Sets in Order
Square Dance Publishers
462 N. Robertson Blvd.
Los Angeles 48, Calif.
Every issue of Sets in Order contains an average of thirty round and square dances. To sort out and screen each of these from the hundreds of compositions that are received each month is the thankless task that belongs to Bob Page and Joe Fadler. For the endless hours of workshopping, corresponding, and analyzing donated by these men, their wives and their dancing friends we wish to thank Bob for the squares and Joe for the rounds and humbly dedicate this collection of square and round dances in their names.

DURING THE YEAR that these dances were collected several new authors sprang into prominence. From areas in the United States, Canada and from square dance centers overseas that have never before been represented, have come some very enjoyable contributions. Our dance editors have made personal comments on some of these dances and you'll find them “boxed” above the particular selections.

RUN THE GAUNTLET
By Dave Palmer, Ypsilanti, Michigan
Heads go forward and back with you
Side two couples cross trail through
Go round just one then box the gnat
And behind that couple stand
Go forward eight and back that way
Couple number one, do a half sashay
Split those couples across the floor
And U turn back behind those four
After a half sashay, couple No. 1 crosses the floor, walks between the tandem couples facing them, does a U turn back to join the rear of the column.
And forward eight and back that way
Now the lonesome couple, do a half sashay
‘Run the gauntlet’ cross the track
When you get to the end, just U turn back
The lonesome couple repeats the action of couple No. 1 finally joining the rear of the column, which then consists of four couples standing in tandem. Some groups may require extra time at this point: four beats may be added by calling — Behind those couples, here we go.
And forward eight and back again
Forward again divide the ring
Follow the leader round the land
Meet with the right for a Dixie grand
Hand over hand till you meet your girl
Original partners, swing and whirl
Allemande left . . .

TO COMPOSERS: A FEW GENTLE HINTS
If your paternal instincts are urging you to create a new round dance, heed these points by today’s leaders: Release the dance only after it is finished; choose good music that is available — better yet, submit your dance to one of the special recording companies for an evaluation and possible release. Any dance that is worth dancing at all is worth the time it takes to be worked over and properly recorded.

A GUIDE BOOK FOR ROUND DANCING
One of the handiest reference books ever written on the subject of today's round dancing is the volume by Frank Hamilton, "American Round Dancing." Published by and available at Sets in Order, this manual is a well-illustrated, complete guide book for the teacher or lover of Rounds. In its pages is a glossary of terms, a list of abbreviations and symbols and a careful description of every phase of this activity.
Here’s a sample program for a one night stand

Even with several thousand callers actively coaching newcomers in the intricacies of square dancing it’s a good bet that no two use exactly the same method of presentation. We’ve had quite a few requests for this type of material so here is the plan I’ve used successfully for a good number of years. With music going on in the background during the walkthroughs to disguise the teaching and with the evening broken up into regular “tips” the first timers get quite a realistic taste of square dancing. Bob Osgood—Editor

Your one-night stand may be of the typical variety where you assume no one knows how to square dance or, it may be an exciter dance where experienced square dancers bring their non-dancing friends and dance along with them. Whichever it may be, the tentative program is basically the same. Only the number of dances you are able to cover in an evening will change.

Preparation of the dance is important from the caller’s standpoint. Try to have your sound equipment set up, records laid out, and your program where you can refer to it 15 minutes before dance time. If it is your responsibility, be sure that a welcoming committee is at the door ready to greet the newcomers and that someone is at a table all set to sign folks in and provide them with easily readable name badges.

Starting on time is important, if at all possible. Beginning with an ice-breaker usually provides activity for the folks who are on time, and it allows an additional period for more to arrive before starting in the square dancing portion of the evening.

Start in one big circle. (The big circle idea is one of the best attention getters there is. If one circle is too large for the hall, use some controlled method to make a second circle inside of the first: “Everyone with a birthday in January, February or March take your partner into the center and make another circle.”)

This way you get exactly the size you want. You simply add April if you want more after you see how the sizes balance out.)

This is no place for a lengthy speech. The folks came here to dance, so let’s start in. “Men, your partner is on your right side — if you’re lucky; there, that’s better. Now, keep her hand and release everyone else’s and you and your partner turn to face to the right so that one couple is directly behind the next — ladies on the outside; men in the middle.

“Now, you’re going to walk forward four steps; girls starting on their right foot and men on their left. Ready: Walk — two — three — stop. Now, turn to face your partner. You’re going to walk away from each other; men backing into the center and the ladies backing toward the wall. Take short steps so that you won’t bump into a wall or into someone else in the next circle. Ready: Walk away — two — three — stop. Now, face diagonally just a little bit toward your right to a new partner. You’re going to walk up to that person and then, passing right shoulders, go back-to-back, in a do sa do. Ready: Walk forward — two and you do sa do, walk back-to-back, it’s all the way ’round. Now keep that girl; she’s your new partner; take her hand and let’s try it again:

“Walk—two—three—face partner
Walk away—two—three—face diagonally right
Walk to the next and you do sa do
Go back to back, all the way ’round
Keep that girl and get ready to start.”

For music you may use any good hoedown that will establish the sound pattern for the evening. If you have skippers or hoppers you’ll notice them here and be able to help them during the early part of the program. The music will tend to make the dancers glide rather than walk, and you’ll find it wise to cue completely for the first four or five times depending on how well the dancers progress;
then switch to occasional cues, and by the last part of the record omit the cues altogether.

