**TOWN OF OSSIPEE**  
**Management Letter**  
**February 4, 1983**

Board of Selectmen  
Town of Ossipee  
Ossipee, New Hampshire

Gentlemen:

As part of our examination of the books and records of the Town of Ossipee, we reviewed and tested the Town's systems of internal accounting control to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards. Under these standards, the purposes of such evaluation are to establish a basis for reliance on the system of internal accounting control in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgements by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgement, carelessness, or other personal factors.

Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented inten-

tionally by management, either with respect to the execution and recording of transactions or with respect to the estimates and judgements required in the preparation of the financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate. Our examination of the financial statements made in accordance with generally accepted auditing standards, including the study and evaluation of the Town of Ossipee's system of internal control for the year ended December 31, 1982, that was made for the purposes set forth in the first paragraph of this report, would not necessarily disclose all weaknesses in the system as it was based on selective tests of the accounting records and related data.

As a result of this review and, in an effort to be of assistance to the Town of Ossipee, we are submitting for your consideration a number of comments and recommendations intended to improve operations and should not be regarded as reflecting upon the integrity or capabilities of any Town Employee.

Overall we found things to be substantially in good order, with everyone ready and willing to adopt any constructive, worthwhile improvements.

We would be pleased to continue to discuss further any of our recommendations and comments with you.

Very truly yours,  
WILSON P. DENNETT  
Certified Public Accountant

**COMMENT:**

Increased Town Services, including operation of the Water Company as a Town enterprise have contributed to

increased workloads for Town Officials, particularly the Treasurer and Administrative Assistant.

**RECOMMENDATION:**

Adoption of the Manifest system for Accounts Payable has become almost a prerequisite. This system, as fully described in the 1981 Mangement Letter would eliminate much bookkeeping for the Treasurer, while still providing a complete record.

**COMMENT:**

To accomplish the Audit of the Tax Collector, it is necessary to examine the abatement records.

**RECOMMENDATION:**

Padded pre-numbered abatement slips should be used by the Tax Collector. In this way, control is established over the number of abatements and there is a clear audit trail.

## FROM THE SELECTMEN'S OFFICE

During the past year the water and sewer projects have continued to absorb a substantial amount of the Selectmen's time. The citizens involved have shown a great deal of patience with the inconveniences caused by the projects. Now the end is in sight and we are looking forward to the improvements these facilities will provide.

The closing of the Summer Brook fish hatchery on Route 16 and the related problems caused by the Fish and Game Department's wish to dispose of the property has had state-wide publicity and has rallied the residents in a concerted effort to enable the town to acquire the property. Currently negotiations are in progress and we believe an equitable solution will result.

In August of 1982, Douglas W. Meader resigned for personal reasons, after serving the town as selectman for over six years. Throughout those years he have willingly of his time and effort to a multitude of projects and we wish to express our appreciation to Doug.

Warren F. Witherell was appointed to fill the vacancy on the Board on August 20th. His expertise in business and financial affairs, together with the enthusiasm with which he pursues the problems facing the town, have made Warren a tremendous asset to the Board.

A special town meeting was held in November of 1982 to act on two articles. The planning board presented a proposed Sign Ordinance to regulate the erection of signs on our highways. The ordinance was passed by a unanimous vote, a demonstration of the townspeople's recognition of the need for such regulation.

A second article, which also received a unanimous vote of approval, was to accept the generous offer of Mr. Gordon Pope to provide the funds necessary to repair and rebuild the West Ossipee covered bridge as a memorial to

his wife, Nancy Sheldon Pope. The restoration of this historical structure is a very thoughtful memorial gift and we all thank the donor for his generosity.

The tax map and property revaluation contracts have been awarded this past year. The tax map, being prepared by Yankee Title Abstract Co. of Ossipee, is proceeding on schedule and property revaluation, by United Appraisal Co. of Hartford, Connecticut, is due to be completed in time for the November 1983 tax billing.

We are once again grateful for the fine work done by each and every employee and volunteer. Without your able assistance, the town could not function as smoothly as it now does.

DAVID A. HELME, Chairman

# REPORT OF OSSIPEE POLICE DEPARTMENT 1982

To the Selectmen of Ossipee and Citizens of the Town:

The year of 1982 saw an increase in most all areas, crimes of theft were up nearly 700% over 1981, and other serious crimes were up, and motor vehicle offenses were up with moving violations leading the way, DWI arrests were up 33% over last year. This shows the trend of the economic and unemployment of these times.

We unfortunately had two fatal motor vehicle accidents resulting in four deaths, we also had a case of Attempted 2nd Degree Murder.

This year citizens awareness has been better than any other time in that neighbors are calling the police when they see something unusual and this is a great aid in crime prevention.

During the fall I again ran a part-time officers school and we certified 25 officers from around the county including Sheriff Deputies, State Police Aux., Forest Service and local police.

I am grateful for and express my heartfelt thanks to my officers, to the Town Officials, other department heads, and the citizens of Ossipee for their cooperation and assistance this year.

