Superintendent's Report

To the Dummer School Board:

I, herewith, submit the annual report of the Superintendent of Schools and school statistics for year 1937-38.

Two schools—Willis and West Dummer—were maintained for the required 36 weeks. Counting out holidays and other no school days, your schools were actually in session for an average of 170 days. The average attendance was 92.4%.

On June 10, 1938, seven pupils were graduated from the eighth grade with appropriate exercises. Their graduation was held at the Milan Church building. Six of the above graduates were from the Willis School and one from West Dummer. Six of these graduates have entered Berlin High School.

During the year your superintendent made a total of 41 visits of supervision and inspection. Classes in all grades were examined and an inspection made of the written work of the pupils.

Near the close of the year all eighth grade pupils were given an Eighth Grade Standard Graduation Examination and all passed with good marks.

Late in the Spring term, the Willis School building was completely destroyed by a fire and the year was finished by transferring pupils and teacher to a private building. During the past summer a modern, up-to-date new building has been constructed on the site of the old school building and the school is being carried on under most favorable physical conditions. The lighting, heating, equipment, and sanitary conditions are most favorable. The new building was planned with the idea that it may be used for church and community gatherings. The Church or Community sharing in expense for fuel, light, janitor, etc.

This present school year, the Willis School is again under the care of Miss Ruth Wells and the West Dummer School is in charge of Mrs. Lena Rich of Stratford, a teacher of considerable experience.

The work in both schools seems to be going well and the discipline is good.

The Health Supervision is being done this year by Mrs. Clarke of Gorham, a registered nurse who is approved for this work by the State.

Notices of any physical defects will be sent to parents and some personal contacts with parents will be made by the nurse.

Statistics for the last complete school year are as follows:

Year Ending June 30, 1938
