# TOWN WARRANT

---

## STATE OF NEW HAMPSHIRE

Cheshire, ss.

To the inhabitants of Alstead qualified to vote in town affairs.

You are hereby notified to meet at the Town Hall in said town on the eighth day of March, A. D. 1938, at nine o'clock in the forenoon to act on the following articles.

Art. 1. To choose one delegate to a convention to revise the State Constitution, town clerk, town treasurer, selectmen, tax collector, overseer of poor, one or more road agents, auditors, constables, library trustees, trustees of trust funds, fence viewers, sextons, cemetery committee, measurers of wood and surveyors of lumber, and other town officers as the voters may direct.

Art. 2. To see what sum of money the town will raise for ordinary town charges and for the support of the poor.

Art. 3. To see what sum of money the town will raise for highways and bridges.

Art. 4. To see if the town will raise \$750.00 for state aid construction bond.

Art. 5. To see what sum of money the town will raise to oil the village streets.

Art. 6. To see if the town will raise \$850.00 for street lights.

Art. 7. To see if the town will vote to raise a sum of money for the control of white pine blister rust.

Art. 8. To see if the town will raise \$1,179.00 for state aid construction and apply for state aid.

Art. 9. To see if the town will authorize the selectmen to sell real estate acquired by tax sale.

Art. 10. To see what sum of money the town will raise for the care of cemeteries.

Art. 11. To see if the town will raise \$25.00 for water rent for town hall and watering trough.

Art. 12. To see what sum of money the town will raise for the support of the library.

Art. 13. To see if the town will vote to raise a sum of money for control of tent caterpillar in Alstead streets.

Art. 14. To see if the town will vote to accept a trust fund of \$100.00 from Ella Dinsmore for the care of the William Cheever cemetery lot.

Art. 15. To see if the town will vote to accept a trust fund of \$100.00 from Charles Linsley for the care of his lot.

Art. 16. To see if the town will vote to accept a trust fund of \$100.00 from Mrs. Flora Frisbie for care of the Samuel Watts cemetery lot.

Art. 17. To see if the town will raise \$627.65 for class V roads and call for state assistance.

Art. 18. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.

Art. 19. To see if the town will raise \$30.00 for Memorial Day.

Art. 20. To see if the town will vote to observe and celebrate the anniversary of the ratification of the federal constitution by the state, June 21, 1938, and raise money for the same.

Art. 21. To see what sum of money the town will raise for the Monadnock Region.

Art. 21a. To see if the town will vote to buy a kitchen stove for the town hall and a stove for the jail, and raise money for the same.

Art. 21b. To see if the town will take any action on the matter of purchasing fire extinguishers for the town hall, and raise money for the same.

Art. 21c. To see what action the town will take in regard to a town history and what sum of money will be raised for the same.

Art. 22. To hear and allow accounts.

Art. 23. To transact any other business that may come before the meeting.

Given under our hand and seal this 21st day of February, A. D., 1938.

BURTON G. DANA,  
ROBERT M. BRACKETT,  
BENJ. H. BRAGG,

Selectmen of Alstead.

A true copy of warrant—Attest:

BURTON G. DANA,  
ROBERT M. BRACKETT,

Selectmen of Alstead.

**REPORT OF THE LIBRARIAN OF THE  
SHEDD-PORTER MEMORIAL LIBRARY  
For the Year Ending Jan. 31, 1938**

---

In submitting the following report, I wish particularly to make acknowledgement of the help received from all those who have contributed either material help or services which have made the results achieved possible:

(1) We are indebted to Mrs. J. G. Shedd for her munificent gift which has enabled us to buy much needed books.

(2) We have received gifts of valued additions to our books from the late Mrs. Schweppe, Mrs. Shedd, Mrs. Kirk, Mrs. Bontecou, Miss Sylvia Hitch, and the library of the late Charles Lindsley.

(3) By the kind cooperation of Mrs. Moore and the assistance of Messrs. Buss and Allen, mail carriers on the Star routes, facilities have been afforded so that persons who are unable to visit the library may receive books delivered to their mail boxes without cost.

(4) By the institution of a children's story hour held at the library on Saturday afternoons, the young people have been encouraged to visit the library and make use of the books provided for their recreation. In this connection the librarian is particularly indebted to Mrs. Drake, Mrs. Don Moore, Mrs. Elton Foster, the Misses Nye and Schnare who have conducted the story hour.

