Board of Health and found to be in excellent condition. The banks at our reserve supply at Cunningham Pond have been improved by cleaning out dead trees, leaves and cutting brush. The condition at Cunningham Pond as a whole has never been in better shape than last year.

By eliminating the Water Department Office in the Savings Bank building, commissioner's salary, and electricity cost for operating the former chlorinating plant, we have saved a fixed charge of \$800.00 annually. One of our greatest problems, and one the citizens will be greatly interested in, is the matter of collections. For the time being, we discontinued the requirement of paying six months in advance. The effect of this ruling naturally decreases our income approximately fifty percent for this year. We have tried hard this year without imposing any stringent regulations to get collections in, and we have succeeded in reducing the outstanding accounts due this department by a

substantial sum. At this time we wish to commend the water users for their splendid cooperation in helping us to place this department on a business-like basis.

We call your attention to the fact that the largest portion of our water system was installed nearly forty years ago. The usual life of iron pipe is from forty to fifty years. Sooner or later, we are bound to make replacements. Therefore the general maintenance cost will probably increase.

For your information there are now outstanding water bond issues amounting to thirty-two thousand, five hundred dollars (\$32,500). We propose to make the following recommendations for your approval at the annual town meeting:

That a charge to the proper account be made for water used at hydrants, schools, swimming pools, Legion Hall, Public Library, Fire Station, Town Hall and Peterborough Hospital;

That we adopt the rules and regulations of the Water Department, a copy of which follows this report;

That a complete survey be made of the water system, including shut offs and hydrants, and a map made of the survey.

We propose gradually to place all water users under the meter system. We feel that as soon as this is done, and the foregoing recommendations are adopted, we will probably be in a position to cause a general reduction in water rates.

The Board of Selectmen deeply appreciates the faithful service given to the Town by its Superintendent of Water Works. The Board recognizes the valuable spirit of cooperation the citizens have given this last year. We are confident the same spirit will continue, and that the Town will be amply repaid for the drastic change in the management of its water system in 1935.

MARTIN J. KEENAN

Lodgers	103

Respectfully submitted,
GEORGE F. MYHAVER, Chief of Police

Report of Chief of Fire Department

To the Selectmen of Peterborough, N. H.:

Gentlemen:

As Chief of the Fire Department I submit my report from February 1, 1935 to January 31, 1936.

There were 4 alarms for building fires and 24 still alarms for chimney fires and other calls.

There have been 3 more water holes built. Repairs have been made to other water holes previously built.

There were several bad fires but the loss was comparatively small due to the fact the buildings were covered by insurance.

As Forest Fire Warden: There were 2 alarms and 7 still alarms for brush fires. The loss was small as the fire did not get into much large timber.

I wish to thank the telephone operators for their fine cooperation.

Respectfully submitted,

JOHN V. PEARSON

Chief

SUMMARY FOR 1935

Current meter rat	T	,380 00		
Current flat rates	2	2,093 35		
Total current	rates	\$6	,473	35
Total amount due		\$4	,171	30
Less total amount	paid		,408	
		\$2	,762	39
Less abatements			120	61
Total outstanding	accounts due Jan. 1, 1936	\$2	,641	73

Rates and Regulations of the Peterborough Water Works Rates payable semi-annually January 1st and July 1st

In property where meters have not as yet been installed or where the conditions are such that a meter cannot be installed, the following annual water rates will apply:

For each family not exceeding six persons, 1 faucet	\$6	00
For each additional member of family		50
For each additional faucet	1	00
For each additional family in the same house	5	00
For each private bath tub	3	00
For each additional bath tub	2	00
For each private water closet	3	00
For each additional water closet	2	00
For each set bowl	1	00
For each water for steam heating	1	00
For each set wash tub	1	00
For each sillcock in connection with house supply	3	00
For each sillcock not in connection with house supply	5	00
For each additional sillcock	3	00

METER RATES

For the first 5,000 cubic feet or any part thereof \$15.00. For the next 15,000 cubic feet or any part thereof \$1.75 per M. For the next 15,000 cubic feet or any part thereof \$1.50 per M. For the next 15,000 cubic feet or any part thereof \$1.25 per M.

For the next 15,000 cubic feet or any part thereof \$.75 per M.

All excess over the above amount \$.45 per M cubic feet.

Provided, however, that in no case shall the annual meter rate be less than \$15.00 per year.

