TOWN WARRANT

The State of New Hampshire

To the inhabitants of the Town of Londonderry in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Central School in said Londonderry on Tuesday, the Second day of March, next at seven of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1.

To choose all necessary Town Officers for the ensuing year.

ARTICLE 2.

To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

ARTICLE 3.

To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE 4.

To see if the Town will vote to authorize the Selectmen to sell at Public Auction property acquired by the town through Tax Collector's Deeds.

ARTICLE 5.

To see if the Town will vote to accept State Aid for the construction of Class V roads and to raise and set aside for said purposes the sum of \$1,985.96 and the State will contribute the sum of \$13,239.76.

ARTICLE 6.

To see if the Town will vote to raise and appropriate the sum of \$122.00 for White Pine Blister Rust Control as authorized under RSA 223.

ARTICLE 7.

To see if the Town will vote to accept the following cemetery Perpetual Care Trust Funds, with interest accrued in excess of that necessary for the particular lot, to be used for general cemetery up-keep:

Alphonse Pelletier	\$100.00
Ezra Baker & Grace Pautot	200.00
James Innis, Sr.	200.00
Aaron P. Hardy	100.00
Irving Jones & J. S. Maddox	150.00
Everett Kingsbury & Paul Hicks	150.00
Bernard & Mabel Plummer	100.00

ARTICLE 8.

To see if the Town will vote to authorize the withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$17,400 for the purchase of four new Police Cruisers with trade in of three used Police Cruisers.

ARTICLE 9.

To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$67,500 for the purpose of new construction on Town roads.

ARTICLE 10.

To see if the Town will vote to authorize the Selectmen to purchase a Fire Truck that meets with underwriters' approval and to negotiate a Five Year Loan, in the amount of \$55,000 to finance this appropriation.

ARTICLE 11.

Do you favor the adoption of the Town Manager Plan as provided in Chapter 37 of the Revised Statues Annotated.

ARTICLE 12.

To see if the Town will vote to appropriate the sum of \$3,500 for the purpose of taking a census of the Town.

ARTICLE 13.

To see if the Town will vote to raise and appropriate the sum of \$20,000 to construct two Tennis Courts. The above to be subject to available matching federal funds and a \$1,500.00 contribution from Tennis for Londonderry committee reducing the total cost to \$8,500.00 for the Town of Londonderry. By request of Londonderry Parks and Recreation Commission.

ARTICLE 14.

To see if the Town will vote to employ a full time recreation director, to work under the control of the Londonderry Parks and Recreation Commission, and to appropriate \$8,500.00 as a starting salary for said director. By request of Londonderry Parks and Recreation Commission.

ARTICLE 15.

To see if the Town will vote to assume direct control of and accept the Londonderry Volunteer Fire Department as the Municipal Fire Department of the Town of Londonderry. Direct control to mean:

- (1) The Town to assume ownership of certain assets and equipment of the Londonderry Volunteer Fire Department, Incorporated.
- (2) Responsibility for organization as a Municipal Fire Department to be vested in the Town Fire Chief, under the

jurisdiction of the Selectmen of the Town of Londonderry. These Selectmen to be known as the true and only Fire Commissioners of the Town of Londonderry.

Petition by Alan J. Sypek, and others

ARTICLE 16.

To see if the Town will vote to authorize the Selectmen to enact the ordinance attached hereto providing the licenses and regulation of dogs and pass any vote relating thereto.

An ordinance providing for the licensing and regulation of dogs

Be it Ordained, by the Board of Selectmen of the Town of Londonderry, as follows:

Section I: Definition of Terms: As used in this Ordinance.

A. "Dog" Shall be intended to mean both male and female, altered or not.

B. "Owner" Shall be intended to mean any person or persons, firm, association or corporation owning, keeping, harboring or assuming the care of a dog.

C. "Running at Large" Shall be intended to mean off the premises of owner or keeper, and not under the control of the owner or a responsible person.

Section II: License and Registration Required:

All dogs kept, harbored, or maintained by their owners in the Town of Londonderry shall be licensed and registered as specified in the Revised Statutes Annotated of the State of New Hampshire.

Section III: Running at Large Prohibited:

It shall be unlawful to permit any dog to run at large. See Definition. This section shall not prohibit the use of hunting dogs in the Town for hunting or training purposes, provided that the dog is accompanied and under the control of a person actually engaged in the pursuit of game or training the dog or dogs concerned.

Section IV: Impounding:

It shall be the duty of the Dog Officer to apprehend any dog found running at large. See definition.

Section V: Method of Confinement:

The Selectmen, with the assistance and cooperation of the Dog Officer, shall select a "Suitable" place of confinement for impounded dogs. "Suitable" shall include good food and care.

Section VI: Notice to Owners and Redemption:

If such dog has upon it the name or address of the owner, or

such name or address is otherwise known or obtainable, then the Police Department or Dog Officer shall notify the owner within twenty-four (24) hours after seizure of such dog. Notice of impounding shall be in writing by registered mail, postage prepaid, and shall be construed as having been given at the time of posting thereof. If the dog impounded does not have the name or address of the owner, and if the owner is not otherwise known, then no notice shall be necessary. The owner of any dog so impounded may reclaim said dog upon payment of the sum of \$10.00 for the first 24-hour period or any part thereof the dog is held, and \$3.00 for each 24-hour period or any part thereof that the dog is held thereafter, provided, however, that before release to any person, if the dog is not licensed, a license as required by the Town of Londonderry shall be secured.

Section VII: Fees:

The sums collected pursuant to the provision of this section shall be accounted for and paid over to the Londonderry Town Treasurer.

Section VIII: Disposition of Unclaimed Dogs:

Any dog which has been impounded and has not been redeemed by the owner shall be turned over to the nearest Animal Rescue League, provided, that any such dog shall be held for at least seven (7) days after the impounding and in those cases where it is required that notice be given the owner, held for at least seven (7) days after the required notice has been given. In the event the Animal Rescue League is unwilling or unable to accept custody of such dog or dogs, said dog or dogs shall be disposed of as directed by the Selectmen in writing.

Section IX:

The Selectmen shall appoint a Dog Officer and shall determine the amount of his pay. The said officer shall be selected from candidates having a knowledge of animals and their care. It shall be the duty of the Dog Officer to enforce the provisions in this ordinance and perform such other duties in respect thereto as the Selectmen shall determine. The Dog Officer shall be appointed as a Special Policeman.

Section X:

Any person found violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than \$10.00 nor more than \$20.00 for such offense.

By Petition of Kenneth J. Lindley, and others.

ARTICLE 17.

To see if the Town will vote to include in the budget a sum not exceeding \$15,000.00 for salaries and expenses, and vote and raise

and appropriate such portion of said salaries and expenses as the Town may determine is needed for the year 1976, and pass any vote relating thereto, in the event the selectmen are authorized to enact an ordinance for the licenses and regulation of dogs.

By Petition of Elaine J. Bailey and others

ARTICLE 18.

Shall we adopt the provisions of RSA 72:43 & 43c for expanded exemptions on Real Estate which provide for a resident sixty-five years of age up to seventy-five, a five thousand dollar exemption: A resident seventy-five years of age up to eighty, a ten thousand dollar exemption: A resident eighty years of age or older, a twenty thousand dollar exemption, provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least five years as man and wife: Said resident had a net income of less than seven thousand dollars or combined income with spouse of less than nine thousand dollars: And owns assets of any kind, tangible or intangible, less bona fide encumbrances, not in excess of thirty-five thousand dollars.

ARTICLE 19.

Do you favor the adoption of the provision of revised Statutes Annotated Chapter 33-A to allow the disposition of Municipal Records.

ARTICLE 20.

To see if the Town will vote to give the Londonderry Athletic & Field Association permission to use an area of land approximately four acres in size located at the corner of Sargent Road and Nelson Road. This land now being owned by the Town of Londonderry. Description of area as follows: Beginning at the corner of Sargent Road and Nelson Road, going in a westerly direction down Sargent Road 400 feet, then going southerly direction 400 feet, easterly direction 400 feet and northerly direction to the point of beginning. This land to be used for a baseball field and other youth activities. The Londonderry Athletic & Field Association shall have the use of said property until authorization is rescinded by vote of a Town Meeting. By Petition of Herbert N. Kimball, President, Londonderry Athletic & Field Association and others.

ARTICLE 21.

To see if the Town will vote to adopt the findings of the Salary Schedule Committee which will establish a salary schedule and its maintenance for the departments of the town.

ARTICLE 22.

To see if the Town will vote to exclude from the Plan of Service of the Federal Social Security Act as authorized by RSA Chapter 101, amended by Chapters 302 & 332 any class or classes of position of Election Officials and Election Workers for a calendar quarter in which the remuneration paid for each service is less than \$50.00.

ARTICLE 23.

To see if the Town will approve the provisions for absentee ballot for the selection of Londonderry Town Officials in accordance with RSA 60:38.

ARTICLE 24.

To see if the Town will vote to change the name of the road known as Wayworth Road to Weymouth Road as shown on the Londonderry Tax Map #15, from the westerly side of Mammoth Road to Tax Lot #191.

ARTICLE 25.

To see if the Town will vote to reclassify Pettingill Road from a Class 6 Highway to a Class 5 Highway as shown on Londonderry Tax Map #28 at a point starting at the intersection of Harvey Road to a point approximately 2,000 feet westerly along said Pettingill Road abutting parcels 45, 45-1, 18, 18-1 & 18-2.

ARTICLE 26.

To see if the Town will vote to authorize the Selectmen to negotiate for and enter into a lease agreement with the City of Manchester for the lease of Perimeter Road, from the City of Manchester, as said road is located within the Town of Londonderry, on such terms, conditions, and subject to such limitations as the Selectmen shall determine to be in the best interest of the Town: And the Selectmen are further authorized and empowered to execute such lease agreement binding the Town to the terms thereof.

ARTICLE 27.

To see if the Town will vote to change the name of that portion of Old Nashua Road as shown on Londonderry Tax Map 10, bordering Lots 52 through 56, beginning at the intersection of said Road and Route 102 and running northeasterly to a Dead-End, henceforth to be known as Garden Lane.

ARTICLE 28.

To see if the Town will vote to change the name of that portion of Old Nashua Road as shown on Londonderry Tax Map 7, between Lots 121 & 125 and Lots 128 & 129, running in a east-westerly direction with access to Route 102, henceforth to be known as McAllister Drive.

Article 29.

To see if the Town will accept State Aid in the sum of \$15,000 and raise and set aside the sum of \$15,000 to be used for the construction of the South Road Bridge.

Zoning Section

ARTICLE 100.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section III, Article B-3a-1 to read:

(1) Minimum Land Area — No residential lot with or without Town Water and/or Town Sewerage shall be less than one acre. Seventy-five percent (75%) of this acre, (or 32,670 sq. ft. of any residential lot), must be deemed suitable with the following characteristics:

- A. Land with slopes of less than 25%.
- B. Land where the percolation rate is 30 Min./in. or less.
- C. Land where the depth from original ground to bedrock is two feet or deeper.
- D. Land where the depth from original ground to seasonal high ground water is one foot or more.

A residence may be constructed on a lot of record at the time this ordinance becomes effective regardless of the area or width of the lot.

ARTICLE 101.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section VII, Commercial Districts to read:

C. A new business building or unconnected addition shall be no less than thirty (30) feet from existing building on all sides, fifty (50) feet from the nearest existing edge of public right of way, and twenty-five (25) feet from side and rear lot lines. Adequate off-street parking facilities shall be made available for employees and patrons of the business. Drives or roadways shall have clear visibility and non-hazardous access to the public right of way.

ARTICLE 102.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section VII, Commercial Districts by adding:

E. With the thought in mind of preserving the rural characteristics of the Town of Londonderry and preventing unnatural runoff of surface water, the maximum coverage on any Commercial lot by buildings, parking lots, and/or driveways shall be no more than $\frac{2}{3}$ of any such lot.

ARTICLE 103.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section XVII, Definitions to read:

3. FRONTAGE. The length of the lot bordering on any highway or right of way approved and maintained by the Town or State that provides access to and from the lot.

ARTICLE 104.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section VII, Commercial District by adding:

A portion of Parcel 65 on Tax Map 7, for a depth of 500 feet parallel to Route 102 but with a 50 foot buffer zone on the most Westerly side. (William Lieven's property).

ARTICLE 105.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section VII, Commercial District by adding:

A portion of Parcel 65A on Tax Map 6, for a depth of 500 feet parallel to Route 102 with a 50 foot buffer zone to the rear (North) and a screening of trees on the Easterly side. (Belanger property).

ARTICLE 106.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section VII, Commercial District by adding:

Parcel 49 on Tax Map 6 (Merchant's Bank Property).

ARTICLE 107.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter II, Building Code by adopting the following:

The BOCA (Building Officials Conference of America) Basic Building Code/1975 with future supplements, as authorized under Section 2-5 inclusive, Chapter 156, New Hampshire Revised Statutes Annotated, 1955, as amended by Chapter 205 & 215, Laws of New Hampshire, 1959.

ARTICLE 108.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter II, Section IV to read:

F. PLUMBING. All plumbing shall conform with the BOCA Plumbing Code and practices for safety to health and property.

ARTICLE 109.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter II, Section IV to read:

G. ELECTRIC WIRING. All electrical wiring shall conform with the National Electric Code/1975 and practices for safety to health and property.

ARTICLE 110.

To see whether the Town of Londonderry will vote to amend the

Zoning Ordinance, Chapter I, Section VII, Commercial Districts by adding:

F. Before any buildings, parking lots or drives can be constructed within 200 feet of a Residential and/or Agricultural Zone that abuts a Commercial District, a buffer zone will have to be established with the following minimum characteristics:

1. It shall abut the Residential and/or Agricultural Zone and be a minimum of 50 feet wide.
2. It shall be landscaped and maintained with the purpose in mind to diminish the effect of lighting, sound and odor created in the Commercial District.
 - (a) Minimum plantings for the buffer zone shall be three rows of coniferous type trees, running parallel with the Residential and/or Agricultural District. These trees shall have a minimum height of six feet and be planted at a distance of 12 to 16 feet on center. They shall be staggered so as to present a more dense buffer zone. Natural growth will be considered to reduce the required minimum planting.

Landscaping of the buffer zone shall be approved by the Planning Board.

ARTICLE 111.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section VIII, Conservation District by adding:

A.4 All land otherwise in an Agricultural-Residential District bordering Scobie Pond and tributaries in the Town of Londonderry, which is at or below elevation 370' U.S.G.S. datum except land South of a line beginning at the dam at the outlet of the pond extending South 65 degrees West to the town road and North 65 degrees East of said dam to the Derry Town line. Provisions B7,b and e are not applicable.