(Time to this point: approximately six minutes. Movements taught: Walk forward and back and do sa do.)

In a circle (or two, depending on size): With hoedown music going on softly in the background teach the basic movements that you will use during the balance of the evening: "In square dancing there are two important things to listen for:

"#1 is the caller's voice. He's the quarterback and will give you the directions or 'plays' that you are to follow.

"#2 is the music. (Turn up music volume.)

"Now stick your right foot out into the center and with your heel down, tap your toe to the beat (count on phrase) 1-2-3-4 with hands joined circle to the left. 1-2-3-4-5 now circle to the right go 1-2-3-4-5 now all to the center go 1-2-3 and you back right out 2-3-4." (Of course you allow the full four or eight beats but by cueing early, your words take the place of numbers and you are able to change directions in time for the one count.)

"Now, face your partner. Passing right shoulders go back-to-back - now turn your back on your partner to face your corner and passing right shoulders go back-to-back in a do sa do. Face your partner. Then men bow and the ladies curtsey - honor your partner. Face your corner - honor your corner. Now let's try it all again. Join hands and circle left" (etc. Mix the figures up a bit but repeat them all.)

"Now face your partner - girls stay there - men take one side step to the left into the middle. Now men take one short step forward. You should be standing right next to your partner facing in opposite directions - right side to right side. Men, reach around your partner's waist with your right hand. With your left hand hold her right. Ladies, put your left hand where his right muscle should be.

Now, stay in the same place and just walk forward around each other to the time of the music. This is called swinging. Put your ladies on the right; join hands and circle to the left" (repeat swing).

"Just one more thing. In your circle, facing the center of the hall, drop hands. Men, reach across in front of your partner and join right hands with the man's palm up and the lady's palm down. Now, join left hands underneath the rights. This is called promenade position. In couples, face to the right and promenade to the beat of the music around the circle."

(Time to this point approximately 11 minutes. Movements covered: Circle left and right - go forward and back - Do Sa Do - honors - identify corner and partner - swing and promenade.)

From a promenade: "Promenade in single file, put the ladies in front, go Indian style. Now, the men turn back and swing that girl behind you. Keep that girl as a partner and promenade her." (Repeat single file and swing a couple of times.) "Keep the partner you have and move forward or back to promenade four with another couple. Join elbows in lines of four, keep that four and move up or back to promenade with another four. Now promenade eight. Keep your eight together. The ends of each line of eight come forward and join hands in a circle of eight and circle to the left. Now, stop right there, keep your partner's hand, drop the others. Facing the center of the circle each couple get your back parallel to a different wall in the hall. Standing close to your partner with your elbows hooked, extend your free arm straight out to the side, not on a slant, but right out through your shoulder blades. Now, without moving your arms, move your whole self forward until your fingertips barely touch your corner. Now, you're a square!

"Couple with their back to the caller and the music is number one. Number one bow to your partner. Couple number two is to the
right of number one. Number two swing your partner. Couple number three is facing me. Number three do sa do your partner. Number four, you're what's left. Number four honor your partner; now give her a swing.”

Square drill: “Number one bow and swing and promenade the outside ring.” (repeat for two, three and four) “One and three go forward and back, two and four do the same. One and three join hands in the center and circle four to the left in the center until you're straight.” (repeat for sides)

Square #1

SIDES ARCH
Honor your partner, honor your corner
Head couples 1 and 3 go forward and back
Forward again, take two hands with your opposite and make an arch
Side ladies, 2 and 4, tunnel through the arch and swing that opposite man.
Now leave that man and tunnel back and swing your own
Everybody swing your own
Now join hands and circle to the left
Swing your partner and promenade home
Repeat for side couples, 2 and 4.
Honor your partner, and your corner
Wave to the girl across the hall
Keeno boys, that's it, that's all!

Square #2

WALKTHRU TO HOEDOWN MUSIC
Head men, one and three, trade places
Side men, 2 and 4, trade places
All join hands, but don't go anywhere.
Honour your corner lady, honour your partners all
Swing your corner lady and promenade the hall.
You promenade just half way 'round to the man's original home.
Repeat a time or two, then stop and girls move back to starting position.

LIFE ON THE OCEAN WAVE
Record: Globe 5007
Oh, the head two men cross over
And by that lady stand
The side two men cross over
And all join hands.
Honour your corner lady
Honour your partners all
Swing your corner lady and promenade the hall.
You promenade just half way 'round to the man's original home.
Repeat 3 more times then end with honors.

“Your folks are wonderful. In just a few minutes you’ve done one round dance and two squares. Congratulations! Now thank your partner and take 5 minutes rest.”

(Time to this point approximately 26 minutes. Additional movements covered—positions in a square, heads, sides, home.)

From this point on just play the rest of the evening the way it feels. If the group seems to be catching on quite rapidly, move into new material that much faster. If there seems to be a little trouble, spend that much more time on each dance with slight variations to keep things interesting to be sure that folks are listening.

The result you hope to accomplish by the end of the evening is to have each man say to his wife or partner: “You know, I'm not so dumb after all. I think I could keep up with this sort of thing. Let's give square dancing a try.”