ANNUAL TOWN PROPERTY RATES

Fire hydrants	\$15.00 each
Fire House	\$15.00
American Legion Hall	\$15.00
Town House	\$35.00
Library	\$15.00
Putnam Park	\$5.00
Adams Playground	\$10.00
Swimming Pool	\$200.00
Watering troughs	\$25.00 each
School buildings	\$250.00

Meters

- 1. All pipes supplying water for private use shall be provided with a suitable water meter to be placed in the main service pipe as near the inside stop as is practicable. The town will set the meter and keep it in repair. If a meter freezes or is injured by hot water or any other exterior cause, the owner of the property must pay all damages resulting therefrom.
- 2. The owners of the property shall pay at the established meter rate for the amount of water registered whether used or wasted. The water department will not assume any responsibility for the use of water within metered premises. Each meter will be read at regular intervals as far as is practicable to so do.
- 3. Should a meter fail to register for any cause, the quantity of water used shall be determined and the charge based on the average amount registered by the meter while in good working order.
- 4. In all cases where one service connection supplies two or more separate consumers, or a block occupied by divers parties, only one meter shall be charged and be payable by the owner of said premises or buildings. If additional meters are desired to ascertain sub-divisions of water supplied they will be furnished at the expense of the applicant, who must assume all responsibility of reading and maintaining the same.
- 5. The water must not be turned on for the use of the owner or the occupant of any premises without permission from the superintendent of the water works.
- 6. The selectmen reserve the right to put in a water meter and charge for measured water at meter rate, whenever and wherever they shall deem such action to be for the best interests of the water department.

7. Except where water is supplied through a meter, no hose shall be used without a nozzle, and nozzle shall not exceed one-fourth of an inch in diameter. The use of hose for sprinkling lawns or streets and for washing windows and automobiles must not exceed two hours in any one day; it must not be allowed to run to waste, but must be kept shut off except in actual use of sprinkling and washing.

Rules and Regulations of the Peterborough Water Works

- 1. All applications for the use of water shall be made to the superintendent of water works.
- 2. No alterations in pipes or fixtures shall be made, and no additional fixtures installed without notice to the water superintendent.
- 3. No persons shall be entitled to damages, nor to have any portion of a payment refunded for any stoppage of supply occasioned by accident to any portion of the works, nor for any stoppage of water for the purpose of additions or repairs, nor for the non-use occasioned by absence; and the superintendent shall have the right to shut off water to make repairs or additions.
- 4. In all occupied premises all fixtures, whether used or not used, will be deemed and held as used, and will be charged for, so long as they shall remain connected with the water pipe.
- 5. Persons taking water must keep their own water pipes, and all fixtures connected therewith in good repair and protected from frost at their own expense. They must provide a stop and waste cock, to be properly located inside the building and have the pipes so arranged that they can draw the water from them whenever there is danger of its freezing.
- 6. All apparatus and places supplied with water must be accessible at all times to the superintendent of water works.
- 7. If water is supplied to more than one party through a single tap the water may be shut off, in case of non-payment of either party, notwithstanding that the other party may have paid the amount due.
- 8. Owners of premises will be held responsible for the water rates of their tenants. If a change of ownership occurs in respect to any property taking water, the name and address of the new owner must be given to the superintendent at once, so that all bills may be properly rendered.

- 9. All water bills shall be payable semi-annually at the selectmen's office on the first day of January and July each year.
- 10. If bills remain unpaid for fifteen days after due, a warning will be sent the delinquent, and if the bill remains unpaid for thirty days after due, the water will be shut off without further notice. When so shut off the sum of \$2.00 and the bill in full shall be paid before the water shall be turned back on.
- 11. All street connections shall be made by the water department and for these no charges shall be made; this includes tapping the main, putting in the shut-off and laying the pipe all complete to the street or service box line.
- 12. Service pipe from the street main to the inside of the cellar wall shall always be under the control of the superintendent.
- 13. No person shall bathe in any of the reservoir ponds or brooks connected with and forming any part of the water supply of the town of Peterborough. Nor shall any person, without written permission of the superintendent of water works, place or use a boat, catch or take fish, drive upon the ice with a team of horses, use for skating purposes, cut ice or otherwise.

Any person violating any of the provisions of section 13 shall be punished by a fine not exceeding ten dollars.

- 14. The superintendent of water works is hereby directed to carry out and enforce the rules and regulations of the Peterborough Water Works as adopted March 1936. Said superintendent is hereby authorized to establish such system of inspection as is necessary to see that the above rules and regulations are observed and enforced, and to report to the proper officials for action, any violation thereof.
- 15. The right to shut off water in case of scarcity, or deficient supply, and the use of garden hoses for sprinkling and other purposes are to be subject to such restrictions as may be deemed necessary to meet the exigencies of the occasions. And in case of fire, it is the duty of all users to shut off and discontinue, as far as practicable all water from the water works which may lessen the pressure at the fire hydrants.