ARTICLE 112.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section XIII, Board of Adjustment, by adding:

D. Special Exception Uses

1. Grant of Power. In accordance with New Hampshire RSA 31:66, the Board of Adjustment shall also have original jurisdiction and power, after advisory report by the Planning Board, to grant a special exception use on a particular site, without a finding of unnecessary hardship, but subject to the guiding principles, standards, conditions, and safeguards contained in this Section to the extent applicable and in the manner provided by law.

2. Guiding Principles for Standards

(a) Such use shall be one which is specifically authorized by ordinance as a special exception use in the District within which such particular site is located.

(b) For every special exception use, the Board shall make a specific finding, after a public hearing in the manner provided by law, that such use will not cause or create a nuisance or hazard to adjacent properties.

(c) For every special exception use, the Board shall determine that there is appropriate provision for access facilities adequate for the estimated traffic from public streets and sidewalks, so as to assure the public safety and to avoid traffic congestion. Vehicular entrances and exits shall be clearly visible from the street.

(d) For every special exception use, the Board may require protective screening. Existing natural growth may be considered as part of the screen. A planting plan specifying type, size and location of existing and proposed plant material shall be required.

(e) For every special exception use, the Board shall determine that there are fully adequate parking areas and off street truck loading spaces in conformity with this Ordinance and all other pertinent ordinances, for the anticipated number of occupants, employees and patrons, and that the layout of the parking spaces, truck loading berths, and interior driveways is convenient and conducive to safe operation.

(f) For every special exception use where the installation of outdoor flood or spot lighting is intended, the Board shall determine that such lighting will not shine directly upon an abutting property, nor upon the street. No unshielded lights shall be permitted.

(g) For every special exception use, the Board shall determine that adequate provisions will be made for collection and disposal of storm water run-off from the site.

(h) Certain special exception use shall be further subject to the applicable conditions and safeguards which are stipulated in Section 3 of this Article.

3. Procedure.

(a) Application for a permit authorizing a special exception use shall be made directly to the Secretary of the Board of Adjustment in the form required by the said Board.

(b) The Secretary of the Board shall immediately transmit required site plans to the Planning Board. No application for a permit shall be granted by the Board of Adjustment for any special exception use, until said Board of Adjustment has first received and considered an advisory report thereon from the Planning Board with respect to the location of such use in relation to the needs and growth pattern of the Town, and where appropriate, with reference to the adequacy of the site area and the arrangement of buildings, driveways, parking areas, off-street

truck loading spaces, and other pertinent features of the site plan. The Planning Board shall have thirty (30) days from the date of its receipt of the application, within which to file its report thereon. In the event that the Planning Board fails to file its report within thirty (30) days, such application shall be deemed to have been approved by the Planning Board. The Planning Board may have representation at the public hearing held by the Board of Adjustment on such application.

(c) The Board's decision to grant a permit for a special exception use shall be made only after public and other notification, and hearing pursuant to the Rules of Procedure of the Board. Said permit shall apply specifically to the application and plans submitted and presented at said public hearing. Any subsequent amendments or additions shall be subject to review and public hearing by the Board of Adjustment as a special new exception use.

(d) A special exception use, for which a permit is granted by the Board of Adjustment pursuant to the provisions of this section, shall be construed to be a conforming use. (Submitted by the Planning Board at the request of Londonderry Housing & Redevelopment Authority)

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section VI, relative to Industrial districts by adding:

E. Special Exception Uses. The following special exception uses are permissible subject to Board of Adjustment approval pursuant to Section XIII:

1. Office Building
2. Bank

(Submitted by the Planning Board at the request of Londonderry Housing & Redevelopment Authority)

Article 113. (Combined with Article 112)

ARTICLE 114.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition:

Description on 150 acres to zone from agricultural to Commercial and Industrial. Which is located on Auburn Rd., and Old Derry Rd., that borders George Simard's land on the North side and the East side, including the Landfill site and old Londonderry dump. Being Parcel 23 on the tax map 16.

ARTICLE 115.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition:

Description on 58 acres to zone from agricultural to Commercial and Industrial. Which is located on Auburn Rd., and on the West side Cohas Brook 800' up Cohas Brook, South; West approximately 2,000' North to Auburn, N. H. line East approximately 2,000' along the swamp to starting point. 500' frontage on Auburn Road.

ARTICLE 116.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition:

To see if the town will adopt the following amendment to the Zoning Ordinance as B, -2, B, 3al. -2 3b2, Chapter I, Section III.

1. Minimum Land Area. No residential lot shall be less than two (2) acres. A residence may be constructed on a single lot of record at the time this amendment becomes effective regardless of the area width of the lot.

All cluster sub-divisions will have a minimum lot size for each single family residence of two (2) acres.

If two or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage of this amendment, and if all or part of the lots do not meet the requirements for lot width and area as established by the amendment the lands involved shall be considered to be an undivided parcel for the purpose of this amendment and no portion of said parcel shall be used or sold which does not meet lot width and area requirements established by this amendment, nor shall the division of the parcel be made which leaves remaining any lot width or area below the requirements stated in this amendment.

2. Frontage. Every building lot shall have a minimum lot frontage of (175) one hundred seventy five feet.

ARTICLE 117.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition:

Amend Chapter I of the Zoning Ordinances by adding the following thereto:

XVIII Mobile Home Parks

REGULATIONS AND MINIMUM STANDARDS FOR MOBILE PARKS

In any zone where mobile parks are permitted under the terms of this ordinance, the following requirements, regulations, and minimum standards shall apply.

A. It shall be unlawful for any person to construct, maintain or operate within the limits of the Town of Londonderry, any mobile

home park unless such person shall first obtain a license therefor. Such license shall be issued by the Town Clerk and shall expire on the 30th day of April following the issuance thereof. An application for a mobile park license shall be filed with town clerk. Such application shall be in writing and signed by the applicant and shall contain the following information.

1. Name and address of applicant.
2. The location of the trailer park or mobile home park, with a clear legal description of its bounds.
3. A plan drawn to scale of the mobile home park showing in detail, roadways, driveways, trailer sites, service buildings and playground areas.
4. A listing of utilities and sanitation facilities.

The Town Clerk shall refer the application to the Planning Board for its consideration and action. Before the Board renders a favorable decision upon the application, there must be a favorable recommendation in writing from the Building Inspector, Health Officer, Chief of Police, and Chief of the Fire Department. Upon receiving the application for license from the Planning Board with its action endorsed thereon, if such endorsement be favorable, the Town Clerk shall issue the license upon payment by the applicant of an annual licensing fee of \$5.00 for each trailer or mobile home in said park as of the licensing date. An additional fee of \$5.00 will be paid for each additional trailer or mobile home using facilities after the licensing date. The licensing year will be from the first of May to the 30th of April at midnight of each year. When an original license is issued on or after October 1st of any year, the license fee for the remainder of the year shall be one-half of the annual fee. Licenses shall be transferable on application to the Town Clerk upon full compliance with the terms of this ordinance.

B. A mobile home park shall contain a minimum of 15 acres and shall have a minimum frontage on a public street of 50 feet and that portion of the park which contains mobile home spaces shall have a minimum width of 200 feet. There shall be at least 10 mobile home spaces available at first occupancy.

C. A mobile home park site shall be so located as to be free from hazards or environmental factors which could be injurious to the health, welfare or safety of occupants such as objectionable smoke, dampness or infestation by rodents or insects.

D. Each mobile home space shall measure not less than 10,000 sq. ft. and shall abut for a distance of not less than 75 ft. on a right of way at least 30 ft. wide. There shall be not more than 3 mobile home spaces per gross acre of land in the park.

E. There shall be not less than 30 feet of clearance between any two mobile home stands.

F. Each mobile home space shall be provided with:

1. A sewer connection or sewage disposal system which meets the approval of the New Hampshire Water Supply and Pollution Control Commission and which is approved by the Londonderry Building Inspector.

2. A continuing supply of safe water for drinking and domestic use.

3. Electricity for lighting and operation of ordinary household electrical equipment.

4. At least one tenant parking space either on-street or off-street.

G. Streets in the mobile home park shall be privately owned and shall be laid out to provide safe and adequate access to and egress from the park adequate circulation within the park and access to all mobile home spaces. Streets shall have at least 22 feet of paved width plus 7 feet of paved width for each parking lane on-street parking is permitted. Closed ends of dead-end streets shall be provided with a paved turning circle at least 100 feet in diameter. All streets shall be furnished with a twelve-inch compacted gravel base consisting of crushed gravel.

H. Streets shall be adapted to the topography, have proper alignment and gradient for safety of traffic and satisfactory surface drainage. Adequate walkways shall be provided for safe and convenient pedestrian circulation in the park. All roadways and walkways shall be lighted at night with electric lamps spaced at such interval as to provide not less than 1 foot candle of illumination at all points on roadways and walkways. All streets in the park shall be maintained in satisfactory condition for safe use at all times. Roadways will be surface treated with suitable treatment to insure stability and freedom from dust, etc.

I. All buildings and grounds in the park shall be maintained in a safe, orderly and sanitary condition at all times. Refuse cans shall be provided which have tight fitting covers and provisions shall be made for the regular removal of refuse from the park and any condition which may provide harborage for rodents shall be prevented. Refuse cans will meet standards of any other municipal ordinances.

J. Not less than 10% of the gross area of the park site shall be devoted to recreational facilities which may include usable open space, ornamental space, active recreation and sports grounds and community buildings.

ESTABLISHMENT OF ZONE FOR MOBILE HOME PARKS

Mobile home park zone shall be all existing legally operated mobile home parks to be shown on Londonderry tax map. Also all of Parcel 10 on Zoning map 11 & 14.

ARTICLE 118.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition:

To see if the town will zone the property owned by Edgar and Winnifred Pitts on Rt. 102 from Agricultural/Residential, to Commercial. Said property being shown on tax map 6, parcel 53 of the Town of Londonderry.

ARTICLE 119.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition:

To see if the town will vote to amend the Zoning Ordinance, Chapter I, Section VII, by adding:

E. All Commercial Districts shall have a buffer zone of two hundred (200) feet between all adjoining residential districts. This buffer zone shall have sufficient and suitable landscaping so as to prevent annoyances such as lights or noise from affecting adjoining residential areas. This landscaping shall be of a type and quantity that is acceptable to a majority of the affected residential home owners.

ARTICLE 120.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition:

To amend the zoning ordinance to the Town of Londonderry by inserting in Section 7, Paragraph A the following as a Commercial district: Beginning at the intersection of Ash Street and Londonderry Road running from the Southerly line of Ash Street along the Westerly line of said Londonderry Road 1100 feet more or less to a point; thence running Northwesterly 630 feet more or less to the right of way of the Alan Shepard Highway; thence running along said Highway right of way 650 feet to the Southerly line of Ash Street; thence Easterly along the Southerly line of Ash Street 240 feet more or less, to the point of beginning.

In Memoriam

Fred H. Smith

January 1887 - December 1975

Words can hardly express the loss felt by his many friends and family upon the passing of Fred H. Smith.

Living his entire life in Londonderry, he was at one time the Town's only law enforcement officer, and subsequently its first chief of police. He was also a selectman for several years and a forest fire warden for many more.

During Old Home Day festivities last summer, Mr. Smith was presented the Boston Post gold-headed cane, in recognition of being the Town's oldest native citizen.

For his thirty-three consecutive years of official service to the Town of Londonderry, this page is dedicated to Fred Smith's memory.

Article 38. To see whether the Town of Londonderry will vote to amend the Zoning Ordinance Chapter 1, Section XIX, Article 2B to read: Maximum surface area applicable to signs facing Town roads shall be sixteen (16) square feet and for State roads thirty-two (32) square feet, except in the Residential District signs shall be limited to two (2) square feet.

Yes—977 No—259

Article 39. To see whether the Town of Londonderry will vote to amend the Zoning Ordinance Chapter I, Section XIX, Article 6A to read: To any charitable, religious, scientific, literary, educational, fraternal, civic, political or other similar non-profit organization or association, a temporary sign advertising any function or activity of the applicant which will be open to the public, provided that the permit for such sign shall be for a stated period of time not exceeding 30 days.

Yes—954 No—282

Article 40. To see whether the Town of Londonderry will vote to amend the Zoning Ordinance Chapter I, Section III, Residential District by adding: A1. A Residential District is defined as all land subdivided into two (2) acres or less.

Yes—615 No—587

Article 41. To see whether the Town of Londonderry will vote to amend the Zoning Ordinance Chapter I, Section III, Article B to read: 10. Residences and land area may be used by the owners or tenants for home occupations, business or professional offices, provided that such use does not create a public nuisance nor materially reduce the property valuations within the adjacent areas. Agricultural livestock, poultry, and dog kennels are prohibited.

Yes—561 No—651

Article 42. To see whether the Town of Londonderry will vote to amend the Zoning Ordinance Chapter I, Section XIII, Board of Adjustment, by adding: C. All applications to the Board of Adjustment will be accompanied by a fee of \$10.00.

Yes—701 No—482

Article 43. To see whether the Town of Londonderry will vote to amend the Zoning Ordinance Chapter I, Section III, Article B. 3a.1 to read: (1) Minimum Land Area — No residential lot with or without Town Water and/or Town Sewage shall be less than one acre. A residence may be constructed on a lot of record at the time this Ordinance becomes effective regardless of the area or width of the lot.

Chapter I, Section III, B4 to read: With or without Town water supply and/or Town Sewage, conversion of existing residences or construction of new multi-family residences shall comply with the following:

Chapter I, Section III, B. by deleting L5. With a town water supply and a town sewerage system, conversion of existing residences or construction of new multi-family residences shall comply with the following: (a) Minimum lot size per building — 15,000 square feet for the first dwelling unit plus 2,000 square feet for each additional dwelling unit. (b) A multi-family development shall include a minimum of 5 acres. (c) Minimum lot frontage shall be 100 feet. (d) A building shall contain no more than 8 dwelling units. (e) Two family dwellings are exempt from para. 5 (a thru c) provided the lot includes 25,000 square feet minimum and the building will be owner occupied. (f) Except as revised by Para. 5 (a thru e) all requirements of Para. 4 are applicable.

Yes—901 No—291

Article 44. To see whether the Town of Londonderry will vote to amend the zoning ordinance Chapter I, Section XVII, Definitions, to read: (3) FRONTAGE. The length of the lot bordering on any highway or right of way approved and maintained by the Town or State.

