REPORT.

COMMISSIONERS' REPORT.

The Commissioners of the County of Carroll herewith submit their report which, owing to a change in the law, embraces a period of twenty months viz: from May 1, 1891, to Dec. 31, 1892, together with the reports of the other county officers as prescribed by law.

FINANCIAL STANDING OF THE COUNTY.

The Bonds due at 4 per cent.,	\$40,000 00
Interest on same,	533 33
	<hr/>
	\$40,533 33

The County has assets as follows:

County Farm and buildings,	\$20,000 00
Personal Property at Farm,	6,243 82
Cash in hands of Treasurer,	20,250 13
Due from Wolfeboro and Freedom on assessment, 1892,	2,598 61
Due from fines and costs collectable,	414 68

The debt less cash in Treasury, due from towns, fines collectable and personal property at Farm is \$11,026 09, which would reduce the debt \$31,363 20 or by including cash in hands of Treasurer, fines collectable and due from towns, without personal property at Farm, it would make the debt \$17,269 91, a reduction of \$25,119 38. We congratulate the taxpayers of the County on the reduction of the debt for the past twenty months. And we see no reason why it should not be fully paid in two years from this time. The bonds do not become due until September, 1894, and a large portion of the money in the hands of the Treasurer is drawing interest at 4 per cent. The expense of taking care of the poor has been less both at the Farm and also those assisted away from the

Farm. Many of the Soldiers who have formerly received assistance have been placed on the Pension Roll so our expenses in this direction have materially lessened. It will be noticed that \$204 66 due from the town of Ossipee on account of Mary A. Bertwell inquest has been omitted from the list of assets as the Court has decided that the town is not liable for the same. We again thank the Selectmen of the several towns for assistance rendered in keeping the expenses on the decrease, and trust we shall have their co-operation in the future.

It will be noticed that the cost of keeping the poor at the Farm is only a fraction in excess of \$1.19 per week, which includes taxes and insurance for two years. This favorable showing is the result of prudent and careful management on the part of Mr. and Mrs. Manson. And while the cost is below many other counties in the state, we can assure the people of the county that the unfortunates under their charge are suitably provided with everything to make them comfortable and tenderly cared for in sickness, many of them undoubtedly having a better home than ever before. Believing it to be for the interests of the taxpayers as well as the unfortunate poor we have secured the services of Mr. and Mrs. Manson until December 31, 1893.

We have erected at an expense of \$1,334 an addition to the Court House containing two jury rooms, two consultation rooms and toilet, which in our own judgement was much needed and seems to be appreciated by all having business at our courts. We have expended about \$250 in repairs on the old part of the Court house, which after shingling the south side will need but little if any repairs for a number of years.

We shall suggest to the County delegation the propriety of voting an appropriation for putting in a system of steam or hot water heating for the Alms house as a matter of economy and humanity, to lessen the danger from fire not only to property but also to life. With our present system of heating with stoves, often cared for in part by inmates, the danger from fire is very great and in case of fire some of the unfort-

unates would no doubt perish. We think too that with slight expense the water system could be so improved as to be more efficient and afford a better protection from the fiery element.

SOLICITOR'S REPORT.

FROM MAY 1, 1891, TO DECEMBER 31, 1892

The County has been interested in no civil suit, so that my services have not been required in this respect.

At the October Term, 1891, twenty (20) indictments were found. Of these: one was for rape, one for attempt to rape, one for burglary, one for maintaining a nuisance (slaughter house), one for keeping a disorderly house, one for defrauding hotel keeper, one for larceny, and thirteen for violation of the prohibitory law in the sale of liquor and lager beer. Four persons were sentenced to state prison, and three to jail. There were two criminal jury trials. Fines and costs were paid in some of the liquor indictments, and the others were continued; in four instances, because the respondents were not to be found; and in the remaining instances, mittimus was to issue whenever called for.

At the April Term, 1892, nineteen indictments were found. Of these: one was for assault with intent to murder, and the remainder were for violation of the prohibitory law in the sale of liquor, lager beer and cider. There was a trial, conviction.

and sentence to state prison in the assault case. In the liquor cases, fines aggregating three hundred and eighty dollars were paid and also all costs.