(5) At the time of writing a cataloguer from the Public Library Commission is engaged in bringing the card index system up to date, which will be a great convenience to the patrons of the library.

(6) Acknowledgement should also be made of the assistance rendered by the State Library in supplying books on special subjects not available from our own shelves.

Auditors.

## SCHOOL WARRANT

---

### STATE OF NEW HAMPSHIRE

To the inhabitants of the school district in the town of Alstead qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall, in said district on the 8th day of March 1938, at 2:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officer or agent of the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alterations in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the district will vote to authorize the school board to sell the school building at Center Alstead.

10. To see if the School District will authorize the School Board to borrow money on notes for the support of schools if necessary.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Alstead, this 21st day of February, 1938.

PARKER B. STEVENS,  
MAYBELLE H. STILL,  
CARROLL E. HATCH,

School Board.

A true copy of Warrant—Attest:

PARKER B. STEVENS,  
MAYBELLE H. STILL,  
CARROLL E. HATCH,

School Board.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Alstead:

I herewith submit my annual report as Superintendent of School.

### ORGANIZATION AND ENROLLMENT

Several changes were made in the teaching positions. Miss Alison Boright, a graduate of Boston University, was elected to fill the vacancy in the commercial department which was caused by the resignation of Miss Miley. In addition to teaching the commercial courses, Miss Boright gives instruction on the violin and assists with the school orchestra. Miss Evelyn Brinton was elected to conduct the activity and instruction in music. The work of this department, which was so well organized under the guidance of Mrs. Alice Moore, includes instruction in vocal music in the high and village elementary schools, instrumental music, class work in music appreciation, and the conduct of the school orchestra, band, operettas, etc.

Mr. Donald Tryon, University of New Hampshire 1937, succeeded Mr. Richard Martin as teacher of mathematics and science in the Vilas High School.

Miss Eva Johnson, a graduate of Keene Normal School, is teaching at East Alstead in the position vacated by Miss Doris Hitchcock. Miss Johnson had several years of successful teaching experience in the schools of Vermont before coming to Alstead.

The quality of instruction in the schools of the district is of a high standard. The teachers are well qualified by education and professional training and they are interested in the welfare of the pupils as well as in the work of the school.

Reading is the most important single subject of the elementary school and it is the basis for the successful development of the other fundamentals. Investigation has revealed that many children fail in new subjects principally because of their inability to read with understanding in these subjects.

It is now recognized that intelligent reading in such specialized subjects as mathematics, science, history and geography may be developed by gradually building up a vocabulary and establishing simple fundamental concepts. This is the aim in much of the newer reading material which is supplied in the elementary grades.

The program of standard and diagnostic tests, as outlined in previous reports, will be continued. These tests together with the remedial instruction designed to correct deficiencies in the fundamental processes have become established as an important part of our instructional procedure.

The school alone cannot carry the full responsibility for the education of children. Education consists principally of mental growth and social adjustment. The mere accumulation of knowledge is only one phase of education. Much more important is the modification in behavior tendencies and the proper adaptation of the individual to social and civic situations. There are many factors, agencies, and influences affecting the life of the child and these combined influences over a comparatively brief period of time determine the character and stamina of the individual. It is our responsibility as teachers and parents to encourage those influences which are desirable and to discourage any factors or agencies which may be detrimental to the interests of our children.

The two institutions of outstanding importance in the education of the child are the home and the school. Each must have an understanding and a sympathy with the work of the other. The basis of this cooperation is an understanding of each others problems. Misunderstandings frequently occur because of a difference in point of view. The parent very naturally regards his child as an individual and singles him out for preferred treatment. The teacher,

however, must regard each child as a member of the school who must learn to adjust himself socially and to subordinate his interests to those of the group.

#### SUMMARY OF ENROLLMENT, JANUARY 15, 1938

Vilas High School.	80
Vilas Junior High,	40
Village Elementary 4-6,	25
Village Primary 1-3,	31
East Alstead,	14
Mica Mine,	8
Rhodes,	13
	<hr/>
Total,	211

Tuition pupils are enrolled as follows:

	High	Junior High	Elementary
Aeworth,	24	15	4
Marlow,	7		3
Langdon,	13	10	2
Westminster, Vt.,	1		
Stoddard,	1		
Atkinson,	1		
	<hr/>	<hr/>	<hr/>
Total,	47	25	9

#### BUILDINGS AND EQUIPMENT

The following improvements and repairs were made to the school buildings during the year:

Vilas High School:

Service and repair on time clock, service on boilers, class room and gymnasium floors sealed and waxed, repair to drain from septic tank, new heater in lunch room.

