COUNTY CONVENTIONS.

Extracts from the General Laws of New Hampshire.

The County Convention shall consist of the representatives of the towns of the county. They shall meet on the second Wednesday of the June session of the General Court, or other day in the same week, shall choose a chairman and clerk, and may adjourn as they see cause.

The County Convention shall appoint two auditors biennially, one each from the two leading political parties, for the two years next following, whose duty it shall be to examine the accounts of the county commissioners and county treasurer, &c.

The County Commissioners shall furnish said auditors all the aid and information required by them in the performance of their duties, and shall recommend to the county convention the sum necessary to be raised for the county for each of the two years ensuing, stating in detail the objects and purposes for which the money is to be appropriated and applied.

The County Convention for each county shall, during the session of the Legislature, raise or grant a county tax for its county for two years; but the tax for each year shall be voted separately for that year, and shall be collected for the year in which it was voted.

The sheriff, the jailer, the physician, the clerk of the court, the solicitor, the treasurer, the county commissioners, and the superintendent of the county farm, of each county, shall make up their reports, separately, to May first annually, and the same shall be printed together in phamphlet form, in said month of May, and said reports shall be distributed as now provided by law.

The reports of the several officers named shall contain a summarized account of all their transactions which concern the county, for the current year, ending as aforesaid, and the report of the superintendent of the county farm shall contain, in addition, a list of the paupers actually supported at the farm, and the number of weeks each was so supported; and also, a statement of the average cost per week for each pauper, with an explanation of the basis upon which said calculation was made.

COMMISSIONERS' REPORT.

To the Citizens of Merrimack County:

We present our annual report for the year ending April 30, 1883, with the reports of the sheriff, jailer, clerk of courts, solicitor, treasurer, superintendent of county farm, chaplain and physician, as required by law.

COUNTY DEBT.

The debt of the county May 1, 1882, was \$93,751.52, which is less than the debt at the end of the previous year by \$12,-442.82. The debt May 1, 1883, was \$83,930.77, which is a still further decrease during the past year of \$9,820.75. We have paid during the year a note of \$5,000, a note of \$3,000, and bonds to the amount of \$5,000, which includes all the indebtedness, in notes and bonds, maturing before Oct. 1, 1883.

COUNTY FARM.

The expenses at the farm have been larger than in any previous year, in consequence of the larger number of persons supported, and the permanent improvements that have been made.

The whole number of persons aided at the farm during the year was 232. The largest number there at one time was 186, and the number at the present time is 159. The sum of \$1,319.37 has been expended for shingling, painting and other repairs; putting in stand-pipes and hose for extinguishing fire, and building new hog pens and furnishing them with the most approved feeding apparatus. A stock of wood probably sufficient for two years to come, is now on hand, and nearly all cut.

The farmer, Mr. E. F. Barnard, and his wife, have continued in their position through the year, and given excellent satisfaction; and the same may be said of Mr. Henry Colby, as assistant.

The school has been taught by Miss Annie C. Smith, for twenty-eight weeks, at an expense of \$84, besides books and board of teacher. Number of scholars attending, 30. Miss Smith has had a large experience in teaching, and during the year has faithfully and efficiently performed her duties.

Religious services have been conducted in the school-room once in two weeks by Rev. A. H. Martin, of Franklin. Dr. L. M. Knight, of Franklin, has continued his faithful service as physician.

The public are cordially invited to visit the institution on any day excepting Sunday, and see for themselves as to its practical management and usefulness.

2.206.84

Total amount paid treasurer, \$2,205.96; which subtracted from the amount received, leaves in my hands 88 cents due the county. Add treasurer's receipt dated May 10, of \$40.94, to balance account, which makes \$2,246.90.

STATEMENT OF FARM EXPENSES.

