Are you in favor of the adoption of Amendment No. 10, as proposed by Petition, for the Nottingham Zoning Ordinance as follows:

Amend Article VI, GROWTH MANAGEMENT, Paragraph B., Residential Lot Requirements and Setback, Section 1., which now reads:

No lot shall be less than two (2) acres in area, with a minimum frontage of 200 feet. Each lot must contain a 200 x 200 foot square fit for building. However, a nonconforming lot, which does not abut other property under the same ownership shall be exempt from these provisions provided it was legal under the provisions in effect immediately prior to the passage of this Ordinance, or subsequent amendments thereto,

where approval can be granted without substantial detriment to the public interest and without substantially detracting from or nullifying the provisions and purposes of this Ordinance.

To be changed to read as follows:

No lot shall be less than one (1) acre in area, with a minimum frontage of 150 feet. Each lot must contain a 100 x 100 foot square fit for building. However, a nonconforming lot shall be exempt from these provisions provided it was legal under the provisions in effect at the time of the original subdivision.

(Disapproval recommended by Planning Board.)

Article 12:

REPORT OF THE AUDITORS

The Auditors of the Town of Nottingham have examined the books and records for the following Town Officers for the fiscal year ending December 31, 1984.

Board of Selectmen

Town Clerk

Town Treasurer

Tax Collector

Trustees of Trust Funds

Boat Permit Fee Agent

Library Trustees

Cemetery Trustees

We certify that all income due the Town of Nottingham for the fiscal year 1984 has been accounted for and all monies disbursed have been authorized and recorded in the Town's records as indicated by the individual reports of the Town Officers.

Respectfully submitted,

Chester G. Batchelder  
Bradford P. Batchelder, Jr.  
Auditors

REPORT OF THE  
BOARD OF SELECTMEN

The tax year 1984 witnessed a moderate increase in taxes. Although school and town budgets were increased over last year, the need for additional appropriations was offset by increased revenues from motor vehicle registrations, the sale of timber on town-owned land, investments earned on our tax anticipation note, and approximately a \$100,000.00 surplus from 1983 which was applied to reduce taxes. Assessments on buildings were increased by 50% in order to raise values closer to fair market value. Historically, land values have been very low in Nottingham. Since land is rapidly being developed, these low evaluations have had an adverse effect on our state equalized valuation. We have had to raise land values from \$50. per acre to \$300. per acre in order to balance the value of land with buildings. Building lots, lakefront property and subdivided parcels were also raised accordingly in order to distribute the tax base more equitably. According to the Department of Revenue Administration, Property Appraisal Division, we have now increased the percentage of real value on land and buildings from 21% in 1983 to 32% in 1984.

With the population quickly expanding and a sharp increase in new construction, the ability of the Selectmen to annually assess the Town is diminishing. We are investigating the possibility of using professional assessors. Current cost estimates are in the neighborhood of \$65,000. We decided that the cost was too great to add to this year's budget, but we may ask the voters to escrow a share of the amount next year.

Town projects this past year have included a facelifting for our Town Garage and Town Hall. Both buildings have been nicely repainted. The roof of the Town Hall was repaired and painted. A storm door was added to the Selectmen's Office and minor repairs were done to the Town Clerk's Office. The steeple of the Grange Hall was not done, but we plan to have it repaired this Spring.

Money is being requested again this year for a computer. We feel that a computer is necessary in order to slow down escalating clerical services. Our assessment records, tax records, books, payroll, ledger, inventories, mailing lists, and until recently the voter check list, are all hand-copied. Assessment rates, taxes, penalties, financial statements, W-2s FICA reports, etc. are all calculated by hand. We are strongly recommending the purchase of a computer to reduce clerical work and improve accuracy. Price estimates are very reasonable because of several purchasing options through townspeople who work for computer companies. We can take advantage of employee discounts and purchase a machine at one third of its retail value.

The dump site and Recycling Center are in need of major renovations. We plan to repaint and repair the building, upgrade the incinerator, patch the road surface, and make substantial improvements to the old dump area. We are cooperating with the State by taking steps to protect the wetland area currently being used to bury waste. We are required by State regulations to build clay dikes, install monitoring wells, and restrict hazardous materials from being dumped. We are asking for \$10,000. to initiate this reclamation project, but more may be needed in the future.

Nottingham has a major problem with septage waste. We are required by law to provide a disposal facility for septic waste materials. We are on a list of thirty towns to be prosecuted by the Attorney General's Office. We have been able to postpone our problem for one year by making provisions for septage disposal with the Town of Newington. We have a one year contract, but must find a more permanent solution. The Selectmen are asking for \$25,000. to purchase land and begin site development for a septage lagoon system. Estimates for lagoon construction vary greatly according to site suitability. Our construction estimates vary from \$4,500. to \$80,000. depending on soil conditions. Nottingham must take steps this year to solve this long-range problem.

In the late fall, our front-end loader passed away. The cost of repairs were almost as great as the cost of a new replacement. The Selectmen met with the Budget Committee and decided to pursue a lease-purchase agreement. Bids were sought (and four were received) to lease a machine until March. The agreement was to apply the lease cost against the purchase of the new machine, if it is the will of the voters. We propose to purchase a Hough from Hazelton in Manchester by raising and appropriating \$10,972. this year and paying the balance over the next four years. The cost of a lease is greater than the cost of the new machine. We feel that the equipment is necessary and the equity is worth the investment.