At the October Term, 1892, fifteen indictments were found. Of these: one was for disfiguring a horse, one for robbery, one for larceny, one for false statement of distance proposed to be traveled, one for over-driving a horse, one for attempt to rape, and nine for violation of the prohibitory law in the sale of liquor and lager beer. Three persons were sent to state prison and one to jail. Fines and costs were paid in the liquor indictments in all cases excepting in one, where the respondent was not to be found.

December 31, 1892.

INDIGENT SOLDIERS' ACCOUNT.

As the law of 1885 has been repealed by the legislature, we would call the attention of selectmen and overseers to the law passed relating to this account:

AN ACT in relation to aid furnished indigent soldiers, and providing for entrance to the soldiers' home, in certain cases.

Be it enacted by the Senate and House of Representatives in General Court convened:

SECTION 1. Chapter 41 of the session laws of 1885, entitled "An act for the relief of poor persons who have served in the army or navy of the United States, and their dependent families, and chapter 45 of the session laws of 1887, in amendment of said act, are hereby repealed.

SEC. 2. Whenever any person resident in this state, who enlisted in the quota of this state, and was reckoned and served as a soldier or sailor from New Hampshire in the army or navy of the United States in the war of the rebellion and who received an honorable discharge, not being under guardianship or legal restraint, shall become poor and unable to provide maintenance for himself and dependent family, such person, his wife, widow, or minor children, or such of said children as are unable to maintain themselves, shall be supported at the public expense in the town or city of their abode, at their own home or such place other than a town or county almshouse, as the overseers of the poor or the county commissioners shall deem right and proper,—*provided*, that no person shall receive aid under the provisions of this act unless he has resided in this state three years or more before making application for such aid; and *provided*, that any person applying

for such aid, shall, when requested, furnish to the county commissioners or the overseers of the poor the certificate of a reputable physician, resident in the county in which he lives, that he is incapacitated to perform manual labor; and *provided*, that no person shall, while receiving aid under the provisions of this act, use intoxicating liquors to an extent which will render him incapable of working at his usual occupation; and *provided*, that any person receiving aid under the provisions of this act, who receives a pension from the United States government, shall, while receiving such aid, apply such pension to the support of himself and dependent family, and shall, when requested, furnish to the overseers of the poor or the county commissioners satisfactory proof that such pension has been so applied; and *provided*, that no person receiving aid under the provisions of this act shall sell any article furnished him, nor exchange them for intoxicating liquors, nor share any such aid with any persons other than those above named as being entitled to the benefit of this act. Neglect by any person applying for or receiving aid under the provisions of this act to comply with the foregoing provisions and conditions, shall relieve the town or county liable for such person's support from the provisions of this act so far as such person is concerned, and such person may be supported at the town or county almshouse.

SEC. 3. The county commissioners, or the overseers of the poor of any town, may require any person applying for aid under the provisions of this act, who is eligible for admission, to make application for admission to the New Hampshire Soldiers' Home, in case he has no family or settled place of abode, whenever, in their discretion, they deem it best; and if such person refuses to make such application, or, if admitted, refuses to go to said soldiers' home, the county or the town shall be relieved from the provisions of this act so far as such person is concerned, and he may be supported at the county or town almshouse.

SEC. 4. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed, and this act shall take effect upon its passage.

Approved April 7, 1891.

PAUPERS AWAY FROM THE FARM.

The expense under this head has increased some since the last report. This class of paupers are increasing yearly. We have a number of old people who are quite feeble and expensive, and not able to be taken to the farm. The great amount of sickness caused by "la grippe" last winter among this class added much to the expense.

As the county farm is not a proper place for children, we keep them in their own homes if they have them; if not, we try to procure good places for them elsewhere.

The number of inmates and expense per week will be found in the superintendent's report.

The barn that was authorized by the last county convention has been built, and is a convenient and commodious structure.

We have added a creamery, and a silo, which were much needed improvements.

We sell our cream in Boston, and purchase our butter, which is a great financial saving.

We have also built an addition to the ice-house, which was much needed.

Mr. and Mrs. Tasker have been in charge for the past six years, and, we believe, have discharged their duties efficiently. We wish to thank them and their assistants for their interest in, and kindness shown to, those under their charge.