To personal property on hand, May 1, 1882,	\$10,602.15			
Total farm expenses to May 1, 1883,	\$23,813.65			
Interest on investment, \$40,000, at 5 per cent	2,000.00

CREDITS.				
By personal property on hand May 1, 1883,	\$14.699.01			
Farm receipts paid treasurer,	2,205.96			
Permanent fixtures not chargeable to pauper,	1,319.37			
Total,	\$18,224.34			
Total farm expense,	\$18,191.46			

The average number of inmates for the year has been 141 5-6. Whole number of weeks' board furnished, 7,379. Total expense of farm is \$18,191.46; divided by 7,379, the total number of weeks' board, gives \$2.46 and a fraction per week. If from the above amount, \$18,191.46, we subtract the interest on the investment, \$2,000, also the taxes on the property, and the salaries of those that are employed at the farm, including chaplain, doctor, superintendent, and other assistants, which amounts to \$5,700.65, we have remaining \$12,490.79, which is the actual expense for all supplies, furnished the farm, for fuel, clothing, flour, groceries, &c., which divided by 7,379 gives us \$1.69 and a fraction, per week, for each inmate.

Respectfully submitted.

Superintendent.

G. SCOTT LOCKE, Failer.

REPORT OF THE SOLICITOR.

During the year since my last report there have been found by the grand jury, thirty-six indictments against eighteen different persons, for the following offences:

Aggravated assault,	3
Larceny,	11
Defective highway,	I
Selling liquor,	8
Burglary,	6
False pretences,,	2
Obstructing police officer,	I
Assault with intent to rape,	1
Perjury,	I
Manslaughter, 2d degree,	I
Bigamy,	I

These have all been disposed of upon pleas acknowledging guilt. except five: Of these the indictment for manslaughter, two for aggravated assault, and one for obtaining property under false pretences, were disposed of without trial at the request of the complainant, or because in the opinion of the Attorney-General and myself there was insufficient evidence to expect to secure a conviction by trial. Two of these are upon the docket; one because the whereabouts of the respondent has not been known since the indictment; the other requires a summons to a town (being for a defective highway) which had to be returnable to the next term; the last two are the only indictments found during the last two years not disposed of.

There have been eight appeals in criminal cases entered during the year, for the following offences:

Sale of lager beer,	4
Assault and battery,	3
Larceny,	I

In four of these the recognizance was forfeited. The others are now pending. There have been no civil cases in court during the year in which the county is interested. The case of *County* v. *Kimball*, referred to in my last report was decided against the county.

EDWARD G. LEACH, Solicitor.

PHYSICIAN'S REPORT.

Commissioners of Merrimack County:

Gentlemen: This, my second annual report, adds but little to what was said last year. The sanitary condition of the buildings satisfactory; good drainage, water supply abundant, good facilities for bathing; those afflicted with infectious diseases use separate bathing-tubs, with plenty of soap.

The kitchen has been often inspected, and always found cleanly and in good order. The tables have often been examined, when the inmates were dining, and at other times. The food has been of good quality and well cooked, particularly. the meats and bread, the best of St Louis flour, for the most part, having been used. The table furniture always clean and sweet, and the daily meals so arranged, that a fair variety in material is served from day to day. The hospitals are airy, sunny and cheerful, closets easy of access. Extreme sick well cared for. The incurable insane, 16 in number, have had kind and humane attendants.* I hope I may be pardoned for volunteering the following opinion, viz., that if all the incurable insane, in the several counties, were brought together in suitable buildings, and all under the supervision of a competent medical officer, the comfort and well being of this unfortunate class of our fellow-citizens might be much improved.

The beds, throughout the entire buildings, are comfortable and free from vermin.

The school-room is well furnished with comfortable seats and desks. Number of weeks taught, thirty (30); average attendance of scholars, twenty-six (26). This department has been under the immediate charge of Miss Annie C. Smith, a patient, painstaking and competent teacher.

We have had two (2) fractured wrists, two (2) fractured thigh bones, and one (1) fractured leg. Results satisfactory.

^{*}See report of last year.

There has been no prevailing sickness during the year of a zymotic origin. Some of the aged, feeble, and those suffering from organic disease, have died: viz., females six (6); males thirteen (13).

Births four (4).

Whole number cared for during the year two hundred and thirty-two (232). Present number, one hundred and fifty-four (154).

In conclusion, it gives me pleasure to notice the valuable service rendered by Mrs. Peaslee, the matron, a lady of keen perceptive faculties and rare executive ability. It is largely due to her judicious management, that the writer has been able to report as above.

So far as I am able to judge, the institution is managed with prudence, humanity and ability.

Thanks to matron, overseer and commissioners for courtesies extended to myself, personally, and their prompt response to all suggestions of the physician.

