THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Warren in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Warren on Tuesday, the 13th day of March next, at nine of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear the reports of Selectmen and other Town Officers and pass any vote relating thereto.

4. To raise and appropriate money to maintain highways and bridges, and take any vote relating thereto.

5. To see if the Town will vote to accept State Aid for Class IV and V roads and raise and appropriate or set aside for said purpose the sum of \$339.19, the State to contribute \$1,660.81.

6. To raise and appropriate money for Fire Department.

7. To raise and appropriate money to maintain street lights.

8. To raise and appropriate money for Town Library.

9. To raise and appropriate money for cemeteries.

10. To see if the Town will vote to raise and appropriate money to make water available in the Glencliff Cemetery.

11. To see if the Town will vote to install one or more street lights along Route 25 between its junction with Route 25C and the Fire Station, and raise and appropriate money for same.

12. To see if the Town will vote to install one or more street lights on Studio Road, and raise and appropriate money for same.

13. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the care of trees.

14. To raise and appropriate money for town welfare, old age assistance and soldiers' aid.

15. To raise and appropriate money for parks and playgrounds, including band concerts.

16. To see of the Town will raise and appropriate the sum of \$118.19 for the White Mountain Region Association.

17. To see if the Town will raise and appropriate the sum of \$100.00 for the benefit of the Sceva Speare Memorial Hospital.

18. To see what sum of money the Town will vote to raise and appropriate for maintenance of the Town Hall and Municipal Building.

19. To raise and appropriate money for the maintenance of the Town Dump.

20. To see if the Town will vote to observe Old Home Day, and raise and appropriate money for the same. 21. Shall the provisions of Chapter 117A of the Revised Laws relative to playing beano be adopted in Town.

22. To see what sum of money the Town will vote to raise and appropriate for Civil Defense.

23. To see what action the Town will vote to take in planning for the bi-centennial celebration of the Town in 1963, raise and appropriate money for said purpose, and place said sum in the capital reserve account already established for this purpose.

24. To see if the Town will vote to purchase a suitable power mower for use at the ball park and on any Town property where such use is desired.

25. To see if the Town will vote to establish a trust fund with money derived from the sale of cemetery lots, the income from which shall be used in the general care of the cemeteries at Warren and Glencliff.

26. To see if the Town will vote to grant a discount on property taxes of 1962, and determine the date and percentage of the same.

27. To see if the Town will vote to continue the use of the non-partisan ballot in electing Town Officers in 1963 or in any subsequent years.

28. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

29. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 12th day of February in the year of our Lord nineteen hundred and sixty-two.

> THEODORE MARSTON WALLACE MCNAMARA SIMEONE ALESSANDRINI,

> > Selectmen of Warren

REPORT OF

LOCAL CIVIL DEFENSE DIRECTOR

During the past year we had little activity. We participated in one state wide drill which was termed successful here.

I have on hand orders for various types of equipment. Although I have not been successful in obtaining any, I note that our neighboring town of North Woodstock has received a fire truck, and therefor that gives me hope that in the not too distant future we may be as fortunate.

I wish to thank those who participated in the state wide drill and the townspeople for observing the regulations during the drill.

RODERICK A. LAMOTHE,

Local Civil Defense Director

FLOYD R. RAY, Fire Chief

Report of Calls of the Warren, N. H.

Volunteer Fire Dept., Year of 1961

- Jan. 4 Spurgeon Ames, Chimney Fire
- May 1 Paul Merrill, Chimney Fire

Feb. 2 Leo Doucette, Flooded Oil Burner

June 9 Fred Ames, Boiler Room, Bobbin Mill

Dec. 28 John MacDonald, Chimney Fire

The number of fire calls for the Dept. hit a near all time low this year, with five fire calls. This is about 50 per cent of usual yearly calls.

The members of the Dept. are now shopping for a two way radio communications system, that can be inexpensively installed.

Out of the \$500. budget for 1961, only \$221.03 was used, turning back to the General Fund an unexpended balance of \$278.97. At the same time we have bought 250 Ft. of $2\frac{1}{2}$ inch hose to build up our supply.

No Forest fires or Floods plus, we like to think, good prevention practices, during the past year make less calls to the Department.

FLOYD R. RAY, Fire Chief

AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninetyeight percent of our forest fires result from human carelessness — our carelessness. This, we — you and I can do something about.