The mimeograph and typewriters in the Commercial department were exchanged. A bass and a cadet drum were purchased for

the band. Reference books covering the work of each department of the school were purchased for the library.

Village:

The halls were refinished and the blinds painted.

Rhodes:

A screen door and new window screens were provided.

East Alstead:

One side of the roof was shingled. The septic tank in the boys' toilet was replaced. Repairs were made on the woodshed, the front porch, and corner foundation. New curtains were supplied.

Mica Mine:

The class room was redecorated, the exterior of the building was painted, and new curtains were supplied.

#### STATISTICAL REPORT 1936-1937

Total registration,	233
Average membership,	209.50
Percentage of attendance,	95.33
Cases of tardiness,	193
Number of pupils not absent or tardy,	18

There has been an increase in the total registration and average membership since last year. A very substantial improvement was made in the percentage of attendance. The percentage of attendance exceeds the average for the State. The very substantial decrease of 118 in the number of cases of tardiness and the increase of 8 in the number of pupils not absent or tardy is a very commendable improvement in the attendance record.

The various contributions by individuals and organizations which have been made to the schools during the year are much appreciated.

I wish to express my appreciation of the cooperation which I have received during the year from the members of the School Board, teachers, parents, and pupils.

Respectfully submitted,

CHARLES D. DALZELL,  
Superintendent of Schools.

---

**REPORT OF HEADMASTER**  
VILAS HIGH SCHOOL

---

Mr. Charles D. Dalzell, Superintendent of Schools,

Dear sir:

I herewith submit my fourth annual report as headmaster of Vilas High School.

**REGISTRATION**

	Jr. High	Sr. High	Total
September 7, 1937,	38	80	118
Registration since Sept. 7, 1937,	9	4	13
Transferred or left,	7	4	11
Registration Jan. 3, 1938,		80	120

The attendance record of the senior high school has been excellent. There have been several severe colds and cases of grippe in the junior high which has seriously affected the attendance record. We hope it will be possible for the attendance record of the junior high school to improve. Continued absence even though work is made up is sure to affect the standing and promotion of pupils.

**SCHOLARSHIP**

Special periods are set aside each day for make-up work. The teachers are glad at all times to assist pupils in their work and the pupils for the most part are conscientious in preparing their assign-

ments. The scholarship is in general good. Last spring when the state tests were given in English, our pupils were above the average for seniors in New Hampshire.

## ORGANIZATION ENGLISH

The work in English has been carried on much as in former years. We are using the new English program which is on trial this year throughout the state. It emphasizes the practical value of instruction, such as conversation, letter writing, newspaper, magazine, and radio appreciation, and increased skill in reading. A unit in the literature of New Hampshire is being taught for the first time this year.

Since it has been recognized that the high school must teach reading, at least one class will be given instruction in this fundamental skill. Teachers in all classes are attempting to coordinate the emphasis on correct oral and written English usage.

The French students particularly enjoy their correspondence with French boys and girls.

## COMMERCIAL COURSE

The Commercial course is being continued the same as in other years. The courses taught are Junior Business Training, Bookkeeping, Shorthand, Typing, and Office Practice. Members of the department have done much practical work such as filing, taking letters, and mimeographing.

## MATHEMATICS

Concrete algebra, geometry, and elementary business methods are being taught in the junior high school.

First year algebra and geometry are offered this year in the high school. A few students are taking special work in mathematics but there was not enough interest to warrant giving the regular advanced course.

## SCIENCE DEPARTMENT

The basic course, General Science, is offered in the two years of Junior High School.

The more advanced sciences—chemistry, biology, physiography, and physics are presented this current year in the High School. In chemistry, a soil testing program is being originated which will enable the student to test soils for mineral content, sulphates, nitrotes, and phosphates. Failure to find certain valuable and necessary ingredients in the soil tested will suggest the proper fertilizer to be used on that soil.

## SOCIAL STUDIES

Constitutional History—The purpose of constitutional history is to trace the main lines of constitutional development for more than a hundred and fifty years, beginning with the middle of the eighteenth century. State and town government are studied thoroughly as during the year the class attended the town meeting, conducted a town meeting within the school, and visited the last session of legislature.

History of Civilization—History of civilization serves as a source of obtaining the fundamentals of our present day organization. A narrative of human progress in all branches of civilization from its beginning in Ancient Egypt to the present civilization.

