ANNUAL REPORTS

OF THE

TOWN OFFICERS

OF

ALSTEAD, N. H.

FOR THE YEAR ENDING

JANUARY 31, 1939

SENTINEL PRINTING COMPANY
KEENE, N. H.
1939

TOWN WARRANT

STATE OF NEW HAMPSHIRE

Cheshire, ss:

To the inhabitants of Alstead qualified to vote in town affairs.

You are hereby notified to meet at the Town Hall in said town on the fourteenth day of March, A. D. 1938, at nine o'clock in the forenoon to act on the following articles.

Art. 1. To choose the following town officers.—town clerk, town treasurer, one selectman for three years, tax collector, overseer of poor, one or more road agents, auditors, constables, library trustees, trustees of trust funds, fence viewers, sextons, cemetery committee, park commissioner, measurers of wood and surveyors of lumber, and other town officers as the voters may direct.

Art. 2. To see what sum of money the town will raise for ordinary town charges, old age assistance and for the support of the poor.

Art. 3. To see if the town will raise the sum of \$600.00 to be used on the Alstead road from Walpole to Surry town line, known as Walpole Valley Road.

Art. 4. To see what other sums of money the town will raise for highways and bridges.

Art. 5. To see what sum of money the town will raise to oil the village streets.

Art. 6. To see if the town will raise \$850.00 for street lights.

Art. 7. To see if the town will vote to lay a new culvert in place of the old one opposite Ralph Jacobs' and raise money for the same.

Art. 8. To see if the town will vote to exchange the old tractor and snow plow for a new outfit, and raise money for the same.

Art. 9. To see if the town will raise \$1,165.50 for state aid construction and apply for state aid.

Art. 10. To see if the town will raise \$625.49 for class V roads and call for state assistance.

Art. 11. To see if the town will raise a sum of money for the control of white pine blister rust.

Art. 12. To see if the town will raise \$85.00 for forest fire equipment, said sum to be matched by the State.

Art. 13. To see if the town will authorize the selectmen to sell real estate acquired by tax sale.

Art. 14. To see if the town will authorize the tax collector to allow a discount on taxes.

Art. 15. To designate who in behalf of the Town shall be authorized to receive unexpended balance of Vilas High School building fund, to execute an appropriate release and discharge to the executors of the will of Charles N. Vilas, deceased, and to supervise the expenditure thereof for permanent improvement to building or grounds and permanent equipment.

Art. 16. To see what sum of money the Town will raise for the care of cemeteries.

Art. 17. To see if the town will raise \$85.00 for water rent for town hall and watering trough.

Art. 18. To see what sum of money the town will raise for the support of the library.

Art. 19. To see if the town will raise the sum of \$200.00 for control of tent caterpillar in Alstead streets.

Art. 20. To see if the town will vote to accept a trust fund of \$100.00 from F. C. Huntress for care of the George Newell cemetery lot.

Art. 21. To see if the town will vote to accept a trust fund of \$100.00 to be known as the George Wilder fund.

Art. 22. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.

Art. 23. To see if the town will raise \$30.00 for Memorial Day.

Art. 24. To see if the town will raise the sum of \$100.00 for the care of Parks.

Art. 25. To see if the town will raise the sum of \$500.00 to be used on the Pine Cliff road, so called.

Art. 26. To see if the Town will vote to raise and appropriate the sum of \$60.00 to the Monadnock Region Association in Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the Town, in cooperation with the other thirty-seven towns of the Monadnock Region.

Art. 27. To hear and allow accounts.

Art. 28. To transact any other business that may come before the meeting.

Given under our hand and seal this 23d. day of February, A. D., 1939.

ROBERT M. BRACKETT,
BENJ. H. BRAGG,
BURTON G. DANA,

Selectmen of Alstead.

A true copy of warrant—Attest:

ROBERT M. BRACKETT,

**REPORT OF THE LIBRARIAN OF THE
SHEDD-PORTER MEMORIAL LIBRARY
For the Year Ending Jan. 31, 1939**

In September the Library met with a great loss in the death of the librarian, Mr. J. Stanley Chivers.

Beginning Dec. 3 we have had a study hour for small children, every Saturday afternoon in charge of Miss Beatris Stoetzner.

The kindness of Mrs. Ward has made it possible to hold an exhibition of reproductions of paintings of great artists, which Mr. Chivers had planned before his death.

VILAS HIGH SCHOOL BUILDING FUND

FINAL REPORT OF MRS. JESSIE FORD VILAS AND
UNITED STATES TRUST COMPANY OF NEW YORK AS
EXECUTORS OF THE WILL OF CHARLES N. VILAS.

The executors respectfully submit their Final Report to the Town of Alstead of their accounting for the \$175,000 legacy bequeathed by the will of the late Charles N. Vilas for the erection of a High school building. Through the splendid cooperation of the Selectmen, the High School Committee, Architects, Builder and many others, it was possible to bring to the inhabitants of Alstead a High School adequate to its needs and within the amount of the gift made to the Town by Mr. Vilas.

This legacy having been given to the Town, its expenditure by the executors was made entirely upon the orders of the Selectmen and the certificate of the architects. The following is a summary of the account showing the unexpended balance which the executors are prepared to pay to the Town for further expenditure for improvements to the building, grounds or for permanent equipment in accordance with the purpose of the gift.

RECEIPTS

Legacy for high school building.	\$175,000 00
Increase to fund from temporary investment of portion of legacy:	
Proceeds \$100,000. United States of America Fourth Liberty Loan 4 $\frac{1}{4}$ % bonds and interest.	\$103,202 77
Cost, plus interest.	101,985 42
Net profit.	\$1,217 35
Interest allowed by United States Trust Company of New York on uninvested cash.	947 02
	\$2,164 37

Less executors' commissions on increase and attorneys' fees and dis- bursements,	386 58
	<hr/>
Net increase to building fund,	1,777 79
Total building fund legacy and increase,	<hr/> \$176,777 79

PAYMENTS

All payments were made upon the written approval of the Selectmen and were required upon the certificates of the architects.

Purchase of school site:

Flint D. Lawton, land and building,	\$4,000 00
Charles E. Kent, land,	2,500 00
Town of Alstead, land and building right,	1,000 00
Chauncey J. Newell, right-of-way for pipe line,	100 00
	<hr/>
	\$7,600 00

Building and preparation of grounds:

Glenroy W. Scott, builder,	135,831 32
Equipment,	15,399 16
Miscellaneous,	4,239 67
Architect's fees and engineering supervision,	9,289 62
	<hr/>

Total expenditures,	172,359 77
	<hr/>
Balance of high school building fund,	\$4,418 02

Respectfully submitted,

JESSIE FORD VILAS,

United States Trust Company of New York.
executors of the will of Charles N. Vilas, deceased.

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the school district in the town of Alstead qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall, in said district on the 24th day of March 1939, at 2:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
6. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.
7. To see if the district will vote to make any alterations in the amount of money required to be assessed for the ensuing year for the support of public schools and the payments of the statutory obligations of the district, as determined by the school board in its annual report.
8. To see if the district will vote to authorize the school board to borrow money on notes for the support of schools if necessary.

To transact any other business that may legally come before said meeting.

Given under our hands at said Alstead this 15th day of February 1939.

PARKER B. STEVENS,
MAYBELLE H. STILL,
CARROLL E. HATCH,

School Board.

A true copy of warrant—Attest:

PARKER B. STEVENS,
MAYBELLE H. STILL,
CARROLL E. HATCH,

School Board.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Alstead :

I herewith submit my annual report as Superintendent of Schools.

ORGANIZATION AND ENROLLMENT

No changes were made in the teaching positions this year. The advantages of retaining qualified and interested teachers has been apparent. The teachers generally have indicated their interest in professional growth by attendance at summer school and teachers' institutes.

