Superintendent's Report

To the Dummer School Board:

Herewith is presented the annual report of the Superintendent of Schools together with the school statistics for the year.

During the past year two schools—Willis and West Dummer—were maintained. Pupils from the Pontook District were again transported to the West Dummer School.

In June last year two pupils were graduated with appropriate exercises from the Willis School and two from West Dummer Schools. Two of these four pupils are now furthering their education in Berlin High School.

In all nine pupils, residents of your town, are now continuing school work in High School.

Both schools were in operation during the past year for the period of 36 weeks as is now required. Subtracting holidays and other no school days, the schools were actually in session for 170 days. The average attendance for this period was 93.2%—a very good percentage and almost exactly the same as for the previous year.

The Superintendent has found it possible to visit your schools about once in every two weeks. Standardized tests have been given and the work of various classes inspected and an attempt has been made to give helpful suggestions whenever it needed. The school work is in accordance with the State Program of Study. Pupils in general are up to grade and doing the work which they are capable of doing.

This present year the schools have as teachers Miss Ruth Wells, a teacher of considerable successful experience, at the Willis and Miss Elizabeth Merrill, a recent graduate of Plymouth Normal School, at West Dummer.

The medical inspection has this year been done by a graduate nurse and a report made on this work.

The statistics are as follows:
