REPORT OF THE SELECTPERSONS

The year 1974 will be remembered as the year the Fire Station was built by P & N Realty. Appreciation is extended to Richard and Lois Woodbury for their gift of gravel; to Harvey Swett for landfill; to Joseph Fitzpatrick for electrical wiring; to Francis and Gwen Johnson for use of equipment and labor; to the Lady Volunteers for their gifts of money; and to others who gave gifts, labor and their support.

Progress has been made on the New Library facilities. Appreciation is extended to Freeman Pearl for his labor; to the Library Trustees; to Paul Aucoin for electrical work and to others who gave freely of their time to create this addition for the Town.

The State Assessor completed the revaluation of property in Sullivan. The Town now has equalized valuation at 100%.

Our Town is growing and we extend a welcome to all new facilities.

We urge residents to take an active part in Town affairs. Through a cooperative effort we shall continue to make Sullivan a better Town in which to live.

LIBRARIAN'S REPORT

Amidst all the speculation on inflation, recession, economy, etc. the Public Library remains one of the few free services today. Granted the cost of maintenance has increased. The price of books and related materials, such as book covers, mending tape and cataloging supplies has been raised. The Librarians salary had to be increased to meet State Wage Laws and the electricity reflects the fuel adjustment. Except for the maintenance cost of your library it is free.

Through the books in your library you may visit foriegn lands, such as the exotic islands of the Pacific, the orient or Regal England. Or if you prefer, you may get involved in mystery and intrigue, public affairs, history past and present or romance. Where else can you do all this for free.

We have many new books including best sellers, National Geographic books on various subjects and craft books.

Take a book break - it is good for the body as well as the mind.

KAY PEARL
Librarian

AUDITOR'S CERTIFICATE

I hereby certify that I have examined the accounts of the Town Clerk, Tax Collector, Treasurer, Trustees of Trust Funds, Library Trustees and Selectmen for the period January 1, 1974 through December 31, 1974 and found entries correct and supported, where necessary, by acceptable vouchers; with the following exception:

It appears, upon tedious and lengthy examination of the records, that the Selectmen have committed the Town to a long-term indebtedness agreement for the purchase of land; said agreement not having been approved by 2/3 vote of the Town, as required by the Municipal Finance Act.

REPORT OF THE PLANNING BOARD

The Board provided a forum for the preparation of two town ordinances. An Ordinance Relating to Building Development was adopted by the town on November 5, 1974. An Ordinance Relating to Campgrounds will be considered at the March 1975 Annual Meeting.

The following subdivision proposals were approved:

	Subdivision	Location	No. of Lots
#1	David Wichland	Off Route 9	Two
#2	James Harris	Center Street	Two
#3	Terry Pindell	Valley Road	Three
#4	Anthony Sylvester	Valley Road	Two
#5	Peter Hayn	Center Street	Two

The Board is grateful for the co-operation and assistance of the residents of the town. The contributions of Mrs. Kiburis, Mrs. Robinson, and Mr. Scott who left the Board during the year, are especially acknowledged.

REPORT OF THE ROAD AGENT

General Maintenance of the highways included culverts, gravel and ditching this year. Turn-arounds have been made for the snowplow in four places. A total of 3736 yards of gravel was put on the roads throughout the town. Apple Hill, Hubbard and South Roads have been oiled.

An unexpected expense was the building of a new bridge on the Ferry Brook Road.

The State salt shed was rented and stocked with 16 ton salt. Room has been made at the Town Barn to stock pile 1000 yards of sand. Due to the many storms in November, December and January we have already used over 300 yards.

Another unexpected expense was the State Wage Law requiring time and 1/2 over 40 hours for hired help. Added to this the Green Int. Dump Truck Dumped its last load. It was necessary to replace it. Vandalism is on the rise in Sullivan. Seven locks have been put on the Town Barn this year. When they can't break the lock they saw it off. Among other things missing, were one case of anti-freeze within 24 hours after being stored in the Town Barn. The equipment has been vandalized several times and gas stolen repeatedly. The Town Barn seems to be a popular place after dark - all at the expense of the tax payer.

REPORT OF THE SULLIVAN FIRE DEPARTMENT

1974 has been a good year for us. There have been many improvements in the Fire Department. Of these, the greatest and most important was the building of our new Fire Station. After the site was prepared by volunteers who supplied labor and materials, the construction was done by P & N Realty. The Lady Volunteers made a cash donation which was added to the Town appropriation, thus completing the total amount needed for the contract. We wish to express our appreciation to all who have helped make our new Station a reality. There is still much inside finish work and outside landscaping to be done. All help will be more than welcome.

During the summer months, the Firemen participated in a training course which included rescue from a burning or smoke-filled building, using Scott Air-Pacs, fighting oil and chemical fires and learning the types of fire extinguishers. Many films were shown and we learned a lot about fire-fighting and rescue. To test our new knowledge, we went to Meadowood Training Center and took courses involving the smoke-house, pump operation, rescue and field training. Many thanks to Bob Ballou, Wayne Fisher, Charles McDonald and Meadowood for their time and equipment. More training is planned for 1975.

The old Fire Station was cleaned and many repairs were made on the equipment including repairs on the Fire Truck, checking and testing of hose and ladders. Some new hose was purchased also a new extension ladder. Our second Fire Truck was beyond repair so it was returned to Bear Brook State Park and it has been replaced with an Army truck obtained through Civil Defense.

The Lady Volunteers purchased hats, coats, boots and mittens for the Fire Department at a cost of \$1200.00. We also received a donation of boots and coats from the Long Island New York Fire Department. Our thanks to both these organizations for their interest in our safety.

As soon as the radio equipment is transferred to the new Fire Station, we will become a base station, able to dispatch as well as receive. This means when fire-fighters are not able to reach Keene directly we will be able to relay from Sullivan.

We had a successful Chicken Barbecue last summer and plan to have another one this year. We also had a Raffle in December. Money raised has been used to start a New Fire Truck Fund and any donations will be appreciated. This is a very much

needed piece of equipment.

Plans are under way for a Firemen's Ball at the new Fire Station when it is completed, to show our gratitude to the Townspeople for providing us with these new headquarters.

How many have noticed the red light at night on the old Fire Station, which was donated and installed by Joe Fitzpatrick.

CEMETERY REPORT

Progress has been made on the program to beautify the Meeting House Cemetery. There is still much work to be done, such as more head and corner stones to be straightened and leveled also more graves to be landscaped. Vines and brush have been removed from the vault to prepare for masonry work this spring.

Since leveling and seeding two years ago the Old Four Corners Cemetery has been easier to maintain. Potted geraniums placed on the gate post have proved to be a popular addition. Some thought is being given to placing permanent cement urns on the gate post.

A pair of cordless clippers have been donated for the cemetery use by Mrs. Turner.

The only burials this year were three in the East Sullivan Cemetery.

As you know the common and monument maintenance are part of the Sexton's duties (cost of which doesn't come out of the cemetery funds).

This past year a great deal of landscaping was done including removal of the stump, loaming, seeding and straightening the rails around the monument. Materials and labor for this work was donated. Now if we can devise a way to keep the public from driving across our common, we will be able to maintain a spot of beauty in our town.
