## 1984 WARRANT TOWN OF STRATFORD

To the inhabitants of the Town of Stratford, in the County of Coos, in said State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town of Stratford on Tuesday, the Thirteenth Day of March next at ten o'clock in the forenoon to act upon the subjects here and after mentioned.

You are hereby warned that on said date and place the polls will be open at 10:00 o'clock in the forenoon and will remain open until 6:00 o'clock in the afternoon for the receipt of your ballots under the Non-Partisan Ballot System.

1. To see if the Town will vote to choose by Non-Partisan Ballot the following Town Officers:

One Selectman for Three Years  
One Town Clerk for One Year  
One Town Treasurer for One Year  
One Trustee of Trust Funds for Three Years  
One Moderator for Two Years  
One Supervisor of the Checklist for Six Years

2. To see if the Town will vote to raise and appropriate a sum of \$1,650,000.00 for the purpose of the construction of a wastewater and sewerage treatment facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.) and will qualify the Town for Federal Funds, such sum to be raised by the issuance of Serial Bonds or Notes, Grants or Loans, not to exceed \$294,360.00 under and in compliance with the provisions of the Municipal Finance Act (N.H. R.S.A. 33.1 et seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale, and delivery of such bonds or notes as shall be in the best interest of the Town of Stratford, N.H. and to allow the Board of Selectmen to expend such monies as become available from the

Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.) and pass any vote relating thereto. (Voting by written ballot. Passage requires a 2/3 vote of those present and voting, and the polls for voting on this article must remain open for one (1) hour.)

3. To see if the Town will vote to authorize the Selectmen to negotiate with property owners for the purchase of lands, easements and present sewerage system, as may be necessary to own, and may be a prerequisite to the federal funding in the event a town sewerage treatment system is constructed, and to see what sum of money the Town will vote to raise and appropriate to cover the cost of same and for this purpose to authorize the Selectmen to borrow up note of the Town such sum as may be raised and appropriated at such rate of interest and payable at such time in accordance with Chapter 33 R.S.A. and amendments thereto entitled "Municipal Finance Act" as the Selectmen are able to negotiate and further authorize the Selectmen to do all things necessary in connection with the foregoing in the best interest of the Town.
4. To see if the Town will vote to accept the Budget and raise and appropriate money for same. If not, to see what sum of money the Town will vote to raise and appropriate to defray town charges for the ensuing year.
5. To see if the Town will vote to instruct the Board of Selectmen to appoint all other Town Officers as required by law, not elected by Non-Partisan Ballot.
6. To see if the Town will vote to raise and appropriate the sum of \$8,834.73 and to authorize the withdrawal of said sum from the Revenue Sharing Fund established under provision of the State and Local Assistance Act of 1972 and to expend the same as follows:

Highways & Bridges	\$5,161.73
Highway Equipment	3,373.00
Town Hall & Other Buildings	300.00
	<u>\$8,834.73</u>

7. To see if the Town will vote to instruct the Board of Selectmen and the Town Treasurer to borrow money in order to defray town charges in anticipation of taxes for the ensuing year.
8. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept, and expend without further action of the Town Meeting money from the State, Federal, or other governmental unit or a private source which may become available during the fiscal year.
9. To elect two auditors for the ensuing year or to see if the Town will vote to authorize and instruct the Board of Selectmen to hire a private auditing firm of accountants to audit the Town Books and to make an appropriation to cover the cost of the same.
10. To see if the Town will vote to instruct and authorize the Board of Selectmen to modify the present annual tax billing to a semi-annual tax billing system.
11. To see if the Town will vote to raise and appropriate \$694.00 for the support of the North Country Council, Inc.
12. To see if the Town will vote to raise and appropriate the sum of \$375.00 for the support of Ambulance District A-1.
13. To see if the Town will vote to raise and appropriate the sum of \$2,100.00 for the Upper Connecticut Valley Hospital to help defray the costs of maintaining stand-by alert personnel to cover medical emergencies.
14. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the support of the Beatrice D. Weeks Memorial Hospital.
15. To see if the Town will vote to raise and appropriate the sum of \$750.00 for the support of the Upper Connecticut Valley Mental Health Services and \$200.00 for the Vershire Center.
16. To see if the Town will vote to raise and appropriate the sum of \$1,100.00 for operating expenses and matching funds for the Northern Coos Community Health Association.

