Amount needed for repairs	60 00
Additional amount needed	114 60

We are called upon once more to report the condition of our schools. One of the most difficult duties, which the Board of Education has to perform, is the securing of competent teachers.

Our schools the past year have been under the direction of faithful and experienced teachers, and the scholars have shown a good degree of improvement and we feel gratified with the sincerity and faithfulness of our teachers. During the past year we know they have worked for the benefit of the children in their care.

The large number of parents and friends who have visited the schools show a marked interest in their welfare, and it is to be hoped that this will continue; for by personal inspection a better knowledge of the schools can be obtained than by any report that your School Board can make.

Frequent absences and tardinesses should be corrected.

Every pupil should get every possible benefit the schools afford every day of school.

New supplementary readers have been added, which have given good satisfaction.

Many other old books have been replaced by new ones.

ROLL OF HONOR.