The Town purchased a new sander this past year. With 65 miles of roads in Nottingham one sander is not sufficient. We need a second machine to reduce sanding time, and thereby reduce the chances for accidents and injuries.

Smaller projects this year will include the construction of ramps for the handicapped to allow access to town buildings. The inside of the Town Hall is being spruced up by the removal of the old safe, the construction of new voting booths, renovation and repainting of the stage area, and the repair and rehangng of the old window shutters. The front steps of the Library will be replaced with a new ramp, and the old town garage will be cleaned up, repaired and repainted where needed.

The Selectmen would like to thank the citizenry for its continued support and cooperation. We look forward to serving you in the years ahead.

Respectfully submitted,  
Philip C. Fernald, Chairman  
Robert E. Stevens  
Joseph C. Leddy

REPORT OF THE  
PLANNING BOARD

The level of home building and subdivision activity rose during 1984. Basically the reason for the rise was the lowering of mortgage interest rates during the last half of the year and great expectations that a greater requirement for homes would be necessary because of several large new businesses being located along the seacoast.

The need to protect our water supplies was again highlighted by experiences occurring in other communities in the state. As one soil scientist stated, "Nottingham is a town of ledge and wetlands".

The first follow-up to the original master plan was published last year with a Capital Improvement Program. The plan was written in 1980 and thoroughly restudied again prior to publication to insure that it was on the proper track.

The time has come to begin the second follow-up to the plan, which will require everyone's help and participation.

As Chairman, I wish to thank every member of the board for their dedication and plain hard work. The very basic of giving to the town 124 hours of their time plus mileage for free, each year, in heat and cold, alone, is commedable.

Respectfully submitted,

William T. Russell  
Chairman

REPORT OF THE  
BUILDING INSPECTOR

The building activity has increased substantially in the past year. The following tabulation will show the permits issued in 1984 as compared with activity in the past four years.

	1981	1982	1983	1984
New Houses*	12	19	20	23
Cluster Housing	0	0	0	4 Units
Speculative Housing	**NA	NA	NA	4
Sheds, Garages, Workshops	10	11	10	14
Additions	19	13	26	31
Barns	1	0	3	7
Total of the Year	42	43	59	83

\* Total new houses do not include renewal or replacement house permits.

\*\* This figure has not been separated out in years past.

Recognition of Fred B. Colby's performance in this position for six years needs to be pointed out. He served the town well and he always gave his best. More cannot be asked of man.

Respectfully submitted,

Charles S. Evans  
Building Inspector

REPORT OF THE  
CONSERVATION COMMISSION

The year was again highlighted by reinforced concern for Nottingham's water resources. Due to this concern, the Commission is planning strategy for wetlands mapping and a review of possible pollution sites in the town. The Conservation Commission plans to work closely with the Planning Board to coordinate these efforts.

The Soil Conservation Service has completed its mapping of Nottingham's soils. This mapping substantially improves the profile of our soil types.

The Conservation Commission meets on the third Wednesday of the month at the Blaisdell Memorial Library at 7:30 P.M. Visitors are always welcome.

Respectfully submitted,

Margaret Auger  
Leslie Bryce  
Charles Evans, Chairman  
Diane Flint Mongeon

The library continues to be busy, circulating 8,637 books and materials to the children during school visits and 4,547 books and materials to the general public. Six hundred and fifty nine books have been added to the collection, while 97 have been either lost or discarded, bringing the collection to 7,073. In our efforts to meet the needs of both the town and the school, the library continues to be open 44 hours a week including Monday and Wednesday nights.

A new card catalog has recently been purchased, relieving the crowded conditions of the old catalog. The addition of a daily newspaper, The Reader's Guide, and a subscription to Time now provides patrons with up to date information.

Learning how to utilize the library continues as a goal of the library science program for the 4th, 5th, and 6th graders. The school is now contributing significantly to the children's section. This past year, 100 books have been added with school money.

During the summer of 1984, the library began a reading/craft program which was successful. A children's party concluded the activities.

Ariel Parent, Trudi Griswold, and Miriam Sipprelle continue to lend tremendous support as library volunteers. Many thanks to those who have donated books and magazines; your generosity is appreciated.

Nottingham Rescue works as a F.A.S.T. squad, (First Aid Stabilization Team). When you call the emergency number 679-5757 a twenty-four hour dispatch center will answer and tone out Rescue personnel and the appropriate ambulance service. Each squad member has a pager to receive the call and directions to the scene.

Dispatchers are trained to handle all types of emergency calls, so please don't hang up before the dispatcher has a chance to record all the information. Many dispatchers are first aid trained and may give you simple instructions to follow until Rescue arrives. When a child calls the dispatch center, many times the dispatcher will keep the child talking until someone arrives on the scene. This will calm the child and also give the dispatcher a chance to get better directions.

The Rescue is very grateful to Raymond, Epping, and Durham Volunteer Ambulance crews for servicing Nottingham unselfishly. In turn, Rescue personnel tries to help these services when they are short of personnel.

The success of the Rescue has been a joint effort by the volunteers on the Squad, the firemen who help and the ambulance crews servicing the town.

The residents of Nottingham should be aware of the fact that Raymond, Epping and Durham Ambulance Services come into Town on a gentlemen's agreement and their concern and care for other people.