17. To see if the Town will vote to raise and appropriate the sum of \$800.00 for the support of the Community Action Outreach Program.
18. To see if the Town will vote to raise and appropriate the sum of \$22,500.00 for the garbage collection and use of the landfill in Lyndonville, Vermont by Ray O. Parker & Son Inc.
19. To see if the Town will vote to raise and appropriate \$312.50 to cover the final costs of the perambulation of the Town Lines between Stratford and Stark.
20. To see if the Town will vote to accept for Winter Maintenance that portion of the so-called Bordeau Rd. (a/k/a Stone Rd.) from the present end of the approved portion of highway for an additional distance northerly for .5 of a mile to the northern boundary of the property of Arthur & Surrissa Lewis. Also, if approved, to see what sum of money the Town will vote to raise and appropriate to cover the costs of the same. (By Petition)
21. To see if the Town will vote to reclassify the southerly end of Percy Road to the Francis White residence from a Class VI Highway to a Class V Highway.
22. To see if the Town will vote to go on record in support of immediate actions by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of the Town of Stratford and to the health and welfare of the people of Stratford. These actions shall include: 1. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990., and 2. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to this same goal. The record of the vote on this article shall be transmitted to the N.H. Congressional Delegation and the President of the United States.
23. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 for the continuation of the Summer Recreation Program for the youths of Stratford.

24. To see if the Town will vote to raise and appropriate monies for the fire department to convert their Scott Air Packs with regulators that conform to the Osha Law.
25. To hear reports of agents, officers, and committees heretofore chosen and to take any action on same.
26. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 13th day of February in the year of our Lord, Nineteen Hundred and Eighty Four (1984).

James H. Chapple  
Clement E. Knowlton  
Paul R. Hawley

To the Members of  
the Board of Selectmen  
Town of Stratford  
Stratford, New Hampshire

We have examined the combined financial statements and the combining fund financial statements of the Town of Stratford, New Hampshire as of and for the year ended December 31, 1983, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining fund financial statements referred to above present fairly the financial position of the Town of Stratford, New Hampshire at December 31, 1983, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining fund financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Stratford, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined and combining fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

# NOTES TO THE FINANCIAL STATEMENTS

December 31, 1983

## Note 1 - Summary of Significant Accounting Policies:

### A. Fund Accounting

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town.

### GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expandable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are Federal Revenue Sharing, Department of Resources and Economic Development Grant, North Stratford Library, Laura P. Johnson Library and Summer Recreation Program Funds.

Capital Projects Funds - Transactions related to resources obtained and used for the acquisition, construction or improvement of capital facilities are accounted for in Capital Projects Funds. Such resources are derived principally from proceeds of long-term notes or bonds and from federal and state grants.

### FIDUCIARY FUNDS

Trust Funds - Trust Funds are used to account for the assets held in trust by the Town for others.

## B. Account Groups (Fixed Assets)

All governmental funds and expendable trust funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreased (expenditures and other uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by general accepted accounting principles, is not included in this financial report.

## C. Basis of Accounting

The accounts of the General, Special Revenue, Capital Projects, and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or in the case of judgments and claims against the Town, when there is a probability that such judgments and claims will result in liabilities, the amounts of which can be reasonably estimated. All Nonexpendable Trust funds are accounted for using the accrual basis of accounting.

## D. Budgeting Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which

govern the Town's operations. However, contrary to generally accepted accounting principles, it has not been the practice of the Town to adopt any annual budget for all Special Revenue Funds. The Town budget represents departmental appropriations as authorized by annual or special town meetings. The Selectmen may transfer funds between operating categories as they deem necessary. State statutes require balanced budgets but provide for the use of beginning fund balance to achieve that end. \$10,000. of beginning general fund balance was applied to reduce the 1983 property tax levy.

#### E. Encumbrances

Encumbrances accounting, under which purchase orders, contracts and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, it employed in the governmental funds. Encumbrances are not the equivalent of expenditures; and are therefore reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year. The reserve for encumbrances at December 31 consists of the following:

Spur Street Bridge	\$4,215
Unexpended Highway Funds	1,578
Total	\$5,793

#### F. Investments

Investments in all instances are stated at cost, or in the case of donated investments, at market value at the time of bequest or receipt.

#### G. Inventories

Inventory in the General and Special Revenue funds consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

#### H. Taxes Collected For Others

The property taxes collected by the Town include taxes levied for the Stratford School District and Coos County which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town. The payments are recorded in the General Fund as intergovernmental transfers.

