Canaan, Feb. 15, 1900.
The inhabitants of this goodly land of Canaan are to be congratulated that they have had no contagious or infectious diseases to trouble or make them afraid during the past season, and we feel that all should be profoundly grateful therefor; but we believe that the water from Crystal Lake has contributed somewhat to this, as it is certainly better since the pipes were extended out into the lake; and here, again we call upon those living near our main water supply to assist, as far as possible, in protecting it from contamination.

The ditch on School street—about which complaints were made in the early summer—was finally tiled and covered, thus removing a source of annoyance to those living on the street, and others whose children had to pass it on their way to and from school.

We again call the attention of the proper authorities to the brook running through the village, and about which complaints are made every year, and always in order, believing still that it should be carried to the river back of Precinct building, thus doing away with an unhealthy, and certainly very unsightly, stream of filthy water, crossed and recrossed as it is many times every day.

The very few complaints made to the Board during the year have been promptly attended to, and satisfactorily so to both parties.
We would call the attention of the public, as we have done before, to the fact that it is unlawful to dump refuse into the river or beside the road, or throw anything into the streets, and only ask all interested to do in this matter as they would with their front door yard or lawn, and we will rest assured there will be no further cause for complaints.

We earnestly desire all who receive the Sanitary Bulletin to read it carefully, and if others wish it and will apply to your Secretary, he will send their names to the State Board for it.

E. M. TUCKER, Secretary.

Goods at Cost to Close!

I have quite a large stock of Men's and Boys' Winter Underwear, also Women's, Misses' and Children's Underwear that I do not desire to carry over to next season and will sell for cash at COST for next sixty days. This is a good opportunity to buy even if not wanted the present season, as all the above goods are worth from 10 to 15 per cent more than I paid for them.
