THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Warren in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Warren on Tuesday, the 8th day of March next, at nine of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear the reports of Selectmen and other Town Officers and pass any vote relating thereto.

4. To raise and appropriate money to maintain highways and bridges, and take any vote relating thereto.

5. To see if the Town will vote to accept State Aid for Class IV roads and raise and appropriate or set aside for said purpose the sum of \$298.91, the State to contribute \$1,992.73.

6. To see if the Town will vote to apply calcium chloride treatment to the unsurfaced roads in the vicinity of residences, and raise and appropriate money for the same.

7. To raise and appropriate money for the maintenance of the Town Dump.

8. To see if the Town will raise and appropriate the sum of \$150.00 for the control of White Pine Blister Rust.

9. To see if the Town will vote to raise and appropriate the sum of \$150.00 for the care of trees.

10. To raise and appropriate money for parks and playgrounds, including band concerts.

11. To raise and appropriate money for cemeteries.

12. To raise and appropriate money to maintain street lights.

13. To raise and appropriate money for Town Library.

14. To see what sum of money the Town will vote to raise and appropriate for maintenance of the Town Hall and Municipal Building.

15. To see what sum of money the Town will vote to raise and appropriate for Civil Defense.

16. To raise and appropriate money for Town Welfare, Old Age Assistance and Soldier's Aid.

17. To see if the Town will vote to raise and appropriate the sum of \$300.00 for the removal of a certain elm tree in the Warren Village Cemetery.

18. To see what sum of money the Town will vote to raise and appropriate toward the maintenance of the Mount Moosilauke Health Center.

19. To see if the Town will raise and appropriate the sum of \$90.53 for the White Mountain Region Association.

20. To see if the Town will raise and appropriate the sum of \$100.00 for the benefit of the Sceva Speare Memorial Hospital.

21. To see if the Town will vote to raise and appropriate the sum of \$75.00 to sand and refinish the stage area of the Town Hall and make other minor repairs to the ceiling and walls.

22. To see if the Town will vote to grant a discount on property taxes of 1966 and determine the date and percentage of the same.

23. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of Taxes.

24. Shall the provisions of Chapter 117A of the Revised Laws, relative to playing beano be adopted in the Town.

25. To see if the Town will vote to observe Old Home Day, and raise and appropriate money for the same.

26. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 19th day of February in the year of our Lord nineteen hundred and sixty-six.

THEODORE MARSTON
WALLACE MCNAMARA
KENNETH MOODY

Selectmen of Warren

CIVIL DEFENSE REPORT FOR 1965

This year the civil defense has bought one CB7 radio with three crystals which will tie in with the two walkie talkies of the fire department and two of the civil defense.

There were four C. D. Test calls that come at irregular intervals.

We have gone from 40 minutes on the first call down to four minutes on the last.

The state has planned a larger C. D. program for 1966 with the new training center in Gilford.

Civil Defense Units in the United States have been called upon in 1965 for floods, earthquakes, and hurricanes. Civil Defense is the help in any emergency.

WALLACE WRIGHT

Civil Defense Director

**REPORT OF WARREN VOLUNTEER
FIRE DEPARTMENT
1965**

Appropriation—March 1965		\$500.00
Expenditures:		
George E. Hight—gasoline, oil and repairs	\$ 79.96	
Matson Brothers—painting '57 Dodge truck	25.00	
Ralph Berg—lumber for hose ramp	3.00	
White Mt. Power Co., current	22.70	
	\$130.66	
Total	369.34	
Balance	369.34	
	\$500.00	
Total		
		\$500.00
 Earnings of the Pumper in 1965:		
Kenneth E. Whitcher (carried over from 1964)		\$45.00
Fred Ames		15.00
		\$60.00
Total		\$60.00

The balance of the appropriation will be added to the accumulated balances shown in the 1964 report to make a total of \$1275.10. This amount, plus earned interest, is in a trust fund for the future purchase of fire equipment.

If the income from the use of the fire equipment is added to the unexpended balance of the appropriation, and compared with the actual expenditures of the fire department it can be seen that the cost of the department was actually \$70.66.

FLOYD R. RAY, Fire Chief

REPORT OF FIRE CALLS—1965

WARREN VOLUNTEER FIRE COMPANY

February 19—Fred Ames' Cottage, Pine Hill—Chimney fire.

May 23—Rachel Leighton, fire in refuse at rear of dwelling.

July 25—Fire in automobile at Claude Foote house, Route 118.

July 25—Airplane crash on Route 25C.

August 7—Camp Pemigewasset, dining room and kitchen destroyed.

October 28—Fred Ames' cottage, Pine Hill—chimney fire.

November 4—Tree limb, blown onto R.E.A. line near residence of Harry Wright.

December 5—Gas oven flash-back at residence of Charles Witcher, 3rd.

December 8—Plugged chimney at Claude Foote residence.

I am glad to report that the Warren Fire Department has made further gains in 1965. In February we acquired a 1957 Dodge V8, 1200 gallon tank truck. This piece of equipment was made possible through the State Forestry Department. The truck is in good mechanical condition and we have had it painted the standard forestry green. We have desired such a piece of equipment for a long time.

The firemen have had some instruction on the care and use of hose, fire suppression, the care and use of fire pumps, etc. This course was given by "Kip" Hawkins of Holderness and should prove of considerable value to the firemen. This course was set up by the State Department of Education.

In July the Town entered into a Mutual Fire Aid agreement with Wentworth and Rumney. This agreement provides each of the participating towns the benefit of the combined equipment of the three towns, if needed. Equipment of the outside towns can be called by the Selectmen or Fire Chief in the town where a fire is in progress. This agreement states the number of men to be sent out of town and the charges to be made in cases where the aid is asked for and sent. The agreement also makes such provisions without completely depleting the fire fighting potential of the responding towns.

The Warren Fire Department has enjoyed another good year as far as major fires and consequent loss of property is concerned.

FLOYD R. RAY, Fire Chief

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush:
 - a. Always get a permit to burn from the warden.
 - b. Start your fire late in the day after 5:00 P. M.
 - c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

Fire Record For 1965

	Fires	Acres
State	887	1,255
District	84	71.8
Town Warren	0	0

Records show that more fire permits were issued this year, and above also shows we had no grass fire or woods fires in Warren, which tends to show people are becoming permit conscious, as well as fire conscious, thus our good record.

FLOYD R. RAY, Warden

GERALD GROSS

District Chief

**SOUTH MAIN STREET WATER DISTRICT
WARRANT FOR ANNUAL DISTRICT MEETING**

To the inhabitants of the South Main Street Water District in the Town of Warren, State of New Hampshire, qualified to vote in District Affairs:

You are hereby notified to meet at the home of Everett Goodwin on Friday, April 1, 1966 at 7:30 in the evening to act upon the following matters:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To hear the reports of the officers heretofore chosen and pass any vote relating thereto.
4. To choose a treasurer for the ensuing year.
5. To choose an auditor for the ensuing year.
6. To choose one District Commissioner for a term of three years.
7. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-ninth day of January in the year of our Lord, one thousand nine hundred and sixty six.

RICHARD BURNHAM
EVERETT GOODWIN
THEODORE MARSTON
District Commissioners

SOUTH MAIN STREET WATER DISTRICT

Bank Charges		8.22
		<hr/>
Total Payments		\$2,300.92
Cash on hand December 31, 1965		37.81
		<hr/>
GRAND TOTAL		\$2,338.73

SCHEDULE OF PRECINCT PROPERTY

Pipe Lines and Rights Thereto	\$3,000.00
Tanks, 2 Pumps and 2 Motors	900.00
Chlorinator	300.00
Building	1,000.00
	<hr/>
Total Valuation	\$5,200.00

During the year the final note in the original series of twenty was paid. Thus a long twenty year indebtedness came to an end. The commissioners also combined the loans made in 1961 and 1963 into one note of \$1,200 at 5%. The terms of this note require payments of \$200 in February and August. However we were unable to make the required payment in August 1965 because we anticipated some work at the end of one line to prevent freezing. This involved installing a man hole and cover and also moving the large valve on the main line to a point farther from the point where our line drains into the highway drainage pipe. This may reduce the danger of freezing at this critical point. In any event the man hole will make costly excavation unnecessary to get at the pipe and also will mean immediate access to the valve and pipe.

The new series of tanks plus new piping should make costly replacement at the pumping station unnecessary for many years. The rust problem is still with us but the control of this may be possible some time in the future.

An examination of the financial page of this report shows that we can meet our obligations only by realizing prompt and full payments of water charges. The unpaid balance of about \$100 seems to be a constant problem. Actually \$25 of this is easily and readily collectible with another \$20 probably collectible on demand.

