TOWN WARRANT

THE STATE OF NEW HAMPSHIRE
TO THE INHABITANTS OF THE TOWN OF PEMBROKE
IN THE COUNTY OF MERRIMACK IN SAID STATE,
QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Elementary School Auditorium in said Pembroke on Tuesday the 14th day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

- 1 To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will authorize the Selectmen to borrow money in anticipation of Taxes.
4. To see if the Town will vote to charge twenty (.20) cents on and after December 1, 1967 on all unpaid poll taxes.
5. To see if the Town will vote to authorize its Selectmen to sell any real estate which the Town may have acquired by deed as a result of non-payment of taxes, and to authorize the Selectmen to give a deed in the name of the Town to the purchaser of such land.
6. To see if the Town will vote to adopt the provisions of Chapter 287 of the Revised Statutes Annotated relative to playing games of Beano in this Town.
- 7 To see if the Town will vote to accept the following named funds, in Trust, the income to be used for the perpetual care of the Cemetery lots indicated:

- (A) The Frederick E. Takh Fund of Two hundred Dollars (\$200.00), the income therefrom to be used for the care of the Takh Lot in the Buck Street Cemetery
- (B) The Edith D. Dearborn Fund of Two hundred Dollars (\$200.00), the income therefrom to be used for the care of the Dearborn Lot in the Pembroke Street Cemetery

8. To see if the Town will vote to accept the Pumper-Tanker purchased by the Fire Department with funds raised by its own ingenious methods and donated to the Town by the Department without cost to the tax payers.

9 To see if the Town will vote to amend the Town's Sub-division Ordinance, as passed at the 1960 Town Meeting by deleting Section 5. "Lot Size" and substituting the following new section.

5. LOT SIZE: In sub-divisions where septic tanks and sewage fields are to be used the minimum lot size shall be 20,000 square feet with a minimum of 100 feet on a public street or highway

10. To hear the report of the Town Library Study Committee as provided for in Article 19 of the 1966 Town Warrant, and to see what action the voters wish to take thereon.

11 To see if the Town will vote to purchase a new Police Cruiser; and to raise and appropriate the sum of Two thousand Dollars (\$2,000.00) for this purpose; and

further to authorize the Selectmen to dispose of the old cruiser to the best advantage of the Town.

(This Article is approved by the Budget Committee and funds therefor are included in the 1967 Town Budget.)

12. To see if the Town will vote to purchase a new heavy duty Town Truck; and to raise and appropriate the sum of Sixty-seven hundred Dollars (\$6,700.00) for this purpose; and further to authorize the Selectmen to trade in or otherwise dispose of the old truck, to the best advantage of the Town and apply the proceeds therefrom to the purchase of the new truck, in addition to the sum herein appropriated.

(This Article is approved by the Budget Committee and funds therefor are included in the 1967 Town Budget.)

13. (By Petition.) To see if the Town will vote to open the Tobin Road, which was made subject to gates and bars by the 1957 Town Meeting, for a distance of one hundred feet (100') from the Eighth Range Road to the property of Howard Tilton, the rest of said road to remain discontinued as an open highway and subject to gates and bars.

14. (By Petition.) To see if the Town will vote to raise and appropriate the sum of Five hundred Dollars (\$500.00) to help support the operation of the Emergency Ambulance by the Veteran's of Foreign Wars, Post No. 2860, Pembroke, New Hampshire.

(This Article is approved by the Budget Committee and funds therefor are included in the 1967 Town Budget.)

15. (By Petition.) To see if the Town will vote to raise and appropriate the sum of Twenty-nine hundred Dollars (\$2,900.00) for the grading and tarring of the road leading from Pembroke Street westerly to the Plausawa Valley Country Club.

(This Article is disapproved by the Budget Committee.)

16. (By Petition.) To see if the Town will authorize the Selectmen to grade, repair and surface the Town road known as Bow Lane, and to raise and appropriate a sufficient sum of money for that purpose, taking into

account any State Aid funds which may be available for such improvements under existing statutory provisions.

(This Article is disapproved by the Budget Committee.)

17 (By Petition.) To see if the Town will authorize the Selectmen to accept on behalf of the town, at no expense to the Town, a deed or deeds to a three foot strip of land on either side of the presently existing Town road known as Bow Lane so as to widen the right-of-way, should such a deed or deeds be offered by the owners of abutting land.

18. To transact any other business that may legally come before said meeting.

The polls will be open until six o'clock in the afternoon.

Given under our hands and seal this fourteenth day of February, A.D. 1967

Article as written was carried.

Article 21 *Such other business as may come before the meeting.*

Mr K. Donald Woodbury presented the budget which was approved. Moved by Henry W Munroe, Sr., seconded by Ted Natti.

"Have the Selectmen take action that the Public Service Company carry out their obligation of repairing street lights without any delay" Motion was carried.