Respectfully yours,  
JOHN E. FOGARTY  
Chief of Police

WALLACE NUDD, JR.  
Director of Recreation

## OSSIPEE PLANNING BOARD

Due to the economy, the Planning Board experienced very little subdivision activity this past year.

As a result of various sign complaints, on May 6th we held a Public Hearing on a proposed Sign Ordinance. Twenty nine persons attended.

Local business men feared this would eliminate all signs in the Town of Ossipee and stressed the importance of signs to their businesses. Most of them objected to the major billboards in the Ossipee area, but felt that local businesses could not afford large signs. They also objected to proposed setbacks for signs and were against limiting the number of signs allowed per business.

Many of the Greater Ossipee Area Chamber of Commerce requested that the Board meet with them to discuss revisions to the Ordinance.

In May Chamber of Commerce members met with the Planning Board to incorporate revisions they felt were necessary to protect their business interests.

Also, Mark Wright, of Terrace Pines, came before the Board to point out that the limit of three off-site signs would create a hardship for his remote business location.

The above revisions were noted by the Board, and on September 30 we held our second Public Hearing. Ten persons attended and there were no objections to the revised Sign Ordinance. In November the Sign Ordinance was presented to the voters and accepted by the Town of Ossipee. We feel that this Ordinance is a combined effort of the local business men and the Planning Board to promote Ossipee area businesses and benefit our town.

We attended the Law Clinics held in Meredith. These

have proved very helpful in keeping up with new planning laws.

We welcomed a new member to the Board, Robert Wade, who replaced George Earnshaw. George was a faithful active member for six years. Other members include Kenneth Leavitt, Margie Vacca, Lorraine Onufry, and Warren Witherell.

Ossipee Planning Board**

### **OSSIPEE CONSERVATION COMMISSION**

To the Selectmen and Citizens of the Town of Ossipee.

The Ossipee Conservation Commission met throughout the year on the first Wednesday every month.

We now have five members who attend regularly. During the past year we attended Planning Board hearings and made site inspections. We also attended hearings on the Solid Waste Disposal and will attend future meetings also.

At the end of the year, we started getting involved in the Summer Brook Rearing Station problem. We feel that this tract of land should be returned to the town of Ossipee and remain in the public domain.

## REPORT OSS�PEE DOG WARDEN FOR 1982

### Summary of Calls:

114 Nuisance Calls

5 Vicious Complaints

33 Strays and 30 puppies picked up

3 Reports of small Domestic animal harassment

5 Dogs killed by cars

69 Missing dogs reports. Majority of these reported as found by either owner or the Dog Warden

3 Reports of mistreatment-referred to Humane Society

A total of 2,275 miles were traveled by the Dog Warden in 1982 on complaints answered.

248 Dog licenses were issued in 1982

9 Civil Forfeitures were collected for non-compliance with Law.

Despite the number of calls answered, I find that the majority responded to first warnings very well. I had few second visits to owners of nuisance causing dogs.

My greatest concern this year has been the number of abandoned puppies within our town. There is a heavy penalty for this should I ever be able to prove ownership, and I look forward to taking anyone guilty of such irresponsibility to court.

I am glad the majority of owners care enough about the animals they have taken responsibility for to obey the laws concerning them, and call on a missing animal and claim those I have found.

These are the people who make my job worthwhile. The others alone, would tend to make it unpalatable. I also want to thank those who understand and accept the warnings that are issued. You all make my job easier and I get to know some nice people.

Respectfully,  
MARTHA A. FRENCH  
Dog Warden  
Town of Ossipee

**COMMUNITY NURSE  
Visiting Nurse Association  
of Wolfeboro and Vicinity, Inc.  
Box 141, Wolfeboro, New Hampshire 03894  
(603) 569-2729**

**ANNUAL REPORT  
1982**

A total of 7414 home visits were made by the staff of the Visiting Nurse Association to 520 residents of our service area. The overall increase in visits is due to many factors, including earlier hospital discharge, greater awareness of our services by the general public and increasing co-operative efforts and referrals between health care providers. Federal regulations to attempt to contain hospital costs are now in effect and will result in even greater utilization of Home Health Services.

Home Health care has always been the primary function of this Agency, but Community Services and Clinics are consuming an increasing amount of Staff time. Adult Health Screening Clinics, in co-operation with local Lions' Clubs; Blood Pressure Screenings; and our Well Child Clinic Program have provided health services to an additional 1067 individuals in the past year.

In December we were able to offer dental cleaning and fluoride application to children enrolled in our Well Child Clinic Program for the first time. These children will be scheduled to receive this treatment every six months.

Through contracts and co-operative agreements we have provided services to residents of The Ledges, and to the WIC Program of Southern Carroll County, the Wolfeboro Area Children's Center, the Wolfeboro Senior Citizen's Group, Hospice of Southern Carroll County, school children of Alton, Wakefield, and the Governor Wentworth Regional School District, Carroll County Mental Health, Carroll County Health and Home Care Services, Lakes Region Community Health Care. These co-

operative services are cost effective for all programs and result in increased services for a greater number of residents.