Yes—975 No—225

Article 45. To see whether the Town of Londonderry will vote to amend the zoning ordinance Chapter I, Section VIII, Conservation District by adding: A3. All land otherwise in an Agricultural-Residential and Industrial District which is at or below elevation 262 U.S.G.S. datum along Little Cohas Brook upstream of the Fish and Game Waterlevel Control Dam, except any land south of Litchfield Road and East of Rt. 128 (Mammoth Road), henceforth to be known as Little Cohas Marsh Conservation District. Provisions B5, B6 and B7 are not applicable.

Yes—958 No—208

Article 46. To see whether the Town of Londonderry will vote to amend the zoning ordinance Chapter II, Section III, Article B. by adding (4). No building permit shall be issued for the construction of a building for residential, commercial or industrial use on a road that does not meet minimum road standards (see subdivision, Section 4 Article 4:2-1-16c), unless this provision has been waived by the Planning Board for a subdivision of less than six lots. This does not apply to a single lot of record.

Yes—907 No—294

Article 47. To see whether the Town of Londonderry will vote to amend the zoning ordinance Chapter I, Section VII, Commercial District by adding: All the land on the North side of Route 102 between Gilcreast Road and the State Right of Way — 193, for a depth of 500 feet.

Yes—727 No—425

Article 48. To see whether the Town of Londonderry will vote to amend the zoning ordinance Chapter I, Section VII, Commercial District, by adding: All the land for a depth of 500 feet east of Londonderry Road, from the present Commercial District, North of Ash Street.

Yes—703 No—446

Article 49. To see whether the Town of Londonderry will vote to amend the zoning ordinance Chapter I, Section VII, Commercial District, by adding Map 7, Parcels: 72 and 72-1. (Webco Development, Route 102).

Yes—705 No—403

Article 50. To see whether the Town of Londonderry will vote to amend the zoning ordinance Chapter I, Section VII, Commercial District, by adding: Map 10 Parcels: 51, 51-1, 136, 129, 128, 122 and 123. (Lumbertown, Inc. East to the Derry Town Line.)

**LONDONDERRY ANNUAL TOWN MEETING
MINUTES ON ARTICLES ACTED UPON**

March 7, 1975

**LONDONDERRY CENTRAL SCHOOL AUDITORIUM
LONDONDERRY, NEW HAMPSHIRE**

ANDREW C. MACK, Moderator
WILLIAM FOLEY, Assistant Moderator
ROBERT A. EARLY, Selectman
NORMAN RUSSELL, Selectman
ROBERT H. DAY, Selectman
MRS. ALICE M. TAYLOR, Town Clerk
SAMUEL S. GRAY, Stenotype Reporter

PROCEEDINGS

Mr. Mack opened the meeting at 7:15 P.M.

Pledge of Allegiance led by Mr. Mack.

Invocation given by Rev. Westervelt.

Mr. Mack stated that Mr. Forest N. Kimball, Selectman for the Town of Londonderry for six years, was recently named by the Jaycees as Londonderry's Outstanding Citizen of the Year. (Applause)

Mr. Mack stated that Article 14 and Article 31 would be taken up first due to the requirement of a ballot vote.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$442,000. for the purpose of constructing a multi-purpose town office building and to authorize the selectmen to negotiate a twenty year note in the sum of \$442,000. Mr. Russell moved that Article 14 be accepted. Seconded by Mr. Day. Discussion followed.

Mr. Griffin moved to amend Article 14 to read: "To see if the Town will vote to raise and appropriate the sum of \$342,000. for the purpose of constructing a multi-purpose town office building, and at the same time to delete 2,685

square feet from the proposed building, and to authorize the selectmen to negotiate a twenty year note in the sum of \$342,000." Seconded by Mr. Welling. Discussion followed.

Mr. Arnold moved the question. Seconded by Mr. Crawford. Voted affirmative.

Mr. Mack: The amendment would read, "To see if the Town will vote to raise and appropriate the sum of \$342,000. for the purpose of constructing a multi-purpose town office building, and at the same time to delete 2,685 square feet from the proposed building, and to authorize the selectmen to negotiate a twenty year note in the sum of \$342,000." Voted negative. Amendment defeated. Discussion followed.

Mr. Arnold moved the question. Seconded by Mr. Kelly. Voted affirmative.

Mr. Mack: The question has been moved ladies and gentlemen. This article requires a two-thirds vote so therefore, we will proceed to Article 31 and vote on Article 14 and Article 31 at the polls at the same time.

Article 31. To see if the Town will vote by ballot to adopt the provisions of the Municipal Budget Law as provided by RSA Chapter 32:1. If adopted the Budget Committee shall consist of twelve (12) members at large to be elected by Town Meeting. One-third of the members at large shall hold office for a one year term, one-third of the members at large shall serve a two year term and one-third of the members at large shall serve a three year term and/or until their successors are elected and qualified. In addition to the above twelve members, there shall be one member of the school board, chosen by the school board and one member of the board of selectmen, chosen by the board of selectmen. No member of the school board, board of selectmen or town manager shall serve as a member at large as provided by RSA chapter 32:2. By Petition of the Budget Committee. Mr. Babin moved the article be accepted. Seconded by Mr. Ham. Discussion followed.

Mr. Kelly moved the question. Seconded by Mr. Kimball. Voted affirmative. (Ballot vote on Articles 14 and 31. Polls opened at 8:25 P.M.)

Mr. Mack then took up **Article 2**. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. Mr. Russell moved to accept the budget figure of Four Million, Eighty Three Thousand, Four Hundred, Thirty-Five Dollars and Fifty-Eight Cents. (\$4,083,435.58) Seconded by Mr. Day. Discussion followed.

Mr. Mack then proceeded to go through the budget beginning with Town Officers Salaries.

Mr. Babin moved to amend the Town Officers Salaries from \$50,161 to \$48,821. Seconded by Mr. George Hicks. Discussion followed.

Mr. Mack: I am now going to call for a vote on Mr. Babin's amendment. The vote is on whether you favor amending the Town Officers Salaries from \$50,161 to \$48,821. Voted affirmative. Amendment carries.

Mr. Mack continued to proceed with the budget. Discussion followed.

Mr. Russell moved to amend the Police Department from \$216,582.00 to \$211,672.00. Seconded by Mr. Fowler. Discussion followed.

Mr. Fowler moved to amend Mr. Russell's figure of \$211,672.00 by a figure of \$21,232.00 which would now read \$190,440.00. Seconded by Mr. Webster. Discussion followed.

Mrs. Thompson moved the question. Seconded by Mr. Kimball. Voted affirmative.

Mr. Boucher: Mr. Moderator, would you explain the figures before we vote, there seems to be some confusion?

Mr. Mack: We have two amendments. The initial figure was amended by Mr. Russell down to a figure of \$211,672.00 for reasons as stated. Mr. Fowler amended that figure by another \$21,232.00 to bring it down to \$190,440.00. We will be voting on the \$190,440.00 at this time. Voted negative. Discussion followed.

Mr. Welling moved the question. Seconded by Mr. Kimball. Voted affirmative.

Mr. Mack: We will now vote on Mr. Russell's amended figure of \$211,672.00. Voted affirmative.

Mr. Brewer moved to amend the Fire Department from \$91,365.73 to \$94,386.38. Seconded by Mr. Van Grevenhof. Discussion followed.

Mr. Kimball moved the question. Seconded by Mr. Gaskill. Voted affirmative.

Mr. Mack: We will now vote on Mr. Brewer's amendment of \$94,386.38. Voted affirmative.

Mr. Kimball moved to reconsider the Town Officers Salaries. Seconded by Mr. Russell. Negative vote. Motion defeated. Discussion followed.

Mr. Ham moved to amend the Planning Board from \$4,700.00 to \$4,850.00. Second by Mr. Webster. Discussion followed.

Mr. Mack then called for a vote on Mr. Ham's amendment of \$4,850.00. Voted negative. Discussion followed.

Mr. Mack then took a vote on the original Planning Board figure of \$4,700.00. Voted affirmative. Discussion followed.

Mr. Webster moved to amend the Recreation Commission from \$9,012.00 to \$9,152.00. Seconded by Mr. Ham. Discussion followed.

Mr. Manganello moved the question. Seconded from the floor. Voted affirmative.

Mr. Mack: We will now vote on Mr. Webster's amended figure of \$9,152.00. Voted negative. Mr. Mack then took a vote on the original Recreation Commission figure of \$9,012.00. Voted affirmative. Discussion followed.

Mr. Kimball moved to amend the Ambulance Service from \$13,970.00 to \$14,287.50. Seconded by Mr. Russell. Discussion followed. Voted affirmative.

(Polls closed at 10:25 P.M.)

Mr. Mack: The next item in the budget is the Town Dump.

Mr. Kimball moved to take up Article 11 under this item. Discussion followed. Mr. Kimball withdrew his motion. Discussion followed.

Mr. Giddons moved to amend General Expense from \$55,135.00 to \$53,835.00. Seconded by Mrs. Giddons. Discussion followed.

Mr. Mack then took a vote on Mr. Giddons amendment to reduce General Expense from \$55,135.00 to \$53,835.00. Voted affirmative.

Mr. Ham moved to amend Libraries from \$23,799.00 to \$24,167.00. Seconded from the floor. Discussion followed.

Mr. Mack then took a vote on Mr. Ham's amendment to increase Libraries from \$23,799.00 to \$24,167.00. Voted negative. Mr. Mack then took a vote on the original figure for Libraries of \$23,799.00. Voted affirmative.

Mr. Strino moved to accept the remaining articles in the budget except the school budget figure and the BC-BS & Soc. Sec. figure and to thereafter take up Articles 11, 15, 18, 19, 20, 21, 22, 23, 24, and 37 in that order. Seconded by Mr. Kimball. Voted affirmative.

Mr. Mack then passed over the school budget figure until the correct figure could be established. Discussion followed.

Mr. Kimball moved to amend the BC-BS & Soc. Sec. figure from \$5,600 to \$5,521.61. Second by Mr. Russell. Voted affirmative.

Mr. Mack stated the results of the balloting on Articles 14 and 31. Article 14 is as follows: Total votes cast, 580. There were cast in favor 252; opposed, 327; blank ballots, 1. Motion defeated. Article 31 is as follows: Total votes cast, 580. There were cast in favor 153; opposed, 422; blank ballots, 5. Motion defeated.

Mr. Mack then took up **Article 11**. To see if the Town will vote to authorize and instruct the Board of Selectmen to negotiate and enter into a contract with the Town of Auburn, N. H. to use the Londonderry Sanitary Landfill Site. Passage of this article will reduce the line item in the amount of \$1,575. Mr. Kimball moved to accept Article 11. Seconded by Mr. Day. Discussion followed.

Mrs. Cleary moved the question. Seconded by Mr. Lavoie. Voted affirmative.

Mr. Mack then took a vote on Article 11. To see if the Town will vote to authorize and instruct the Board of Selectmen to negotiate and enter into a contract with the Town of Auburn, N. H. to use the Londonderry Sanitary Landfill Site. Passage

of this article will reduce the line item in the amount of \$1,575. Voted negative. Article defeated.

Mr. Mack then took up **Article 15**. To see if the Town will conduct a study to investigate the feasibility of establishing a salary schedule for all salaried town personnel including step increases, fringe benefits and merit increases and of providing a job description and job evaluation for all such salaried positions and to appropriate the sum of \$4,500.00 for same. By request of Budget Committee. Dr. Shuler moved to accept the article. Seconded by Mr. Webster. Discussion followed.

Dr. Shuler moved to amend Article 15 as follows: "To see if the Town will authorize the Selectmen and the Budget Committee to develop a salary schedule for all salaried town personnel including step increases, fringe benefits and merit increases, and of providing a job description and performance evaluation for all such salaried positions and to appropriate the sum of \$4,500.00 to be used to engage professional consultation if the selectmen and the Budget Committee deems that necessary." Seconded by Mr. George Hicks. Discussion followed.

Mr. Mack: We will now vote on Dr. Shuler's amendment to Article 15. "To see if the Town will authorize the Selectmen and the Budget Committee to develop a salary schedule for all salaried town personnel including step increases, fringe benefits and merit increases, and of providing a job description and performance evaluation for all such salaried positions and to appropriate the sum of \$4,500.00 to be used to engage professional consultation if the selectmen and the Budget Committee deems that necessary." Voted negative. Article defeated.

Mr. Gaskill then moved to amend Article 15 to read as follows: "To see if the Town will vote to authorize the Town Moderator to name a committee to conduct a study and investigate the feasibility of establishing a salary schedule for all salaried town personnel including step increases, fringe benefits and merit increases and of providing a job description and job evaluation for all such salaried employees and to appropriate the sum of \$500.00 for such clerical assistance as might be needed. The Moderator shall act within fifteen days and

name a Chairman plus eight citizens of the town to form a committee of nine, one of whom shall be a selectman, and two named from the budget committee." Seconded by Mr. Strino. Discussion followed.

Mr. Mack: The question is on the amendment to Article 15, which would read as follows: "To see if the Town will vote to authorize the Town Moderator to name a committee to conduct a study and investigate the feasibility of establishing a salary schedule for all salaried town personnel including step increases, fringe benefits and merit increases and of providing a job description and job evaluation for all such salaried employees and to appropriate the sum of \$500.00 for such clerical assistance as might be needed. The Moderator shall act within fifteen days and name a Chairman plus eight citizens of the town to form a committee of nine, one of whom shall be a selectman, and two named from the budget committee." Voted affirmative. Amendment carried.

Mr. Mack then took up **Article 18**. To see if the Town will vote to raise and appropriate a sum not to exceed \$50,000. for the construction of sewer and water lines on property owned by Londonderry Housing Authority and to authorize the selectmen to negotiate a 10 year note. By request of Londonderry Housing Authority. Mr. Lievens moved to adopt Article 18. Seconded by Mr. Russell. Discussion followed.

Mr. Strino moved the question. Seconded by Mr. Kimball. Voted affirmative.

Mr. Mack then took a vote on Article 18. To see if the Town will vote to raise and appropriate a sum not to exceed \$50,000. for the construction of sewer and water lines on property owned by Londonderry Housing Authority and to authorize the selectmen to negotiate a 10 year note. By request of Londonderry Housing Authority. Voted affirmative.

Mr. Giddons moved to adjourn until 1:00 P.M. Saturday, March 8, 1975. Seconded by Mr. Gaskill. Voted negative. Motion defeated.