When we require you to obtain a permit for outof-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

- 1. Follow the warden's directions.
- 2. Secure the required burning permit.
- 3. Keep your fires under control.
- 4. Completely extinguish your fires before leaving them.
- 5. See that your children are properly cautioned.

Everyone will benefit by it.

1961 Fire Record

Number of fires 0 Number of permits issued 36 Number of acres burned 0

During 1961, the State of N. H. removed certain Investment Funds from the list of legal investments that could be held by Trustees of Trust Funds. Among these was "Incorporated Investors Fund." Therefore the Trustees sold their 1,534 shares of stock invested in this fund for the amount of \$13,253.76, realizing a profit of \$4,075.26. A short history of this investment is as follows:

In 1953, the Then Trustees of Trust Funds invested \$9,000.00 in Incorporated Investors Fund, and a short time later took extra stock as Capital Gain in the amount of \$178.50. Thus the total investment was \$9,178.50. During the following years the Fund paid a Capital Gain of \$5,398.11 (Capital Gain by law becomes part of the fund and cannot be spent as income.) This Capital Gain has been taken in cash and deposited at interest in Savings Accounts. In addition the Fund has returned 3 to 5% of spendable income each year.

After selling the 1,534 shares of Incorporated Investors Fund for \$13,253.76 and purchasing 669 shares of Puritan Fund and 180 shares of Fidelity Fund at a total cost of \$9,446.13 the balance of the proceeds was placed in the Capital Gains Savings Accounts. Thus it can be seen that \$9,205.74, or slightly more than the original investment has now been returned to Savings Accounts, and that any risk involved in owning stock has been removed. In addition, we now own new stock in the amount of \$9,446.13. This again is slightly more than the original investment.

SOUTH MAIN STREET WATER DISTRICT

Warrant for Annual District Meeting

To the Inhabitants of the South Main Street Water District in the Town of Warren, State of New Hampshire, qualified to vote in District Affairs:

You are hereby notified to meet at the home of Arthur L. Hight in said district on Friday, March 30th, 1962, at 7:30 in the evening to act on the following matters:

1. To choose a moderator for the ensuing year.

2. To choose a clerk for the ensuing year.

3. To hear the reports of the officers heretofore chosen and pass any vote relating thereto.

4. To choose a treasurer for the ensuing year.

5. To choose an auditor for the ensuing year.

6. To choose one District Commissioner for a term of three years.

Given under our hands and seal this 29th day of January in the year of our Lord, one thousand nine hundred and sixty-two.

> EARL B. LIBBEY, Jr. ARTHUR L. HIGHT EVERETT GOODWIN

> > District Commissioners

In contrast with the financial condition of our precinct a year ago, we find that we are now unable to meet our financial obligations without additional in-The extreme and prolonged cold weather of come. January and Feruary 1961 proved very costly for the precinct. Not only were the Commissioners forced to borrow \$900 but continuing breakdowns resulted in expenses which have kept a low bank balance. We could probably gain some consideration from the Concord Savings Bank in the form of delayed pavments on loan installments but such procedure is not financially sound and costs increased interest. The payments are due in February and in July and we can anticipate asking for a postponement in payment in both cases and we certainly can not expect to delay these payments into 1963.

The anticipated expenses as shown in this report are conservative and probably underestimated. Plans have been made to extend the main lines to the new channel of Baker River to provide draining facilities, and this work will cost something as well as the installation of shut-off facilities along the new road. The only alternative to an increase in rates is a series of special assessments which would probably not be as easy to justify as an increase in rates.

The action of the precinct last March in voting a stipend of \$100 for general maintenance of the system was a prudent step in insuring constant and interested care and attention. This responsibility has been well discharged and everyone in the precinct should be grateful that it is being done for such a small sum of money.

It is very important that all persons within the precinct attend the annual meeting and to be acquainted with the precinct problems. It is also important that suspected or known leaks, freeze-ups or any malfunction of the system be reported at once to the Commissioners.

THEODORE MARSTON, Treasurer

REPORT OF AUDITOR

I certify that I have examined the records of the Treasurer of the South Main Street Water District for the year 1961 and find them correct.

> JOHN H. NICOL, Auditor

REPORT OF HEALTH NURSE

47 Main Street Plymouth, N. H. December 29, 1961

Office of Selectmen Warren, N. H.

