Report of Police Department

1975 has been a very busy year. Much has been accomplished by your Police Department and there is still much left to do.

With the help of the Errol Police we have been able to keep abreast of happenings in town and successfully deal with the many complaints we received during 1975.

We have organized a regular force and an Auxilliary force and have held many training sessions under the direction of Police Instructor Sgt. Harry Martin and it has been a great help to our town.

Our department has received excellent cooperation from the State-County and Local Police departments and we thank them for this. We also thank the Selectmen of Errol and Milan and the citizens, for helping us in our enforcement efforts during the year 1975 and we look forward to serving you again in 1976.

Respectfully submitted

HERBERT BALSER, JR.
Police Chief

Following is the number of calls answered by the Police Department as well as activities and the budget request and an inventory of town owned equipment:

1. Number of Police calls: 319

2. Police activity:

- a) Court cases. 28
- b) Warnings. 58
- c) D.E. Tags 12
- d) Lockups. 12
- e) Accidents. 15

3. Town owned equipment:

- 1. Motorola Portable Radio - 150-174 Mgc.
- 2. 2 Converta Com. Units for Portable
- 3. 1 G.E. Mobile Radio - 150-174 Mgc.
- 4. 6 Cans Mace
- 5. 4 Riot Sticks
- 6. 1 S.W. 38 Revolver with Case
- 7. 1 Blue Light
- 8. 4 Billie Clubs
- 9. 12 Shoulder Emblems
- 10. 6 Police Badges
- 11. 6 Hat Badges
- 12. 2 Hand Cuffs & Case

4. Budget Request:

We request that the town raise the sum of \$4,000.00 for Police Services during the coming year. This is an increase over last year due to the anticipated extra activity during this National Bicentennial Year.

Fire Chief's Report

The year 1975 was one of accomplishment. A great many volunteer hours have been donated to the department.

The trucks are getting old and not safe to be on the road. The GMC in West Milan needs parts which we are not able to get.

Many thanks to all who have contributed and donated hours of labor in maintaining and up dating your Fire Department.

A. H. MacDOUGALL
Fire Chief

Milan Home Nursing Center

Annual Report

The Milan Home Nursing Center rendered the following nursing services:

Physical Referrals	14
Health Promotion	5
Crippled Children Refferals & Follow Ups	3
Post Partum	12
Normal Newborns	<u>12</u>
	46 Total Patients
	366 Total Visits

Additional Services:

Home Health Aide — 119½ hours served.

	Attended	Immunizations
Preschool Clinic - Feb. 17	126	180
TB Testing - April 14	22	
Preschool Clinic - April 17	37	74
Preschool Physicals - Apr. 17	10	
Preschool Clinic & Survey Dec. 4	21	27
Preschool Vision & Hearing Screening -	42	
Nov. 14 (Referrals: Vision 3 Hearing 1)		

Problems detected in preschoolers from these Vision and Hearing Screenings can be corrected before school to eliminate possible reading problems. 7 LPN Students and an instructor from N.H. Vocational Technical College, 5 local volunteer workers, and 2 State Technicians, with no cost from the state, enabled the 4 hour screening service to be conducted with minimum expense.

Future plans include a Blood Pressure Clinic and a Spring Immunization Clinic to accomodate all teenagers and adults.

The problems of Visiting Nurse In-Service Education has been solved for small agencies since the State of N.H. has, through Eleanor Kenny, R.N., District State Public Health Nurse, graciously is providing monthly programs on subjects according to requested needs.

We appreciate the fine support of the community in our efforts and look forward to further services for the promotion of good health.

* The starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District Officers. The Supervisory Union Board decides the local share of the Superintendent's salary and other Union expenses. The share paid by the several Districts toward the Superintendent's salary for 1975-76 is as follows: Dummer, \$263.98; Errol, \$1,048.04; Gorham, \$15,186.73; Milan, \$1,591.76; Randolph, \$929.84; Shelburne \$679.65; State Share, \$2,500.00. The Teacher's Retirement and the State Employee's Retirement Association assess the amount for the superintendent's retirement and other District employees that belong to the system. In those towns that are under Social Security the amount to be paid by the District is established by law.