#### I. Property Taxes

Annually, the Town establishes an amount for abatements, discounts and refunds of property and resident tax revenues known as overlay. All abatements

discounts and refunds are charged to this account. The amount raised in 1983 was \$11,939 and expenditures amounted to \$1,656.

As prescribed by law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due, where applicable. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for at least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the two year redemption period, the property is tax-deeded to the lien holder.

#### J. Interfund Transactions

During the course of normal operations, the Town has numerous transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental and fiduciary fund financial statements reflect such transactions as transfers.

#### K. Interfund Receivable and Payable Balances

Individual fund interfund receivable and payable balance at December 31, 1983 were as follows:

<u>Fund</u>	<u>Interfund Receivables</u>	<u>Interfund Payable</u>
General Fund	\$ 6,788	\$ 3,591
<u>Special Revenue Funds</u>		
Federal Revenue Sharing	3,591	
Dept. of Resources & Economic Devel. Grant		350
<u>Capital Projects Fund</u>		
Sewer Study Fund		438
Trust Funds		6,000
	<u>\$ 10,379</u>	<u>\$ 10,379</u>
====	=====	=====

#### L. Intergovernmental Receivables

The intergovernmental receivables at December 31, 1983 consist of the following:

<u>Special Revenue Funds</u>	
Federal Revenue Sharing	\$ 1,730
Dept. of Resources & Economic Development	<u>34,015</u>
	\$35,745

Capital Projects Funds

State of New Hampshire	\$4,141	
Environmental Protection Agency	<u>3,031</u>	\$ 7,172

NOTE 2 - CAPITAL RESERVE FUNDS

The capital reserve fund balances held by the Trustees of Trust Funds at December 31, 1983 are as follows:

<u>Purpose</u>	<u>Amount</u>
North Stratford Memorial Fund	\$ 6,466
Stratford Hollow Memorial Fund	4,549
Spur Rd. Bridge Contruction Fund	2,631
School Funds	<u>37,607</u>
Total	<u>\$51,253</u>
=====	=====

NOTE 3 - PENSION PLAN

The Town has no full-time employees and does not participate in any form of pension plan or retirements program.

NOTE 4 - TRUST FUNDS

The principal amount of all non-expendable trust funds is restricted either by law or by terms of individual bequests in that only income earned may be expended. The Town's nonexpendable and expendable trust funds at December 31, 1983 are detailed as follows:

<u>Purpose</u>	<u>Non Expendable</u>	<u>Expendable</u>
Cemetary Funds	\$ 20,150	\$ 1,284
Helen Brown Fund	10,000	530
Rollin Baldwin Fund		2,756
John C. Hutchins Prize	1,000	188
Library Trust Fund		<u>2,041</u>
Total	<u>\$ 31,150</u>	<u>\$ 6,799</u>
=====	=====	=====

NOTE 5 - LITIGATION

As of December 31, 1983, the Town of Stratford was named the legally liable unit and responsible for expenses incurred for child support in two separate cases. In the first matter the Town has been paying child support for approximately six hundred (\$600) per month to a child care facility. This obligation would cease within the next couple of months.

In regards to the second case, the ultimate total liability has not been determined. However, at the very worst, the Town would be held liable for all of the child's expenses at the Crotched Mountain facility for the handicapped which could exceed the sum of \$45,000.00, peryear. This obligation would cease once the Town had paid expenses for a period of three hundred sixty-five days and would then transfer to the county.

NOTE 6 - CAPITAL PROJECTS FUNDS

Bonds and Notes Authorized - Unissued

Bonds or notes authorized - unissued at December 31, 1983 are as follows:

<u>Project</u>	<u>Town Meeting Authorization Date</u>	<u>Amount</u>
Sewerage Treatment Facility Engineering Step II	June 7, 1983	\$25,000.

## NORTH COUNTRY COUNCIL REPORT

North Country Council is the regional planning and economic development agency for communities in the northern part of the State. Your town is one of forty-three member towns that utilize development, solid-waste, transportation, recreation, and municipal services. The Board of Directors is made up of representatives from every member town.

The Council had provided information and guidance to several towns on the Community Development Block Grant, Urban Development Action Grant, and Farmers Home Administration Programs, providing demographic data to individuals, businesses, and economic consultants interested in the North Country. This summer, we prepared a Plymouth Area Economic Base Study, to be followed by similar reports on other North Country Subregions.

Other regional activities of importance include the coordination and establishment of eight solid waste districts. Council staff has assisted towns in developing work plans to assess their waste disposal needs and current methods and develop a 10 year plan. The Council has also surveyed local disposal practices for septage, estimated future needs, and will be recommending alternative disposal arrangements.

