MISSION STATEMENT
The Mission of Granite State College is to expand access to public higher education to adults of all ages throughout the state of New Hampshire.

The College achieves this mission by offering degrees and contract programs of excellence that serve our communities through student-responsive curricula, innovative teaching methods, and ongoing assessments of learning outcomes. Granite State College fosters partnerships with area businesses, local and state organizations, and other higher education institutions in order to bring high quality academic experiences to the residents of New Hampshire in an effective and efficient manner.

ACCREDITATION
Granite State College is accredited by the New England Association of Schools and Colleges, Inc., through its Commission on Institutions of Higher Education.
CATALOG LIMITATIONS
This catalog describes policies, programs and procedures of Granite State College that are in effect at the time of its preparation, July 2015.

The catalog is intended as a general guide to the College’s organization, programs, courses, policies, fees and program requirements, all of which are subject to change without notice. All information contained in this catalog should be verified with appropriate Granite State College staff. Granite State College reserves the right to cancel, postpone, or combine class sections, to limit registrations, and to change instructors.

AFFIRMATIVE ACTION STATEMENT
Granite State College is a public institution with a long-standing commitment to equal opportunity for all. It does not discriminate on the basis of race, color, religion, sex, national origin, age, sexual orientation, veteran’s status, disability, or marital status in admission or access to, or treatment or employment in, its programs or activities. Inquiries and complaints related to discrimination of any kind may be directed to the Director of Human Resources at 603-513-1319 or maggie.hyndman@granite.edu.

The Title IX Coordinator for GSC is the Director of Student Affairs. Inquiries may be directed to kate.oneill@granite.edu or 603-513-1140.

This catalog is true and correct in content and policy.

Granite State College is committed to empowering and educating students in New Hampshire and beyond by delivering unparalleled, high-quality education in an accessible, affordable, flexible, and innovative setting. As one of the four institutions of the University System of New Hampshire, Granite State College annually serves more than 3,500 students, and has served over 61,000 students since 1972. The College proudly delivers practical and relevant education in the classroom and online offering Associate, Bachelor’s and Master’s Degrees, Post-Baccalaureate programs for teacher education and a variety of transfer opportunities.

HISTORY
In 1972, the Trustees of the University System of New Hampshire (USNH) created the School of Continuing Studies (SOCS) to deliver USNH programs to adults across the state in the communities where they live and work. Later renamed the College for Lifelong Learning (CLL), the institution grew into a college serving more than 4,000 adult students each year. In the spring of 2005 a statewide needs assessment was commissioned by the University System of New Hampshire. The resulting report supported an expanded mission for the College and a focus on providing greater access to other University System programs and services. In 2009 Granite State College created and adopted its Master Plan 2009-2019 to guide the institution through the next decade. In 2011, the College began offering the Master of Science degree.

VISION STATEMENT AND VALUES
Granite State College will be nationally recognized as a leader in meeting the academic needs of adult students by offering programs and services of the highest quality that address the educational and workforce priorities of our state and regions. Our statewide presence, innovative programs, and responsive delivery models will enable us to provide a greater number and more diverse group of students with increased educational opportunities. Granite State College will continue to be the institution of choice for individuals who wish to be part of a teaching and learning environment that actively promotes academic success, personal development, professional growth, and community involvement.

The mission and vision statements of Granite State College reflect the following core values identified as key elements in successfully meeting the educational needs of our students:

- Our primary commitment to and respect for students of all ages, for whom our innovative college programs are designed
- Our commitment to ensure access for all students in the state of New Hampshire who desire a college education, and the consequent commitment to make college convenient and financially affordable
- Our belief that learning is a lifelong process
- Our determination to provide an academic experience that extends critical thinking throughout the curriculum, integrates theory and practice, has a strong foundation in the liberal arts and sciences, and fosters self-directed learning
- Our belief that effective teaching and learning results in assessable outcomes
- Our determination to have a positive social and economic impact on the communities of which our students are members
- Our commitment to diversity and the educational value that inclusion brings to the learning experience
- Our recognition that staff and faculty are vital members of our community and the College respects and values their essential contribution to the education of our students. Hence, the
College will support the lifelong learning goals of our staff and faculty.

OUTCOMES-BASED LEARNING

As a degree granting institution our greatest concern is that our graduates master a specific set of skills and competencies. The College's outcome-based degree programs and curriculum:

• Provide standards to be met in demonstrating competence
• Form a base from which to design and pursue learning activities
• Foster the ability to demonstrate self-directed learning

DEGREES AND COURSES ONLINE

The College is the University System's leader in delivering online education, making it possible for people to earn a degree totally online. Students have access to an online community of faculty, course materials, library services and resources, and fellow students. Technical assistance is available for all students (see page 3).

FACULTY

Granite State College's faculty is comprised of scholars and practitioners whose expertise in the subjects they teach comes to life in their interactions with students. The College employs faculty with credentials at the Master's or doctoral level who are dedicated to its mission and who appreciate the profound influence of their effective teaching upon the diverse educational journeys of adults. Granite State College faculty members inspire students toward self-directed learning.

INSTITUTIONAL ASSESSMENT

To examine the College's effectiveness in providing an environment that facilitates the acquisition of skills and knowledge and the enhancement of lifelong learning, the College has developed an institution-wide assessment program. The program includes the assessment of broad educational outcomes as well as specific program and course outcomes. Additionally, the program provides an examination of the effectiveness of teaching environments as well as services that support learning.

The goal of the assessment process is to provide research-based information that leads to continuous program involvement and enhanced educational services for adults.

GENERAL INFORMATION

3
ACADEMIC PROGRAMS AT GRANITE STATE COLLEGE

POST-BACCALAUREATE TEACHER CERTIFICATION PROGRAM

- Early Childhood Special Education (0-8) and Early Childhood Education (N-3)
- General Special Education (K-12) and Elementary Education (K-8)
- General Special Education (K-12)
- General Special Education (K-12) and Advanced Endorsement (LD, EBD, or IDD)
- General Special Education (K-12) and Reading and Writing Teacher (K-12)
- General Special Education (K-12) and English for Speakers of Other Languages (K-12)
- General Special Education (K-12) and Mathematics, Grades 5-8
- General Special Education (K-12) and Secondary Mathematics, 7-12
- English for Speakers of Other Languages (K-12)
- Mathematics for Grades 5-8
- Secondary Mathematics for Grades 7-12

Additional Certifications for Already Certified Teachers
- Reading and Writing Teacher (K-12)
- Reading and Writing Specialist (K-12)

Advanced Endorsements for Special Education Teachers
- Specific Learning Disabilities (K-12)
- Emotional and Behavioral Disabilities (K-12)
- Intellectual and Developmental Disabilities (K-12)

Post-Baccalaureate Certificate
- Applied Behavior Analysis

MASTER OF SCIENCE

- Leadership
- Management
- Project Management

POST-BACCALAUREATE TEACHER CERTIFICATION PROGRAM

Granite State College offers a Post-Baccalaureate Program for candidates interested in pursuing teacher certification in the following areas:

- Early Childhood Special Education (0-8) and Early Childhood Education (N-3)
- General Special Education (K-12) and Elementary Education (K-8)
- General Special Education (K-12) and Reading and Writing Teacher (K-12)
- General Special Education (K-12) and English for Speakers of Other Languages (K-12)
- General Special Education (K-12) and Mathematics, Grades 5-8
- General Special Education (K-12) and Secondary Mathematics, 7-12
- English for Speakers of Other Languages (K-12)
- Mathematics for Grades 5-8
- Secondary Mathematics for Grades 7-12

Additional Certifications
- Reading and Writing Teacher (K-12)
- Reading and Writing Specialist (K-12)

Advanced Endorsements
- Specific Learning Disabilities (K-12)
- Emotional and Behavioral Disabilities (K-12)
- Intellectual and Developmental Disabilities (K-12)

Post-Baccalaureate Certificate
- Applied Behavior Analysis

The GSC Post-Baccalaureate Teacher Certification program is designed for 21st Century Educators, providing an in-depth focus on the critical issues that are transforming the landscape of education—innovation, critical thinking, problem solving and collaboration.

Graduates will:
- Be reflective and knowledgeable about learners and are able to employ instructional methods, strategies and technologies to meet the needs of all students;
- Have a rich understanding of the subject/s that they teach;
- Employ best practices in the planning, delivery and assessment of instruction to improve learning achievement of Pre-K-12 students.

This clinical program is open to qualified candidates who have a Bachelor’s Degree, passing PRAXIS Core Academic Skills for Educators score, and are working in an approved New Hampshire school or program as either a para-educator or a teacher, or volunteering a minimum of 10 hours a week.

In this clinical program, candidates work with three mentors throughout their plan of study:
- Granite State College (GSC) professor
- GSC Field Placement Faculty in the field-experience, and
- School/Program Supervising Practitioner or Mentor in the field-experience.

These highly qualified mentors provide guidance and feedback throughout the plan of study, which includes research-based pedagogies, innovative technologies, collaborative teaching, analysis of data for instructional decisions and on-going problem-solving, to build teaching capacity over time.
A Candidate’s plan of study includes face-to-face classes, online classes, hybrid classes, intensive classes and one-on-one classes, when appropriate. Assignments are meaningful to the individual candidate, relevant to the field-experience, and tailored to the learning needs of the K-12 student. This teacher certification program prepares candidates to be innovative and effective teachers who understand how to collaboratively develop and sustain quality programs for 21st Century learning, within the unrelenting day-to-day realities of K-12 school environments.

Clinical courses in each certification program have an additional $250 fee to support the on-going supervision and support of the field-based experience. Graduates of the Post-Baccalaureate Teacher Certification program may transfer up to 24 credits toward a 36 credit M.Ed. at either Keene State College or Plymouth State University. A 3.0 GPA is required for recommendation to the New Hampshire Department of Education for teacher Certification.

AND
M.S. in MANAGEMENT

Granite State College’s Master of Science in Management (MSM) is designed to provide a comprehensive business education for managers and aspiring managers in all types of organizations. The principles of management, when mastered, are applicable in any sector of business: commerce, education, health care, government, or social services. This advanced management program prepares professionals for career opportunities and growth. Students learn specialized skills and how to apply them so they can contribute immediately and effectively to the management and growth of an organization. This professional Master’s Degree program is suitable for participants who already hold managerial positions or aspire to move into one.

Graduates will:
- Increase their capacity to lead in organizational situations
- Apply knowledge in new and unfamiliar circumstances through a conceptual understanding of relevant disciplines
- Adapt and innovate to solve problems
- Learn how to cope with unforeseen events and manage unpredictable environments
- Understand management issues from a global perspective

Required Courses:
- ACCT 810 Management Accounting 3 cr
- LD 821 Ethical Decision-Making 3 cr
- MGMT 805 Organizational Behavior 3 cr
- MGMT 810 Marketing Management 3 cr
- MGMT 824 Financial Management 3 cr
- MGMT 830 Changing Economics 3 cr
- MGMT 835 Decision Analysis for Managers 3 cr
- MGMT 850 Strategic Management Integrative Capstone 3 cr
- PM 810 Change Management and Communication 3 cr

Elective Courses:
(Select one of the following approved courses)
- ACCT 810 Management Accounting 3 cr
- MGMT 805 Organizational Behavior 3 cr
- MGMT 810 Marketing Management 3 cr
- MGMT 824 Financial Management 3 cr
- MGMT 830 Changing Economics 3 cr
- MGMT 835 Decision Analysis for Managers 3 cr
- MGMT 850 Strategic Management Integrative Capstone 3 cr
- PM 810 Change Management and Communication 3 cr

M.S. in LEADERSHIP

Granite State College’s Master of Science in Leadership (MSLD) is designed to meet the needs of professionals in every industry who want to enhance their leadership skills while also gaining a deeper perspective of organizational management.

Graduates will:
- Assess and enrich their capacity to function as a leader in today’s environment.
- Develop an appreciation of how to become leaderful.
- Determine organizational relationships to facilitate organizational effectiveness.
- Assess their ethical framework in the context of an effective leadership model.
- Augment their ability to lead people and teams to excellence in projects and organizational settings.
- Conduct visionary exercises to facilitate organizational growth and opportunity.
- Invent new ways to respond to changes in the environment of an organization and actualize organizational vision.

Required Courses:
- LD 820 Cultivating Your Leadership Capabilities 3 cr
- LD 821 Ethical Decision-Making 3 cr
- COMM 800 Foundations of Organizational Communication 3 cr
- LD 822 Maximizing Your Organization’s Potential 3 cr
- PM 804 Leading Teams 3 cr
- LD 823 Emergence of a Strategic Leader 3 cr
- PM 810 Change Management and Communication 3 cr
- LD 850 Leadership Integrative Capstone 3 cr

Elective Courses:
(Select one of the following groups of approved courses)
- PM 800 Project Management Seminar 3 cr
- Project Planning and Scheduling 3 cr

M.S. in LEADERSHIP

Granite State College’s Master of Science in Leadership (MSLD) is designed to meet the needs of professionals in every industry who want to enhance their leadership skills while also gaining a deeper perspective of organizational management.

Graduates will:
- Assess and enrich their capacity to function as a leader in today’s environment.
- Develop an appreciation of how to become leaderful.
- Determine organizational relationships to facilitate organizational effectiveness.
- Assess their ethical framework in the context of an effective leadership model.
- Augment their ability to lead people and teams to excellence in projects and organizational settings.
- Conduct visionary exercises to facilitate organizational growth and opportunity.
- Invent new ways to respond to changes in the environment of an organization and actualize organizational vision.

Required Courses:
- LD 820 Cultivating Your Leadership Capabilities 3 cr
- LD 821 Ethical Decision-Making 3 cr
- COMM 800 Foundations of Organizational Communication 3 cr
- LD 822 Maximizing Your Organization’s Potential 3 cr
- PM 804 Leading Teams 3 cr
- LD 823 Emergence of a Strategic Leader 3 cr
- PM 810 Change Management and Communication 3 cr
- LD 850 Leadership Integrative Capstone 3 cr

Total 30 credits
M.S. in PROJECT MANAGEMENT
Granite State College’s Master of Science in Project Management (MSPM) is a practice-oriented program ideal for managers who want to enhance their ability to integrate complex projects, motivate people and achieve cost-effective results.

Graduates will:
• Effectively employ strategies for managing projects through the entire project cycle;
• Acquire, deploy, and monitor resources to maximum benefit;
• Determine and manage risk for strategic and ethical decision-making;
• Manage changing project management environments including human resources, cost, timelines, and workflow;
• Lead people and teams to excellence in projects and organizational settings;
• Communicate effectively throughout the project management cycle;
• Assess and evaluate project management processes to continuously improve;
• Apply project management knowledge for quality assurance in real-world settings; and
• Attain competency in the components of project management required for certification as a Project Management Professional (PMP).

COURSE DELIVERY OPTIONS
Granite State College offers flexible course schedules. Classes are offered in our campuses across the state, as well as off-site locations. Courses are available evenings, weekends, online, and through intensive and independent study formats.

COURSE EVALUATION INFORMATION
End of term course evaluations are typically made available to students for a period of four weeks at the end of the term. We ask that all students take a few moments at the end of the term to submit their course evaluations, and let us know about their experience in their courses. Course evaluations are accessible through Courseval. Students are asked to complete an evaluation for each course in which they are enrolled. Course evaluations are a critical tool for the continuous improvement of all GSC courses, and are reviewed by the instructors, Program Directors and staff.

COURSE DESCRIPTIONS
Course descriptions are listed on the following pages. The course descriptions provide a summary of course content. Detailed information including course outcomes is available from the Office of Academic Affairs or online at granite.edu.

GRANITE STATE COLLEGE COURSE NUMBERING SYSTEM
400-499 Developmental skills—credits may not be applied to a degree program  
500-599 Introductory undergraduate courses  
600-649 Advanced undergraduate courses  
650-699 Integrative courses  
700-799 Post-Baccalaureate courses  
800-899 Graduate courses

Plymouth State University
1000-1990 Introductory courses for the general student population.  
2000-2990 Introductory courses generally for the majors and courses which serve other majors.  
3000-3990 Upper-level courses which usually have at least one prerequisite.  
4000-4990 Typically reserved for capstone courses in the majors. These courses would usually have at least one prerequisite.  
5000-8990 Graduate courses

University of New Hampshire
200-299 Courses in Thompson School of Applied Science.  
300-399 Associate in Arts/Associate in Sciences courses. Courses may be taken for credit only by Associate Degree or non-degree students. Credits may not be applied to baccalaureate degrees.  
400-499 Introductory courses not carrying prerequisites and generally falling within University and college requirements.  
500-599 Intermediate-level courses for undergraduate credit only.  
600-699 Advanced-level undergraduate courses. Entrance to course number 600 and above normally requires junior standing.  
700-799 Advanced-level undergraduate courses. Ordinarily not open to freshmen and sophomores.  
800-899 Courses that carry graduate credit only and therefore are open only to admitted or special graduate students.

Note: Special permission required for first-year students to take 3000-4000 level courses, and for sophomores to take 4000-level courses.

Keene State College
For courses numbered below 100, credits do not apply toward graduation.

100-200 Introductory and intermediate courses usually taken during the freshman and sophomore years.  
300-400 Upper division courses, usually taken by juniors and seniors.  
500 Graduate courses open to senior undergraduates with permission of the appropriate Keene State College Dean.  
600 Graduate courses only; not open to undergraduates.