Report of the Superintendent

To the Citizens of the Town of Milan:

My report to you this year will focus on a few areas of education which I feel are of great importance to the people of Milan. One of these areas will deal with federal funds and what Milan will be required to do to continue accepting them. The second results from a trend I see developing in Milan which in my judgment is a commitment to an inferior education. I shall attempt to respond to both of these in more detail further in my report.

Other areas which will be mentioned include the budget, problem areas, the warrant and Foundation Aid. I shall attempt to provide sufficient details in order to assure each item is understood by everyone.

Federal Aid

When I first entered the educational field in the 50's a great deal of discussion was taking place at the time about federal aid to education. As with most issues of that kind there were those for and against; those who felt it was needed and would not lead to big government taking over local schools and those who feared such aid would lead to eventual take-over of the local schools by those in Washington. Neither seemed very likely at the time so little attention was given.

In 1957 Sputnik changed the thinking in Washington. Everyone began to feel the schools in the United States had fallen far behind Russia in the area of science. A flurry of activity followed which led to the passage of the National Defence Education Act. This act began the first significant flood of federal dollars into the public school system. It was the purpose of the act to upgrade the science being taught in our schools. It has since been broadened to include several other areas of the curriculum. In recent years it has become a lesser piece of legislation and has been funded at a much lower figure.

Following the passage of the National Defence Education Act, little activity took place until the Johnson Era. From 1963 through 1968 a flood of social and educational legislation was

passed. Included were Title I, II, III, and many others. Few restrictions were attached to the use of the money in the early stages. However, since the late 60's and early 70's the writing has been appearing on the wall. More recently since 1974 a flood of controls have been handed down from Washington through H.E.W. taking the first steps to control your schools, its programs, and some of its finances. All of these controls are dependent upon Milan or any school district accepting federal funds. Therefore, if you wish to continue accepting this money, the federal requirements attached to them will have to be met.

The magintude of the problem is one of a large number of dollars. Below you will find the amounts received in the 1974-75 school year:

Title I	—	\$ 2,781.00
Title II	—	314.86
Title III	—	96.02
National Forest		
Reserve	—	119.64
School Lunch	—	3,795.74

The amounts listed above, though large for a town the size of Milan, are smaller than the amounts expected during the 1975-76 school year. Can Milan afford to replace these lost funds with local tax dollars? The decision is and will be an important one for everyone.

The fears of the 50's are fast becoming the realities of the 70's. The transfer of power from the local community to Washington has begun. What was a trickle just three years ago has since become a flood so immense that perhaps it has gone beyond the point where people can control it. The amazing part of the whole thing is the fact Washington only funds 9% of all school costs in the country. However, with that 9% they are in the position of "dictating" what you must do in areas of curriculum, testing methods, books, educational policy, teaching methods, and even the financing and direction of the athletic programs.

The whole question of federal funding is so important to the future of local educational institutions relative to local control that it can not be taken lightly. With full appreciation for the fact that federal funds can be used to advantage and that their loss can have a heavy tax impact on the community it is my recommendation to the people of Milan that they do away with all federal aid to education from all sources regardless of their supposed benefits to the children. Milan, in my judgment can and must do without further federal funding of any kind if it wishes to control its school. Not to do so will complete a step which all of us will live to regret.

Local Funding

For the school year 1976-77 funding has become a severe problem. This results because of a loss of \$35,000.00 in Foundation Aid from the State. The cause may be found in several areas but the main reason is the increase in the Equalized Value of the town. As a result Milan was moved from a relatively poor town to one much more able to meet its financial obligations.

