Superintendent's Report

To the School Board:

I herewith submit my third annual report, it being the ninth in the series of such reports.

The only school open is located at Snowville. Twenty-five pupils are in attendance. Three children attend school at Brownfield and one in Madison.

Miss Violet Ward is continuing her good work in the school. Four graduates are attending Kennett High School in Conway:

Lawrence E. Nelson

Alfred G. Nelson

Seth M. White

Bernice E. White

It is inspiring to see young people seeking higher education.

A pleasing feature of the year has been the cordial cooperation of the public in school-community gatherings like the Christmas observance.

Miss Marjorie Buswell has been succeeded as school nurse by Miss Harriet M. Curren. Under Miss Buswell's care, the children were given opportunity to have the Toxin Anti-toxin treatment to prevent diphtheria. Most of the school children and some pre-school children were treated by Dr. B. Frank Horne of Conway. The Schick Test given under the direction of Miss Curren shows that out of seventeen children treated seventeen were successfully immunized. Definite plans should be made this spring for a dental clinic. Miss Curren will try to secure a dentist who will serve for as much time as there is money to pay. Miss Curren's report of the medical examinations follows:

Number children examined,	22
Number children 10% underweight,	5
Number defective teeth,	5
Number defective breathing,	2
Number adenoids,	2
Number diseased tonsils,	2

For the year ending June 30, 1928, our school had an average attendance of 25, an average membership of 26 and a percent of 96. The year before our percent was 95.

Our very attractive school plant should be improved in three ways:

1. Chemical toilets should be installed near the door opening to the shed.
2. Additional slate should be provided for blackboards.
3. A closet should be built for books and supplies.

The roof of the South Eaton schoolhouse should be covered on one side.

At the time of the World War, one man in every six examined was found physically unfit. One man in every four drafted was lacking in ability to read and write. After learning this, the nation set out to give each child a schooling that would make him physically fit and qualify him with education for the duties of life. We are still working toward that goal. As a nation we have not fully arrived.

The school aims are seven:

1. Sound Health.
2. Worthy Home Membership.
3. Mastery of the three R's.
4. Good Citizenship.
5. Vocational Efficiency.
6. Wise Use of Leisure.
7. Training in Good Character.

The nation spends for schools \$2,255,251,327.

The nation spends for tobacco, soft drinks, ice cream, candy, chewing gum, theatres, movies and similar amusements, jewelry, perfumes and cosmetics, sporting goods, toys, etc., \$6,239,860,000. For these luxuries we pay about three times as much as for schools. Can we afford to pay more for luxuries than for schools?

In New Hampshire the cost per pupil in elemen-

tary schools is \$73.84. In Eaton last year it was \$116.32 of which the state pays \$42.39.

As superintendent of schools, I appreciate the willingness of Eaton school board and citizens to support the public school—our great asset.

Respectfully submitted,

F. W. JACKSON,

Superintendent
