DIVISION OF MUNICIPAL ACCOUNTING  
 STATE TAX COMMISSION  
 Concord, New Hampshire

February 28, 1952

Board of Selectmen  
 Tamworth, New Hampshire  
 Gentlemen:

As requested by your Board the audit and examination of the accounts of the Town of Tamworth for the fiscal year ended December 31, 1951, has been completed by this Division. An audit covering the fiscal year ended December 31, 1950, and the period from January 1st to October 31st, 1951, was made in October and November of 1951, and our findings were reported to you under date of November 26, 1951. Exhibits as hereafter listed are included as part of this report which covers the entire fiscal year of 1951.

#### Scope of Audit

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk and Trustees of Trust Funds.

## Financial Statements

### Comparative Balance Sheets: December 31, 1950— December 31, 1951: (Exhibit A)

Comparative balance Sheets as of December 31, 1950 and December 31, 1951, are presented in Exhibit A. As indicated therein the financial condition changed during 1951 from a Surplus of \$1,667.95 to a Net Debt of \$3,522.94.

### Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

#### Increases in Net Debt

Net Budget Deficit	\$1,462.89	
Cash Surplus Used to Reduce 1951 Tax Rate	4,000.00	
		\$5,462.89

#### Decreases in Net Debt

Payment on Note (Harry Damon)	\$200.00	
Decrease in Accounts Payable	72.00	
		\$ 272.00
<b>Change in Financial Condition</b>		<b>\$5,190.89</b>

### Comparative Statements of Appropriations and Ex- penditures - Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the

fiscal year ended December 31, 1951, are presented in Exhibits C and D. As indicated by the budget summary, (Exhibit D) a net overdraft of appropriations of \$3,541.06, less a net revenue surplus of \$2,078.17, resulted in a net budget deficit of \$1,462.89.

### **Summary of Receipts and Expenditures: (Exhibit E)**

A summary of receipts and expenditures for the fiscal year ended December 31, 1951, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of December 31, 1951, is indicated in Exhibit F.

### **Audit Procedure**

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

### **General Comments**

#### **Trust Fund:**

The Trust Fund of \$200.00 which was paid over to the Town of Tamworth in 1950, still remained in the general funds of the Town on December 31, 1951, and for this reason is shown as a liability item in the Balance Sheet of December 31, 1951. A town order and check should be issued at once transferring this fund to the custody of the Trustees of Trust Funds.

**Conclusion:**

Our comments and recommendations relative to accounting and financial procedures are included in the report which was made to your Board under date of November 26, 1951. The Selectmen, Tax Collector and Town Clerk should give their immediate attention to the matter of the changes in procedure which were outlined in that report.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Tamworth for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director  
Division of Municipal Accounting  
State Tax Commission

Alan R. Matthews, Auditor  
Hugh J. Cassidy, Accountant

**Certificate of Audit**

This is to certify that we have examined and audited the accounts and records of the Town of Tamworth for the fiscal year ended December 31, 1951. In our opinion the Exhibits included herewith reflect the true financial condition of the Town, together with the results of operations for the fiscal year ended December 31, 1951.

Respectfully submitted,

### Secretary's Report

The Tamworth Community Nurse Association, Inc., presents a report of continued Public Health work in the school and service to the Town, during the year 1951.

Examinations have been given every school child by Dr. Remick, the health officer, assisted by the nurse. In addition a check is made semi-annually of height and weight, annually of sight and hearing. Individual records are kept on all children. In cases where medical attention is indicated, notice to that effect is sent to the parents.

The Association is fortunate in having the services of Mrs. Margaret Philbrick, R. N., who is on call at all times for any resident of the town. She may be reached through the Tamworth Telephone office.

A car is owned and maintained by the Association to make this service possible. In May of 1951, the old car which had traveled over 61,000 miles was replaced by a new one.

The program of the Tamworth Community Nurse Association is made possible by the annual town appropriation and the generous contributions of work and money of our summer residents.

To summarize the work done by your nurse this year:

## LIBRARIAN'S REPORT

The outstanding improvement made this year was the building of new shelves in the reading room, a gift of the Tamworth Foundation, adding much in the looks and the facilities of the library. The Foundation also continued the gift of a year's subscription to the Book-of-the-Month Club which has been their custom for several years.

We receive the Literary Guild books and several current magazines from Mrs. Francis Cleveland. The Geographic Magazine is the gift of Mrs. Clarence Hoag. The library subscribes to N. H. Profiles.