Meeting was adjourned at: 9:45 P.M

SPECIAL TOWN MEETING MOBILE HOMES

Meeting was opened at 8 P.M by Moderator Gedeon N. Petit. The Warrant was read. It was moved by Erwin A. Chase and seconded by Constance Kersting that the ordinance be accepted.

Moderator Petit opened the meeting to discussion.

It was moved by Jack French and seconded by Theodore Ruchti that Section 1 Paragraph 1 under definitions be amended as follows.

1 1 Mobilhome shall mean any vehicle used or so constructed as to permit its being used as a conveyance or its being towed, on public streets and highways and duly licensed, or permitted, as such, and constructed in such a manner as will permit occupancy thereof as a dwelling or sleeping place for one or more persons, and provided with a toilet and a bathtub or shower.

The Motion Was Accepted

It was moved by Alfred Campbell and seconded by Compton French that Section 5 Paragraph 5 under location, space and layout be corrected to refer to Section 3, Paragraph 4 instead of referring to Section 3 Paragraph 3. After conferring with Town Counsel: K. Donald Woodbury *The Motion Was Withdrawn*

It was moved by Merl Thorpe and seconded by Inga Thorpe that the following section be inserted and designated as section No. 12.

12-1 To restrict mobilhome park locations to the present recognized existing parks.

12-2 To prohibit further expansion of existing mobile-home parks in the Town of Pembroke.

The Motion Was Defeated

It was moved by Compton French and seconded by Jack French that Section 3 Paragraph 4 be stricken out completely. It was then moved by Ted Natti and seconded by Howard Berry that the motion be amended to include Section 3 Paragraph 4 amended as follows.

3-4 Existing trailers and/or mobilehomes: No existing trailers or mobilehomes outside a mobilehome park shall be replaced with another trailer or mobile home whether on the same location or not except by the present owner-occupant or in a mobilehome park.

The Motion As Amended Was Accepted

It was moved by Howard Berry and seconded by Inga Thorpe that Section 5 Paragraph 1 be amended to read as follows:

5-1 Location: Mobile home parks may be located in rural areas, subject to the approval of the Pembroke Planning Board, and then only after the holding of public hearing, notice of which to be posted 14 days prior to said hearing. No mobile home park may be located closer than 200 feet to any right of way

The Motion Was Accepted

It was moved by Rene Lavallee and seconded by Sylvia Sheetz that Section 5 Paragraph 1 be amended so that reference of location of a park to a right of way be changed from 200 feet to 100 feet.

The Motion Was Defeated

There being no further discussion the motion that the ordinance, as amended be voted on by a standing vote was called for by the Moderator Gedeon N. Petit

The Ordinance As Amended Was Accepted By An Overwhelming Majority

It was moved by Jack French and seconded by Ralph French that the meeting be adjourned. The motion was accepted and the Moderator Gedeon N. Petit declared the meeting officially closed at 9:04 P.M

The following appointments were filed in the Town Clerk's office during the year 1966.

**REPORT
OF AN EXAMINATION AND AUDIT**

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

February 28, 1966

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Pembroke for the fiscal year ended December 31 1965. In our opinion, the Exhibits included herewith reflect the true financial condition of the Town on December 31 1965, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Harold G Fowler
Director

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Frederick E. Laplante Auditor
Charles T Carroll Accountant

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 28, 1966

Board of Selectmen
Pembroke, New Hampshire
Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Pembroke for the fiscal year ended December 31, 1965, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, District Court and Trustees of Trust Funds. The Library accounts were not available at the time of audit

FINANCIAL STATEMENTS

Comparative Balance Sheets: December 31, 1964
December 31, 1965: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1964 and December 31, 1965, are presented in Exhibit A-1 As indicated therein, the Net Debt decreased by \$28,480.60 in 1965.

Analysis of Change in Financial Condition: (exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt	
Net Budget Surplus	\$13,073.60
Water Bonds Paid	19 000.00
Long Term Notes Paid (Water)	3,000.00
Long Term Notes Paid (Town)	4,405.00
Tax Collector's Excess Credits	2.00
	\$39,480.60
Increase in Net Debt	
Long Term Notes Issued (Water)	11,000.00
	\$28,480.60
	\$28,480.60

Comparative Statements of Appropriations and Expenditures Estimated and Actual Revenues. (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31 1965, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net unexpended balance of appropriations of \$5,448.18, plus a revenue surplus of \$7,625.42, resulted in a net budget surplus of \$13,073.60.

Summary Statement of Receipts and Expenditures:
(Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1965, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1965, is indicated in Exhibit B-2.