The Rescue could use more squad members. Anyone interested in joining and enrolling in a first aid class, please contact myself or Captain Brancheau. There are classes coming up periodically. You are under no obligation to join the squad when you enroll in these classes, but we could use more daytime assistance. Nottingham is thirty minutes from any hospital and knowing the right procedure in an emergency may save a life.

The Rescue would like to thank the many people and organizations who have donated sheets, blankets, and financial aid to the Squad. This enables all squad members to have a first aid jump kit, supplies, and all EMTs carry oxygen.

The Resque is composed of Nationald Registered EMTs with advanced training, Red Cross Advanced First Aid and Emergency Care and DOT First Responders.

The Rescue would like to thank Mrs. Jean Fernald, our town dispatcher, as well as Raymond Dispatch Center.

A special thanks goes to the volunteer firemen who helped at emergency scenes when they really wanted to close their eyes and walk away, but didn't. Thanks, guys. We knew you could do it.

When in need of the fire or rescue department, please dial 679-5757. This is the emergency line. Give your name, location of the emergency, type of emergency and the telephone number you

are calling from. For all other department business, please call 679-5666 or 679-5936.

Any outside burning requires your having to contact Warden John Fernald, Jr. at 679-8802. It would be a big help to Warden Fernald and the Fire Department if you would contact either party any time you intend to burn, even though it is raining or there is snow on the ground.

The Nottingham Volunteer Fire and Rescue Department also sells fire extinguishers and smoke detectors. There are also emergency cards, tot-finder decals, telephone emergency stickers, and woodstove installation pamphlets at the fire station and also at the Town Clerk's Office.

As Chief of the Nottingham Volunteer Fire and Rescue Department, I would like to thank my officers, fire-fighters, and rescue personnel for their support and a fine job for the year. I would also like to thank the Nottingham Volunteer Fire and Rescue Women's Auxiliary for their support and the equipment that they have purchased for the department. A special thanks for all the hot coffee, food, and soda at our late evening and early morning fires. Also, for the fine job of feeding all the firemen at the fire at Pawtuckaway State Park this past summer, that lasted for two and a half days. Thanks, ladies, for a job well done in 1984.

This is your department. It is open to anyone and you are welcome to attend any of our meetings. Rescue meetings are held the first Monday of each month. Fire department meetings are held the first Tuesday of each month.

Respectfully submitted,

Gary E. Chase, Chief

REPORT OF THE  
POLICE CHIEF

During the past year we have tried to maintain a professional organization. During this time, the town has increased, therefore increasing the demands of police coverage. Due to the loss of three officers, Lt. John Tasker, Sgt. Warren Hart (who also served as juvenile officer) and Officer Thomas Tarsitano and increased personal demands on officers left in the Department, police coverage was met by the town and state.

During the year of 1984, the town has seen an increase in burglaries. These types of incidences occurred in various parts of the town and were jointly investigated by the Nottingham Police Department and the State Police. In regards to this matter, our main objective for 1985 will be to have varied patrols in the town in hopes that these incidences will be curtailed.

The week before Thanksgiving, we were approached by the Nottingham School Board and Principal Gordon Quimby to conduct finger printing and picture taking of the school children in the town. This became a joint effort which included the Town of Lee, for their donation of a fingerprint kit; time donated by Officer Paul Dean of the Northwood Police Department, Chief Joseph E. McGann, Jr. and Officer Norm Weldy of the Nottingham Police Department, who did the printing, and black and white film donated by Mr. Gordon Quimby, Principal of the Nottingham Grammar School. This endeavor was undertaken in hopes that we might be able to prevent an unfortunate situation as that which occurred in Exeter.

Also, during the upcoming year, we will make an attempt to run radar throughout the town and in special areas such as Smoke Street and McCrillis Road, where we have had an increase in complaints.

Lastly, I would like to take this time to express my appreciation to the Nottingham Rescue Squad for their superb service and dedication to the town, and also thanks to the Nottingham Fire Department for their assistance when called to motor vehicle accidents.

The year in review for the Nottingham Police Department is as follows:

REPORT OF THE  
CIVIL DEFENSE DIRECTOR

Preparedness is our protection against hazards and emergencies that often occur in our everyday lives. Yet the average family hardly has time to apply reasoning to the disposal of everyday household hazardous waste. It is estimated that each of us is responsible for generating almost a ton of waste each year.

Mingled with the eggshells, bones, cardboard and tin foil is a veritable pharmacy of chemicals such as garden pesticides, weed killers, fungicides, used motor oil, brake fluid, and antifreeze, deodorizers, disinfectants, bleach, etc. Home laundering pours detergents into our sewage systems, or worse yet, directly into streams and ponds. How much salt is draining from ice-free highways into our aquifers? How much fertilizer and insecticide did you spread in your garden? In short, our garbage and hazardous waste is surrounding us. We all have an impact, some more than others. Nobody comes out clean.

We, in Nottingham, have been very fortunate for not having to deal with a hazardous waste problem to date. We took a step in the right direction by recycling our waste products. It's the heightening of public awareness that is the best defense in keeping our town clean and safe.

Respectfully submitted,

Werner E. Sachs  
Civil Defense Director

REPORT OF THE  
RECYCLING CENTER

Total operating expenses for the Recycling Center for 1984 were \$13,286.31. The Town received a total of \$2,511.59 from the sale of recycled glass, metals, and paper. This leaves a net operating cost of \$10,774.72.