The Garden Club contributes much to the appearance of the library by their weekly flower arrangements, the window boxes filled with geraniums and ivy, and Christmas wreaths in season.

During the summer the library is well patronized by summer residents from all parts of the town. During the school year, the pupils visit each week on school time, taking out from 50 to 60 books a week.

Current magazines and gifts of books are always appreciated.

Respectfully submitted,

HELEN B. HIDDEN

## REPORT OF FOREST FIRE WARDENS

In the past year your local forest fire organization did a very fine job of pre-suppression and suppression of forest fires. Our early spring was very dry and with extra high winds and all our fires were during that period. We find that the general public is still very careless with matches and cigarettes.

In the "Keep America Green" program there is a story of two bad boys who cause most of our forest fires. The first one we call, "I don't care," he is the person that builds fires anywhere, never gets a permit to burn brush or has a safe place for his home incinerator. He is also very careless with matches and cigarettes. The other one is called, "I don't know any better," and the best way to describe him is a plain dunce. It is only with your help that these two bad actors are controlled. Their carelessness can be the cause of our pretty and valuable woodland to be destroyed by fire. Even your own home can be burned by them.

It is up to you and you alone to report these two characters to your local forest fire warden whenever you see them operating. To have our woodlands green and our mountain streams clear, your cooperation is needed by:

1. Seeing that your incinerator is tight and is sitting on clean ground.
2. Always clean a space about any open fire to prevent it from spreading.
3. Never burn in dry windy weather.
4. In all cases a written permit is required from your local town fire warden.
5. Be sure that your matches, cigarettes and pipe ashes are out before discarding.

It is with your cooperation that this shameful waste of timber and money can be stopped.

## TAMWORTH OUTING CLUB

### Expenditure of the \$300 Town Appropriation

- \$124 00 Purchase of 8 new pairs of skis and maintenance of old skis for the Tamworth School Children.
- \$ 86 80 Repainting of 2 Tamworth Region ski signs and the purchase of one new scotchlite sign showing day to day ski conditions on Page Hill. Erected on Route 16 at Chocorua.
- \$ 89 20 Printing of 5,000 folders promoting the Tamworth Region as a winter recreation area.

The Tamworth Outing Club completed another full year of projects and activities designed to promote the recreational interests of the Tamworth Region.

Summer found the annual program of square dances and competitive games at Huckins Barn. The Square dances continued to attract large numbers from Tamworth and neighboring towns. The various sports events at the Barn were not well attended and will be cancelled in the future if their popularity does not increase. In these games we need more interest from the townspeople to make them a worthwhile project. The tennis tournaments, however, had the largest enrollment thus far.

It should be stressed that the Outing Club offers the facilities of Huckins Barn to anyone during the summer or winter for indoor sporting enjoyment. The Outing Club is custodian of the key.

The Boston College ski team held their New England Intercollegiate Ski Conference downhill race

on our Mt. Whittier Trail and the slalom on Page Hill. They have again selected this area for their 1952 meet and hope to make it an annual affair. Ed Long, Boston College ski coach pronounced the Whittier downhill trail best in the east and thought so much of it that he sent up twelve members of the B. C. ski team to help the Outing Club clear brush and prepare the trail for winter. This race brings at least seven collegiate ski teams and over one hundred outsiders to our region during the race weekend. Other colleges are considering holding their annual meets here.

This year the annual first race of the New England Sled Dog Club attracted the interest of two newsreel companies who sent their cameramen to cover the event. The films were shown over Boston and New York television news programs and in the metropolitan theatres.

The Outing Club has become a subscribing member of the New England Rope Tow Owners Association which was formed when it became apparent that the State Planning and Development Commission did not intend to include the rope tows in their consolidated reporting to the news bureaus. Membership in the Association assures Tamworth ski reports of direct audience in the Boston papers and such further rope tow promotion as can be fostered by the Association's limited funds. Richard Read was one of the initial developers of the organization and is now its treasurer.

Believed to be the only sign of its kind in the state, the Outing Club has bought and erected a light reflecting, interchangeable sign on Route 16 at Chocorua. The purpose of the sign is to inform prospective skiers traveling north of up to the minute ski conditions on Page Hill which can be read both day and night.

Again the Outing Club was glad to put up the community Christmas tree at the school as its contribution to the season's festivities.

With your support the Outing Club will continue to be an important instrument for the promotion of the Tamworth Region.

STANLEY B. COVILLE  
Pres. T. O. C.