Statement of Long Term Indebtedness: (Exhibit G)

A statement of outstanding long term indebtedness as of December 31, 1965, showing annual debt service requirements, is contained in Exhibit G.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$13,075.60 from \$39,523.67 to \$52,599.27 in 1965, as shown herewith:

	Dec. 31, 1964	Dec. 31, 1965
Total Assets	\$138,129.22	\$262,159.79
Current Liabilities	98,605.55	209,560.52

Current Surplus	\$ 39,523.67	\$ 52,599.27
	<u> </u>	<u> </u>
	<u> </u>	<u> </u>

Payment of Poll and Head Taxes Required:

In our report last year, it was noted that many taxpayers whose names appeared on the delinquent head and poll tax lists had obtained permits for registration of motor vehicles without first having paid head and poll taxes as required by law.

The same situation apparently still exists, therefore the provisions of R.S.A. 260:4 and 260:5, as amended, are again brought to your attention:

"260:4 Payment of Poll Tax Required. No person shall obtain a permit to register a motor vehicle or register a motor vehicle, or license to operate a motor vehicle, without first showing or causing to be shown to the issuing person a tax collector's receipt for the payment of any poll and head taxes for which he is liable for the preceding year or without first executing an affidavit under the pains and penalties of perjury that he has paid all poll and head taxes for the preceding year for which he is liable or been lawfully relieved from such payment by reason of exemption or abatement; provided, however, that a permit or registration or license, as the case may be, may be issued if the selectmen or assessors shall certify that in their opinion the applicant should be granted such permit, registration, or license even though such taxes have not been paid."

"260:5 Affidavit Required. No official or other person shall issue a permit to register a motor vehicle, or registration for a motor vehicle, or license to operate a motor vehicle, without first requiring the applicant or his agent to show a tax collector's receipt for the payment of any poll and head taxes for which the applicant is liable for the preceding year unless said official or person has in his possession records indicating such taxes have

been paid, or without first requiring the applicant to make an affidavit under the pains and penalties of perjury that all poll and head taxes for which he is liable for the preceding year have been paid. Any person who shall violate the provisions of this section shall be fined not more than fifty dollars."

In accordance with the provisions of the foregoing sections of the law, the Town Clerk should not issue a permit for the registration of a motor vehicle without first requiring the applicant to show a tax collector's receipt for the payment of any poll and head taxes for which the applicant is liable for the preceding year.

In the event that a taxpayer's head and poll taxes for the year of levy on account of which a tax sale is held are delinquent at the time of tax sale, the Tax Collector should advertise and sell the real estate of the delinquent head and poll taxpayer even though the tax on the real estate may have been paid.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Pembroke for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler
Director

POLICE DEPARTMENT

POLICE DEPARTMENT 1966

TO THE BOARD OF SELECTMEN AND CITIZENS

1966 has been a busy year. Our constant effort has been to upgrade the Police Department by bringing to it young men of good character. When appointed they then acquire the ability to learn through our Police School training and working with experienced officers.

They are instructed to act with courtesy but firmness. These officers are required to set an example of good clean living on and off duty. They deserve, and are getting, the respect of our townspeople. I am proud of these officers who work long, late hours, often without pay.

One of the results of our program has been that we have received a great deal of cooperation from the youth of our town. We appreciate this and are in turn helping them with some of their problems.

Communications, still one of our problems, will continue to get our attention during the coming year, with an effort to bring the department to the people in the fastest possible time.

I wish to thank you all for your help in making this a better Police Department.

PERRY L. EATON
Chief of Police

PEMBROKE POLICE DEPARTMENT REPORT

Persons placed in protective custody and lodged	11	Children bitten by dogs	8
Disturbing the peace complaints	25	Breaking and entering	12
Unreasonable speed	16	Stolen property returned	15

Fire Department

To the Selectmen and the Citizens of Pembroke:

1966 was a busy year for the Pembroke Fire Department. While the number of responses was less, there were many larger fires. Each year more and more hazards face the fire departments of this country. Progress in science has created many new problems that require new methods of extinguishment. Firemen must be trained and educated by constantly attending training programs in all phases of firefighting. This we have tried to do.

Three of our officers completed a twenty-five hour course with the officers of the Concord Fire Department, under the direction of Deputy Chief Henry Munroe.

During our regular training program from May to September, firemen put in a total of 925 hours covering ladders, pumps, and rural tanker operations.

Deputy Munroe, with the assistance of other Pembroke firemen, conducted a training program in Concord covering ladders, masks and other areas. This training was done by request from Chief Giles of the Concord Fire Department.

Sunday duty during the forest fire season was provided each Sunday with five men on duty for 23 consecutive Sundays for a total of 575 hours.

Work has progressed by improving the fire alarm system and the addition of one more red phone. It is hoped that this work will be continued with the extension of the fire alarm system to the junction of Route 106 next year

MISCELLANEOUS INFORMATION

Equipment Used

Hose.....	46800'
Ladders raised.....	552'
Oil Burner Permits.....	11

The following major contributions were donated to the Town of Pembroke by the men of the department through pcper drives and other fund raising projects:

50-watt Motorola Base Station	\$	945.00
1200 gallon Tanker with a 500 gpm pump		1400.00
8 new coats and 1 beacon donated by the Junior Fire Department		255.00

The new base station radio and the new tanker both have made major contributions to our ability to cope

with fires in the outlying areas of the town.

