Superintendent's Report

To the School Board of Brookfield:

Gentlemen:—At the close of another fiscal year of the town I have the pleasure to submit my sixth annual report as superintendent of your schools.

The following table gives the statistics of the schools for the year ending June 30, 1924.

STATISTICS FOR THE YEAR ENDING JUNE 30, 1924

School	Teacher	Total Number enrolled	Average membership	Average daily attendance	Percent of attendance	Number of tardinesses
Churchill	Eva C. Willey	9	5.75	5.50	95.65	3
Hackett	Marian E. Wentworth	12	10.52	9.13	86.79	15
Stoneham	Gladys Laskey	10	7.28	6.75	92.72	11
Totals and Averages		31	23.55	21.38	90.86	29

This table shows a marked improvement in the matter of punctuality, the number of instances of tardiness having been reduced by one-half, but the percent of attendance is lower than for several years past. The chief reason for this was pointed out in my report

one year ago. I am pleased to say that there is less reason for complaint at this time and that the percent of attendance has been high during the early months of the present year.

I believe that the action of the District in uniting the Churchill and Hackett schools this year is to the advantage of the pupils in both schools. By combining the two schools we had, at the beginning of the year, a school of twenty-two pupils. Eight of this number have since removed from town and, if we were now running the two schools as last year, there would only be seven pupils in each. That is too small a number for the best interests of the children. Where there are larger numbers there is more competition and more inspiration to do better work. Any competent teacher will do better work and obtain better results in a larger school.

After three years of faithful service in the Stoneham school, Miss Laskey declined to accept a reappointment last June. She has gone to a larger school in another town in the state. She is succeeded at Stoneham by Miss Ruby Farnham. We are more than fortunate to be able to retain Mrs. Willey in the Churchill school for the sixth successive year. Very few small schools in this state have been fortunate enough to retain the services of a teacher of her ability for any such a term of years.

Health work in the schools has continued under the direction of Mrs. Clow as for several years past. Her report will follow.

In closing I wish to express my thanks to all who have assisted in improving the efficiency of the schools.

Respectfully submitted,
 FRED W. DUDLEY,
 Superintendent of Schools