The following budget is presented to indicate how we should plan to use our income in 1966.

Balance on hand January 1, 1966	\$ 37.81
Anticipated revenue in 1966	1,300.00
	<hr/>
Total Assets	\$1,337.81

Total Assets

Interest on Loans	90.00	
	<hr/>	
Total Expenses		\$1,305.00
Projected balance Dec. 31, 1966		32.81

REPORT OF AUDITOR

I certify that I have examined the records of the Treasurer of the South Main Street Water District for the year of 1965 and find them correct.

STANLEY H. MACKENZIE

Auditor

DEPARTMENT OF HEALTH AND WELFARE

Division of Public Health

47 Main Street
Plymouth, N. H.
January 6, 1966

Mr. Paul E. Merrill
Health Officer
Warren, N. H.

Dear Sir:

The following is a report of the health activities, conducted by the New Hampshire Division of Public Health—Public Health Nursing, in Warren for the year 1965. Please make available for selectmen for town report.

The Public Health Nurse had made home visits in the town on babies and preschool children. Cases have been referred to physicians, special clinics, New Hampshire Sight Conservation, Vocational rehabilitation and to Division of Public Welfare Case Workers as necessary.

It was felt that there was not a need for conducting immunization clinics for the town during 1965 as a very good coverage was given during 1964 and the medical center is now open with a physician.

Representatives were appointed from the town to serve on the Baker-Pemi Valley Anti-Poverty Committee study group. The needs of the community, which might come under this program, will be discussed and suggested solutions to these problems.

A survey has been made in the town regarding the Home-Care Nursing program under the Medicare bill which goes into effect July 1, 1966. Additional information on suggested plans for this program will be made available at a later date.

My sincerest thanks for the excellent cooperation that I have received from all parties in the town interested in the Health of the community.

Respectfully submitted,

LOIS B. REED, R. N.

Public Health Nurse,

N. H. Division of Public Health

COMMENTS

Some twenty-five years ago the possibility of creating a municipal water supply was explored. At that time a professional survey was made and cost estimates were prepared. Again this possibility may be ours, if the people feel that such supply of water is desirable. Since Grafton County has been officially declared a depressed area by the Federal Government, many grants-in-aid are apparently available. In the past few months we have learned that under certain phases of the present program, a town may receive, as an outright grant from 70-90 per cent of the cost of developing plans and constructing a town water supply. The engineering work can also, be a cost chargeable to this program. Your Selectmen did discuss this whole proposition with an engineer from Boston with a view to utilizing Meader Pond as a source, if the sample tests proved the supply would meet health standards. A sample was taken and did prove to be satisfactory. However no further steps have been taken as it now seems that the distance from Meader Pond to the village may give rise to engineering problems. Perhaps those can be overcome but another engineering conference is probably necessary. One peculiar feature of this program is that apparently no money is available to locate water sources. This means that in the event the Town wishes to explore this project, and the Meader Pond source is not feasible we might consider a series of artesian wells as several towns have done. However the whole proposition is only an exploration and requires no formal vote other than perhaps an expression of public opinion.

Some apparently new items appear in the budget this year. Actually this does not represent new expenses but simply makes all predictable expenses subject to a vote. It is hoped that this is a step toward more accurate and efficient budgeting and accounting. Budget hearings could be substituted if the voters feel

they would like to have discussions of proposed expenditures before final draft of the budget is made. Such hearings are informal and public approval of proposed budgets does not preclude final acceptance at Town Meeting.

The \$7900.00 being suggested this year for town road maintenance is intended to include a salary of \$85.00 a week for the road agent. Such a salary seems only fair in view of the responsibilities involved in the positions. This salary is probably more in line with average local incomes for comparable work. The Town probably should consider a definite wage scale, which would recognize experience and responsibility involved in the job.

Some direction should be given to the Selectmen in regard to the control of dogs. There are ample state laws in this regard but the ones to be enforced and the degree of enforcement is rightly a matter of local concern and judgement.

A new service has been added to the North Country. At Littleton we now have what is known as White Mountain Community Service Inc. This is a mental health clinic which has been formed to help all people in this area who may have emotional problems. It is a resource which should fill a great need in our area. There is a staff of four persons, including a Psychiatric Social Worker, a Receptionist-Secretary, a Consulting Psychiatrist and Psychologist. This unit operates five days each week and is available to anyone by contacting the office. It is a non-profit organization which is partially supported by State funds under our mental health program.