For the balance of the evening try to keep partners mixed. Avoid giving the appearance of teaching, but make it appear that the folks already know these things and you’re simply announcing them. For this first night put them into squares by promenading (one couple, two, four then circle eight) thus eliminating lengthy and sometimes embarrassing lulls to fill squares on the floor. After a couple of evenings, dancers become fairly good at getting their own squares up but usually not the first evening. Here is how the balance of an evening's program might be set up:

In a circle to start: GKW Mixer (modified)
Squares: Bird and 7 Hands, Divide the Ring
Five Minute Break

Grand March (from lines of eight go into squares)
Squares: Forward Three, Texas Star and Boomps a Daisy
Five Minute Break

In a circle to start: Do Sa Do Mixer
Squares: Forward Six and Solomon Levi
Five Minute Break

In a circle to start: Drill all fundamentals to music
Squares: Forward Four-Six-Eight, Arkansas Traveler
Five Minute Break

In a circle to start: Oklahoma Mixer
Squares: Missouri Hoedown and Hash review of all dances done tonight.
Good Night.

The calls in the program above are all simple ones found in many old collections. For your convenience all except the Grand March may be found in the pages that follow. For the Grand March, use any lively tune. Follow the general pattern and have the dancers come down the hall in couples, then in fours and finally eights. Each line of eight forms a square. Editor.
Some of the Proven and Less Complicated Dances

In the early stages of the life of every square dancer when everything has the frosty glow of newness, the teacher-caller builds a foundation upon which the future dancer will grow. In his teaching the caller will present a number of basic movements. These basics serve in the same way that cooking ingredients are used in fashioning different dishes and pastries in the kitchen. By selecting certain of the basics and arranging them in a given manner he comes up with a particular square dance. For this reason, you'll find that the contemporary caller differs from the traditional in that while the "old-timer" would teach dances — today's caller teaches basics. In order to illustrate the basic movements he has taught, the caller needs examples. The dances that follow offer excellent examples of some of the early basics. Remember too, that there is no law that says these belong only to the beginner. No matter how long it has existed, a dance is new to dancers who have never danced it before.

Comments in the boxes at the top of some of these dances will aid the teacher in selecting new material and make this section a more useful guide for teachers.

**A Standard Star Figure**

**Arizona Double Star**
First and third do a half sashay
Up to the center and back that way
Head ladies walk across in front of their partners to stand on their left side, then the heads go into the center and back.

**Now star by the right in the center of the set**
Head couples make a right hand star and move it forward

It's a left hand star with the couple you met
After starring three-quarters couple number one makes a left hand star with couple number two and couple three is with four. Side stars turn once around.

Head to the center, two ladies chain
As soon as active ladies one and three get into the center of the square they chain across. Men one and three go into the square and courtesy turn the new partner.

**Now circle four in the middle of the floor**
Active couples circle left one complete turn around, until they are standing right in front of the side couples.

**Now pass through on you roam**
Split that couple, go back home
Passing right shoulders in the center of the square, the active couples split the outside couple, separate, the lady goes right, the man goes left, and partners meet at home.

**Do sa do go 'round your partner**
Now allemande left and don't step on her.

**A Simple Arky Star**

**Arkansas Star**
Heads to the center and back to the bar
Couples one and three just go forward and back
Side couples center with a right hand star
Move forward or clockwise
Now back with the left and you're going to town
Star moves counter-clockwise
Pick up your corner as you come 'round
Caller should allow star to travel at least half way around in each direction. Dancers in the star each pick up person at their corner spot with an arm around.
Now the inside out and the outside in
You turn that Arky Star again
Those on the inside back out and those on the outside move forward to make the star. The turn is half way.
Now the outside in and the inside out
You turn that Arky Star about
With a half turn the star is reversed again.
Break that star and everybody swing
Allemande left with your corner maid
Come back one and promenade.

ARM TURNS—POSITIONS IN THE SQUARE

ARKANSAS TRAVELER
First and third go forward and back
Now forward again
Turn the opposite lady with a right arm 'round
Your partner by the left when you come down
Corners (everyone) with a right arm 'round
Partners (all) with a left arm 'round
And you promenade your corner 'round the town
Only thing to remember here that in the beginning, the actives turn their opposites all the way around and then turn their partners at home. The best way to pick up corners for a promenade is for the men to finish turning partners with the left and then they back into the center and extend right hands to their corner so that she may hold it as she turns under to get in promenade position.

POSITIONING IN A SQUARE

ARKANSAS TRAVELER VARIATION
First and third bow and swing
Promenade the outside ring
Go all the way around with the pretty little date
Get back home and you don't be late
Active couples promenade all of the way to the right around the outside of the square. Inactive couples move in a bit so that the actives have more room to move.
Same two couples go out to the right
With a right and left through
Couple number one faces two and three faces four. Couples are working on the diagonal with one and four forming a line and two and three forming another.
Turn right around and a right and left back
Same ladies chain go two by two
Chain right back as you used to do
Face that same couple
Turn the opposite lady with your right arm 'round
Still working in couples the men turn their opposite lady full around with a right forearm.
Partner left with a left arm 'round
Each person returns to turn partner with a left forearm.
CORNERS all with a right arm 'round
Now, breaking away from the two couple operation, everybody goes to his corner in the square and turns with a right forearm.

