Annual Report

of the
Officers

for the

TOWN OF LINCOLN, N.H.

Year Ending

December 31, 1996

THE WHITE HOUSE

WASHINGTON

February 10, 1997

Congratulations to the residents of Lincoln, New Hampshire, on marking the grand opening of the Lincoln Public Library.

Public libraries serve a vital purpose in our communities, providing information and inspiration. Making the most of all that libraries offer enriches our lives and broadens our horizons.

I commend the members of your community for your devotion to the world of knowledge. As we seek to make learning available to all, librarians, library employees, and library volunteers can take pride in their work to influence our lives.

Best wishes for every future success.

Bill Clinton

MINUTES OF TOWN MEETING
MARCH 12, 1996
LINCOLN, NEW HAMPSHIRE

The meeting was called to order at 10:00am by O.J. Robinson, Moderator. Sandy Dovholuk made a motion to dispense with reading the entire warrant and to open the polls, seconded by Duncan Riley. Vote in the affirmative-unanimous.

Following is a copy of the handouts available at Town Meeting to explain Articles #22, 26 and 27.

ADDITIONAL INFORMATION PERTAINING TO
WARRANT ARTICLE NO. 22

The Planning Board and the Town Engineer/Planner are proposing to increase its activities in several different functional areas in order to improve their planning capabilities as well as their work product. If approved by the Town Meeting, the funds will be utilized by the Planning Board to perform four different tasks, thus:

1. Area base-line mapping for the Village Center.
Note: estimated cost is in the range of \$6,000-\$7,500.
2. Outside-hire critique of the Village Center Plan.
Note: estimated cost is in the range of \$1,500-\$2,000.
3. Initiate Master Plan update.
Note: estimated cost is presently \$14,400 plus town-wide mapping plus expenses; does not include a separate Water Resources Management Plan.
4. Acquire assistance from the North Country Council for the preparation of a Town Capital Improvements Program.
Note: estimated cost is in the range of \$2,000-\$4,000.

Please note that the requested amount (\$15,000) will not be sufficient to allow completion of all of the tasks identified above during 1996. However, these funds will enable the Planning Board to complete Task 2 and Task 4 during 1996 as well as significantly initiate work on Task 1 and Task 3, which are then expected to be completed in 1997, subject to funding at next year's Town Meeting.

In addition to expenditure of the requested funds, the Planning Board will also coordinate with the North Country Council, Inc. in order to take advantage of support services available to the Town of Lincoln with the payment of its annual dues to the North Country Council, Inc.

ADDITIONAL INFORMATION PERTAINING TO
WARRANT ARTICLE NO. 26

O'Brien Avenue (between Maple Street and Pollard Road) is a Class V town-owned highway, which has been determined to be substandard in several respects, especially pertaining to safety. In order to address the many concerns that have been brought to the attention of the Board of Selectmen, two Selectmen's Workshops were scheduled during 1995. Town staff and the abutters to O'Brien Avenue were in attendance at both workshops. Article No. 26 is the proposal of the Board of Selectmen that fairly addresses all of the concerns identified at the workshop and, at the same time, creates a public facility that is more safe than the present condition.

With passage of Article No. 26, the Board of Selectmen will then be authorized to accept easements from certain abutters, at which time a portion of O'Brien Avenue will become discontinued. More specifically, it is proposed that approximately 130 feet at the westerly end of O'Brien Avenue (at Maple Street) will no longer be available to vehicular traffic use by the public. Instead a pedestrian sidewalk will be constructed within that area. At the same time, the remainder of O'Brien Avenue (extending to Pollard Road) will be widened and improved, including the placement of pavement and extension of water and sewer utilities as well as review of the existing drainage plan. The project also includes the survey of the O'Brien Avenue right-of-way and the setting of bounds as part of the highway improvement. A final survey plan, showing accurate dimensions and bearings, will be recorded as part of the overall project. All work is expected to be completed during 1996. A sketch map of the area is shown.

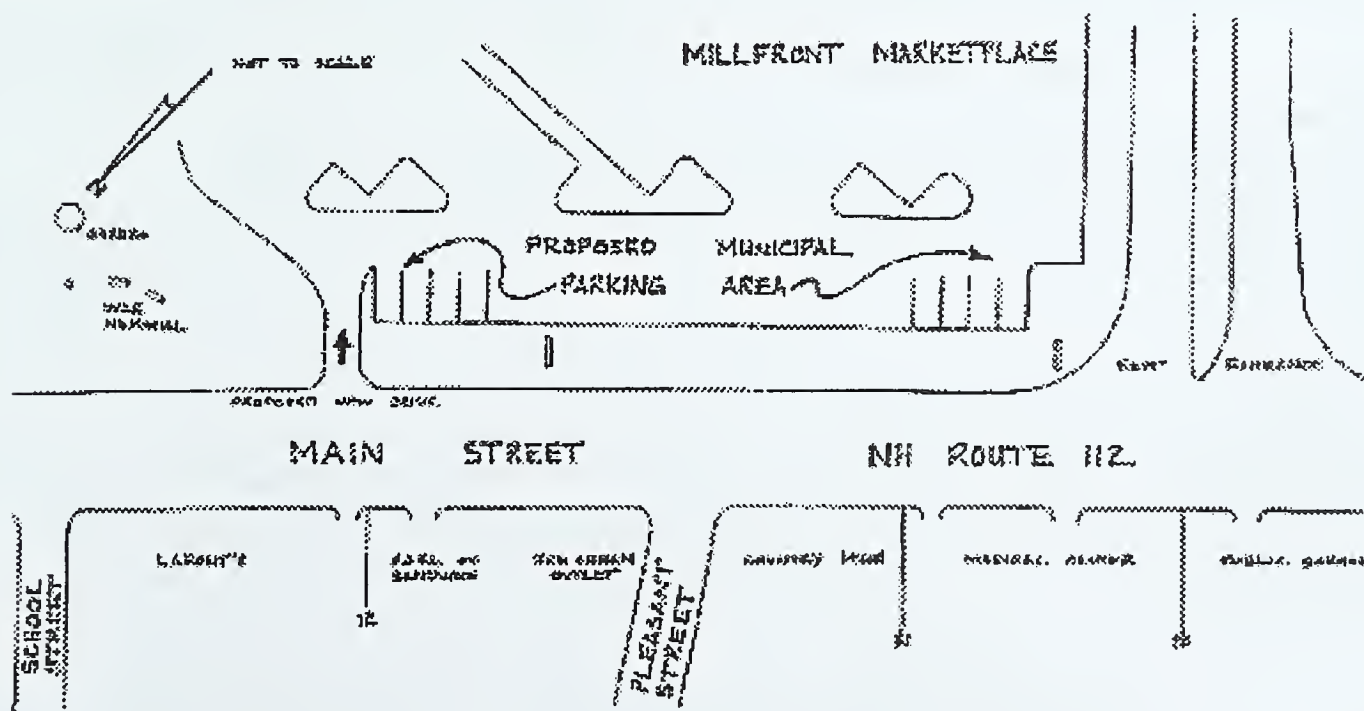

ADDITIONAL INFORMATION PERTAINING TO
WARRANT ARTICLE NO. 27

The Board of Selectmen is requesting authority from the Town Meeting to enter an agreement with the present owners of the Millfront Marketplace, such that the Town of Lincoln will acquire rights to a municipal parking lot. More specifically, the area involves the 28 parking spaces that are presently located adjacent to Main Street (NH Route 112) between the existing main entrance to the Marketplace eastward towards the existing Town Common.

