VITAL STATISTICS FOR 1956

N  
352.07  
W14  
1956

The beautiful church shown on the cover was struck by lightning and completely destroyed by fire September 2, 1956. The sixty-four square rods of land on which the church stood were conveyed to the Trustees of Wakefield Academy for "an academy" and "for a house of religious worship" by Henry L. Wiggin and Joseph P. Wiggin of Wakefield in 1830. At that time an unfinished meetinghouse, raised in 1816, stood on the premises. Nearly a quarter of a century later, in 1854, the structure was completed by the raising of a spire. Thus, for nearly two generations, our forebears labored to complete their church. The main part of the building rested on a foundation fifty feet square. The distance from the foundation to the eaves was thirty feet. The foundation beneath the steeple was twenty feet square. It was a building of strength, of beauty and of simplicity. Its 119-foot steeple was one of the highest ever erected on a country church. The completed building was considered to be the loveliest example of New England church architecture in New Hampshire. It represented more than a place of worship of a denomination. It symbolized the deep religious faith and the courage and self-sacrifice that made our country great.

The Wakefield Congregational Church was an historic landmark. The many visitors to this section of the state and the thousands of motorists who traveled the White Mountain highway remembered Wakefield because of this lovely church. It was regarded as the Town's proudest and most cherished possession. From the nearby lakes and from the distant mountains one would see its spired steeple and say, "There is Wakefield!"

The Library was open on its regular schedule

Tuesdays and Saturdays from 2:30 to 5:00 and from 7:00 to 8:00, throughout the year. During the summer months it was also open Thursday afternoon, with Mrs. Edwin Geauque as volunteer librarian in charge. A story hour for young people was conducted on Wednesday afternoons by Mrs. H. Dymoke Gasson.

Work on classifying the non-fiction and cataloging the collection has been carried on throughout the year. The New Hampshire State Library lent the services of Miss Marjory Stroud, Extension Librarian, for five days. Her advice and assistance were invaluable. Volunteer workers who helped with this program included: Mrs. H. Dymoke Gasson, Miss Eva Sanborn, Miss Roberta Siegel, Miss Judith Guttadauro, Miss Dorothy Drew, Mrs. Nelson Turner and Miss Mary Hansen.

For many years the Library has used a manual record of names and accession numbers at the charge-out desk. This year, in the interest of simplification, the charge-out was being changed to the card system used in most libraries. Much of the work on this project was done by the following girls from the Grammar School: Miss Carol Guttadauro, Miss Winifred Gauthier, Miss Joyce Lang and Miss Judith Miner.

Others who spent considerable time in the Library helping in various ways were: Mr. Herbert Jenkins, Mr. Bradley Trafton, Miss Elaine Robinson, Mr. Edwin Geauque, Mrs. Howard Sawyer and Mr. Alden Young.

Special events to raise money for the purchase of new books were scheduled during the year. There was a book sale by the Mothers of the Nursery School,

to provide funds for additional children's books, under the direction of Mrs. Luther McBrien and Mrs. George Tessier. A lecture on "Early American Architecture," by Mr. Walter R. Mohr of Columbia University was given, the proceeds of the evening going to the general purchase fund.

MARY A. GARVIN, Librarian

## DETAILED REPORT OF THE PARKS AND PLAYGROUND COMMISSION

Continuing to believe a clean town is a well managed town, your Commission embarked on a program of beautification.

WEEK'S BEACH AND PICNIC AREA at Great East Lake became a mecca for visitors from all over the country, as attested to by the many names listed in our guest book. Here we spent over \$155.00, and more funds will be requested for further improvements.

VETERANS SQUARE, was acclaimed far and wide at a cost of \$175.00, which was kept at that figure by constant care by members of your Commission. We urgently recommend that this program be continued in that other town property may likewise be developed. The advertising from our summer visitors has been manifested by untold numbers of letters of congratulations and numbers of colored photos received from as far away as Cleveland, Ohio. This sort of advertising, in our opinion, cannot be measured in dollars and cents.

LOVELL LAKE, the installing of the two piers, was acclaimed by our summer residents, who used boat transportation to do their shopping in Sanbornville. This cost \$105.00 We urge the addition of at least two more sections for this facility.

BASEBALL FIELD, with the co-operation and joint assistance of the School Board, the woods adjacent to the Paul School was turned over to this Commission, who have spent so far \$355.00 in levelling the woods and bull-dozing about four acres, which

will eventually be made into a modern baseball field and recreation area. We hope to add this section of our town as another beauty spot within the near future.

**PLAYGROUNDS.** The Commission is of the opinion, for the present enough playground equipment has been installed at both the Taft playground in Union and the Garvin Playground in Sanbornville, and will therefore not install additional equipment at either place for the present. We spent \$413.00 for playground purposes this year, which included \$46.00 for transportation to Clows Beach in Wolfeboro, for children living in Union.