Mr. Foley (Assistant Moderator) took up **Article 19**. To see if the Town will vote to raise and appropriate the sum of \$95,000.00 for the purpose of constructing a Multi-purpose

recreation facility. Funds to be obtained by authorizing the selectmen to negotiate a note in the sum of \$50,000.00 and authorize the withdrawal of \$45,000.00 from Federal Revenue Sharing Funds appropriated to the town of Londonderry as established under the provision of the state and local assistance act 1972, or take any other action hereon. By request of Londonderry Parks and Recreation Commission. Mr. Segrist moved to accept the article. Seconded by Mrs. Sharron Sorensen. Discussion followed.

Mr. Day moved the question. Seconded by Mr. Welling. Voted affirmative.

Mr. Foley (Assistant Moderator) took a vote on Article 19. To see if the Town will vote to raise and appropriate the sum of \$95,000.00 for the purpose of constructing a Multi-purpose recreation facility. Funds to be obtained by authorizing the selectmen to negotiate a note in the sum of \$50,000.00 and authorize the withdrawal of \$45,000.00 from Federal Revenue Sharing Funds appropriated to the town of Londonderry as established under the provision of the state and local assistance act of 1972, or take any other action hereon. By request of Londonderry Parks and Recreation Commission. Voted negative. Article defeated.

Mr. Segrist moved to indefinitely postpone Articles 20 and 21. **Article 20.** To see if the Town will vote to raise and appropriate the sum of \$20,000.00 for site preparation of the multi-purpose recreation facility and to authorize the selectmen to negotiate the terms and conditions of the note to be issued. **Article 21.** To see if the Town will vote to raise and appropriate the sum of \$7,000.00 for the purpose of equipping the multi-purpose recreation building. Seconded by Mr. Giddons. Voted affirmative. Articles 20 and 21 indefinitely postponed.

Mr. Mack: We will now go back to Article 18 for a brief exercise. It looked like nearly a unanimous vote but this being a bonding article, we should have a unanimous vote just to be sure the money can be raised. Discussion followed.

Mr. Giddons moved to adopt Article 18 by a unanimous vote. Seconded by Mr. Gaskill.

Mr. Mack: We will now vote on Article 18. To see if the Town will vote to raise and appropriate a sum not to exceed

\$50,000. for the construction of sewer and water lines on property owned by Londonderry Housing Authority and to authorize the selectmen to negotiate a 10 year note. Mr. Mack: It not being a unanimous vote, we will take a standing vote with all those in favor moving to the right side and those opposed to the left side. (Whereupon a count was taken.)

Mr. Mack: Let the record show that there were four hundred and ten (410) in favor and one (1) opposed. Article 18 has been adopted.

Mr. Foley (Assistant Moderator) then took up **Article 22**. To see if the Town will vote to raise and appropriate \$66,600. The sum necessary to construct two (2) softball fields and one (1) regular football field, on Tax Map 9 Lot 56, and to authorize the selectmen to negotiate the terms and conditions of the note to be issued. The construction of the above to be subject to available matching federal funds, which would reduce the total project cost to \$33,300. By request of Londonderry parks and recreation commission. Mr. Eaton moved to accept Article 22. Seconded by Mr. Bonney. Discussion followed.

Mr. Eaton moved to amend Article 22 as follows: To see if the Town will vote to raise and appropriate \$66,600. The sum necessary to construct two (2) softball/youth baseball fields and one regular football field, on Tax Map 9 Lot 56, and to authorize the selectmen to negotiate the terms and conditions of the note to be issued. The construction of the above to be subject to available matching federal funds, which would reduce the total project cost to \$33,300. Seconded by Mr. Bonney. Discussion followed.

Mrs. Cleary moved the question. Seconded by Mr. Gaskill. Voted affirmative.

Mr. Foley: (Assistant Moderator) The question is on the amendment to Article 22 which would read as follows: "To see if the Town will vote to raise and appropriate \$66,600. The sum necessary to construct two (2) softball/youth baseball fields and one regular football field, on Tax Map 9, Lot 56, and to authorize the selectmen to negotiate the terms and conditions of the note to be issued. The construction of the above to be subject to available matching federal funds, which would reduce the total project cost to \$33,300." Voted affirm-

ative. Amendment carries. Mr. Foley (Assistant Moderator) then took a vote on Article 22 as amended. Voted negative. Article 22 as amended defeated.

Mr. Mack: We have a total budget figure now, by inserting the figure for the school budget as Three Million, Sixty-Four Thousand, Four Hundred Fifteen Dollars, (\$3,064,415.00) for a total town budget of Four Million, Eighty-Six Thousand, Three Hundred Thirty Seven Dollars and Eighty-Four Cents, (\$4,086,337.84). I would like a vote on that figure. Voted affirmative.

Mr. Mack: This is your Budget and I so declare it adopted.

Mr. Foley (Assistant Moderator) then took up **Article 23**. To see if the Town will vote to raise and appropriate a sum of not to exceed \$7,000.00 to construct a Children's Play apparatus area on Tax Map 9, Lot 56. The above to be subject to available matching federal funds which would reduce the total project cost to \$3,500.00. Mrs. Sharron Sorensen moved to adopt the article as read. Seconded by Mr. Segrist. Discussion followed.

Mrs. Donna Brooks moved the question. Seconded by Mr. Lavoie. Voted affirmative.

Mr. Foley (Assistant Moderator) then took a vote on Article 23. To see if the Town will vote to raise and appropriate a sum of not to exceed \$7,000.00 to construct a Children's Play apparatus area on Tax Map 9, Lot 56. The above to be subject to available matching federal funds which would reduce the total project cost to \$3,500.00. Voted negative. Article 23 defeated.

Mr. Eaton moved to indefinitely postpone Article 24. Seconded by Mr. Bonney. Article 24. To see if the Town will vote to employ a full time recreation director, to work under the control of the Londonderry Parks and Recreation Commission, and to appropriate \$8,400 as a starting salary for said director. Discussion followed.

Mr. Segrist moved the question. Seconded by Mr. Bonney. Voted affirmative.

Mr. Foley (Assistant Moderator) then took a vote to indefinitely postpone Article 24. Voted affirmative. Article 24 indefinitely postponed.

Mr. Mack stated that no action could be taken on Article 37 because this article was not presented properly in that this article requires something more than the normal petition.

Mr. George Hicks moved to adjourn and continue the meeting until 1:00 P.M. that same day. Seconded by Dr. Shuler. Voted affirmative.

(Whereupon the Meeting adjourned at 12:55 A.M. to be continued on Saturday, March 8, 1975, at 1:00 P.M.)

The foregoing minutes were recorded in my presence by Samuel S. Gray, Stenotype Reporter and I certify them to be correct to the best of my knowledge and belief.

Alice M. Taylor, Town Clerk
Londonderry, N. H.

**LONDONDERRY ANNUAL TOWN MEETING
MINUTES ON ARTICLES ACTED UPON**

March 8, 1975

**LONDONDERRY CENTRAL SCHOOL AUDITORIUM
LONDONDERRY, NEW HAMPSHIRE**

ANDREW C. MACK, Moderator
WILLIAM FOLEY, Assistant Moderator
NORMAN RUSSELL, Selectman
ROBERT H. DAY, Selectman
ROBERT A. EARLY, Selectman
MRS. ALICE M. TAYLOR, Town Clerk
RONALD J. HAYWARD, Stenotype Reporter

PROCEEDINGS

Mr. Mack opened the meeting at 1:07 p.m.

Article 3. To see if the Town will authorize the selectmen to borrow money in anticipation of taxes.

Mr. Giddons moved that Article 3 be accepted. Seconded by Mr. Van Grevenhof. Voted affirmative.

Article 4. To see if the Town will vote to authorize the selectmen to sell at public auction property acquired by the Town through Tax Collector's Deeds.

Mr. Van Grevenhof moved that Article 4 be accepted. Seconded by Mr. Giddons. Voted affirmative.

Article 5. To see if the Town will vote to accept state aid for the construction of Class V roads and to raise and set aside for said purposes the sum of \$1,807.95 and the state to contribute the sum of \$12,053.02.

Mr. Ham moved that Article 5 be accepted. Seconded by Mr. Gaskill. Voted affirmative.

Article 6. To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established

under the provisions of the State and Local Assistance Act of 1972 the sum of \$15,000 to be paid to the Londonderry School District for the purpose of purchasing a future school site.

Mr. Kimball moved that Article 6 be adopted. Seconded by Mr. Russell.

Mr. Russell moved to amend Article 6 to read to see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$15,000 to be paid to the Londonderry School District for the purpose of purchasing a future school site. \$15,000 to be added on new construction in the event the amount is turned down at the school meeting. Seconded by Mr. Kimball. Discussion followed. Voted affirmative. The article as amended was voted affirmative.

Article 7. To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$12,600 for the purchase of three new police cruisers with trade in of 2 used police cruisers. Mr. Day moved that Article 7 be adopted. Seconded by Mr. Russell.

Mr. Russell then moved to amend Article 7 to read to see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$8,400 for the purchase of 2 new police cruisers with trade in of 2 used police cruisers. Seconded by Mr. Day. Discussion followed. Voted affirmative. The article as amended was then voted affirmative.

Article 8. To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$60,000 for the purpose of new construction on town roads. Mr. Russell moved that Article 8 be adopted. Seconded by Mr. Webster. Discussion followed. This article was passed over to be brought up later in the evening.

Article 9. To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established

under the provisions of the State and Local Assistance Act of 1972 in the sum of \$5,000 for the purchase of a new dump truck for the highway department with trade in of the old dump truck.

Mr. Day moved that Article 9 be accepted. Seconded by Mr. Fowler. Discussion followed. Voted affirmative.

Article 10. To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$5,800 for the purchase of a parcel of land located at the junction of Sargent Road and Mammoth Road being 2.9 acres as shown on Tax Map 9, Parcel 41A.

Mr. Kimball moved that Article 10 be accepted. Seconded by Mr. Russell. Discussion followed. Voted affirmative.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$8,500 to be used by the Bicentennial Committee for expenses which may be incurred during the celebration presently scheduled to be held August, 1976.

Mr. Day moved that Article 12 be accepted. Seconded by Mr. Van Grevenhof. Discussion followed. This article was passed over until a later time in the meeting.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$131 for White Pine Blister Rust Control as authorized under RSA 223.

Mr. Giddons moved that Article 13 be adopted. Seconded by Mr. Van Grevenhof. Discussion followed. Voted affirmative.

Mr. Webster moved to take up Article 16 and 17 together. Seconded by Mr. Merrill. Discussion followed. Voted affirmative.

Article 17. To see if the Town will vote to raise and appropriate a sum of \$14,000.00, for the purpose of preparing a facilities plan on sewerage and sewage treatment facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C.S. 1251 et seq., 6 Stat. S. 16 et seq.) and will qualify the town for federal funds, such

sum to be raised by the issuance of serial bonds or notes not to exceed \$14,000.00 under and in compliance with the provisions of the municipal finance act (N.H.R.S.A. 33.1 et seq., as amended) and to authorize the selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery to such notes as shall be in the best interests of the town of Londonderry, and to allow the selectmen to expend such additional monies as become available from the federal government under the financial assistance program of the construction grants section of the federal water pollution control act, as amended (33 U.S.C.S. 1251 et seq., 6 Stat. S. 16 et seq.) and pass any vote relating thereto. The town's share to be \$2,750 and the state to contribute the sum of \$11,250.00. The Federal share will be \$41,250.00. By request of the Sewer Commissioners.

Mr. Merrill moved that Article 17 be adopted. Seconded by Mr. Webster. Discussion followed.

Mr. Strino moved the question. Seconded by Mr. Thibeault. Voted affirmative.

Mr. Mack: We will now vote on Article 17. Discussion followed. Voted affirmative.

Article 16. To see if the Town will vote to authorize the selectmen to apply, negotiate and do all other things necessary to obtain such federal, state or other assistance as may be available for the report for, design of, and construction of a sewage disposal system, and pass any vote relating thereto.

Mr. Merrill moved that Article 16 be adopted. Seconded by Mr. Webster. Discussion followed.

Mr. Thibeault moved the question. Seconded by Mr. Strino. Voted affirmative.

Mr. Mack: We will now vote on Article 16. Voted affirmative.

Mr. Mack: We will now go back and take up Article 8.

Article 8. To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established

under the provisions of the State and Local Assistance Act of 1972 in the sum of \$60,000 for the purpose of new construction on town roads.

Mr. Russell moved that Article 8 be amended to read "To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$67,500 for the purpose of new construction on town roads." Seconded by Mr. Kimball. Discussion followed.

Mr. Thibeault moved the question. Seconded by Mr. Peppin. Voted affirmative. The amendment was then voted affirmative.

Mr. Mack: We will now vote on Article 8 as amended. Voted affirmative.

Mr. Mack: We will now take up Article 12 which was previously passed over.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$8,500 to be used by the Bicentennial Committee for expenses which may be incurred during the celebration presently scheduled to be held August, 1976. Discussion followed. Voted affirmative.

Article 25. To see if the Town will authorize the selectmen to accept a conveyance from Olivette C. Richards of a portion of parcel 9-56-1; said parcel abutting on Nelson Road and containing 1.9 acres, more or less, as shown on a plan entitled "Lot Line Relocation, Lot 9-56-1, Londonderry, N. H., Olivette Richards and Town of Londonderry" and in consideration thereof to authorize the selectmen to make a conveyance to Olivette Richards of a portion of 9-56, said parcel abutting the land of Richards and containing 1.9 acres, more or less, as shown on the above referred to plan and, further, to authorize the selectmen to take whatever action and to execute whatever documents may be required to effectuate the purpose contained herein. By request of Londonderry parks and recreation commission.

Mrs. Sorensen moved that Article 25 be adopted. Seconded by Mr. Bonney. Discussion followed. Voted affirmative.

Article 26. To see if the Town will vote to rescind the motion made at Town Meeting March 10, 1970, under Article No. 45, requiring all future Town Reports will include detailed statements of payments, shown to whom and for what monies were spent — by each and every department.

Mr. Russell moved that Article 26 be adopted. Seconded by Mr. Day. Discussion followed.

Mr. Mack moved to table Article 26. Seconded by Mr. Kimball. Voted affirmative and the Article was tabled.

Article 27. To see if the Town will vote to authorize and instruct the Board of Selectmen to exchange an 11.8 acres parcel, being part of property owned by the Town as shown on Map 9, Parcel 11, with an 11.8 acres parcel being part of Property shown on Map 9, Parcel 1.