A new entrance-only driveway will be jointly constructed at the east end of the parking area by the Town and the owners of the Marketplace. The NH Department of Transportation has already granted a driveway permit for the proposed work and the Lincoln Planning Board has granted approval for the proposal at its October 19, 1995 meeting.

The project will have benefits for the Town. It is expected that the new driveway will help alleviate traffic congestion on Main Street during peak ski-related traffic volumes. The Town will acquire a municipal parking lot in a central location within the Village Center.

Cost to the Town will be limited to expenditures from the operating budget and will not require any direct payment for acquisition of the municipal parking lot rights. A sketch map is shown.

Article # 7. Celeste Reardon made a motion to see if the Town will vote to authorize the Library Trustees to apply for, accept and expend grant monies from the State of New Hampshire for library expansion purposes in the sum of \$40,000 and to utilize any of said funds as an offset to funds raised and appropriated to the Library Building Addition Capital Reserve Fund under Article #8. Seconded by Roland Bourassa. Vote in the affirmative-unanimous.

Article # 8. Paul Beaudin II made a motion to vote to raise and appropriate the sum of \$40,000 to the Library Building Addition Capital Reserve Fund. Seconded by Duncan Riley.

Duncan Riley made a motion to amend Article #8 to increase the amount to be raised and appropriated to **\$80,000**, with the total amount thereof to be offset by any grant monies

received from the State under Article #7, and to further provide that if the grant monies received are less than \$40,000 then the total amount of this appropriation will be reduced by a like amount. Seconded by Deanna Huot. Vote on amendment affirmative-unanimous. Vote on Article as amended in the affirmative-unanimous.

Article # 9. Shall the Town accept the provisions of RSA 202-A:4-c providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Public Library Trustees to apply for, accept and expend, without further action by the Town Meeting, unanticipated money from a State, Federal or other governmental unit or a private source which becomes available during the fiscal year?

Moved by Celeste Reardon, seconded by Roland Bourassa. Vote in the affirmative-unanimous.

Duncan Riley made a motion to restrict reconsideration on Articles #4 through #9 , seconded by David Thompson. Vote in the affirmative-unanimous.

Vote in the affirmative-unanimous

Article # 26. Duncan Riley made a motion to see if the Town will vote to discontinue a portion of O'Brien Avenue extending northeasterly from Maple Street a distance of approximately 130 feet, with the Town retaining all rights for location of utilities in the right-of-way, and further subject to the owners of the abutting property conveying easements to allow pedestrian, bicycle and other normal uses over such discontinued portion of the road in a form acceptable to the Selectmen, seconded by Roger Harrington. Vote in the affirmative-unanimous.

Article # 27. Duncan Riley made a motion to see if the Town will authorize the Board of Selectmen to enter into an agreement with the owners of lot #310-4.1 of Tax Map 16, i.e., The Millfront Marketplace, to locate and operate a municipal parking lot as reviewed and approved by the Planning Board on October 19, 1995, seconded by Bill Conn. Vote in the affirmative-unanimous.

Article # 28. Duncan Riley made a motion to see if the Town will vote to authorize the Selectmen to take an option or options on any and all lands which may, in the opinion of the majority of the Board of Selectmen, be in the best interest of the Town of Lincoln and to do all things incidental thereto, seconded by Bill Conn. Vote in the affirmative-unanimous.

Duncan Riley made a motion to restrict reconsideration on Articles #20 through 28, seconded by David Thompson. Vote in the affirmative-unanimous.

Article # 29. To transact any other business that may legally come before the meeting.

As everyone should be aware, my office began closing on Mondays beginning February 26, 1996. Although my office is closed to the public, I am busy with weekly payroll and accounts payable as well as using this valuable uninterrupted time to work on Tax Collector and Town Clerk related projects.

To further assist my job as Town Clerk, the Town voted in March of 1996 to automate the Motor Vehicle Program. It is so much better than using the old typewriter.

Last years Motor Vehicle income was	\$163,280.00
Compared to this year at	\$189,132.00
A difference of	\$25,852.00

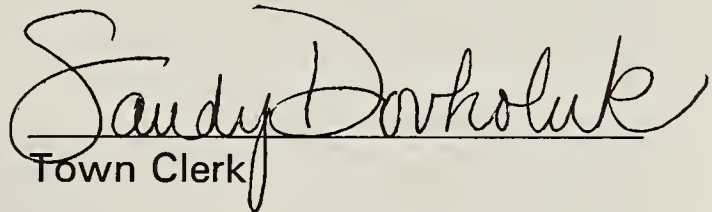

Dog Licenses last year were	\$677.50
Compared to this year at	\$538.00
A difference of	\$139.50

A new RSA became effective in 1995 regarding Veterinarians sending notice to Town Clerks of all rabies shots. There are a lot of dogs in Town that are not licensed. I'd like to remind the dog owners of the law and what can happen if they do not license their dogs as follows:

RSA 466:13 Forfeiture. Whoever is the owner or keeper of a dog and who fails to license the dog pursuant to RSA 466:1 shall forfeit \$25 to the town or city clerk of the municipality in which the dog is kept. If the forfeiture is not made to the town or city clerk within 15 calendar days of the notice of forfeiture, the case shall be disposed of in a district court or municipal court. This forfeiture shall not relieve the owner or keeper of the requirement of proper licensing of the dog as required by RSA 466:1. This section shall also apply to cats, if the municipality licenses cats. Any forfeitures collected under this section may be retained by the city or town for the administration and enforcement of this chapter.

RSA 466:1 Procuring License; Tag. Every owner or keeper of a dog 3 months old or over shall annually, on or before April 30, cause it to be registered, numbered, described, and licensed for one year from the ensuing May 1, in the office of the clerk of the city or town in which the dog is kept, and shall cause it to wear around its neck a collar to which shall be attached a metal tag with the following information thereon: the name of the city or town, year of issue of license and its registered number. The tag and license shall be furnished by the clerk at the expense of the city or town.

Respectfully submitted,

Town Clerk

1996 Selectmen's Report

The Town Office saw many changes in 1996, including the Board of Selectmen's decision to discontinue the long-time position of Administrative Assistant. The part-time position of Planning & Director of Public Works Receptionist became full-time and the Office of the Town Clerk/Tax Collector began closing on Mondays to the public. Although some of the changes may have been met with concern from local residents, we, the Board of Selectmen, feel our decisions were in the best interest of the Town of Lincoln, and the changes were only implemented after many long hours of discussion and review.

Work is currently underway to computerize the Town's property assessment records with the assistance of the Department of Revenue - Property Appraisal Division. The data input is slated for completion in time for the 1997 Fall tax bills. As the property tax card information is entered into the system, recent sales data and market data will be analyzed and property values may be adjusted accordingly. Further notification of the changes taking place will be sent with your 1997 Spring tax bill, so as to keep you an "informed" taxpayer in the Town of Lincoln.

The Board of Selectmen have several projects on their agenda for 1997, including revision of the Town's Personnel Policies, review of Pay for Performance plans, street numbering as part of the E911 process, and review of water related issues.