The unfortunate result of this crisis in funding has led to severe cuts in the local school budget to the extent that programs voted by the people 2-3 years ago are being cut. Elementary Minimum Standard, postponed until 1976, have been pushed back another year, minimal teacher salaries increases cut, and a commitment in the future of employing only beginning teachers or substandard teachers for the school has been made. All of this is happening at a time when Milan has worked hard to improve its school and in particular to hire better teachers. In my judgment the decisions which have been made and which are represented in the budget coming before you on Monday, March 1; have no other purpose but to reduce the effectiveness of the school, continue its unapproved status into the future, foster a large turn-over of teachers, year after year, and experiment with the lives of your children through the continued employment of inexperienced teachers. In the final analysis the actions taken simply emphasize the fact that there is no future in Milan for any teacher who may enjoy teaching there and who may wish to remain.

The problem of funding is not a simple one. When taxes have to be increased, people are hurt, especially those on marginal incomes. Unfortunately the problem is a far reaching one over which no one has control. Let me illustrate my point by the use of several figures which appear in your budget. The first is a tuition budget of \$133,481.15 or 57% of the total cost of education in Milan. Add to the tuition figure half or more of the transportation budget and the costs for this one portion of the budget amounts to a figure in excess of 60%. Compare this to that part of the budget which is used locally and you get an idea of the problem. State figures place the average per pupil cost for elementary education at \$528.00 or only 55.6% of what it costs on the average throughout the state. Statewide Milan ranks 5th from the bottom in terms of per pupil expenditure. Certainly this does not represent an extravagance in Milan but rather clearly shows that local children are being hurt because Milan can not afford to give them an adequate education and at the same time pay tuition to Berlin. Perhaps this is what people want. I am not convinced that is the case.

The school budget for 1976-77 shows an increase from \$214,719.23 to a figure of \$241,587.46. This represents \$26,868.23 or 12.3% more than 1975-76. A careful check will show this increase may be found in the tuition area. The problem, however, is not the gross increase of 12.3% but rather the net increase of \$51,712.13 or 31.6% due to the loss of Foundation Aid. Without a doubt this is a sizeable increase which will create some hardships in Milan.

Warrant

Only a few articles are worthy of note in this year's school warrant. The first is Article 6 which would use money earned as interest on the Building Fund to reduce taxes. Funding being such a problem for the coming year I certainly would recommend that the money be used to reduce taxes.

The second article #7 which deals with Title X. If you were to vote down articles 3 and 4 on federal funding, Article 7 could be passed over. However, if you wish to consider it, it would continue the employment of a teacher aid through June, 1977, with a minimal need for local dollars.

Testing Results

It has been said by some people that Milan students on the whole are doing very poorly in their subjects and that the teachers should concentrate their efforts on the 3 R's. I wish to go on record as stating that the test results given in the spring of 1975 indicate quite clearly that Milan is doing reasonably well. In fact, the results show that grades 1 - 5 are above the state and national norm. In my estimation this does not speak badly for Milan. As for the 3 R's they are and have been the basis of our teaching program. Every effort is being made to provide your children with the needed skills in those areas. However, this is not to say that we can not improve each year and that the community would continue to help us to do so. However, as pointed out previously I do not believe this is the case for the coming year. In recent months some have made every effort to destroy your school and encourage your teachers to leave. It certainly can be considered a sad day when individuals work to destroy a school rather than to improve it.

New Addition

The new addition added to the Milan School has resolved many problems which has plagued the school for several years. Overcrowded classes have been eliminated, library space provided, lunchroom space returned to its former use, and storage space now available. All of this has led to a much improved learning situation for the children attending the school.

A school in of itself does not provide an education for children. This comes from people who want to help and work with children. It comes from PTA volunteers who offer their time in a school library, and it comes from people who have made donations to the school to help improve it. In Milan's case we have been fortunate to have had interested people who have been willing to give of their time.

A group not to be forgotten who volunteered many hours of time was the Building Committee. To them goes the credit for pulling together all the talent that was needed to make the much needed space a reality. To them I express a very sincere thanks for all they did on behalf of the community.

Summary

In my report for March of 1975 I expressed some concerns about future finding in Milan and the effects this might cause. It seems the day has arrived and the problem is here. The solutions are few.