In addition, a new 1½" fog nozzle was donated to the town by Mr Robert French in appreciation of services rendered by the Department.

New equipment acquired this year with no cost to the taxpayers of Pembroke comes to a total value of \$2675.00.

Your Fire Department was honored this year by the selection of Deputy Chief Henry Munroe by a company

of national reputation to go to Japan and study the Tokyo and Osaka Fire Departments and their operations. In addition, *Fire Engineering Magazine* published an article by Deputy Munroe on the Pembroke Fire Department. Both were honors in themselves, not only to Deputy Munroe but also to your Fire Department.

Looking to the future, plans must be made to enlarge the present fire station and provide more adequate facilities. As the Town expands, study and evaluation of the advisability of building an outlying station on Pembroke St. or Pembroke Hill should be made.

I wish to thank the members of the Fire Department for their work and devotion to their duties and the Citizens of Pembroke for their support and cooperation. It is most gratifying.

Respectfully,
Jacob A. Chase
Chief

To the Selectmen and the Citizens of Pembroke:

Fire records are made by people--those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966).

This enviable record is largely due to two factors:

- 1 A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 fires on this area and restricted acreage burned to 395 acres -- a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

- 1 If you must burn you will need a permit. Permits are not issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.
2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important Instruct your children that matches are not play things.

TRULY ONLY YOU CAN PREVENT FOREST FIRES
In 1966 Pembroke had 8 forest fires burning a total of 14.5 acres. There were also 169 permits issued during the year

Gerald Hight
District Chief Forestry Dept.
Jacob A. Chase
Forest Fire Warden

LIBRARY

LIBRARIAN'S REPORT

The sum of \$385.00 was added to the building fund during 1966 in memory of Harold French, Bernard McGrath, and Edith Dearborn.

Five new books were given to the library by citizens.

The Pembroke Woman's Club gave \$50.00 which helped to purchase a filing case.

The Pembroke Library is affiliated with the Statewide Library Development Program and received a grant of \$100.00 to purchase reference books.

Many books were borrowed from the State Library for students and other borrowers.

Eight hundred and seven books were obtained from the Bookmobile.

Books added to the library collection during the year were 199 adult and 212 juvenile.

Books circulated during the year numbered 7,988.

Meetings attended by librarian Mrs. Virginia Batchelder, assistant librarian Mrs. Barbara Lavoie, trustees, Mrs. Alice Jacob and Mrs. Patricia Bonenfant were:

- 2 workshops in Laconia
- the N. H. Library Association Meeting at Colby Junior College
- the N. H. Library Trustee Meeting
- the Central Advisory Council Meeting in Laconia (attended by librarian and assistant librarian)

Signed
VIRGINIA BATCHELDER
Librarian

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE SCHOOL DISTRICT IN
THE TOWN OF PEMBROKE QUALIFIED TO VOTE IN
DISTRICT AFFAIRS:

You are hereby notified to meet at the Pembroke
Elementary School in said District on the 2nd Day of
March, 1967 at 6:00 o'clock in the afternoon, to act
upon the following subjects:

- 1 To choose a Moderator for the ensuing year
2. To choose a Clerk for the ensuing year
3. To choose a Member of the School Board for the
ensuing three years.
4. To choose a Treasurer for the ensuing year
5. To determine and appoint the salaries of the
School Board and Truant Officer, and fix the com-
pensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Com-
mittees, or Officers chosen, and to pass any vote relat-
ing thereto.
- 7 To choose Agents, Auditors and Committees in
relation to any subject embraced in this Warrant.

8. To see what sum of money the District will vote
to raise and appropriate for the support of schools,
for the payment of salaries for School District officials
and agents and for the payment of Statutory obliga-
tions of the District.

9 To see if the District will vote to approve the
cancellation of the Pembroke Women's Club lease of
the Pembroke Street School, as requested by the Club;
and to authorize the School Board to lease said School
House to the Pembroke Grange on similar terms and
conditions.

10. To transact any other business that may legally
come before said meeting.

The polls will close at 8 o'clock.

Given under our hands and seal this 13th day of
February, A. D. 1967

REPORT OF THE SUPERINTENDENT OF SCHOOLS

THE FUTURE and SOME PROBLEMS

A school professional, especially an administrator, is usually considered, I believe, as pretty much an idealist, a visionary, a man with his head in the clouds with neither much common sense nor cents' value. Pleading guilty to most of this, if not all, will permit me to share with you a few beliefs and thoughts.