Mr. Day moved that Article 27 be adopted. Seconded by Mr. Kimball. Discussion followed. Voted affirmative.

Article 28. To see if the Town will authorize the selectmen and the trustees of trust funds to accept a conveyance of the real estate and a transfer of any and all of the funds of the Glenwood Cemetery Association and, thereafter, to be responsible for the care and maintenance of the Glenwood cemetery. By request of Glenwood Cemetery Association.

Mr. Carr moved that Article 28 be adopted. Seconded by Mr. Ball. Discussion followed.

Mr. Kimball moved the question. Seconded by Mr. Thibeault. Voted affirmative.

Mr. Mack: We will now vote on Article 28. Voted affirmative.

Article 29. To see if the Town will vote to accept the following cemetery perpetual care trust funds, with interest accrued in excess of that necessary for the particular lot, to be used for general cemetery up-keep: Richard C. & Dorothy P. Bartlett, \$300.00; Roger & Gladys Boyle, \$100.00; Joseph Harvell, \$100.00.

Mr. Thibeault moved that Article 29 be adopted. Seconded by Mr. Van Grevenhof. Voted affirmative.

Article 30. To see if the Town, pursuant to New Hampshire Agricultural Law, Chapter 437-A will vote to establish a mosquito control commission, the members of which shall be appointed by the Selectmen and shall consist of five residents of Londonderry, who are also registered voters. This commission will compile information regarding mosquito control and based on their research, will prepare a program for such control to be voted on by the voters of Londonderry at an official town meeting one year hence. By petition of Jack Shuler et als.

Mr. Shuler moved that Article 30 be adopted. Seconded by Mr. Babin. Discussion followed.

Mr. Ghiloni moved the question. Seconded by Mr. Gaskill. Voted affirmative.

Mr. Mack: We will now vote on Article 30. Voted affirmative.

Article 32. To see if the Town will vote to discontinue plowing and maintenance of all parking lots of all church and non-profit organizations.

Mr. Russell moved that Article 32 be adopted. Seconded by Mr. Nelson. Discussion followed.

Mr. Anagnos moved the question. Seconded by Mr. Anagnos. Voted affirmative.

Mr. Mack: We will now vote on Article 32. Article defeated.

Article 33. To see if the Town will vote to reopen a portion of the former road leading from the Kendall Pond Road to its junction with the old Hudson-Derry Road near the residence of the late Charles W. Anderson. This road was discontinued in 1926. The section to be reopened under R.S.A. 234:19 (conditional layout) is starting from the Northerly side of Route 102, thence northerly along land owned by Gladys and Marion MacGregor to land owned by Marion Ingram, a distance of approximately 75 feet as shown on Londonderry Tax Map 6, Parcel 34.

Mr. Kimball moved that Article 33 be adopted. Seconded by Mr. Russell. Discussion followed.

Mr. Kimball moved the question. Seconded by Mr. Van Grevenhof. Voted affirmative.

Mr. Mack: We will now vote on Article 33. Voted affirmative.

Article 34. To see if the Town will vote to prohibit anyone from distributing literature or campaigning on any property where a town, state, or federal election is being held.

Mr. Kimball moved that Article 34 be adopted. Seconded by Mr. Van Grevenhof. Discussion followed.

Mrs. Cleary moved to amend by deleting the words "or campaigning" from Article 34. Seconded by Mrs. Whittemore. Discussion followed.

Mr. Griffin moved to amend Article 34 to read, "To see if the Town will vote to prohibit anyone from distributing political literature or displaying political signs within 150 feet of any building where a town, state or federal election is being held." Seconded by Mr. Mitzell. Discussion followed. Mrs. Cleary withdrew her amendment and asked that Mr. Griffin's amendment be put on the floor for a vote. Mrs. Whittemore withdrew her second. Discussion followed.

Mr. Anagnos moved to table this until next year. Seconded by Mr. Anagnos.

Mr. Mack: We will now vote on the motion to table. Motion defeated.

Mr. Mack: We will now vote on Mr. Griffin's amendment which reads, "To see if the Town will vote to prohibit anyone from distributing political literature or displaying political signs within 150 feet of any building where a town, state or federal election is being held." The amendment was defeated.

Mr. Mack: We will now go back to the original article.

Mr. Brown: I would make an amendment to say 25 feet away from the door. Seconded by Mr. Strino. Discussion followed.

Mr. Mack: We will now vote on Article 34 as amended.

Article 34 as amended would read, "To see if the Town will vote to prohibit anyone from distributing literature or campaigning within 25 feet from the door on any property where a town, state or federal election is being held." The amendment was defeated.

Mr. Mack: We will now vote on Article 34 as originally written. Voted affirmative.

Article 35. To see if the Town will vote to adopt a resolution in support of the National Flood Insurance program as follows:

Whereas, the town has adopted and is enforcing zoning ordinances, and whereas, Chapter 11, Section 4 of the afore-said prohibits any person, firm or corporation from erecting, constructing, enlarging, altering, repairing, improving, moving or demolishing any building or structure without first obtaining a separate building permit for each building or structure from the building inspector, and whereas, the building inspector must examine all plans and specifications for the proposed construction when application is made to him for a building permit.

Now, therefore, be it resolved by the town meeting of Londonderry as follows:

(1). That the building inspector shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified) and anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistant to flood damage, and (iii) use construction methods and practices that will minimize flood damage; and

(2). That the planning board shall review subdivision proposals and other proposed new developments to assure that (i) all such proposals are consistent with the need to minimize flood damage, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located, elevated, and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided so as to reduce exposure to flood hazards; and

(3). That the building inspector and sewer commission shall require new or replacement water supply systems and/or sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and require on-site waste disposal systems to be located so as to avoid impairment of them or contamination from them during flooding.

Mr. Kimball moved that Article 35 be adopted. Seconded by Mr. Day. Discussion followed. Voted affirmative.

Mr. Foley (assistant moderator) presiding.

Article 36. To see if the Town will vote to authorize the Board of Selectmen to appoint a committee of 8; comprised of 2 members of the Londonderry Police Department, 2 members of the Londonderry Fire Department, 1 Selectman, and 3 Registered voters. The purpose of the committee will be to study the feasibility of combining the police and fire departments into one Londonderry Department of Safety. The object of this consolidation being to enhance the safety of the citizens of Londonderry and economize administration. By petition of John T. Griffin and others.

Mr. Griffin moved that Article 36 be adopted. Seconded by Mr. Mitzell. Discussion followed. The article was defeated.

Article 59. To transact any other business that may legally come before this meeting. Given under our hands and seal, this seventeenth day of February, in the year of our Lord, nineteen hundred and seventy-five.

Mr. Mack: Mr. Webber has asked to make a proposal.

Mr. Webber: May I use the rostrum, please?

Mr. Mack: You may.

Discussion followed.

Mr. Webber moved to see if the town will vote to authorize the moderator to appoint a committee to develop proposals to control the residential growth of the town of Londonderry; said committee to work in cooperation with and have at least one member of the Board of Selectmen, Planning Board and

School Board and to present its proposals at or before the next annual town meeting. Seconded by Mr. Babin. Discussion followed. Mr. Anagnos moved the question. Seconded by Mr. Gaskill. Voted affirmative.

Mr. Foley (assistant moderator) We will now vote on Mr. Webber's motion, "To see if the Town will vote to authorize the moderator to appoint a committee to develop proposals to control the residential growth of the Town of Londonderry; said committee to work in cooperation with and have at least one member of the Board of Selectmen, Planning Board and School Board and to present its proposals at or before the next annual town meeting." Voted affirmative.

Mr. Russell at this time presented past Selectman Forest Kimball with a gavel as a token of the town's appreciation for his many years of service.

Mr. Ham: I would like to make a motion that next year and in following years that a report from the Budget Committee be placed in the annual report for the town. Seconded by Mr. Kimball. Discussion followed.

Mr. Ghiloni: There is plenty of room in the budget column to show where they differ with the actual budget and I move that that be printed. I move to amend the motion to include that the budget committee's recommendations be printed in the town report together with the official town budget proposals where they differ. Seconded by Mrs. Ghiloni. Discussion followed.

Mr. Foley (assistant moderator): I think it would be better saying printed in a fourth column. It is still a little ambiguous. Discussion followed. Voted affirmative.

Mr. Foley (assistant moderator): The motion now before the floor is, "That a report, including the budget committee's recommended figures, be prepared each year for the town report." Discussion followed. Voted affirmative.

Mr. Mack now moderating.

Mr. Segrist moved, "To see if the Town of Londonderry will give the Londonderry Parks and Recreation Commission the authority to build football and softball youth fields with voluntary labor and efforts. This construction would take place on

Tax Map 9, Lot 56. Seconded by Mr. Bonney. Discussion followed.

Mr. Mack: I think Article 22 should be reconsidered. Now, I told Mr. Segrist that I didn't feel we would agree to reconsider Article 22 if there was a money figure in there, but to reconsider Article 22 for the point of accepting such a motion I think would be in order. Do you go along with that, Mr. Segrist?

Mr. Segrist: I would substitute this motion for Article 22 and move Article 22 as printed in the warrant.

Mr. Mack: We can accept that as a substitute motion under Article 22. Let's do it this way; let's open the floor for discussion on Mr. Segrist's article or his motion and then we will accept it as a substitute motion under Article 22. Discussion followed.

Mrs. Cleary moved the question. Seconded by Mr. Babin. Voted affirmative.

Mr. Bonney: If we start with the football and softball; I know there was some interest in our playground, all we are asking is if we could do that as well.

Mr. Segrist: There are others that are willing to go out and build a playground, all we want is construction and development without costs to the town.

Discussion followed.

Mr. Mack: We will now vote on this motion as a substitute motion accepted under Article 22. The motion reads as follows: "To see if the Town of Londonderry will give the Londonderry Parks and Recreation Commission the authority to build football and softball youth fields and playground with volunteer labor and efforts. This construction would take place on Tax Map 9, Lot 56." Voted affirmative.

Mr. Ham: I was wondering if our selectmen have any idea what we have done last week and this week in terms of our tax requirement? This is not a favorable thing and I am not going to win any bouquets.

Mr. Russell: At this time I have no idea whatsoever, but when we go way from here that is one of the first things we are going to have to do is sit down and estimate some revenues

and we have a report that we have to file with Concord within a couple of weeks; and, when that is done, all that information will be available and we will have to make the best estimate we can, Mr. Ham.

Mr. Ham: Can we say it may be somewhere between five and \$7?

Mr. Russell: I don't know the purpose of what you are trying to accomplish by us telling you what we think the tax rate will be. At this particular moment, I don't have the foggiest idea.

Mr. Merrill: I should like to present a motion that the Planning Board hold a minimum of three hearings on all zoning changes and that the property owners involved in these zoning changes be notified of the proposed change. After I get a second on it, I would like to explain it.

Mr. Mack: I think it is out of order in that the state law provides for the number of hearings that shall be held.

Mr. Merrill: It provides the number of legal hearings.

Mr. Mack: I would accept it as I think an indication of the feeling of the body here at this time. I don't think we could accept it as anything which would be binding.

Discussion followed.

Mr. Mack: We will now take a vote on those in favor of the proposal to hold three zoning hearings prior to the changes. Voted affirmative.

Mr. Mack: The consensus of the meeting is that we should hold three hearings.

Mr. Picco moved that all purchases made by the town go out for bid in a form advertized by local newspapers and the F.W. Dodge Corporation. Seconded by Mr. Anagnos.

Mr. Mack: This could only be an assessment of the feeling of the people at this time; it couldn't legally bind the selectmen.

Discussion followed.

Mr. Nelson moved the question. Seconded by Mr. Kimball. Voted affirmative.

Mr. Mack: We will now vote on the motion that all purchases made by the town go out for bid in a form advertized

by local newspapers and the F. W. Dodge Corporation. The motion was defeated.

Mrs. Cleary moved to adjourn. Seconded by Mr. Babin. Voted affirmative.

(Whereupon, the meeting adjourned at 5:20 p.m.)

The foregoing minutes were recorded in my presence by Ronald J. Hayward, Stenotype Reporter and I certify them to be correct to the best of my knowledge and belief.

Alice M. Taylor, Town Clerk
Londonderry, N. H.

ROAD AGENT REPORT

During the year 1975, the Town has acquired approximately three miles of new streets in new development areas; purchased a new GMC 1 ton dump truck, trading in the old one as approved at the last Town Meeting; and made many street signs in order to identify all of the streets.

We resealed approximately half of the tar roads during the past summer and a lot of patching was done in order that the roads hold together due to heavy traffic load.

New Construction

Many factors determine priorities for new road construction making it a difficult decision. The following are the roads done by the Town in 1975:

1. 1.3 miles of High Range Road were surfaced. This was put out to bid by the Town.
2. 5/10 of a mile resurfaced on Hardy Road.
3. 3/10 of a mile resurfaced on Spring Road.
4. Installation of many culverts and purchase of more for the coming year.
5. A used roller was purchased with new construction funds for use on the above streets. It paid for itself by eliminating the need to rent one.
6. Some of the new construction money and funds from the bridge and railing account were used to widen the approach to the bridge on West Road. This is the bridge over Brickyard Brook.

The TRA funds were used to install drainage and gravel and surface approximately 1.4 miles of Hovey Road beginning at Hardy Road.

A new plow and wing were purchased with New Equipment funds. We are now able to utilize another truck for plowing the roads leaving the grader free to plow the five churches, library and Junior High and Central Schools.

This has been my first year serving as an appointed Road Agent and I hope everyone has been satisfied with the service they have received.

My thanks to the people in the Town Office, Fire Dept., Police Dept. and all the men associated with the Highway Dept.

Respectfully submitted,

Richard S. Moore, Road Agent

LONDONDERRY POLICE DEPARTMENT

1975 Annual Report

1975 was a year of many contrasts for the Police Department. On the one hand we seemed to have a leveling off of the major causes of Police activities, particularly burglaries, thefts and criminal mischief. On the other hand, resignations, the training of many new personnel and particular areas of concern left us with less than a sense of real accomplishment.

The loss of Joseph Eaton, our former Juvenile Assistance Officer, who left to enter private business, and Donald Redden who left to enter Law school made grave inroads into our limited number of trained and very capable personnel. The loss of trained Clerk-Dispatchers plus the natural attrition of those who didn't quite measure up to our standards left the Department hard pressed to carry out its many duties in the professional manner normally expected. The willingness of the new men and women to undertake their tasks, however, gave us the ability to maintain adequate performance.

