[L. S.]

To the inhabitants of the School District of East Kingston, N. H. qualified to vote in district affairs:

You are hereby notified to meet at Town Hall in said district on Tuesday, April 14, 1925 at eight o'clock in the evening to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a treasurer for the ensuing year.
4. To choose a member of the school board for the ensuing three years.
5. To fill any other vacancies on the school board.
6. To hear reports of agents, auditors, committees or other officers hereunto chosen.
7. To see what alterations, if any, the district will vote in the school board report of money needed for educational purposes during the ensuing fiscal year, and to see if the district will vote to raise the amounts as then called for therein.
8. To choose agents, auditors and committees in relation to any subject embraced in the warrant.
9. To see if the district will vote to adopt the provisions of Chapter 83 of the Laws of 1913 providing medical inspection in the schools.
10. To see what action the School District will take in allowing the School Board to install sanitary toilets at the Pound Primary School using an unexpended balance to pay for the same.
11 To transact any other business that may legally come before said meeting.

Given under our hands this twenty-seventh day of January, 1925.

School Board of East Kingston
REPORT OF SCHOOL BOARD

To the citizens of East Kingston:

We herewith account for the receipts and expenditures for the year ending June 30, 1924, and the estimated itemized expenses for the year, July first, 1925 to June thirtieth, 1926.

There has been some criticism expressed and questions asked your School Board. Why it is necessary that some of our girls who wish a classical course at Robinson Seminary repeat the 8th grade?

Pupils graduating from the eighth grade in East Kingston meet with no handicaps if they enter Sanborn Seminary, very few, if they enter Exeter High School, but with several, if they enter Robinson Seminary.

Sanborn Seminary is a four year high school, having the grades 9, 10, 11 and 12 which fit perfectly on top of East Kingston's 8th grade, regardless of which course is chosen.

In Exeter the school work is divided into three sections as follows: First, Grades 1 to 6.

The work in these grades is like grades 1 to 6 in East Kingston. Second, Grades 7 and 8.

These grades in Exeter High School are organized into a Junior High School in which domestic arts, manual training and French are taught. The curriculum is like that of most Junior High Schools in the State. In East Kingston these grades are organized into a Junior School in which but little of domestic arts is taught, and no French and manual training.

In Robinson Seminary these grades are also organized into a Junior High School, but not like most others of the State, in that the pupils in grade 8 are required to take both French and Latin. Third,
Grades 9 to 12. These grades are called the Senior High School. When East Kingston pupils go from our eighth grade to the ninth grade in Exeter High School, they arrange to take the beginning French, either as a substitute for some other subject or as an extra subject.

When East Kingston pupils enter Robinson Seminary's ninth grade there is the unusual situation of having both French and Latin to make up. The principal makes arrangements whereby East Kingston girls can enter the ninth grade of the Domestic Arts Curriculum and continue without much difficulty. This course prepares for N. H. University.

The arrangements for those entering the Academic curriculum are not so successful. The irregularity there in the time that recitations come adds to these pupils' difficulties during their first weeks of school.

Our pupils are thoroughly fitted in all studies of the eighth grade, except Latin and French for any High School.

GEORGE F. MORRILL,

Treasurer School District.
We have this day examined the books of the School Treasurer and found them properly cast and vouched for.

ARCHIE A. ROSE,
C. A. RICHARDSON,
Auditors.
Feb. 9, 1925.

To the School Board and Citizens of East Kingston:

This is my fifth annual report to you. Parts of it refer to the year 1923-24 and parts to 1924-25.

AN UNUSUALLY LARGE PERCENT ENTER HIGH SCHOOL

During the last five years 90% of the boys and girls of East Kingston have entered high school. That is, out of every 10 pupils that enter the first grade, 9 of them continue into high school. The average for the State is only 58%.

If the future social welfare of a community is determined by the EDUCATION of the people, East Kingston has much cause for congratulation.

Percent of First Grade Pupils that enter High School
East Kingston .......................................................... 90%
State of N. H. ....................................................... 58%

EDUCATION WEEK OBSERVED IN NOV. 1924

Special invitation was extended to the citizens to visit the schools during Education Week. As a result there were 96 visits made by adults during those five days. This was a very satisfactory response.

ELECTRIC LIGHTS IN BROWN ACADEMY

Great wisdom was shown by the Trustees of Brown Academy when they installed electric lights in the school house. These lights are of value in three ways:

1. To lighten the class rooms on dark days.
2. To enable the teacher to complete her work...
in the class rooms after school has closed in the afternoons in the winter.

3 To permit having entertainments, meetings and socials in the school house in the evening.

The grading of the school grounds was another valuable piece of work.

MORE ATTENTION TO HEALTH SUPERVISION

Fifty-three school districts have had a school nurse during the past year. So successful was this work that the State will allow additional State aid to school districts that co-operate with others and engage a trained school nurse.

Her work is to help reduce head-lice, epidemics and colds. During the last year each pupil averaged to lose 18 sessions of school in East Kingston. Some of this was due to bad weather, but most was due to colds, and much to the epidemic diseases of children.

The nurse encourages the treatment of the defects of eyes, ears, teeth and throat found by the examinations. Notice in the health supervision report below to see how few of the defects are being treated

Most of the expense is borne by the State.

BY JANUARY, 1925, MOST OF THE GRADES REACH JUNE STANDARDS

According to the results of the tests given by the superintendent in arithmetic, composition and reading in Jan. 1925, most of the grades had already reached the standards that most city schools reach by June.

In these tests Shirley Baldwin scored higher in reading than any other fifth grade pupil in the Supervisory Union.

HONORS IN TESTS OF JUNE 1924

Donald Sabin and Willard Avery both scored higher in history than any other pupils in the Union. Helen Rockwood excelled all in composition and letter writing. Willard Avery also tied with a girl
from another town for honors in ability to read understandingly difficult material.

STATISTICS BELOW
The following statistics will be found below:

1. Pupils of perfect attendance.
2. Graduates of June, 1924.
4. Transportation routes.
5. Pupils attending high schools.
7. Health supervision.

Respectfully submitted,

FRED E. PITKIN,
Supt. of Schools.