It is my belief that the next ten years will see great growth up the Merrimack and Suncook valleys. All published studies and opinions support this. In the schools of Allenstown, Hooksett, and Pembroke, we have had an increase of enrollments from 1,317 to 1,955 pupils in 5 years, a growth of 48.4 per cent. These towns represent not only highly desirable residential areas but also those for commercial and industrial growth. These facts have forced us into some educational decisions and will continue to make changes necessary, which will cost money

It is a matter of opinion whether good to excellent schools attract people or whether people force the making of better schools. Actually one complements the other. A modern educational system, modern at all levels, is the greatest asset any community can have. It is an attraction not only to people but to industry as well, for the latter is interested in what is good for itself and its people. Changes in our educational systems, both in buildings and in curriculum, will take place either on a hit or miss basis as necessity demands or on a more carefully planned program which can look into the future as well as care for the present.

The State of New Hampshire has in its law books provisions to aid school districts by various financial programs. It is most regrettable that these laws are not fully implemented by appropriations. In the current year, foundation aid to Pembroke was decreased by almost \$15,000, and the sweepstakes by over \$5,400, not to mention building aid, which, however, will probably be restored. We are in almost desperate need of having these items stabilized, if not increased.

Another law not yet funded would give \$45, \$60, and \$75 for each elementary, junior high school, and high school respectively if in a regional school. In a 2000 pupil school system this could mean "big money." This kind of aid is needed, particularly in those districts which are largely residential or where the taxable property per pupil is below the state average such as ours.

Federal Aid: Under Title I of Federal Law 89-10 Pembroke has been most fortunate and lucky in securing the services of Miss Nancy Clark of Concord who has a Master's degree from Boston University in remedial reading. This represents the use of such funds at its best.

Operation Headstart continues to operate for certain pre-school children, but is managed at the county level actually Belknap-Merrimack combined with classes expected to be held in Pembroke as in the previous 2 years.

Title II funds have permitted the purchase of over \$6,000 worth of audio-visual and library materials on the supervisory union basis.

Under Title III pupils within a 1 1/2 mile radius of Manchester will participate in an Arts Exposure program under the direction of Mr. James Bravar, Executive Director of the Manchester Institute of Arts and Sciences. This program is sponsored by our supervisory union. Booked thus far are a couple demonstrating folk dancing; The Goldman String Quartet. To reach every school is a matter of time and availability of performers.

We hope we will have the opportunity to make operative a stronger educational program designed to do the best for all pupils.

Your fine support of the Pembroke Schools is greatly appreciated.

Respectfully submitted,

C. MAURICE GRAY
Superintendent of Schools

January 31, 1967

Mr. George P Cofran, Chairman
Pembroke Academy Trustees
Pembroke, New Hampshire

Dear Mr Cofran:

I hereby submit my annual report as Headmaster of Pembroke Academy. This report is divided into two parts. The first part deals with a general evaluation of our curriculum and facility needs and the second part deals with our immediate plans to strengthen our program within the framework of prevailing circumstances. Any recommendations and desirable innovations projected in this report are completely dependent upon available funds and Trustee approval. It is sincerely hoped and strongly urged that the needs of the Academy, as outlined in part II of this report, be implemented.

ENROLLMENT AS OF JANUARY 31, 1967

	Grade 9	Grade 10	Grade 11	Grade 12	Total
Allenstown	18	21	19	23	81
Bow	2	0	0	1	3

Epsom	28	19	17	12	76
Hooksett	23	22	19	17	81
Manchester	1	0	0	1	2
Pembroke	56	69	49	51	225
*Postgraduate				1	1
	145	133	107	110	495

BREAKDOWN BY GRADES
OF ENROLLMENT ACTIVITY SINCE
September 7, 1966

	Opening Day	Transferred In	Transferred Out	Dropped
Grade 9	154	4	2	6
Grade 10	131	2	2	2
Grade 11	106	4	1	3
Grade 12	110	1	1	1
Post-Graduate	0	1	0	0
Totals	501	12	6	12

Total number of register entries 507

There is every indication that our enrollment will continue to grow. Projected enrollment figures using the Cooperative School Study Committee's enrollment survey for September, 1967, indicate a probable opening day enrollment figure of close to 530. As any increase in enrollment in shop, science, and home economics, presents unsolvable space problems under current conditions, it seems unjustifiable to presuppose a good educational environment for all Academy students enrolled in these specific areas without a definite expansion of existing physical facilities.

