TOWN WARRANT

STATE OF NEW HAMPSHIRE

(L. S.)

To the inhabitants of the Town of East Kingston in the County of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said East Kingston on Tuesday, the eighth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

3. To see if the town will vote to raise the sum of $200.00 to repair and paint the inside of the town hall, and make appropriation for same.

4. To see if the town will vote to raise $300.00 (to be expended under the supervision of the Selectmen), to widen roads preparatory to the use of snow plows, and make appropriation for same.

5. To see if the town will vote to raise the sum of $100.00 for the library, and make appropriation for same.

6. To see if the town will vote to raise a sum of money for Memmorial day, and make appropriation for same.

7. To see if the town will vote to raise a sum of money for Union and Old cemeteries, and make appropriation for same.

8. To see if the town will vote to raise a sum of
money for the control of White Pine Blister Rust, and make appropriation for same.

9 To see if the town will vote to raise the sum of $25.00 for Meeting House Green Association, and make appropriation for same.

10 To see if the town will vote to raise the sum of $1500.00 for trunk line maintenance, and make appropriation for same.

11 To see if the town will raise and appropriate the sum of $3000.00 toward the construction of the New Hampshire College road from Tilton's Hill to the Kensington town line, the same to remain in the treasury until such time as the state is ready to go ahead and complete said road, the same not to be available toward any partial construction of the road.

12 To transact any other business that may legally come before the meeting.

Given under our hands and seal, this eighteenth day of February, in the year of our Lord nineteen hundred and twenty seven.

JOHN C. HILLIARD,
CHARLES A. RICHARDSON,
ORSINO S. GILES,
Selectmen of East Kingston.

Report of the Board of Heath of East Kingston, N. H.
January 10, 1927

The Board of Health wish to submit the following report.

We have been very fortunate in having only seven cases of scarlet fever during the year.

At the time when some of these cases were at their height the school board united with this board and all schools were closed and fumigated. Places of public entertainment and worship were closed. Families having cases of this disease were confined as close as possible to their homes.

The State Board of Health reported a dump from which came a bad odor. This was immediately investigated and cared for by burning. We regret that this was reported to the State Board of Health rather than to us as it reflects upon us.

We wish to thank the citizens of East Kingston for
the united efforts they have given us in helping to stamp out that which mars the health of our citizens.

We want to thank Dr. C. P. F. Joyce for his prompt report of all contagious cases to the Board of Health; also the district nurse who called on the board, offering advice and services; also any and all who have assisted to make East Kingston a healthy place to live in.

Let us have your cooperation in the future.

FRANK A. J. AVERY,

Health Officer.

January 18, 1927. School Board of East Kingston
ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

February 8, 1927.

To the School Board and Citizens of East Kingston:

Herewith I submit to you my seventh annual report as superintendent of schools.

MORE RELIABLE REPORT CARD MARKS

Short weekly standardized tests in reading and arithmetic, grades 3 to 8, are now supplied to the teachers. These same tests have been given to very many pupils of the corresponding grades in many other towns and cities, and there is a record of the scores made by the pupils of each grade. By comparing our pupils' marks with those made in the other towns and cities, our teachers have a reliable guide for judging just what quality of work our pupils are doing.

ASK TO SEE THE NEW ARITHMETIC PRACTICE EXERCISES

This year the schools have been supplied with some new practice exercises in arithmetic. They are bound into pamphlets and are called "The Arithmetic Work Book". We are expecting them to assist in raising our arithmetic work to a higher standard. They are for grades 3 to 8.

MORAL INSTRUCTION IN THE SCHOOLS

The religion of behavior and conduct includes the principles of honesty, reverence, kindness, courage, temperance, fair-play, justice, thrift, industry, etc., including many other such characteristics.

In our efforts to build those principles into the char-
acters of our boys and girls the following measures are taken:

1 No teacher is given a license to teach in this state whose moral character has not been certified to by three persons, and her license is permanantly taken away if immorality is proved.

2 The Bible or Bible stories may be read in the morning exercises.

3 The morning session is opened with prayer.

4 Inspirational poems or psalms are memorized.

5 Reading books are chosen that have some character-building material.

6 Books describing the lives or accomplishments are added to the school library.

7 The teacher in her class-room discipline and playground supervision attempts to require the pupils to follow those principles of behavior in their school life.

8 Various other ways, as stories told, discussions, dramatizations, etc.

The above principles in the religion of behavior are common to all creeds, hence should be taught in the public schools.

The religion of belief is sectarian; its principles vary according to the denomination of the church. Hence, these should not be taught in the public schools, but reserved for the Sunday school and home. They include such items as the following:

1 Must a person be baptized in order to be acceptable to God?

2 Was Jesus a divine being, or was he a perfect man?

3 Is it true that Jonah was in a whale three days?

4 Will Christ return in person to rule on earth 1000 years?

5 Did Peter really found the church in Rome?

6 Did the crucifixion of Christ relieve us from the consequences of our own sins?
SCHOOL OBSERVANCE OF HOLIDAYS

Labor Day, Columbus Day, Armistice Day, Thanksgiving Day, New Year's Day, Washington's Birthday, Fast Day, Flag Day, Memorial Day and Arbor Day are the ten holidays that occur while the school is in session.

In New Hampshire seven of these are so-called "legal holidays". The term "legal holiday" does not mean that schools must not keep, or that factories, stores and banks must be closed; it merely means that if a check or note is so dated that it falls due on that holiday, it cannot be collected until the next succeeding business day.

To close a school on each of the ten holidays would shorten each pupil's school year by two weeks.

Columbus was a deep student of geography and mathematics. It is quite certain that he would prefer our children to celebrate his discovery of America by regular attendance at school where special attention would be given to his courage, perseverance and life, and their knowledge of geography and mathematics increased by loyal work in their regular lessons.

He would not prefer that the schools be closed and that the pupils spend the day in idleness.

A similar argument applies to nearly all the other holidays.

IMPROVEMENT IN WRITTEN ENGLISH: SINCE 1921

The following shows the number of errors per 100 words made in the mid-year written composition test in 1921 and in 1927. The center column gives the number of errors per 100 words.

Each figure at the right or left represents a pupil of that grade. For example, the 8, 8 at right of 0 errors means that two 8th grade pupils each made 0 errors.