The Public Works Department has a new 6-wheel truck for use during the winter months for plowing and salt/sand distribution, as well as for use during the summer for construction projects. This year work was completed on Lou Anne Lane, Bourassa Road, O'Brien Avenue and Church Street, as well as some miscellaneous drainage work along Pollard Road. Many projects are slated for the 1997 construction season, and with the implementation of the Capital Improvements Committee in 1996, planning for future needs is underway.

The addition to the Lincoln Public Library was finally completed in 1996 after months of hard work, and with the generous support of the community and is commemorated on the cover of our 1996 Town of Lincoln Annual Report. This year's report is a format new to the Town of Lincoln, and we would be very interested in your comments.

The Board of Selectmen wish to thank the large number of individuals who have donated their time to the several committees that have benefited our community, and to the dedicated Town employees who help make our job easier.

Respectfully submitted,

Board of Selectmen

1996 Library Report

Circulation figures for 1996 are listed below:

Adult Fiction	2,016
Adult non-Fiction	737
Juvenile Fiction	1,218
Juvenile non-Fiction	284
Videocassettes	1,165
Magazines	422

In past years, the Lincoln Public Library has experienced tremendous growth in the area of its circulation statistics. The year 1996 was different: this was the year that the Library's building grew to three times its former size! The Library Board of Trustees, the Lincoln Board of Selectmen, and the residents of Lincoln all deserve a round of applause for their support throughout this project.

The Library temporarily closed on April 15, 1996, and reopened over seven months later on November 30, 1996. Many patrons participated in the library's book withdrawal program, and, while the library was closed, stored a maximum of 15 books for us. This program furnished our patrons with reading material and also decreased the time required to pack the books. The Moosilauke Public Library deserves equal credit for allowing our patrons to use all of their library services from April through November.

While the Library was closed, there was a substantial amount of activity behind the scenes. The Library Trustees are aware of the dramatic changes taking place in this information society. Technology has entered almost everyone's lives, and the Lincoln Public Library now has a technology plan that will bring us into the next century. As the Library now has additional space, and because of demand by Library patrons, the Lincoln Public Library will have computer workstations available to the public for word-processing and research using the Internet and CD-ROM databases.

In the near future, we will be providing health care professionals, students, and consumers with improved access to biomedical information resources using technology as a result of a grant award through the National Network of Libraries of Medicine. Medical Librarians from Littleton Regional Hospital and Northeastern Vermont Regional Hospital in St. Johnsbury, Vermont, submitted the proposal,

and we are fortunate to be one of three public library partners in this project.

Once the snow melts, the grounds of the Library will take on a new look. Thanks to Lorraine Wright, we have an exquisite landscape plan, complete with a shade garden and bench, a butterfly garden, and a bike rack.

One of our goals in the new year is to determine how the Library can best serve the needs of the community. We would ask for your cooperation in the near future by taking the time to complete a survey. In closing, I would like to thank all of those whose cooperation resulted in such a tremendous success!

Respectfully submitted,

LINCOLN POLICE DEPARTMENT ANNUAL REPORT

Personnel

Several personnel changes occurred in 1996 and are outlined below:

*Officer Bradford Sargent was hired in January to fill the position vacated by the resignation of Officer Christine Duggan.

*John Hilliard was hired in February as a full time dispatcher to fill the position vacated by the resignation of Dispatcher Gary Finkle.

*Larry Hartle was hired in April as a full time dispatcher which allows us to utilize four full time dispatchers.

I extend my sincere gratitude to the part time police officers and part time dispatchers whom have taken time from their personal lives to work many odd and inconvenient hours so we could fulfill our obligations to the community.

Training

Examples of training received by personnel in 1996:

- * Basic Computer Skills
- *State Police On Line Telecommunication
- *Advanced Supervision Skills
- *Emergency Communication Skills
- *Preventing Sexual Harassment in the Work Place
- *Emergency Vehicle Liability
- *Dealing with Death
- *Domestic Violence Protocols
- *Firearms
- *Bike Patrol
- *Tactical Baton
- *Instructor Development
- *Search & Seizure
- *OC Spray Basic
- *Crime Scene Investigation
- *Identi-Kit
- *Simunitions

The training listed is not a complete list of all training received by department personnel, but provides you with a good example of the training received.

Training is and always will be of top priority with the Lincoln Police Department. New Hampshire Police Standards and Training, the New Hampshire Municipal Association, International Association of Chiefs of Police and our own officer's provide us with training opportunities. Most of the training takes place at the Police Academy based in Concord, but several training programs were held at the Lincoln or North Woodstock Police Departments in 1996. Officer Richard Tyler of the Lincoln Police Department has been selected to be a Simunitions Instructor for the New Hampshire Police Standards and Training. I extend my congratulations to Officer Tyler for being selected.

The fund is established as a reserve account for the purposes of CAD software, training and equipment, traffic studies, master plan updates, topographic studies and plans, water facilities plans, and mapping.

(The Budget Committee recommends **\$97,000** be placed in this fund and the Selectmen support this recommendation).

Article # 21. To see how much money the Town will vote to raise and appropriate for the **Alternative Transportation Route** (sidewalks and trails) to be designated as a non-lapsing fund until no later than the end of the 1999 fiscal year.

(The Budget Committee recommends **\$13,400** and the Selectmen support this recommendation).

Article # 22. To see how much money the Town will vote to raise and appropriate for the **Whitewater Facility (Phased) Removal Project** and to designate this as a non-lapsing fund until no later than the end of the 2002 fiscal year.

(The Budget Committee recommends the sum of **\$15,000** and the Selectmen support this recommendation).

Article # 23. To see if the Town will vote to raise and appropriate the sum of **\$391,000** for **Wastewater Treatment Plant - Lagoon Outfall Relocation and Embankment Stabilization** subject to the following:

(a) The Selectmen are hereby authorized to apply for, accept and expend **\$342,125** in funding from Disaster Relief as an offset to this appropriation;

(b) The sum of **\$37,500** shall be transferred from the December 31, 1996, year-end general fund balance as further off-set;

(c) The sum of **\$11,375** shall be raised by general taxation;

(d) This appropriation shall be designated as non-lapsing until no later than the end of the 2002 fiscal year pursuant to RSA 32:7, VI.

(The Selectmen recommend this article and the Budget Committee supports this recommendation).

Article # 24. To see if the Town will vote to authorize the Selectmen pursuant to RSA 80:80, III, to convey Unit 11 West at Coolidge, acquired by the Town by tax deed pursuant to unredeemed tax liens to Yvette Spirito in such manner as justice may require and on such terms and conditions as are deemed necessary.

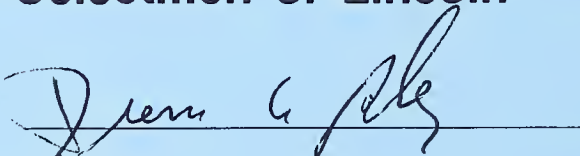

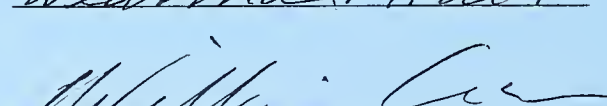

Article # 25. To see if the Town will vote to **authorize the Selectmen to take an option or options on any and all lands** which may, in the opinion of the majority of the Board of Selectmen, be in the best interest of the Town of Lincoln and to do all things incidental thereto.

Article # 26. To transact any other business that may legally come before the meeting.

Given under our hands and seal this 14th day of February, 1997.