*Courses may be taken as Special Admission Status
ABA 701 Principles of Applied Behavior Analysis
In this course, students will learn the basic principles of behavior, identify how environmental events influence human behavior, and delineate the basic behavior modification procedures and strategies. Students will (a) define and provide examples of key terms utilized in Applied Behavior Analysis, (b) develop and implement behavior modification strategies, (c) conduct formal observations, (d) identify target behaviors and contingencies, and (d) establish operations, and potential reinforcers. Additionally, students will practice collecting, graphing, and analyzing behavioral data. 3 credits

ABA 702 Evaluation of Behavior
In this course, students will work with a Board Certified Behavior Analyst (BCBA) faculty mentor and a BCBA field supervisor. Students in the BCBA Program will (a) study the ethical guideline for the Behavior Analyst including background for ethics in behavior analysis, responsibility to clients and ethics regarding research, (b) learn how to target behaviors interfering with major life activities and prioritize behaviors that need to be taught and/or changed, (c) focus on data collection procedures with emphasis on gathering valid data efficiently and accurately, and (d) study and learn how to visually display data in a clear and useful manner. Reversal and alternate treatment designs, multiple baseline designs and assessing existing research will be studied. Implementation of assignments in the field may only be done under the supervision/approval of the BCBA field supervisor/BCBA faculty mentor. 3 credits

ABA 703 Applied Behavior Analysis, Interventions & Support Systems
In this course, students will become familiar with procedures behavioral analysts use to modify behavior including how to use reinforcement, punishment, stimulus control, imitation, shaping, chaining, extinction, verbal analysis, contingency contracts, token economies and generalization. These are strategies that can be used with in schools with students who have a variety of difficulties, such as learning, behavioral, emotional or developmental disabilities. PREREQUISITE: ABA 701 Principles of Applied Behavior Analysis 3 credits

ABA 704 Application of Applied Behavior Analysis
In this course, students will learn applications of behavior analytic theories, procedures and methods as it pertains to special populations. Specific behavioral challenges and research in selected topics will be reviewed. Students will develop and implement behavior modification strategies to effectively “change” behavior. Students will conduct formal observations and identify target behaviors and contingencies, and establish operations, and potential reinforcers. Students will practice collecting, graphing, and analyzing behavioral data. Given the focus on application, students will be required to conduct and complete a comprehensive written project utilizing behavior analytic principles. PREREQUISITES: ABA 701 Principles of Applied Behavior Analysis and ABA 702 Evaluation of Behavior. 3 credits

ABA 705 Professional and Ethical Practice for the Behavior Analyst
This final course is intended for students to prepare to sit for the Board Certified Behavior Analyst Exam. Through the assignments, students will review content areas of the Board Exam Task List, complete practice modules to obtain subject area fluency and review real world applications of applied behavior analysis. PREREQUISITES: ABA 701 Principles of Applied Behavior Analysis and ABA 702 Evaluation of Behavior. 3 credits

ABA 740, 741 & 742 Clinical Practicum I, II & III
The Clinical experiences require the completion of activities under the direct supervision of a Board Certified Behavior Analyst (BCBA). Clinical practicum experiences and seminars will follow the experience guidelines of the Behavior Analysis Certification Board. Each practicum and seminar will include a practicum project to include a client profile, a functional and/or descriptive assessment and appropriate intervention work. Additionally, each practicum requires 375 hours of documented clinical experience. 3 credits each

ABA 750 Applied Behavior Analysis Integrative Capstone
This integrative course is the final course in the Post-Baccalaureate Program in Applied Behavior Analysis and requires 375 hours of documented clinical experience. Students apply the principles learned and demonstrate competence by integrating and applying skills to real-world scenarios. All other coursework must be completed prior to this course. 3 credits

ACCT 810 – Management Accounting
In this course, students will build on traditional concepts of managerial accounting (break-even analysis, alternate choice decisions, profit planning, and transfer pricing) and develop the skills that an executive needs in strategic cost analysis. In addition, emphasis on using managerial accounting data in executive planning and control along with an exploration in strategic decisions of value chains and activity-based management will occur. 3 credits

COMM 800 Foundation of Organizational Communications
This course examines fundamental principles and theories of organizational communication. Students analyze the effects of communication on organizational quality; discuss specific skill sets necessary for effective internal communication; analyze methods of managing information; discuss the value and methods used to create organizational networks; and study the influence of organizational culture on organizational communication. Crisis communication, intercultural communication, and communication assessment are introduced. 3 credits

EDU 700 Introduction to Field Experience and Program Requirements
This course is required of all students enrolled in teaching certification programs. Students work with Field Placement Faculty to complete the application requirements (including passing Praxis Core Academic Skills for Educators or providing a copy of current teacher certification) to complete a field placement plan and placement necessary to develop the skills in teaching, and to gain technical and/or professional competence. This course is a prerequisite for all clinical courses.” 1 credit

EDU 701 The Dynamic Role of the Special Educator
In this clinical course, students examine the multifaceted role of the special education teacher as evaluator, consultant, case manager and teacher. Courses taken throughout the Post-Baccalaureate Teacher Certification (PBTC) program support the development of skills for each of these roles. This is an introductory course designed to accomplish the following outcomes: a) acquaint the student with the overall program requirements and resources within the PBTC program including specific formats and documentation; b) explore the GSC Digital Library; c) introduce the American Psychological Association annotation and format requirements; d) review the critical elements of effective research and writing skills; e) provide a beginning teacher with an organizational framework for the varying roles of a special education teacher; f) provide an in-depth understanding of their case management responsibilities; and g) plan for the effective supervision of para-educators. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 702 Using Technology to Teach Social Studies
Technology is a necessary tool in teaching today’s youth. In this clinical course, students develop, teach and evaluate Social Studies curriculum, integrating different types of educational technology to meet individual and classroom needs. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 703 Instructional Methods, Strategies and Technologies to Meet the Needs of All Students
In this clinical course, students develop expertise in using a variety of research-based strategies to improve learning for a diverse, student population facing complex individual learning challenges. Through their understanding of the principles of how human beings acquire language, reading, and mathematics skills, students determine the
most efficient teaching methods to use with a student who requires specialized instruction. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 704 Strategies for Teaching Science**

This clinical course focuses on learning theories and their application to science instruction. Students examine a variety of instructional strategies through readings, observation and participation in the field-based placement, and determine the appropriateness of each in the learning process. Topics include constructivist learning, differentiated learning, and an in-depth look at how the state and national standards guide science instruction. Additional topics include integrated curricula, the appropriate use of technology, and effective formative, summative and alternative assessment strategies. Students plan and evaluate an integrated/thematic unit with lessons that align with the New Hampshire Science Curriculum Frameworks. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 705 Assessment of Students with Disabilities**

This course focuses on the tools and procedures involved in the evaluation and determination of education disabilities. Under the supervision of the district mentor, students review school records, observe an evaluation team meeting, consult with district evaluators, review a variety of assessment tools and evaluation reports, and develop the skills necessary to administer and interpret some of the assessments commonly used by special education teachers. The culminating activity of the course is the development of a formal assessment report. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 706 Transition Planning and Developing IEPs**

This clinical course focuses on the components and processes involved in the development of Individualized Education Programs (IEPs). Under the supervision of a district mentor, students review school records, observe IEP team meetings, consult with district evaluators, student and parents, analyze previously written IEPs and progress reports, and develop the skills necessary to prepare IEPs inclusive of transition plans. The culminating activity of the course is the development of two IEPs and a 3-5 page essay that addresses the legal and ethical considerations and implications in the development, implementation and evaluation of IEPs. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 2 credits

**EDU 707 Managing Student Behavior**

In this clinical course, students examine the basic principles and components of the four traditional models of the etiology of human behavior, develop a repertoire of effective and productive classroom management skills, and evaluate the implementation of these skills. This includes strategies to motivate their classroom students, help them to develop positive peer relationships, address emotional needs, minimize disruptions and increase learning. The student documents the use of individual and classroom strategies in a management portfolio. 4 credits

**EDU 710 Teaching Language Arts and Literacy, K-8**

In this clinical course, students explore, develop, implement and evaluate a variety of strategies to teach language arts to diverse learners. Students analyze a language arts series in relation to the National Council of Teachers of English standards, and the National Reading Panel's recommendations in each of the following areas: phonemic awareness, phonics, fluency, comprehension of vocabulary and text. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 710A Teaching Language Arts and Literacy in Early Childhood/Early Childhood Special Education**

In this clinical course, students develop an understanding of language and literacy development from birth through grade three. Topics include the reciprocal connections between speaking and listening, rhythm and rhyme, communication activities, hearing and reading literature, stories, poetry, music, and written expression. Students engage in appropriate literacy interactions, activities, and assessments to meet the literacy needs of a diverse range of children. Students work with parents and care givers as partners in promoting literacy. The key components of reading (e.g. word recognition, fluency, phonological awareness, etc) identified by the National Reading Panel for this age level are studied in depth. Students apply their knowledge of how young children develop their own reading skills using these key components of the reading process. Students then evaluate the effectiveness of their instruction. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 711 Role of the Reading and Writing Specialist I-Practicum**

This course is the first of a two semester practicum sequence in which students gain meaningful work experience and apply knowledge from previous coursework. The learner works with a school-based literacy team to conduct a needs-assessment, prepares guidelines for selection of materials, develops a 2-year plan consistent with current research, and conducts in-service training. This course follows the K-12 academic calendar. **PREREQUISITES: EDU 700 Introduction to Field Experience and Program Requirements, EDU 730 Language Arts and Literacy for the Reading and Writing Specialist, EDU 712 Reading and Writing Disabilities: Assessment and Instruction, and EDU 713 Content Area Literacy.** 6 credits

**EDU 711A Role of the Reading and Writing Specialist II-Practicum**

This is the second semester of a two course, practicum sequence in which students gain meaningful work experience and apply knowledge from previous coursework. This course builds upon the previous practicum, refines understanding and requires the learner to apply the essential competencies of a reading specialist and to evaluate his or her performance and progress. This course follows the K-12 academic calendar. **PREREQUISITES: EDU 700 Introduction to Field Experience and Program Requirements, EDU 711 Role of the Reading and Writing Specialist I-Practicum.** 6 credits

**EDU 712 Reading and Writing Disabilities: Assessment and Instruction**

In this clinical course, students examine, implement and evaluate both traditional and contemporary means of assessing reading/writing strengths and needs, as well as research-based developmental and corrective instruction for struggling readers and writers, kindergarten through grade 12. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 713 Content Area Literacy**

In this clinical course, students examine, develop, implement and evaluate a variety of strategies to teach reading and writing in content areas. Additionally, they examine the critical role that all teachers play in developing literacy and thinking. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 717 Students with Disabilities**

This course provides an overview of educational disabilities and the opportunity to explore their implications for learning. Students examine definitions, characteristics, and teaching strategies for students from preschool through secondary school who have a variety of special needs. Students research the following educational disabilities: learning disabilities, speech and language impairments, mental retardation, emotional and/or behavioral disorders, physical, health and low incidence disabilities, sensory impairments, autistic spectrum disorders, low vision and blindness, and deafness and hard of hearing. 4 credits

**EDU 721 Special Education Law**

The current field of special education was established by law and further refined through the courts in litigation. In this writing intensive class, students trace the historical development of federal, state, and local laws and regulations such as the Individuals with Disabilities Education Acts (IDEA) and the New Hampshire Standards for the Education of Students with Disabilities. Students will gain an understanding of the relationship between constitutional law, statutory law, regulatory law and case law as it relates
to current special education law. The focus on policies and procedures provides the background for understanding the legal and ethical implications of special education law. 4 credits

**EDU 729 Foundations in the Education of Second Language Learners**

In this clinical course students will learn and apply the major concepts, theories, and research related to the nature of second language acquisition. They will construct learning environments that support ESOL students’ academic achievement, language and literacy development. Students will be expected to demonstrate language proficiency in oral and written English in social and academic settings, and serve as a sound role model for ESOL students. Students will be expected to become current with the history of ESOL teaching, current research and practice, and issues of state and federal legal compliance as they relate to ESOL education. Their role as advocates for parents and students will be explored. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 730 Foundations of Language and Literacy**

In this course, students develop a comprehensive personal philosophy of reading/writing instruction. The development of this personal philosophy is based on in-depth research and analysis of this research, and is the foundation for program development, implementation and evaluation at both the school and district levels. Additionally, the student develops a personal three-year professional development plan to address areas of needed growth. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 731 Multicultural Perspectives**

In this course, students will demonstrate an understanding of the major principles, theories, and research pertaining to the influence of cultural groups on language learning, school achievement, and acculturation; they will explore the role of culture and demonstrate the ability to apply this knowledge in constructing learning environments that support ESOL students’ cultural identities and academic needs. The role of the dominant culture and its impact on students will be explored. Students are expected to immerse themselves in diverse and authentic cultural experiences. 4 credits

**EDU 732 Elementary School Mathematics Methods**

This clinical course focuses on learning theories and their application to elementary school mathematics instruction. Students research a variety of instructional strategies through readings, observation and participation in the field-based placement and determine the appropriateness of each in the learning process. Topics include constructivist learning, differentiated learning, and an in-depth look at how the state and national standards guide mathematics instruction. Additional topics include integrated curricula, the appropriate use of technology, and effective formative, summative and alternative assessment strategies. Students plan and evaluate a year-long integrated/thematic unit with lessons that align with the New Hampshire Mathematics Curriculum Framework for elementary school instruction. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 733 Middle School Mathematics Methods**

This clinical course focuses on mathematics learning theories and their application to middle school mathematics instruction. Students examine a variety of instructional strategies through readings, observation and participation in a 12-hour practicum, and determine the appropriateness of each in the learning process. Topics include constructivist learning, differentiated learning, and an in-depth look at how the state and national standards guide mathematics instruction. Additional topics include integrated curricula, the appropriate use of technology, and effective formative, summative and alternative assessment strategies. Students plan and evaluate a year-long integrated/thematic unit with lessons that align with the New Hampshire Mathematics Curriculum Framework for middle school instruction. Students implement five consecutive lessons within this newly-developed curriculum, and are observed and evaluated. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 734 Secondary School Mathematics Methods**

This clinical course focuses on mathematics learning theories and their application to high school mathematics instruction. Students examine a variety of instructional strategies through readings, observation and participation in a 12-hour practicum, and determine the appropriateness of each in the learning process. Students will develop mathematics teaching methods and strategies; methods of integrating reading, writing and study skills in mathematics. Focus on strategies to present mathematical concepts, evaluation procedures specific to mathematics in selected topics in arithmetic, algebra, and geometry, techniques for facilitating problem solving and reasoning, and creating an interest in mathematics. Planning and providing for individual student differences is an important component of this class. Effective formative, summative and alternative assessment strategies are utilized. Students plan, implement and evaluate an integrated/thematic unit with lessons that align with the New Hampshire Mathematics Curriculum Framework for high school instruction. Students will implement five consecutive lessons within this newly-developed curriculum, and are observed and evaluated. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 736 Dynamic Assessment: Complexity of Identification of Learning, Emotional/Behavioral and Intellectual/Developmental Disabilities**

Teacher candidates who complete this clinical course gain an understanding of the legal and ethical issues, and the procedures involved in the evaluation and determination of educational disabilities, specific to learning disabilities, emotional/behavioral disorders and intellectual/developmental disabilities. Within the context of their school setting, teacher candidates apply their new knowledge of the use of formal and informal assessments within the on-going context of formative assessments to monitor K-12 student progress, and the effectiveness of instructional strategies. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 6 credits

**EDU 737 Behavioral Supports for Complex Behaviors**

Teacher candidates who complete this clinical course gain an understanding of the legal and ethical issues, and the procedures involved in the use of technology in the education of students with learning disabilities, emotional/behavioral disabilities and intellectual or developmental disabilities. The purpose of this course is twofold, focusing on the use of technology appropriate for all teaching and learning and the use of technology for students with significant learning needs. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 738 Advanced Assistive and Educational Technology**

Teacher candidates who complete this clinical course gain an understanding of the legal and ethical issues, and the procedures involved in the use of technology in the education of students with learning disabilities, emotional/behavioral disabilities and intellectual or developmental disabilities. The purpose of this course is twofold, focusing on the use of technology appropriate for all teaching and learning and the use of technology for students with significant learning needs. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 739 Advanced Programming for Learning Disabilities**

Teacher candidates who complete this clinical course gain an understanding of the legal and ethical issues, and the procedures involved in the use of technology in the education of students with learning disabilities, emotional/behavioral disabilities and intellectual or developmental disabilities. The purpose of this course is twofold, focusing on the use of technology appropriate for all teaching and learning and the use of technology for students with significant learning needs. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits

**EDU 740 Advanced Curriculum, Assessment and Instruction for Students with Learning Disabilities**

Teacher candidates who complete this clinical course develop a comprehensive awareness of theories, programs, and effective practices for students with learning disabilities. These practices will focus on prevention and remediation of difficulties in reading, math, writing, social skills, and study skills. This is the culminating teaching experience for the LD endorsement. **PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements.** 4 credits
EDU 741 Advanced Programming for Emotional/Behavioral Disabilities
Teacher candidates who complete this clinical course gain an understanding of the legal and ethical programming issues, and the procedures involved in the development, implementation, and evaluation of programs for students with emotional and behavioral disabilities. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 742 Advanced Curriculum, Assessment and Instruction for Emotional/Behavioral Disabilities
Teacher candidates who complete this clinical course develop a comprehensive understanding of the theories, programs and effective practices for students with emotional/behavioral disabilities. These practices will focus on prevention and remediation of difficulties in literacy, mathematics, and science, that include appropriate supports and accommodations and that promote access to, and participation within, the general education curriculum. This is the culminating teaching experience for the EBD endorsement. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 743 Advanced Programming for Intellectual/Developmental Disabilities
Teacher candidates who complete this clinical course gain an understanding of the legal and ethical programming issues, and the procedures involved in the development, implementation, and evaluation of programs for students with intellectual and developmental disabilities. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 744 Special Topics
A study of current and variable topics in Education. Course content changes from term to term. It is expected that the learner will have prior coursework or experience in the subject area. 1-6 credits

EDU 745 Advanced Curriculum, Assessment and Instruction for Intellectual/Developmental Disabilities
Teacher candidates who complete this clinical course develop a comprehensive awareness of theories, programs, and effective practices for students with intellectual/developmental disabilities. These practices will focus on prevention and remediation of difficulties in literacy, mathematics, and science, that include appropriate supports and accommodations, and that promote access to, and participation within, the general education curriculum. This is the culminating teaching experience for the IDD endorsement. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 746 Assessment of Students who are Culturally and Linguistically Diverse
In this clinical course, students will learn, apply and demonstrate the knowledge of and the ability to use a variety of standards-based language proficiency instruments to inform instruction and for identification, placement, and demonstration of language growth for ESOL students. Alternative means of assessing culturally and linguistically diverse students will be explored and reflected in assignments. Discussion of bias in testing instruments will be explored. Students will learn of current state- and federally-mandated assessments and their implications for ESOL students. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 747 Content Area Literacy for English Speakers of Other Languages
In this clinical course students will demonstrate an application of how to teach second language students in the content areas of Language Arts, Science, Mathematics and Social Studies. Students will be exposed to unique methodologies on the K-12 levels to facilitate cognitive/academic language proficiency for ESOL students. Scientifically-based practices and strategies related to planning, implementing and managing ESOL and content area instruction will be explicitly explored as students construct lessons/learning experiences for ESOL students and implement them in their settings. Students will be expected to reflect upon their work and self-evaluate. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 748 Developing Literate Students, K-12
This clinical course provides preparation for teaching literacy and critical thinking in middle and secondary grades. The focus is on planning, selecting, and using research-based strategies for reading and writing instruction, assessment, and evaluation of student progress towards fluency. Reading and writing in the content areas and development of student study skills also are emphasized. This will include application of a wide range of strategies to comprehend, interpret, evaluate, and appreciate a variety of texts. Strategies for teaching linguistically and culturally diverse students will be explored. In addition, state, and national standards in reading and language arts will be used to construct units and lessons. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 749 Developing Literate Students, K-12
This clinical course provides preparation for teaching literacy and critical thinking in middle and secondary grades. The focus is on planning, selecting, and using research-based strategies for reading and writing instruction, assessment, and evaluation of student progress towards fluency. Reading and writing in the content areas and development of student study skills also are emphasized. This will include application of a wide range of strategies to comprehend, interpret, evaluate, and appreciate a variety of texts. Strategies for teaching linguistically and culturally diverse students will be explored. In addition, state, and national standards in reading and language arts will be used to construct units and lessons. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 750 Culminating Teaching Experience and Seminar
This clinical course is the culminating experience in the plan of study toward NH teacher certification. The culminating teaching experience meets the state standards for certification. The course gives students an opportunity to be mentored in their field of certification by experienced teachers holding masters degrees and to practice the variety of methods and strategies that they have studied in their education program. Students have the opportunity to share their experiences, beliefs and best practices with other students during the culminating experience. Students enrolled in this course may be at different stages of acquiring the 360-440 minimum hours of clinical experience. PREREQUISITES: Full admission to the GSC Post-Baccalaureate Teacher Certification program and completion of all program requirements. This is the final course in the student's plan of study. The student must complete all New Hampshire Department of Education test requirements and receive approval from Field Placement Faculty prior to registering for this course. 4 credits

EDU 750A Culminating Teaching Experience and Seminar for Certified Teachers
This clinical course is the culminating experience in the plan of study toward the NH teacher certification. This course gives teacher candidates an opportunity to be mentored in their field of certification by experienced educators and to practice the variety of methods and strategies studied in the teacher preparation program. Teacher candidates enrolled in this course may be at different stages of acquiring the required hours of supervised teaching experience. Additionally, teacher candidates prepare and present the Credentialing e-Portfolio during the Exit Interview. PREREQUISITE: Full admission to the GSC post-baccalaureate Teacher Certification Program and completion of all program requirements. This is the final course in the teacher candidate's plan of study. The student must complete all New Hampshire Department of Education test requirements and receive approval from Field Placement Faculty prior to registering for this course. 4 credits

