SCHOOL REPORT.

The Board of Education offers the following report of the schools for the year ending March 1st, 1884.

Our schools have, all through the year, been in the charge of experienced and faithful teachers. The school work has gone on without interruption and without serious disturbance. Some slight troubles have arisen, as always, but on the whole we have had little of which to complain. Good progress has been made in the various studies, and the schools are left at the end of the year in a satisfactory condition.

In accordance with a vote of the town at the last annual meeting, to the effect that the Board of Education make the text books used in the schools of the town uniform, we have made some changes in that way. In all cases we have made as few alterations as possible, in order to effect the wished for result, and yet to have the books of a desirable kind. We have aimed, also, to make some change in each of the schools, that the burden to parents might be more equal. We found the spellers used, of so many kinds, that it seemed better to introduce an entirely different one from any then in the schools. The list of books, as decided on is as follows:

Readers.—Franklin Series, 1 to 6.
Spellers.—Warren's Class Word Speller.
Arithmetics.—Robinson's Primary and Written.
Geography.—Warren's Primary and Common School.
Grammar.—Well's Shorter Course in Grammar and Composition.
History.—Barnes' United States History.
Physiology.—Steele's.
Franklin Writing books, 1 to 6.
We have been so fortunate as to be able, in each of the schools, to retain the same teacher through the year; always, in our estimation, a great advantage.

The North School has been taught by Miss Emma Webster, of East Kingston, a teacher too long and well known in our schools to need praise.

The West School has been taught by Miss E. Josie Mars-ton, of North Hampton, who has performed thoroughly and well the duties of her position.

The South School was taught by Miss Edna M. Hardy, of Hampton Falls.

At the commencement of the spring term we felt some want of life and interest in this school, but as the term went on this disappeared, and the further progress has been satisfactory.

The East School was taught by Mr. Jack Sanborn, of Hampton Falls, with the same promptness and thoroughness observed in his work last year.