BACHELOR BOYS
First and third bow and swing, send your girls to the right of the ring
And three in line you stand
It's forward six and the six fall back
The ladies step forward, the men stand pat
The first old gent step out to the right
Turn the right hand lady with the right arm 'round
The man turns his original partner with his right forearm
Now your corner left hand lady with a left arm 'round
That's his original corner

Now get back home and you do-paso
BIRD IN THE CAGE (7 HANDS 'ROUND)

BOOMPS A DAISY
Well you clap your hands
(one-two-three)
Now you slap your knees
(one-two-three)
Boomps a Daisy if you please
Now swing your corner girl around
And promenade eight go around the town
Sly variation:
Clap your hands
Slap your knees
Circle to the left

DIVIDE THE RING AND SWING

CUT-AWAY FOUR
First old couple bow and swing
Go down the center and split the ring
Now swing when you meet at the head and the feet
And the side four the same
Same old couple as you did before
Go down the center and cut away four
The active couple goes down the center a second time and separates with the lady turning right, passing between the second and third couples and the man turning left to pass between the third and the fourth couples.
Swing when you meet at the head and the feet
And the side four the same
Now the same old couple as you used to do
Go down the center and cut away two
This time the active lady splits couple two and the active man splits number four.
Swing when you meet at the head and the feet
And the side four the same
Allemende left, etc.
Note: this is a good one for practice swinging.
If this isn't needed the call can be easily changed to have only the active couple swing:
Swing when you meet as you did before
Go down the center and cut away four
Swing your partner and she'll swing you
Go down the center and cut away two.

DRILL FOR CALIF. TWIRL

DIP 'N' DIVE
(Inside Arch — Outside Under)
First couple out to the right
Circle half and don't you blunder
Inside arch and the outside under
The active couple, number one, dives through the arch made by couple two. The rule here is that the couple in the center always arches and moves to the outside. The outside couple ducks into the center then makes an arch for the next couple. When a couple moves to the outside of the square the lady ducks (left hand turns) under the man's raised right arm. This reverse of direction is called a California Twirl (in some areas a Frontier Whirl). Three couples work at one time. When couple number one is active they work with couples two and four.
The patter continues until the side couples have returned to home and the active couple is again in the center of the square.
Dip 'n' you dive and don't be slow
Inside high, outside low
Inside arch and the outside under
Inside arch and don't be slow
One more duck and on you go
From this point the active couple can work a right and left through with couple number three then move on to couple four and repeat the Dip 'n' Dive pattern.

EL PASO STAR
Gents to the center and back to the bar
Ladies center with a right hand star
Move the star forward
Gents go around the outside ring
Move to the right, counter-clockwise
Turn the opposite lady with a left hand swing
Men pass the opposite lady once then turn her full around with a left forearm the second time they meet. Ladies go back into a right hand star.
Ladies center and star once more
Gents run around to the old back door
Turn your partner left or she might get sore
Men move counter-clockwise again as ladies star, pass partner once, then meet her at home and turn her with a left forearm swing.
Ladies to the center, star and laugh
Gents run around like a lonely calf
Turn your opposite once-and-a-half
As before the ladies star and the men go around, passing their opposites once they
meet again for a left forearm swing to go around one and a half times putting the men in the center for a right hand star.

Men star left in the center of the set
Pass two ladies you just met
Now swing the next, you’re not through yet.
In a right hand star the men pass two ladies, then meet and swing with their corner whom they promenade and keep as a partner to repeat the dance.

**AN ALL-TIME FAVORITE PATTERN CALL**

**ENDS TURN IN**

By Ed Gilmore, Yucaipa, Calif.

First and third go forward up and back
Then split your corner in the same old track and four in line you stand
First and third go forward and back, then forward again and face their corners. Walk between the side couples “splitting the corners,” gents turn to the left, girls to the right and stand in lines of four with the side couples

Go forward eight and back with you, go forward again and pass through
Go forward and back in the two lines of four, then forward again and passing right shoulders with the person you are facing, pass thru and remain facing out. Do not turn back to face the other line of four

Join hands again—the ends turn in
After passing thru, join hands again in the line of four and the two active couples on the ends of each line turn in and come thru the arch made by the center couple in their line of four. The center couple in each line of four simply raise joined hands and pull the ends thru the arch to the middle of the floor. After active couples have come through the arch the side couples do a simple dishrag turn to face back to the center of the set

Circle four in the middle of the floor
Go once around with the pretty little thing, pass through and split the ring and four in line you stand
Active couples after coming thru the arch to the middle of the set join hands and circle four once full around, then again passing right shoulders with the person they are facing, pass through to the side couples, walking between them and standing in lines of four

Go forward eight and back with you, go forward again and pass through
Join hands again—the ends turn in
Circle four in the middle of the floor
Go once around and feel her heft—pass through and allemande left
Repeat as before up to the point where the active couples pass through in the middle of the set. At this point each person is facing his original corner in position for an Allemande left

You go forward four and four fall back
Now sashay four to the right
Behind couple number four
Now, all six go forward
All eight fall back
Now forward eight
And six fall back
And sashay four to the right
It’s forward four and four fall back
And sashay four to the right
It’s forward six
All eight fall back
Forward eight — Fall back six
And sashay four to the right
Now circle four in the middle of the floor
Go ’round to home and then no more

**FORWARD SIX (RIGHT HAND OVER)**

First ole couple bow and swing
Lead right out to the right of the ring
Circle up four
Man, leave that girl, go on to the next
And circle up three
Man, steal that girl, put her on your right
Go on to the next and circle up four
Man, leave that girl, go home alone
It’s forward six and back you go
The head two men you do sa do
The right hand over and the left hand under
Twirl the girls and they go like thunder
Repeat three more times, then, Join your hands and form a ring
Circle to the left with the pretty little thing...