Selectmen of Lincoln

A true copy of warrant, **Attest:**

96 Highlights

*The annual Good Morning Breakfast and 911 Barbecue held at Lincoln Green for Senior Citizens.

*Positive statewide recognition of the manner in which the department handled a situation on May 25th involving thirty-one high school students involved in a post prom drinking party.

*Intense DWI Patrols which resulted in 65 arrests for Driving While Intoxicated. An increase of 24 from 1995.

*A cooperative effort between the business community, Lincoln/Woodstock Chamber of Commerce, Loon Mountain, North Woodstock Police Department and the Lincoln Police Department resulted in a very successful and well organized Highland Games.

The Police Department extends its thanks to the community and various town departments for the support given us in 1996 and look forward to serving you in 1997.

Respectfully submitted,

Michael D. Peltier

Fire Department Annual Report 1996

This past year the Lincoln Fire Department has responded to a record amount of calls. We would like to thank the Selectmen and residents of Lincoln for their cooperation and support.

The department would like to welcome new members Deputy Chief Dennis Rosolen, Firefighter Josiah Bartlett, and Jr. Firefighter Jay Duguay. Firefighter Amy Hartle has recently completed her Associates Degree with a double major of Fire Science and Fire Protection. Firefighter Mitchell Harrington will also be attending Laconia Technical College next fall semester in the Fire Science program.

Training has been on the upswing this year. Twice a month the department trained on various topics such as Class A Foam, Vehicle Extrication, Ladders, Live Burn (small cabin), Self Contained Breathing Apparatus, Tower Exercises with Woodstock, Incident Command, Carbon Monoxide Alarms, Tactics and Strategy, and pre-planed some buildings in town. Several members attended the Twin State School at Blue Mountain receiving certification in Basic Rescue, Basic Forestry, and Combined Operations. Three firefighters, Ron Beard, Tony Margareci, and Chris Stockton, took their Firefighter Level I class this summer.

During the year, the Department responded to the following calls:

Alarm Activation	33
Carbon Monoxide	2
Car Rollovers	7
Water in Cellar	1
Car Accidents	18
Chimney/Stovepipe	9
Medical Aid	2
Furnace Malfunction	3
Dumpster Fires	2
Fuel/Hazardous Material Spills	4
Rescues	3
Car Fires	6
House Full of Smoke	1
Downed Power Lines	11
Train Derailment	1
Total	106
Total Emergency Man Hours	746
Total Training Man Hours	578

Wrapping up with a very busy year, the Lincoln Fire Department would like to remind everyone to check their smoke and carbon monoxide detectors. Also, spring being right around the corner, we would like to remind the residents of Lincoln that if you need to do any outside burning, please obtain a fire permit first.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing any open burning. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the N.H. Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws please call our office at 271-2217.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments.

1996 Lincoln-Woodstock Recreation Department Report

The Recreation Department continues to see growth in both programs offered and total participants. Bernie Mortz has developed a full-time karate school that serves both adults and kids. We also received a grant from the County Commissioners Office to run a Friday and Saturday night program for 7th and 8th graders. This program is a huge success and has seen over 600 visits since our October start.

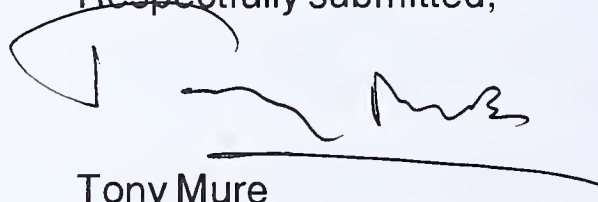

The big news this year is our addition to the Kanc Ski Slope Warming Hut. A local crew of talented carpenters including; Mike Reardon, Steve Noseworthy, Phil Atwood, Art Duguay, Joe Drapeau, Larry Eccleston, David Dovholuk, Don Landry, Jr., and David O'Rourke, spent many hours working on the project and we now have a great kitchen and better seating capacity.

The Recreation Committee is still working on expanding the Town's recreation facilities. We are desperately seeking field space to run our over-crowded soccer, baseball, and softball programs. We have over 125 athletes in K-6th grade for t-ball, softball, and baseball. The Kanc Field is the only ballfield the Town owns, all of our overflow is directed to the high school fields. The high school has been very sensitive to our needs for space, but their programming is obviously the first priority. This leaves the Recreation Department with late practice times that greatly disrupt family and education time. The Recreation Department currently runs programs at the high school and elementary school seven days a week.

The Recreation Committee is discussing the need for a Community Center in the future and looking at possible locations for a center, which will serve all residents of the community including our senior citizens and youth. The building would serve as a sports complex, and meeting place for any number of local functions, from weddings to senior meals.

This year was an exciting year, and as we look toward the future needs of the Recreation Department, I hope the Lincoln-Woodstock communities will continue to support our efforts.

Respectfully submitted,

Tony Mure
Recreation Director

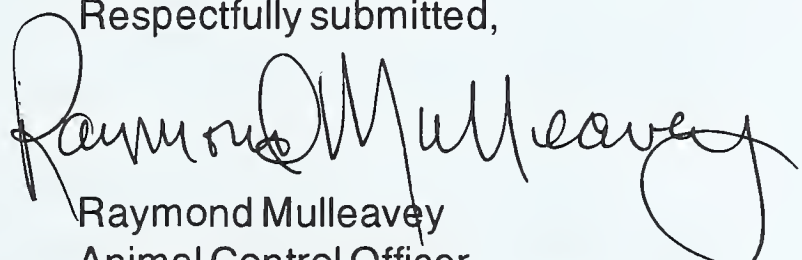

Report of the Animal Control Officer

Another year has passed. I responded to over 63 cases during 1996 and had over 100 phone calls relating to barking dogs, dogs running at large, dogs littering, stray animals, and miscellaneous cat, skunk, and squirrel complaints.

I responded to several calls this year relating to cruelty, and I would note that this is becoming an ever increasing problem within the Community. Pet owners are not accepting the responsibilities that go with an animal. In the long run, the animal is always the victim. If a complaint for cruelty to animals is processed, more times than not, the owner is usually found guilty and receives a healthy fine. Pets have no defense when it comes to an irate human.

A pet is a pet, your friend, something to be kind to and love. Please remember this at all times. They are your responsibility.

Respectfully submitted,

Raymond Mulleavey
Animal Control Officer

DEPARTMENT OF PUBLIC WORKS

ANNUAL REPORT FOR 1996

1996 was a year of significant construction activity for all divisions within the Department. Emergency placement of large rip-rap was constructed at the sewage lagoon slopes to mitigate flood damage. The removal of most of the existing ash landfill piles at the Solid Waste Facility was contracted during the year. Telemetry equipment was constructed at the VOLM Water Storage Tank. A new sewer line was constructed on Church Street. A new water line was constructed on Bourassa Road. Improvements to the Pollard Road/School Street drainage system were constructed. A new water line was constructed on Louanne Road. A new sewer manhole was installed along Dodge Place and an old sewer manhole on Pollard Road was replaced. Grade work was performed on sewer manhole cones on Boyle Street and Bourassa Road. O'Brien Avenue improvements included placement of new water main and sewer main extensions as well as replacement of the roadway gravel bases in anticipation of placement of a paved surface.