EDU 751 Reading, Writing and Language Arts for Secondary Schools
This clinical course is designed to provide prospective secondary school teachers with the skills to develop an integrated approach to teaching reading, writing, and the role of technology and media within these. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 752 Aspects of Mathematics Learning
This clinical course is designed to provide prospective secondary school and middle school teachers with the skills to develop an integrated approach to teaching and learning. It will cover cultural and psychological aspects of learning mathematics, models of instruction and planning, teaching and learning styles, assessment strategies, models and organization and selection of curriculum materials, classroom management, and the role of technology and media within these. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 753 Reading and Writing in the Mathematics Content Area
This clinical course is designed to provide prospective secondary and middle school teachers with the knowledge, skills, and resources necessary to incorporate literacy skills into their mathematics content area plans. Emphasis will be on integrating the teaching of reading, writing, and oral literacy skills from various fields; students will explore and practice the methods and strategies, including testing and measurement assessments, necessary to meet
the diverse literacy needs of today’s students allowing them to become independent students. Teaching and discussing theoretical and practical application of current theories and methods involved in teaching literacy to diverse secondary and middle student populations within the contemporary pluralistic classroom, including differentiated learning styles through socio-economic status, gender, and heritage will be emphasized. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 761 Young Children with Exceptionalities, Birth through Age 8
In this course, students examine typical and non-typical development of children from birth through age 8. This is a time of rapid brain growth and overall development that forms the foundation for all learning. For young children who have exceptionalities in the physical, behavioral, developmental, or learning domains, these years are even more critical. The purpose of this course is to provide current, research-based knowledge and resources for professionals and their families who nurture, support, and provide services to exceptional children. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 763 Assessment of Young Children in Early Childhood/ Early Childhood Special Education: Birth Through Age 8
In this course, students use procedures involved in the evaluation process for determination of eligibility for special education. Students develop the skills necessary to administer and interpret assessment tools commonly used by early intervention staff and early childhood special education teachers. Under the supervision of the district mentor, students review early support and services records and/or school records, gather information, observe an evaluation team meeting, consult with district evaluators, and review a variety of assessment tools and evaluation reports for young children through age 8. Students participate in preparing an assessment plan, administering chosen assessment tools, and writing assessment reports. Emphasis is placed on working with team members in the evaluation process. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 764 Science, Technology, Engineering and Mathematics in Early Childhood/ Early Childhood Special Education: Birth Through Age 8
In this clinical course, students focus on STEM content, effective practice, instructional strategies, materials and curriculum integration, based on standards, inquiry, and connections to the real world. STEM concepts of curiosity, creativity, collaboration and critical thinking are researched and explored. Students will learn about the Scientific Method, as well as the roles of observation, classification, description, experimentation, application and imagination. Students will learn how to use technology and interactive media in the early childhood classroom to support learning. The role of engineering in the curriculum will be investigated, including design of methods and ideas for product development. Students will understand and apply math process standards of problem-solving, reasoning and proof, communication, connection, and representation. The course emphasizes application of principles in order to investigate and create experiences which employ STEM concepts and teaching strategies. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 765 Curriculum, Assessment and Instruction in Early Childhood/ Early Childhood Special Education: Birth through Age 8
In this clinical course, students examine, develop, and evaluate developmentally appropriate curriculum and instruction in early childhood special education settings, for young children from birth through age 8 (grade 3). Students use district and state curriculum and integrate subjects with one another. Students develop skills to create and advocate for healthy, supportive, respectful, and challenging learning environments for all children, from birth through age 8. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 766 Collaboration, Consultation, and Teaming in Early Childhood/ Early Childhood Special Education
In this course, students research and evaluate family, community and professional partnerships which support the growth and development of children with disabilities. The specific roles and responsibilities of each contributing partner will be explored and analyzed. Students, using knowledge acquired in areas of collaboration, consultation and teaming, construct service delivery models to support young children with diverse needs and their families. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

EDU 767 IFSP, IEP, and Transition Plans, Birth through Age 8
This clinical course focuses on the components and processes involved in the legal aspects and development of Individual Family Service Plans (IFSP) and Individualized Education Programs (IEPs). Under the supervision of a district mentor, students review school records, observe IFSP/IEP team meetings, consult with district evaluators, student and parents, analyze previously written IFSPs/IEPs and progress reports, and develop the skills necessary to prepare IFSPs/IEPs inclusive of transition plans and/or services. The culminating activities of the course include the development of an IFSP and an IEP, and a research paper which addresses the legal/ethical considerations and implications in the development of IFSPs and IEPs. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 2 credits

EDU 768 Behavior Interventions for Young Children
In this clinical course, students examine basic principles and components of life skills that children need as foundation for the development of positive social skills, e.g. attachment, affiliation, self-regulation, initiative, problem solving, and respect. The student develops and implements a variety of activities and lesson plans to teach young children these critical life skills. Students develop strategies to be used with young children receiving early intervention services and/or to motivate young children in their preschool programs/classrooms by facilitating the development of positive peer relationships, addressing emotional needs, and minimizing disruptions resulting in increased learning. The GSC student documents the use of individual activities and/or classroom strategies in a professional portfolio. PREREQUISITE: EDU 700 Introduction to Field Experience and Program Requirements. 4 credits

HRM 810 Applied Human Resources: A Strategic Approach
This course will explore current theories and practical skills related to human resource development, management and leadership. It will provide students with an in-depth analysis of the role of leadership within human resource management. Key functions and issues facing the human resource professional and organizations will be identified and explored. 3 credits

LD 820 Employee and Labor Relations
This course will focus on the rights and responsibilities of employees and organizations in union and nonunion environments in the United States. The federal legal framework for collective bargaining is reviewed. Topics include common employment contract trends, topics, and issues, as well as all phases of unionization, from organizing through contract maintenance. Emphasis is on conflict management, negotiation, and alternate dispute resolution. 3 credits

LD 821 Ethical Decision-Making
This course focuses on the conflicts which arise when an individual’s ethics are counter to the organization’s practices. A historical review of various leader’s actions taken and consequences faced when confronted with an ethical dilemma is conducted. Each student assesses their ethical framework in context to an effective leadership model. 3 credits
underlying planned interventions in members’ projects. Subsequent analysis and actions taken tend to be clearer, better informed, and more defensible as a result of the team dialogue. After documenting the above, students discuss and defend their project orally. PREREQUISITE: All required coursework must be completed. 3 credits

**MATH 700 Mathematical Proof**

This course introduces students to the language and methods used to create and write mathematical proofs and solve problems. Methods of proof will include: direct, contrapositive, contradiction, and induction. Methods of problem solving will be based on Polya's four steps for problem solving. Students will learn about and utilize the many functions of proof including: verification, explanation, communication, discovery, justification, and inquiry. The course will also explore the relationship between problem solving and the process of proving. Students will explore fundamental abstract concepts in mathematics chosen from the following areas: functions and relations, set theory, number theory, and logic. Euclidian and non-Euclidian geometry, algebra, mathematical reasoning, proof, and problem solving. Connections to middle and secondary school mathematics curriculum emphasized. Students enrolled in this course at the 700 level will meet additional academic requirements including an applied project. PREREQUISITE: Pre-calculus. 4 credits

**MATH 701 Number Systems**

This course examines the structures and properties of mathematics while focusing on the development of mental mathematics strategies and problem solving skills. Includes sets, functions, applications of rational numbers, integers, fractions, decimals, percents, and number theory. Utilizes appropriate grade level techniques to investigate algorithms, probability and statistics, counting techniques, scientific notation, complex numbers, exponents, geometry, and measurement. Course includes investigation of ratio, proportion, data analysis, patterns, and the connections to algebra and geometry topics in the context of the 5-12 grades mathematics curriculum. Students enrolled in this course at the 700 level will meet additional academic requirements including an applied project. PREREQUISITE: Pre-calculus. 4 credits

**MATH 702 Geometric Structures**

This course will examine concepts in Euclidean and non-Euclidean geometries. Course topics include: area and volume, 2 and 3 dimensional perspectives, congruence and similarity, properties of and relationships among geometric shapes and structures. Students will investigate graphing, vectors, motion and symmetry. Students will engage in course concepts through proofs, problem solving, dynamic geometric software, and through activities used in secondary and middle school mathematics. Throughout the course students will be given opportunities to relate the mathematical concepts studied to the mathematical concepts they will be teaching. Students enrolled in this course at the 700 level will meet additional academic requirements including an applied project. PREREQUISITES: MATH 700 Mathematical Proof and MATH 707 Calculus II. 4 credits

**MATH 703 Probability and Statistics**

In this course students will study topics in data analysis including: descriptive and inferential statistics, probability, odds and fair games, probability distributions, normal distributions, and estimation. Among the topics are numerical and graphical summaries for one and two variables, linear regression and correlation, confidence intervals and tests concerning means, sampling and experimentation, basic probability, confidence intervals, hypothesis testing, sampling distributions, two-sample t-tests for means, chi-squared tests, regression and correlation, and possible other topics. A standard statistical software package is used throughout the course to support the course format that will include: hands-on activities; computer-based simulations; creating and implementing student developed investigations; and actual secondary and middle school mathematics classroom activities. Throughout the course students will be given opportunities to relate the mathematical concepts studied in this course to the mathematical concepts they will be teaching. Students enrolled in this course at the 700 level will meet additional academic requirements including an applied project. 4 credits

**MATH 704 Linear Algebra**

This course will examine concepts in algebra including: Patterns and functions, arithmetic sequences, geometric sequences, arithmetic and algebra of the integers, least common multiple and greatest common divisor, inequalities, modular arithmetic and systems of numbers, properties of groups and fields, the field of complex numbers, polynomial arithmetic and algebra, linear equations. Course will develop the mathematical structures, algebraic properties, and applications of matrices, determinants, vectors, vector spaces, systems of linear equations, and linear transformations. Students will engage with these concepts through exploration, analysis, proof, and problem solving based on activities used in secondary and middle school mathematics. Throughout the course students will be given opportunities to relate the mathematical concepts studied to the mathematical concepts they will be teaching. Students enrolled in this course at the 700 level will meet additional academic requirements including an applied project. PREREQUISITES: MATH 700 Mathematical Proof and MATH 707 Calculus II. 4 credits

**COURSE DESCRIPTIONS**
MATH 705 Discrete Mathematics
This course is designed to introduce students to discrete and abstract mathematical topics including propositional and predicate logic; elementary set theory; introduction to proof techniques including mathematical induction; sets, relations, functions and relations; recurrence relations, graph theory, as well as the properties of groups, rings, and fields. Students will study number systems, mathematical induction, algorithms and complex number systems, matrix manipulation, combinatorics, graph theory, and finite differences. Course activities will be based on secondary and middle school mathematics curricula. This course considers the basic objects of mathematics through real-world examples and the methods used to elucidate their properties. Students enrolled in this course at the 700 level will meet additional academic requirements including an applied project. PREREQUISITES: MATH 700 Mathematical Proof and MATH 705 Discrete Mathematics. 4 credits

MATH 706 Calculus I
The first semester of a calculus sequence dealing with applications and modeling of the differential and integral calculus. Course will focus on functions and their graphs, limits, continuity, differentiation, integration, the derivative and its uses in optimization and mathematical modeling, as well as the Fundamental Theorem. Throughout the course students will be given opportunities to relate the mathematical concepts studied to the mathematical concepts they will be teaching. Graphing calculators are used throughout the course to explore and represent concepts. Students enrolled in this course at the 700 level will meet additional academic requirements including an applied project. PREREQUISITE: Pre-calculus. 4 credits

MATH 707 Calculus II
The second semester of a calculus sequence dealing with applications and modeling of the differential and multivariable calculus. Calculus of transcendental functions, applications of integration, some differential equations, multidimensional calculus with applications, sequences and series, differentiation and integration of trigonometric functions. Throughout the course students will be given opportunities to relate the mathematical concepts studied to the mathematical concepts they will be teaching. Graphing calculators are used throughout the course to explore and represent concepts. Students enrolled in this course at the 700 level will meet additional academic requirements including an applied project. PREREQUISITE: MATH 706 Calculus I. 4 credits

MATH 708 History of Mathematics
This course addresses the historical development of major themes in mathematics, including calculation, numbers, geometry, algebra, infinity, and formalism in various civilizations ranging from the antiquity of Babylonia and Egypt through classical Greece, the Middle and Far East, and on to modern Europe. The course emphasizes how earlier civilizations influenced or failed to influence later ones and how the concepts evolved in these various civilizations. PREREQUISITE: Pre-calculus. 4 credits

MATH 709 Algebra Theory for Teachers
This course will examine concepts in Algebra including patterns, functions, arithmetic sequences, geometric sequences, arithmetic and algebra of the integers, least common multiple and greatest common division, inequalities, basic properties of groups and fields and polynomial arithmetic and algebra. Throughout the course students will be given opportunities to relate the mathematical concepts studied to the mathematical concepts they will be teaching. PREREQUISITES: MATH 700 Mathematical Proof and MATH 706 Calculus I. 4 credits

MATH 709 Algebra Theory for Teachers
This course will examine concepts in Algebra including patterns, functions, arithmetic sequences, geometric sequences, arithmetic and algebra of the integers, least common multiple and greatest common division, inequalities, basic properties of groups and fields and polynomial arithmetic and algebra. Throughout the course students will be given opportunities to relate the mathematical concepts studied to the mathematical concepts they will be teaching. PREREQUISITES: MATH 700 Mathematical Proof and MATH 706 Calculus I. 4 credits

MATH 709 Algebra Theory for Teachers
This course will examine concepts in Algebra including patterns, functions, arithmetic sequences, geometric sequences, arithmetic and algebra of the integers, least common multiple and greatest common division, inequalities, basic properties of groups and fields and polynomial arithmetic and algebra. Throughout the course students will be given opportunities to relate the mathematical concepts studied to the mathematical concepts they will be teaching. PREREQUISITES: MATH 700 Mathematical Proof and MATH 706 Calculus I. 4 credits

MGMT 709 Algebra Theory for Teachers
This course will examine concepts in Algebra including patterns, functions, arithmetic sequences, geometric sequences, arithmetic and algebra of the integers, least common multiple and greatest common division, inequalities, basic properties of groups and fields and polynomial arithmetic and algebra. Throughout the course students will be given opportunities to relate the mathematical concepts studied to the mathematical concepts they will be teaching. PREREQUISITES: MATH 700 Mathematical Proof and MATH 706 Calculus I. 4 credits

MGMT 709 Algebra Theory for Teachers
This course will examine concepts in Algebra including patterns, functions, arithmetic sequences, geometric sequences, arithmetic and algebra of the integers, least common multiple and greatest common division, inequalities, basic properties of groups and fields and polynomial arithmetic and algebra. Throughout the course students will be given opportunities to relate the mathematical concepts studied to the mathematical concepts they will be teaching. PREREQUISITES: MATH 700 Mathematical Proof and MATH 706 Calculus I. 4 credits

MGMT 805 Organizational Behavior
The aim of this course is to provide an overview of the fundamental concepts of organizational theory and design in the context of a postindustrial and increasingly global society. The study of organizations encompasses several key knowledge areas essential to today's manager: the impact of technological and workforce changes on society, organizational ethics and social responsibility, global issues, history of management thought and its relevance for managers today, and systems thinking and the challenges of managing in today's complex and rapidly changing environment. Discussion addresses essential concepts in organizational theory and design, including measuring effectiveness, organizational life cycles, options for organizational structure, and becoming the learning organization. 3 credits

MGMT 810 Marketing Management
This course will concentrate on an analytical approach to the study of marketing problems. Examine the influence of the marketplace and the marketing environment on marketing decision making; the determination of the organization's products, prices, channels and communication strategies; and the organization's system for planning and controlling its marketing effort. 3 credits

MGMT 824 Financial Management
This course focuses on managerial finance from both domestic and international perspectives. Topics include valuation, capital budgeting, capital structure and financial leverage, long-term financing decisions, cost of capital, mergers and acquisitions, international finance, and risk management. Students use spreadsheets and financial calculators to apply course concepts to real world examples. PREREQUISITE: ACCT 810 Management Accounting. 3 credits

MGMT 825 Corporate and Social Accountability
This course will examine the social responsibilities of corporations and individuals in the global twenty-first century. Topics may include outsourcing, off-shoring, international labor laws, global environmental responsibility, global human rights, global citizenship, and sustainable development. 3 credits

MGMT 830 Changing Economics
Current issues in economics and their relationship to the achievement of organizational goals will be discussed. The impact of economic reality on real organizations will be analyzed. 3 credits

MGMT 835 Decision Analysis for Managers
The aim of this course is to provide an introduction to the methodology of decision analysis using computer based techniques and systems analysis. Concepts of modeling, probability, and choice will be introduced. The philosophy and detailed methods involved in decision analysis will be reviewed. The methods reviewed will be applied to address routine and special business decisions. 3 credits

MGMT 850 Strategic Management Integrative Capstone
The capstone course brings together the knowledge and skills needed to be successful in the global marketplace. The focus of the course is on defining and researching a practical business problem or entrepreneurial opportunity. The research project provides the opportunity to utilize strategy, research skills, analytical tools and models, as well as decision sciences with a culminating business project that can be of strategic benefit to the student and/or a current organization. The capstone is based on an e-learning team approach, in which team members and team processes become essential to the strength of the subsequent workplace project. The project requires documentation of the above process and an oral project presentation component. 3 credits

PM 800 Project Management Seminar
Project Management Seminar is a survey course introducing project management as a profession and an academic field of study. It provides the foundation for more advanced project management courses. It serves as a prerequisite to other courses in the degree program unless permission is granted based on previous work or academic experience. Students will be introduced to the Project Management Body of Knowledge, (PMBOK Guide), published by the Project Management Institute. The course will examine key tools and methodologies currently in use to manage large, complex projects; explore how these tools and techniques can be used to assess the overall status of a project and its variance from the project plan; and evaluate alternative recovery scenarios. Students will be introduced to the roles of project and program management, milestone management, planning and controlling, project documents, and project communication. 3 credits
managers in current business enterprises and to the triple constraints of scope, time and cost.

3 credits

PM 801 Project Planning and Scheduling
This course will address project scheduling challenges in the current economic environment. Studies have shown that nearly 75% of commercial projects are deemed not to have met the expectations of their funding sponsors. One reason is the inability to achieve the committed schedule. This course will examine state of the art planning and scheduling tools and techniques. It will also explore the application of the Earned Value methodology as a tool to determine and quantify current project status and as a tool to predict future project team performance. Specific emphasis will be given to current deterministic and probabilistic scheduling techniques. Students will learn the interrelationship and planning dependency between scheduling and risk assessment, project constraint analysis and the application of diverse scheduling methodologies. The course explores the impact that proprietary technologies; limited resources, competition and bargaining agreements might have on the planning and scheduling decision making processes. Dependency management, particularly discretionary dependencies and their impact on the scheduling process will be discussed in detail.

3 credits

PM 802 Risk Management
This course will focus on the importance of risk assessment in the overall project decision-making process. It will explore and evaluate multiple methodologies to identify and evaluate the overall risk posture of a project and investigate current risk scoring techniques. Students will learn the application of multiple risk response techniques, secondary risk avoidance and residual risk monitoring. Risk exposure cost estimating and contingency budget application will also be addressed within a systematic risk management framework. PREREQUISITE: PM 800 Project Management Seminar.

3 credits

PM 803 Cost and Budget Management
Cost and Budget Management will examine current cost estimating techniques and commonly used tools that can be applied to evaluate project alternatives: break-even, life cycle costing, net present value and others. Students will learn to apply the earned value methodology to describe a project status for both schedule and cost in terms of the dollar value of work performed. Students will also investigate how financial elements such as cost categorization, depreciation, net present value and project duration can impact the project decision making process. PREREQUISITE: PM 801 Project Planning & Scheduling and PM 802 Risk Management.

3 credits

PM 804 Leading Teams
Leadership is the process of motivating people to achieve project goals, usually in a dotted-line organizational setting. The success or failure of the project, and by extension the manager, is dependent upon the manager's ability to assess the team as a whole, (strengths and weaknesses), and to then apply that analysis to the individual team members. Within the course, students will survey and discuss multiple methodologies used to evaluate teams. We will analyze how organizational dynamics and structure impact the manager, limit or increase their power, and their ability to perform their job.

3 credits

PM 805 Negotiation, Contracting, and Procurement
Outsourcing is becoming more and more critical in today’s economic environment making it essential that a project manager in the multi-national marketplace have a firm understanding of the negotiating, contracting and procurement environment and potential pitfalls. This course will address the interdependence of the make-or-buy decision making process and the success of many projects in terms of risk management as well as achieving acceptable financial goals. Students will explore contracting pitfalls by addressing and proving an understanding of the key factors, regulations, and vocabulary which are critical for the project manager to be able to employ in their business dealings with contracting and legal departments. PREREQUISITES: PM 801 Project Planning and Scheduling and PM 802 Risk Management.

3 credits

PM 806 Managing Project Portfolios
This course addresses the processes and techniques used in the strategic management of project portfolios. Students examine the decision making tools, techniques, and rationale used to reach consensus for funding specific programs and projects and to bring them into the tactical layer for execution. The course reviews objective methodologies and benefit measurement techniques as well as market analytics, competitive analysis and market driven approaches. Elements of requirements gathering techniques as addressed by the International Institute of Business analysis will be investigated and analyzed. PREREQUISITE: PM 800 Project Management Seminar.

3 credits

PM 807 Project Quality Management
Project Quality Management is critical in today’s complex project management endeavors. It is also a dual track effort as it must address both project quality and project management quality. Students will review the history of the quality efforts from Deming, Juran and Crosby in the setting of the original quality efforts, international competition, and the concept of six-sigma as initiated by the Motorola Corporation in response to that threat. Students will examine multiple quality process improvement efforts and their impact on the business world: Prevention over Inspection, Continuous Improvement, Voice of the Customer, Just in Time, and others. This course is compatible with and will cover a subset of the Six Sigma methodologies and practices. PREREQUISITE: PM 800 Project Management Seminar.

3 credits

PM 808 Project Management Integrative Capstone
This integrative capstone is the final course in the Master of Science in Project Management program. All other required coursework must have been completed prior to receiving approval to register for this course. Students in this course will have the opportunity to apply the principles learned in the entire program of study and will demonstrate competence by integrating and applying those skills to a real-world scenario. Students will apply knowledge in a group case study setting while documenting the decision making process, and will analyze methodologies and rationale for selecting those methodologies in a project log including templates designed and used, case study analytical results, and decision outcome analysis/results. PREREQUISITE: All required coursework.

3 credits

PM 809 Global Project Management
Global Project Management addresses the growing demand for project management across international boundaries. This environment requires project managers and their teams to develop an awareness of and sensitivity to a field which is becoming increasingly more diverse through the lenses of culture, economics, and politics. Students will examine multiple distribution channels, outsourcing and unique pricing policies. Students will also discuss the need for adaptive procedures to account for unique sales and management styles, legal settings and the expectation of the target environments.

3 credits

PM 810 Change Management and Communication
This course provides students with an understanding of the principles of assessing change, managing change and the communication tools necessary to implement change effectively. Issues regarding client satisfaction, vendor satisfaction, morale and relationships will be explored. The effective manager must possess skills in adaptability to ensure that projects are responsive to changing conditions. This course develops a thorough understanding of strategic change within organizations.

3 credits
APPLICATION PROCEDURES FOR POST-BACCALAUREATE PROGRAMS

The application process for the Post-Baccalaureate Teacher Certification Programs is a two-part application process. Applications for admission are accepted on a rolling basis, offering the opportunity to begin studies at Granite State College at any term during the year. There are four start dates (Fall, Winter, Spring and Summer) throughout the academic year. Please see page 42 for Academic Calendar.

Application for Admission
Part I is Due at Admission.

Supporting Documents
Part II is completed in EDU 700 Introduction to Field Experience and Program Requirements, and includes the following:
- Official transcripts of all colleges attended, documenting a 3.0 GPA on last degree completed
- Resume
- Essay
- Signed Letters/Forms of Recommendation
- Passing PRAXIS CORE Academic Skills for Educators scores or current teacher certification
- Identification of field Placement and Supervising Practitioner or Mentor

Additional Requirements Completed in EDU 700 Introduction to Field Experience and Program Requirements Include:
- Criminal History Records Check
- TaskStream Subscription
- Purchase Educator Toolkit

Students who do not satisfy Part II of the application process in EDU 700 will not receive a passing grade, and will not be eligible to continue with the program or register for subsequent courses.

TRANSCRIPTS
Post-baccalaureate students must ensure that all official prior college transcripts are received by Granite State College. Contact the Registrar’s Office at the attended college or university to request an official transcript. In order for a transcript to be ‘official’, it must be in a sealed envelope from the college or university. Be sure to confirm with the institution’s Registrar’s Office whether your classes were undergraduate, post-baccalaureate, graduate or all three. Candidates who have received a Bachelor’s Degree from Granite State College do not need to request their official transcript(s). The Admission’s Office will obtain the transcript(s) through the Registrar’s Office. Official transcripts must be sent directly to:
Admissions Office
25 Hall Street, Concord, NH 03301

TRANSCRIPTS FROM OTHER COUNTRIES
If an applicant attended a college or university in a foreign country, s/he must have the transcript translated and evaluated prior to full admission. The College uses the Center for Educational Documentation (CED) to perform international credential evaluations. There is a fee for services depending upon the extent of the evaluation requested. Although CED is the College’s preferred foreign transcript service, official evaluations from the following agencies are accepted.
- World Education Services (WES) http://www.wes.org
- Educational Credential Evaluators (ECE) http://www.ece.org/
- Josef Silny and Associates http://www.jsilny.com/
- Academic Evaluation Services (AES) http://www.aes-edu.org/
- Global Services Associates (GSA) http://www.globaleval.org/
- SpanTran Evaluation Services http://en.spantran-edu.com/
The transcript must be sent directly from the evaluating agency to the Undergraduate Admissions Office to be considered official.

VETERANS OR ACTIVE DUTY MILITARY APPLICANTS
To meet admissions requirements, applicants utilizing veteran or active duty military benefits must submit all official previous college transcripts including
military transcripts to the college within two terms of admission or start of coursework.

**MILITARY TRAINING**

All branches of the United States military offer training for enlisted personnel and commissioned officers. The American Council on Education (ACE) has evaluated hundreds of training programs and classifications and has published credit recommendations in the Guide to the Evaluation of Educational Experiences in the Armed Services. Visit the site at: www.militaryguides.acenet.edu. Official transcripts are required for evaluation of transfer credit.

Information about military transcripts and how to request the transcripts is available from each branch of the military.

Army / Navy / U.S. Coast Guard

CCAF (Air University):

---

**APPLICATION PROCEDURES FOR MASTER’S PROGRAMS**

Applications for admission are accepted on a rolling basis, offering the opportunity to begin studies at Granite State College at any term during the year. There are four start dates (Fall, Winter, Spring, and Summer) throughout the academic year.

Applications from prospective degree students will be reviewed by the Graduate Program Director or Vice Provost for Graduate Studies. A complete application includes the following:

- Bachelor’s Degree with a 3.0 GPA average on the last 60 credit hours, or a 3.0 GPA at the graduate level, from a regionally accredited college or university.
- Completed application form. (http://www.granite.edu/students/prospect/getstarted/admissions.php)
- 500-1000 word statement which includes professional goals and aspirations, motivation for applying for the degree, and relevant formal or informal experiences.
- Two signed letters of professional or academic reference and/or two completed recommendation forms.
- Current resume.
- Official transcripts of all previous college work (with translation and evaluation if completed outside of the United States) sent directly to the Admissions Office, by the Registrar of the colleges or universities attended.

Materials should be submitted to:
Graduate Admissions Office
Granite State College
25 Hall Street
Concord, NH 03301

**FULL ACCEPTANCE STATUS**

Full acceptance status is attained when all transcripts and references have been received and approved by the Graduate Program Director. Students will receive notification in writing or by email within two business days of the College’s receipt of the completed application. The student will receive a full acceptance letter and be able to view their official degree evaluation through the WebROCK secure student portal.

**CONDITIONAL ADMISSION STATUS**

The Graduate Program Director or Vice Provost for Graduate Studies can grant conditional admission to a student who has not completed the application process or met GSC’s Graduate Studies admission criteria. The student may enroll in up to twelve credit hours of graduate study without being fully admitted to the degree program. The conditional admission status will be changed to full acceptance status once the application has been completed and/or the required conditions have been met. Required conditions may include successful completion of several courses while maintaining a GPA ≥3.0.

**SPECIAL ADMISSION STATUS**

Non-matriculated students with proof of Bachelor’s Degree completion may petition the Program Director to enroll in up to twelve credit hours of graduate study without being fully admitted to the degree program. Special admission status students will work with the Program Director for suitable course options. Students seeking to matriculate must meet GSC’s Graduate Studies admission criteria.

**INACTIVATION OF APPLICATIONS**

Applications that have been inactive for a year from the date of submission will be inactivated. After that time, prospective degree students will need to reapply. Previously received transcripts do not need to be resubmitted.

**TRANSFER CREDITS**

The Office of Graduate Studies does not accept transfer credits. In the case when a student has completed the equivalent course content from another accredited institution in the past seven years, a course waiver may be appropriate.

**COURSE WAIVER**

Course Waiver is only applicable to the Master’s Degree programs.

Course waivers may be awarded to a student who has completed the equivalent course content from another accredited institution in the past seven years. Students in graduate programs may request to waive one course. The waiver will exempt the student from completing the required course. The student will complete another course, as approved by the Program Director, to satisfy the number of credits required for the program. Granite State College awards course waivers for courses taken at regionally and programmatically accredited institutions. Information about the organizations responsible for these two sorts of accreditation is provided by the Council for Higher Education Accreditation. Students may petition for course waiver evaluation at the time of application.

An official course evaluation will take place after an applicant has been accepted to the degree program and has submitted the Graduate Course Waiver Form, and after all official transcripts, course descriptions, and syllabi have been received by the Office of Graduate Studies. Graduate courses will not be evaluated for a course waiver if they were earned to fulfill an academic requirement for a graduate degree program. All graduate course waiver awards are made on a case-by-case basis at the discretion of the Graduate Program Director or Vice Provost for Graduate Studies.

**DEGREE CANDIDATES**

Students who apply to and are accepted into a degree program at the College are degree candidates. All others attending the college shall be considered non-degree.
CHANGE OF PROGRAM
A graduate student matriculated in a degree program who would like to change their program of study to a different graduate program needs to conduct the following steps:

1. Notify their current Program Director of the request to change degree program.
2. Submit the following documents to the Office of Graduate Studies:
   a. Completed Graduate Change of Program Form
   b. A 500-1000 word statement which includes professional goals and aspirations, motivation for applying for the new degree, and relevant formal or informal experiences
   c. Updated resume

Submissions will be reviewed and approved by the Program Director in charge of the new degree program. Previously awarded transfer credit awards are subject to change.

TRANSCRIPTS
Master’s Degree candidates must ensure that all official prior college transcripts are received by the Admissions Office. Contact the Registrar’s Office at the attended college or university to request an official transcript. In order for a transcript to be “official,” it must be in a sealed envelope from the college or university. Be sure to confirm with the institution’s Registrar’s Office whether your classes were undergraduate, graduate or both. Candidates who have received a Bachelor’s Degree from Granite State College do not need to request their official transcript(s). The Admissions Office will obtain the transcript(s) through the Registrar’s Office.

If an applicant attended a college or university in a foreign country, s/he will need to have the transcript translated and evaluated prior to full admission. The College uses the Center for Educational Documentation (www.cedevaluations.com) to perform international credential evaluations. There is a fee for services depending upon the extent of the evaluation requested. Obtain a brochure and request a form from the Office of Graduate Studies or write directly to:

Center for Educational Documentation
P.O. Box 170116
Boston, MA 02117
email: info@cedevaluations.com

If the foreign transcript has been evaluated by another company, please contact the Office of Graduate Studies to see if the College will accept the evaluation.

INTERNATIONAL STUDENT ADMISSION
International students studying from their home country are eligible for acceptance to fully online programs. Individuals who are already in the U.S. with permanent resident status are eligible for acceptance.

Note: Granite State College does not currently accept students needing J-1, F-1, or M-1 visa status requirements.

ENGLISH PROFICIENCY
English proficiency is required for academic success at the college. Adequate proficiency is demonstrated by a minimum Test of English as a Foreign Language (TOEFL) score of 80 (internet) with a writing portion of 20; or a minimum International English Language Test System (IELTS) score of 6.5 with no band lower than 6.0. Any student not demonstrating adequate proficiency will be referred to an institution that offers courses in English for Speakers of Other Languages. Scores must be sent directly from the testing center to the Admissions Office. Use code 0458.

http://www.toeflgoanywhere.org/
http://www.ielts.org/
TUITION AND FEES

Mandatory tuition and fee charges are subject to final approval by the University System of New Hampshire Board of Trustees. Course charges, fees, and regulations are subject to change without advance notice. Tuition and fees are effective for Summer 2015 term charges unless otherwise noted.

Visit http://granite.edu/students/prospect/tuition.php for current tuition rates and fee information.

POST-BACCALAUREATE FEES

Per Credit Hour

<table>
<thead>
<tr>
<th>Category</th>
<th>Resident</th>
<th>Non-resident</th>
</tr>
</thead>
<tbody>
<tr>
<td>Resident</td>
<td>$293</td>
<td>$325</td>
</tr>
</tbody>
</table>

All students enrolled in credit-bearing programs in any division of the University System of New Hampshire in any capacity shall be charged tuition at a rate to be determined by their domicile. Those domiciled within the State of New Hampshire shall pay the in-state rate. Those domiciled elsewhere shall pay the out-of-state rate. Identification may be required at time of registration.

Application

Online Application No Charge

Academic Services Fee

Per term for 4 credits or more $40

This fee supports the information technology infrastructure of the College, including computer labs and the electronic library.

Registration Fee Per Term

$35

Registration fees help cover the data entry and record keeping expenses related to maintaining accurate academic transcripts.

Materials

Variable

The Post-Baccalaureate program requires all students to purchase a subscription with an e-Portfolio system for the duration of their plan of study at GSC. Additional technologies, educational applications, supplementary materials and other charges are required beyond tuition. These fees are assessed on a course-by-course and program basis.

Clinical Mentoring Fee $250

Any field-based course that requires oversight of a GSC field-mentor will have an additional fee assessed.

Testing

Fees are charged to individuals taking tests at the College test sites:

- CLEP per test $105
- DSST per test $110

Training Portfolio $275

Flat fee for review of professional training programs (e.g., corporate, organizational, governmental, medical, educational) or of individual training experiences.

Overdue Accounts

All costs, including attorney fees associated with the collection of an overdue account, will be charged to the student.

Returned Checks $25

Personal checks returned by the bank.

Re-registration Fee $25

Application

Online Application No Charge

Conferral Fee

$150

This fee covers the costs of degree audits, degree certification and diploma printing.

Materials

Variable

The Master’s programs require all students to purchase a subscription with the E-portfolio Provider for the duration of their plan of study at GSC. Visit http://bookstore.mbsdirect.net/gsc.htm for subscription rates.

Note: When applicable, Master’s degree programs require students to purchase memberships to professional organizations related to their degree program. Additionally, some courses require supplementary materials or other charges beyond tuition. These fees are assessed on a course-by-course basis and will be specified during the course registration period.

Overdue Accounts

All costs, including attorney fees associated with the collection of an overdue account, will be charged to the student.

Returned Checks $25

Personal checks returned by the bank.

Re-registration Fee $25

FINANCIAL AID REFUNDS

TUITION REFUNDS

Students are eligible for a refund of tuition and fees for courses dropped during the Add/Drop period for the course. For courses that do not follow the twelve-week schedule, specific drop dates are noted in the course schedule or posted at http://my.granite.edu/. After the Add/Drop deadline there will be no refund of tuition or fees. For specific information on dropping courses please refer to page 32.

AID RETURNS FOR WITHDRAWALS

If a student receiving federal financial aid officially (W) or unofficially (AF) withdraws from coursework in a term or from a degree...
program, return policies designated by the U.S. Department of Education will apply. A prorate schedule is used to determine the amount of federal aid a student has earned at the time of withdrawal up to the 60% point of a student's enrollment. If grant and/or loan funds are returned to the federal funding source, the student will be responsible for any tuition charges remaining after the return. If a student withdraws from a course, but is registered or plans to register for a late start course in the same term (and the drop date has not passed for the late start course), then written confirmation of the student's intent to return is required to be provided to the Office of Financial Aid or a return calculation will be performed.

Students receiving aid through the Department of Defense’s (DoD) Federal Tuition Assistance program are subject to the same prorated schedule of returning unearned aid if the student officially or unofficially withdraws for a course(s). The calculation will be based on the student’s last date of attendance in the course(s). The unearned aid will be returned to the DoD. Students are responsible for any balance that results from the calculation. The only exception is when the student stops attending due to military obligation.

Questions on these polices may be directed to:
Office of Financial Aid
603.513.1392
OR
Student Accounts Office
603.513.1330

---

**STUDENT ACCOUNTS**

The Student Accounts Office’s core mission is to serve the College community by establishing and maintaining business practices that will enable staff to provide consistent information and quality service to all students, faculty, staff, and vendors. The Office generates bills, processes payments and refunds, and assists students in understanding and managing their accounts and payment obligations. This includes scholarship payments, veteran’s benefits, vocational rehabilitation or other third party payments and the Tuition Management System’s interest-free monthly payment plan.

**Note:** Students are responsible for the status of their accounts and should contact the Student Accounts Office immediately with questions or concerns about accounts, or if there have been changes in any payment arrangements.

**STATEMENTS OF FINANCIAL RESPONSIBILITY**

Before registering for courses, students must submit a Student Financial Responsibility Agreement, acknowledging the understanding and agreement to the terms and conditions of financial responsibility. To complete the form visit WebROCK and select “Registration,” “Student Accounts,” or the “View Holds” menu options. The agreement may be found by going to: http://my.granite.edu/paying-your-bill#financialresponsibility.

**BILL PAYMENT**

The College accepts personal checks, money orders and credit cards (American Express, Discover, Master Card and Visa).

**PAYMENT OPTIONS**

**Payments Online:** Students with a WebROCK account may make electronic check and credit card payments online:
1. Go to http://my.granite.edu
2. Login to WebROCK
3. Select Student Accounts
4. Select Make an Online payment

**Payments by Phone:** Students may make credit card payments (American Express, Discover, Master Card and Visa) by phone at 603-513-1330.

**Payments by Mail:** Send a check or credit payment to:
Student Accounts
Granite State College
25 Hall Street
Concord, NH 03301

**TAXPAYER RELIEF ACT OF 1997**

The College is required to file form 1098-T with the U.S. Internal Revenue Service to report certain enrollment and identifying information for payments received toward “Qualified Tuition and Related Expenses” in a tax year. IRS Form 1098-T provides information from educational institutions to students which may be of use in determining a student’s eligibility for tax credits (American Opportunity Tax Credit or Lifetime Learning Credit). In order to provide this information, the first time an individual registers, their social security number will be required.

**CANCELLATION FOR NON-PAYMENT**

Payment for all classes must be made or payment arrangement confirmed in order to remain enrolled. Students will be dropped from classes if payment arrangements are not made by the published due date for the term. Students may re-register once payment arrangement has been confirmed. A $25 re-registration fee will be assessed.

