## SCHOOL REPORTS.

## SCHOOL NO. 2.

The spring term was taught by Miss Idella R. Berry. This is the fourth term which Miss Berry has taught in the town, and the longer she staid the more she convinced us that we have had none superior, and few her equal. As a teacher she helped the industrious, spurred up and encouraged the delinquent.

Roll of honor—Sallie Berry, Florence Kelley, Martha S. Kelly, Grace L. Richardson, Guy Wiggin.

Fall term—Miss Lizzie E. Coleman. This was Miss Coleman's first term. She was a graduate of the Dover high school and came to us well recommended. She labored diligently and on the whole we think she has been successful.

Roll of honor—Florence Kelley, Florence Pendexter, Martha Kelley, Chester V. D. Jenkins.

The third term of this school was taught by Miss Carrie R. Gage, she being also a graduate of the Dover high school, and well recommended by Superintendent Folsom of Dover, under whose supervision she has acted as substitute several times.

Roll of honor—Chester V. D. Jenkins, Harry P. Jenkins.

Miss Twombly has taught three terms in this school, and I do not hesitate to say that she is one of our best teachers. She never forgot that there were blackboards in the room, and she used them to the greatest advantage.

Winter term—Taught by Miss Lizzie Coleman. Length of term, 10 weeks. Number of pupils, 14. Average attendance 11. No. of scholars attending reading 14 ; spelling 14 ; penmanship, 14 ; arithmetic, 14 ; geography, 10 ; grammar, 10 ; history, 2 ; physiology, 5 ; algebra, 1.

This was Miss Coleman's second school, and she entered upon the discharge of her duties with the determination of making this term of school a success. The drifting snows and sickness made the term somewhat broken, but the school appeared well and the order was good.

#### GENERAL REMARKS.

Citizens of Madbury—In closing this report we would ask your candid and considerate attention to a few facts. Tax payers have, in these times of low prices and liberal support of schools, a right to demand that children be constant and punctual in their attendance on the terms of school, with the best home instruction and discipline, and all the necessary books and appliances to gain the most possible by such attendance. In these times of sharp competition and labor troubles, children have a right to demand proper fitting for the battle of life, into which they been brought by no volition of their own, the right to be thoroughly trained by the community, and exempt from becoming parts of a money-making machine, (as much as possible,) when they ought to be spending the most precious years of their lives in fitting

themselves to become men and women in the noblest sense. Poverty seldom troubles a cultured person. The best workman, tradesman or artist are constantly employed. It is the duty of every parent, as far as in their power to help their children to the top of their calling or profession where prosperity, contentment and happiness are found. Property may take wings and fly away, but a trained hand and a cultured mind is ours while life lasts and will bring its reward.

Respectfully submitted,

C. E. PERKINS,  
CHARLES W. HAYES,  
WILLIAM S. HAYES,  
School Board.