Repair and mitigation projects associated with the October/November, 1995 flooding became eligible for federal and state funding through the Federal Emergency Management Agency (FEMA). Following placement of interim rip-rap at the lagoon slopes, FEMA placed all projects on hold while the US Army Corps of Engineers performed an updated river hydraulic analysis of the East Branch of the Pemigewasset River in order to ascertain the revised 100-year flood plain levels and flows. Following completion of that study, design efforts on the lagoon slope embankment and the lagoon outfall project were continued, with the repair proposals now under consideration by the federal and state agencies. Construction is expected in 1997.

At the Solid Waste Facility, the long-awaited ash landfill removal project was commenced in May, 1996, only to soon discover that significant quantities of additional ash material was in place subsurface, thus requiring a stoppage of the project while the communities of Lincoln and Woodstock assessed their financial options. Thereafter, Lincoln requested approval from the NH Department of Revenue Administration for use of surplus funds to remove its extra quantity from the site during 1996, while the Town of Woodstock opted to seek its additional funds at its March, 1997 Town Meeting. A contract supplement was negotiated and the Town of Lincoln has now completed its share of ash landfill material removal from the site, with the contract presently structured to enable immediate removal of remaining ash landfill material from the site upon funding approval by the Woodstock Town Meeting in March, 1997.

Also of significance to the solid waste program is that the Lincoln-Woodstock Solid Waste Board Selectmen entered into an understanding with Waste Management of New Hampshire (WMNH) such that WMNH is preparing a formal proposal for consideration by the Selectmen pertaining to the privatization of the solid waste disposal function of the two District municipalities.

The design project to rehabilitate the Connector Road (NH Route 3A) bridge over the Pemigewasset River became active during 1996. The project is being funded 100% by the State, except for the relocation of the existing water main, which is a Town responsibility. As presently planned, the NHDOT will solicit construction bids later in 1997, with construction scheduled for 1998.

During 1996, the NHDOT was also actively designing the 80% State/20% Town-funded project to add trails and sidewalks to enhance the local transportation network. As design work progressed, it became apparent that the original estimated project cost amounts would be insufficient, so the segments were prioritized as follows by the Town:

- Priority #1: Penstock Trail (from Forest Ridge access road area eastward along NH Route 112 to the driveway vicinity at the Village of Loon Mountain).
- Priority #2: Sidewalk along the south side of Main Street from the driveway to the Millfront Marketplace westward to the Woodstock Town Line.
- Priority #3: Sidewalk along the north side of Main Street from Dodge Place eastward to the access road to Forest Ridge.
- Priority #4: Kanc Rec Trail (from the Kancamagus Recreation Center southward to Main Street near the access road to Forest Ridge).

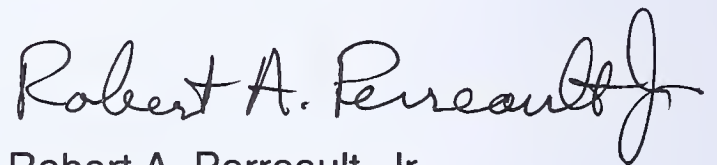

In regards to the highway improvement program of the Town, the Board of Selectmen, on April 29, 1996, conducted a "Public Informational Meeting" on the Department of Public Work's recommendations for the proposed 1996 construction program. As a result of public input and other project findings during the year, the larger projects that have been discussed during recent years were split into smaller design-related phases in order to acquire additional engineering information and improve project management as well as to afford opportunities for additional public input on certain project phases.

During 1996, bids were solicited for the removal of the asbestos siding from the Whitewater Building. Funds appropriated at the March, 1996 Town Meeting proved to be insufficient and if the additional funds are approved by the March, 1997 Town Meeting, the asbestos will be removed during 1997.

Department staff continue to work with the US Army Corps of Engineers in regards to the flood control dike located adjacent to the Fairways Condominiums. Having been constructed in 1960, the structure is almost 40 years old and is approaching its design-life milestone. As a result of the recent flood events, Town officials will continue its dialogue with federal officials in order to determine if any structure enhancements are, or will be soon, warranted.

In closing, I would like to take this opportunity to thank the many individuals that provide support and assistance to me in my capacity as the Director of Public Works. The myriad of tasks and demands that end up on my desk or arise in the field could not even begin to be addressed if there was not, truly, a team effort in place with the many others who assist and work with me for the benefit of the Town. Though not often publicly recognized, their efforts are, nevertheless, always appreciated.

Respectfully submitted,

Most of the development activity of the Planning Board during 1996 involved non-residential proposals, the only major residential subdivision being the 11-lot subdivision within Forest Ridge. Pollard Brook Resort increased its facility with the construction of a new building. Also, the Loon Mountain Recreation Corporation initiated its application process for their "G" Lift Expansion at South Mountain. However, by the end of 1996, various Court decisions arising from litigation involving the South Mountain expansion permit from the US Forest Service has resulted in much uncertainty by all parties.

The continuing process of updating the draft Village Center Plan remained a high priority of the Planning Board during the early and latter parts of 1996. A joint meeting was conducted among the Planning Board, Board of Selectmen and the Budget Committee prior to an extensive re-drafting of the Village Center Plan. By the end of the year, the Planning Board had acquired a grant from the Northern New Hampshire Foundation, which will enable a "facilitator" to assist the Planning Board in its scheduling of a "public forum" during 1997 to address matters pertinent to the Village Center. The Planning Board also intends to conduct a new community wide survey focusing on the Village Center.

During 1996, the Planning Board, working in conjunction with its Capital Improvements Program Committee--with support from staff as well as the North Country Council--adopted the Town's first Capital Improvements Program (C.I.P.). The Planning Board also appointed a Vendors Ordinance Task Committee, who met throughout the summer, 1996. A final report, containing recommendations, was published on September 24, 1996. Another task committee that was appointed was the Landscaping Guide Task Committee, which distributed its interim report on September 26, 1996.

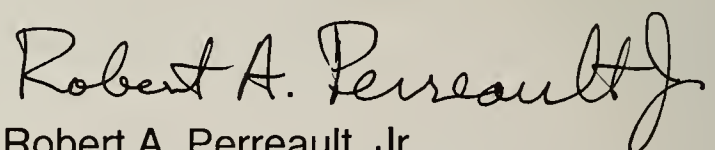

The March, 1996 Town Meeting adopted the 2 amendments to the Lincoln Land Use Plan Ordinance that were proposed by the Planning Board. Revisions pertained to administrative corrections to the enforcement provisions and clarifying the parking requirement for time share condominium units.

The March, 1997 Town Meeting is being requested by the Planning Board to consider an amendment to the Lincoln Sign Ordinance (pertaining to vendor activity signage) and an amendment to the Lincoln Land Use Plan Ordinance (pertaining to establishment of setbacks within the Village Center and Small Business zones.

During 1996, the Zoning Board of Adjustment met twice for consideration of applications pertaining to the expansion of use areas at the Common Man Restaurant and the relocation of the existing sign for the Mill House Inn.

And, once again, the diligence and capable work performed by Cindy Rineer on behalf of the Planning Board, the Zoning Board and the Engineer/Planner-Compliance Officer are sincerely appreciated by all.

REPORT TO THE CITIZENS OF DISTRICT ONE

By

Raymond S. Burton
Councilor - District One

It is an honor to report to you as a member of the New Hampshire Executive Council. The Executive Council is five in number and serves much like a Board of Directors at the top of your Executive Branch of State Government in Concord. We vote on most contracts over \$2,500 to outside agencies, individuals and municipalities, also major permits to use state waters, 267 unclassified positions as Commissioners and Directors within the Executive Branch of State Government, and the entire Judicial Branch of NH State Government is voted in by the Governor with the advice and consent of the Executive Council. We also vote on gubernatorial nominations of hundreds of citizens to various boards and commissions as prescribed by NH Law.