We would like to remind all townspeople that trash must be separated in the following categories:

Glass

Cans

Scrap Metal

Clean Paper

All Other (Burnable)

AEROSOL CANS, BATTERIES, AND LIGHT BULBS ARE NOT BURNABLE!!!!!!!!!!

Our attendant requests that they be recycled with cans. Because these items are HIGHLY EXPLOSIVE, they are very dangerous when they go into the incinerator with other trash, and there have been several very close calls. Your cooperation is desperately needed.

Brush, building materials, mattresses, used furniture, etc. is to be disposed of in the old dump area. Permission to dump these items must first be obtained from Mrs. Smith, our attendant. It is very important that they be dumped in the designated areas only, as we will be starting a major clean-up of the old dump site in the Spring in order to comply with State regulations.

Thank you for your cooperation.

REPORT OF THE  
DOG OFFICER

For the year ending December 31, 1984, I received reports of 25 stray dogs. Of these, homes were found for 5. The remaining 20 were turned over to the S.P.C.A. and the Northwood Veterinary Hospital.

There were 25 nuisance complaints registered against owners of dogs. I also received 20 reports of lost dogs, of which 10 were found and returned to their owners. There were also 5 reports of dog bites.

I would like to remind all dog owners that dogs must be licensed under State law by May 1st of each year. Failure to do so could result in impoundment of the dog, cost of the impoundment and/or fines.

If you have any problems with stray dogs or have lost your dog, call me at 942-8556.

Respectfully submitted,

John W. Travis  
Dog Officer

REPORT OF THE  
NOTTINGHAM RECREATION COMMISSION

The Treasure Hunt in April was again the Commission's first activity of the year.

The third annual Fourth of July Celebration was held at the school playing field. The daytime family activities were attended by approximately 150 people. The usual games and contests were enjoyed by young and old alike. In the evening some 1000 people returned to the school playing field for a fireworks display.

During July and early August, Swimming Instruction and Sports/Arts and Crafts activities were provided for approximately 75 and 40 youngsters respectively, by 3 instructors and 7 teenage aides.

This year, for the first time, beach attendants were on duty at the town beach during the beach's posted hours.

This year, also for the first time, the Commission funded a Halloween party organized by the Girl Scouts. The very successful party was attended by some 200 youngsters.

The Commission wishes to thank all individuals and organizations who helped to make the above events possible.

Respectfully submitted,

Wayne Nelson

REPORT OF THE  
STRAFFORD REGIONAL PLANNING COMMISSION

The Strafford Regional Planning Commission (SRPC) provides professional planning services to member communities in both Strafford and Rockingham Counties. SRPC staff expertise is primarily focussed in four areas: transportation planning, environmental assessment, community/economic development and land use planning. Technical assistance is also provided in the areas of fiscal impact analysis, solid waste management, federal grant preparation assistance and local zoning and site review regulations.

Over the last year, SRPC has spent a great deal of time in trying to develop a solution to Nottingham's septage disposal problem. Nottingham was one of 71 New Hampshire municipalities cited in 1984 by the New Hampshire Bureau of Solid Waste Management (BSWM) for not being in compliance with state law concerning the disposal of septage generated by individual septic systems. The Town was given until May 31, 1984 to comply with state regulations.

Based on work performed by SRPC, the Bureau of Solid Waste Management extended the deadline for the Town to comply with state law. SRPC staff has continued to work with the Town's Selectmen and it's anticipated that an agreement with an adjacent municipality to accept Nottingham's septage will be completed by the spring of 1985.

REPORT OF THE  
RURAL DISTRICT HEALTH COUNCIL, INC.

The Board of Directors of the Rural District Health Council has voted to hold the per-capita tax for its' member towns of Barrington, Strafford, Milton, New Durham, Middleton, Farmington, Northwood, Nottingham and Deerfield to \$3.25. Even though the budget is up a little over 12% the agency has added funding from the United Way of Strafford County, State Council on Aging, State Bureau of Maternal and Child Health, billing process, generous donations and memorial contributions.

The agency is a certified home health agency and provides skilled nursing, physical therapy, occupational therapy, speech therapy, medical social services, home health aides, and has a comprehensive Hospice program, certified by Blue Cross-Blue Shield and GE Insurance.

The staff has made 5,604 visits in the Care of the Sick program and 74 skilled nursing visits and 767 home health aide hours in the Hospice program.

With the DRG's (Diagnostic Related Groupings) being implemented in the hospitals, home care has seen an increase with a change in the type of referrals made. More Hi-Tech nursing is being done in the home. The agency has a 24 hours answering service with a nurse available 24 hours a day, 7 days a week and home visits made as indicated.

The agency also provides an elderly maintenance health program. There are 211 patients enrolled in this program which includes health counseling of medications, monitoring blood pressure, weight checks, diet teaching for weight loss and blood testing of diabetes. 521 visits have been provided. This year the council administered 131 influenza shots to the elderly and found this to be a great success and will be implemented as an ongoing service in this program.

The agency also provides a Child Health program with 746 children enrolled from the ages of 0-6 years. This program includes physical examinations, immunizations, growth and development, counseling with referrals made to other community and state agencies for direct services as needed. The agency also works closely with the school nurses and provides immunization for school children. There have been 1,035 children seen at clinic with 556 home visits made. The program also offers a Dental Clinic twice a year for children 3-6 years of age.