In community planning, we have assisted many towns with adopting or amending zoning ordinances subdivision regulations, site plan review and other local regulations. With the reorganization and slight revision of the state planning and zoning laws, we've been busy trying to keep planning boards informed of the changes and new requirements. A workshop was held in the fall and more are planned in the Spring. We also met with over 20 towns to help them review regulations relating to subdivision and building in the floodplain to insure compliance with federal regulations. The staff successfully assisted communities in applying for funds for recreation and library facilities.

These are some of the highlights of the past year. We welcome your town's active participation on the Board and use of the Council's services and look forward to working on your behalf in 1984.

# STRATFORD POLICE DEPARTMENT

The Stratford Police Department is still a part-time department with four officers on call 24 hours a day. In my opinion, the Town of Stratford has the best Police Department in the North Country. Morale is high, the officers are well trained. We have had various types of crimes committed in Stratford which are listed below. The majority of the calls coming in during the week instead of on week-ends when we are normally on duty. In addition, we get numerous types of telephone calls pertaining to legal advice and from individuals who just want to talk to an officer.

Most of the camp break-ins and robberies in town have been solved. The culprits have been prosecuted. We still need the cooperation of the people in town to report any incidents that is of suspicious nature at the time it is happening--not the next day. We appreciate all the help the townspeople have given this Police Department.

# NORTH STRATFORD VOLUNTEER FIRE DEPARTMENT

January 24, 1984

Town of Stratford  
Selectmen's Office  
Main Street  
North Stratford, NH 03590

To The Honorable Board of Selectmen:

The North Stratford Volunteer Fire Department would like to submit the following break-down of fires we responded to during the 1983 year:

3	Structural
11	Chimney
1	Auto
2	Grass
2	Dump
2	Mutual Aid
0	False Alarms
<hr/>	
21	Total Fire Calls

We would like to take this opportunity to thank you for your support of our weekly bingo games and your donations to the Department for chimney cleaning and grass burning. Through this support we are happy to report the purchase of twenty (20) new Cairns Philadelphian helmets and twenty (20) pairs of Servus Hip high fire boots was made possible.

A special thanks to Ted Burns for the donation of the 1200 gallon tank for the new water truck we hope will be operational this year.

Sincerely,  
Michael Bennett, Chief  
N.S.V.F.D.

Stratford Hollow Volunteer Fire Dept.

To The Honorable Board of Selectmen:

There was a total of 15 fire calls during the year.

7	Structural
5	Chimney
1	Auto
1	Grass
1	Dump
<hr/>	
15	Total Fire Calls

Lawrence Curley, Chief  
S.H.V.F.D.

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required is, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000.00 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

### 1983 Statistics

	<u>State</u>	<u>District</u>	<u>City/Town</u>
No. of Fires	779	3	0
No. of Acres	348	.25	0

## REPORT OF ROAD AGENT

To The Honorable Board of Selectmen:

There were no major repairs done on roads this year. Just the general repairs of culverts, graveling and grading of the roads. Also plowing and sanding winter roads. There have been some repairs made to the Town Buildings and the chlorinator required several new parts.

Laurence Hook  
Road Agent

## REPORT OF TOWN NURSE

To The Honorable Board of Selectmen and the Residents  
of the Town of Stratford, N.H.

It is my pleasure to submit the following report  
of my activities as part-time Public Health Nurse:

During the year 1983, a total of 1,257 calls were made to the Residents of this Town. This number represents calls made to the patients home, at the scene of an illness, scene of an accidents or in my own home.

Not included in the above total, an additional 321 calls were made outside the township of Stratford.

During the year, a total of 5,672 miles were covered in the course of my duties in patient visitation and transportation.

Respectfully submitted,

Anita B. Marshall  
Public Health Nurse

## AMBULANCE DISTRICT A-1

December 28, 1983

Board of Selectmen  
Town Offices  
No. Stratford, NH 03590

Gentlemen:

On behalf of all the members of the Ambulance District A-1, I wish to express our sincere appreciation to the people of Stratford, NH who have once again chosen to help support our efforts in this area.

The volunteer members of our Ambulance Corps have put in many hours of special training, continuing education, and refresher courses in order to better serve this area in the most efficient and professional manner possible. Without your continued support and encouragement, we would soon not have enough members to keep the ambulances rolling.

Please pass on our appreciation to the Selectmen and all of the Towns folk for their public vote of confidence and appreciation, and if you should have any question or concerns about the ambulance services please do not hesitate to contact me directly.