Approved February 26, 1936

MARTIN J. KEENAN

FRED J. AMES

FORREST C. MERCER

Selectmen of Peterborough

School Warrant

To the Inhabitants of the Town of Peterborough, Qualified to Vote in District Affairs:

You are hereby notified to meet at the Town House in said District on Wednesday, the fourth day of March next, at 7:30 o'clock in the afternoon to act upon the following subjects:

- 1. To choose a Moderator for the ensuing year.
- 2. To choose a Clerk for the ensuing year.
- 3. To choose a Treasurer for the ensuing year.
- 4. To choose two Auditors for the ensuing year.
- 5. To choose a member of the School Board for the ensuing three years.
- 6. To hear the reports of agents, auditors, committees, or officers heretofore chosen.
- 7. To raise and appropriate such sums of money as may be necessary for school purposes for the school year 1936-1937.
- 8. To choose agents and committees in relation to any subject embraced in this warrant.
- 9. To see if the District will vote to increase the membership of the School Board from three to six members, or take any action relating thereto. (By request)

Given under our hands this eighteenth day of February, A. D. 1936.

School Board of Peterborough

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE PETERBOROUGH SCHOOL BOARD

I submit at this time my second annual report, together with the statistical tables, and other reports belonging to the school department.

In my report for 1934-35 I mentioned the consolidation of three towns of the former Peterborough Union No. 47, with three towns of the former Jaffrey Union No. 28. As was the case in practically all the consolidations throughout the state, certain embarrassments were likely to arise. For twenty-five years Jaffrey had been the center of one supervisory union, and for an even longer period Peterborough had been the center of another supervisory union. Under the former arrangement there had been a feeling that the schools needed closer supervision than was possible to be secured with so many outside schools requiring time and attention. The situation was forced upon us, however, by the legislative action that eliminated ten supervisory positions. The New Hampshire policy has worked out rather better than that of Massachusetts, where formerly towns with no larger school population than Peterborough or Jaffrey had full time superintendents. As financial conditions became acute several of these towns combined the positions of superintendent and high school principal, with the result that the elementary grades received little or no real supervision. A study of the growth of this tendency in our neighboring commonwealth reveals the ruling of the State Board of Education that all superintendents in supervisory unions must hold certificates showing their qualifications to supervise elementary grades; while superintendents for single towns and supervisory principals require no certificates.

The following summary of the teacher visits for 1934-35 indicates the distribution of this important part of a superintendent's work:

Town	Teachers	Pupils	Teacher Visits
Peterborough	22	492	475
Jaffrey	17	578	486
Dublin	3	78	110
Hancock	5	102	149
Rindge	4	103	196
	51	1,353	1,416

At the opening of the summer vacation Mr. Ralph K. Whitney, who had been Headmaster of Peterborough High School for six years, was released to accept a similar position in the Lebanon, N. H. High School. After a careful consideration of numerous candidates, Mr. Herbert A. Clark, a graduate of Brown University.

1927, M. A. 1931, was chosen. Mr. Clark has had five years of teaching experience, the last three years as Principal of the Stow, Mass., High School.

Miss Iyla K. Tracy, Mt. Holyoke, 1928, with eight years of teaching experience, came to us from the Penacook, N. H. High School as teacher of English.

Miss Louise J. Williams, Radcliffe, 1932, with three years of teaching experience, took charge of the French and Latin department to succeed Miss Pearson, who resigned at the close of the school year.

Miss Viviane B. Beaudrey, Plymouth Normal, 1935 came to the commercial department to succeed Miss Allen, who resigned in June.

Miss Hanscom, teacher of Grade V, resigned in August, and her place was filled by the transfer of Miss Margaret Bonnette from West Peterborough.

As indicated in last year's report, there were 17 pupils in Grade VI at West Peterborough who completed their work in that school last year. There were only two from Grade V, so it seemed better to send these pupils entering Grade VI to the Central School, and retain the first four grades, numbering 25 pupils, at West Peterborough school, with Mrs. Nichols as teacher.

I am glad to note that our most important school problem, that of the junior high school grades, is receiving the close attention of Headmaster Clark, and the teachers who have work in these grades.

The matter of placement in the junior high school is of great importance. In some instances pupils who are doing but mediocre work are really pupils of high ability. The intelligence test has been useful in discovering such cases.

We believe that a sympathetic understanding of these pupils by their teachers, and the assignment of the right type of work will do much to help solve some of our present senior high school problems.