A bequest to the Council may be made to further the general purpose of the Rural District Health Council. In lieu of flowers a memorial donation may be made in memory of a loved one. All gifts to the agency are income tax deductible. The Board of Directors and staff want to thank the families of the following for naming memorial contributions in their names -

REPORT OF THE  
NEWMARKET REGIONAL HEALTH CENTER

The Newmarket Regional Health Center completed its thirteenth year of service in 1984. The Newmarket Regional Health Center operates two medical offices, one in Newmarket and the other in Raymond, the Lamprey River Clinic. Both facilities provide general medical care, preventive health services, community outreach, social services, and short term counseling with referral to area mental health agencies.

In 1984, Karen Brainard, M.D., a family practitioner, joined the staff. The Health Center offers a Prenatal Program, under the direction of Maude Guerin, M.D., which includes prenatal, delivery and postpartum care. In addition, the Health Center offers nutritional counseling and prenatal classes.

Other members of the medical staff include Sarah Oxnard, M.D., Joseph Fuller, M.D., Michael Lewis, P.A.-C., Barbara Janeway, M.S.N., A.R.N.P., and Anne Fawcett, A.R.N.P. The medical team also includes registered nurses, medical assistants, and community health workers. For more information, or to make a medical appointment, call 659-3106 in Newmarket, 895-3351 in Raymond, or toll-free in Newmarket at 1-800-582-7279.

The community health workers coordinate a school health program and preventive screening clinics to detect potential health hazards. They hold informative workshops and act as liaisons between the medical providers and patients.

The Newmarket Regional Health Center also operates a Self-Care Program for the Elderly in conjunction with the Occupational Therapy Department of the University of New Hampshire. The purpose of this program is to enable the elderly to stay in their home setting as well as to maintain a quality of life and independent status within their community. The focus of the program is to provide self-care skills before disability occurs and to anticipate problems with functional activities. Contact Anne Fawcett, A.R.N.P. at 1-800-582-7279 for more information.

The Newmarket Regional Health Center continues to operate the Senior Citizen Transportation Program. Three of the five busses are equipped with hydraulic lifts to provide services to the handicapped. The transportation service enables senior citizens to remain independent, self-sufficient and active by providing the needed services, including medical, food shopping and recreational trips. For further information, call 659-2424 of toll-free 1-800-582-7279.

The Newmarket Regional Health Center wishes to express its deepest appreciation for the support of the Town of Nottingham.

ANNUAL MEETING

March 16, 1984

The Nottingham School District Annual Meeting was called to order at 8:05 P.M. by Moderator Earle Rourke. Present for the meeting were Board Chairman, Barbara Pratt; Board Members, Nicholas Dawson and Carl Sipprelle; Principal Gordon Quimby; Superintendent, Barry Clough; Assistant Superintendent, Leon Worthley; Clerk, Barbara Fernald; School Board Secretary, Marsha Chase; and approximately 120 townspeople. Mr. Earle Rourke thanked three American Legion Auxiliary members, Mildred J. Holmes, Barbara H. Pratt, and Gretchen L. Pratt, for their gifts of an American Flag and a State Flag for the multi-purpose room.

Mr. Rourke read the results of Town Voting held on March 13, 1984. The following officers were elected:

Earle B. Rourke - Moderator	1 year
Linda R. Fernald - School Board	3 years
Richard N. Schuster - School Board	2 years
Barbara A. Fernald - Clerk	1 year
Donna R. Golding - Treasurer	1 year
Chester G. Batchelder - Auditor	1 year

The rules of procedure as printed in the Town Report were reviewed. A voice vote in the affirmative was taken to adopt the rules as printed.

Motion made by Nicholas Dawson and seconded by Carl Olsson to go through the articles in the following sequence: Article 1, 6, 2, 4, 5, 7, 8, 2, and 9.

Voted in the affirmative.

Article 1: To hear the reports of agents, auditors, committees, or officers chosen and pass any vote relating thereto.

Motion made by Barbara Pratt and seconded by Carl Sipprelle to accept Article 1 as read. Voted in the affirmative.

Article 6: To see what sum of money the school district will raise and appropriate for the support of schools, for the salaries of school officials and agents, and for the payment of statutory obligations of the school district.

Motion made by Barbara Pratt and seconded by Nicholas Dawson to raise and appropriate the sum of \$1,196,400. for the support of schools.

Mr. Tom Sweeney was acting moderator while Mr. Rourke, as Budget Committee Chairman, went through the budget item by item.

Mr John Gardner, member of the budget committee and planning board, gave an informative talk on population information in the school and in the town, information on the costs of operating the town from town warrants from previous years and what you might also expect your tax bill to do in the next few years based on the potential population trends of the town.

Motion made by Mary Brady and seconded by Robert Bonser to amend Article 6 to read to raise and appropriate the sum of \$1,124,616. for the support of schools

Motion made by Donald Perkins and seconded by Mary Brady to amend Article 6 by adding the words "to permit the School Board to make the reductions in any line item according to their best judgement". Voted in the affirmative on the second amendment.

By request of five registered voters a paper ballot was requested on the amendment of Article 6 which read to reduce the total budget figure of \$1,196,400. to \$1,124,616. and authorize the School Board to make the reductions in any line item according to their best judgement in order to bring the budget down to \$1,124,616. Voted in the negative by paper ballot. 64 No and 43 Yes.

Article 6 was voted in the affirmative as printed.