All employees have given respectful attention to advice or direction from the doctor. Henry Colby, from his intelligence and long connection with the institution, has been especially useful.

LUTHER M. KNIGHT, M. D.,

Physician and Surgeon.

May 10th, 1883.

CHAPLAIN'S REPORT.

To the Commissioners of Merrimack County:

Gentlemen: It becomes my duty as chaplain at the "Farm," to make to you my report of my doings in said place, from May 1st, 1882 to May 1st, 1883.

A regulation at the Almshouse requires preaching there once in two weeks, which service has been held every alternate Sabbath, at 4 o'clock, p. m. The meetings have been very well attended by the inmates whose physical and mental condition would allow.

While some doubt whether it pays to hold religious service at these institutions, I am fully convinced from what I hear and see, that it is not in vain, that we meet and worship God together. The rich and poor meet together, and "God is the maker of them all." Some hearts are touched, comforted, blessed. If there be a class who need all the grace of the gospel, all the sweet consolation of divine promises, all the strength of God's truth, all the help which religion affords, it is those who are sick, poor, who are away from their old homes, who have lost friends, perhaps wealth, and who are thrown upon the charities of the public;—who are called paupers, a name of reproach, which should never be given, but I would say, rather, unfortunates. If one is honestly poor, it is no disgrace.

I believe there are Christians at the farm. I have striven to so present truth in my talk, that all could grasp it who were so disposed. Preaching, prayers and songs constitute the service. Many of the inmates join in the songs. Our chorister is our worthy superintendent. Death is still at work among the inmates, taking the young and the old. Eighteen members have passed away by death, during the past year. Several of these have been taken away by friends and buried elsewhere. But the larger portion of them lie in the grave-yard connected with the farm.

The sick are, I think, well cared for, and made as comfortable as circumstances will allow. My visits among them are well received, and not, I think, devoid of profit.

The Sabbath school which was organized a few years ago, suspended operations last spring. I think it would have been better if it had been continued; for it reached the child, who fails oftimes to be benefitted by the sermon.

I find there, among many, quite a taste for reading, and this taste has been more or less met, through the kindness of friends on the outside, by contributing papers, magazines, books etc., for their benefit.

Friends of these unfortunates, in Merrimack county, allow me to say that you would confer a very great benefit upon these, if you would mail to the superintendent, Mr. Peaslee, or his successor, or successors, any papers, whether new or old, or books or magazines, or any reading matter, that in your judgment would meet the mental wants of this class. They seem to devour the contents of papers with great avidity.

God be thanked, that there is so good a place provided for this people. With enough to eat, to drink and to wear, a much worse place might be found for the poor than Merrimack County Farm.

Of course all are not contented there; neither would some be if they were in heaven. So far as my observation goes, there seems as little friction in the management of matters at the farm, as could reasonably be expected in an institution of this kind, where there is such a diversity of humanity to deal with. When any body says, or thinks, that Mr. and Mrs. Peaslee have not done well in their position, as superintendent and matron, where there is so much to annoy and perplex, I have only to say, I think they talk without knowledge of facts. It is no desirable position, if one seeks quiet and ease to mind or body. The inmates, as a rule, are well treated at this home for the poor.

I would say to all concerned, that I consider the present board of commissioners kind, humane, considerate men, who do not consider it necessary to be harsh, severe, or crabbed to this great family of God's unfortunates.

The above is most respectfully submitted,

A. H. MARTIN, Chaplain.

AUDITOR'S REPORT.

We have critically examined the accounts of the commissioners and treasurer, and find them correctly computed and vouchers for all expenditures. From the best evidence obtainable by us, we are satisfied that the articles procured by the commissioners for the use of the county have been purchased at market rates and have not been diverted from their legitimate use.

The treasurer's report shows a material reduction of the debt of the county. Our examination convices us that the commissioners and treasurer have faithfully and ably performed their respective duties and have shown zeal and diligence to conform to the laws which prescribe them. Of the laws and methods which direct the conduct of county business in this State, it is not our function to advise. If it were our duty to criticise them, we should hesitate to indorse the present burdensome and expensive system of management of county affairs which is taking root in this State against the judgment and wishes of many of our most thoughtful and best citizens.

E. B. S. SANBORN, LELAND A. SMITH,

Auditors of Merrimack County.

May. 1, 1883.
