STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Lancaster qualified to vote in the Town affairs:

You are hereby notified to meet at the Town Hall in said Town on the second Tuesday of March next, at 10 o'clock in the forenoon, to act upon the following subjects:

1. To choose a Town Clerk for the ensuing year.
2. To choose one Selectman for three years, a Treasurer, a Prosecuting Agent, one Trustee of trust funds for three years, three members of the Col. Town Spending Committee for three years and one member for two years and one member for one year, and other necessary officers for the ensuing year.
3. To see what sum of money the Town will vote to raise for the following purposes:
 - First: To meet current expenses of the Town and apply on the principal and interest of the Town debt.
 - Second: For Highways and Bridges, Town Maintenance, State Aid Maintenance, Permanent Roads.
 - Third: For building and repairing Sidewalks and Sewers.
4. To direct how money raised for any of the above purposes be expended.
5. To see what action the Town will take in regard to an act for State Aid and for the expenditure of other public moneys in the permanent improvements of main highways throughout the State, passed Feb. 5, 1925, and amendments thereto, and raise money for the same.
6. To see if the Town will instruct the Selectmen to apply for Federal and State Aid and direct how money shall be raised.
7. To see what action the Town will take in regard to the purchasing of the Pilot Signals on Main Street, and raise money for the same.
8. To see what action the Town will take in regard to the disposition of the "Old Library Building."
9. To see what action the Town will take in regard to plowing any or all roads and to raise money and acquire machinery for same.
10. To see what action the Town will take in regard to constructing a break-water for Mechanic Street at the Israel River and appropriate money therefore or do or act in any manner relative thereto.

11. To see what action the Town will take toward improving the road to the Dalton Line and appropriate money therefore or do or act in any manner relative thereto.

12. To see if the Town will instruct the Selectmen to construct a sidewalk on North Main Street and raise money for the same.

13. To see if the Town will vote to instruct the Selectmen to build a suitable sidewalk on Water Street from Elm Street to meet the cement sidewalk near residence of David Levear and raise money therefore.

14. To see if the Town will vote to instruct the Selectmen to repair the road on Water Street and put it in good condition and use money raised for Town Maintenance for this purpose.

15. To see if the Town will vote to instruct the Selectmen to build a cement sidewalk on Cemetery Street and raise money for the same.

16. To bring in your votes for the election of Delegates-at-large, Alternate Delegates-at-large, District Delegates, Alternate District Delegates to the National Conventions of the Democratic and Republican parties, to be held for the purpose of nominating party candidates for President and Vice-President of the United States.

17. To transact any other business which may legally come before said meeting.

Given under our hand and seal at Lancaster, this 27th day of February, 1928.

BURT SMITH,
O. E. WENTWORTH,
Selectmen of Lancaster.

A true copy, attest:

BURT SMITH,
C. E. WENTWORTH,
Selectmen of Lancaster.

LIBRARIAN'S REPORT

This month marks the first score of years since the Weeks' Memorial Library building was opened to the public; during that time it has been a source of help educationally to the many thousands of students from the primary grades to their Senior year in Lancaster Academy. The Library has loaned, during the year of 1927, more books than in any preceding year, by several hundred, and still maintained its reputation in being conservative in its selection of books.

The number of books "given out" during the last year 17,350 were fiction, 2,551 non-fiction, and 4,439 juvenile.

As a new and simple system was adopted several months ago for checking out books the large cards for Readers are no more in use. Money turned over to the Treasurer for fines (and cards a part of the year) amounted to \$120.

As is natural in large gatherings of young people there has always been an element causing disturbance, but during this last year, especially, I would like to add that the courtesy and good behavior has been marked.

The Library is open five hours each day to the public. The magazines subscribed for are a part of the best published. The list is as follows:

Atlantic, Century, Harper's, Scribner's, Outlook, National Geographic, Asia, American, World's Work, Literary Digest, Sc. Amer., Bookman, Good Housekeeping, Ladies' Home Journal, Better Homes and Gardens, Popular Mechanics, Popular Science Monthly, Nature Magazine, American Forests, St. Nicholas, Youth's Companion, American Boy, American Girl, Dumb Animals, Nation's Business,

Country Gentleman, Saturday Evening Post, The
Woman's Journal, Guide to Periodical Literature,
Book Review Digest, and two daily papers.

MARTHA W. BRACKETT, Librarian.