PART I CURRENT CURRICULUM EVALUATION

The current curriculum offerings at the Academy are not particularly encouraging when one is aware of the wide variety of interests and learning abilities inherent in a school population of 500 students. Our course offerings in most curriculum areas need updating and study as to their overall effectiveness in preparing our general and college preparatory students for post

secondary school responsibilities. We have initiated much study this year as to our needs and what can be accomplished to better our existing program for another year. We continue to do an acceptable job in preparing our typical college bound student but we lack accelerated courses for the especially talented student and we completely lack any of the remedial and special services that many of our general students need. Due to our lack of shop and home economics space, we offer a bare minimal program to our terminal students enrolled in these areas who desperately need the skills to compete for jobs after graduation. Our business education department continues to enjoy a large enrollment and space requirements have just about reached their maximum potential. New machines are needed to properly justify our current office practice course at the twelfth grade level. Definite areas of course alignment have to be considered in relation to the business curriculum if we are to justify and advance good curriculum transition. This is also true in many other curriculum areas now being offered at the Academy. I am firmly convinced that we are doing a good job preparing our students with our present facility and financial formula. Our staff is dedicated to the task of doing the best we can for each student but we all realize and accept that much more can, and should, be done in the immediate future if we are to justify our existence as a secondary school preparatory

PART II CURRICULUM INNOVATIONS FOR 1967-68

There are several important changes and considerations planned for introduction next year. As of this

writing, I am requesting of the Trustees an addition of three teachers to the Academy staff in order that we may better implement changes that are greatly needed.

An art program is planned for next year and will necessitate the hiring of an art instructor who will be available for at least three days per week. It is hoped that we can share the cost of such an initial program with the Pembroke Elementary System which would share the services of such a teacher

We will definitely add French I as a ninth grade elective next year thereby making it possible to add French IV as an elective at grade twelve the following year. This will give us a four-year sequence in French which has been academically feasible for a long time. We currently have a three-year sequence in French with French I not being available as an elective until the tenth grade year. We will continue to offer a three-year sequence in Latin. Any expansion of the foreign language offerings beyond what is now planned seems unrealistic in light of current facility problems. A second modern language preferably Spanish is desirable and would certainly be considered with any expansion of current plant.

Much up-dating of equipment is badly needed in the science program. It has been estimated that an expenditure of between \$4,000.00 and \$5,000.00 is currently needed to bring science programs up to where we feel they should be. Next year we plan to eliminate general science as a college preparatory requirement and to include in its place a strong laboratory oriented physical science offering. Our better students need a stronger preparation at the ninth grade level for their eventual involvement with biology, chemistry, and physics. We are also convinced that P.S.S.C. Physics should be introduced as this type of course would provide a stronger basic preparation for college work. General Science would still remain for the general student with the possibility of its being replaced with a more comprehensive earth science program the following year. We are currently reviewing the desirability

of a health and hygiene course at the 11th or 12th grade level. We feel that there is definite need for such an elective.

An almost total revision of the social studies program will take effect next fall. Three teachers will be supplemented by the addition of another full-time social science instructor thereby allowing us to offer three tracks. Civics is being eliminated as a required subject for college bound students with an in-depth history of civilization course replacing it for these students. A modern non-western history course will be offered sophomores enrolled in the college track with a specialized senior seminar course offered the more capable social studies student. A strong college oriented economics course will be offered seniors who are not selected for the senior seminar course. Other innovations include new courses in World Cultures and Contemporary Issues in tracks II and III. A new Psychology/Sociology course will be introduced as an elective for twelfth grade students in track II. Track III offerings will include Social Studies I, World History, United States History, and Contemporary Issues for those students who need remedial consideration.

It has been decided to introduce two new divisions in the math program. One division will be a new course in Pre-Algebra for those students who need an introductory approach to basic algebra. These students could then go on to elect Algebra I and, most probably, Geometry. A few might go on to success in Algebra II. Our plan is to provide the vocational and industrial arts oriented student a two-track program in math instead of the one-track which is now available to them. We will also add another division of college math at the twelfth grade level.

We will also plan to add a full-time librarian and a combination girls physical education and science instructor

These changes and innovations are possible due to the increased rate of student tuition for next year. The trustees, in recognizing our needs, have agreed to

raise our current tuition of \$520.00 to \$585.00 per student for the next academic year

IMMEDIATE FUTURE NEEDS OF THE ACADEMY

It is my opinion that the following needs of the Academy should be met within the next several years if our program is to grow. Many of these needs indicate the need for a more realistic financial budget and could, if accepted, make it necessary for a higher tuition rate each year for the next several years.

1. There is need for developmental reading instruction for all students in all grade levels and it should be made available as soon as possible. Many of our students desperately need this kind of instruction.

2. A much broader industrial arts and shop program is an absolute necessity if we are to offer the terminal student equal opportunities for preparation as we do for college preparation. Little, if anything can now be done to expand our present shop program with our current shop facilities.

3. A double-station physical education unit is needed in order that both boys and girls physical education be given equal emphasis and opportunities. This would necessitate establishing a movable partition in the gym at considerable cost. However, if such a partition were available, both boys and girls physical education could be scheduled during each period of the day thereby giving us a far more comprehensive and meaningful program than we now provide.

4. A stronger science program for the technical school and industrial arts student is desirable. There is need for general chemistry and general physics courses for these students geared to their levels of ability. Too many Academy students go into these specialized areas of technical application without exposure to some of the higher science offerings.