Sociology—In sociology, a study is made of present conditions, with an ethical purpose of finding some means for improving conditions. To develop in the individual an interest in bettering social conditions, a willingness to aid in betterment, and to attack social problems with an intelligent skill. A varied amount of reading is required.

## HOME ECONOMICS

The work in Home Economics has been carried on much the same as in previous years of school.

The Family Relationship class has studied the following units: Historical Background of the Family, Present setting of Family Life, Family Finances, The Family Employed and Some Laws Related to Family Life, Leisure Time and Child Care.

The units to be studied are: Family Life Today, The Art of Everyday Living, The Family and the Community, Home Care of the Sick, and Vocations.

Each member of this class added to the attractiveness of the school fair by showing a fall flower arrangement. Prizes were given for the three best arrangements. Nearly every member of the Foods and Nutrition class completed a home project in canning this fall. Girls who completed requirements exhibited canned goods at the fair.

The foods and nutrition class has studied the breakfast unit. This included the following topics: fruits, cereals, milk, eggs, quick bread, and table etiquette.

Each girl planned, prepared and served a breakfast family style in the laboratory.

New cooking aprons have been made by the class.

The department made colonial costumes for the class night pageant.

A fashion show was given for the mothers, at the gathering in May of mothers and daughters. A supper served by the girls preceded the show.

The Merry Mens Club continues to meet every two weeks.

### AGRICULTURE COURSE

This year we have 27 boys taking agriculture. In addition to their school work these boys have home projects in poultry, dairy and general agriculture.

In the school shop many articles have been made for farmers in the community as well as the regular projects the boys made for themselves. The older boys have specialized in farm machinery

repair this year including projects such as completely overhauling a hay loader.

Our school was represented in the State Public Speaking contest, and three boys exhibited eggs in the egg and baby chick show at Concord.

Several of the boys taking agriculture went to the Eastern States Exposition last September. It is felt they gained a great deal from their trip and we hope it can be repeated again.

In the egg and baby chick show Carl Fox won 25 baby chicks.

At the Interscholastic Judging contest Maytent Feuer was first in the state in fruit judging and William Mitchell had the highest total score of anyone in the state.

The boys taking agriculture assisted in getting and setting up many of the exhibits for the school fair.

#### GIRLS' PHYSICAL EDUCATION

Pupil leaders have been elected for each of ten sports scheduled throughout the year. Elected team captains cooperate with the sport leader and the teacher.

The sports leaders comprise an Athletic Council which adopted a tentative yearly schedule and set standards for earning a "letter."

Intra-mural competition in each sport is enthusiastically supported.

The girls have been encouraged to get more out-door exercise since the skating rink was built on the field; and a faculty member has organized a ski group.

The annual basketball play day, when Walpole is entertained is being arranged. The night of the boys' Keene game at home, two girls' teams played a close game.

The percentage of participants in activities is rising. Four classes of the six have 100% participation this year. It is encouraging that these are the younger four.

Just before Mothers' Day we entertained more than fifty mothers with an afternoon gym exhibit, a supper, and style show.

### BOYS' PHYSICAL EDUCATION

The program carried out during the past year has been to stress above all, good sportsmanship, ability to meet situations in life as well as on the field of play. Fair play and individual cooperation are the major points stressed in all activities. Much improvement has been noted in the ability of the boy as to muscular development.

Outdoor activities are strongly stressed in the spring and fall terms. During the winter term, those not interested in basketball, have been skiing and skating.

In the fall a touch football team was organized and two games were played with Simonds High School. Volleyball, and soccer were other activities played during the fall.

The basketball team acquired that necessary cooperation as a unit and a successful season was enjoyed.

The second annual father and son night was held on March 5th. These get-to-gethers are important and influential to the school and community as a whole. Fifty boys with their father or a friend attended.

On June 4th one hundred and sixty-five children from the grade schools of Aeworth, Alstead, East Alstead, Langdon, and Marlow participated in games on Vilas Field under the supervision of capable boys taking physical education in the high school. The purpose of this field day is to give the younger pupils that poise and desire to enter in and learn to mix with other individuals.

### SOCIAL PROGRAM

The social programs are directed to a large extent by the students themselves. Once a month we have a social sponsored by one of the classes. These socials are directed and planned by a student committee with the help of a faculty advisor.

Various classes put on an assembly program once every two weeks and occasionally an outside speaker is heard. Devotional exercises under the direction of the Senior class are held twice each week.