Remedial work is being continued in the Central School. This type of work is no longer an innovation. We believe the results of the last few years in the Peterborough schools fully justify the time and energy spent in this work.

I would call attention to the excerpts from Headmaster Clark's report of the High School work. Careful planning, frequent conferences and the cooperation of our excellent high school teaching force should accomplish many of the objectives set before us.

Every program of administration should provide for the highest development of each individual by the grouping of pupils according to their interests, aptitudes and capacities. Provision should be made to bring the school into contact with the community, so that teachers may better understand the environment of each pupil, as this plays a big part in his work and conduct. This also

tends to build and retain a confidence in the school on the part of the community.

The Peterborough schools are now so arranged with six grades in the high school building, that reorganization of this school into a six year junior-senior high school, with state approval of the junior high school department, could be made with but slight

changes in the curriculum.

The schools of Peterborough have for years lived within their income, and yet have provided generously for the children attending these schools. This has been made possible by a careful examination of the needs of the school and a wise selection of material to be purchased. The voters are willing to spend on the schools whatever is required and can be profitably used.

The products by which we must judge the schools are the children who come out of them. One of the fundamental considerations offered to justify universal free education in a republic is that it creates thinking, law-abiding and morally clear-seeing citizens. A self-governing state cannot continue without such a body of citizens. The question is asked: "Do our schools succeed in turning out men and women of this kind?"

It is for the educators of the country to prove that they can and

will.

February 20, 1936

LEWIS S. RECORD Superintendent of Schools

FROM MR. HERBERT A. CLARK'S REPORT TO THE SUPERINTENDENT OF SCHOOLS

I submit, herewith, my first report as Headmaster of Peterborough High School.

As a new director of the school, I felt my first duty this year was to appraise the school equipment and technique of operation. The results of that examination convinced me that this community has built up a high school of which it is justly proud. The building, the materials for teaching, the method of operation, the teaching staff and the student body all reflect a modern progressive spirit. Therefore, the changes which have been inaugurated are in no sense radical but are designed rather to strengthen and extend the work already accomplished.

Curriculum and Teaching Methods: The new system of more varied electives which was presented to the pupils last Spring and put into operation this Fall is working satisfactorily. There is positive evidence that some pupils have profited, both in interest shown and in their broader cultural development, by being allowed a somewhat wider choice of subjects.

Here, as in most high schools of the present many problems center around the teaching of English. Miss Tracy has worked faithfully with me to strengthen all our work in this subject so that not only those who go to higher institutions will be well prepared to meet their demands, but also that others may desire to practice the better habits of speech, reading and writing. In the Junior High School, we believe that the recently added work books are not only stimulating the work but are producing a more thorough learning of basic grammar. In the Senior High, the pupils are being given a very broad field of reading selected for quality and interest and including a liberal quantity of modern authors. Although the total number of English divisions has been reduced, we have retained enough to group most pupils according to interest and apparent language ability; an arrangement which has enabled us to consolidate all the Senior High School English under the direction of but two instructors. Early in the year the Cooperative English Tests were given to all pupils for the specific purpose of analyzing their present status in all phases of the subject and thereby give us a picture of their greatest needs. In future years this test will serve as a basis for measuring the progress of those who are now in the lower three classes.

The commercial department in this school is directly concerned with placing its graduates in satisfactory employment, many of them in Peterborough. To that end, we are now engaged in revising some courses in the department so that they will give pupils situations which are as close as possible to actual working conditions. To do this the pupils have assumed more secretarial responsibilities, are getting frequent training in use of office machines, and are making direct contacts with typical working conditions found in Peterborough.

The science course in Biology this year is more adequately meeting its objectives by the segregation of boys and girls in separate divisions. And we have found that the spirit of Barnum lives on in the scientific urges of our students today. If it used to be the stunt in former generations to plague the teachers with mice and insects, the impulse has been sublimated in Peterborough into the collecting of large amounts of livestock all properly caged and subdued for purposes of study.

A beginning has been made at augmenting the customary girls' glee club work by giving optional courses in music appreciation, music theory, boys' glee club, and some instrumental instruction. Competent outside musicians are rendering some help on the latter, and if more pupils become interested we may eventually create a band or orchestra.

Instead of keeping junior high school social studies so rigidly separate, they are now all being conducted on the Rugg Unit Plan. This plan tends to break down the rather artificial barriers which usually exist between such subjects as history and geography.