Sincerely yours,

Eric G. Stohl, President  
Ambulance District A-1

## SUMMER RECREATION PROGRAM

To The Honorable Board of Selectmen:

The Stratford Summer Recreation Program had a very successful summer. Approximately 120 children attended. Six of these were from the Town of Brunswick and twenty-one were from the Town of Bloomfield. All children from K-6 were invited to attend. The program extended for five weeks from July 5-August 5. Meals were provided for an average of 96 children daily at no charge.

This year's activities included trips to: Santa's Village, Heritage House, Fantasy Farm and York Beach, Maine. We also went to Maidstone Lake twice a week for swimming lessons, and the other nine days were spent at the school. School activities included Arts & Crafts and Outdoor Games. The last week of the program included a Field Day at the school and a Swim Meet at Maidstone Lake.

I would like to take this opportunity to Thank the following for their efforts and support of the program:

The Townspeople of Stratford for their support.  
The Town's of Bloomfield and Brunswick, Vt. for  
their donations to the program.  
The Staff, the Aide's and the Bus Driver.  
The C.E.T.A. Program, that unfortunately is no  
longer in existence.  
The Food & Nutrition Service for our meals.  
Nugent's Bus Service for their meanial fee.  
Burns Exxon for their discount on our gas.  
State of Vermont for the use of Maidstone Lake.

Respectfully submitted,

Phyllis Dowse  
Program Director

# TENTATIVE SCHOOL WARRANT STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Stratford  
qualified to vote in district affairs:

You are hereby notified to meet in the Stratford Public  
School Gymnasium in said district on Monday, March 12, 1984,  
at 7:30 o'clock in the evening to act upon the subjects here-  
inafter mentioned.

1. To hear reports of agents, auditors, committees or  
officers heretofore chosen and pass any vote relating  
thereto.
2. To see if the district will vote to accept the provisions  
of Chapter I of the Educational Consolidation and Improve-  
ment Act, and to appropriate such funds as may be made  
available to the district under said Federal Act for such  
particular projects as may be determined by the school  
board. Further, to see if the district will authorize  
the school board to make application for such funds and  
to expend the same for such projects as it may designate.
3. To see if the district will vote to accept the provisions  
of the Federal and State School Lunch Program and to  
appropriate such funds as may be made available to the  
district under said program. Further to see if the dis-  
trict will authorize the school board to make application  
for such funds and to expend the same for such programs.
4. To see if the district will authorize the school board to  
make application for, to receive and expend in the name  
of the district such advances, grants-in-aid or other  
funds for educational purposes as may now or hereafter be  
forthcoming from the U. S. Government and/or State  
agencies.
5. To see if the district will vote to raise and appropriate  
a deficit appropriation for 1983-1984, a sum of \$10,989  
to be made available to the school district prior to  
July 1, 1984 to meet its obligations for expenses incurred  
during the current fiscal year.
6. To see if the district will vote to raise and appropriate  
the sum of \$15,737 to reinstate teaching staff salary and  
benefits. (Not included in the proposed 1984-1985 budget)
7. To see if the district will vote to raise and appropriate  
the sum of \$\_\_\_\_\_ for payment of salaries and  
benefits under the terms of a collective bargaining agree-  
ment for the year 1984-1985. (Not included in the pro-  
posed budget for 1984-1985)

8. To see what some of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents and for the payment of the statutory obligations of the district.
9. To transact any other business that may lawfully come before said meeting.

Given under our hands at Stratford this 15th of February, 1984.

Lewis R. Allin

## TRANSMITTAL AND COMMENTARY LETTER

Stratford School Board  
Stratford School District  
Stratford, New Hampshire 03590

Dear Board Members:

In connection with our examination of the financial statements for the Stratford School District for the year ended June 30, 1983, we reviewed the system of internal control and accounting procedures of the District. Our procedures included discussions with various employees responsible for performing accounting functions. We noted some areas where internal controls and accounting procedures could be revised and supplemented in order to better safeguard the District's resources and for improved operations. We realize that, with a limited size office staff, the most ideal system of internal control or the most desirable accounting system may not be practical; however, it is our opinion that a concerted effort should be made to improve internal control in operating procedures wherever possible. The comments and recommendations we are making attempt to recognize the limitations imposed by the existing number of personnel.

The following areas are those we believe have material weaknesses in internal accounting control.