The statistics following this report are self explanatory and indicate that we have had a measure of success. Perhaps what gave us the most concern was the many acts of vandalism and wanton damage to property. A virtual reign of terror was inflicted on residents and businesses in the route 102 area. Burglaries, thefts from vehicles and malicious damage to property abounded, particularly in the Kendall Pond Rd. area and the nearby apartment complexes. A group of young people, many who are residents of the area, have been responsible for much of the problem. Adequate parental supervision would be of considerable help to us and would go a long way toward improving the climate of the section. Lack of sufficient personnel to properly patrol the area made the apprehension of the perpetrators difficult. As trained personnel went into service we were able to apply some pressure to the area and it is hoped that with the completion of training of the new men and additions to the force, we will be in a position to handle this and similar matters more quickly and efficiently in the near future. The large business complex at

Grenier Industrial Village is also an area of concern to us. This area provides Londonderry with a large portion of its tax base and we are not in a position to give it the protection it should have. By its very nature it is a prime target for criminal activity but we believe that it will lend itself to a good protective environment with adequate patrols of the area.

Londonderry had the dubious honor of having the most traffic fatalities for 1975 of any town or city in the State. As most of these deaths are alcohol connected, we have increased our vigilance toward drinking drivers. Fifty-two charges of Operating under the influence were brought against operators compared to only seventeen in 1974. We are sure that this number will increase even more in 1976. The average motorist has to become aware of the seriousness of driving after drinking. Radar also continues to be used frequently with good effect. We have noted that when a continuous use is employed there is a drop of about 5 miles per hour in the average speed of the traffic. We have been particularly concerned about the traffic flow in the school areas and many summonses have been issued for speed through school zones and bus stops while children are there. Drivers are reminded that the limit for travel through a school zone when the children are in the area is 20 miles per hour, and is being enforced. As more manpower is available, greater effort will be put into creating a better attitude for safety on our roads. Motor vehicle apprehensions were up from 263 in 1974 to 416 in 1975. Be careful, don't become one of our statistics this year.

A review of the automobile accident reports gives us an indication of the more serious trouble areas and causes of accidents. Requests to the State Highway Department for assistance in improving some dangerous areas has been requested. We feel there is a strong need for a traffic light at the intersection of route 102 and 128. We have asked for a change in the contour of the north bound exit ramp from route 93 to route 102. The stretch of route 102 from the Derry line to route 102 continues to be a very dangerous area and bears special attention of the Police and motorists alike. We note that January, April and December were the worst months for accidents this year with an average of more than one per day.

A recent survey of the Department revealed some interesting statistics. Radio messages are being transmitted and received at the rate of over 90,000 per year; Telephone calls at a rate of more than 37,000 per year and although the department is not open to the public during the night, we still have more than 10 people a day visit us for one reason or another. In addition to this work, the clerk-dispatchers record and file more than 10,000 reports, complaints and other pieces of information, and type out cards to assist in prompt retrieval of the work. Four hundred and sixty-six home owners requested our house check service while they were away and in addition nearly every business place in town is checked at least once each night.

We cannot stress too strongly the necessity for residents to report any suspicious vehicles or other activity in their neighborhoods. In most cases our investigations reveal that someone saw something suspicious when crimes are committed but hesitate to call us. Remember, if it makes YOU suspicious, it is important enough to report. Your help and cooperation will enable us to provide you with better service and protection, so don't hesitate to call. Keep the Police number near your phone. For emergencies call 432-5800. For other business please use our business phone 669-3554.

The Department notes with regret, the passing of former Chief of Police Fred Smith, who served the Town for over 30 years.

LONDONDERRY CIVIL DEFENSE

1975 Report

Calendar year 1975 was a slow year for Civil Defense. Progress, complicated by sickness, came almost to a standstill. Response for help was not encouraging. For Civil Defense to work, it takes the cooperation and participation of numerous individuals throughout the town. Civil Defense and the help it can provide the town is only worth the time and effort put into the system. Minimum efforts results in minimum benefits.

I will continue to give all the time and efforts possible to reach a reasonable goal. With the help of some individuals, completion of a communications room, classroom, and storage area will be finished soon. I will give support and coordinate with local and state segments, so Londonderry will be able to take its place in the system.

Respectfully submitted,

Maurice J. Lemieux
Director

LONDONDERRY VOLUNTEER FIRE DEPARTMENT

1975 Town Report

EMERGENCY CALLS . . . ONLY . . . 432-3138

Station No. 1 432-3442 Station No. 2 432-3369

In 1975, as has been the case in previous years, your volunteer fire department worked hard to increase its level of professionalism, raise funds to purchase needed equipment, and provide the town with the best fire protection for its investment.

You may be interested to know that the volunteer members of the fire department donated 2,652 man-hours of their time to firefighting. This figure does not include the hours worked by the full-time employees.

Of the money raised by the department, \$3,074.07 was used to purchase a new portable radio and other needed equipment. Also, \$1,500.00 was used for the purchase of building supplies to remodel the upstairs in Station No. 1; with the thought in mind that it may someday be utilized as living quarters for men on duty.

As a reminder, Rescue markers, to be placed on windows in the rooms of children and invalids, are still available, free of charge, at the stations.

An example of cooperation between communities is the informal Mutual Aid system prevalent in this area. Should all of a town's resources be engaged in fighting a fire, apparatus from surrounding communities will respond upon request either to the fire, or for station coverage. This system has aided Londonderry in maintaining fire protection in town, during any emergency.

The fire department conducted 374 inspections of oil burning equipment, chimneys, fireplaces, tank installations, and businesses. Also, several investigations were conducted to determine the causes of fires.

The number of responses to fires caused by chimneys or wood burning stoves has tripled in 1975. Proper installation

and operation of woodstoves, and a clean chimney, will minimize the risk of fire.

If you have any questions pertaining to the proper use of wood burning appliances, or chimneys, please feel free to call us at Station No. 1 (432-3442), or Station No. 2 (432-3369), at any time. If you seek information, please use the business numbers to keep the Emergency Line clear.

Respectfully submitted,

David A. Hicks, Chief

FOREST FIRE REPORT

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during the term of his appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

LONDONDERRY RECREATION & PARKS COMMISSION

1975 Annual Town Report

1975 proceeded along at the same level as 1974, and growth is still being experienced in all recreational programs. Our largest program being basketball, had 300 plus participants, ranging from ages 7 on up. The Summer Playground Program remained a popular one with an average of 80 children daily for a 6 week period. The highlights of that program were the Dog Show and Magician Show. Also the field trip to Rockingham Park and various other places helped to make it another great summer. Our annual Track and Field Day held in conjunction with Old Home Day drew over 100 participants. Flag football remained active with 160 participants. Men and women volleyball totaled about 50. The Christmas Art Contest held in the elementary schools was a new project, and was accepted with much enthusiasm.

Near the end of 1974 changes were made in the commission due to vacated positions. New commissioners are Andy Czuchry, Sara High and Jerry Seaman, with Joe Blasius and Kate Griffin acting as associate members.

The 7 members of the commission are eager to develop new programs and propose needed park facilities to benefit the entire community. To accomplish these goals we need your support, not only as volunteers, but approval of our proposals at Town Meetings. We welcome any new ideas and extend an open invitation to attend our monthly meetings.

The commission thanks the parents who have volunteered their help, also the cooperation of both principals of the Elementary Schools, and the gifts of materials and equipment to help pave the way for future recreational facilities in our town.

DERRY VISITING NURSE ASSOCIATION

Box 262, Derry, New Hampshire

There was a substantial increase of visits made to Londonderry residents by our agency staff during our past fiscal year of July 1, 1974 through June 30, 1975. The increase was apparent in each category as follows:

Fiscal Year '73 - '74		Fiscal Year '74 - '75
257	Skilled Nursing Visits	465
43	*Public Health Visits	71
136	*Newborn Visits	175
18	Physical Therapy Visits	136

In addition to the increase in the traditional areas of service referred to above, the agency also provided three (3) new services to Londonderry residents during the past year, these include:

1. Initiation of a Homemaker Home Health Aid Service which provided 105 hours of care. At the present time, the agency requests county and federal monies (rather than town monies) to fund this program, but it constitutes a valuable resource for Londonderry residents and represents a major investment of time and effort by staff members in order to get it underway.

2. Initiation of immunization clinics to be held every other month. These are held in Derry but are intended for Londonderry children as well. Our agency was pleased to meet this long-standing goal this year.

3. In March 1975 a blood pressure screening clinic for residents of 60 and over was held in Londonderry. This will continue to be conducted monthly. 67 visits were made to the 4 clinics that were held from March to June.

*(no fee visits)

Londonderry representatives to our Board of Directors who share in these efforts are:

John Calhoun - Treasurer
John Giannetti

Janet Morneau
Susan Haussler

Respectfully submitted,

Peter Bronstein
President/Board of Directors

Joanne Millsaps, R.D.
Nurse/Administrator

REPORT OF THE BUILDING INSPECTOR

During the calendar year of 1975, the office of the Building Inspector issued 356 permits for a total of \$8,873,400. with fees totaling \$10,044.00. Tight money and high interest rates again held back many private homes and a shopping center. Industrial plants showed a sizable increase. The overall picture appears to reflect a very healthy solid growth although the total dollar value is less than 1974. The 1974 figures reflected inflated condominium projects in the amount of \$5,000,000., to beat the zoning deadline.

This report also shows the activities of the Health Officer.

Respectfully submitted,

Richard L. Hodgman
Building Inspector &
Health Officer

BUDGET COMMITTEE

The first Budget Committee in Londonderry was appointed to office in 1932 as a result of a motion made at that Town Meeting. The committee continued to be appointed until the year 1959. In that year, the membership and the character of the committee was changed by the townspeople. It was voted to elect a twelve member board and to stagger the expiration dates of members. At present, the Board of Selectmen fill unexpired vacancies, by appointment.

Although not formally charged, the Budget Committee examines and questions the various committees and departments of the town to determine past performance and to assess future plans. Our purpose has not only been to optimize every tax dollar, but to ensure that budget expenditures are justified and relevant. As an advisory committee, we wish to see our town grow in an orderly and fiscally prudent fashion.

A change in operating procedures was mandated this year by an agreement with the Board of Selectmen, in order to promote communication and increase co-operation. The inception of any new system has its problems, and this was no exception. Additional delay was caused by the fact that a Salary Study Committee had been authorized at the March 1975 Town Meeting. The report of this committee was critical to the preparation of budgets.

The Budget Committee this year was composed of many new members. Four newly appointed members filled vacancies created by elected members moving out of Londonderry. Also, three newly elected members joined the Budget Committee.

The Budget Committee appreciates the concern, support and credibility lent to this committee by the voters of Londonderry at the 1975 Town Meeting.

Respectfully submitted,

Londonderry Budget Committee

LONDONDERRY PLANNING BOARD

There has been a lot of talk in town in the last few years about the state of Londonderry. Whether it be the state of its finances or the state of its growth, I would like to present a few facts about Londonderry that most of us do not realize.

New Hampshire has 234 towns and cities, of which Londonderry has the 19th largest population. To take a look at the town in another way, out of the 234 towns and cities, we find Londonderry is the 22nd most valuable town. If we rated Londonderry in size by square miles, we find it lies in the top 20.

Taxes are the thing that affect us the most. The only way we can compare our tax rate with other towns is to compare equalized tax rate, with equalized value as a base. This is done by using the state's latest equalized value figures available. To use the 234 towns is not a realistic comparison because the town in the best position with no taxes at all is Hart's Location, with a population of 13 people and \$698,155 in value, the worst being Berlin.

Let's compare Londonderry with the 19 towns or cities with population of over 8,000 and we find that it has the fifth lowest tax rate. When we compare it with the 22 towns and cities, with over \$110 million equalized valuation, we find it has the seventh lowest tax rate.

A few other interesting facts are that in 1963, Londonderry's equalized tax rate was \$2.50 per hundred, in 1969 it was also \$2.50 per hundred, and in 1974 it was still \$2.50 per hundred. This means that the cost of running the town and school departments has not increased or decreased in percentage, with the increased value and growth of the town.

One other thought that I want to convey to you is that we have been told in the past that we would not be able to build schools fast enough to keep up with our increasing school population. One committee based this on our bonded indebtedness for schools which is normally set at 7% of our equalized valuation. They were so worried that they had the legislature pass a law allowing Londonderry to sell bonds for schools to a limit of 9%. If this was not enough, later they went back and

raised it to 11%. As of today, we have not indebted ourselves for schools for over 3% of our equalized valuation. This means that if it was voted, we could sell \$8 million worth of bonds for our schools. I am sure it is not needed.

In closing, I would bring up the ability to maintain a favorable tax structure is a combination attracting good industry and good quality housing.

In 1975, the Planning Board approved subdivisions for 125 new lots and signed plans for 9 line changes, 4 perimeters and 7 site reviews. This compares with last years figures of 127 new lots and 306 condominium units. A petition article passed at Town Meeting, this year, put a moritorium on all multi-family developments.

The Planning Board made use of the consulting services of a local engineering firm, to insure proper road and drainage design on two proposed subdivisions. The results convinced the Board that the development of Londonderry would be better protected if these services were more readily available so the Planning Board is requesting an increase in the budget to cover the cost of these consulting services on a continuing basis. Plans to increase the cost to the developer for subdivision fees and roads will partially offset this increase.

The Board meets every Wednesday and holds subdivision hearings on the second Wednesday of each month.

Respectfully submitted,

George P. Hicks, Chairman
Londonderry Planning Board

REPORT OF THE GROWTH STUDY COMMITTEE

The Growth Study Committee was appointed by the Moderator following the 1975 Town Meeting and included the following members:

Robert M. Webber
Douglass B. Roberts
Norman Russell, Selectman Member
Patrina Nesmith, School Board Member
George P. Hicks, Planning Board Member
Gary Alley
Kendall P. Smith
Philip Scanlon (resigned in October for
personal reasons)
Michael Jones

At the initial meeting, held on May 1, Mr. Webber was elected Chairman, Mr. Alley was elected Vice Chairman, and Mr. Roberts was elected Secretary.

The Committee determined that its first order of business was to collect data on a number of surrounding communities to determine if they were experiencing the same growth problems. Also, the Committee wanted to see whether Londonderry's growth was out of line with the area or was unique. We were hopeful that analysis would indicate why Londonderry is growing at the current rate. The data was gathered from the towns of Derry, Plaistow, Hollis, Chester, Atkinson, Merrimack, Hudson, Salem, Raymond, Bedford, Windham, Pelham, and others. While the Committee used this data in its study, we have not been able to compile it into report form for Town Meeting.