**FORWARD THREE (or)**

The first old couple bow and swing
Now promenade the outside ring
Go all the way around
Now the man stays home and the Lady goes half way round again
And three in line you stand. It’s forward three and three fall back
The man do sa do around the three
Go all the way around
Same man
Turn the left hand lady with a left arm ’round
Now the right hand lady with a right arm ’round
Opposite lady with a two arm swing
Now swing your honey with a regular swing
And swing her home — Everybody swing your own
All promenade with your pretty little date
Go all the way around till you all get straight

POSITIONS AROUND THE SQUARE
—FLOWING MOTION

FOUR GENTS STAR
Well the four gents star in the center of the square
Turn the opposite lady and leave her there
The men simultaneously make a right hand star and, moving clockwise, go across the square to the opposite girl whom they turn with a left forearm, then, leaving her there to face the center of the square the men get back into a right hand star.

Now star right back in the center of the set
You turn your own, you’re not through yet
Star by the right three quarters ‘round
Turn your right hand lady with the left hand ‘round

Star right back across the floor
Turn your left hand lady or she might get sore
Star right back—three quarters ‘round on a heel and toe
Star to your partner — do.paso

Corner by the right and you don’t fall down
Partner by the left go all the way ‘round
And you promenade your corner when she comes down
Repeat three more times

RIGHT & LEFT THRU & LADIES CHAIN DRILLS

THE H
(Right and Left Through Along the Line)
First old couple bow and swing
Go down the center divide the ring
And four in line you stand.
The active pair goes down the center of the set, and splits its opposite couple. The lady turns right and the man turns left and they both go around one to end in a line of four.

It’s forward four and four fall back
Now forward four and four stand pat
The line of four stops in the middle of the square between the inactive two couples.

Sides right and left through along the line
Couple two and four do a right and left thru on either side of the line, the man going on one side and the lady on the other to meet their partner at the end of the line for a regular courtesy turn.

It’s a right and left back you’re doing fine.
Side ladies chain thru the center of the four
The line of four make an opening in the center either by moving a step directly to the side or by having the two dancers at the right end in the line take a step backward and the two at the left in the line step forward. Ladies two and four start a chain by going on the right side of the line, meeting each other with a right hand and walking by in the center of the line and continuing along the left side of the line to be courtesy turned by their opposite man at his home.

Chain right back as you were before.
Just repeat the action to get to own partners.

Now the center four will circle four
Once around that purty little ring
Get back home and everybody swing
Allemande left, etc.

SIMPLE BREAK

HUG AND SWING

Allemande left your corner, allemande right your own
A regular allemande left and a right forearm around partner

Now hug and swing that corner girl as though she were your own
Corner now becomes partner—repeat two more times

Allemande left your corner, allemande right your own

Now hug and kiss your corner miss
By gosh, she is your own.
Check who’s dancing with your wife when you call this.

ARCH AND DUCK—SWINGS

INSIDE OUT — OUTSIDE IN
First and third go forward and back
Forward again and number one ducks in
With an inside out and the outside in
With the two couples in the center, number three makes an arch and goes over the top as number one ducks under the arch. Now the two couples are back-to-back. Number one makes an arch and backs over as number three backs under.

Now duck your head and do it again
With an inside out and the outside in
Swing with your opposite — face the sides
Outsides arch — insides duck
With an inside out and the outside in
Duck your head and do it again
With an inside out and the outside in
With the centers ducking and the outside making the arch the action is repeated. At the end the dancers are facing their corners.

Allemande left with your left hand
Partner right, a right and left grand.

MORE THAN ONE ACTION IN PROGRESS

LADIES THREE-QUARTER CHAIN
First and third go forward and back
Those ladies chain (star) ¾ ‘round
The men move a quarter ‘round the town
(same girl) Chain them in as you did before
Men move a quarter ‘round the floor
Chain them in and do some tricks
Now pick them up like picking up sticks
Chain them in like you used to do
Now go back home and turn you two.
The key to this one is that the active ladies always star right and move three-quarters around the square. The active men move one-quarter to the right outside the square to turn their own partner with a courtesy turn. The first time they meet, the ladies have to split...
the side couple to go out to meet their partner and they then cut back through to go into the center to star again. Each time the ladies star three-quarters and the men move one-quarter. Each time the men courtesy turn their own partners. This dance can be varied by having all four couples active at the same time. Just remember the above traffic rules.