It is hoped that everyone will notice the new toilet facilities. We must try to keep them clean and in good condition. The investment should be protected, and if everyone cooperates, these facilities will last for many years.

A real effort will be made this spring to put the wire around the ends of the tennis court. The use of the court has increased greatly in the past two summers. Our summer residents especially appreciate this facility. The State of New Hampshire now has a community recreational director and he is available to any town which desires assistance in developing various recreational programs for Youth and adults. If a group of people feel this a need in Warren, there may be funds available to provide some such facilities.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Warren qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the fifth day of March 1966, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will vote to accept the provisions of Title I, Public Law 89-10 (Elementary and Secondary Act of 1965), and to appropriate such funds as may be made available to the district under said

Federal Act for such particular projects as may be determined by the School Board. Further, to see if the district will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

10. To see if the district will raise and appropriate a sum not to exceed One Thousand five hundred forty dollars (\$1540.00) for the support of the Hot Lunch Program, such amount to include salaries and rent.

11. To see if the District will authorize the School Board to negotiate tuition contracts with other districts for the education of pupils, grades 9-12.

12. To see if the district will appoint a committee of three persons, at least one to be a member of the School Board, to study a combining of the elementary schools in Wentworth and Warren and to report their findings at the next annual school district meeting.

13. To see if the District will vote to authorize the School Board to make application for and to accept on behalf of the district any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or the United States.

14. To transact any other business that may legally come before this meeting.

Given under our hands at said Warren this 14th day of February 1966.

Report from records of Shirley E. Hight, Supervisor.

M. WAYNE BOWIE,
Superintendent of Schools

REPORT OF SUPERINTENDENT OF SCHOOLS

Hereby submitted is my first report as your Superintendent of Schools.

This report will be more factual than philosophical because I think information along these lines will be of more value to you. Each district within a school union has their way of doing things that vary slightly from others but to the end, we are all interested in the best education possible for our youngsters and we operate the same.

Our school year started in September very smoothly under the direction of Mr. Thomson who was moved up to the position of Principal. He is dedicated and hard-working but is at a disadvantage trying to teach all the subjects in two grades. To help him, I would like to do some departmentalization next year in grades 5 through 8. This will need coordination between teachers and students but it has been tried to the distinct advantage of the pupils in other schools and proven to be very successful.

We were fortunate in obtaining Mrs. Marion Whitcher as a replacement for Mr. Carroll. She has had a good deal of experience and has a good knowledge of children as well as subject matter areas.

I am pleased you have such effective health and music programs. From what I have seen, they are excellent for the size of the school. Your lunch program is a good one and is popular. I would hope you see fit to expand it for a longer period as time goes on. A hot lunch at noon means much not only in terms of better school performance but in health as well. Sometime soon, the lunch program operators should have items of new equipment. Perhaps a committee of mothers could be appointed to study the matter and make a recommendation at the next annual meeting.

I have been with you too short a period to make entirely accurate observations on your school system. We have good and dedicated teachers but we need badly more modern up-to-date textbooks. This in no way is a criticism because I realize full well the economic status of the district. If the funds as requested are provided, a modest start in this direction will be made next year in areas where the need is greatest. Then each subsequent year if a few more purchases can be made, before long the job has been done.

Something worth consideration in my opinion would be joining with Wentworth in the education of elementary pupils. Numbers of pupils and distances are such, I believe all could profit both educationally and financially. One aim of education today is at least one teacher per grade which I believe could be arranged. I hope a committee will be appointed to explore this possibility. They may be assured of my wholehearted help and support.

You will be asked to make a decision in your district warrant concerning the acceptance and use of Title I funds under the Elementary and Secondary Act of 1965 Public Law 89-10. There have been many questions raised around the state concerning the acceptance of this money. It is ironic that some towns for years have accepted willingly Federal funds to operate a hot lunch program and have accepted funds under Title III NDEA to help purchase Math, Science and Foreign Language equipment all without fear of Federal control. I would agree that I personally would want no part of a program that in any way would bring Federal controls into our schools in terms of what we teach, who teaches it and the materials we use to accomplish our purpose. At this time I am not concerned that this is the case. Under the provisions of the lunch program which we sign every year, agreement is made that Hot Lunch Records may be subject to Federal inspection. In the nineteen consecutive years I have been connected with hot lunch programs, I have seen one Federal inspector. I think a great deal of good can come from the use of these funds and I

recommend their acceptance. If the time comes when Federal controls enter the picture, I would most certainly then recommend that you consider your choice very carefully.