NOTE.—That no injustice may be done to the veteran soldier, allow me to correct an error in the report of April 30, 1891 (whereby the name of Robert Johnson appeared as a dependent soldier), by the following statement: Mr. Johnson was admitted to be cared for Dec. 5, 1890, and died March 25, 1891. While he was at the farm I received his pension, amounting to four hundred and five dollars. At his request I settled some bills of his contracting, and, at the time of his death, after deducting full compensation for all his expenses while here, there being no known relatives living, I paid a committee of W. I. Brown Post, No. 31, G. A. R., the balance in my hands of \$307.15, taking the receipt of the Hon. John C. Linehan for the same. The post, through its committee, with commendable promptness, purchased a desirable lot in the cemetery at Penacook, superintended the burial, and erected a substantial monument to his memory.

With our thanks for your liberality and kindness shown us at all times, this report is respectfully submitted.

Superintendent.

JAILOR'S REPORT.

To the Board of Commissioners of Merrimack County:

GENTLEMEN:—I herewith submit the report of number of prisoners confined in Merrimack county jail, since the last report of May 1, 1891, to December 31, 1892, as shown by the records of the jail:

Number in jail, May 1, 1891,	7
Number committed from May 1, 1891, to December 31, 1892,	152
Total,	159
Number discharged,	137
Number in jail, December 31, 1892,	22
Total,	159

WILLIAM J. AHERN, *Jailor.*

PHYSICIAN'S REPORT.

To the Commissioners of Merrimack County:

Since my last report the jail has sustained a great loss in the death of ex-Sheriff William K. Norton. For some years sheriff and jailor, by his whole-souled, full-hearted, and broad-minded life he had endeared himself to a legion of warmly-devoted friends, and his unexpected end saddened many a heart. A good man has been taken from us, and we mourn his departure.

In selecting his successor, no better man could have been chosen than Mr. William J. Ahern, the present incumbent; genial, humane, kind, yet firm, always attentive to duty—in

him the prisoner has a friend, the county a most faithful official.

The jail has never been in so good a sanitary condition as it is to-day; during the past year the interior has been thoroughly cleansed, whitened, and painted. But, because of the greater number of inmates, there has been an absolute increase of illness, and as we are liable to have more prisoners in the future than in the past, I would again call your attention to the necessity of having a suitable place provided for the sick and diseased. The present arrangement is a detriment to the physician and patient.

D. E. SULLIVAN.

Concord, N. H., Jan. 1, 1893.

REPORT OF THE COUNTY SOLICITOR.

To the Board of County Commissioners:

GENTLEMEN: I have the honor to submit herewith my report for the period between July 1, 1891, and December 31, 1892, inclusive. During that time the grand jury found and returned the following indictments:

For abusing female child	1
abusing horse,	1
accessory to larceny,	1
adultery,	4
assault,	2
aggravated assault,	3
assault with intent to kill,	3
assaulting police officer,	2
breaking and entering,	8
common seller,	1
false pretences,	8
fornication,	1
gross lewdness,	1
horse stealing,	3
keeping disorderly house,	1
keeping spirituous liquor,	3
keeping malt liquor,	4
larceny,	11
larceny from person,	1
lascivious behavior,	1
manslaughter,	1
peddling without license,	1
placing obstructions on railroad track,	1
receiving stolen property,	1

For selling malt liquor,	2
selling spirituous liquor,	4
selling mortgaged property,	1
stealing cattle,	1
tramp,	1
	<hr/>
Total,	73

Four of the persons indicted were committed to the state prison, and nearly all the other cases were satisfactorily disposed of.

During the period no suit against the county, with which I had any connection, was pending. One case was transferred to the full bench of the supreme court, and decided in favor of the state.

Respectfully submitted,

DANIEL B. DONOVAN,
County Solicitor.

CHAPLAINS' REPORTS.

REPORT OF REV. G. T. GRIFFIN.

To the Commissioners of the County of Merrimack:

KIND SIRs: It was my pleasure to serve as your chaplain from April 30, 1891, to May 15, 1892, to speak on twenty-eight sabbaths, to officiate at seven funerals, and to attend one Christmas festival. These gatherings were characterized by good attendance, strict attention, and profound stillness for a mixed assembly.