Anyone desiring further information should write or call our State House Office (listed below).

Citizens in this region should be attentive to several projects:

1) The statewide Health Care Council's 18 month planning project will be coming to conclusion in December of 1997. There are three very active Councils in this District. Information can be obtained by calling Commissioner Terry Morton, Department of Health and Human Services at 1-800-852-3345.

2) The ten year highway planning process will be underway this coming summer and fall. I will be conducting at least three hearings in this district to ascertain regional needs. Information on this project can be obtained by calling Commissioner Leon Kenison, Department of Transportation at 271-3735.

3) The NH Joint Tourist Promotional Program will, I expect, be funded at least with \$500,000 to be matched by local Chamber of Commerce and tourists groups to promote your region. Information on this program is available from Commissioner Robb Thomson, Department of Resources and Economic Development at 271-2411.

4) There is approximately \$172,000 waiting to be matched by local economic development promotion dollars from local groups. Information can be obtained on this program from Director Norman Storrs, Economic Development at 271-2341.

5) There is about 10 million dollars waiting for applications from local governments for Community Development Block Grants to improve your local town and area. Information on how to apply can be obtained by calling Director Jeff Taylor, Office of State Planning at 271-2155.

6) Local towns, cities, counties and eligible organizations should be aware of the large Federal and State Surplus Distribution Programs (the state surplus distribution center is open to the public at White Farm on Clinton Street in Concord, NH on Mondays, Wednesdays and Fridays. Further information may be obtained by calling Supervisor Art Haeussler, Surplus Distribution at 271-2602.

7) Citizens and groups concerned with disabilities should be aware of the large number of services available from the Developmental Disabilities Council by calling Director Alan Robichaud at 271-3236.

8) The Department of Environmental Services covering water, sewers, air, lakes and rivers has available information and financial resources by calling Commissioner Robert Varney or Assistant Commissioner Dana Bisbee at 271-3503.

9) The Department of Health and Human Services including elderly, mental health, human services, public health, drug and alcohol abuse are all under Commissioner Terry Morton at 1-800-852-3345.

Our State Government is small, effective and efficient. It is amazing how many services both technical information and financial assistance is available to eligible applicants and for proposals.

Grafton County Senior Citizens Council, Inc. works through its local programs to enhance the health and well being of our older citizens and to assist them to remain independent in their own homes and communities for as long as possible. Through eight locations throughout the County, including Plymouth, Bristol, Canaan, Lebanon, Orford, Haverhill, Littleton and Lincoln, older adults and their families are able to obtain services such as home delivered meals, senior dining room programs, transportation, social work services, information and referral, health and educational programs, adult day care, recreation and opportunities to be of service to the community through volunteering.

During 1996, 125 older residents of Lincoln were able to make use of one or more of GCSCC's services. These individuals enjoyed balanced meals in the company of friends in a senior dining room, received hot, nourishing meals delivered to their homes by caring volunteers, were transported to health care providers or other community resources by our lift-equipped buses, and found opportunities to put their talents and skills to work for a better community through volunteer service. The cost to provide these services for Lincoln residents was \$35,924.21.

Community based services provided by GCSCC and its many volunteers for older residents of Lincoln were often important to their efforts to remain in their own homes and out of institutional care despite chronic health problems and increasing physical frailty, saving tax dollars and contributing to the quality of life of our older friends and neighbors.

GCSCC very much appreciates the support of the Lincoln community for services which enhance the independence and dignity of our older citizens and assists them to meet the challenges of aging in place.

Report of 1996 Services

North Country Home Health Agency celebrated

25 Years of Quality Home Care

in 1996 by providing 40,411 home visits to 638 North Country residents. An additional 700 individuals took advantage of the care available at NCHHA community clinics offering influenza immunization, blood pressure and blood sugar monitoring and foot care.

Quality, consumer orientated health care is vital to the physical and economic health of the North Country. In collaboration with other area health care providers, North Country Home Health Agency applied for and was granted funding from the State of New Hampshire Health Care Transition Fund to develop a Community Health Management Organization (CHMO). NCHHA has partnered with Ammonoosuc Community Health Services, Lafayette Center, Littleton Regional Hospital and White Mountain Mental Health and Developmental Services in the CHMO Grant Program. The goals of the CHMO are to improve ease of access to care and sharing of information among area health care providers; to develop a model of local community input into health care; and reduce administrative duplication among members.

NCHHA is always aware of the changes in the health care system and is constantly working to transition services and programs to meet the needs of the consumer, which in health care means the client and family as well as the insurance company, the physician and managed care. NCHHA is in the midst of implementing a Plan for Sensible Operation to insure that NCHHA remains able, in the face of increasingly limited local, state and national resources, to provide quality home care to those in need.

North Country Home Health Agency remains an independent, community based provider of care. We appreciate the financial support your community has shown in the past for the programs and services of NCHHA and we look forward to meeting the home health care needs of the North Country far into the next century.

The following home services were provided to 44 individuals and families in Lincoln during 1996.

WHITE MOUNTAIN MENTAL HEALTH
AND DEVELOPMENTAL SERVICES
DIRECTOR'S REPORT
Town of Lincoln

*All Persons Have the Right to Meaningfully Participate in the
Life of Their Community*

This is the mission statement of White Mountain Mental Health and Developmental Services. For more than a quarter of a century, our staff has worked to assure that individuals with mental illness or a developmental disability receive the supports to allow this mission to be a reality.

Many Lincoln residents have been able to remain living and working productively in their community due to the assistance of WMMH&DS. Psychiatric hospitalizations, residential treatment of children, and institutionalization of persons with a developmental disability are now exceedingly rare due to the availability of community based supports. Lincoln residents also have access to high quality, professional counseling for family problems, depression and substance abuse through White Mountain Mental Health. *Our counselors are available both at our main office in Littleton, and at a satellite office at the Linwood Medical Center.* Not only do the recipients of services benefit from this intervention, but also the community. The cost of unaddressed emotional problems are felt in many different forms, including the quality of family life, the productivity of our work force and the safety of our streets.

During 1996 White Mountain Mental Health and Developmental Services provided the following to Lincoln residents:

- * *434 hours of outpatient counseling services to 51 Lincoln residents* who were either uninsured or partially insured. The full cost of these services was \$28,210.
- * extensive supports, including housing, vocational services and family support to persons with serious developmental disabilities. These supports helped make it possible for these individuals to live and work in their community.
- * developmental assessments, case management, in-home support, speech therapy, physical therapy, and occupational therapy to

families with infants or toddlers diagnosed with some form of developmental delay. These services are provided regardless of ability to pay.

* Perhaps most importantly, *emergency services are available 24 hours per day, seven days per week to assist individuals, families, hospitals and law enforcement in managing psychiatric emergencies.*

I would like to take this opportunity to thank the people of Lincoln for their support over the past twenty five years. We continue to look to you, our community partners, to help us to continue to provide excellent services in this era of abundant problems and scarce resources.