A school system operates well when all who are involved in it work together to solve the many problems which are bound to arise. This means your school board, your teachers, parents, and the children need to put in their best efforts. In most years Milan has been able to do this and as a result improve its school. To all of those who have been a part of this effort I give my sincere thanks.

Respectfully submitted,

ROBERT BELLAVANCE
Superintendent of Schools

Milan Village Elementary School

School opened on September 3, 1975 with the feeling of excitement and pride in the air, for Milan Village School had a new look-a beautiful new addition which was started in May of 1975 and completed during the summer. One of the questions was, "Which room am I going to be in?" Some of the students knew because they had attended the Open House with their parents the evening of August 28th. Others didn't know until the first day of school.

The enrollment on the opening day was 108 pupils.

Grade 1	19 pupils
Grade 2	14 pupils
Grade 3	17 pupils
Grade 4	18 pupils
Grade 5	20 pupils
Grade 6	20 pupils

The teaching staff is as follows;

Mrs. Margaret Nichols — Grade 1
 Mrs. Julie Colbath — Grades 2 & 3
 Mrs. Emily Tankard — Grades 3 & 4
 Mrs. Sheila Kitz — Grade 5
 Mr. John Hayward — Grade 6
 Mrs. Donna Roberts — School Nurse - Teaching Health
 Mrs. Rose Vaznis — Music
 Mrs. Connie Atkinson — Art
 Mrs. Joyce French — Title I Remedial Reading
 Mrs. Faith Cordell — Teacher Aide

Mr. Joseph Labrecque is School Custodian. Mrs. Donna Rich is School Lunch Director and Cook. Mrs. Joan Croteau is her helper. Mrs. Minnie Hamlin is Bookkeeper for the Lunch Program .

The School Library is open every Tuesday, with volunteers providing the library service. Mr. William Canby, Librarian from Gorham, held several workshops at the school to train the volunteers. Mrs. Pam Legendre and Mrs. Elizabeth Eastman are chairpersons of the library volunteers.

Open House was held during the week of November 10-14. Many parents and friends visited classes during the week.

We had a very large attendance at our annual Christmas Concert, which was under the direction of Mrs. Rose Vaznis, the music teacher. Again, thanks to the Rebekahs and Odd Fellows, we were able to have the concert at the Odd Fellows Hall.

The Milan-West Milan P.T.A. is again very active and does much for the school. The P.T.A. furnished delicious refreshments for the Open House in August, when a large number of people came to see the new addition.

Teachers and pupils are working in conjunction with the Bicentennial Committee of the town. So far, these are the things planned for school participation:- Memorial Day exercises; Scrap Books and Projects to display Bicentennial week-end; Spring Concert with the Bicentennial theme. Happy Birthday, America!

Respectfully submitted,

MARGARET NICHOLS

Principal

Report of School Nurse

The school year of 1975 presented few communicable diseases: a few cases of chicken pox and an alert on pediculosis (head lice) though no cases in our school.

One immunization clinic was held by the Milan Home Nursing Center in the new addition. The office lends privacy that has long been needed.

In the spring walking field trips were enjoyed by the students as part of the Health and Safety program: fire station (Milan) Cordwell's farm and Milan airport. Many thanks to the Ambulance Service for bringing the ambulance to the school for demonstration purposes. A fine program was given by Mrs. George Lewis about the ambulance. Mr. Allan MacDougall gave a program on "the school and fire safety". Mr. Robert Brannen of Brannen Inc. presented a safety program on "explosives and precautions" should such be found by the children.

Fall activities:

1. Heights and weights
2. School physicals with referrals - fourth grade and all new students.
3. Visual screening with referrals.
4. Health teaching.

Spring activities:

1. Hearing screening with referrals.
2. T.B. testing - staff and new students.
3. Health teaching.
4. Immunization clinics - students included by Milan Home Nursing Center.

DONNA ROBERTS
School Nurse