Dear Sirs:

The following is a report of the activities conducted in the town of Warren, by the N. H. Department of Health, Bureau of Public Health Nursing, for the year 1961. Please have printed in your town report.

A Tuberculin Sterneedle Test was given at the school to Grades 1 & 8 on March 7th, by Dr. William Prince, Director of Communicable Disease of the N. H. Department of Health. He was assisted by Mrs. Lois Reed, R. N. of the N. H. Department of Health and Mrs. Muriel LaMott, R. N., School Nurse. The reactors to this test were followed through by having Chest X-rays at Plymouth on April 7th at the clinic conducted by the N. H. Tuberculosis Association and the N. H. Department of Health. These chest x-ray clinics are held in the Spring and Fall and Warren residents are welcome to attend.

A series of three Immunization Clinics were held in Warren on the following dates: June 13th, July 11th and August 15th. The following Immunizations were given by Dr. Nicholas Deely of Glencliff Sanatorium assisted by Mrs. Lois Reed, R. N., Mrs. LaMott, R.N., and local clerical assistance.

Salk Vaccine	1st	2nd	3rd	Boosters

Double Toxoid				
(Diphtheria & Tetanus)				
6-9 years	2	2		18
Smallpox Vaccinations				
1-6 years	40			
Physical Examinations				
Under 1 year	2			
1-5 years	18			
6 years plus	1			
Total	21			

The above Immunization Clinics were also attended by children from surrounding towns. My sincerest thanks for the use of the Methodist Church Vestry and the use of the Moosilaukee Medical Center for these clinics. My sincerest thanks also to the efficient group of ladies who assisted in the clerical work and the cooperation of Mrs. LaMott, the school nurse. All of the above contributed greatly to the success of the program.

Home calls have been made in the town by the Department of Health Nurse, on babies and preschool children. Arrangements have been made for children to attend the Pedriatric Heart Clinic, Mental Hygiene Clinics, Crippled Children's Clinics and others. Follow-up visits have been made in the home following the clinic visits. Assistance has also been given to families through the N. H. Sight Conservation Program.

The families in Warren are welcome to call upon the nurse at anytime that she can be of assistance in their health problems.

Respectfully submitted,

LOIS B. REED, R. N., Public Health Nurse, N. H. Department of Health

64

At this time each year, taxpayers become more conscious of the town's financial status than at any other time except when tax bills are presented. It is a well known fact that the action taken at the annual Town and School Meetings determines the amount of tax to be collected. Budgets are prepared with care and deliberation but there are occasional circumstances, completely unforeseen which upset the projected spending plans. During the past year we experienced a few instances where anticipated income did not approach previous estimates and where expenses exceeded previous estimates. Some one has said "an estimate lies somewhere between a fond hope and an educated guess." Actually estimates are based upon information from the source of income or from previous actual revenues. During 1961 we experienced a loss of revenue to the School from State sources and an increase in our County Tax. The State Tax Commission made a new assessment and set a higher equalized valuation. This is the basis for apportioning a large part of our State Aid for Schools. It is anticipated that the Tax Commission will make a new assessment this year, providing the Selectmen can complete a re-appraisal of their own. If this is done no taxpayer will experience any increase in property assessment without due notice and consultation. No final plans for re-assessment have been made, but such a program is under consideration. Needless to say the Tax Commission is urging it.

A glance at this year's proposed budget should serve as a guide in raising money at Town Meeting. It should be noted that street lights will cost more but we are actually getting far more light per dollar than ever before. With new lights necessary along the route of the new construction, the White Mountain Power Company gave the Selectmen the opportunity to install what we now have. To have turned it down would probably have meant that the new lights could not have been installed in the foreseeable future. The bi-centennial committee has had two profitable meetings. A few basic plans have been suggested by members of that group, but the committee feels that detailed plans and ideas should come from the people of the town. It is hoped that a lengthy and profitable discussion will take place at Town Meeting under an appropriate article and that some definite plans will be formulated at that time.

In connection with the above subject, it is gratifying to note the growing interest in the 1963 celebration. A very special expression of appreciation is due Mrs. Nettie Brown for many hours spent in searching out town records of deeds, mortgages, etc., which is a very painstaking and time consuming work. She has copied some of these to facilitate reading and will continue to locate and identify more records which the town needs and should be careful to preserve for the future.