NORTH COUNTRY COUNCIL ANNUAL REPORT - 1996

This has been a very busy year at the Council. We completed 53 local and regional projects and were directly responsible for the investment of \$7.0 million in local infrastructure projects by federal or state funding sources. In cooperation with the NH Department of Transportation, the Council was involved in the development and implementation of \$16.5 million of transportation projects on the Ten Year Transportation Improvement Program (TIP). NCC was called upon many times each day to provide local technical advice, be "on call" for our members, respond to questions or provide guidance to land use boards, development corporations, boards of selectmen, chambers of commerce and civic groups. There are over 300 of these local bodies in the region and this last year saw us interacting with most of them at least once and many of them on numerous occasions. In addition, we convened numerous meetings, hearings and informational sessions on regional environmental, regulatory, development, permitting and public policy issues. Similarly, we provided advice, technical assistance and guidance on a weekly basis to businesses, public agencies and non-profit corporations. This last year, we responded to more than 200 requests for data, direction and advice from a very diverse mix of businesses, agencies and organizations. Beyond these requests, we have continued to maintain a regular dialogue with those state agencies that depend on us for a "linkage" to the communities of the North Country.

A new beginning for the Council was the opening of the North Country Council Development Center, located at the historic Rocks Estate in Bethlehem. The Center is the site of NCC's offices, the offices of the NH State Library and the North Country Arts Alliance. This next year will see the addition of another four tenants in spaces that will be ready for occupancy in the summer of 1997. Equally important to its function as a home for all these and other important regional resources, the Center will function as a research/demonstration site, partnership facilitator, conference center, source of market information and communication vehicle for the North Country of New Hampshire.

During 1996, the Center hosted teams of planners from the Netherlands, Central America, the Caribbean, and Eastern Europe. Through these meetings we have gained a mutual understanding of the planning and development challenges we face as a world community. More specifically, these visits have provided us with an opportunity to learn new approaches to conserve resources and foster appropriate development, as well as make many new friends.

This year has been a watershed year for the Council. We have enhanced our staff capacity; we have undergone significant internal strengthening and we have restructured and reorganized, all in an effort to respond to regional need. Our goal, however, remains the same: to provide support and leadership to the region, its governments, businesses and citizens.

Sincerely,

Preston S. Gilbert

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Lincoln, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Lincoln, New Hampshire, as of and for the year ended December 31, 1995, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town of Lincoln, New Hampshire's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 1, the general purpose financial statements referred to above do not include the financial statements of the General Fixed Asset Account Group, which should be included in order to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

As described in Note 1, the Town has recognized tax revenues in its General Fund which may not be received in cash within sixty days of year end as required by generally accepted accounting principles (GASB Interpretation 3). Town officials believe, and we concur, that the application of this accounting principle, which would result in a decrease in the Undesignated General Fund balance by an amount which is indeterminable due to the timing of this engagement, would give a misleading impression of the Town's ability to meet its current and future obligations.

In our opinion, except for the effect on the general purpose financial statements of the omission described in the third paragraph, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Lincoln, New Hampshire as of December 31, 1995 and the results of its operations and the cash flows of its non-expendable trust funds for the year then ended in accordance with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Lincoln, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

TOWN OF LINCOLN, NEW HAMPSHIRE
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
December 31, 1995

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Lincoln, New Hampshire conform to generally accepted accounting principles for local governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies.

Financial Reporting Entity

The Town of Lincoln, New Hampshire (the "Town") was incorporated in 1764. The Town operates under the Town Meeting form of government and performs local governmental functions authorized by State law.

The accompanying financial statements of the Town present the financial position of the various fund types and account groups, the results of operations of the various fund types, and the cash flows of the non-expendable trust funds.

The financial statements include those of the various departments governed by the Board of Selectmen and other officials with financial responsibility. The Town has no other organizational units which meet criteria for inclusion in the financial statements as defined by the Governmental Accounting Standards Board.

Fund Accounting

The accounts of the Town are organized on the basis of funds and account groups, each of which is a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures/expenses. Accordingly interfund receivables and payables have not been eliminated. The various funds are summarized by type in the financial statements. The memorandum totals included in the financial statements are presented only for informational purposes and are not intended to represent the financial position, results of operations or the cash flows of the Town as a whole.

Individual funds and account groups summarized in the financial statements are classified as follows:

Governmental Funds

These funds are intended to provide recurring general services. They are controlled by a budget approved by the voters.

General Fund - used to account for all revenues and expenditures which are not accounted for in other funds or account groups.

Capital Projects Funds - used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Town accounts for the following projects as capital projects funds:

TOWN OF LINCOLN, NEW HAMPSHIRE
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

Sewer Tap Fee Fund
Pollard Road Water Main Fund
Water System Construction Fund

Fiduciary Funds

Assets are held by the Town in a fiduciary capacity or as an agent for individuals, private organizations, and other governmental units, and/or other funds for various purposes. Receipts and expenditures of each fund are governed by statutes, local law, or the terms of the gift.

Trust Funds - Non-expendable trust funds are accounted for and reported as proprietary funds since capital maintenance is critical. Expendable trust funds are accounted for in essentially the same manner as governmental funds.

Agency Funds - Plan assets of the Town's deferred compensation plan are accounted for as an agency fund.

Account Groups

Accounts groups are not funds; they do not reflect available financial resources and related liabilities, but are accounting records of general fixed assets and general long-term obligations, respectively. The following is a description of the account groups of the Town.

General Fixed Asset Account Group - The Town does not record the acquisition of fixed assets in the General Fixed Asset Account Group, as required by generally accepted accounting principles. Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditures. Funds used to acquire general fixed assets and/or debt service payments on borrowings in connection therewith are accounted for as expenditures in the year payments are made.

General Long-Term Debt Account Group - is used to record the outstanding long-term obligations of the Town.

Basis of Accounting

The accrual basis is used for the non-expendable trust funds. The measurement focus of these funds is the determination of net income, financial position, and cash flows ("capital maintenance" focus).

Governmental funds utilize the modified accrual basis whereby revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than interest on long-term debt, are recorded when the liability is incurred, if measurable.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are,

TOWN OF LINCOLN, NEW HAMPSHIRE
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)
 December 31, 1995

however, essentially two types of revenues. In one, monies must be expended on the specific purpose of the project before any amounts will be paid to the Town. Therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Licenses and permits, charges for services, fines and forfeitures and miscellaneous revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they become measurable and available. (See *Property Taxes* for property tax accrual policy.)

During the course of normal operations, the Town has transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying governmental and fiduciary funds financial statements reflect such transactions as transfers.

Budgetary Data

The Town budget represents departmental appropriations as authorized by annual or special Town meetings. Funds may be transferred between operating categories. The Town adopts its budget under regulations of the New Hampshire Department of Revenue Administration which differ somewhat from generally accepted accounting principles in that the focus is on the entire governmental unit rather than on the basis of fund types. The general fund budget presented for reporting purposes has been reclassified to reflect generally accepted accounting principles as follows:

Total appropriations at March 14, 1995	
Town Meeting	\$2,981,106
Timing Differences:	
Continuing appropriations January 1, 1995	161,873
Continuing appropriations December 31, 1995	(211,670)
Total General Fund	<u><u>\$2,931,309</u></u>

State law requires balanced budgets but permits the use of beginning fund balance to reduce the property tax rate. For the year ended December 31, 1995, the Town applied \$200,000 of its unappropriated fund balance to reduce taxes.