5. More emphasis has to be forthcoming on building a well balanced, comprehensive library. This, of course, is mainly dependent upon available funds. An increase in library funds is being asked for next year; more is

needed in the next several years.

6. An additional guidance counselor should be added to the department of one that we now have no later than the academic year 1968-69. Adequate guidance services are vital to the effectiveness of the total school program. A more realistic approach to testing, counseling, and scheduling has to become a reality soon if we are to justify the program at all. No one individual can provide these vital services to over 300 students.

7. A gradual, but continuing, up-dating of textbooks, supplies, and supplementary materials should be formulated if we are to avoid in the future some of our present circumstances. Realistic and obtainable objectives should be structured and long term budgets initiated to enable us to attain such objectives. This we must do if we are to remain competitive with other schools in our area. Tuition rates must be established that will allow us to continue improving and upgrading our educational services.

8. We desperately need more adequate locker facilities for both girls and boys in the physical education program. Our showering facilities and locker space is no longer adequate to serve a student body of 500 especially in light of our desire to expand the program.

9. The Academy should provide more comprehensive medical services to the student as part of its program to serve area youth. The only students who receive routine medical examinations by a doctor are our athletes. We do test hearing and eyesight along with height and weight checks. These latter services are provided by a part-time school nurse. The services of a school doctor could add immeasurably to the overall health posture of our student community. Serious consideration should be given to this all important area of student health.

10. A realistic approach to teacher salaries has to be one of continuing concern. We are making an effort to bring our teachers up to comparable levels in com-

parison with other schools our size. Last year a total of ten teachers left the academy. Eight left for positions that paid higher salaries. If this pattern is to continue, more consideration has to be given to this problem of salaries. There is no more upsetting influence in any school program than to lose a large number of professionally competent staff. When we lose too many teachers, we lose stability and course transition and direction are apt to suffer.

CO-CURRICULAR OPPORTUNITIES

We continue to offer a wide variety of co-curricular opportunities. We have initiated freshmen boys basketball team, a girls junior varsity basketball team and a freshmen cheerleading squad. These teams, in addition to both boys and girls varsity and junior varsity sports, further increase the opportunities for our young people to become actively involved in sports. Dramatics, public speaking, band, chorus, and many other activities are available to Academy students. Special emphasis is being given band and chorus this year and definite signs of growth are evident.

CONCLUSIONS

This is my first year as Headmaster of Pembroke Academy. During this first year we have faced many problems relative to education. Although much of this report has been devoted to needs of the Academy, I do not wish to, in any way, give the impression that Pembroke Academy has few advantages. This is not the case. The Academy has many positive advantages and these positive advantages make it all the more important that we objectively realize our problems and plan to overcome them, for Pembroke Academy has long served our communities well. There are many things that we are doing extremely well. It is now our responsibility to project our needs into the future and to work diligently to provide a better education within the means of our ability to do so.

It is my considered opinion that the formation of a cooperative school district is the most practical and sensible way to meet the needs of education for our area. If the four towns currently involved in a study agree, then many of our existing problems will be short-lived. If the Academy continues to exist in its present form, then a much different financial formula for existence must be accepted and implemented.

It has been very rewarding to work with a faculty as competent as the one which serves at Pembroke Academy. It seems unfair that we should have to limit their effectiveness in some areas by some of the problems which beset us. However, most schools have problems and it is by working together to overcome them that the true potential of the school's programs are established. We continue to enjoy the best secretarial services in the State, and the knowledge and competency that Mrs. Atwood brings to her job as Secretary makes her an invaluable part of the school program.

I wish to take this opportunity to acknowledge with thanks the close cooperation and help that Mr. Gray and Mr. Schoepf have consistently made available. I also wish to thank teachers, students, and parents for their cooperation throughout the year. A special thanks to the members of the Pembroke Academy Board of Trustees for their utmost consideration and continuing concern for providing the highest quality of secondary education possible for the young people of the area. Many of the needs outlined in this report have already come to the attention of the trustees and their individual and collective concern will, I am sure, provide answers to many of our problems.

Respectfully submitted,

William H. Marston
Headmaster

ANNUAL REPORT OF THE PRINCIPAL OF PEMBROKE ELEMENTARY SCHOOLS

Enrollment:

September 1 1966	Grade	1	71
		2	68
		3	59
		4	70
		5	65
		6	65
		7	54
		8	64

516 - 21 classes

We began the school year with 516 students, an average of 24 per class, which gave the teachers a fair opportunity to work with each child. By January we had 548 students. According to the census report, incoming classes will be larger. It is desirable to keep the average class size low as has been done in the past.

This enables students to be given more individual attention by the teacher. With 25 students in a 50 minute class, a child having difficulty would be allowed little time for individual help. Additional classroom space will be needed in the near future if we are to maintain the present level of instruction.