It has been suggested that some extra work be done in the oldest section of the Village Cemetery and it is probable that some money can be made available for such work without appropriation.

Some survey work has been done by the U. S. Soil Conservation Service relative to building some structures in the Baker Valley, designed to alleviate the ever present danger of flooding. This work is authorized under Federal Public Law 566 known as Small Watershed Protection and Flood Prevention Act. Some local meetings have been held and more work will be done. If plans are approved the cost will be borne by the Federal Government. At this time it is anticipated that one or more flood control structures may be built within the town. If flooding can be controlled, much additional land will become agriculturally valuable by reason of ending much erosion and sedimentation.

We should certainly welcome the survey of Mt. Mooselaukee as a possible site for the development of a ski area. The Governor and Council have authorized the survey for 1962 and money for this work has been allotted for it. Our thanks to Executive Councilor Philip Robertson of North Conway for initiating this work, and for his interest in it. A development on the Mountain would benefit us in many ways, not the least of which would be an accelerated highway improvement program and increased business generally.

The Beech Hill T. R. A. project was paid off in 1961. Consideration of another project is in order this year. The State Highway Department has recently estimated a top figure of \$10,000 for the Studio Road, and a figure of \$13,500 for the road from Route 25 to the dump. These two projects are equally worthwhile and the adoption of one or the other should be seriously considered.

In conducting a Town Meeting the rules of procedure are sometimes confusing and in some case misunderstood. This is particularly true when the meeting seeks to "kill an article." The following brief explanations may be of some help.

- 1. "I move that Article be laid on the table." This motion is not debatable. Its purpose is to suppress temporarily any action on the article. Any amendments are included in such a motion. It is used to accelerate the business of the session. Such a motion must be seconded and cannot be made when any member of the assembly has the floor. However consideration of the article may be resumed by a majority vote. It is usually used to enable its sponsors or supporters to obtain more information for the assembly.
- 2. "I object to the consideration of Article ." This motion is not debatable. It may be made before any motion or after a motion is made. This motion cannot be amended and need not be seconded. If sustained by a majority vote, the article cannot be considered at that meeting.

3. "I move we postpone indefinitely Article — ." This motion is debatable. The object is to reject the article after a motion has been made on it without incurring a vote on that motion. This type of motion cannot be amended and is out of order if someone has the floor. It can be applied only to a main question and cannot be applied but once to any one question.

In reference to No. 1 any business "laid on the table" may be reconsidered providing some other business has been considered and voted upon. A 2/3 vote of the assembly reopens any business for reconsideration.

As in past years, your town officers have mostly demonstrated sincerity and faithfulness in discharging their responsibilities.

SCHOOL WARRANT THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Warren qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 10th day of March, 1962, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To chose a member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the district.

6. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.

7. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town. 9. To see if the district will vote to raise and appriate the sum of Seven Hundred Dollars (\$700.00) as a Deficiency Appropriation to cover unanticipated high school tuition.

10. To see what sum of money the district will vote to raise and appropriate for the support of the school lunch program for the ensuing year.

11. To see if the district will vote to raise and appropriate the sum of \$200.00 for the support of a dental clinic for the ensuing year.

12. To see if the district will vote to raise and appropriate the sum of \$100.00 for the support of a physical examination program for grades 1, 4, and 7.

13. To hear the report and recommendations of the committee investigating the School heating system, and take any vote, or raise and appropriate any money relating thereto.

14. To transact any other business that may legally come before said meeting.

Given under our hands at said Warren, this 8th day of January, 1962.

1961-1962

The elementary school enrollment is the same as last year.

An unpredictable increase in the high school registration has caused the budget item of \$12,000.00 for High School tuition to be over-expended by \$915.00. Increased tuition rates per pupil is also reflected in this amount. However, by economizing on other items, the special article in the warrant for a deficiency appropriation of \$700.00 is deemed sufficient to balance the budget for this school year.

Mrs. Earl Libbey, formerly teaching in grades five and six, was unable to resume teaching in September and, as of this date, is still absent. Mr. Eric Swanfeldt, local pastor, is substituting in these grades. Mr. Swanfeldt is a graduate of Harvard College with a B. A. degree. He is also a graduate of Harvard Divinity School. His efforts to assist in the capacity of teacher is greatly appreciated.

The school is fortunate to have the leadership of William Hagner as principal, as well as the dedicated teachers on his staff. The Board accepted the resignation of Mr. Young as janitor. Mr. Edward Whitcher was employed for the 1961-1962 school year. His work has been most commendable. His interest in his work is that of a coworker. An example of this was shown when he installed a miniature village scene, complete with electric lights, at Christmas time for the enjoyment of the pupils in Mrs. Pike's room, as well as for others in the building.

Another service which has developed into a fine program since the "hot chocolate" or "hot soup" days of 1950 is the Warren lunch program. The lunch operators, Mrs. Margaret Whitcher, supervisor, assisted by Mrs. Moody, have produced consistently fine meals. The difference between having sufficient funds with which to work, and having to economize by serving less palatable food, is usually the difference between a fair program and an excellent one. The district's support last March was very commendable.

The functions of the educational systems of the '60's are quite different from those of the '20's.

*"Forty years" holds a different meaning for each of us, depending on our vantage point. In retrospect, we must concede the unreliability of memory, but we may also rationalize that the intervening years have brought important changes and significant improvements — both in the schools and in society as a whole.

In broad terms, the major changes in the schools during the past four decades have developed in a setting of great social and economic change. The automobile, a mobile population, high standards of material living, working mothers, television, and increased leisure are illustrative of new ingredients in the complex social recipe for rearing children.

Changes in the school's physical plant and equipment are evident from observation. The Rip Van Winkle school administrator of 1921 would marvel at the increased size of school buildings and the space for work and play. The principle that learning is affected by one's attitude toward learning and the atmosphere in which it takes place now extends to school construction. Children and human nature have changed very little during the last 40 years.

Recognizing the educational lag and the wide diversity in classroom procedures, let us list some general trends in the classroom:

1. Recognition that children learn and are not "taught" in the usual meaning of the word has altered classroom procedures. Learning is an individual matter.

2. Learning is best achieved, whenever possible, through problem solving, use of children's interest, and actual situations in which knowledge is functional. Real learning is a process of changing behavior.

3. The importance of understanding individual children to provide better educational opportunities for them has captured the thinking of modern teachers.

4. Schools use standardized tests, record the results, analyze the data, and apply the findings in guiding children to an extent undreamed of 40 years ago.

5. Use of increased amounts and kinds of instructional materials of multilevel difficulty. Provision for individual differences through a variety of purposeful activities based on units, problem solving, and research. Identification of and provision for groups of children such as the gifted and the retarded.

The overall picture in respect to both school organization and classroom procedures has been one of development and improvement. If we could view the future in a crystal ball, the educators work would be much easier. That is not possible. But we do know that the next 40 years will bring accelerating change far beyond the scope of the years from 1921 to 1961. The past and the present give us our vantage point for the challenge of the persistent future. *Nat. Elem. Prin.

The continued support of the voters, the conscientious development of policy by the school board, and the continued cooperative efforts of the professional staff are recognized and appreciated.

The report of Mrs. Muriel LaMott, R. N., follows.

Respectfully submitted, PHIL A. BENNETT Superintendent of Schools

Orthopedic: June 22, 1961 P	upils Attending: 2
Routine vision and hearing tes	ts were completed

Routine vision and hearing tests were completed and referrals made when necessary.

The Union Audiometer was destroyed by fire at the Woodsville Graded School January 12, 1961. The Woodsville Cohase Lions Club voted to donate a new audiometer to the Union and this machine was delivered just before school closed in June 1961. The new audiometer is light and compact, making it much easier to carry and store. With it, either ear can be tested by turning a switch on the instrument panel giving a saving in time needed for testing.

I want to thank each person that helped make our Fall Dental Clinic a success. All clinic records were lost in the Woodsville fire and I am unable to recall the names of persons providing transportation but I sincerely appreciate the time and use of automobiles donated by interested parents and friends. Mrs. Pike again did a splendid job of arranging the transportation sponsored by the P. T. A.

In May, grades 1, 4, and 7 were given physical examinations at the Health Center by Dr. Dooley. I I want to thank Mrs. Bemis and her committee for assisting with these physicals.

I want to thank Mr. Bennett, Mr. Hagner and his staff, the parents and pupils for their cooperation in all the school health programs. I also want to thank Mrs. Lois Reed for her clinics held in Warren.

Respectfully submitted,

Muriel LaMott, R. N.

School Nurse