## SCHOOL WARRANT

---

To the Inhabitants of the School District in the town of Tamworth qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said District on the 19th day of April 1952 at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the District will vote to raise and appropriate for the support of schools, for salaries of school district officials and agents, and for payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from

the state equalization fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will vote to authorize the School Board to make application for an accept for school purposes such funds or grants-in-aid as may be obtainable from state, federal, or other sources; and to authorize the School Board to pay any part or all of such sums to any organization, which manages projects for the benefit of the schools.

10. To see if the District will raise the sum of \$150.00 to continue the music course in school. (Approved by the Finance Committee.)

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Tamworth this 20th day of February, 1952.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Tamworth:

During the year 1950-51 the teachers in the Tamworth School were Principal Edwin A. Blackey, grades 7 and 8; Mrs. Elizabeth Sutherland, grades 5 and 6; Miss Margaret King, grades 3 and 4; Mrs. Lois Boothby and Mrs. Dorothy Remick, grades 1 and 2.

During the year there was a rather marked increase in the number of pupils, the enrollment going from 156 (1949-50) to 167. Average membership was 156 compared to 146 of the previous year. This brought the number of pupils in two of the rooms to over 40 which made very crowded conditions and also placed a very heavy teaching burden on the teachers. During the current year a total of 160 pupils have enrolled. In the primary room there are 42, in grades 3 and 4, 41; in grades 5 and 6, 41; in grades 7 and 8, 36. A large enrollment, according to census returns, will continue through 1957, although there is some decrease indicated. The Tamworth teachers have been extremely conscientious in carrying on their work of instruction with such large numbers of pupils. Joint meetings of the teaching staff, the school board, and the superintendent have been held for conference on various problems of education. In this way the board members have kept in close touch with the school and the staff has enjoyed the advice and cooperation of the board.

Enrolled at Kennett High School last year were 44 Tamworth pupils. Twelve seniors were graduated. One pupil was enrolled at Fryeburg Academy. Currently the high school enrollment may be expected to increase next year as there are now eight seniors, and 21 in the 8th grade. Four years hence high school enrollment will be about 75 pupils.

The Tamworth school is most fortunate in having the Community Nurse, Mrs. Margaret Philbrick with her office in the school building, providing very competent service as school nurse.

The Parent-Teachers Association continued its excellent program in sponsoring the school lunch for the full year. A full report of this appears elsewhere. Mrs. Blackey has earned the reputation of producing balanced, nourishing meals most economically.

At the last annual district meeting an appropriation of \$150.00 was appropriated specifically for the purpose of providing improvement in the facilities for teaching music. With this appropriation a series of graded music books, teachers' books, a rhythm band outfit, and a good record player capable of playing the three playing speeds have been purchased. Last October a three-day music workshop for the teachers of this supervisory union was held at the Ossipee Central School. This was directed by Dr. Alice Baumgarner, Director of Fine Arts of the State Department of Education. Assisting Dr. Baumgarner were Mrs. Frances Settle, Music Specialist of the Silver Burdett Co., publishers, and Miss Madeline E. Bartell, Elementary Supervisor of the State Department of Education. This was a very profitable workshop and the teachers came away with a good fund of practical ideas on the teaching of music in the elementary schools. These ideas they are now putting into effect with the assistance of the materials and equipment recently purchased.

Costs of education in Tamworth for 1950-51 are shown in comparison to the state average by the figures below:

	Tamworth	State Average
Total current cost per elem. pupil	\$176 56	\$182 05
Cost per elem. pupil for teachers salaries	73 68	100 45
Cost per high school pupil	281 08	298 66
Tax rate for school purposes per \$1000 equalized valuation	17 44	18 71 (median)

High school tuition rate for the current year is \$200.00 Announced rate for next year is \$245.00.

The work undertaken by the recently formed school building committee to study school building needs is of the utmost importance. These public spirited citizens who are giving their services in this work are to be commended. This is a problem that requires most careful study. This committee will, I am sure, present the citizens with a complete, unbiased, report from which conclusions may be made on a sound basis.

The active interest in education shown by the citizens, school board, teachers, and pupils is hereby gratefully acknowledged.

Respectfully submitted,

**EVERETT H. BRASIER**

## TAMWORTH SCHOOL LUNCH PROGRAM

Type A lunch without milk continues to be served under the sponsorship of the Parents - Teachers Association, although the amount of 10 cents per child per lunch, plus the federal reimbursement of 4 cents for each child's lunch has been sufficient, under prudent management to meet all current expenses; such as the type of food necessary to provide a well balanced nourishing meal, a lunch-room operator, and the expense incurred in the receipt of surplus commodities from the government. During the autumn, many garden vegetables were contributed by children, parents, and other citizens. Mr. and Mrs. Damon have been very generous in supplying potatoes.