Curriculum:

A new reading series was introduced this year. The Modern Math series is now in its second year. Foreign language has been introduced in the eighth grade on a trial basis. A remedial reading teacher was hired in November to work with small and individual

groups having difficulty in reading. This program was supported by government funds. Money has been budgeted to help us continue improvements and additions in the subject matter areas. We hope to share an Art teacher with Pembroke Academy during the 67-68 school year.

Library improvement has been continued. All books have been catalogued. Purchasing and lending procedures have been organized. Mr. Ronald Lanseigne has devoted many hours to this valuable project.

Music and intramural sports were continued. It would be desirable to extend physical education beyond the limits of our intramural program.

Health.

Our nurse is shared with the academy on a four day week. All absentees are checked upon their re-entering school. Sick or injured children are transported by the nurse. Health records are maintained on each child. Our eye and ear testing program has been greatly improved with Mr. Hascal Stimson's approval of the Suncook Bank's gift of a machine to test hearing.

Maintenance

This has been our greatest problem this year. Proper sanitary janitorial work is necessary and costly. Elementary children re-enter the building three times a day bringing in much dirt each time. A conscientious janitor wants a clean building and a livable wage for this rugged work. Therefore, the custodial salaries have been raised and a part time person added.

Our uncontrolled heat has been a costly problem. Individual thermostats have been installed at the Elementary School to correct this situation.

School Home Relations

The teachers have offered two programs to give parents an insight into what really goes on each day inside the classroom. In October many parents attended an evening open house. In November each parent was invited to a twenty minute individual conference with their child's teacher. Over 80 per cent of our parents attended. We are grateful to the parents for the excellent cooperation received from them this year.

Salaries.

It is hoped that in the future Pembroke parents will continue to support salaries that will enable us to secure educated, experienced, qualified, enthusiastic teachers.

The good teacher will be won by the better salary. The poorer salary will hope to win the left over teacher. Parents have shown that they agree that starvation of the mind is as costly as starvation of the body.

With changes in education moving so rapidly we can not and will never find any building or text book that will replace the good teacher.

Overview:

Parents provide the children and the money. Educators provide the education and desire to return the best education possible to the children. Parents have shown their desire for improvement and not stagnation in the educational movement. In the future we hope to fulfill your desires for a physical education instructor to give these fast growing youngsters the exercise they no longer get from chores and long walks to school.

We need a guidance person to test and help your children to meet their problems and realize their capabilities. We know you want to develop confidence in these future citizens and strongly suggest the importance of a dramatics program. The teachers, and I agree with many parents who recognize the urgent desperate need for a public school kindergarten under one unified program, for children of all economic levels.

During this my first year in Pembroke, I have found the educational program one in which I am proud to be associated. Parent representatives on the board have shown a true interest in the children of Pembroke. An enthusiastic faculty, experienced advice from our Supervisory Union Administration and the excellent professional attitude of our secretary Mrs. Lucie Hillman combine to provide an active educational staff.

Respectfully submitted,

Arthur L. Mitchell, Jr
Principal

Board of Water Commissioners
Pembroke Water Works
Pembroke, New Hampshire

We have examined the financial statements of the Pembroke Water Works for the year ended December 31, 1966. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We were not present for the inventory taking.

In our opinion, subject to the foregoing exception regarding the inventory, the accompanying financial statements present fairly the financial position of the Pembroke Water Works at December 31, 1966 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

BUDGET COMMITTEE

PEMBROKE PLANNING BOARD REPORT

Reporting on the activities of the Board for the past year, we find that the most important contribution made was the successful effort in obtaining the properties along Crescent and Central Streets for the purpose of creating a municipal parking lot. The structures were purchased for the price stated at the 1965 Town Meeting. Demolition of the building and preliminary grading of the area was made under the direction of the Bd. of Selectmen.

The Board met at least one or more times a month during the year and took up problems facing the community and brought to the attention of the Board by Town officials and other residents. Many requests were received by individual members of the Board to again sponsor a zoning ordinance which would effect the unzoned portion of the Town. Steps to proceed with the proposal will be considered following the coming Town Meeting.

We recommend at this time that the town adopt a building permit regulation in order to protect the revaluation of property which is now in the process of being completed by the State Tax Commission.

We further recommend that the sidewalk program undertaken in 1961 be continued as follows; 1967, Prospect St., from rear of Methodist Church to Pleasant St.; 1968, Buck St., from Smith's Service Station in an easterly direction as far as the appropriation will last; 1969, South side of Pembroke Hill from Pembroke Street to Perley Avenue; 1970, North side of Pine St.

Respectfully submitted,
Edgar G. Bellerose, Chairman
Martin Ferry, Secretary
Joseph W. Boudreau, Jr., Treasurer
Honore Bonenfant, Bd. of Selectmen
William R. McMaster
Oscar Plourde
Redmond Carroll