Please refer to the to the student account calendar at http://my.granite.edu/sites/my.granite.edu/files/media/PDFs/studentservicescalendar20142015.pdf

**Accounts are considered paid when any of the following conditions are met:**

- Payment for all tuition, fees, and charges is made in full, or
- A payment arrangement is approved by the Student Accounts Office for all remaining charges (ex. third party payments, VA, Voc Rehab, pending scholarships, etc.) or

**Admitted Degree Candidates Using Financial Aid**

- Financial Aid is finalized and covers all charges, or
- Financial Aid is finalized; however the award does not cover all charges and a payment arrangement with the Student Accounts Office is approved.

**Note:** New degree candidate, or individuals applying for a subsequent degree, must have all admissions and financial aid documentation in by the published due date for the term. If you wish to register and apply for admission and financial aid after the published due date for the term, another form of payment must be secured at the time of registration. Students may receive reimbursement after admissions and financial aid award is determined and funds disbursed to account.
FINANCIAL AID

Students who need assistance with tuition and other costs related to their education may find help through one of several financial aid programs. Federal, State, and most institutional aid programs require the filing of the Free Application for Federal Student Aid (FAFSA). Types of aid include gift aid (grants), work study (part-time employment while enrolled), and loans (borrowed money that must be repaid with interest).

For full descriptions, disclosures, deadlines, and additional information for any financial aid listing, please visit www.granite.edu/finaid.php or contact the Office of Financial Aid at (603) 513-1392.

FEDERAL FINANCIAL AID ELIGIBILITY

To be eligible for federal financial aid, students must meet these general requirements:
• Be a U.S. citizen or eligible non-citizen; and
• Have a high school diploma or equivalent, or have been home-schooled in a setting approved by state law; and
• Not have or have resolved any drug conviction that occurred while receiving federal student aid; and
• Not owe a refund on a federal grant or be in default on a federal student loan; and
• Be accepted in an eligible degree or post-baccalaureate certificate program; and
• Be enrolled at least half time during any term. Half time is defined as 4 credits for post-baccalaureate programs and 3 credits for graduate programs; and
• Be making Satisfactory Academic Progress at each scheduled review; and
• Not be receiving federal or state financial aid from another institution for the same period of enrollment.

FEDERAL AID

FEDERAL DIRECT LOAN PROGRAM

Direct Loans are low-interest loans for students and/or parents to help pay for the cost of an education. The lender is the U.S. Department of Education and offers the following types of loans:

Subsidized: For students with demonstrated financial need, as determined by the FAFSA. No interest is charged while a student is in school at least half-time. Available to eligible students enrolled in an undergraduate or eligible post-baccalaureate program.

Unsubsidized: Loans that are not based on financial need. Interest is charged during all periods, even during the time a student is in school. Available to eligible students enrolled in an undergraduate or eligible post-baccalaureate program.

PARENT PLUS: Loans that are not based on financial need which help pay for education expenses up to the cost of attendance minus all other financial assistance. Interest is charged during all periods, even during the time a student is in school. To be eligible the borrower cannot have an adverse credit history. Available to eligible students enrolled in a graduate program.

FEDERAL WORK STUDY PROGRAM

Federal work study encourages part-time employment related to a student’s course of study and/or career interests while pursuing a post-secondary education. Students must demonstrate financial need from the FAFSA to be eligible for this program. Awards are based on availability from an annual allocation and are not guaranteed to every eligible student. Available to eligible students enrolled in an undergraduate, eligible post-baccalaureate or graduate program.

FEDERAL FINANCIAL AID PENALTIES FOR DRUG CONVICTIONS

Federal guidelines focus strongly on illicit drug use and distribution. The Higher Education Act states that a federal or state drug conviction can disqualify a student for federal financial aid. Without a valid FAFSA for federal financial aid, students are also ineligible for State aid and most institutional aid programs. In accordance with the HEOA provision, a student whose eligibility has been suspended due to a drug conviction is allowed to resume eligibility if the student successfully passes two unannounced drug tests conducted by a qualified drug rehabilitation program.
INSTITUTIONAL AID
NATIONAL GUARD TUITION WAIVER
This program is available to students serving in the New Hampshire Air and Army National Guard. NH National Guard Waivers are for tuition costs only on a space available basis which means that a seat is available in a course without excluding paying students.

THE ALUMNI MERIT SCHOLARSHIP FUND
The Alumni Merit Scholarship Fund provides up to ten academic merit scholarships to deserving students each year. Qualified recipients are selected through an application process. To be eligible, students must: • Be an undergraduate enrolled in a degree program, or a student enrolled in the Post-Baccalaureate Teacher Certification Program. • Have completed a minimum of twenty-four credits at the College. • Have completed a minimum of four terms at the College. • Have a 3.5 grade-point average or better.
Interested applicants may obtain a Scholarship Application through the My.Granite website each year. For more information, current students should call Alumni Relations at 603.513.1397.

OTHER SOURCES OF AID
Aid may be available from local sources, including local banks with education assistance trusts, community and civic groups, Veterans Administration, NH Job Training Council, Vocational Rehabilitation, and employer tuition reimbursement.

NEW HAMPSHIRE CHARITABLE FUND
New Hampshire residents pursuing undergraduate or graduate study at approved institutions of post-secondary education are eligible to apply for grants and scholarships from this fund. For more information, please visit www.nhcf.org.

VETERAN’S BENEFITS
Veterans are encouraged to take advantage of the benefits provided by the GI Bill. All of the College’s degree programs are approved for veterans’ benefits.

PRIVATE (ALTERNATIVE) LOANS
Private loans, also known as alternative loans, are non-federal student loans that may be needed by students to fund and/or supplement the cost of their education. All private loans are credit-based and have variable interest rates (meaning there is no limit to the amount the rate can increase). Students may borrow up to the cost of attendance less any financial aid and are required to complete a self-certification form. Private Loans should be used as a last resort to fund one’s education.

The Office of Financial Aid strongly encourages the use of all federal, state and institutional aid programs identified through the filing of the FAFSA before applying for any private loan option.

TUITION REIMBURSEMENT
Employer reimbursement can help offset the cost of graduate education. Many of Granite State College’s students receive full or partial reimbursement from their employers. Check with your Human Resources Department about this option.

RIGHTS AND RESPONSIBILITIES
Federal, state, and institutional student financial aid is a privilege, which creates both rights and responsibilities.
• Know and understand the authorized educational expenses involved in the cost of attendance and that aid awards are only used for these expenses while enrolled;
• Be informed about the financial aid application process/procedures and respond promptly to all documentation and information requests;
• Understand how financial need is determined, how outside resources may affect eligibility, and report all resources received;
• Understand the award and the guidelines of the aid programs involved;
• Know and understand the refund policies pertaining to dropping and the return of federal aid as a result of withdrawing from coursework; as well as student responsibility for repayment of any returned funds;

MONTHLY PAYMENT OPTIONS
The College offers a monthly payment plan option at a nominal cost. This interest-free plan allows payments in monthly installments for a single term or multiple terms within the same academic year. The plan is administered for the College by Tuition Management System (TMS). For further information, contact TMS at 800.356.8329 or visit granite.afford.com.

VOCA TIONAL REHABILITATION PROGRAMS
Every state operates a vocational rehabilitation program to assist people with a variety of disabilities to return to productive activity. In certain cases, a vocational rehabilitation agency will assist disabled students to meet their college expenses. Students should contact their local agency for more information.

ONLINE SCHOLARSHIP SEARCH ENGINES
Online scholarship search engines may be utilized to assist students in finding scholarships that reduce their educational costs. Trusted examples include: Fastweb, College Board Scholarship Search, and Peterson’s Scholarship Search.

UNIQUE ANNUAL GRANT
The Unique program provides increased, equal access and choice for deserving, high-need New Hampshire residents seeking the benefits of a NH postsecondary education.
FINANCIAL AID APPLICATION PROCESS

1. Complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov
   Receive your estimated financial aid award within 2 weeks. Awards will be issued beginning early May.

2. Complete your admissions application.
   Once processed, this will give you access to WebROCK to move forward with your financial aid.
   www.granite.edu/students/prospect/get started/admissions.php

3. Check WebROCK often for any additional requirements.
   Requirements will vary from student to student and may include submitting an extra document or two, or you might find that you’ve been chosen for Verification. Your award may change as a result of the Verification process, so check WebROCK for updates and respond to any changes. All additional documents must be submitted before any financial aid can be finalized.

4. Complete Federal Student Loan Requirements, if applicable.
   For all new GSC Federal Student Loan Borrowers, complete the following two steps in order to begin classes:
   a) Stafford Loan Entrance Counseling: Learn your rights and responsibilities associated with borrowing Federal Direct Loan funds.
   b) Master Promissory Note (MPN) with Direct Lending: a legal document you sign which explains the terms and conditions of your loan, as well as your repayment responsibilities.

5. We assume you accept all loans and grants, as offered, unless you inform us, in writing, otherwise. Please complete an Award Revision Request form if you wish to: decline all or a portion of your loans, are requesting, or are attending fewer terms than are reflected on your award. Please allow sufficient time for us to process these change requests. Typically, changes are completed in 3-5 business days. During peak times, the 3 weeks prior to each term start, processing times may be longer.

VERIFICATION
Federal regulations require verification to be completed for some applicants and they may be selected by the U.S. Department of Education or by the College. The purpose of verification is to maintain the integrity of student aid programs by verifying the information provided by students and parents on financial aid applications.

Requirements for verification must be completed before aid is finalized or disbursed.

APPLICATION PROCESSING TIMELINE
Applications are accepted on a rolling basis. Student aid is packaged when the student has been accepted into an eligible post-baccalaureate or graduate program. Financial aid application processing may take up to fourteen days once the FAFSA results are received. Apply as early as possible to avoid delays. Verification documents must be completed prior to the last day of enrollment that is at least half-time. Students must reapply for financial aid each academic year.

FINANCIAL NEED
Federal, state, and most institutional aid programs are awarded based on financial need except for the Direct Unsubsidized Loan and the Direct PLUS Loans which are categorized as non-need based aid. Financial Need is the difference between the Cost of Attendance and your Expected Family Contribution added with external Educational Resources.

Cost of Attendance (COA), also known as the student’s budget, is an estimate of educational and related expenses incurred during a period of enrollment.

The Expected Family Contribution (EFC) is a measure of your family’s financial strength and resources available to assist with the cost of your education which is calculated through the FAFSA.

Any anticipated Educational Resource, paid directly to you or to the College on your behalf, is your legal responsibility to report, and may affect your financial aid eligibility. Examples include, but are not limited to, Vocational Rehabilitation, Veterans Administration, and employer tuition reimbursement.

Special Circumstances
The College does recognize that a student and/or family's true circumstances may not be accurately portrayed at the time they file their FAFSA. Special circumstances may include, but not limited to: loss of job, divorce, and medical expenses above the average allowance. A special circumstance application may require completion of the verification process, supporting documentation, and providing further information upon request.

CODE OF CONDUCT
The staff of the Office of Financial Aid and designated agents of the College are expected to always maintain exemplary standards of professional conduct and to follow this code of conduct outlined by the National Association of Student Financial Aid Administrators (NASFAA).

The professional shall:
1. Refrain from taking any action for his or her personal benefit.
2. Refrain from taking any action he or she believes is contrary to law, regulation, or the best interests of the students and parents he or she serves.
3. Ensure that the information he or she provides is accurate, unbiased, and does not reflect any preference arising from actual or potential personal gain.
4. Be objective in making decisions and advising his or her institution regarding relationships with any entity involved in any aspect of student financial aid.
5. Refrain from soliciting or accepting anything of other than nominal value from any entity (other than an institution of
higher education or a governmental entity such as the U.S. Department of Education) involved in the making, holding, consolidating or processing of any student loans, including anything of value (including reimbursement of expenses) for serving on an advisory body or as part of a training activity or sponsored by any such entity.

6. Disclose to his or her institution, in such manner as his or her institution may prescribe, any involvement with or interest in any entity involved in any aspect of student financial aid.

**IMPORTANT DATES 2015-16**
The Student Accounts calendar includes important dates such as financial aid deadlines, disbursement of funds and credit balance issue dates. It applies to standard term courses.

The calendar can be found at: [http://my.granite.edu/sites/my.granite.edu/files/media/PDFs/studentservicescalendar20152016.pdf](http://my.granite.edu/sites/my.granite.edu/files/media/PDFs/studentservicescalendar20152016.pdf)

### Constitution Day

September 17 is designated as Constitution Day for all schools eligible for Title IV funding. Granite State College annually celebrates Constitution Day to promote an understanding and appreciation of the U.S. Constitution.

### SATISFACTORY ACADEMIC PROGRESS FOR FEDERAL AID

Federal regulations require that all financial aid recipients progress at a reasonable rate (satisfactory academic progress) toward achieving and completing their program of study.

This requirement applies to all students receiving federal financial aid. Students are expected to meet the minimum SAP standards outlined below during each scheduled review. These standards ensure that any student will complete their program of study within the maximum timeframe.

Students who fail to achieve these standards will no longer be eligible for financial aid and will be placed on financial aid suspension which will result in the loss of federal, state, and institutional aid, including grants, scholarships, loans, and work study. The minimum Satisfactory Academic Program Stands for Graduate students are:

1. Maintain a cumulative GPA of 3.0 or better
2. Successfully complete 67% of all credits attempted
3. Complete the credit requirements for the degree within 150% of the published credit length of the degree program.

Example: A Master’s Degree requires 30 credits; students may not exceed 45 credits attempted to earn a Master’s Degree.

Post-Baccalaureate students are required to:
1. Maintain a cumulative GPA in accordance with the following scale:

<table>
<thead>
<tr>
<th>Total Credit Hours Attempted</th>
<th>Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-12</td>
<td>0.00 to below</td>
</tr>
<tr>
<td>13 and above</td>
<td>2.00 or above</td>
</tr>
</tbody>
</table>

2. Make progress (an acceptable pace) toward program completion and successfully complete the required number of credits in accordance with the following scale:

<table>
<thead>
<tr>
<th>Total Credit Hours Attempted</th>
<th>Minimum # of Credit Hours Completed</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-12</td>
<td>0</td>
</tr>
<tr>
<td>13-24</td>
<td>12 or more</td>
</tr>
<tr>
<td>25-36</td>
<td>24 or more</td>
</tr>
<tr>
<td>37-48</td>
<td>36 or more</td>
</tr>
<tr>
<td>49-60</td>
<td>48 or more</td>
</tr>
<tr>
<td>61 and above</td>
<td>Complete 2/3 of all credits attempted</td>
</tr>
</tbody>
</table>

3. Complete the credit requirements for the program within 150% of the published credit length of the program.

Example: a certificate program that required 24 credits; students may not exceed 36 credits to earn the certificate.

Credit hours attempted will include completed credits, incompletes, withdrawals, transfer credits applicable to the student’s degree, and repeated or failed classes. If due to withdrawals, failed courses, change in degree program, etc., the student exceeds the maximum number of attempted credits for his/her program or a student cannot complete the program of study without exceeding the maximum timeframe, then he/she will no longer be eligible for federal financial aid programs for any future terms.

Various types of coursework impact the calculation of SAP:

- Dropped Coursework during the official add/drop period is not included as attempted and/or unsuccessful credits.
- Audit Coursework receives no credit and is not relative to grade point average nor counted in the evaluation of SAP.
- Remedial/Developmental Coursework receives no credit and is not relative to grade point average nor required to be counted in the evaluation of SAP.
- Only 30 credits worth of remedial/developmental coursework will be included in enrollment status for federal financial aid.
- Repeated Coursework will count in calculation of hours attempted and completed hours earned if the student receives a passing grade; however, only the last grade earned is calculated in the GPA.
- Prior Learning Assessment (PLA) Credits are brought in as transfer credits since credits are not paid for but the evaluation process is. PLAs are applicable as degree credits that lead toward degree completion. Therefore, PLAs are counted in the credits attempted and successfully completed, as well as the maximum timeframe.
- Pass/Fail Coursework is not calculated in the cumulative GPA, but will be included in credits attempted and completed (if applicable).
- Transfer Coursework is applicable to the student’s degree program and included in attempted and successfully completed credits.
- Consortium Coursework, while a GSC student enrolled in an eligible program, will be counted in attempted credits, completed credits (if applicable), and calculated in cumulative GPA.
- Subsequent Major includes all credits transferred from the previous degree program and impacts the maximum timeframe measure.

Graduate and post-baccalaureate students are reviewed annually at the end of the Spring term with the exception of students enrolled in teacher certification programs containing less than 24 credits. These students are reviewed at the end of each term. For more information on satisfactory academic progress, please visit: [http://my.granite.edu/sap](http://my.granite.edu/sap).
COURSE SELECTION

Students should log into My.Granite to access the Graduation Planning System (GPS). The degree evaluation will identify courses that are still needed to meet degree requirements. Specific questions can be addressed and answered by your Program Director or Field-Placement Faculty.

PREREQUISITES

Course prerequisites are those courses that are required to have been completed prior to enrolling in another course.

Before registering for a course, students should check the course description to determine whether they have taken the course prerequisites.

For more information about course prerequisites, please contact the Program Director.

ENROLLMENT STATUS

Post-Baccalaureate Students

Post-Baccalaureate Students who are registered for at least four (4) credits in Fall, Winter, Spring or Summer term are considered to be enrolled as part-time post baccalaureate students. Those who are registered for at least eight (8) credits in a term are considered to be enrolled as full-time post-baccalaureate students.

Graduate Students

Students who are registered for at least three (3) credits in Fall, Winter, Spring or Summer term are considered to be enrolled as part-time graduate students. Those who are registered for at least six (6) credits in a term are considered to be enrolled as full-time graduate students.

GRADUATE COURSE OVERLOAD POLICY

Post-Baccalaureate Students

A full load for post-baccalaureate students is at least eight semester hours taken concurrently.

To be eligible for an overload (greater than eight semester hours concurrently), a post-baccalaureate student must satisfy the following criteria:

• Must have a record of successful study at Granite State College
• Must have a GPA of 3.000 or higher in GSC post-baccalaureate coursework.

Students may request a course overload by completing the appropriate form and sending it to the Field Placement Faculty.

Graduate Students

A full load for graduate students is at least six semester hours taken concurrently.

To be eligible for an overload (greater than six semester hours concurrently), a graduate student must satisfy the following criteria:

• Must have a record of successful study at Granite State College
• Must have a GPA of 3.500 or higher in GSC graduate coursework.

Students may request a course overload by completing the appropriate form and sending it to the Program Director.

REGISTRATION

Students can register for courses by registering online via WebROCK at my.granite.edu, by completing the respective Registration form and faxing, mailing, or dropping it off at a local campus, or calling the Student Information Center. Non-matriculated students at the graduate level need Program Director approval to register for classes.

The college reserves the right to deny enrollment in any course for which the prospective student lacks the necessary background or prerequisites. For each course, check to ensure all prerequisites have been satisfied.

Students are officially registered when all tuition and fees are either paid in full or when financial clearance has been confirmed. This process must occur by the term’s posted payment due date to avoid being dropped from courses. Once financially cleared, students will be contacted only if the course for which they have registered is cancelled.

Students are responsible for purchasing textbooks and materials. Textbooks are an additional expense. MBS Books is the authorized textbook supplier for the College. To order and obtain ISBN information go to:
http://direct.mbsbooks.com/gsc.htm or
Call: 800.325.3252
Fax: 800.499.0143
STUDENT IDENTIFIER NUMBER
All students who wish to register for credit bearing courses at GSC are required to provide their social security number with their first registration. The SSN is required by federal law and federal financial aid, and will be used to report 1098-T data for education tax credits under the Taxpayer Relief Act of 1997. Student SSNs will be shared only where legally required and will be accessible only by authorized personnel. GSC protects confidential information by complying with the Family Education Rights and Privacy Act of 1974.

A unique GSC student identifier number will be generated for all students. Use this generated number for all College transactions, including subsequent registrations, account payments, and initial logging on to the College website portal. Students will receive their SID on the Acceptance letter. Students who need assistance identifying their SID should contact the Registrar’s Office.

CHANGE OF REGISTRATION
Students may add or drop courses online during the online registration period. The length of online registration is subject to change, so please consult the course schedule for the term. Students may also add or drop a course during the add/drop period by contacting a Regional Campus, by completing the Course Add/Drop Form located at my.granite.edu, or by contacting the Student Information Center at 855.472.4255. See the following sections for further information on Adding Courses or Dropping Courses.

After the add/drop period for course(s), students may withdraw from a course(s) by completing and signing the Course Withdrawal Form. See Withdrawing from Courses section below for further information.

ADDING COURSES
Students may add a course up to the end of the specified add/drop period:
• Logging into WebROCK
• Completing a Course Add/Drop Form at http://my.granite.edu/registrationchange and faxing it to the Registrar’s Office at 603.513.1386.

Students seeking to repeat a course should consult their program director prior to registration.

DROPPING COURSES
A “drop” is a cancellation of an individual registration. If a course is dropped before the start of the term, all tuition and fees are refunded. If a course is dropped during the official add/drop periods, only tuition is refunded. Fees and charges other than tuition are nonrefundable after the start of the term. Notification of a drop after the start of the term must be received in the Registrar’s Office during the official add/drop period.

To drop a course after the start of the term:
• Log into WebROCK
• Complete a Course Add/Drop Form at http://my.granite.edu/registrationchange and fax it to the Registrar’s Office at 603.513.1386.

Students who remain registered after the drop period are financially responsible for all tuition and fees.

Officially dropped courses are not recorded on transcripts. Failure to officially drop will result in an AF grade (administrative failure), which is maintained on the official student record and included in the grade point average (GPA). An AF may also result in an unpaid balance due to Granite State College if federal financial aid has been received.

WITHDRAWING FROM COURSES
A withdrawal is a change in registration after the official add/drop deadline. A “W” will be noted on a transcript indicating that an individual did not complete the course. To determine the last day to withdraw from a regularly scheduled six or twelve-week course please see the schedule published at My.Granite.edu. To withdraw from a course that does not follow a twelve-week schedule, please consult the Program Director or the course schedule.

To withdraw from a course, submit a completed Course Withdrawal Form located at http://my.granite.edu/registrationchange before the last published day to withdraw. Withdrawal from course(s) is official once a signed form has been received by the Registrar’s Office. Fax the form to the Registrar’s Office at 603.513.1386 or scan and email it to registrars.office@gcs.edu. The date of official withdrawal is the day that the completed form is received by Granite State College.

There is NO refund of tuition or fees for withdrawals. Please check with an advisor and the Office of Financial Aid before withdrawing if receiving financial aid, including loans. Depending on the aid received, students may be responsible for repaying some or all of the aid to the College if they withdraw. If federal financial aid has been received, it will be returned to the U.S. Department of Education in accordance with regulations in effect at the time of the withdrawal. The return of aid may create an unpaid balance due to Granite State College.

Failure to officially withdraw will result in an AF grade, which is maintained on the official student record and included in the grade point average (GPA). Not attending classes does not constitute an automatic withdrawal. If federal aid has been received, it will be returned to the U.S. Department of Education in accordance with regulations in effect at the time of the unofficial withdrawal.

Note: For purposes of adding, dropping, or withdrawing from a course, the end of the week is considered to be Friday.

Note: Students who drop or withdraw from a course are required to return all college property.

PETITIONS FOR CHANGE IN ENROLLMENT STATUS
Students with extreme extenuating circumstances who have been unable to participate in a course in the current term may petition to drop the course past the published deadline through a written petition process facilitated by the student's Academic Coach. Students who have participated in a course in the current term but are unable to complete it due to extenuating circumstances may petition to withdraw past the published deadline and request financial relief. The Petition Committee, consisting of College administrators, rules on change in enrollment status petitions. The petitioning student is notified by letter of the decision. If a student determines that additional information is available to support reconsideration of the decision, or the need to further clarify information previously presented, an appeal of the decision may be requested within 30 days of receipt of the letter indicating the initial decision. The appeal process is as follows:
• An Appeal Form should be completed and signed by the student and sent to the Office of Academic Affairs. The form is available at http://my.granite.edu/resources/petitions.htm.
• The Appeal Form should include a brief statement as to why the decision should be reconsidered as well as additional supporting evidence or clarification of the original request.
• Upon receipt, the appeal will be forwarded to the College’s Petition Committee for review. The Committee will consist of two other members of the Office of Academic Affairs staff and the Provost.
• The decision by the Committee is final, and the student will be notified immediately in writing.

AUDIT
Students may register for a course as an auditor, i.e., not for credit, in pursuit of a personal interest or for purposes of personal or career development. Full tuition and applicable fees will be charged for an audited course. Students registering for academic credit will be given priority in registration over auditors. A request to change from an audit status to a credit-bearing status or vice versa must be submitted using an updated registration form before the final day of the add/drop period for the course.

It is not expected when auditing a course that a student will be evaluated in any way. The extent to which auditors will participate in the course will be at the complete discretion of the instructor. A grade of AU will be entered on the official record. An audit will not be included in the calculation of GPA, for satisfactory academic progress, for determining full or part-time status, or for financial aid eligibility.

PASS/FAIL
This option is intended to provide degree candidates with an opportunity to examine areas of study which they might, because of grade pressure or unfamiliarity with the subject, otherwise avoid. With the approval of the Program Director, degree candidates may use the Pass/Fail option at the time of registration. A maximum of 3 elective credits may be earned through Pass/Fail per term, not to exceed 6 elective credits within the degree program. When registering, obtain the Program Director’s signature on the registration form that authorizes the Pass/Fail registration status. The Pass/Fail option can only be used for elective credit. Instructors are not notified if students have chosen the Pass/Fail option.

The minimum Granite State College grade accepted for a learning activity taken Pass/Fail at the graduate level is C. The grade earned will not be calculated into the GPA, but the Pass or Fail will be recorded on the transcript. Students earning a passing grade will receive the assigned credits towards degree requirements. Those earning a failing grade will not receive credit, and the grade will be calculated in the GPA. Courses from other USNH institutions offered at Granite State cannot be taken Pass/Fail.

SENIOR CITIZENS
The senior tuition waiver request and registration form can be found at: http://my.granite.edu/forms-faqs. Completed forms should be submitted to the Registrar’s Office by fax (603.513.1386) or email (registrar.office@granite.edu) and will be held until the Monday after the payment due date for the term; students will be notified at that time if space is available.

Request form is available at: http://www.granite.edu/finaid/forms.php.
A Senior Audit plan allows for an audit (no credit awarded) with a payment of a registration fee and any other fee or charge if applicable.

ENROLLMENT VERIFICATION
The College sends enrollment data for each term to the National Student Clearinghouse soon after the standard add/drop date. Once the data has been processed by the Clearinghouse, students may obtain instantaneous enrollment verifications by logging on to WebROCK at my.granite.edu and linking to the National Student Clearinghouse website. Students may print a certification of enrollment to send to their health insurers and credit issuers. Students can view any electronic notification forms that the Clearinghouse has sent to their lenders, servicers, and guarantors, and may also link to real-time student loan information to determine outstanding balances and due date of their next payment.

UNIVERSITY SYSTEM OF NEW HAMPSHIRE POLICIES
Suspension from any University System of New Hampshire Institution
A student ineligible to register for or attend classes at any one USNH institution because of suspension entered upon finding of responsibility for violation of the institution’s code of student conduct shall be ineligible to register for or attend classes at any other USNH institution during the entire period of suspension.

A student ineligible to register for or attend classes at any one USNH institution because of permanent expulsion entered upon finding of responsibility for violation of the institution’s code of student conduct shall be ineligible to register for or attend classes at any other USNH institution for a period of two (2) years following the date on which the student was permanently expelled.

A student ineligible to register for or attend classes at any one USNH institution because of a pending student disciplinary charge shall be ineligible.

CROSS REGISTRATION
Granite State College degree candidates who wish to take courses at other USNH institutions and the CCSNH should verify course selection with their Program Director or Associate Dean of School of Education prior to registering. Complete a Cross Registration form available from any campus staff member. If using financial aid, there must be an approved financial aid consortium agreement between GSC and the college attended. Once this has been verified, students may complete the Cross Registration form and forward it to the Office of Financial Aid. The academic record will be noted “Cross Registration” which will qualify the student for financial aid. After completion of course work, request that an official transcript be sent to the Granite State College Registrar’s Office.

NEW HAMPSHIRE RESIDENCY DOMICILE
In-State Tuition Status: Classification of Students for Tuition Purposes (Residency Rules)
All students enrolled in credit-bearing programs in any division of the University System of New Hampshire in any capacity shall be charged tuition at a rate to be determined by their domicile.
Those domiciled within the State of New Hampshire shall pay the in-state rate. Those domiciled elsewhere shall pay the out-of-state rate.

Residency is determined at the time of admission for degree students and at registration for non-degree students. To qualify for In-State tuition status a student must physically reside in New Hampshire for no less than twelve continuous months prior to the term for which In-state status is desired, must reside in New Hampshire for some purpose other than attending the University, and meet all the other requirements set forth in the tuition rules.

Students who become New Hampshire residents after admission may apply for a change in tuition status by completing the Request for In-State Residency form found on my.granite. All students applying for in-state status for tuition purposes must fully complete the application (including supporting documents) before it will be accepted. Providing full information will aid in presenting clear and convincing evidence of your status.

**MILITARY DOMICILE RULE**

Resident Tuition Rates for Active Duty, Veterans and their Dependent, Veterans Access, Choice and Accountability Act of 2014

Granite State College is compliant with Section 702 of the Veterans Access, Choice and Accountability Act of 2014.

**USNH BOT.IVE 6.1.1 Determination of Domicile**

In accordance with RSA 187-A:20-c, any veteran of the armed forces who establishes a residence in New Hampshire is eligible immediately for the in-state rate, and the twelve-month waiting period for establishing domicile shall not apply.

**USNH BOT.IVE. 10 Military Personnel**

10.1 A member of the Armed Forces of the United States stationed in this state under military orders shall be entitled to classification for himself/herself, spouse and dependent children as in-state for tuition purposes so long as the member remains on active duty in this state pursuant to such orders.

10.2 Individuals receiving educational assistance under 38 U.S.C. § 3001 et seq. or 38 U.S.C. § 3301 et seq., including children or spouses of active service members or veterans eligible for educational assistance under 38 U.S.C. § 3311(b)(9) or 38 U.S.C. § 3319, shall be eligible for the in-state rate while living in this state.
ADVISING
Granite State College is committed to providing comprehensive services and opportunities that enable students to take ownership of their education and to make sound decisions to further their academic and professional success. The Graduate Program Directors and Field-Placement Faculty are available to assist students in planning their program of study, identifying and meeting their goals and navigating the academic resources and support services offered by Granite State College.

ETHICAL STANDARDS
The College has adopted a set of eight ethical principles based on four fundamental ethical ideals (Utility, Justice, Respect for Persons, and Fidelity) to guide staff actions with students. The eight principles were formulated by the National Academic Advising Association and are as follows:
1. Seek the best possible education for the student.
2. Treat students equitably.
3. Enhance the student’s ability to make decisions.
4. Advocate for the student with other offices.
5. Interact with the student with fidelity, about college policies and procedures.
6. Support the college’s educational philosophy and its policies.
7. Maintain the credibility of the advising/coaching process.
8. Accord colleagues appropriate courtesy and respect.

ORIENTATIONS
The Office of Graduate Studies provides orientation sessions for students. Included in these orientations is information on degree programs, purchasing books, faculty and courses, course work and e-Portfolios, accessing library resources, and strategies for success. Students in the School of Education programs are oriented through EDU 700 course, Introduction to Field Experience and Program Requirements offered each term.

Orientations are also available for electronic resources including the MyGranite portal, eLearning+ and WebROCK. Look for announcements of these orientation sessions through the MyGranite portal at http://my.granite.edu/orientation and in the term course schedules.

STUDENT DISABILITIES SERVICES
Granite State College Student Disability Services is committed to helping students become engaged, self-advocating, independent learners. We seek to promote accessible learning environments where students with disabilities experience equal access and full participation.

Granite State College, in accordance with the American Disabilities Act of 1990, and the Americans with Disabilities Amendments Act of 2008, and Section 504 of the Rehabilitation Act of 1973, will provide eligible students with a documented disability reasonable accommodation in order to ensure equal access to college programs and activities.

Students who would like more information on disability services or to apply for accommodations may contact the Student Disability Services directly:
GSC Student Disability Services
25 Hall Street
Concord NH 03301
Phone: 603-513-1140
Email: GSC.SDS@granite.edu

Applications for accommodations can be downloaded at http://my.granite.edu/disabilities. Please see the GSC Student Handbook for further description of the accommodations process and rights and responsibilities at http://my.granite.edu/student-handbooks.

LIBRARY AND RESEARCH COMMONS
At Granite State College we believe that proactive delivery of library services is fundamental to a student’s academic success. The GSC Library and Research Commons (LRC) seeks to be a nexus of virtual and innovative learning and research services that support the GSC community. Our approach to services reflects this mission. The LRC website is at: http://library.granite.edu/.

As a GSC student you will find that we offer online research assistance- anything from how to access databases to developing a full research paper – when you need it. Our student-centered approach guarantees that you will receive assistance within 24 hrs. of submitting a request for help. Research help is available to students directly from their online classes, via the website, and by phone.
The Library offers new Library Research Success seminars throughout the state and online. These 45 minutes seminars are a great way to prepare for the research assignment students will encounter in their classes.

Our Library Research Guide walks a student through the research process, from when an assignment is first made, and the questions a student should ask, to the final editing, proofreading, and physical presentation of the research paper. Included in the toolkit are guides to help students determine how to plot a research strategy, craft a successful database search, evaluate websites, and accurately document citations for resources used. The Research Toolkit overview is at: http://library.granite.edu/overviewresearchtool/.

The GSC Discovery Service (our digital library) is available 24/7, a necessity for busy students and faculty. It provides access to a millions of full-text scholarly journals and over 160,000 e-books that support the College's curriculum. These resources include special collections in Management and Leadership, Education, and Healthcare. The Library also provides access to large collections of Open Educational Resources in a variety of formats, as well as an electronic reference room of dictionaries, maps, and news sources.

The LRC is committed to working with faculty to meet the information and research needs of our students. We support faculty in a number of ways. Faculty can schedule an online or F2F tutorial for their class, collaborate with the College Librarian on a student research assignment, or have a special research guide prepared for the class. Faculty are encouraged to suggest new resources for the digital library. We will be offering regularly scheduled faculty workshops to acquaint faculty with the Library's services and resources.

As part of Granite State College’s membership in the New Hampshire College and University Council (NHCUC) students may use resources, and borrow books from other NHCUC libraries.

**NHCUC Libraries**

Colby-Sawyer College, New London  
Dartmouth College, Hanover (no borrowing privileges)  
Franklin Pierce University, Rindge  
Keene State College, Keene  
New England College, Henniker  
Plymouth State University, Plymouth  
Rivier University, Nashua  
Saint Anselm College, Manchester  
Southern New Hampshire University, Manchester  
University of New Hampshire, Durham  
UNH-Manchester, Manchester  
UNH Law, Concord

To learn more about the LRC’s services contact the College Librarian at: granite.library@granite.edu, or 603.728.8140.

**ONLINE RESOURCES**

**MyGranite, eLearning+ and WebROCK**

MyGranite is the go-to resource for current student information and support services. It is also the launch pad to other online college resources such as WebROCK, eLearning+, the GSC Library and Research Commons, IT Help and Go.Granite email. MyGranite can be found at: http://My.Granite.edu.

eLearning+, powered by Moodle, is the college's learning management system for delivering course content and learning activities online. It is used for online, hybrid, blended and classroom based courses. eLearning+ also offers access to e-portfolios, a file repository accessible from multiple courses and a streaming server for audio and video files.

Each faculty and student receive a Go.Granite email account which includes a suite of applications such as scheduling, reminders, file storage and sharing, instant messaging, remote access and collaboration. This email address is directly linked to the eLearning+ account. This email account can be used or forwarded to a preferred email address.

WebROCK provides direct access to student records and registration. Once logged on, students can:

- Register for courses  
- Make e-payments  
- Request official transcripts  
- Verify enrollments  
- View financial aid information  
- View academic history  
- View account information  
- Access the tax information the College has sent to the IRS

**TEXTBOOKS**

Textbooks can be purchased from MBS Direct, the College’s online bookstore. Books may also be ordered from MBS Direct by fax or telephone. For more information including ISBN numbers for required books visit http://bookstore.mbsdirect.net/GSC.htm

**TECHNICAL ASSISTANCE**

For general information, account set up and answers to frequently asked questions, visit the IT Help site at: http://it.granite.edu. To request assistance in regard to any of these online resources, submit an online help request form on this help site or call 1.888.372.4270 during regular business hours. Visit the IT Help site for hours of operation.

**UNIVERSITY SYSTEM STUDENT BOARD**

The University System Student Board (USSB) is an advisory board to the USNH Board of Trustees, comprised of one student from each of the four component institutions.

Members of the USSB will serve from October 1 of the year they are elected until June 30 of the following year. Each member of the USSB will be entitled to one vote on all matters coming before the USSB. Each of the USSB members will also be assigned one seat on one of the USNH Board of Trustee’s committees.

For more information on the USSB responsibilities, nomination and selection process please refer to the GSC Student Handbook at http://my.granite.edu/student-handbooks

**ALUMNI ASSOCIATION**

Alumni have made a significant impact on the state of New Hampshire’s economy over the past thirty years. Numbering more than 7000, GSC alumni work statewide in education, business, health care, and many other fields. The alumni network provides an excellent opportunity to meet other alumni and continue an important connection with Granite State College.

**THE ALUMNI ASSOCIATION MERIT SCHOLARSHIP FUND**

Merit Scholarships are available to qualified current students. See the Financial Aid section for details.
THE ALUMNI AMBASSADOR PROGRAM
This program extends the outreach abilities of the College by enlisting alumni volunteers to help with College wide efforts. Alumni Ambassadors may assist the College in connecting with prospective students from their local communities.

VICTOR MONTANA ALUMNI AWARD
In honor of Dr. Victor B. Montana, past president of the College, an annual award is presented to an alumnus/a who most closely personifies Dr. Montana’s spirit during his tenure with Granite State College.

Once a qualified name is submitted and an application form received, a committee of the Alumni Association will make a decision based on the following criteria. The nominee must:
• Demonstrate a commitment to lifelong learning.
• Demonstrate a commitment to serving the community through professional or volunteer work.
• Approach life with a “Can Do!” attitude as noted by others.
• Demonstrate professional achievement or notable accomplishments in a chosen field.
• Show personal integrity and credibility as noted by others.

A recognition award will be given to the recipient annually.
ACADEMIC INTEGRITY
Academic integrity and intellectual truth are among the foremost priorities in institutions of higher learning. Without these, there is no real learning, critical thinking, creativity, or development of new knowledge. Therefore, the Trustees of the University System of New Hampshire confirm their commitment to these principles, and express their expectation that, in the pursuit of learning, students and faculty in the various institutions commit themselves completely to integrity in the pursuit of truth.

ACADEMIC HONESTY
Joining an academic community is a privilege with a long and honored history. All who join the community share in this history and, as in any community, all are charged with maintaining the integrity and standards of the academy. A primary function of this community is to stimulate scholarship that creates new knowledge or verifies existing knowledge. Academic dishonesty, therefore, seriously undermines the integrity of the academic community and interferes with this quest for knowledge. Such dishonesty hurts everyone. In particular, students who cheat diminish the value of their education and weaken their prospects for future academic successes. Our policies emphasize the seriousness of academic dishonesty and give faculty some options for handling violations of these standards. Faculty and students have a joint responsibility to ensure the integrity of the academic experience.