The teachers are to be especially commended for their earnest

attempts to make constant improvements in their teaching technique. It is a pleasure to find a faculty so anxious to do things better than they have been done before. Although their methods of course vary with the personalities, they are all giving especial attention to (1) setting up minimum standards which each pupil must meet, (2) demanding steady improvement in the quality of each pupil's work, (3) arousing pupil interest to the extent of making pupils feel a need when new units are presented, (4) bringing each part of the course into practical application, and (5) assigning work which gives attention to individual differences. As a special aid to interest and to bring in practical applications, frequent well-planned field trips are included in nearly every course. The surveying parties made by mathematics classes, the science trips, and historical tours have all been effectively planned.

Without doubt the new text books in English, French, foreign languages, economics and typing have greatly facilitated an improvement in teaching methods. The addition of many reference texts and one of the latest sewing machines is certainly aiding the

domestic science department.

As suggested by the State Board of Education, regular classes are conducted each week to strengthen pupils who exhibit weakness in the fundamentals.

Supervision and Operating Technique. As has been indicated, we are continuing to develop the testing program to give us a constant check upon how well our various aims are being realized. With both individuals and with groups, we then alter our methods

along such lines as seem most hopeful of improvement.

It is quite generally accepted that the pupils in the junior high school need close, sympathetic supervision. I have worked constantly with the teachers of these grades to make all possible improvements, not only in formal teaching, but in the less direct but most vital problems of attitude and conduct. Hence, the pupils in the Junior High School have been given more recognition by the organization of their own recess period, recreation programs, and some assembly programs.

In cooperation with a faculty committee, we have been able to schedule weekly assembly programs, planned with great care either by the various classes or by bringing in outside speakers who are especially attractive to high school pupils. I am a strong believer in the value of the assembly as a place of true character education. Those who saw the Christmas Pageant know what an inspirational and effective picture was presented.

In the large high school room which serves almost entirely as a study hall, a group of interested students under the direction of the head of the commercial department, has developed the nucleus of an excellent library system. The reference volumes are now carefully catalogued, discharged and cared for in a truly professional manner. I cannot speak too highly of the exceedingly fine work which is being done here both by those who organized the

system and by the pupils as they use the books. The pupils have cooperated excellently and seem to be carrying on much independent study with order and enjoyment. Not the least of the assets in this library system are the several excellent magazines which were selected not only for possible educational value but also for student appeal.

To dispatch information quickly and with a minimum of disturbance to regular classes, the commercial department distributes, twice daily, a bulletin with all announcements and notices. Special announcements of a more permanent nature are prepared

by boys who operate the small school printing press.

The health of the entire student body is watched by the school nurse who seems to accomplish a great deal in the half-day she is present. The nurse and teachers have given careful attention to pupils with defective eyesight and hearing. I am proud to say also, that the spirit of our coaches reflects to a remarkable degree an unselfish interest in the health of the pupils above anything else. A considerable number of incidents might be listed to prove this, but I cite especially the policy adopted this year at all our home basketball games of hiring two officials to referee games even though this involves a considerable added expense.

Although the bulk of our time is devoted to the more formal aspects of learning, our activity period and other available time has been used to stimulate many informal aspects of work and play. Our pupils have been indulging in such activities as golf, touch football, hockey, dramatics, class parties, stamp collecting, taxidermy, group harmonica playing, volley ball, remedial exercises, banking, and the usual formal dances. Work has already

started on another gymnasium exhibition.

The teachers meet frequently with me both individually and as a group to discuss school and professional problems. I commend especially the exceedingly generous way in which they have all assumed the responsibilities and suggestions which I have tendered to them.

I believe I voice the praise of the entire community when I say that David Ballard, Peterborough 1935, deserves our most genuine thanks and congratulations for his work last year in winning the beautiful timing clock presented to the school in the International Machines Corporation essay contest. This equipment was appropriately dedicated preceding the basketball games played on January tenth.

Some Present Problems: Our curriculum seems quite comprehensive. However, four problems present themselves: (1) Shall we now give a brief comprehensive one year course in home economics for those not planning to concentrate in this department? (2) Can we provide for more extensive physical education for boys who do not now take part in organized athletics? (3) Can we install any mechanical shop work? (4) Shall we give any art instruction? Similarly our extra curricular work during activity

period and noon hour might be aided by addition of more play equipment in the building and construction of jumping pits for track athletic practice on the plot at the rear of the school.