I desire to express my appreciation of the symmetrical and economical method by which the affairs of Merrimack county are so wisely, judiciously, and impartially conducted. In and out of the buildings I found a systemized plan well carried out. Everything was a model of neatness and comfort (and why not, in this land of free water and dirt-removers, for "cleanliness is next to godliness?"), thereby removing my former prejudice and unfavorable impressions respecting such institutions.

The proficiency of Mr. and Mrs. Tasker was shown by their tact, kindness, and frankness, wishing no one harm, and desiring the equal comfort of all who obeyed the rules of the institution. This proficiency was exemplified, whether in chapel on the Sabbath, in or out of the buildings on other days, attending to the wants of the inmates, or in the distribution of presents at Christmas-tide.

We hope and trust that the religious instruction at this place of the poor, of the deranged mind, and of the criminal, is not cast upon the foaming waves never to return, but in after years may it prove a blessing to homes of Merrimack and other counties, for only the rolling eternity will see and know the good we may accomplish as we pass along the rapid-flowing river of time.

Respectfully submitted,

G. T. GRIFFIN.

REPORT OF REV. EDWIN S. ELDER.

To the Commissioners of the County of Merrimack :

GENTLEMEN : When I accepted the position of chaplain of the county farm I felt that I was taking upon myself a serious responsibility. I was to minister to the moral and spiritual needs of as many of the inmates as I could reach. My endeavor has been to inspire those who may, if they will, enjoy an honorable career in the world, with a moral purpose ; to awaken in their hearts a stronger love of virtue ; to hold before them worthy ideals of life and character ; to help them discern and feel the exceeding sinfulness of sin, and to impart to them an impulse towards pure, temperate, and noble living.

Those who, because of age or infirmities of body or mind, can do but little save to wait for nature's release from the burdens of life, I have encouraged to look beyond the visible and temporal towards the invisible and eternal, and to trust the larger hope that every winter will turn to spring.

I have carried to my duties, and have endeavored to express, a sympathy for the aged and infirm, a pity for and a desire to help those whose misfortune is the strength of their appetites, or the weakness of their wills. If I have not carried to these, my fellow creatures, somewhat of that same love, compassion, and beneficent pity that Christ poured out upon the homeless and diseased of His time, then am I no minister of His. Whether or not my effort shall avail anything to cheer, to console, encourage, strengthen and uplift, I know not. Only of the motive, aim, and endeavor am I certain.

I take this occasion to express my appreciation of the thoroughly admirable condition of the home and the air of comfort and cheerfulness that pervades it, under the kindly and efficient management of the superintendent and his wife.

Merrimack county may well take pride in this model institution for its dependent poor. Were the community as zealous in its prevention of the chief cause and source of poverty and crime as it is humane in its treatment of its dependent classes, there would be a rapid decrease in the number needing aid.

Franklin Falls, Jan. 4, 1893.

EDWIN S. ELDER.

Since assuming charge of the sick at the Merrimack County Almshouse and House of Correction, in May, 1892, I am glad to be able to report a season of general health among the occupants. There were, in May, a few cases of scarlet-fever, most of which were of a mild type, and there were no fatal cases. The above-mentioned cases constitute all of the sickness of a contagious character.

Your almshouse, generally speaking, is well equipped for the care of the sick, and the hearty co-operation of the superintendent and nurse, in faithfully carrying out all directions and suggestions, particularly in the matter of disinfection after the attack of scarletina, has rendered my duties much less arduous, as well as very pleasant. The scrupulous cleanliness of every thing in the apartments of the sick, extending to the person and bedding, as well as to the walls and floor of the rooms, reflects great credit upon those in charge.

The present physical condition of the occupants of the almshouse is good. While the number of inmates is at present the largest for many years at least, there is much less than the usual amount of illness. A few minor improvements are needed, which can be made with a comparatively small expenditure. When these are completed, your facilities for caring

for the sick will, I think, compare favorably with any similar institution in the state.

The statistical report for the first year of the time covered by this report is made by Dr. E. E. Graves, and will be found on the preceding pages.

Respectfully submitted,

HENRY DODGE.

AUDITORS' REPORT.

We have carefully examined the accounts of the county commissioners and the treasurer, and find them correctly cast and properly vouched.

The purchases have been made at a fair market price, and have been used strictly for county purposes.

CHARLES W. STONE,
County Auditors.