DEFINITIONS
To ensure that students, faculty, and staff are operating within common guidelines, the following definitions of academic dishonesty are provided:

PLAGIARISM
Plagiarism is defined as submitting or presenting another person’s words and/or ideas as if they were one’s own. This includes the use of the published or unpublished work of another person (including online)—either by paraphrasing or by copying word-for-word—without giving full and clear acknowledgement of where the words or ideas originated.

For more information about plagiarism and how to avoid it, please refer to information in the GSC Library tab at my.granite.edu.

CHEATING
Cheating involves turning in work that is not one’s own, as in giving, receiving, or using assistance not explicitly sanctioned by the instructor on exams, quizzes, projects, written assignments, and so forth. Other forms of cheating include purchasing assignments, unauthorized collaboration, and turning in the same work for more than one course when the faculty members involved have not given their explicit permission to do so.

POLICY
Plagiarism and cheating are unacceptable in any form. They are serious violations of academic honesty and will not be tolerated by the College. Students who engage in such activities will be subject to serious disciplinary action.

PROCEDURES
A faculty member who suspects a violation of the academic honesty policy will take reasonable measures to ascertain the validity of those suspicions, including but not limited to checking primary and secondary sources, comparing student papers and/or answers, conferring with other faculty and the Program Director, or verifying inappropriate similarities in style or content. When the faculty member has reasonable evidence that academic dishonesty has occurred, the following procedures will be followed:

1. The faculty member contacts the student for discussion of the possible violation of the academic honesty policy within one week of discovering the incident.

2. Regardless of whether the incident is deemed to be intentional on the part of the student or not, if the instructor remains convinced after discussion with the student that a violation of the academic honesty policy has taken place, he or she contacts the Program Director promptly after the discussion with the student to report the incident and discuss next steps.
3. The Program Director will review the incident with the instructor, who has the option of assigning a failing grade for the assignment in particular or for the course.

4. Within two weeks of the date of the academic dishonesty incident, the instructor must submit to the student a written report describing the incident and notifying the student of the grade-related consequences. This written report must be copied to the Program Director.

5. The Program Director will contact the student in writing within one week of receiving the faculty member’s written report. The Program Director will offer the student an opportunity to respond in writing within one week.

6. The faculty member’s written report will be placed on file, together with the evidence of academic dishonesty and any written response that the student has provided within the timeline permitted. The Dean will acknowledge in writing to the student, faculty member, and Program Director, receipt of the materials.

7. If the report is a first offense, the materials will be kept on file until the student graduates from Granite State College. If the report documents a second offense by a student who has already been penalized for a prior instance of academic dishonesty, the Provost for Academic Affairs will be notified, and the following procedures will apply.

In the case of a second offense, additional sanctions beyond grading penalties may be imposed. The Provost for Academic Affairs may determine that temporary suspension from the College or academic dismissal is warranted. Upon notification of a second academic dishonesty incident by the same student, the Provost for Academic Affairs notifies the student in writing that he or she is aware of the two charges made, the dates of the incidents, and the sanctions imposed by the faculty members. In this communication, the Provost for Academic Affairs informs the student of any additional sanctions imposed and of the student’s right to a hearing to respond to the charge and sanctions. A copy of this letter from the Provost for Academic Affairs will be placed in the student’s official file.

When a student has received notification from the Provost for Academic Affairs of a second charge of academic dishonesty, the student has the option of making a request in writing to the Dean for a hearing within 30 days. The student may choose to bring a non-attorney third party to the hearing.

The hearing will be conducted by the Provost for Academic Affairs, with others in attendance at the discretion of the Provost for Academic Affairs. The student will have the opportunity in the hearing to review and comment on the evidence presented in support of the most recent charge only. The student will also have the opportunity to provide his or her own supporting facts and explanations and to ask questions concerning the most recent charge only.

The Provost for Academic Affairs will convey a written decision that (a) summarizes the evidence of the second charge; (b) provides a rational basis for the decision; and (c) conveys an outcome (e.g., further sanction, dismissal of second charge). This written decision will be placed in the student’s official file, and is final.

---

**COPYRIGHT**

**POLICY**

Granite State College does not condone copyright infringement by faculty, administrators, staff, employees, or students. Each individual is solely responsible for obtaining permission from copyright holders to duplicate, or in any way reproduce, in part or in whole, materials held under copyright. The College Librarian can assist the GSC community in answering basic copyright questions. A copyright overview is available on the Library & Research Commons website at: http://library.granite.edu/copyright-basics/, as well as more extensive copyright resources in the LRC’s Research Toolkit.

**PROCEDURES**

The College follows the guidelines for “Educational Fair Use” as stated in the United States Code #107. They are:

1. **Single Copy for Teachers**
   
   A single copy may be made of the following by or for a teacher at his or her individual request for his or her scholarly research or use in teaching or preparation to teach a class:
   
   a. A chapter from a book;
   
   b. An article from a periodical or newspaper;
   
   c. A short story, short essay or short poem, whether or not from a collective work;
   
   d. A chart, graph, diagram, cartoon, or picture from a book, periodical, or newspaper.

2. **Multiple Copies for Classroom Use**

   Multiple copies (not to exceed in any event more than one copy per pupil in a course) may be made by or for the teacher giving the course for classroom use or discussion, provided that:

   a. The copying meets the tests for brevity and spontaneity as defined and
   
   b. Meets the cumulative effect test as defined and
   
   c. Each copy includes a notice of copyright.

Definitions of what is allowable under the conditions of brevity, spontaneity, and cumulative effect as well as specific prohibitions are available online at http://library.granite.edu/copyright-basics/

---

**HUMAN PARTICIPANT AND INSTITUTIONAL REVIEW BOARD (IRB)**

**POLICY**

Granite State College is committed to the protection of the rights and welfare of the participants in research investigations conducted under the jurisdiction of the College. Granite State College believes that review independent of the investigator is necessary to safeguard the rights and welfare of human participants. All research involving human participants is conducted in accordance with federal regulations, including Title 45 of the Code of Federal Regulations, Part 46 (45 CFR 46). The review process is outlined in the Granite State College Guidelines for the Protection of Human Participants in Research and Guidelines for Students. These guidelines apply to any student, faculty, or staff who conducts research with human participants.
under the auspices of the College. Documents for Human Participants and Institutional Review Board (IRB) can be found on MyGranite.edu under the Academics tab.

In accordance with this policy, all Granite State College research activities which involve human participants, regardless of the level of risk foreseen, require review and written approval by the College’s IRB prior to the initiation of the activity.

PROCEDURES, OBLIGATIONS AND RESPONSIBILITIES OF RESEARCHERS
1. Research investigators acknowledge and accept their responsibility for protecting the rights and welfare of human participants and for complying with all applicable Granite State College policies.
2. Research investigators who intend to involve human participants will not make the final determination of exemption from review.
3. Research investigators are responsible for providing a copy of the informed consent document to each participant at the time of consent.
4. Research investigators will promptly report proposed changes in previously approved human participant research activities to their instructor. If the research investigator is not a student, changes will be reported to the Office of Academic Affairs.
5. Research investigators will promptly report to their instructor or to the Office of Academic Affairs any injuries or other unanticipated problems involving risks to participants and others.

For a complete description of the GSC Code of Conduct Policy and Process please refer to the student handbook http://my.granite.edu/student-handbooks. Any student with conduct questions or to report an incident may contact the Director of Student Affairs by calling 603-513-1140.

CODE OF CONDUCT
Membership in society implies minimal norms for civil behavior towards one another. It is our expectation that all members of our college community treat faculty, staff, and fellow students with respect. Students need to be knowledgeable of and comply with college policies. Each individual is accountable for his/her actions and the consequences of any behavior that is inconsistent with these values and expectations.

TITLE IX AND SEXUAL MISCONDUCT
Title IX of the Educational Amendments of 1972, 20 U.S.C. section 1681 is a federal civil rights law prohibiting the discrimination on the basis of sex in education programs and activities. This includes all forms of gender and sex based discrimination, sexual harassment, sexual violence, domestic violence, dating violence and stalking. Granite State College maintains a zero tolerance policy for sexual misconduct. For more information on your Title IX rights, the GSC Sexual Misconduct Policy and reporting options please refer to the student handbook found here http://my.granite.edu/student-handbooks or call the Director of Student Affairs/Title IX Coordinator at 603-513-1140.

Should there be an instance whereby a student feels his/her rights under Granite State College/USNH policy have been violated, the College has detailed the following procedure which protects the rights of all individuals involved and works towards resolution of the issue.

GRIEVANCE POLICY AND PROCEDURES
GCS students who feel their rights have been violated under GSC and USNH policies have the right to file a grievance and be provided a prompt and equitable process for determining a finding or resolution. This grievance policy and procedures do not apply to grievances concerning grades or other decisions made by the Office of Academic Affairs (see page 90 of this catalog). To view the full grievance policy and process, please refer to the student handbook found at http://my.granite.edu/student-handbooks.

GRADING AND EVALUATION
The following is the grading system used by the College:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percent</th>
<th>Grade Points</th>
<th>Level of Achievement</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>95-100</td>
<td>4.0</td>
<td>Outstanding</td>
</tr>
<tr>
<td>A-</td>
<td>90-94</td>
<td>3.67</td>
<td></td>
</tr>
<tr>
<td>B+</td>
<td>87-89</td>
<td>3.33</td>
<td></td>
</tr>
<tr>
<td>B</td>
<td>84-86</td>
<td>3.0</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>B-</td>
<td>80-83</td>
<td>2.67</td>
<td></td>
</tr>
<tr>
<td>C+</td>
<td>77-79</td>
<td>2.33</td>
<td></td>
</tr>
<tr>
<td>C</td>
<td>74-75</td>
<td>2.0</td>
<td>Below Average</td>
</tr>
<tr>
<td>C-</td>
<td>70-73</td>
<td>1.67</td>
<td></td>
</tr>
<tr>
<td>F</td>
<td>69-0</td>
<td>0</td>
<td>Failure, no credit</td>
</tr>
</tbody>
</table>

* A grade of C or better is required to meet the credit requirements for the degree at GSC.

ACCESSING GRADES
1. All faculty enter final grades via WebROCK and are required to report grades by seven days following the last scheduled class.
2. Students may access their grades and other records by logging into WebROCK via the MyGranite portal, my.granite.edu. College policy prevents staff from releasing grades over the telephone.

ADMINISTRATIVE FAILURE (AF)
An AF grade is assigned to the student who stops participating in the course and has not completed course work sufficient for the assessment of course outcomes by the faculty member to issue a letter grade. The administrative failure is usually the result of a student’s failure to withdraw from a course they stopped attending. An AF counts as an F grade in the calculation of grade point averages. It is not equivalent to a course withdrawal but is considered an unofficial withdrawal.

An AF grade can have financial implications for students utilizing Federal Financial Aid programs as well as Veteran and/or Military benefits. Please refer to the “Aid Returns for Withdrawals” section of the catalogue on page 23 for additional information.

INCOMPLETES (IC)
Students may discuss with their instructor the option of an incomplete in a course due to significant extenuating circumstances that occur near the end of a course that prevents the student from completing the final requirements by the end of the term.
In order to be eligible for an incomplete, a student must have already completed the major portion of work required with passing grades. At the time of request students must have no more than one or two major assignments outstanding. Students must formally request, from the instructor, the incomplete prior to the end of the term and must provide documentation to support the extenuating circumstance. The faculty will make a recommendation to the Associate/Assistant Dean or Program Director on appropriateness of the assigning incompletes by the grade submission deadline for that term. The Assistant/Associate Dean or Program Director will approve appropriate ICs and forward to the Registrar’s Office for processing.

The faculty determines the deadline for submission of all remaining requirements through the incomplete grade contract with the student which must be submitted to the Associate/Assistant Dean or Program Director when requesting the incomplete grade. The deadline for submission can be anytime from the end of the term but no later than the deadlines listed below. Incomplete course work not finished by the agreed to deadlines will result in a grade of F which will be calculated into the GPA.

An incomplete in the final term of a student’s program will prevent graduation.

Required course work must be completed no later than the following deadlines:

**February 1 for Fall Term (Sept.-Dec.)**
Faculty to process paperwork by February 15.

**June 1 for Winter Term (January-March)**
Faculty to process paperwork by June 15.

**September 1 for Spring Term (April-June)**
Faculty to process paperwork by September 15.

**November 1 for Summer Term (July-Aug.)**
Faculty to process paperwork by November 15.

A request to extend an incomplete after the above deadlines must be submitted by the student to the Assistant/Associate Dean or Program Director who facilitates the request with the faculty member. The Assistant/Associate Dean or Program Director will notify the student and the Registrar’s Office of the decision.

*An email from a go.granite email address must accompany the Incomplete form, it shall suffice as signature on requests for incompletes.

**Repeating A Course**
A minimum overall grade of B is required for graduation. Students who earn less than a B in an individual course may choose to repeat the course. Students who receive a failing grade (F or AF) are required to repeat the course. When a student repeats a course, the second course grade will be computed in to the total GPA, whether it is higher than, the same as, or lower than the first course grade. While the first grade will not be computed into the total GPA, it will continue to appear on the transcript. Repeated courses must be taken for a grade and may not be taken Pass/Fail.

**Grade Corrections**
The Registrar’s Office is responsible for making corrections to grades reported in error. Please contact the Registrar at the Administrative Offices in Concord by emailing registrars.office@granite.edu. The processing of the grade will be researched, and the grade will be corrected, if indeed there was a reporting error. Grade corrections must be processed within six months after the grade has been issued. No grade changes will be made after graduation and certification for the degree has been processed. If appealing a grade, there are specific procedures that students must follow. Please refer to the following section.

**Procedure**
A faculty member can then change the grade for the assignment, and if necessary, initiate a change of grade for the course through the Registrar’s Office.

If the faculty member determines that there was no error in the grade assigned, he or she will explain the criteria and process used in determining the grade. The faculty member will advise the student of his or her decision in writing within 14 calendar days, providing a copy to the Program Director.

If the student is not satisfied with the decision, he or she may proceed to Step II.

**Step II. Program Director**
If the student wishes to appeal the faculty member’s decision to the Program Director, he or she must do so in writing within 14 calendar days of receiving the faculty member’s decision.

The appeal should include the specific reasons for disputing the grade. The Program Director may request that the student or faculty member provide within seven days, in writing, further documentation as needed. The Program Director will respond in writing to the student with a copy to the faculty member and the student’s advisor within 14 days of receiving the appeal to either:

1. Inform the student that there is not an adequate reason to reconsider the grade.
2. Request that the faculty member reconsider the grade based on the criteria of a lack of reasonable process in assigning the grade, and/or a lapse of professional judgment.

If the student is not satisfied with the decision, he or she may proceed to Step III.

**Step III. Vice Provost for Academic Affairs**
If the student wishes to appeal the Program Director’s decision to the Vice Provost for Graduate Studies, he or she must do so in writing within seven calendar days of the date of the Program Director’s correspondence. The appeal should clearly state the ground(s) on which the student is asking to have the grade reviewed and any relevant information. The Program Director will forward all materials concerning steps already taken and information received in Step II to the Vice Provost. The Vice Provost will review the appeal in consultation with the Provost for Academic Affairs and will provide to the student and faculty member a final written decision.

---

**Grade Appeals**
Granite State College faculty are responsible for making a professional judgment about the quality of students’ academic work and performance. Policy and procedure have been established to give students an opportunity to appeal if there is reason to contest a grade received in a course or learning contract offered through the college.

**Procedures**

**Step I. Student-Faculty Level**
The student must contact the faculty member in writing within 14 calendar days of MyGranite posting of the grade in question to request a re-consideration of a specifically named assignment or of the final course grade, including in the written request the basis for the appeal. If the faculty member determines that there was an error in the grade calculation, or the request is otherwise appropriate, the faculty member can then change the grade for the assignment, and if necessary, initiate a change of grade for the course through the Registrar’s Office.

If the faculty member determines that there was an error in the grade assigned, he or she will explain the criteria and process used in determining the grade. The faculty member will advise the student of his or her decision in writing within 14 calendar days, providing a copy to the Program Director.

If the student is not satisfied with the decision, he or she may proceed to Step II.

**Step II. Program Director**
If the student wishes to appeal the faculty member’s decision to the Program Director, he or she must do so in writing within 14 calendar days of receiving the faculty member’s decision.

The appeal should include the specific reasons for disputing the grade. The Program Director may request that the student or faculty member provide within seven days, in writing, further documentation as needed. The Program Director will respond in writing to the student with a copy to the faculty member and the student’s advisor within 14 days of receiving the appeal to either:

1. Inform the student that there is not an adequate reason to reconsider the grade.
2. Request that the faculty member reconsider the grade based on the criteria of a lack of reasonable process in assigning the grade, and/or a lapse of professional judgment.

If the student is not satisfied with the decision, he or she may proceed to Step III.

**Step III. Vice Provost for Academic Affairs**
If the student wishes to appeal the Program Director’s decision to the Vice Provost for Graduate Studies, he or she must do so in writing within seven calendar days of the date of the Program Director’s correspondence. The appeal should clearly state the ground(s) on which the student is asking to have the grade reviewed and any relevant information. The Program Director will forward all materials concerning steps already taken and information received in Step II to the Vice Provost. The Vice Provost will review the appeal in consultation with the Provost for Academic Affairs and will provide to the student and faculty member a final written decision.
ACADEMIC PETITIONS AND APPEALS

Waivers of academic policies and procedures are considered by Academic Affairs through a written petition process facilitated by the Program Director. Academic Affairs rules on all petitions, and the student is notified of the decision by letter.

If a student thinks that reconsideration of the decision is warranted due to the availability of additional information, or the need to further clarify information previously presented, he or she may appeal the decision within 30 days of receipt of the letter indicating the decision, through the following appeal process:

1. An Appeal Form should be completed and signed by the student and sent to the Office of Academic Affairs. (The Appeal Form is available at all Campuses.)
2. The Appeal Form should include a brief statement as to why the decision should be reconsidered as well as additional supporting evidence or clarification of the original request.
3. Upon receipt, the appeal will be forwarded to the Academic Appeal Committee for review. The committee will consist of three members of the Office of Academic Affairs and at least one Dean. Every effort will be made to handle the appeal within 10 working days.
4. The decision by the Academic Appeal Committee is final, and the student will be notified immediately in writing.

ACADEMIC STANDING

The policies concerning academic standing are intended to foster standards of academic quality in student performance and to ensure that students are making reasonable progress toward the completion of their degree programs.

All degree-seeking students have their academic standing reviewed at the end of each term. To be in good academic standing, a student must maintain a cumulative GPA of at least 3.0, the minimum GPA required for graduation. A degree candidate who does not maintain a 3.0 cumulative GPA will be placed on Academic Warning. Academic Probation or Academic Dismissal, the three levels of academic status with appropriate notations on their Granite State College transcripts. Notifications from the Vice Provost for Graduate Studies are sent to the students advising them to discuss their progress with their Program Director and to take advantage of the academic assistance services offered in each Center.

ACADEMIC WARNING

A graduate student receives a warning of low academic performance if her/his cumulative Grade Point Average (GPA) is below 3.00 after she/he has attempted 9 credits at Granite State College and/or earns one or more failing grades (F or AF). At this point, the student is strongly encouraged to consult with her/his designated program director to develop an action plan toward improving her/his academic standing.

ACADEMIC PROBATION

The student is placed on academic probation if her/his cumulative Grade Point Average (GPA) is below 3.00 after she/he has attempted 12 credits at Granite State College.

While on probation, the student is required to consult with Program Director to develop options and provide support and recommendations for services for the student to improve her or his academic standing.

