Errol, N. H., February 1, 1940

SUPERINTENDENT'S REPORT

To the Errol School Board:

I hereby submit for your consideration my sixth annual report of the Errol school.

TEACHERS

There was but one change in the teaching force at the close of the school year 1938-39; viz., Stewart D. Thompson, headmaster, refused election to accept a similar position in the southern part of the state. Norman R. Hartfiel was selected to fill the position of headmaster. Mr. Hartfiel has had considerable experience in teaching. He seems to handle the new situation in a satisfactory manner. The other teachers are: Mary G. Foster, home economics and high school assistant; Irma H. Willard has the intermediate grades; and Margaret Tracy the primary grades. All of the teachers seem to be getting satisfactory results.

ENROLLMENT

The enrollment this year is as follows: Grade I—7; Grade II—6; Grade III—7; Grade IV—3; Grade V—4; Grade VI—12; Grade VII—7; Grade VIII—8; Grade IX—9; and Grade X—2. The total registration is 65. There are ten tuition pupils from Millsfield—7 elementary and 3 high. Wentworth Location is sending us 12 pupils—11 elementary and one high.

There is one pupil Linwood Coolidge, attending Austin Cate Academy; and seven at Berlin High School. Merit Bean, Curtis Ferren, Reta Little, Martha Lane Quinceana Leach. Robert Bean and Robert Treamer.

TRANSPORTATION

James Jordan has the Millsfield route with twenty children and George O. Thurston has the river route with six children. The twelve coming from Wentworth Location are transported by Clayton Turner.

EQUIPMENT

Books and supplies have been purchased for all of the rooms and a set of reference books for the high school. The manual training shop has been equipped with some small tools and lumber for use. Some new furniture has been purchased for the teachers' room which is used as a dining room in connection with the classes in home economics. Another sewing machine has been purchased for the department of home economics.

Some work has been done on the tennis court to get it into condition for use. The town hall is used for basketball practice. Basketball is a game that all the children like.

NOON LUNCHES

Something, in way of a warm dish, is prepared, during the colder months, by the home economics department for those children who take their lunches. An application was made for some of the surplus commodi-

ties supplies, but, we have not been able to get any thus tardy marks were recorded, 17 non-resident pupils in the deficiency that occurs in the expense connected with the warm lunches. The children appreciate the dishes that are prepared for them.

BUILDING

The school building is kept in very good condition during the year. The school board is very careful to see that the building is always in good repair.

HEALTH

Miss Frances J. Varney, R.N., from Colebrook makes the examination of the children and on her frequent visits tries to check up on defects to see if something may not be done to relieve the handicap to the child. I have had an opportunity to talk over the health work with Miss Varney.

Miss Varney's last report shows the following defects: Underweight—21; Defective Vision—2—One corrected; Deformity—One; Defective Teeth 29—5 corrected; and Diseased Tonsils—4.

SCHOOL CENSUS

The school census taken last September showed 20 boys and 19 girls or a total of 39 pupils in town between the ages of 5-16. Two between 5-8 were not in school. The total number accounted for in school is 37. This is ten less than one year ago.

The number of pupils registered in the schools, September 30, 1939, was 59 between 5-16 and two over 16. The number attending high school outside of the district, without respect to age, is 8.

STATISTICS

From the registers returned by the teachers last June was gleaned the following information: The schools were in session 36 weeks net, 70 different pupils were registered, the percent of attendance was 95.66, nine pu-

pils were not absent or tardy during the school year, 45 tardy marks were recorded, 17 non resident pupils in the elementary schools and two in the high school. Citizens made 34 visits and the superintendent was credited with 146 visits. The school board held five meetings during the year.

PERFECT ATTENDANCE

The following children were not absent or tardy during the year: Jacqueline Bean, Irene Sweatt, Muriel Turner, Medora J. LaBerge, Lorraine Lizotte, Harvey Raymond, Janice Warger, Wayne Annis and Reta Little.

GRADUATES

The following pupils completed the work of the tenth grade in June 1939: William S. McLeod, Martha Lane, Wayne F. Annis, Reta M. Little, Quinceana R. Leach, Linwood C. Coolidge, Robert W. Bean, Howard Raymond.

CONCLUSION

In conclusion, I may state that one general teachers' meeting was held in September. Since that time, the problems, that have arisen, have been discussed with the individual teachers. I have had splendid cooperation from all teachers. Good and satisfactory results are being accomplished in all the schools.

Respectfully submitted,

ALONZO J. KNOWLTON
