REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Westmoreland:

I herewith submit my third report as Superintendent of Schools.

ORGANIZATION AND ENROLLMENT

Changes in the teaching positions were made as follows:

Miss Laura Edney was transferred to the Corner school. Miss Emily Atherton was elected to teach the upper grades at East Westmoreland. Miss Atherton graduated from Keene Normal school in 1934. Miss Lois Morrison, Keene Normal school, 1935, was elected to fill the vacancy which was caused by the resignation of Miss Gordon.

Standard achievement tests in all the fundamental subjects were given to the pupils in grades five to eight inclusive. Standard graduation tests were administered to the eighth grade pupils previous to graduation. The results of the tests were tabulated for purposes of comparison and indicated that the pupils generally were doing satisfactory work for their grades.

The testing program this year is principally diagnostic in nature. The purpose is to diagnose difficulties and weaknesses which may occur in fundamentals. The results are to be used as a guide to instruction and as a basis for remedial work. In each school a program for remedial work will be developed in accordance with the needs of the pupils as indicated by the results of the tests. Attention will be given to individual as well as to group needs.

The teachers attended the sessions of the State Teachers' Convention and at the Institute for Rural Teachers held at

Sullivan. General letters containing specific suggestions in class and school management have been issued. A professional library of fifty-eight volumes is being circulated from the superintendent's office. The library consists of books dealing with class management and teaching problems.

I wish to express appreciation to the several Parent Teachers Associations for their continued interest manifested in contributions to the work and equipment of the schools.

Hot lunches are being served during the winter months in all of the schools.