ACADEMIC DISMISSAL

A graduate student who remains on probation (cumulative GPA below 3.00) after attempting 12 credits may be dismissed from the program and/or College. If the student has a minimum cumulative GPA below 3.0 after attempting 12 or more credits, she or he is dismissed from the program. Notation of academic dismissal from the College will appear on the permanent transcript.

A graduate student may appeal this decision to the Vice Provost for Graduate Studies if she or he can provide documented evidence supporting an appeal.

At the end of one year or longer, a student can petition the Vice Provost for Graduate Studies with supporting documentation for readmission. Supporting documentation might include official transcripts of successful college course work completed during the year at another institution, other academic improvement activities or documentation of other significant circumstances that have changed for the better.

COMPLETING PROGRAM REQUIREMENTS FOR TEACHER CERTIFICATION

Upon full acceptance to the program, teacher candidates will receive a letter of acceptance and their Individualized Professional Development Plan (IPDP). The IPDP will list all program requirements, which will include unmet pre-requisites, required courses and testing requirements as identified by the New Hampshire Department of Education (NHDOE). The NHDOE has the following testing requirements:

TESTING REQUIREMENTS:

All candidates for certification are required to submit to educational testing unless you meet the exemption requirements.

PRAXIS CORE ACADEMIC SKILLS: (or equivalent testing)

PRAXIS Core is a basic skills testing in Reading, Writing and Mathematics and is required for all educators. The successful completion of the Praxis Core Academic Skills for Educators exam is required in EDU 700.

PRAXIS II: (or equivalent testing)

PRAXIS II testing is content specific. It is required for Chemistry, Early Childhood Education, Earth/Space Science, Elementary Education, English/Language Arts, Life Science, Middle School English/Language Arts, Middle School Mathematics, Middle School Science, Middle School Social Studies, Physics, Secondary Mathematics, Social Studies and World Language (French, German and Spanish). It is required for all educators who do not hold a Master's Degree in the core content area or do not meet one of the exemptions.

Pearson Foundations of Reading Exam:

The Pearson Foundations of Reading exam is required for the following certifications: Elementary Education, Early Childhood,
Enrollment in consecutive Master's Degrees

GRANITE STATE COLLEGE

EARNING A SECOND MASTER'S DEGREE AT GRANITE STATE COLLEGE

CONSECUTIVE MASTER'S DEGREES

Enrollment in consecutive Master's Degrees refers to admission and matriculation in a second Master's Degree program at Granite State College after the completion of the requirements for a first Master's Degree earned at Granite State College. When an individual seeks to earn a second Master's Degree in a discipline closely related to that of his/her first Granite State College's Master's Degree, it is not uncommon for the individual to request that he/she be allowed to apply some of the credits earned in the first program toward the requirements in the second program. However, the College has an obligation to ensure that each of its degrees reflects a significant immersion of the individual in a relevant, concentrated course of study. A student may apply up to 9 credits earned in the first Master's Degree awarded at Granite State College toward a second Master's Degree with approval of the student's graduate program director in the second Master's program. Such credit will be granted only for graded course work completed with a grade of “B” (3.0 on a scale of 4.0) or higher.

To this end, a student:

1. Must formally apply and be accepted for admission to the second graduate program.
   - Components of application
     - New Personal statement
     - Updated resume, if applicable
     - At least one letter of reference for the second degree
2. Must obtain the second program's approval for the courses to be “accepted” from the other degree because certain course credits (e.g., electives) may not be sufficiently relevant to the second degree. The second program will determine which courses from the first program, up to a maximum of 9 credits, will be accepted toward the second Master's Degree.
3. Must complete any specific requirements beyond coursework in the second program.
4. Must complete the capstone requirements for both programs.
5. Must earn all credits for their second Master's Degree within the five calendar years immediately preceding the receipt of the first degree.
6. Will receive separate diplomas for each degree program.

DEGREE STATUS

INACTIVATION AND WITHDRAWAL

Granite State College monitors the progress of degree candidates. If a student is not actively involved in learning experiences in a graduate degree program for a period of three consecutive terms, s/he will be inactivated. A student may voluntarily withdraw from a degree program by notifying the College in writing. If requesting withdrawal from a degree program, a student will be considered to be inactive.

REACTIVATION

Students who have been inactivated may be readmitted under current degree requirements with the approval of the Program Director and will follow all policies and procedures in effect at the time of readmission. Students requesting readmission two years or more after the date of inactivation must reapply to the college.

MILITARY DEPLOYMENT

Granite State College recognizes the importance of supporting our military students that are deployed in the service of this country. Students that are called to duty will need to present a copy of their deployment orders and work with their Graduate Program Director or Associate Dean of the School of Education to decide the best option for them to explore. When a student is called to active duty in a term they may select from two options:

1. A student can elect to accept an incomplete grade, which will be recorded at the end of the term, provided that more than half of the class meetings have passed and both the student and faculty agree to this option. A student selecting this option will have 90 days after the completion of active duty to complete any missing assignments. Faculty of students electing the incomplete grade option must complete an incomplete grade contract that is an agreement of the terms and specifics about the deadlines and assignments. A student who does not complete the work within the 90 day period will need to repeat the course; in this case, the incomplete grade will be treated as an F and the student will not be refunded any tuition or fees.
2. A student can elect to withdraw from one or more courses with a grade of “W” if the official add/drop period for the college has passed. A student electing this option will have his tuition refunded or credited, whichever is deemed appropriate, without credits awarded.

ATTENDANCE AND PARTICIPATION
Participation in class is essential to success whether the course is conducted in a traditional classroom setting, in a blended format, or as an online class. The instructor will make the participation requirements clear to the students.

Attendance requirements vary. It is the student’s responsibility to ascertain what each instructor requires. If a student will be absent, it is his or her responsibility to inform the instructor and to abide by the terms about attendance as explained in the course syllabus. Unexplained absence from classes or failure to meet an assignment deadline may seriously affect the student’s academic standing and may result in a final grade of “F.”

EXTENDED ABSENCE BECAUSE OF ILLNESS
A student who is absent from school for an extended period of time must inform his or her college by letter, message, or telephone.

ABSENCE BECAUSE OF JURY DUTY
Students who miss classes because of this obligation must notify their instructors in writing, explaining which classes will be missed on which days. The instructors will work with students to make up missed assignments or exams. Upon completion of their jury duty, students must bring a copy of the documentation of their service to the appropriate instructors. Students on co-op or internship are expected to inform their supervisors if called to jury duty.

GRADUATION
GRADUATION PROCEDURE
The College will invite students to apply for graduation, via e-mail, when 6 credits or less remain to be earned towards the minimum required for their degree program. Students must file their Intent to Graduate through WebROCK. A standard conferral fee is required for students who apply by the appropriate conferral deadline. See page 23 for fees.

All remaining coursework must be completed prior to the conferral date. All prior college transcripts, CLEP and DSST test scores, validation and portfolio assessment requests must have been received by the deadlines for applying to graduate in order for the student’s degree to be conferred for the date selected.

Portfolio assessment requests will not be accepted from students who are within sixteen credits of degree completion.

Students who apply to graduate and are unable to complete their remaining requirements by the published conferral date will have their Intent to Graduate date moved to a future date as a one-time courtesy. Subsequent adjustments to the conferral date will result in the student needing to re-file the Intent to Graduate through WebROCK and will result in an additional conferral fee being charged.

Deadlines for applying to graduate:
• June 24 for June 30th conferral
• August 26 for September 30th conferral
• December 4 for December 30th conferral
• March 25 for March 30th conferral

The application to apply to graduate in WebROCK will be unavailable from April 1st through June 15th in preparation for the annual commencement ceremony held in June. Students who intend to apply for the June 30th conferral date and who also wish to attend the June commencement ceremony must file their Intent to Graduate by April 1st to be eligible. Students applying to graduate for the September 30th conferral date will be eligible to attend the following year’s commencement ceremony.

GRADUATION REQUIREMENTS FOR GRADUATE STUDENTS
To graduate from a Granite State College degree program students must:
1. Earn an overall 3.0 or better cumulative grade point average.
2. Have a minimum grade of C in all courses.
3. Meet all curriculum and residency requirements.

RESIDENCY
Thirty semester credits must be completed with Granite State College after application. Prior Granite State College credits earned in non-degree status will apply to the residency requirements if the credit is applicable to the student’s approved program.

COMMENCEMENT
Candidates for graduation are encouraged to attend commencement ceremony, which is held in June each year. Participation in the ceremony is open to September and December graduates of the prior year, March, June and September graduates of the current year. Students pending conferral for September 30th must apply to graduate before March 1 to be eligible to attend the current year’s commencement ceremony. In order to participate in the commencement ceremony, students pending conferral for June 30th or September 30th must have met at least one of the following conditions:

1. Completion of all requirements for a Master’s Degree.
2. Enrollment in the courses necessary to complete all degree requirements by the end of the spring term, or anticipated enrollment in courses to complete all degree requirements by the end of the summer term.

ACADEMIC CALENDAR
2015-2016

**Fall Term: September 7 - December 4, 2015**
- July 7     Registration Opens
- Aug. 28    All Tuition & Fees Payment Due
- Sept. 7    Labor Day Holiday (GSC Closed)
- Sept. 7-11  First week of fall term
- Sept. 15   Last day to drop / add first half 6-week course
- Sept. 18   Last day to drop / add 12-week course
- Sept. 30   Last day to withdraw from first 6 week course
October 17-23: First week of second 6-week term classes
October 23: Final grades due to Registrar for first 6-week classes
October 27: Last day to drop/add second 6-week classes
October 29: Last day to withdraw from 12-week classes
November 11: Veteran's Holiday Observed. Classes must be rescheduled (GSC closed)
November 16: Last day to withdraw from second 6-week class
November 23-29: Thanksgiving Break – NO CLASSES
December 1-3: Last week of fall term classes
December 11: Final deadline to report grades for 12-week and second 6-week classes.

Winter Term: January 4 - March 25, 2016
October 6: Registration Opens
December 28: All Tuition & Fees Payment Due
January 4-8: First week of winter term
January 12: Last day to drop/add first half 6-week course
January 15: Last day to drop/add 12-week course
January 18: Martin Luther King Holiday. Classes must be rescheduled (GSC closed)
January 28: Last day to withdraw from first 6-week course
February 15-19: First week of second 6-week term classes
February 19: Final grades due to Registrar for first 6-week classes
February 22: Last day to withdraw from 12-week classes
February 23: Last day to drop/add second 6-week classes
March 10: Last day to withdraw from second 6-week class
March 19-25: Last week of winter term classes
April 1: Final deadline to report grades for 12-week and second 6-week classes.

Spring Term: April 4 - June 24, 2016
January 26: Registration Opens
March 25: All Tuition & Fees Payment Due
April 4-8: First week of spring term
April 12: Last day to drop/add first half 6-week course
April 15: Last day to drop/add 12-week course
April 27: Last day to withdraw for first 6-week course
May 14-20: First week of second 6-week term classes
May 20: Final grades due to Registrar from first 6-week classes
May 23: Last day to withdraw from 12-week classes
May 24: Last day to drop/add second 6-week classes
May 30: Memorial Day Holiday. Classes must be rescheduled (GSC closed)
June 8: Last day to withdraw from second 6-week class
June 18 - 24: Last week of spring term classes
July 1: Final deadline to report grades for 12-week and second 6-week classes.

Summer Term: July 5 - August 26, 2016
April 26: Registration Opens
June 24: All Tuition & Fees Payment Due
July 4: July 4th Holiday – GSC closed
July 4-8: First week of summer term
July 8: Last day to drop/add 6 and 8-week classes
July 19: Last day to withdraw from first 6-week course
August 4: Last day to withdraw from 8-week classes
August 20-26: Last week of summer term classes
September 2: Final deadline to report grades for 6 and 8-week classes.
PRIVACY RIGHTS (FERPA, BUCKLEY AMENDMENT)
In compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA/ The Buckley Amendment), it is the policy of the College to protect the education records of its students, former students, and alumni. All personally identifiable information in an education record is considered confidential. Students have the right to inspect and review their education record, the right to seek to have the records amended, and the right to have some control over the disclosure of information from their records.

It is the College's practice not to release any information other than directory to non-institutional persons or organizations, except as expressly allowed by this law. No one, other than third parties allowed by the Act, will have access to such records without the student's written consent.

The rights guaranteed under this policy do not extend to those who have applied to the college but do not enroll in courses. Exceptions to the consent requirement are:
1. Granite State College administrative employees who have legitimate educational interest in seeing the record.
2. Authorized federal and state officials auditing or evaluating federally and/or state supported educational programs.
3. Persons processing a student's financial aid application.
4. Recognized accrediting organizations carrying out their accrediting functions.
5. Federal or state law enforcement officials pursuant to a lawfully-issued subpoena or court order, or in response to a federal grand jury subpoena.
6. In an emergency, other appropriate individuals (as determined by the keeper of the records), if that information is necessary to protect the health and safety of the student or other persons.

DIRECTORY INFORMATION
Granite State College complies with the federal government’s Family Educational Rights and Privacy Act of 1974. Granite State College does not sell or otherwise provide any information collected in its student information system to any external entity except as expressly allowed by this law. However, the following data is considered directory information by the College.
- Name
- Address
- Telephone
- Film, video or electronic image
- E-mail address
- Dates of attendance
- Concentration or major
- Degrees and awards received

REQUEST FOR CONFIDENTIALITY
Under the Family Educational Rights and Privacy Act of 1974, students have the right to withhold disclosure of directory information. Should a student decide to withhold, any requests for such information from non-institutional persons or organizations will be refused, except as allowed by the law. In addition, the student's name will not be published in the College's official graduation program or other public graduation or honors announcements. A written request to withhold directory information must be sent to the Registrar's Office.

GRAMM-LEACH-BLILEY ACT (GLBA)
Gramm-Leach-Bliley Act (GLBA) is a federal law which requires financial institutions to ensure the security and confidentiality of customer personal financial information. The University System of New Hampshire seeks to:
- Ensure the security and confidentiality of customer records and information - in paper, electronic or other form,
EDUCATION AND TRAINING PARTNERSHIP (ETP)
The Education and Training Partnership (ETP) at Granite State College, a contracted service of the NH Division for Children, Youth and Families (DCYF), provides education and training to foster and adoptive parents, non-licensed relatives and childcare staff of NH residential facilities, and DCYF staff.

MISSION STATEMENT
The Mission of the Education and Training Partnership is to enhance the quality of care for children in placement and build capacity for sustained family relationships through caregiver training.

The ETP achieves this mission by providing competency-based, accessible training. Curriculum is developed responsively and collaboratively, in a manner designed to maximize adult learning, and courses are delivered in a supportive atmosphere that recognizes participants’ level of experience. The ETP embraces a system of quality improvement and program evaluation that is both proactive and comprehensive.

PROGRAMS
Foster and Adoptive Care Essentials (FACES): is offered to individuals interested in pursuing a license to provide foster/adoptive care. It consists of a minimum of 21 hours of training that promotes a better understanding of working with children, families and the child welfare system. This training assists in preparing the applicant to be a skilled caregiver, birth parent role model and a professional team member. Courses are primarily instructed by foster and adoptive parents. The training consists of seven three-hour modules.

Caregiver Ongoing Training (COT): provides competency-based education and training. COT offers more than 60 different classes in a variety of topics including behavior management, adolescence, matters related to health and education and abuse/neglect/trauma. Many are offered online or through other distance learning modalities. Courses are often instructed by local experts/practitioners. CEUs/training hours fulfill NH re-licensing requirements.

Residential Counselor Core Training (RCCT): is offered to residential counselors, in preparation for their work with children, youth in care in any of New Hampshire’s children’s residential facilities; and their families. RCCT is a 30-hour competency-based training series, consisting of five modules. Courses are instructed by local, residential-care-experts. RCCT meets New Hampshire’s residential certification and child-care licensing requirements.

OSHER LIFELONG LEARNING INSTITUTE (OLLI)
OLLI at Granite State College (GSC) is a ‘learning for the fun of it’ educational program for lifelong learners age 50+.

Volunteer-led curriculum committees develop programs in response to member interests. Courses, events and social activities are non-credit, and there are no tests, grades, or college prerequisites.

Most OLLI programs are held at GSC facilities or at easily accessible community sites. Classes are led by volunteers, teachers and community leaders who enjoy sharing their expertise with members.
The faculty represents one of the most important dimensions of academic quality in colleges and universities. The faculty of Granite State College is comprised of a group of dedicated instructors and independent scholars representing many businesses and professions. At Granite State College, Senior Lecturers, Lecturers, and Adjunct Faculty teach with expertise and enthusiasm. Faculty provide a supportive yet academically challenging environment for the adult student. Active faculty as of February 2015 are:

**Jeannemarie Ackerman**  
M.Ed., Simmons College

**Gina Abudi**  
M.B.A, Simmons College

**Amy Allen**  
Ph.D, Capella University

**Cathy Apfel**  
M.Ed., Georgia State University

**Ruth Axelrod**  
Ph.D., George Washington University

**Vicky Bailey**  
M.Ed., Plymouth State University

**Jeffrey Brown, M.B.A., University of Phoenix**

**Kristen Bequeath**  
D.A., Franklin Pierce University

**Robert Bennett**  
M.Ed., New England College

**Marsha Biron**  
M.Ed., Keene State College

**Dennis Bradley**  
MA, Northeastern University

**Miiko Bradley**  
M.B.A., Plymouth State University

**Nancy Brogden**  
Ph.D., Syracuse University

**Christopher Brooks**  
M.Ed., University of New Hampshire

**Jeffrey Brown**  
M.B.A., University of Phoenix

**Zuzana Buzzell**  
Ph.D., Southern New Hampshire University

**Michelle Capozzoli**  
Ph.D., University of New Hampshire

**Tammy Carnevale**  
M.Ed., Plymouth State University

**Roberto Castaneda**  
D.B.A., Argosy University

**Robert Christensen**  
M.A., Liberty University  
C.A.G.S., Plymouth State University

**Barbara Christina**  
D.Ed., Nova Southeastern University

**Patricia Corbett**  
M.S., University of New England

**Thomas Comonacos**  
M.B.A., Rivier University

**Paul Dann**  
Ph.D., Fielding Graduate University

**Elaine Dodge**  
M.Ed., University of New Hampshire

**Lisa Dopko**  
Ph.D., Capella University

**Hannah Dul**  
M.Ed., University of New England

**Patricia Eddy**  
M.Ed., Plymouth State University

**Anne Elser**  
M.Ed., Rivier College

**Katherine Enwright**  
M.Ed., Notre Dame College / NH

**Jolene Fernald**  
M.S., University of New Hampshire

**Mark Fournier**  
M.S., Southern New Hampshire University

**Kim France**  
M.S., New England College

**Carmen Frederico**  
M.B.A., Bentley University

**Carrie Gendreau**  
M.S., Springfield College

**Connie George**  
M.Ed., Keene State College

**Robert Greenleaf**  
Ed.D., Vanderbilt

**Johanna Herrick-Phelps**  
Ph.D., Fielding Graduate University

**Mark Jewell**  
Ph.D., Clayton College

**Angela Keef**  
M.Ed., University of New Hampshire

**Heidi Kilmer**  
M.B.A., University of New Orleans

**Jonathan Kipp**  
M.P.A, University of New Hampshire

**Barbara Krol-Sinclair**  
Ed.D., Boston University

**Paul Kuliga**  
M.Ed., Rivier College
Ann Spencer
Ed.D., Binghamton University

Christine Tate
M.Ed., Rivier College

Jane Ward Guaraldi
M.Ed., Lesley University

Michele Whitehouse
M.S., George Washington University

Jeffrey Williams
M.B.A., Rivier College

Carmen Young
M.Ed., Antioch

Julie Zink
Ph.D., University of South Alabama