**SUMMARY,** we must mention our gratitude and appreciation to Mr. and Mrs. George Rockwell of Brookfield for the generous donation of over \$50.00 worth of Yew trees which were set out around the monument at Veterans Square. We wish to thank Chuck Emmons for his assistance in auctioning so many of the old school desks, which report in detail will be found under receipts. Likewise, Marjory Hanson, for the use of her barn in storing the above and assisting in their sale. So many people have assisted us, space forbids our listing their names, but we do offer our grateful thanks to all and request your continued support of our over-all program.

## FIRE WARDEN'S REPORT

### DANGER FROM FIRES IN WOODLANDS

Woodland litter, when dry, is highly inflammable and fires can quickly get out of control. We request your cooperation to control all fires so that lives and property may not be endangered or destroyed, and forests be kept green to furnish the natural beauty we all enjoy and to grow timber we will need.

### WHAT IS "WOODLAND"?

The term "woodland" is defined by law to include, "cut-over land, slash and such other land as bears a sufficient amount of wood growth, wood, weeds, grass or other growth as to be likely to be burned over."

When in the woods, you are expected to exercise caution in the use of fire and to remember that

### IT IS UNLAWFUL TO

Throw down lighted matches, cigarettes, or other burning substances from vehicles or otherwise.

Burn brush, rubbish, grass or other materials when the ground is not covered with snow, without written permission from the Forest Fire Warden.

Kindle a camp or cooking fire on land of another without permission from the owner or his agent.

Leave an open fire burning unattended.

Fail to report a forest or brush fire that is out of control.

### VIOLATORS ARE SUBJECT TO THESE PENALTIES

Anyone letting a fire escape from control, whether or not he has a permit to kindle the fire, is liable for the costs of extinguishing the fire.

Anyone found guilty of dropping inflammable

material in or near woodland shall be fined not more than \$25.

A person failing to report an uncontrolled brush or forest fire is liable to a fine of not more than \$10.

For kindling a fire in woodland of another without permission of the owner, or for kindling any fire without a permit when a permit is required, a person may be fined not more than \$200, or imprisoned 60 days.

### DAMAGES

Every person who shall set fire on any land, that shall run upon the land of another, shall pay to the owner all damages done by such fire.

### BE SURE—GET A PERMIT

Incinerators should be tight, with a close mesh screen, and be on clean ground.

Open fireplaces used to burn rubbish are classed as incinerators.

Always clean a space about any open fire to prevent its spread.

Never burn in dry, windy weather.

Have incinerators inspected by the Forest Fire Warden and get his written permission.

Number of Permits — 145                      Number of Fires— 2  
Acreage Burned  $\frac{7}{8}$  Acre.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Wakefield:

During the year 1955-56 the teachers in the Sanbornville Schools were: Miss Abbie F. Tuttle, Grade 1; Mrs. Alma Gray, grade 2; Mrs. Margaret Doe, grades 3 and 4; Mrs. Mary Belliveau, grades 5 and 6; Mr. Gerard Belliveau grades 7 and 8. In the Union School were:—Mrs. Florence Gerrish, grades 1 to 4; and Mrs. Helen Abbott, grades 5 to 8, and in the East Wakefield School Mrs. Edith Horne, grades 1 to 8. All the teachers returned to their respective positions in September, 1956. We are fortunate to have such competent teachers who devote themselves wholly to the interests and welfare of the pupils in their care.

The total enrollment for 1955-56 was 206 pupils with an average membership of 181.7. The schools opened in September of the current year with an enrollment of 186.

Wakefield high school pupils were enrolled as follows:—Spaulding High School 21; Nute High School 20; Brewster Academy 4; and Kennebunk, Maine 1. Tuition rates were:—Spaulding High School \$256.50, Nute High School \$260.01, Brewster Academy \$275.00, and Kennebunk High School \$321.83. For the current year tuition rates for the above schools respectively; \$275.50, \$275.00, \$295.00, and \$325.00.

During the current year there are 43 pupils enrolled in high school with only two members of the senior class. There are 14 pupils in the 8th grade. This indicates a probable increase in high school enrollment of 12 pupils to bring a total of about 55 pupils.

At the annual district meeting of March 20, 1956 it was voted to contract for bus transportation of high school pupils from Sanbornville to Nute High School and Spaulding High School. This service went into effect at the opening of school in September.

Mrs. Rebecca Sanborn, R. N., served as School Nurse in a School Nursing Union consisting of Brookfield, Effingham, Freedom, Madison, and Wakefield. This union of districts made possible the employment of a qualified nurse resident a relatively short distance from the schools. This made a definite increase in the efficiency and amount of this vital service. Mrs. Sanborn continues in this position for the current year. Her tireless devotion to the welfare of the pupils in her care has earned her many well deserved compliments. The Salk Polio Innoculation Program initiated in 1954 was continued through the cooperative efforts of the State Department of Health, Mrs. Sanborn, the teachers, and interested citizens.

Wakefield received no state aid for operation of schools and will receive none this year. Under the present formular for distribution and amount of state appropriation Wakefield is not eligible for such aid. The district will receive \$750.00 from the state as aid on the annual payment of the debt for the Paul School.

The fine cooperation of the school board, teachers, parents, and pupils is sincerely appreciated.

Respectfully submitted,  
EVERETT H. BRASIER