**SPLIT RING — LINES OF THREE**

**MAKE AN ARCH**

First old couple bow and swing
Go down the center, split the ring
The lady go east and the gent go west
Now pass the one that you love best
Circle three, you're doing fine
Now spread right out and form a line.
After splitting the opposite couple, the active lady goes right, the man goes left, around the outside. They meet at home, pass each other and go to the nearest side couple. Circling three with that couple makes two lines of three with the active man and lady at the end of the lines nearest their home. One line has two men together and the other two women.
Forward six and back you march
Forward again and make an arch
In the lines of three each person makes a two-hand arch with the one they face.
The lonesome couple, just you two
Swing her once and tunnel through
Now swing at the foot and tunnel back
Make your shirt-tail pop and crack
Now everybody swing and whirl
Each person swings his original
Allemande left with the corner girl
Here is another way to get into the same lines of three formation:
First old couple back to back
Boomps a daisy go round the track
All the way 'round and don't be slow
Meet your honey and here you go
Do sa do just you and me
Now back right up to lines of three

**AROUND JUST ONE VARIATION**

**MEN TURN BACK**

First and third go forward and back
Forward again and pass through
The men turn back and follow that girl
(To the right around one)
One and three pass through, the two men turn around and follow their opposite girl. The ladies lead, to the right around one man.
Come down that center two ladies chain
Active ladies chain through the sides and across the center of the square where they meet their original partner for a courtesy turn.
Turn her right around and pass through
The men turn back and follow that girl
(To the right around one)
Active couples pass through across the center of the square, then, as before, the men turn back to follow the opposite lady, splitting the outside couple and going to the right around one.

**MISSOURI HOEDOWN**

First old couple bow and swing
First gent promenade the outside ring
Move to the right, counterclockwise
Now turn your partner with a right arm 'round
Your corner by the left when you come down
Back to your own with a right arm 'round
Go all the way around
To the right hand lady with a left arm 'round
Now back to your own with a right arm 'round
Only the active man and the lady he turns are in motion
Two men, two and one, promenade the outside ring
Repeat the entire sequence for men one and two, with two in the lead
Three men, three, two, one, go 'round the outside
Have some fun
Repeat the figure with three men active. Three leads.
Now, all four men, Four, three, two and one
Go 'round the outside.
Everybody's working

**ANTI-DRIFTING PRACTICE**

**RIP 'N' SNORT (A Simple Break)**

All eight circle to the left
The first old couple rip 'n' snort
Go down the center and cut 'em off short
The lady go gee and the gent go haw
Now circle to the left with ole granmaw
With all hands kept joined, the number one couple goes down the center of the square and goes under the arch of their opposite, number three. Active lady number one lets go of her partner but leads her corner and those following to the right around the outside while man number one leads his corner and others to the left. As the lead couples meet, the arching couple "dishrags" under its own raised arms without releasing holds, the man turning right and the lady turning left. Repeat for other couples.

**LADIES CHAIN—RIGHT AND LEFT THROUGH**

**ROUTE**

One and three you bow and swing
Then head right out to the right of the ring
Circle up four you're doing fine
Head men break and you form a line
Forward eight and back with you
Forward again and a right and left through
Turn right around and a right and left back
(Continued on next page)
Two ladies chain across the set
From one line to the other
Down the line two ladies chain
Within the line
Across the set two ladies chain
Down the line two ladies chain
All have partners now and can circle left or promenade or:

Four ladies grand chain
Turn ‘em right around and grand chain back
Ladies center and back to the bar
Men to the center make a right hand star
Go all the way around to the rhythm of the band
There’s your corner — left allemande.

GOOD ALL-WORK PRACTICE

SANTA FE STINKER
First and third bow and swing
Go up to the middle and make a ring
Circle to the left and here we go
When you’re straight do a do paso
Head two couples circle 360° in the center of the square
Partner left with a left arm ‘round
Opposite right with a right arm ‘round
Partner left with a left arm ‘round
Now, corners ALL with a right arm ‘round
Partners left with a left arm ‘round
Go all the way ‘round
To the right hand lady with a right arm ‘round
Turn far enough with partners to be set for right hand ladies
Partner by the left with a left arm ‘round
Go full around
Eight to the center with a right hand star
Men catch the star first, then the ladies continue a half turn more to join the same right hand star behind their partners.
Walk right around but not too far
The girls reach back with your left hand
Each lady puts her left hand over her right shoulder and takes the left hand of the man behind her
Now, allemande left and a right and left grand
Releasing the star, corners do a regular left allemande

THIS USED TO BE DIFFICULT

SPINNING WHEEL
First and third lead out to the right
Circle half and don’t you blunder
The inside arch and the outside under
After circling half way, couples two and four with their backs to each other in the center of the square, make an arch and move forward while couples one and three dive under the arch to the center of the square. Two and four California Twirl to face the square.
Right and left through and you turn right back
Two ladies chain in the center of the floor
Now, turn and chain with the outside four.
Wheel that lady back to place all promenade.
Active couples do a right and left through and the same two ladies chain. Then, with a full turn the active couples face out and the center ladies chain with those on the outside. While in the courtesy turn the center couples maneuver back to home position and all eight promenade in correct order. All men now have corners as their partners.
Now promenade go single file
With the ladies in the lead it’s Indian style
It's a spinning wheel so roll it along
Continue the counter-clockwise circle but make a left hand star.

The other way back you're going wrong
Change direction and make a right hand star
The gents reach back with your left arm
And tie them up like a ball of yarn.
Men reach across and over their right shoulder with their left arm and take the left of the girl behind them but don't release the star or change the forward motion.

Now a do-pas-o will do no harm
It's that girl by the left with a left arm 'round Corner by the right with the right arm 'round Back to your own and you turn her around And promenade.
Breaking the star they fudge slightly to face the girl behind them and do a do-pas-o. As the call to promenade comes before the finish of the do-pas-o use promenade position to turn the girl and all eight now have original partners. Can be repeated for sides.