It is not definite at this writing whether or not the cooperative school will have been acted upon by the time regular school district meetings are held. If the voting meetings have taken place, and your town has accepted the provisions of the Articles of Agreement, then I congratulate you for I think you have made a wise decision. If the vote has not been taken, or your district has voted against it, I would hope you will take another long hard look before it is too late. As has been brought up at so many of the hearings, the 7th and 8th grade students, where an accredited Junior High School program is not available, are the ones where there is the most lack at the present time. With the broadened curriculum offering that ought to be available for these young people, some districts with their low tax base cannot possibly financially afford to meet their needs. As far as the students in grades 9-12 are concerned, a broader curriculum offering with more students will make keener competition and produce better trained young people to go on to college or to enter the work force. A new and larger centralized school would provide many of the answers to better education for all. After wrestling with this problem for a number of years, I am convinced as I think most members of the Planning Board are, that the solution your committee has approved is the best and most economical for everyone.

I appreciate the cooperation and help I have received during the year from the School Board and the staff of the school.

Respectfully submitted,

M. WAYNE BOWIE

Superintendent of Schools

SCHOOL STATISTICS

1964-1965

Number of Pupils Registered during Year	94
Average Daily Membership	84.1
Percent of Attendance	96.8
Number of Pupils Neither Absent or Tardy	12
Number of Pupils whose tuition was paid by the District—Grades 9-12	50

1964-65

Number of Pupils Examined—83	
Number of School Visits—24	
Number of Home Visits—46	
Number Successfully Vaccinated—8	
Symptom of Defects	Corrections
Vision—5	5
Hearing—1	1
Teeth	36

Physicals done by Dr. Omer Brochu

April, 1965—Grades 1-4-7 28 pupils examined

All vision and hearing screening tests were completed and referrals made when necessary.

During the Fall of 1965 a series of Immunization Clinics were held. These Clinics were sponsored by the Department of Health and were conducted by Mrs. Lois Reed, R. N., Public Health Nurse.

School Children received the following:

Sabin Oral Polio Vaccine Type 1—1	
Sabin Oral Polio Vaccine Type 3—1	
Sabin Oral Polio Vaccine Type 2—1	
Tetanus and Diphtheria No. 1—1	
Tetanus and Diphtheria No. 2—1	
Tetanus and Diphtheria Boosters	Pupils—24
Tetanus Booster	Adult—1
Small-pox Re-vaccinations	Pupils—24
Small-pox Re-vaccinations	Adults—4
10/21/64 Heaf. Tbc. Skin Tests done in Grades 1-4-8	
11/5/64 Chest Xray Clinic Plymouth 1	

On September 16, 1964 Dr. Jamback examined 85 pupils at the school. Four morning Dental Clinics were held during October. Twenty-nine pupils were treated at these Clinics. The following people provided transportation for the Dental Clinic: Mr. Ted Marston, Mrs. M. Shortt, Mrs. M. Heath, Mrs. D. Kamin-sky, Mrs. B. Vincelette, Mrs. L. Foote, and Mr. E. Libby Jr. I want to thank Mrs. Pike for arranging trans-

portation for the clinic and each person that donated time and cars. I also want to thank the Warren P. T. A. for sponsoring the transportation.

During the Fall of 1964 a Representative from the Crest Company met with Mr. Bennett, Dr. Jamback and me to discuss the Educational Program that Crest was offering to the Elementary Schools. After the meeting it was decided that we would use the materials provided by the Crest Company. Materials furnished included Educational Literature for Grades 1-8. Pupils in grade 3 were given the Dental Instruction Kit designed as a tool for teaching dental hygiene in the classroom. The Kit included Tooth-brush-Disclosing Tablets—Crest Toothpaste. In February Dr. Jamback visited grades 3-4 giving them a talk on Dental Health and also a demonstration with the Kits on proper tooth brushing.

I want to thank Dr. Jamback for taking time to visit the school and assist with this special educational program.

I had the opportunity to attend four professional meetings during the year.

During the Fall semester I took an extension course at McIndoes Academy, Vermont. The course was sponsored by the University of Vermont and consisted of fifteen evening classes.

I want to thank Mr. Carroll, the Teachers, Parents and Pupils for their continued cooperation with the School Health Program.

Respectfully submitted,

MURIEL LAMOTT, R. N.