### Bank Reconciliations

Currently, the Treasurer performs the bank reconciliations. Under an ideal system of internal controls, the Treasurer would handle the checks, the bookkeeping personnel of the School Administrative Unit would handle the record keeping, and a member of the School Administrative Unit, not involved in bookkeeping, would prepare the bank reconciliations. As a practical alternative, however, any member of the School Administrative Unit preparing the bank reconciliation would improve the system of internal controls. The School Board may wish to ask the School Administrative Unit if they are willing to assume this additional duty.

### Student Activity Funds

Currently, the Student Activity Funds' records and assets (cash) are kept by the high school secretary. Under an improved system of internal controls, the cash would be

handled by one person, the recordkeeping handled independently by a second person, and a third person would reconcile the records and the bank statements.

#### Scholarship Fund

The School Board should determine whether the scholarship fund currently in the student activities funds should, instead, be with the Trustees of the Town Trust Funds.

#### General Ledger

During our review, we noted that the general ledger was not maintained on a current basis. As a result, the asset and liability accounts did not accurately represent the financial position of the District. The general ledger should be maintained on a current basis to record the changes in the various asset and liability accounts and should be balanced at least monthly. By maintaining the general ledger on a monthly basis, management will be accurately informed as to such important account balances as cash, fund balance, accounts receivable and account payable. The general ledger posted on a current basis will permit management to keep accurate and reliable accounting records.

We recommend the School District adopt and maintain its general ledger as required by Handbook 2R, published in accordance with the guidance of the Department of Revenue Administration.

The general ledger should be maintained on a modified accrual basis as required by Handbook 2R. The general ledger, whether posted manually or prepared by computer, is an excellent aid in determining the histories in various accounts and for reviewing the financial condition of the School District.

#### Fixed Assets

Although the School District has few fixed assets, a list of the assets should be maintained by an individual who would be charged with the responsibility for updating the list for additions and deletions. When detailed fixed asset records are not maintained, the establishment of gains and losses on disposals is difficult and assets may be scrapped or disposed of without proper authorization.

The absence of a fixed asset ledger or other supporting documentation could prove costly if you had a fire since it would be difficult to prove actual losses. Existence of such records would greatly improve the control over physical accountability if these assets and would

provide the necessary information to aid in the determination of appropriate insurance coverage. We suggest that all equipment be physically inventoried and that detailed records be created to account for the District's equipment.

#### Detailed Histories

The computer presently used by the School Administrative Unit does not provide any "hard copy" of the transactions that comprise the balances in the history. This discourages the review of any account by the School Board. Under an ideal system of internal controls, the School Board would review the histories regularly, both for comparison of expenditures to budget, and to review the allocation of expenditures to various functions and objects.

As we understand the situation, the School Administrative Unit is in the process of purchasing a new computer. The School Board may want to inform the Unit as to your expectations of computer benefits. As mentioned above, a benefit that may derived from computer statements is the ability to review the District operations closely. The Board should evaluate this benefit and others versus any additional costs from the purchase of the computer.

#### Hot Lunch

Currently, the School Lunch Funds' records and assets are kept by the School Lunch Director. In order to improve internal controls, the cash would be handled by one person, the recordkeeping handled by a second person, and a third person would reconcile the cash activity and the records. For example, the school principal, secretary, or other school personnel could sell the weekly lunch tickets and make the deposit. They would report to the Director those who had paid for lunch so the appropriate students could receive lunch. The Director would then keep the necessary records to file for the State for reimbursements.

Objectives of a system of internal controls include providing reasonable assurance as to the reliability of financial records and maintaining accountability for assets. The concept also recognizes that the evaluation of cost versus benefits necessarily requires judgements by the members of the School Board.

Very truly yours,

David J. Driscoll & Company  
Certified Public Accountants

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

No less than twelve major publications focusing on the public schools and the state of education in America, led in the vanguard by "A Nation at Risk," have caused 1983 to become a pivotal year for the youngsters of our country. Yet there was never any doubt in the minds of those most concerned with education - teachers, administrators, school boards, students and parents - that education was even in a state of dormancy. It has always been around, and like an old pair of shoes may have grown so comfortable the public hardly noticed it. Complacency rather than dormancy is the operating condition. The reports uniformly point out deficiencies in the system, with few accolades for the good things education has done for America. Educators have always realized that the entire fabric of our country - and indeed all civilization - relies on education as the link between one generation and the next, as the bond from the past to the future, as the cement which unites our political, economic, social, moral, and ethical character as a nation.