In Conclusion: The spirit of cooperation which manifests itself at present in so many ways in the relationships of pupils and faculty is the most vital evidence that our school is accomplishing its work well. We of the faculty recognize only too vividly that the parents of the community are themselves responsible for the fine mental and moral attitude which the young people reflect. We are also cognizant of the prompt and helpful ways in which you and the school board are assisting us in our many problems. Both faculty and students also realize the excellent influence exerted by the presence of Mr. Davis. However, I wish to remark at the close of this report that we of the faculty realize our inability to create a perfect school. We are constantly taking inventory of our position and studying the new problems which present themselves. In all our work we sincerely beg the townspeople and school board to give freely of their own suggestions in order that the fine character of the Peterborough schools may redound to their credit as well as ours.

REPORT OF MUSIC SUPERVISOR

Junior High School

The main objective in this music group is to cultivate in each and every one of the students an interest in music and in singing in particular. This is being done through the singing of songs that the students enjoy—such as:—

- a. Seasonal songs.
- b. Songs of the out-doors.
- c. Cowboy songs for the boys.
- d. Light, fantastic songs for the girls.
- e. Popular songs—somewhat.

This work done in the Junior High School agrees quite closely with the state course of study—with the exception of orchestral work which should come about in a few years with the help of the instrumental classes that are being developed. We have started a class in violin instruction under the direction of Mr. Hendrickson of Keene, New Hampshire. We are in hopes of developing a class in wind and brass instruments very soon.

There are a few pupils in Junior High School who are quite talented in playing the piano and so are accompanying the chorus as much as they can.

The seventh grade has had the opportunity to show the whole school what they could do—in that they took part in the Christmas Pageant—and helped out a great deal.

The eighth grade chorus has likewise sung for the school in the Junior High School assembly program.

High School Chorus

The main objective in the High School work is to stimulate the interest in music through the use of good singing—and singing in the right way. Many items must be considered under this:—

- 1. Correct breathing.
- 2. Good tone quality.
- 3. Good enunciation and articulation.
- 4. Guidance under the director's baton.
- 5. Knowledge of good phrasing and expression.

The chorus work is up to standard and, above everything else, it has become a good socializing force.

Two-part singing has been the most important part of the work. A third part—second soprano—is to be introduced very soon.

We have been very fortunate in our High School work to have a good accompanist working with us.

In the recent Christmas Pageant, the girls had a great chance to show what they could do. Many carols were memorized and used during a presentation of the Birth of Christ in tableaux.

MUSIC APPRECIATION

To develop an interest and appreciation through attentive listening is the major objective in the course. This is a new course with eight girls taking it. We hope for more in time to come. The girls meet every Monday afternoon—and with the use of a victrola they have been studying the instruments of the orchestra. Through careful aural attention they are able to distinguish between each instrument of the orchestra.

During the course of the year, they will have studied also different types of voices and the great singers of America—also the composers and their music.

This course will, naturally, broaden the students' education in music and will give them an idea of what goes on in the musical world about them.

Just now, we are in great need of a good victrola. Many schools have installed a radio-victrola combined, which, of course, is certainly a great thing. So much good music is broadcast now that a radio would be the best possible instrument to have in the school.

MUSIC THEORY

This is likewise a new course this year. To gain a knowledge of the song and its structure is the foremost aim of the course. These girls are learning to read and write music along with the study of songs. Creative song writing and singing has caused quite some excitement in the class as a whole.

EXTRA-CURRICULAR WORK Boys' Glee Club

During the activity period on Friday, this club meets. It is composed of about fourteen boys who come to the class just to get together and sing. This Glee Club has been developed just this year—and we are in hopes that it will stir up more interest in boys' singing. Three of the boys in the Glee Club took part in the Christmas Pageant as the Three Wise Men.

CHRISTMAS PAGEANT

Just before the Christmas holidays, a pageant was given in the high school auditorium during the activity period. Mostly the high school students took part, although the seventh grade helped out in one of the carols. The high school chorus sang carols down near the front of the stage while different tableaux depicting the Birth of Christ were presented on the stage. The school chorus entered the auditorium singing The First Noel—carrying candles which they placed on an altar at the front of the stage. Costumes were used, and the pageant was quite a success in that it was the first pageant to be given for some time. We are hoping that operetta work will gradually return to the high school for there has been quite a bit of talent shown in the past two years for such work.

Respectfully submitted,
FAITH E. WOODBURY

FROM MISS McGrath'S REPORT PRINCIPAL OF THE CENTRAL SCHOOL

The enrollment of Central School is as follows:

Total
28
24
23

163

Last fall, as in previous years, Standard Tests were given to Grades II, III, IV, V, VI, from which groups for remedial classes were arranged. The classes, this year, average twelve in each class. Other reasons for using these tests are:

A. To compare progress in the school with fair standards of accomplishment.

B. To discover general weaknesses where they may exist.

C. To assist teachers in discovering the particular weaknesses and needs of individual children.

The fifth Grade has hooked a rug which will be on display soon in one of the store windows.