We are grateful to the many local civic organizations who have donated equipment, services, and financial support to our Agency Programs; to organizations which have made space available for Clinic Programs, to the School Nurses and the many volunteers who have assisted us in providing services, and to you the taxpayers for your continued support of our appropriation requests.

Respectfully submitted,  
DAVENA R. DeWOLF, R.N.  
Nurse Administrator

## **OSSIPEE CONCERNED CITIZENS**

1982 continued to be a year of increased activity for Ossipee Concerned Citizens, Inc.

The Meals-on-Wheels program provided home delivered meals five days per week to 50 area elderly. The Congregate Meals, served on Tuesdays and Thursdays at the Senior Center, served an additional 2500 meals and afforded those persons an opportunity to socialize and participate in organized activities.

November brought to an end two years of waiting with the arrival of a new 15 passenger Van. Funding for the Van was provided through The New Hampshire Transportation Program and 2500.00 local match. The Van, which the Seniors have named "OSCAR", will enable us to provide transportation for shopping, medical, and recreational activities on a regular basis.

The WIC (Women, Infants and Childrens) program served over 750 clients throughout Carroll County. The program provides health screening and nutritional counseling and food packages to pregnant and breastfeeding women, and infants and children up to five years of age. WIC is funded by The Department of Agriculture.

Fundraising is an intergral part of obtaining revenues for Ossipee Concerned Citizens. Two projects which have become annual events, and which provide a large portion of these necessary funds are the Ossipee Independence Day Celebration and the O.C.C. Christmas Fair. Their success has been achieved by two factors: A highly active Board of Directors and Senior Citizens group, and the supportive attitude of the community.

Ossipee Concerned Citizens Inc. is a unique organization which provides necessary services, beneficial programs and community activities, creating a positive community pride and spirit.

We take this opportunity to voice our gratitude to those people who support the program, to the interest and enthusiasm of the Board of Directors and volunteers, and to the conscientiousness of each staff member.

Respectfully submitted,  
DONNA E. SARGENT  
Executive Director

## **OSSIPEE WATER DEPARTMENT**

To the Selectmen and Citizens of the Town of Ossipee:

The Town of Ossipee purchased the Ossipee Water Company in November of 1981, however water has flowed through pipes in this system since 1910 when the company was then known as the Ossipee Water & Electric Company.

In 1969 the Ossipee Water Company received notification of loss of the hydrant insurance rate, due to its inability to provide flows of water adequate for fire protection. This, as you know, increased fire insurance premiums.

January of 1980, the Town reviewed a study which was prepared to help the Selectmen in future planning of possible needs or changes to be affected on this Water system.

Through application to Housing Urban Development (HUD) a block grant was awarded to the Town for purchase and improvement to the 70 year old system.

You the voters and residents in 1981 gave the Selectmen the go ahead to accept the Block grant and apply these funds to the Water system. The Selectmen had Hoyle, Tanner & Associates Inc. (HTA), a consultant firm of Londonderry, New Hampshire, design an adequate system for present and future needs, including fire protection abilities.

Through the winter of January to March 1982, bids were submitted for this undertaking of replacement of old mains and hydrants in the impact area. On April 2, 1982 a contract was signed for work to commence immediately. The Contractor as you know, NCS Enterprises Inc. of Tilton, New Hampshire, was awarded the contract.

This past summer you have witnessed water mains as well as sewer mains being installed, also services to

individual houses and businesses. The inconvenience and difficulties you confronted were real, however, we now have the Water Project 75 percent - 80 percent completed. Work on both Water & Sewer projects have slowed for the Winter months.

Also I must advise you that the Insurance Service People (ISO) have run tests on the hydrant system and by late Spring we should be enjoying lower insurance premiums in the hydrant district.

Hopefully most water users have experienced increased pressure and volume.

In closing this newly commissioned department (Ossipee Water & Sewer Dept.) of one year, will strive to maintain and improve the systems ability to provide you with service.

Respectfully,  
ROLAND C. STOCKBRIDGE  
Supt. Water & Sewer Department

## **THE OSSIPEE RESCUE SQUAD REPORT FOR 1982**

As we enter our 5th year as an integral part of the Emergency Services of the town of Ossipee, the Ossipee Rescue Squad has realized many accomplishments. We have come from a small group of First Responders to a highly trained Emergency Medical Team.

In the past year, we have culminated a training program for young adults who are interested in the Emergency Medical Field. In this program we provide first aid training as well as some actual experience with rescue techniques in the field.

Our equipment aquisition list is also growing. We now have one of the newest and most versatile vehicle extrication tools now on the market. The tool is produced by the Hurst company and is commonly referred to as the "Jaws of Life." We also have obtained a cold water rescue suit which allows us the capability of executing a rescue in the coldest water without any danger to the rescuer. A fracture kit and air chisel have also been added to our inventory.

Again, I would like to thank my officers and fellow squad members for the time, effort and dedication they have contributed to the cause of caring for the sick and injured. And also, I would again like to thank all the people who have supported us through the years and without which the Ossipee Rescue Squad would never have become a reality.

Respectively,  
WAYNE K. ALESKA  
Captain, Ossipee Rescue Squad

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the N.H. Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention and control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire citizenry can this record be maintained.