**SPLIT RING VARIETY**

**SPLIT YOUR CORNER**
First and third go forward and back Forward again, split your corner to the outside track Actives go into the center, turn their back on their partner and head through the nearest side couple. Separate and don't you fall See Saw partners one and all Left shoulders 'round each other
Turn your corner right, by the right arm 'round Back to your partner with a left arm 'round Now promenade your corner when you come down. Turns are with a forearm. Repeat once more for the heads, then twice for the sides.

**DO-PAS-O PRACTICE**

**STAR BY THE RIGHT**
First couple out to the couple on the right Make a right hand star and howdy do Hey, back by the left and how are you? Couple one make a right hand star with couple number two and moves clockwise. They then change to a left hand star and move counter-clockwise. It's a right hand back to the lady left Men reach with their right hand across their left shoulder and take the right hand of the lady behind them. Keep left hand star and keep moving. Break by the left and pull her around Back to your partner, don't fall down Now you're a do-pas-o It's partner left, with a left arm 'round Corner lady with a right arm 'round Now back to your partner and you turn her around Releasing the star men pull the lady around and in front of them. They pull past and all turn partners left and corners right and then courtesy turn their partners. This can be continued by having number one leave number two and repeating the action with three and four, or, keeping couple two, man number one can accumulate couple three into a circle left and then repeat the action with three and then four couples.

**FOREARM TURN DRILL**

**SUZIE Q**
First and third go forward and back Forward again with a right and left through Turn right around for a Suzie Q Actually, the call Suzie Q is not necessary and when the dance is first being taught can be confusing. Try skipping that line until dance is familiar.

Turn the opposite lady with a right arm around Go all the way around, not just half way Partner left, with the left arm 'round Opposite right with a right arm around Now partner left and you turn her 'round This action is similar to a do paso and just ends with a courtesy turn Same two go forward and back Forward again with a right and left through Turn right around for a Suzie Q Repeat the action as above and then for the sides. Use forearm holds.

**STAR FIGURE WITH SKIRT WORK**

**TEXAN WHIRL**
Gents to the center and back to your Jane Men into the center then back out Ladies center and circle the lane Go once around and don't get lost Circle left one time — don't break circle Gents step in with a right hand cross Men reach across circle between their partner and corner to make a right hand star. Ladies will circle left and the men in the same direction.
The ladies turn in a Texan Whirl Now make a star — go 'round the world As the men keep moving the star, the ladies let go of their circle, left face roll to go around one man and then come in behind that man to make a right hand star just below the men's joined hands. All eight are now moving in a right hand star. This is repeated three more times with the following pattern.
The ladies turn in a pretty little spin Join the star and come back in Ladies turn to the left once more Join the star go 'round the floor Ladies turn and you roll right back Now make that star go 'round the track Ladies are once more in their original position Girls reach back with your left hand Without releasing the right hand star, they reach across their right shoulder with their left hand and take the left hand of the man behind them who is their original corner. Now allemande left with your left hand Right to your partner — right and left grand...
TEXAS STAR
Ladies to the center and back to the bar
Gents to the center form a right hand star
It’s a right hand star and how-de-do
Hey, back by the left and how are you?
Meet your pretty girl pass her by

Now (just half a turn around)
The girls go in and the men back out
Now (just half a turn around)
The men go in and the girls back out

(Like a Jay-bird a walkin’ on frozen ground)
Now the men go in with a full turn around

Your corner by the right, it’s a right hand ‘round
Now back to your partner and you turn her around

FLOWING MOTION DRILL

THREE LADIES CHAIN
(One Version)
First couple bow and swing
Lead right out to the right of the ring
Circle four in the middle of the floor
Go full around
Two ladies chain
Three ladies chain on a longer track
Chain them over, chain them back
The men stay there like a rock in the sea
Keep on chaining till you chain all three
Ladies one and two chain. The outside man courtesy turns lady one but the man in the center simply gives lady number two his left hand and as he turns to face couple four lady number two walks past him to give a right hand to chain with lady number four. This chaining action repeats back and forth across the set with the active man in the center changing his position to allow each of the three working ladies to move across until the side ladies have returned to home and the active man has his partner back.

OLDIE THAT NEEDS LOTS OF ROOM

WEATHER VANE
First and third bow and swing
Promenade the outside ring
Go all the way around, here’s what you do
Head out to the right with a right and left thru
After reaching home positions couple number one faces two and three faces four, on the diagonal, to do a right and left thru.
Turn her right around and a right and left back
Two ladies chain on a heel and toe
Chain right back and don’t be slow
Now do-sa do into a line
Individually each person does a do-sa-do, passing right shoulders with the one directly in front of him. Go about ¾ around each other without turning until each person is touching left shoulders with the one he is working with. At this point all eight should be in one line with the dancers facing in alternate directions. Hook elbows in one straight line. A lady will be at each end of the line ready to move forward. Next four lines are optional patter.
Turn that line like a weather vane
Box the compass and brace the main
It’s cloudy in the west and it looks like rain
Keep on turning till you’re home again.
Keeping the line as straight as possible, move it 360° around until it reaches starting spot.
Now see-saw ‘round as you were before
Join hands and circle four
With the same person they did a do-sa-do with, each dancer does a left shoulder repetition of this until the two face each other. Then each couple circles four with couple they’re facing.
Circle four and you don’t be late
Head men break and you make it eight.