Article 3: To see if the school district will vote to raise and appropriate the sum of two thousand two hundred dollars (\$2,200.) for the purchase of audio-visual equipment ~~for~~ the Elementary school.

TOTALS	35	36	28	39	138

In addition the District is supporting 16 pupils that require special education programs as follows: 2-Portsmouth Vocational; 1-Raymond High School; 6-Coë Brown Academy; 1-William J. Moore Center; and Strafford Learning Center programs - 2-TIP; 3-ASE; and 1-TAC.

During the past year we have seen continuing discussion concerning the present state and future direction of public education. The deluge of national reports, newspaper articles, discussion programs and major state reform proposals concerning education have occupied a prominent position in the media. During this period of time we have continued a process of refining goals and objectives for the Nottingham School District conducting an on-going curriculum review focusing on the areas of social studies, math, gifted and talented and computer education, and evaluation of present planning and teaching techniques.

The continued progress of the Summer Institute program for a second year under the supervision of Assistant Superintendent Worthley has been an especially gratifying development. I fully expect the Summer Institute-85 program will involve an in-depth evaluation project conducted in conjunction with the Department of Education, University of New Hampshire at Durham. Mr. Worthley and I strongly believe School Administrative Unit #44 may be in the vanguard of a movement in public education to re-introduce thinking skills. As Edward DeBono states in his article entitled, CRITICAL THINKING IS NOT ENOUGH, published in the September, 1984 issue of EDUCATIONAL LEADERSHIP, "More and more schools in Canada, the United Kingdom, Eire, Australia and New Zealand are teaching thinking." School Administrative Unit #44 is one of the first School Administrative Units in the State to provide such experiences for its students. It is extremely important we continue our commitment to this program. Perhaps the most important gift we can bestow on our children is the ability to think.

As I have stated in previous reports, it is generally agreed effective schools must usually have five factors associated with them; building leadership, instructional leadership; a pleasing school climate, implied expectations of students and an effective monitoring system. We have continued to work closely with the principal and faculty to continue these characteristics and to improve and enhance professional growth activities. We have strongly encouraged principals and teachers to enroll in college

courses, attend conferences and join state, regional and national professional organizations such as the New England Reading Association and the Principals Center at Harvard University.

A review of the Science Research Associates achievement test results convey a continuation of student growth in such areas as math, language arts and reading. Nottingham has consistently registered above National and School Administrative Unit norms. In fact, Nottingham has consistently been one of the top three achieving districts in the Unit on the basis of the Science Research Associates results. However, we will continue to focus on the development of effective program evaluation procedures.

In keeping with past practice, I believe the needs of the system must be consistently placed before the voters. The strengthening of the library component, the establishment of a public kindergarten, programs for the gifted and academically inclined child and the continued expansion of in-district special education programs as part of a special education tuition cost containment effort remain areas which should receive strong consideration from the District. I will also venture to predict the District will face space shortage again within four to five years.

One of the major areas of public discussion is the issue of how we finance our schools. As many of you are aware, the Legislature is in session this year and one of the major pieces of legislation to be debated this session deals with the consolidation and reform of four current State Financial Aid programs for school districts known as the Augenblick Plan. This Plan provides for the consolidation of the current Foundation Aid, Sweepstakes, Direct Special Education and Business Profits Tax support programs. In addition to the consolidation of these four Financial Aid programs, the Augenblick Plan proposes an equitable method of distributing State funds to school districts. However, in order to fully implement the Augenblick Plan, the State must provide an additional 14 million dollars. If the Legislature passes the Augenblick Plan and the necessary 14 million dollar appropriation, the Nottingham School District would receive over and above its current State revenue of \$32,248., the additional sum of \$46,921. I believe the implication for property tax relief is obvious. I strongly encourage all citizens to contact their Legislators and urge the adoption of these measures.

The School Administrative Unit staff has continued to provide support and assistance in such areas as business management, special education coordination and supervision, negotiations, curriculum improvement and staff development programs.

Once again, we wish to express our appreciation to the members of the school board, principal, teachers, pupils and citizens for the cooperation exhibited during the past year. We look forward to a long and productive relationship in which our mutual goals will continue to be the best possible education for our young people.

Respectfully submitted,

Barry L. Clough, Superintendent

## REPORT OF THE

### PRINCIPAL

The past year has been a good one for Nottingham Elementary School. Since my last report, the Class of 1984 has graduated (see separate listing of graduates) and a new class of first graders (the Class of 1992) has entered school. We have welcomed two new staff members: Mrs. Arlene Ruffner teaching third grade and Mrs. Sharon Hoover serving as a teacher aide in grades 1 and 2; and welcomed back Mrs. Diane Wright to a third grade position. The staff is as follows:

Grade 1 - Mrs. Joan Hart and Mrs. Elizabeth Turner Sullivan  
Grade 2 - Ms. Lynn Rutter and Mrs. Cynthia Sutton  
Grade 3 - Mrs. Diane Wright and Mrs. Arlene Ruffner  
Grade 4 - Miss Rosemary Breslin  
Grade 4/5 - Mrs. Jill Craig  
Grade 5 - Mrs. Annemarie Clement  
Grade 6 - Mrs. Suzanne Dolan and Mrs. Maureen Robinson  
Grade 7 - Ms. Elaine Franz (English) and  
Ms. Elizabeth Lynch (Science)  
Grade 8 - Mrs. Rebecca Jentes (History) and  
Mr. Wes Lavin (Math)  
Reading - Mrs. Ellen Schwartz  
Spec. Ed. - Ms. Cheryl Dolin  
Chap. I - Mrs. Betsey Schuster & Mrs. Yvonne Hurley  
Music - Mrs. Virginia Garlow  
Phys. Ed. - Mrs. Susanne Nelson  
Art - Mr. John Ouell tte  
Speech - Mrs. Susan Young  
Guidance - Mr. Phil Brown  
Aides - Mrs. Gert Myers, Mrs. Mary Gonsalves, & Mrs.  
Sharon Hoover  
Nurses - Mrs. Jean Fernald and Mrs. Marge Carlson  
Custodians - Mr. Greg Hanscom and Mrs. Elizabeth Bernier

This excellent staff has worked hard to provide the finest educational opportunities to the children of Nottingham. I am proud of all of them. I also wish to thank and publicly acknowledge the outstanding work of the school secretary, Mrs. Pamela Twombly.

I am also proud of and grateful to the fine group of volunteers who have stepped forward to assist us in a variety of ways. I particularly want to thank Mrs. Ruth Bil tti for her unflinching efforts to find "just one more" volunteer.

Our student population is also worthy of commendation. They have achieved outstanding performances in the classroom, and on the athletic fields.

Selecting a few highlights from the past twelve months is a difficult task. The following is not an exhaustive list:

"Day of the Coast" involved every child in school in

a days-worth of activities focusing on our New Hampshire coast. Docents from the UNH Marine Education Program teamed up with teachers, parents, and friends from Nottingham to provide a remarkable and educational experience for all who participated.

Hot lunch came to Nottingham this year! Thanks to the efforts of the Barrington School Lunch Program, we are now serving an average of 200 students per day a well-balanced, hot, attractive, and tasty meal. A special "thank you" goes out to the citizen volunteers who assist in serving this meal daily between 11:30 and 12:30. I am certain that our children are healthier and better able to learn as the result of this program.

The Writing Process has come to Nottingham. This instructional method encourages and teaches children to write and to write well. A substantial amount of staff time and planning effort has gone into this project. The results can be seen in the regular appearance of Nottingham students' work in area newspapers and by the outstanding quality of "The Bi-weekly Bugle", this year's student newspaper, as well as in the regular writing assignments and "books" produced throughout the school.

This past summer, Nottingham hosted the S.A.U. #44 Summer Institute '84, a summer school program designed to engage and challenge students in Learning By Real Problems. Students from the other towns in the S.A.U., as well as from Nottingham, began construction of a fitness trail, researched and rehabilitated a graveyard, surveyed and mapped the school property, devised, built, and installed underwater a lobster breeding pen, and collected, analyzed with computers data concerning political preference. Two teachers from Nottingham took part in the Institute and brought their new knowledge of critical skills and Learning By Real Problems back to school this fall. Ms. Breslin and Mrs. Clement have been sharing their expertise with our staff, and critical skills education is becoming a regular part of our program.

I was fortunate to be selected to attend the first Principal's Academy at the University of New Hampshire. This program offered me an opportunity to engage in professional dialogue with 26 of my colleagues from around the state and to think about and develop some new leadership skills.

We are again proud to say that the results of standardized testing of all students in grades 2 through 8 demonstrated a sound proficiency in all areas of the

curriculum. As if to verify that information, results from area high schools of first marking term this fall shows an unusual proportion of Nottingham students earning honor roll status. This is a credit to the teachers, pupils, parents, and citizens of Nottingham.

As noted above, this is only a sampling of the many fine things going on in your school. Our goal is to continue to improve the quality of education we offer.

I would be remiss if I did not use this opportunity to share some concerns with you, the citizens who support our school. I urge you to consider the following issues carefully:

**Building and grounds:** You will find listed in the Warrant proposals and requests for several critical repairs to the building. I am firmly convinced that we must spend some money now to avoid serious and even more costly emergency repairs in the not-too-distant future. Please take the time to examine each proposal carefully. School personnel will be glad to show you and explain to you the problem areas.

**Program:** I am increasingly convinced that we need a public kindergarten in Nottingham. Every study available indicates that children with a pre-school experience are less likely to experience school problems, are less likely to be retained, are more likely to take and achieve in higher level courses throughout their schooling, are more likely to go on to further education, are less likely to experience employment problems, are more likely to make a higher standard of living. I urge the citizens of Nottingham to consider the future of the community and the region and to seriously consider adding a kindergarten program.

**Facilities:** While our building is adequate in terms of numbers, it does not provide the flexibility or space to accommodate expansion or change of program. We need a library at the school to provide a modern media center. We need additional tutorial space. We are desperate for storage areas. A lunchroom and kitchen facility would be a tremendous asset to both the school and the town. We have no facilities for industrial arts or home economics which are standard fare in most seventh and eighth grade programs in the state. And finally, all of the signs point to a rapidly increasing student population in the next three years; I believe that in the next five years this building will no longer accommodate all of the students in grades 1 - 8. I urge you to consider a moderate expansion program now rather than be faced with a crisis situation and a massive building program in the near future.

Staff: If you have read any of the multitude of National reports on the status of education, you are aware that every one of them has urged an immediate improvement in the level of teachers' salaries. I share this view and believe that we must begin to look at teachers as the valuable natural resource that they are. We must foster and encourage them and not expect them to continue to teach simply because they love children and teaching. You are fortunate to have in Nottingham a competent and able staff. You must support them, encourage them and pay them well.