We appreciate our new blackboards, which were much needed. Since the first of December, Cod Liver Oil has been served to forty pupils. This has been given by the state.

The local Red Cross is furnishing free milk for twenty-four children. The children who receive free milk are those who are underweight.

FROM MRS. KATIE NICHOLS' REPORT

The school at the West has a registration of 18 boys and 8 girls. These children constitute the first four grades. There have been several cases of Scarlet Fever; aside from that, attendance has been good.

A lavatory and bubbler placed in the schoolroom this year have been much enjoyed. The school expresses thanks to everyone who has assisted in any way in the making of a happy and helpful year.

SCHOOL BOARD REPORT

Under the present Peterborough School System, the current year might be characterized in many ways as a period of stationary progress, a condition which would become dangerous were it not for the fact that it is being used for strengthening foundations for the building of a better structure.

While there has been a constant decrease in the number of local pupils enrolled from 560 in 1930 to 395 in 1936, there has been a constant increase in tuition pupils from 29 to 62 in 1935 with but a single decrease to 58 in 1936.

The registration is as follows:

HIGH	SCHOOL	Pupils,	EACH	AT	\$100.00

Bennington	1
Chelmsford, Mass.	1
Dublin	22
Francestown	12
Greenfield	7
Greenville	2
Royalston, Mass.	1
Sharon	6
Total	52

ELEMENTARY PUPILS, EACH AT \$36.00 Sharon

This is the second year under the present Supervisory Union with the department office in Peterborough. The enrollment of teachers employed is marked by one less in Peterborough and one more in Jaffrey.

ENROLLMENT OF TEACHERS

70 111	
Dublin	3
Hancock	5
Jaffrey	18
Peterborough	21
Rindge	4
Sharon	0
Total	51

This governs the apportionment of Union expenses, and the excess salary of the superintendent to the amount of \$1,500 as voted above the \$1,900 allotted by the State Department, thus making a total salary of \$3,400. For this purpose Sharon is assessed as having one teacher.

Among the twenty-two full-time teachers in Peterborough for 1935 there were five resignations. As a result there are four new members of the present staff in the High School: Headmaster, Herbert Arnold Clark; Commercial subjects, Viviane B. Beaudry; High School English and Dramatics, Iyla K. Tracy; Latin and

French, Louise J. Williams.

In the Central School the resignation was in Grade V. position was filled by transferring Margaret Bonnette from the West School, and the seven children remaining in that school room after the regular promotions to Grade VII in the High School building were transferred to their respective grades in the Central building, thus reducing the total teaching staff to twenty-one. Attention is called to the schedule on Page 118.

The School Board expresses to all teachers appreciation of their service in all its details, commending them for their loyalty, their willingness to assist pupils who need personal attention, and their careful preparation of subject matter for the classroom and the assembly. The direct influence of the personality of a teacher is frequently a much more lasting reaction in the life of a pupil than

anything that is gathered from books.

In June Mrs. Ruth T. Pearson who had been school nurse under Red Cross Public Health service for six years resigned. In her place was appointed Mrs. Ola H. Myhaver who serves only as school nurse every forenoon of each school day plus one afternoon. She has had elaborate training and successful experience for some years in New York schools.

The School Board has endeavored to practice economy, although some of the citizens may wonder just where and how. The mode is chiefly a matter of choice. For instance, there is need of more lockers and more assembly chairs in the High School, and of more supplementary equipment in the Grades. But when it is a question of getting along without for the sake of more books and supplies, more science equipment for the laboratory, or more music, it is not difficult to choose.

In view of a rigid system of economy, it may be of interest to note what might be accomplished by a policy of elimination, beginning with extra-curricula features and retaining only the essentials for college preparation: 1st, professional coaching in athletics; 2nd, physical education and music throughout the school system; 3rd, Household Arts which now ranks as an elective in High School with credit towards graduation; and 4th, the privilege of electives from all curricula.

What would be some of the most apparent results? 1st, Fewer teachers and in their places possibly some of those "just as good

teachers for less money." 2nd, Less culture and less physical knowledge and development. 3rd, Fewer tuition pupils because of lower standards and lessened attractions. 4th, The most disastrous effect of all possible whereby with no electives all pupils are compelled to take what is offered whatever their mentality. This would mean fewer graduates entering college and higher institutions, and more entrants returning to their parents at midyears, an aftermath which has now become past history.