SPECIAL COMMITTEE

COL. F. L. TOWN INCOME SPENDING COMMITTEE

This committee closed its second fiscal year of existence on January 31st, 1928. The terms of W. R. Galbraith, C. L. Hurley and F. C. Cleaveland are expiring. Resignations from committee membership have been filed by Fred W. Baker and Minnie Y. Stevens, whose terms would expire in 1929 and 1930 respectively. Adhering to the policy of having the membership consist of six men and three women and of having the terms of two men and one woman expire annually, this result will be accomplished by the election of one man for one year, one man for two years, two men for three years and one woman for three years. The reports of the Secretary, Community House Building Committee, Community House Managing Board, and Treasurer follow. The latter discloses that the committee has received and expended income approximating twenty-three thousand dollars. Assuming that a like income will be available for the coming year from which there must be set aside for

Annual payment on Community	
House loan	\$3000.00
Annual interest on same	3000.00
Estimated annual cost of running	
Community House	4500.00
*Public Library appropriation for	
1927 still unpaid	2250.00

There will remain subject to the disposal of the committee approximately ten thousand dollars.

*By agreement with the selectmen payment of this item to the town was deferred until income is available rather than increase the Community House loan.

SECRETARY'S REPORT FOR 1927

At the March Town Meeting, Mrs. Ruth Parshley, Miss Minnie Stevens and L. W. Blandin were elected to the Committee for the ensuing three years. The Committee as constituted organized for 1927 with F. C. Cleaveland, Chairman, Miss Stevens, Treasurer, and F. W. Baker, Secretary. The Community House building committee was continued in office.

The activities of the Spending Committee for the year have been mainly directed toward the financing of the completion of the Community House, and providing for its management. At a meeting held June 5, 1927, it was voted to turn the entire management of the plant over to a sub-committee consisting of Mrs. O'Neil Twitchell, Chairman, Mrs. Parshley, F. C. Cleaveland and L. W. Blandin, with the power to employ necessary management and assistance for the carrying out of the purposes of the plant, and draw up rules for the use of the same by the public.

The latter committee proceeded to make arrangement for the formal opening of the House on October 4, 1927, and has had it in charge since that time. As separate reports are to be published by the Treasurer and the House Committee, the Secretary simply refers to them for further information as to activities for the year.

Respectfully submitted,

FRED W. BAKER, Secretary.

February 1, 1928.

REPORT OF COMMUNITY HOUSE BUILDING COMMITTEE

On October 4th, 1927, the sub-committee consisting of H. A. Moore (Chairman), Jennie H. Twitchell, and F. C. Cleaveland, acting in conjunction with W. H. McCarten, authorized disbursing agent of the Town, completed its task of constructing, equipping and turning over to the citizens of Lancaster the Col. Town Community House, and this event was marked by a formal opening attended in such large numbers by the citizenry of the Town that no extended description of the plant itself is necessary. It only remains for this committee to submit the following summarized statement of its receipts and expenditures relating to the performance of its task.

Receipts

Income Spending Com.	\$81,669.08	
Ralph L. Porter, rent of garage	25.00	
Miscellaneous property sales	142.20	
Personal prop. auction sales	1,303.70	
		\$83,139.98

Expenditures

A. F. Stickney, labor and help	\$16,759.80
L. L. Hall, labor and material	3,053.35

Miscellaneous	1,008.87	
		\$83,139.98

H. A. MOORE, Chairman

JENNIE H. TWITCHELL

F. C. CLEAVELAND

W. H. McCARTEN, Disbursing Agent

We hereby certify that we have carefully examined the accounts and vouchers of the Community House Building Committee and W. H. McCarten, Disbursing Agent, and find that their accounts have been carefully and accurately kept, that they have a voucher for every expenditure, and that all of their expenditures related to the construction and equipment of the Col. F. L. Town Community House.

ALBERT J. KENNEY,

ARTHUR N. NELSON,

Auditors.

Lancaster, N. H., February 1, 1928.

COMMUNITY HOUSE MANAGING BOARD REPORT

Since its opening on October 6, 1927, the Community House has rendered a very definite community service by providing

(1) A rest room with reading and recreation privileges to shoppers from out of town, tourists and our own rural residents, a service which promises to be more pronounced in the months to come.

(2) For the students of Lancaster schools free use of a hall for their basketball games and, at stated hours, of the recreation or play center, at a saving

to them of several hundred dollars in hall rental which the public has shared in a lowered admission fee to the school contests.

(3) For Unity Club, the representative woman's organization of the whole community, an established place for holding its meetings.

(4) For the several boy and girl scout organizations with their own headquarters rooms accompanied when possible by the free use of the entire equipment of the building.