Last year our school band played in Langdon, Acworth, and Alstead on Memorial Day.

Hot lunches have been served during the winter term but only a few pupils have been able to purchase them.

Many parents have come to the school to talk over their children's problems. It is felt that this is very helpful and hope many more such visits by parents will be made.

The Vilas F. F. A. this year sent one boy to Kansas City to the National F. F. A. convention.

There has recently been organized a Hobby Club which meets noons and gives many pupils a chance to work at their favorite pastime.

This year the student body purchased and placed in operation a phonograph amplifier system in the school gym. This was financed by the dramatic club, the Girls' A. A., and the social fund. Some of the boys in the school shop installed it—building a table, record cabinet etc. This has been used many times in gym classes, noon dancing periods and at school parties.

Several books have been given to the library by organizations and interested citizens.

I would like to acknowledge the cordial cooperation of the Shedd-Porter library trustees and librarian.

In behalf of the school, I wish to thank the people of Alstead, Acworth, Langdon, and Marlow who have supported our work and cooperated in making it more effective. May I also express appreciation to the superintendent, teachers, pupils and parents for their whole-hearted cooperation.

Respectfully submitted,

PAUL J. FENTON,  
Headmaster of Vilas High School.

## REPORT OF SPECIAL TEACHER OF MUSIC

---

To the Superintendent of Schools:

I submit herewith my first annual report as special teacher of music at Alstead.

The chief aim in teaching music in the public schools is to teach artistic singing with beautiful tone quality. In working toward this goal we try to do three things. First, develop the desire to sing, second, to teach the child to sing, and third but not least, to teach the child how to express his feelings through music.

The matter of expression is of the greatest importance, and as one writer has so nobly put it, "The heights of music are reached only in the expression of feeling, its supreme significance is spiritual and its most glorious medium is the human voice."

We hope through this plan of study to arouse in the children a desire to hear good music, the ability to appreciate good music, acquiring an increasing skill as a singer and learning the use of singing as a means of self expression.

The Junior High and High School chorus have been given training in reading, in voice production, enunciation, expression, and interpretation.

The orchestra has a membership of 20 this year. We feel that the bass section will greatly decrease next year as many of the members are graduating in June. In the brass class we are preparing pupils to take the place of some of those who are graduating but the brass instruments are expensive and the young people feel that they cannot afford to buy these bass instruments. A gift of any instruments would be greatly appreciated by this department. The string group in the orchestra will be supplemented next year

by violinists from Miss Boright's violin class. Miss Boright is also helping with the orchestra.

The band has a membership of 18. The band is very appreciative of its new drums. They add so much to the organization. The group has several engagements for the spring.

Chorus groups and leads have begun rehearsals for "Bobby," an operetta to be presented in March.

I wish to express my sincere appreciation to Superintendent Dalzell, Mr. Fenton, Miss Boright and other teachers for the cooperation that has been accorded this department.

Respectfully submitted,

EVELYN L. BRINTON,

Special Teacher of Music.

## REPORT OF SCHOOL NURSE

---

Mr. C. D. Dalzell, Superintendent of Schools,

Dear Sir:

I herewith submit my annual report as school nurse.

- 217 pupils were inspected
- 19 pupils were underweight.
- 9 pupils had defective vision-uncorrected.
- 3 pupils had defective hearing.
- 127 pupils were in need of dental care.
- 19 pupils showed poor posture.
- 16 pupils were recommended to have throat and nose examinations by a physician.
- 11 pupils had enlarged neck glands.
- 10 pupils unvaccinated, without proper excuse.

Dental clinics were held May 21st, October, 20th and November 22nd, 1937. Dr. J. H. Grimes, Keene, N. H., was the Dentist. Work done as follows:

Number of pupils treated,	35
Number of porcelain fillings,	5
Number of silver fillings,	17
Number of extractions,	21
Number of pupils having teeth cleaned,	25

Total bill for this work \$28.50, paid for by the parents of pupils having work done.

- 36 pupils had their teeth cared for by their own dentist.
- 5 pupils had special eye examination and defects corrected.
- 2 tonsil cases were treated.

I wish to express the appreciation of the district to the local Red Cross chapter for assistance given in carrying on the work.

I also wish to express my appreciation to Superintendent, Headmaster, teachers, parents and pupils for their help and cooperation.

Respectfully submitted,

FRANCES F. EDGETT, R. N.

School Nurse.

## REPORT OF SCHOOL BOARD

For Year Ending June 30, 1937

---