Mr. Edward Herbert of Windham met with us in September. He is a registered land surveyor with a great deal of experience in subdivision surveying in Londonderry and the surrounding communities. In comparing Londonderry with other communities, he stated that our zoning and subdivision regulations were comparable. He felt our rapid growth was primarily due to our accessibility to Interstate 93 and relatively better types of soils for residential development.

The second major project undertaken was to determine what types of control mechanisms are available and what types would or would not be appropriate for Londonderry. Generally speaking, there are four types of controls: zoning, subdivision regulations, moratoriums, and a relatively newer type of building permit control similar to the "Ramapo, N. Y. Case."

The zoning and subdivision regulations are clearly within Planning Board jurisdiction and enforced at this time. However, as a spin-off of a committee project based on the "Harvard Study" Report, the Planning Board developed a zoning change which requires 75% of a lot to meet certain critical criteria. At the October 23rd meeting, the committee voted unanimously to support this article (Article 100) and to support retaining the services of a professional engineer for the Planning Board.

A moratorium generally involves prohibiting building for a period of time while certain studies or utility projects are completed. The Committee did not feel that this type of control was appropriate at this time.

The fourth area is one that usually controls the number of building permits by associating the rate of growth to certain critical or costly facilities. In the case of "Ramapo, N. Y.," the growth rate was linked to a long term capital improvement plan. This field of control is new and challenging. While the information that is available is relatively sparse and poorly defined, the Committee feels that this is probably the most realistic type of control for Londonderry and is continuing research in this field.

A plan was developed by the Growth Study Committee to couple residential growth to school growth by relating the number of building permits to seven percent of the equalized evaluation. However, the plan, if adopted, would not be effective since the bonded indebtedness has dropped to three percent of the equalized evaluation.

In conclusion, we held fourteen meetings during 1975. We felt somewhat handicapped by Londonderry not belonging to the Southern New Hampshire Regional Planning Commission, as we did not have professional expertise to draw on. We feel

that we should continue to work, particularly to monitor changing conditions and to consider appropriate action. Please feel free to communicate with any member of the Committee regarding your feelings toward Londonderry's growth.

Respectfully submitted,

Robert M. Webber
Chairman

BOARD OF ADJUSTMENT

1975 Activities

I. Analysis of Cases:

Type of Case	Granted	Denied	Withdrawn	Tabled	Total
Variance	21	8	1	1	31

II. Case History:

Year	No. of Cases
1975	31
1974	45
1973	49
1972	36
1971	21
1970	22
1969	18
1968	24
1967	16
1966	23

III. Remarks:

A slight drop in the number of cases heard was noted. It is possible this may be partly due to the ten dollar charge which is now assessed individuals seeking variances.

There were 20 cases involving commercial activity, including a portable saw mill, tennis courts, a diner, a greenhouse, a furniture manufacturing concern, a bank and an office building. The others were cases involving lot lines, and other miscellaneous items.

Respectfully submitted,

Dr. Jack E. Shuler, Secretary
Board of Adjustment

LONDONDERRY CONSERVATION COMMISSION

The principle accomplishment of the Conservation Commission for 1975 was gaining the town's approval to zone an estimated 250 acres into the Little Cohas Marsh Conservation District. The area is currently being maintained by the State as a Waterfowl Management Area. The favorable zoning will ensure continuing protection of the whole area.

Beaver Brook is one of our continuing projects. In April, we made a survey trip down the length of the Conservation District or "green-belt" area. Water purity and land acquisition are still prime interests. In August, on a joint field trip with the Planning Board to the area between Chase Road and the Taylor Falls Dam, we observed the possibilities of more green belt area — a buffer zone — between the Brook and a possible subdivision.

The Commission has been busy with numerous interests. We have consulted with a major landowner regarding the advantages and disadvantages of beaver dams on his property plus good conservation practices for his land. Complaints are investigated frequently regarding building permits, road culverts and gravel removal. Dredge and Fill Permits are also routinely checked.

In August, we began field work on the Scobie Pond area and this is in the process of being thoroughly analyzed for possible Conservation District zoning in the near future.

The Conservation Commission meets on the second and fourth Tuesday of each month at 8 p.m. at the Town Hall. The public is invited to attend and share its ideas and views.

Diann MacRae	4-4006	Phil Hulit	4-4396

LONDONDERRY BICENTENNIAL COMMITTEE

The year began with a reenactment of Paul Revere's Call to Arms on April 19, 1975 with 3 horsemen riding through town sounding the alarm. This event was the kickoff for Londonderry's celebration of our nation's Bicentennial.

The committee has met regularly throughout the year to formulate plans for the Colonial Ball, Old Home Days, and the Dedication Ceremony which was held on November 11, 1975. At this time, the Town was presented with the Certificate of Recognition and the Bicentennial Flag designating Londonderry a Bicentennial Community. Dignitaries from county and state government were represented. Mrs. Samuel Tarrant of the New Hampshire Revolutionary Bicentennial Commission presented the flag and certificate to the Selectmen.

The Colonial Ball was held on February 14, 1976 at Central School Auditorium. This was co-sponsored by the New Hampshire Heart Association.

The Old Home Days on August 21 & 22, 1976 will be the highlight of the years celebration and planning. All town organizations are invited to participate. Surrounding communities are being invited to take part in the parade on the 21st. Sunday will be family day and begin with an ecumenical service on the Common. During the day there will be an antique and crafts exhibit, band concert and old fashioned fun.

If you would like to be a part of all this, your help and ideas would be most welcomed. Please call the Town Office for further information.

Respectfully submitted,

Robert H. Day, Chairman

LONDONDERRY HOUSING & REDEVELOPMENT AUTHORITY

Report of the Chairman

The industrial development project of the Londonderry Housing and Redevelopment Authority at Grenier Industrial Village continues to show good growth.

In 1975, the largest plant to date has been started in the project, the Silver Bros, Cott Beverage plant in Parcel II. A large plant, Tel-Labs, Inc. has been nearly completed and is now operating in Parcel I. The Kirschner meat storage and distribution plant is under construction on Parcel II. When fully completed these plants will add considerably to the tax base of the Town.

Negotiations to work with a major development firm for development of the remainder (approximately 88 acres) of Parcel I are in progress. This is expected to be a five year project and would be the best method to accomplish our goal in this area.

Cash flow continues to be a problem for the L.H.R.A. As property in Parcel II is developed, income from building rentals is reduced making it difficult to cover operating expenses and pay the interest on the mortgage loan.

Land sales revenue is used to extend or renew water lines, sewer lines and storm drains, to repair, rebuild or build roads as well as reduce our mortgage principle. Hopefully for 1976, our financial needs will balance out with our expected land sales income.

With the money borrowed on our behalf by the Town of Londonderry we have constructed a 12" water main along Harvey Road past Tel-Labs and a 12" water main along Tinker Avenue to service Silver Bros. and will have enough money left to install the sewer line to this project and repair the road in the spring. This loan will be paid back to the Town by the Londonderry Housing & Redevelopment Authority.

As yet, no tax money from the town has gone into the development of this industrial area but the town now has operating expenses in the project consisting of snow removal, hydrant rental and street lighting. These expenses will increase as the area becomes more fully developed as well as future road maintenance upon the acceptance of these roads by the town.

A pressing problem for the LHRA needing action quickly is a road giving legally owned access to Parcel III. In our opinion, this is best accomplished by extending Industrial Drive to Pettingill Road and rebuilding Pettingill Road to Harvey Road. To accomplish this, the cooperation of the Manchester Airport Authority, the Grenier Londonderry Development Corp. and the Town of Londonderry is essential. Upon solution of this problem and construction of the road, land sales and industrial building in this parcel will take place rapidly. We are handicapped now because lending institutions are reluctant to make any loans for development in this area.

It would be in the Towns and the LHRA's best interest to build new town office and police facilities to enable us to develop the valuable lot in Parcel II now used by the Town which brings in no income to the LHRA. Tax revenue from an industry located on this site would quite likely cover the bond or note payments needed for this town facility.

On behalf of the LHRA, I should like to extend our appreciation for the excellent cooperation given to us by the Board of Selectmen and the Planning Board in the many areas where their assistance and judgement has been asked for and needed.

Respectfully submitted,

William Lievens, Chairman
Londonderry Housing &
Redevelopment Authority

Notes to Financial Statements

December 31, 1975

NOTE 1 — Summary of Significant Accounting Policies

Land was recorded at original cost and then the acreage was segregated into separate parcels. Subsequently, the site development costs were charged to the respective land parcel. A sale of land will result in the particular land parcel being relieved of cost at the average cost rate per parcel.

NOTE 2 — Notes Payable

The notes payable account was comprised of the following amounts:

6% Real estate mortgages payable to the Indian Head Nat'l Bank of Derry	
Monthly installments of \$1,621.00 for interest and principal	\$ 92,081.83
Quarterly interest payments	73,450.00
	<hr/>
	165,531.83
Town of Londonderry — 5.9% installment note payable over a term of 10 years at \$5,000 per year	50,000.00
	<hr/>
	<u>\$215,531.83</u>

NOTE 3 — Cost of Land Sale

The commissioners have informed the auditing firm that the land sale was consummated at a favorable price to the buyer in order that the Town would gain future tax benefits from the new facility.

Auditors Report

January 22, 1976

To the Commissioners
Londonderry Housing and Redevelopment Authority
Londonderry, N. H. 03053

I have examined the balance sheet of the Londonderry Housing and Redevelopment Authority as of December 31, 1975 and the related statements of operations, retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the accompanying statements present fairly the financial position of the Londonderry Housing and Redevelopment Authority at December 31, 1975, and the results of its operations and changes in financial position for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

LONDONDERRY SCHOOL DISTRICT

Auditor's Opinion

December 4, 1975

We have examined and audited the accounts and records of the Londonderry School District for the fiscal years ended June 30, 1973 and June 30, 1974.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheets and statements of sources of revenues and expenditures present fairly the financial position of the Londonderry School District at June 30, 1973 and June 30, 1974, and the results of its operations for the years then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

Plodzick and Sanderson

Plodzick and Sanderson

REPORT OF THE SCHOOL BOARD CHAIRMAN

To the citizens of Londonderry:

The past year was a very exciting and rewarding one for those participating in education. With the efforts of many, the second phase of a comprehensive high school was completed September 1975 in time for the opening of the school year. This facility was planned to be used for the instruction of mathematics and science. It contains the central cooking kitchen for all of Londonderry's schools, as well as its own cafeteria. Due to the increased elementary enrollment, Phase I and Phase II are presently being used as a Middle-Junior High School housing grades five through eight.

Our curriculum has continued to expand to meet the needs of all our students. A full music program was implemented for every child in our school system. The art program was increased to include instruction for grades five and six, as well as continuing this program for grades seven and eight. Operation Venture was instituted as part of the physical education program for our Junior High students. In the area of pupil personnel services, great strides were made by increasing services to those students with speech difficulties, learning disabilities and guidance problems. At all times individualized instruction was provided for all our students.

I would like to take this opportunity to thank all of the Instructors, Administrators, and citizens of Londonderry for providing a quality education for its young people. Our greatest hope for the future begins with the educating of our young people today.

Patrina R. Nesmith, Chairman

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

The school year 1974-75 marked the formation of the new Supervisory Union No. 12, comprised solely of the Londonderry School District. Early responsibilities included the transfer of records, problems, and in-process projects from the Derry office of Union No. 10. Also among the first jobs, even while occupying temporary quarters in two North School classrooms, were the recruitment of office personnel and district teachers that were needed because of late resignations. The new quarters in the Oak Hill Professional Park were occupied early in August of 1974.

Building needs demanded a large proportion of the time and energy of the superintendent and other Union office personnel. Phase II of the Londonderry High School was just under construction in July, and during the course of the year continued under construction with some typical problems associated with building and a few unusual and knotty problems. Chief among the latter was the location and construction of the septic system, which was subjected to frequent reviews and changes dictated by State agencies because of our local soil conditions. A minor strike against a sub-contractor and some tense moments in respect to getting the roof on before snow fall were both resolved favorably. Phase II, which will house science, mathematics, and temporarily music, was completed and occupied in September, 1975. Also included is a cafeteria and large central kitchen designed to prepare hot meals for all three schools, and a small van truck was purchased to carry the food to the other sites.

During the year a series of votes were taken by the District on a proposed elementary school on South Road. The first vote at a special district meeting on October 18, 1974, resulted in a defeat of the proposal by a count of 312 to 270 (because of failure to reach a $\frac{2}{3}$ majority). Following this meeting, public discussions were held on school philosophy, organization, and building design; the building committee was enlarged and restructured; alternate construction methods and school organizations were thoroughly investigated; a new firm of archi-

jects was engaged; and a revised proposal was submitted at the annual district meeting on March 1, 1975, at which time the vote was 543 to 274. Needing a 66 $\frac{2}{3}$ % affirmative vote for passage, the bond issue failed by two votes. On a motion to reconsider, the issue was again put to vote on April 5, 1975, and was defeated by a count of 934 "yes" to 573 "no." The meeting was once again recessed to April 18, 1975, at which time the District voted to adjourn without further action on the issue being taken.

Two more facets of the building situation took their share of the time also. One was the continuing discussions with the Trustees of Pinkerton Academy, as well as with representation of the other sending districts, related to bridging the change from the current contract to a new agreement. Since Londonderry's future contractual relationships with the Academy depend on local building decisions as well as the Trustees' plans for the Academy's growth, continued involvement of Londonderry representatives in these discussions is necessary. While withdrawal of Londonderry pupils had been planned on a one-year-at-a-time basis, a further delay in providing local classrooms may require a total withdrawal in June, 1978. Additionally, a petition from 781 District residents was presented in June, 1975, requesting an attempt to negotiate a continuing contract with Pinkerton beyond the present termination date.

With the Pinkerton question clouded and the need for more local classrooms acute, a planning project for our own high school was proposed by the Superintendent and initiated during April and May. To be conducted concurrently with continued discussions with Pinkerton, the high school planning study will provide information for the alternative of our own school, if that is the final decision of the District.

Other than buildings and the on-going necessity for personnel recruitment, supervision, and evaluation, the major problem faced during the year was the rapid growth of demands in respect to education of the handicapped. Many more children were referred by parents and teachers for evaluation and decision regarding special educational services. In addition, demands of the State and Federal legislation have

increased the burden of adequately providing for the handicapped, both in terms of procedural requirements and reporting. The paperwork alone in this area more than tripled during the year. As a point of interest, the expectation is that these demands, and costs, will increase as time goes on. One step Londonderry has taken to help reduce the burden is to join with seven other unions to form the Southeastern Regional Education Service Center, Inc. (SERESC) to meet the needs cooperatively and more economically.