I would conclude by saying that I am proud and happy to work in and for the town of Nottingham. We have an excellent school. I am proud of it and our kids. You should be too.

Respectfully submitted,

Gordon P. Quimby  
Principal

## REPORT OF THE

### NOTTINGHAM SCHOOL BOARD

Our first year as School Board members has been a challenging year. The first six months of our term were spent attending workshops and seminars related to School Board responsibilities and "things School Board members should know about". We also took time to tour our school building from corner to corner. One of the results of this tour is the special warrant articles that appear this year. On these, you will have to decide to spend or not to spend money to keep our 1.5 million dollar building in good repair.

In our second six months the board found itself interviewing candidates and hiring a teacher to replace a last minute resignation of a third grade teacher. Mrs. Arlene Ruffner joined our staff in September.

October brought on the beginning of negotiations for a new contract with the American Federation of Teachers, the union which represents our teachers at Nottingham. Negotiations were completed in January. The financial terms negotiated were a 10.4% increase in salary for each of the next two years, an increase that is well deserved by our teachers for a job well done. However, the increase still leaves our teachers well below the teacher salary average of our bordering states, of our own state average, and of even a greater disparity compared to the national average. The increase does keep Nottingham in line with the average salary of the other SAU #44 schools. Also negotiated was a dental health program for our teachers.

The board has been meeting on a regular basis to discuss and establish long and short term goals for the education of our Nottingham students. One of the most important goals discussed has been the need to establish a public kindergarten to better prepare our preschoolers for their years of education and their lives ahead of them. Another program the board is interested in, and that the school is in the process of establishing, is an activity program within the school's scheduled class periods. The last period of the day will feature both academic and non-academic activities, allowing all students to participate. You will hear more on this as the program is developed.

We would like to congratulate and thank all the school volunteers who have given their time to the school through the Nottingham School Volunteer Program. Nottingham is one of twenty seven schools in the state awarded a Blue Ribbon Achievement Award, a most coveted volunteer program award. We, especially, would like to thank Mrs. Ruth Bellitti and Mrs. Ferne Fogg for their many hours of hard work and a great job done of coordinating the Volunteer Program for our school. The hot lunch program is only one of the school's programs that would not be successful without the assistance of the Volunteer Program. Volunteers, the School Board thanks you, the Town thanks you, and the School thanks you.

Because of the many other priorities this year, the committee "to study building space needs of both the school district and town" was late in getting organized. Committee's first meeting will be held February.

The Board would like to thank Ms. Elizabeth Kotler who joined the School Board in August to complete the term of office vacated by Nicholas Dawson. Thanks, Libby. Great job!

We would also like to thank Mr. Barry Clough and his SAU#44 staff for their many hours of help and support.

Finally, we would like to thank you, the townspeople, for your support over the past year and we look forward to your continued support in providing the best available and affordable education to our children.

Respectfully submitted,

Richard N. Schuster, Chairman  
Linda Fernald  
Elizabeth N. Kotler

## REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

The year 1983-84 saw a change in the nursing office personnel. Mrs. Marge Carlson, the assistant nurse, worked two days a week, Mrs. Fernald returned for three days.

At the beginning of this year, a Nurses' Log Book became a part of the daily accounting system. Each student visit was recorded; the time, treatment or necessity for the visit. If need for a reference of injury, a report was available.

All grades received instructions through science classes of body systems, function, and disease. In grade 1, dental health was stressed; grade 2, personal hygiene; grade 5, body growth and development; grade 6, the heart as related to blood pressure. Students were instructed on the use of the blood pressure equipment, and were allowed to use in practice sessions.

Classes needing vision or hearing screening were made. Requests from parents or teachers were made and reported.

Individual cases of personal hygiene problems were held privately.

Cases of head lice were taken care of as they appeared.

Twenty one students in grade 8 attended the Rural District Health Council Clinic in preparation of updating their immunization records, necessary for high school entrance.

I wish to thank the Superintendent, the School Board, the Principal and the staff for their cooperation.

Respectfully submitted,

Jean B. Fernald, R.N.

VOLUNTEERS AN IMPORTANT ASSET  
TO NOTTINGHAM ELEMENTARY SCHOOL

The Blue Ribbon Achievement Award has been won for the year 1983-1984 from the State Department of Education with an awards ceremony at the State House on February 12, 1985.

In the year 1983-1984, twenty two active townspeople gave over 1,200 hours of their valuable time to donate to their school system in such ways as service in the town library, helping young children to improve their reading and spelling, printing a school newspaper, planting on the school grounds, walking classes to and from the library, and reading to classes for their enjoyment; as well as organizing the book fair, and in clerical, art and drama work.

A stringent criteria was met for this award. It required the cooperation of a community interested in education, an enthusiastic school staff and effective leadership by the School Volunteer Coordinators, Ferne Fogg and Ruth Bellitti, and the school administration.

This year, 1984-1985, we are operating with fewer classroom volunteers, but have been overwhelmed by the response of twenty-five Nottingham people to help serve at the newly initiated School Lunch Program on a daily basis. We are fortunate to have a community that cares about the welfare of its children.

Respectfully submitted,

Ruth Bellitti, Coordinator  
1984-1985