Things are really not as bad as some of the reports might have readers believe. However, they have put a few pebbles in those comfortable shoes, and many of the conditions that warrant improvement, conditions that educators have known to exist for quite some time, have finally risen to a welcome level of broad public awareness. The reports, in that respect, do serve a valuable purpose. The specialized training, certification and relicensure for teachers puts them in a category of professionals but compared to other professions - medicine and law being most often quoted - their compensation in remunerative terms is nowhere the same. The learning levels achieved by students is the highest it has ever been, both in the numbers of students in school and in what they are required to know before graduation, but the reports tendentiously aim at the deficiencies, at what young people don't know, or haven't learned in school.

Remedies for the many ills the prophets of gloom see in education are philosophically sound, but a far cry from ready implementation at a practical level. Two examples suffice to illustrate some of these impracticalities.

First, by increasing demands on teacher productivity, the reports contend that a proportional increase in learning will result. This is like saying "teach harder - teach faster". Some have put forth an interpretation of "teach longer". Yet there is a significant lack of recognition of something called the learning curve: we learn the greatest quantity of material in our very early days and months of life, and proportionately less as we progress in years. Also, a factor recently given recognition in the learning environment is time-on-task. Is the public ready for school experiences to begin, in a modified

way, at age two or three? Is the public ready to accept a school day and a school year of up to seven hours and eleven or twelve months to increase the time on task? Can young children perform as effectively at 4:30 on a Friday afternoon as they can early on a Monday morning? Or perform as effectively on a sunny July or August day in an un-airconditioned building? If the school day or year is increased by twenty- or twenty-five percent to provide that additional time, who will pay for the corresponding increase in costs?

Herein lies the significant danger of jumping on bandwagons, adopting "fad" ideas, or agreeing to every philosophical panacea that the Jeremiahs of reform thrust on us. We are a remarkably complex society, and no simple answers will ever unravel our complex nature. If it takes one hundred years to grow a tree before it's harvested, it also takes another one hundred years for another planted in its place to mature. Our present system of six hours a day, one hundred and eighty days a year, for twelve grades of public education is slightly over one hundred years old. It may be a horse-and-buggy on a super-highway, but to immediately and dramatically supplant it with a radical change would be a far more harmful than helpful change, a more disruptive and ineffective adjustment than a more reasoned, planned approach to change.

The second most often heard theme is to elevate salaries for teachers. Again, the obvious philosophical validity of this recommendation flies in the face of economic realities: can communities afford the increase in budgets this would cause? The bulk of school budgets across the country today reflects the fixed costs of salaries, benefits, insurance and taxes. A first year teacher locally earns approximately \$7.50 an hour, if the concept of an "hourly wage" is even remotely applied. That wage is earned over one hundred and eighty days, and must stretch to cover a full calendar year. For anyone to have to make rental or a mortgage payment, pay federal taxes, car payments, or purchase the necessities of life on a minimal wage scale, especially after earning a college degree, it is small wonder that the higher salaries in business and industry are far more attractive to prospective teachers. Nationally, we face a severe teacher shortage, and unless the schools can become competitive with the private sector for talent, this problem will only become exacerbated in the future. It cannot be ignored in hope that it will go away; communities must begin dealing with it now if we are not to have a crisis on our hands in the next decade.

Our local schools in School Administrative Unit 58 are indeed fortunate in having a solid core of dedicated professional teachers for our children. Your support and appreciation of them pays dividends in the quality of education. The many good things our schools do for children outweighs some of the persistent problems we are continuing to

deal with, and with your help our long range goal of providing a strong society of well-educated, productive citizens will be a reality.

Respectfully submitted,

CHARLES J. MICCICHE  
Superintendent of Schools

## PRINCIPAL'S REPORT

The 1983-84 school year can be called a year of change at the Stratford Public School.

A new principal assumed his duties in late June of 1983. During the summer months, a review was made of the conditions in the school. It was found that discipline had to be strengthened, internal communications had to be improved, and the school faced compliance with the proposed minimum standards from the State Department of Education for the future.

To strengthen discipline, changes were made in the student handbook. These changes included some definite ideas as to how particular problems would be handled. The result has been dramatic. Discipline has improved significantly; however, much credit must be given to the parents because of their continued support.

Internally, communications were improved. A more structured system of communicating was implemented, which has resulted in increased involvement by the principal as well as in informed action and decision making.