MORE EASY DANCES

THE SIMPLE visiting square where one couple leads to the right, does a figure then moves on to the next couple and so on around the square is still a basic part of the square dance formation. Here are ten of the old familiar calls:

AROUND AND THROUGH
First couple out to the couple on the right
Go around that couple to the outside ring
Now through that couple and the center couple swing
First couple moves over to face couple number two. They separate with the man going left and the lady right around and behind couple two where they meet and then walk together splitting couple two until they're in the center of the square where they swing.

Now through that couple to the outside ring
Around that couple and opposites swing
Retracing their steps after finishing their swing, the active couple splits couple two. Reaching the outside of the square they separate, the man going left and the lady right around the couple until they are again facing them in the center of the square. Man number one swings lady two & lady one swings man number two.

Put her on the right and form a ring
Circle to the left with the pretty little thing.
Now break that ring with a corner swing
From this point circle four and do-si-do, or do-pas-o or have couple number one leave couple number two and move on to the right to repeat the action with couple number three.

BIRD IN THE CAGE
Circle up four
Bird in the cage and shut the door
Circle up three around the floor
The bird hop out and the crow hop in
Circle three hands 'round again
Crow hop out and circle four.
The active man is the crow and the active lady is the bird. Circle is to the left. Center person can spin in reverse direction.
LADY 'ROUND THE LADY
One couple out to the next
The lady 'round the lady
And the gent around the gent
Now the gent around the lady
And the lady 'round the gent
Four hands up and around you go, etc.
The active lady leads by splitting the inactive couple and going to the left around the lady while the active man follows to split the couple and go to the right around the man. The active man next takes the lead and again splits the couple to go left around the lady while the active lady splits the couple and goes to the right around the man. Both active dancers return to starting spot facing the inactive couple and all circle four to the left.

LADY 'ROUND THE LADY AND THE GENT ALSO
One couple out to the next
It's lady 'round the lady and the gent also
Now the lady 'round the gent
But her gent don't (pardon) go
The active lady leads by splitting the inactive couple and going to the left around the man. The active man follows the lady, then, when he reaches his starting spot facing the inactive lady, he stops. The active lady continues her figure eight by again splitting the inactive couple and going to the right around the man and then back to her starting position.

LADY 'ROUND TWO, THE GENT FALL THROUGH
One couple out to the next
The lady 'round two and her gent fall through
Now the gent around two
And the lady fall through
The active lady faces to her right. The active man faces to the right to follow behind her. The active couple with the lady in the lead goes counter-clockwise to the right around the couple. She goes around both inactive dancers, while the active man only goes around the man, then he cuts through the couple. Now in the lead, the active man with the lady following, goes around the couple again. This time he goes around both the man and the lady while his partner goes just around the man and then cuts through. Both finish in their starting position facing the inactive couple.

SHOOT THAT PRETTY GIRL
Circle up four
Leave that gent in the center of the floor
And circle three
Now shoot that pretty girl through to me
Both couples swing.
After circling, the active gent is dropped in the center of the floor. The remaining three circle about once and a half until the active lady is on the outside of the circle. The inactive couple then makes an arch and not-too-roughly catapults the active lady into her partner’s arms in the center of the square.

SWING AT THE WALL
One couple out to the next
Around that couple and swing at the wall
Now through that couple
And swing in the hall
Both couples swing
Active couple faces inactive. Active man and lady separate and go around the inactive couple to meet and swing behind them. They continue to swing through that couple and into the center of the square where both couples swing.

TAKE A LITTLE PEEK
One couple out to the next
Go around that couple and take a little peek
Back to the center and swing your sweet
Around that couple and swing once more
Back to the center and circle four
Active couple (man's right hand joined to lady's left) faces inactive. Stretching out joined hands the active couple separates to look around the inactive couple. They then come back to the center to swing then repeat the action of looking around the inactive couple then both couples circle.

TWO GENTS ELBOW SWING
Circle up four
The two gents swing with an elbow swing
Now opposite lady with an elbow swing
Two gents swing with an elbow swing
Now your partner left with the very same thing
Circle up four
From a circle the two men take a right forearm and turn once and half around. With a left forearm they turn their opposite lady one time around then return to the center to right arm swing with the gent once and a half and ending by turning their partner by the left.

YOU SWING YOURS
Circle up four
I'll swing yours and you swing mine
Oh gee, golly, ain't that fine
Now you swing yours and I'll swing mine
I'll swing my girl any 'ole time
Now, circle up four
From a two-couple circle each man waist swings the opposite lady. When he finishes he puts her on his right and swings the next girl on his left — his original.

IF THE QUANTITY of square and round dance material in this volume is any criteria this has certainly been the activity's "greatest year." Most assuredly Sets in Order has printed more dance descriptions in its pages during 1959 than ever before. Count them. There are a total of 396 squares, round, contras and breaks. One thing that particularly pleases us is the return appearance of so many of the "proven hits" or older dances that not too long ago formed the foundation for the activity. We look forward to more of these in the future and also to more of the contras, which incidentally have been collected for us this year by Don Armstrong of Port Richey, Florida. And, while we're at it, thanks again to all of you whose dances grace these pages. Many of your names appear here with dances for the first time. May this serve as an encouragement to your creative abilities in the years to come.

Fondest regards,

Bob Rogers