Other notable events and activities during the year were:

- the successful conclusion of the suit against the District by Titan Environmental Systems, Inc., which was decided completely in the District's favor;
- the passage of legislation to raise our school debt limit to 11%;
- the completion, by a joint professional and lay committee, of the State required staff development master plan; and
- the initiation of high school transportation supported by the District.

In closing, I wish to thank all those who have so greatly helped in making 1974-75 a productive year. Special thanks go to the School Board and citizens of Londonderry, to the principals and Business Administrator Normand Tanguay, and to the Union office personnel for their devotion and effective work.

Respectfully submitted,

Douglass B. Roberts
Superintendent of Schools

REPORT OF THE BUSINESS ADMINISTRATOR

1974-75

My first full year as Business Administrator in the new Supervisory Union No. 12 brought about many innovations and changes proving to be a most interesting and challenging position.

The bulk of construction on Phase II of the Junior High School occurred this past year, and it appears that occupancy of the building by students will be possible on the opening day in September. The additional \$200,000 needed to complete the building was voted by the District in October. The bond sale for this amount occurred in June of 1975, and we were able to sell the bonds at 5.80% (State guarantee) and 6.25%, despite the fact that current rates were 7% or more.

The transportation contract was awarded to Timberlane Transportation Company, Inc. at a substantial saving to the District. This was made possible by their being able to use the same buses for high school students as well as the elementary students.

The lunch program served an average of 430 lunches per day, with a 42.4% participation rate. We are able to offer students meals for 50¢ while still maintaining a self-supporting program. Plans for a "satellite" feeding program for September of 1975, are progressing well. The meals will be prepared at the Junior High School and trucked to the two elementary schools. We have purchased a new Dodge truck for this purpose with 75% State aid. We also hope to offer school lunches to our senior citizens.

We are requesting liability insurance quotes for an umbrella coverage which should result in substantial savings to the District.

Much work was done in repairing, improving, and maintaining the school buildings, with particular emphasis on safety. Programs have been implemented for the training of the custodial staff in order to increase their effectiveness.

RSA 71-A:19 was passed by the State legislature and became effective on July 1, 1975. This amendment enables qualifying

school districts to have their financial records audited by independent auditors. In Londonderry's case, three years have passed since the last audit due to the backlog that the State auditors are faced with. We can now hire independent auditors to perform the audit without delay.

The budget we worked with this year was prepared by the previous administration, and careful spending resulted in a surplus of \$35,131.06 which will be used to reduce taxes.

Respectfully submitted,

Normand A. Tanguay
Business Administrator

LONDONDERRY JUNIOR HIGH SCHOOL

Report of the Principal

To the citizens of Londonderry, I hereby submit my annual report as Principal of the Londonderry Junior High School.

This past year, our third in operation, was a year of changes brought about by circumstance, and others because of experience.

For the first time the Junior High School had a Resource Class this year. Its function is to enable the very slow and special students to progress at their own pace. Most of these students spent a portion of their day in a regular classroom as well.

A second change was the introduction in grades seven and eight of a health education program to complement the physical education program. At this time I wish to extend a very big thank you to the Londonderry Women's Club for the large number of materials they donated to the school to make this program more successful.

Looking ahead to the 1975-76 school year, one sees more changes. In September, Phase II of the high school will open. With the additional space at the Junior High School, and limited space at the elementary schools, grade five will be housed at the Junior High School. In addition to grade five, we are adding staff in the Specialist category. A new guidance counselor, additional speech and learning disabilities people, and a certified librarian will be on hand. This year the Junior High School (middle school) will achieve full certification in the eyes of the New Hampshire Department of Education.

As I have stated in the past, progress in anything is directly attributable to those who are associated with the product. I wish to extend thanks to everyone in the professional and non-professional staff for their cooperation. All of these people play important roles and I couldn't operate without them. My thanks are also extended to Dr. Douglass Roberts, Superintendent, and Mr. Normand Tanguay, Business Administrator, for their cooperation.

Respectfully submitted,

Charles R. Stortstrom
Principal

LONDONDERRY CENTRAL SCHOOL

Report of the Principal

In September 1974, a total of 577 pupils enrolled in the Londonderry Central School. This represents an increase of 35 pupils or approximately 2% from the previous year's enrollment. Again, the major change occurred in the number of first grade registrants; grades 2 - 5 remained stable.

The key to quality education is quality in staff, both instructional and administrative. In-service workshops were provided for all administrative and instructional personnel by the Staff Development Committee, highlighting professional growth standards and classroom management techniques. In all areas, as in the past, the staff has continued its efforts to coordinate and improve existing programs. The major emphasis on basic skills and individualization of programs to provide success for pupils remains the primary object of the total staff.

If a pupil is to grow as an individual, he must be learning in a climate where he feels wanted and respected. The following areas and programs, I feel, are worthy of mention.

In September, for all practical purposes, we opened our new Media Center under the capable direction of Barbara Wallace, media aide. The carpeted center is located in the area where the public library was housed for many years. The center is operated as an open instructional area where students may work at any time during the school day. The area has had extensive use so far by classrooms, small groups and individuals. In addition to library books, all media hardware and software are available for classroom use.

The 1974-1975 school year called for a greatly expanded physical education program through the efforts of an additional staff member, Richard Ferguson. Additional time allowed each youngster greater opportunity for participation in all aspects of our physical education program. Team sports, gymnastics and movement education activities received the enthusiastic support from parents, pupils and staff.

This year was the first year music was incorporated into the curriculum at the Central School. Through the efforts of Mrs.

Soucy, music teacher, we enjoyed two concerts: one at Christmas and a Spring Festival. Equally important was her introduction of the recorder to the third grade classes. Songs, musical games, dancing and body movement were enthusiastically received by all the youngsters. Many classes worked with a variety of other musical instruments, autoharp, claves, wood blocks, cowbells and kalimbas to mention a few.

Increased emphasis will be placed on basic skills and individualization of programs. In addition, all areas of the elementary curriculum will be reviewed and evaluated with an attempt to focus on sequential development.

Respectfully submitted,

Robert J. Shea
Principal

NORTH LONDONDERRY SCHOOL

Report of the Principal

To the citizens of Londonderry, I hereby submit my annual report as Principal of the North Londonderry Elementary School.

We terminated this school year with an enrollment of 447 students with grades 1 through 5 and a Learning Resource Center. This is one of the largest enrollments at this school since our opening in September 1967.

Some improvements were that —

Our school nurse became full time and we gained the services of a music teacher whereby each student participated in music twice each week. The North School also benefited by additional services in speech and guidance. This made it possible for us to offer more services for students with special needs.

Our Learning Resource Center developed an integrated program whereby many students from this room participated in regular classrooms and other students with special needs were programmed in the Resource Room.

Since parent-teacher communication is essential, we expanded our parent-teacher conference in reporting student progress to parents. We further invited parents to visit with us and acquaint themselves with our educational programs.

Last year a parent volunteer program was initiated and we expanded this program during this school year. Twelve parents worked on a weekly basis assisting in the classroom under the supervision of the teacher in working with one or more students. They worked over 900 hours during the school year. We are most grateful to all of our school volunteers, and we extend a cordial invitation to anyone interested in joining to contact us.

We are most fortunate in having at North School a conscientious and dedicated staff who together strive in achieving the following goals:

1. developing in each child proficiencies in reading, writing and arithmetic (in relation to each student's ability)

2. developing each student's awareness of individual strengths and weaknesses and promoting abilities and overcoming disabilities
3. developing sound values and attitudes.

Our educational programs at this school focus on each individual student in the development of the above mentioned goals. We are committed to the development of the whole child — to best prepare him to cooperate with others in becoming effective and responsible citizens in our ever changing society.

I am deeply grateful to all connected with North School — the professional, clerical and custodial staffs for their outstanding cooperation and support.

I wish to express our appreciation to Dr. Douglass Roberts and Mr. Normand Tanguay for their assistance and encouragement in the administration of North School.

We also wish to express our sincere appreciation to the Londonderry School Board and to the citizens of this community for their support in providing quality education for all the students of Londonderry.

We are indeed looking forward to another exciting and successful school year.

Respectfully submitted,

Donald Jobin
Principal

REPORT OF THE NORTH SCHOOL VOLUNTEER PROGRAM

It is my pleasure to report to the board that during the 1974-1975 school year, a total of 930 hours were spent at North School by twelve active members of the School Volunteer Program.

The Volunteers worked on a regular basis at the school at least one day a week for a minimum of one hour, with some coming in more frequently or for a longer period of time.

An orientation program was held early in the school year by Mr. Jobin, Principal and yours truly as coordinator. Volunteers were introduced to the school's structure and general mode of operation.

At this time, volunteers were asked to make known their preferred age-level or special interest. Based on this information and on the time at which they could render service, I "matched" them with an appropriate teacher.

All volunteers were advised that the one outstanding qualification for volunteering at North School was a sincere interest in children. All of them more than satisfied this requirement and were quickly integrated into the program.

At mid-year a coffee hour was held so that the volunteers could express their opinions regarding their experiences as volunteers in the classroom. Those in attendance emphatically stated that they felt that their time was being very well spent and that the students with whom they were working seemed most appreciative. No negative remarks were made.

Several volunteers took the initiative to attend two workshops sponsored by the staff at the New Hampshire School Volunteer Program Office in Manchester, where they learned of language and math teaching aids.

One volunteer, Pat Fudala, was hired during the year as a teacher aide at North School.

At the end of the school year, the volunteers were feted at a farewell get together at my home. Mr. Jobin extended his

thanks to them on behalf of all at North School who had benefited by the Volunteer Program.

I expect to resume my duties as coordinator of this program for the 1975-76 school year.

Respectfully submitted,

Paula Babin, Coordinator
School Volunteer Program
North School

SCHOOL HEALTH REPORT

September 1974-1975

The major responsibility for the health needs of the student rests with his family and the family physician. However, the school must assume a supportive role in evaluation of the health status of pupils and making known the health findings to the parents. The health of the student affects his ability to learn and to adjust to the school environment.

The Dental Clinic, which is sponsored by the American Legion, had a very successful year. 525 students took part in this program. Mrs. Barbara Coish, RDH was our dental hygienist.

210 children were registered for first grade. School requirements for children entering first grade state that children must be six on or before September 30. Children are also required to have completed all necessary immunizations and have had an examination by their doctor prior to the first day of school.

State regulations specify that no school staff members shall assist students in the administration of medicine without the written request of the parents and the written order of a physician. Forms for this purpose that comply with State Board regulations and guidelines shall be used and will be made available by the school health office.

We believe that only through the active and sincere efforts of school, home, and community can health be promoted, knowledge be extended, and attitudes and behavior of all students be positively directed.

Increasingly, more awareness of students for the values of positive health in a healthful environment can stimulate a personal commitment to, and responsibility for, maintaining and improving the health of all people.

We would like to express our thanks to the superintendent, principals, teachers, and parents for their cooperation.

Respectfully submitted,

Claire Hunter, R.N.

Arlene Early, R.N.

Marilyn Ham, R.N.

REPORT OF THE HIGH SCHOOL STUDY COMMITTEE

In early May of 1975, the Superintendent of Schools, with the advice and consent of the Londonderry School Board, began requesting volunteers for the planning of a Londonderry High School.

In June, 1975 the 61 people who had volunteered to date were invited by Dr. Roberts to an orientation meeting. A general chairperson was elected and an overview of task force proposed operations was presented.

The summer was spent getting additional volunteers, qualifying those who had volunteered to date and drafting charges to the various committees. A total of 103 people volunteered for the project.

Eight task forces were formed and specifically charged with duties and responsibilities much too lengthy to detail in this report. Briefly, however, the Focus Task Force is concerned with the general, over-all direction and focus of the school. This group has concluded that equal emphasis should be placed on pre-vocational training, provision of job entrance skills, liberal arts and college preparatory goals. They have also recommended the establishment of an extensive curriculum, maximum scheduling flexibility and minimum graduation requirements.

The Objectives Task Force was charged with identifying the skills, knowledges and attitudes that the district hopes each youth will have acquired as a result of having attended Londonderry schools. This group has completed detailed treatises on objectives in written and oral communication, drafting, physical education and occupational areas and vocations.

The information from these two task forces is being continually fed to the Programs and Courses Task Force. This group was charged with examining alternatives in programming as well as specific course offerings. They have discussed and accepted an in-depth physical education curriculum and are in the process of discussing detailed scheduling figures for each course to be offered.

The Building Task Force was charged with focusing on the design and construction of the physical plant. They selected an architectural consultant to assist them in their work. They have begun reviewing site information, have toured physical education facilities and are collating information that is being presented to them by the other committees.

The Services Task Force was charged with considering the support services that the school will need. This group is studying library, guidance, clerical/secretarial, health, food and custodial services.

The Staffing Task Force was charged with studying the kind, quality and number of personnel in various categories. Their conclusions will rely heavily upon the Programs and Courses and Services Task Forces.

The Enrollments Task Force was charged with analyzing local trends and projecting enrollments. The charges of this committee were recently assumed by the Coordinating Committee which is comprised of the chairpeople of all the eight committees plus the general chairperson. At present, a 1,200 pupil facility is being planned. Initially, there will be room for 800 high school students and 400 middle school students.

The Community School Task Force is examining ways in which the relationship between the public schools and the community can become a mutually more beneficial partnership. Its members are researching adult basic education, continuing education, senior citizen programs, community membership on study committees and in-school volunteers, to mention a few areas of their interest.

Although the work of all of these committees will aid in the planning, building and implementation phases of a high school in Londonderry, it should be noted that the many and varied fruits of these labors can and will be applied to our present school system whether or not a high school is built.

The High School Study Committee plans to have a presentation, complete with preliminary drawings, available for the annual school district meeting on 10 April 1976, as an alternative to a proposed Pinkerton Academy Contract. Phases

III and IV will be proposed and the committee is studying cost and need for Phase V. Phase III will contain facilities for business education, home economics, industrial arts, drafting, art and music. Phase IV is the gymnasium and supporting facilities. Phase V is an auditorium/music hall. Phases I and II have already been completed.

In closing, I would like to thank all committee members and chairpeople for their dedication and hard work. Many hours of preparation, research and meeting have been devoted to this project and everyone's efforts are greatly appreciated.

Respectfully submitted,

James N. Cassotis
General Chairperson
