

Central Hi-Y Plans Extensive Program

By **IVOREY COBB**

Monthly joint meetings with an East Liberty branch of the Girls' Reserve Club, monthly get-togethers of the colored Hi-Y clubs of Pittsburgh and numerous church programs are on the 1932 calendar of the Central Hi-Y Club, announced last week.

Joint meetings with a Girls' Reserve Club is one of the state Hi-Y requirements to enter the "A" class of the Hi-Y groups. During the past years the local club has held inter-

esting discussional meetings with various branches of the Girls' Reserve. However, the first meeting ever to be held with an East Liberty branch of the girls' organization will take place Friday, Jan. 29, at the Y. W. C. A., Center avenue branch.

Negotiations also have been completed and the program has been planned for the first assembly of the Allegheny, Peabody, Westinghouse and Central Hi-Y clubs, which will convene monthly at the Y. M. C. A., starting Jan. 8. The Central Hi-Y, sponsor of the movement, has decided upon "The Future of the American Home" as the first discussional topic. After five different phases of the subject have been discussed by members of the local club a forum will then follow. Mr. Craft, executive of the Y. M. C. A., will be present. Although the church programs have not been announced, they are certain to play no little part in the clubs' activities.