Assets, Liabilities and Fund Equity

Cash and Cash Equivalents - Cash and cash equivalents for the Combined Statement of Cash Flows - All Non-Expendable Trust Funds are defined as cash deposits and cash investments if their maturity dates are within three months from their date of issue.

Investments - Investments are stated at cost in all funds other than the Deferred Compensation agency fund which records investments at market value.

TOWN OF LINCOLN, NEW HAMPSHIRE
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)
December 31, 1995

Taxes Receivable - Taxes levied during 1995 and prior and uncollected at December 31, 1995 are recorded as receivables net of reserves for estimated uncollectibles of \$76,132.

Due to Other Governments - At December 31, 1995, the balance of the property tax appropriation due to the Lincoln-Woodstock School District was \$1,001,368.

Revenues, Expenditures and Expenses

Property Taxes - Taxes are levied on the assessed value of all taxable real property as of the prior April 1st (\$303,448,977 as of April 1, 1995) and were due in two installments on July 1 and December 1. Taxes paid after the due dates accrue interest at 12% per annum. Current collections for the period ended December 31, 1995 were 88% of the tax levy.

The Town collects taxes for the Lincoln-Woodstock Cooperative School District and Grafton County, both independent governmental units, which are remitted to them as required by law. Taxes appropriated during the year were \$2,118,083 and \$489,740 for the Lincoln-Woodstock School District and Grafton County, respectively. These taxes are not recognized as revenues in these financial statements. The Town bears responsibility for uncollected taxes.

Under State law, the Tax Collector obtains tax liens on properties which have unpaid taxes within ten months of the year end for the amount of unpaid taxes, interest and costs. These priority tax liens accrue interest at 18% per annum. If property is not redeemed within a two year redemption period, the property is tax deeded to the Town.

The net 1995 receivables collected prior to March 1, 1996 and expected to be collected in the future have been recognized as tax revenue, which is not in accordance with generally accepted accounting principles. Town officials have decided that compliance with generally accepted accounting principles (GASB Interpretation 3) would make these financial statements misleading by creating an understatement of undesignated fund balance at December 31, 1995, due to the limited sixty day revenue recognition period after year end. This understatement might give the user of these financial statements a misleading impression about the Town's ability to meet its current or future obligations. Under existing State law, the Town will either receive full payment or acquire legal ownership of property in lieu of payment in 1998. Prior history indicates that substantially all overdue taxes are paid before this date.

Compensated Absences - The Town does not accrue vested accumulated unpaid vacation or sick leave as is required by generally accepted accounting principles, but provides for compensated absences on a "pay as you go" basis. Amounts of vested compensated absences are immaterial to these financial statements.

NOTE 2--STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Deficit Fund Balances - As of December 31, 1995 the Pollard Road Water Main Capital Projects Fund was in a deficit position of (\$104,323). The Town intends to fund the deficit through transfers from other projects and other funds.

NOTE 3--RISK MANAGEMENT

The Town is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 1995, the Town was a member of the New Hampshire Municipal Association Property-Liability Insurance Trust, Inc. (NHMA-PLIT) and the New Hampshire Worker's Compensation Fund. The Town currently reports all of its risk management activities in its General Fund. These Trusts are classified as "Risk Pools" in accordance with generally accepted accounting principles.

The Trust agreements permits the Trust to make additional assessments to members should there be a deficiency in Trust assets to meet its liabilities. Generally accepted accounting principles require members of pools with a sharing of risk to determine whether or not such assessment is probable and, if so, a reasonable estimate of such assessment. At this time, the Trusts foresee no likelihood of an additional assessment for any of the past years.

Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Based on the best available information there is no liability at December 31, 1995.

New Hampshire Municipal Association Property-Liability Insurance Trust, Inc.

The NHMA-PLIT is a Trust organized to provide certain property and liability insurance coverages to member towns, cities, and other qualified political subdivisions of New Hampshire. As a member of the NHMA-PLIT, the Town of Lincoln shares in contributing to the cost of and receiving benefits from a self-insured pooled risk management program. The program includes a Loss Fund from which is paid up to \$250,000 for each and every covered property, crime and/or liability loss that exceeds \$1,000.

New Hampshire Worker's Compensation Fund

The Compensation Fund was organized to provide statutory worker's compensation coverage to member towns, cities, and other qualified political subdivisions of New Hampshire. The Trust is self-sustaining through annual member premiums and provides coverage for the statutorily required workers' compensation benefits and employer's liability coverage up to \$1,000,000. The program includes a Loss Fund from which is paid up to \$375,000 for each and every covered claim.

NOTE 4--CASH AND CASH EQUIVALENTS

The Town's cash management policy requires that deposits and investments be made in New Hampshire based financial institutions that are participants in one of the federal depositary insurance programs. Deposits are limited to demand deposits, money market accounts, certificates of deposit, the New Hampshire Public Deposit Investment Pool (NHPDIP) and repurchase agreements in accordance with New Hampshire State law (RSA 41:29). Responsibility for the investments of the Trust Funds is with the Board of Trustees.

TOWN OF LINCOLN, NEW HAMPSHIRE
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)
December 31, 1995

At year end, the carrying amount of the Town's deposits was \$2,790,258 and the bank balance was \$2,862,276. The bank balance was covered by federal depository insurance or collateralized.

The Town's recorded investments in the New Hampshire Public Deposit Investment Pool and the ICMA Retirement Corporation, with a book and market value of \$24,780 and \$2,733 respectively, are not investment securities and, as such, are not categorized by risk.

NOTE 5--PENSION PLAN

New Hampshire Retirement System

Plan Description

The Town contributes to the New Hampshire Retirement System (NHRS), a cost-sharing multiple-employer defined benefit pension plan administered by the NHRS Board of Trustees. The plan provides service, disability, death and vested retirement allowances to plan members and beneficiaries. Benefit provisions are established and may be amended by the New Hampshire State legislature. The NHRS issues a publicly available financial report that includes financial statements and required supplementary information for NHRS. That report may be obtained by writing to New Hampshire Retirement System, 4 Chenell Drive, Concord, New Hampshire 03301.

Funding Policy

Covered public safety and general employees are required to contribute 9.3% or 5.0% of their covered salary, respectively, and the Town is required to contribute at an actuarially determined rate. The Town's contribution rates for the covered payroll of police officers and general employees were 3.45% and 2.80%, respectively through June, 1995 and 2.73% and 3.39% thereafter. The Town contributes 65% of the employer cost for public safety officers employed by the Town and the state contributes the remaining 35% of the employer cost. The Town contributes 100% of the employer cost for general employees of the Town. The Town has not elected early application of GASB Statement #24 in these financial statements.

Per RSA-100:16, plan member contribution rates are established and may be amended by the New Hampshire State legislature and employer contribution rates are determined by the NHRS Board of Trustees based on an actuarial valuation. The Town's contributions to the NHRS for the years ending December 31, 1995, 1994, and 1993 were \$18,425, \$18,798, and \$19,882, respectively, equal to the required contributions for each year.

Deferred Compensation Plan

Certain Town employees participate in a separate deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan permits them to defer a portion of their salary which is not available to them until termination, retirement, death or unforeseen emergency. All amounts of compensation deferred under the plan and income attributable to those amounts remain the property of the Town until made available to covered employees. Participants rights are equal to general creditors of the Town. Plan assets are accounted for in the Deferred Compensation Agency Fund.