Beginning with September 1951 it was voted by the association to increase the price of each child's lunch from 5 cents to 10 cents as the federal reimbursement had been decreased to 4 cents and there was some uncertainty as to the amount of surplus commodities that would be received throughout the year; the purchasing power of the dollar had been diminished.

From the opening of school in September, 1950 until the close of school in June 1951, a total of 22,836 lunches were served or an average of 130 per day.

The P. T. A. continues to be active, working for the welfare of the Lunch Program. Twelve dozen sauce dishes and several kitchen utensils have been provided by the organization. Weekly dances are being sponsored and President Theodore Perkins and Vice President Howard Thurston have been very active in making these gatherings a success. With the proceeds of these dances President Perkins is very anxious to provide a refrigerator for the kitchen.

Through volunteer labor, a potato bin has been built by Mr. Charles Remick and Mr. Howard Thurston, the lumber being donated by Mr. Earl Remick.

The need of volunteer labor to assist in the washing of the dishes has been lessened since September 1951, due to the fact that an assistant to the NOON Lunch operator has been provided by the P. T. A. for three days each week.

The cooperation of the members of the P. T. A., parents, teachers, and other citizens, boys and girls is greatly appreciated.

Respectfully submitted,  
EDWIN A. BLACKKEY SR.  
Principal

## REPORT OF SCHOOL BOARD

Your School Board wishes to make the following comments in regard to the financial reports on the preceding pages:

You will note in the School Board's statement for the year 1951-52, that we estimate the amount to be paid will run over the budget by \$100.00 on repairs to the school plant; also health supervision will run \$75.00 in excess of the budget due to an \$80.00 payment which should have been charged to the preceding year; and under high school activities, we estimate to run over \$400.00 in the item of Special Activities, which is due to the high school pupils taking advantage of the extra curricular activities at Kennett High School five days a week as against four days a week in the previous year. The School Board is in favor of our high school pupils taking maximum advantage of all high school activities offered, even though we will run over our budget on this item. However you will note that we predict a surplus on the total school budget of approximately \$800.00 as savings have been made in other departments.

Under the School Board's estimate for 1952-53, the next fiscal budget, you will note a sizeable increase in the amount we are asking to meet this budget, approximately an increase of \$11000.00. The major items causing this increase are: increase in the cost of tuition per pupil at the high school of \$45.00 and a larger number of high school pupils which accounts for about \$4200.00 of this increase; the other large increase will be in transportation costs, both at an elementary and high school level, due to the fact that our major contracts, which were of a three year duration, were of advantage to the town, but expire at the end of this fiscal year. The School Board intends to advertise for

transportation contracts previous to the annual School Meeting so as to have definite figures on the actual cost of transportation for the next one, two or three years; but we are estimating in this budget an increase of approximately \$6000.00. All other increases in the budget are of comparatively minor nature. Due to a healthy surplus in the past fiscal year, the increase in the assessment of the taxpayers will be only approximately \$6000.00.

You will note that under the warrant published at this time, there is no article to cover the major additions or the possibility of a new school plant. This possibility is now being studied by a committee, appointed by the Board of Selectmen, which will report both to the annual town meeting and to the annual school meeting. Your School Board will add later an article to the warrant to cover the possibilities as shown by this committee's report, and will post this addition to the warrant in the usual legal manner and endeavor to have it publicized in the local public press.

The foregoing study of additions to the present school plant or the building of new facilities, in our opinion boils down to the question of whether the voters and parents of the Town of Tamworth wish to improve the educational and recreational opportunities of the children of the town commensurate with the standards now being offered in our neighboring towns, also whether they wish to have an adequate meeting place, where all interested voters or participants could meet for any legal or social function. The School Board would state that the present school building will suffice for a number of years to give the present standard of education and recreation that is now being offered. We would also state that our classrooms are crowded, that our teachers are overloaded and our recreational facilities of the barest minimum, and somewhat de-

pendent on the charity of the property holders adjacent to the school property.

In closing, we wish to especially thank the allied school organizations for their cooperation with the school program; the P.T.A. for its efficient school lunch program and their fund raising activities, especially their square dance program which is also additional recreation; and the District Nurse Association for their ever watchful attention to the health needs of the school children and their helping of individuals not able to finance proper corrective measures.

**RICHARD W. READ, Chairman**