Several additions in terms of staff, programs and equipment have been phased into the school:

1. A self-contained special education room opened this year. The program deals with students who need extra attention above and beyond what is received in the special education resource room. Because this is one of the few facilities of its kind operating in the North Country, students from other districts are tuitioned here and much of the operating cost is offset by tuition.
2. Eleven new electric typewriters were purchased with federal money. These machines replaced manual typewriters, many of which have been used since the 1960's.
3. A data processing course was offered for the first time this year. Interest and enthusiasm for this course is high; however, because the school has only one computer, the enrollment in the course could become very selective.

4. A Concerned Citizens Organization was formed this year. They have been active and very helpful to the school. One activity included a talk by the principal on the proposed minimum standards. Another activity is the making and donation of curtains for the stage. This organization promises to be of tremendous service to the school.
5. During the summer, a new hot water heater was installed in the kitchen area. This was significant, because now hot water can be by this heater in warmer weather instead of having to fire up the boiler. We believe this is a move toward energy efficiency for the school.
6. At this writing, the school is receiving a walk-in cooler for the school lunch program. This means more efficient storage, better use of the available space, and more extensive use of free federal commodity foods.
7. The school's elementary component received a higher classification from the State. Stratford elementary is now a class III. While this is significant, it must be noted that this is completely separate from the minimum standards proposed by the states for grades 9 - 12.

The new standards will probably be in effect in September, 1985. Compliance with these standards is an issue with which we all must deal. In December, the principal talked at a CCO meeting about the proposed minimum standards. In his talk, he presented a checklist of 22 items which will affect Stratford's 9 - 12 status. Of these, it was pointed out that Stratford complies in only nine areas. It was also pointed out that if the State Department of Education observes an effort to comply, an extension could be granted. If no effort is observed, the school could be penalized. What must be realized is that non-compliance to these standards could affect the future of the 9 - 12 component of the Stratford Public School.

The principal is appreciative of the support received so far. The attitude toward the school on the part of the townspeople is apparent. The people of Stratford and surrounding areas this school serves should be proud, because in the face of tax overburden, they have maintained this school. It is hoped the future will bring the same and that Stratford will remain a K - 12 school.

Respectfully Submitted,

GREGORY KUNKEL,  
Principal

# RIGHTS OF PARENTS OR GUARDIAN

As the parent or guardian of a child who may require or who is receiving special education and/or related services, you have the following rights:

\*You have the right to have access to and examine all records relating to your child's education.

\*You have a right to receive prior written notice whenever the local educational agency proposes to begin or change the special education referral, evaluation and/or educational placement of your child. You also have a right to give your written consent before initial special education placement and before any individual evaluation of your child.

\*You have a right to question any matter, decision or recommendation relating to your child's referral, evaluation or educational placement.

\*You have a right to request an independent educational evaluation obtained by the local educational agency. If your request is accepted, the evaluation will be conducted by a certified or licensed professional examiner who is independent of the local educational agency and will be performed at no cost to you. Should your request be denied, you have a right to appeal this decision as described below.

\*If you have any complaints regarding the referral, evaluation or educational placement of your child, you have a right to meet with the school board. If any agreement is unable to be reached, you have the right to an impartial hearing conducted by a state appointed due process hearing officer.

\*At this hearing you have the right to be assisted by person(s) with special knowledge or training, or by an attorney, and the right to present evidence and confront, cross-examine and compel the attendance of witnesses.

\*After this hearing, you have the right to a written or electronic verbatim recording of such hearing. You have the right to obtain written findings of fact and decisions of the hearing at no cost.

\*If the decision of the impartial hearing at the local level is not acceptable to you, you have the right to appeal this decision to the State Board of Education or Civil Court.

\*During any of the hearing or appeal procedures your child shall remain in the current educational program or, if applying for initial admission to the public school, shall be placed in a regular program until all proceedings have been completed, unless you and the school officials agree otherwise.

Title IX of the Education Amendments of 1972  
Public Law 92-318

Subpart A, Section 86.8 of Title IX requires public notification that the Northumberland School District does not discriminate in their educational programs, activities, or employment practices, on the basis of race, language, sex, age, or handicapping condition under the provisions of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; and the Education of All Handicapped Children Act of 1975. The Northumberland School District hereby notifies students, parents, employees, and residents that complaints and grievances for noncompliance with any of the provisions of Title IX are to be referred to:

Charles Micciche, Title IX Hearing Officer, 10 Main St.,  
Groveton, NH

# REPORT OF THE SCHOOL NURSE

January-December, 1983

## STRATFORD SCHOOL DISTRICT

Total number of students seen by the School Nurse: 1,211