This is a rather gloomy picture, but the public schools are the property of the citizens, and it is beneficial sometimes to look at conditions from the viewpoint of possibilities. There are, however, certain protective measures decreed by State Law, or public education in many communities would be subject to grave dangers. It is still the belief of the School Board that the majority of tax-payers have a sincere interest and a justifiable pride in the Peterborough school system, and that only a compelling necessity would induce them to adopt a drastic policy of elimination.

Finally, admitting every citizen's right to personal opinion and deliberate judgment, the School Board in good faith submits to the public this report and other official reports, and trusts that

every citizen will read them all in detail.

TO THE SUPT. OF SCHOOLS AND SCHOOL BOARD OF PETERBOROUGH:

The following is the semi-annual report of the medical inspection department of the Peterborough Schools for the school year beginning Sept. 4, 1935 and ending Jan. 27, 1936.

Number of pupils registered	461
Number of pupils examined	455
Defects found:	
Defective teeth	162

Enlarged tonsils	62
Defective vision	64
Defective hearing	5
Skin conditions	4
Malnutrition or anemic conditions	3
Pediculosis	2
Individual inspection and first-aid by school medical inspe	ector 136
Pupils who have had dental attention	85
Pupils who have had tonsils removed	4
Pupils who have had eyes examined or treated or glasses to	fitted
or refitted	31
Pupils who have had attention for pediculosis	2
Pupils who have had attention for skin conditions	4
Nothing can be done about one of the five cases of	defective
hearing reported.	iciccoi v c
Notices sent to parents of children having defects	238
Number of pupils who have had communicable diseases	26
Scarlet Fever (7 families)	9
Mumps (5 families)	15
German Measles	1
Chicken Pox	1
Pupils excluded on account of communicable diseases in far	•
or close contacts	13
Pupils excluded on account of other illness	52
Individual inspection by school nurse	1393
First Aid by school nurse	189
Number of visits to schools by school nurse	180
Talks to grades and Biology Class, by school nurse	7
A health card and a disease census card has been filed for e	
pupil	461
Attandance has been absoluted at the Tich Cabaal or	
Attendance has been checked at the High School as	
possible a call has been made to find out if the student wa	is absent
on account of illness.	
Home visits by school nurse	100
Eyes and ears tested by school nurse	461
School nurse conferences with officials	70
Headmaster	69
Parents at school, principal, teachers and pupils	465
Business calls by school nurse	17
Telephone calls to and by school nurse	188

All pupils in Central and West Peterborough schools have been measured and weighed three times and a report sent to the parents with the report card. Senior and Junior High School pupils have been weighed and measured once. A list of the underweight children has been given to Headmaster Clark, Principal McGrath, Mrs. Nichols, and Mrs. Field.

Cod liver oil was secured from the Nashua Food Depot and distributed to Central and West Peterborough Schools in November. The serving of milk was begun Jan. 6.

A classroom record of defects has been made out for each teacher of Central and West Peterborough Schools. A report of defective vision and defective hearing of Junior and Senior High School students has been made out for the use of the High School teachers.

Number of days allowed for the work of the school nurse (3 days a week for 18 weeks) 54

At this time the medical inspection department wishes to express its appreciation to the Board of Education, Board of Health, Parent-Teacher Association, Auxiliary, American Legion, the Samaritan Society, the Red Cross, and parents for their cooperation and help, and to thank the doctors, dentists, eye specialists, headmaster, principal, teachers, and Peterborough Hospital staff for their services.

Respectfully submitted, OLA H. MYHAVER, R. N. CHARLES H. CUTLER, M.D.

AUDITORS' CERTIFICATE

We have examined the account of the Treasurer of the School District of Peterborough, N. H., for the year ending June 30, 1935. We have traced all recorded receipts into the bank and find all disbursements properly vouched and correctly recorded. The bank balance as shown by the Treasurer was reconciled with the bank statement dated June 30, 1935.

T. S. NICHOLS
C. M. CUMMINGS, Auditors

PETERBOROUGH HYMN A. D. 1620

God our Father!
Glory, Lord, to Thee!
Before whose voice
Is mute the thund'ring sea!
Through wind and foam
Thou lead'st us home—
To Thee be glory through eternity.

Lord, hunger and cold are nigh!
Lord, not for ourselves we cry—
Let not our children die!
Silence your loud alarms
God is our shield from harms—
He will make strong our arms.
Christ, who hath calmed the wave,
Christ will uphold the brave.

Christ, our Saviour!
Father of our Faith!
To Thee we bring faint hearts and failing breath,
Be Thou our Guide!
With Thee we bide,
To love, to labor, and to hope till death!

Edward MacDowell