(5) For the women and organizations of Lancaster the opportunity and the facilities for holding receptions, card parties and similar functions at a very low price. The frequency with which this privilege has been accepted attests the popularity of the service.

(6) A convenient place for holding the small but frequent committee meetings of the various local organizations.

(7) An unusual opportunity not heretofore existing for the adults to enjoy pool, billiards and bowling at rates consistent with service costs.

(8) A large auditorium available to any individual or organization in the community for dances or entertainments at rates and under restrictions believed to be reasonable.

(9) An extension of the public library functions in a large reading room where those so inclined may indulge in reading or study.

That this community center has been in constant use since its opening may be noted by an examination of the following financial and statistical report of the superintendent for the four months ending January 31, 1928.

SUPERINTENDENT'S REPORT

Receipts

Bowling and Pool:

October, 1927	\$318.50

	_____	\$1068.00

Balance in hands of Supt. \$163.67

A fairly accurate survey of the use made of the building discloses:

(a) Patrons paid for and rolled 8368 strings on the alleys; in other words the pins have been set up and knocked down over 80,000 times. (This does not include the vast number of strings rolled by school pupils for which no charge is made.)

(b) The hall has been used for basketball activities a total of 301 hours.

(c) The building has been used for other special purposes an aggregate of 195 hours.

ALFRED W. MACLEAN, Supt.

Due credit must be given to the efficient service of the superintendent and matron, Mr. and Mrs. A. W. Maclean, who are always willing to co-operate in every way with those who are using the house to make the various activities successful. Sincere appreciation is extended to them by the managing board for the many courtesies, favors and helpful suggestions shown.

The Managing Board needs and solicits the genuine co-operation of every citizen of Lancaster to the end that its duties may be pleasanter rather than burdensome and that the use of this community center may grow in scope and efficiency.

During the coming year it is recommended (1) that the grounds be beautified with shrubs; (2) that provision be made for a parking place for automobiles; (3) that a children's playground be created at the rear of the building for organized and

supervised play; (4) that tennis courts be constructed near the building and a hand ball court erected in the basement; (5) that a piano be purchased for the auditorium stage.

REPORT OF SCHOOL COMMITTEE

The work of the schools has progressed along normal lines. The only innovation has been, that of the employment of a supervisor of music on a part-time basis. It is believed that this is serving to hold the interest of the pupils, and will assist them in making a much easier adjustment between our rural schools and the high school.

Mr. Chester Marshall was appointed as the third member of the Board, to fill the vacancy caused by the resignation of Mr. W. R. Galbraith.

It has been necessary to continue the operation of a school in the Mount Prospect district. This required a larger expenditure for teachers' salaries than was requested last year. The addition of a supervisor of music has also been provided for in the request for the appropriation. The report of your committee of two years ago, at the time of the burning of the Mount Cabot or No. 4 school, stated that it would take at least three years to pay for the erection of that building. Additional provision has been made in the accompanying budget to complete these payments.

One contingency arose during the year which necessitated extensive repairs at the Great Rock school. Timbers were replaced and the interior re-finished, putting that building in good condition and bringing it up to the standard of the other school buildings.

Your committee is pleased to report a request for a slightly smaller appropriation than last year. It is expected that this appropriation will make possible the carrying forward of the necessary repairs to the school buildings and provide for the operating expenses of the schools. It should be understood

that unforeseen contingencies may arise at any time, thus making it impossible to estimate expenditures accurately, eighteen months in advance of needs.

Your attention is again directed to the report of the Superintendent for detailed information in regard to the schools.

Respectfully submitted,

E. M. MONAHAN,

D. W. PINKHAM,

CHESTER MARSHALL,

School Board.

REPORT OF THE SUPERINTENDENT

To the Honorable School Board and Citizens of Lancaster:

This is the ninth in a series of school reports, and the third by the present author. Its purposes are to place before the citizens some of the information regarding the schools and their progress.

FINANCIAL

It was expected originally that the appropriation of last year, together with the payments by the state, would provide both for the carrying on of the regular work of the schools and the payment for the Mount Cabot school. It became necessary, however, to continue the additional teacher at the Mount Prospect school, even though the receipts from the Whitefield District could not be counted upon. Repairs exceeded expectations, particularly in the Great Rock school, thus making it necessary to meet this emergency. These two reasons count in the main for the necessity of continuing an appropriation for advancements made by the selectmen. The new method of preparing a budget now makes it

possible to know in advance the net amount to be raised by the selectmen. As will be seen from the budget request, this amount is slightly lower than that of last year. It was explained in the report of last year that it is not possible to make comparisons between the expenditures by the district treasurer and the budgets of the school committee as these two accounts are from a reporting standpoint separated by an interval of two years. The amount to be received by the district from the state board as state aid in December, 1928, is considerably larger than that of the current fiscal year. It cannot be guaranteed that this amount will continually be the same as any estimate may vary from year to year, and sometimes varies within a period of twelve months.

ATTENDANCE

The attendance in the schools for the last year was somewhat less than formerly. This was due to the fact that the pupils were afflicted with contagious diseases, making it necessary for them to remain at home under quarantine. However, a reasonably commendable record was maintained, and from present indications it appears that the old standard is being reached during the present school year.

TEACHERS

There was only one change in the teaching staff at the beginning of the school year in September. Miss Phyllis Pinkham, who has served Great Rock school as teacher for two years, accepted the responsibilities of a smaller school. This is the smallest number of changes which has taken place in our personnel for some time. It is believed that the increasing of the maximum to be paid teachers has helped somewhat in stabilizing the staff. It is expected that it will be possible to fill any vacancies

which may now occur with teachers who have completed their normal school work and hold certificates.

SCHOOL PROGRESS

Your superintendent has endeavored during the current year to keep prominently before the teachers two considerations, first, the improvement of writing, and the other, facility in expression and English. Each pupil has been provided with a suitable instruction book in Penmanship and there seems to be steady improvement. The English work has resulted in somewhat better letter writing and individual composition work. It is often possible to correlate this written work with such subjects as geography, history and science. As time progresses, more of this work will be done to make it possible for the boys and girls to have such command of written and spoken English as will aid them, whether or not it is possible for them to enter the high school.

LIBRARY

Through the kindness of the Col. Town Spending Committee of the Col. Town fund, each of the schools has been provided with sectional book cases and a large quantity of books, donated by this same committee. It has been possible to utilize many of these books for the school work. Teachers, pupils and citizens unite in expressing to this committee, through you, their appreciation for this start toward a satisfactory school library. It is believed by your superintendent that these libraries should definitely be supplemented by books selected which more nearly meet the needs of the boys and girls in the different grades. Many of these books were technical, historical and informative, but with an appeal to adults instead of children.

MUSIC

Evidences are continuing to come in that the committee made no mistake in accepting the recommendation of last year to employ a part time music supervisor. One visit every two weeks, with the exception of the difficult traveling, has been made by Miss Currier to each of the schools. The pupils have shown keen interest, and as I have observed, made commendable progress, not only in their own musical expression, but in their ability to know the elements of music. There is no doubt, that these boys and girls will make a much easier adjustment to the high school situations than has been the case previously. It will no longer be necessary for them to start the task of learning to read music after they have reached the high school.

RECOMMENDATIONS

The adoption of recommendations made is an indication of the progressive attitude of the school community. Evidence exists that measures already adopted have resulted in good to the schools and pupils. While favorable action does not always seem possible, it is due more to the spirit of carefulness than to a desire to retard the schools.

Some of the following recommendations have been made in previous reports. They are here reiterated as they indicate unmet needs.

1. The work in school music should be continued.
2. Additional plans should be made for supplementing the libraries in the several schools with up-to-date juvenile books.
3. Screens should be provided at doors and windows at all of the schools to promote the health of the pupils.

4. Permanent assistance should be provided in the office of the Superintendent of the Schools.

5. There should be stated times for holding meetings of the Board.

Your Superintendent again expresses to you and through you to the pupils, parents, citizens, and teachers, his appreciation for every service and co-operation rendered in endeavoring to secure best results. It is my purpose so far as it may be possible to continue to merit genuine cooperation from all sources to the end that the school work in your district shall continue to improve.

Respectfully submitted,

ROBERT J. FULLER.

PUBLIC HEALTH NURSE'S REPORT

To the School Board of Lancaster Town District:

During the months of September and October, all children in each of the district schools were given a physical examination by Dr. William Bronson with my assistance.

In checking up the defects, at the opening of the previous school year, there were 217, and at the time of examinations this year there were 165 defects, which is a decrease of 52 and this reduction is quite encouraging.

I have visited the schools as often as my public health work has permitted and on these visits have weighed the underweight children and have given practical health talks.

The hearing and vision tests have been made and parents of children, who have such defects, have been notified and a large proportion of vision defects have been corrected.

In my general survey of all children, I consider that they have shown a marked improvement over last year and this improvement is shown especially in their teeth.

It is my aim as in previous years, to have all children attain as perfect health as possible and during the coming year, I hope the record of the past year may be maintained or, better still, improved.

Alice C. Monahan,
Public Health Nurse.