The organization and program of our schools have undergone many changes. We have come to realize more and more that the educational program must be a flexible living thing which grows, expands, or changes to meet the needs of the changes in our social and economic life. One of the most significant trends has been the shifting of emphasis from subject matter to child development. It is now generally believed that the value of content in all courses should be measured in terms of its value in the life of the growing child. As a result of a study of the real needs of life, much new material has been added to the program while much that has become obsolete has been eliminated.

A reading program has developed which more nearly meets the needs of children according to their varying levels of ability. The newer teaching methods in reading recognize the importance of guiding the growth of children in accordance with their degree of readiness and background rather than emphasizing unified performance in the acquisition of specific knowledge. It is now possible for the teacher to ascertain which of her pupils are ready to read and which ones are not. The application of simple tests may lead the teacher to discover difficulties or defects which

must be overcome before much progress in reading can be made. Books for the primary reading classes as now composed and illustrated appeal to the interest of the children and the simple thoughts expressed may be interpreted in terms of their own experience.

In arithmetic also there is a tendency to emphasize operations that have value in the experiences of real life. Consequently, many impractical problems and exercises have been replaced by extended practice in more useful and practical material.

The words used in the spelling lesson have been selected as a result of investigations which have been conducted to determine their proper grade placement. A correlation has been established between the words used in spelling and those included in the reading vocabulary.

The aim in history as taught in the lower grades is to build up background through the child's natural interest in people and simple social customs. It is now accepted practice in the upper grades to emphasize the cultural contributions of each civilization rather than the strictly chronological treatment of wars and dynasties.

The change in attitude regarding discipline indicates, I believe, one of the most wholesome trends in modern education. The movement has been in the direction of humanity and common sense and is an important indication of the greater respect for the personality of the child.

SUMMARY OF ENROLLMENT, JANUARY 15, 1939

Vilas high school,	77
Vilas junior high,	30
Village elementary, 4-6.	22
Village Primary 1-3.	37

Marlow,	5	0	4
Langdon,	12	0	2
	—	—	—
Total,	38	12	11

BUILDINGS AND EQUIPMENT

The following improvements and repairs were made to the school buildings during the year:

The boilers at the Vilas School were rebricked and repairs were made to the shop doors, showers, and plumbing over Room 2. The burners and compressor were serviced and repaired. The shop, lunch room, and shower rooms were painted.

At the village school the hallways were painted and the chimney, roof, and flag pole were repaired after the hurricane damage.

A septic tank for the chemical toilet was installed at the Rhoades School.

The desks at East Alstead were varnished and the ceiling was repaired.

STATISTICAL REPORT 1937-1938

Total registration,	236
Average membership,	205.70
Percentage of attendance,	94.73
Cases of tardiness,	246
Number of pupils not absent or tardy,	14

VILAS HIGH SCHOOL

The Vilas High School with its well balanced academic, cultural, and activity programs has continued to receive statewide recognition because of the adaptation of its activities to all the needs of future citizenship in the various communities which it

serves. The following summary from the reports of the headmaster and teachers will serve to indicate the nature and scope of the work in the various departments.

ENGLISH: With the appearance of the new English program, standards have been liberalized. The emphasis is upon accomplishment in the practical uses of the basic skills of reading, writing, and speaking. The aim in reading is skill in evaluating and using to the best advantage magazines, newspapers and reference aids as well as the development of the possibilities of reading as a hobby. We are now teaching reading skills to increase both speed and comprehension in the first three years of the high school course. The emphasis in writing is upon practical forms such as letter-writing and reports. Conversation and etiquette as well as the more formal types of speaking are taught. Radio program and moving-picture selection and appreciation are considered.

The English department this year has been developing hobby interests such as block printing, photography, marionette-making, and collecting with different groups of students.

Art, literature, and music-appreciation programs have been presented in morning assemblies.

THE COMMERCIAL DEPARTMENT: In response to the needs of a community like Alstead, where there is limited opening for commercial graduates, a class in personal-use typewriting has been included this year. Students who take this course concentrate on manuscript, outlines, and other typing which they will find usable in other classes.

Since the number of students in office practice permits, each girl has been assigned as secretary to one teacher. This arrangement is intended to be of mutual benefit. Teachers are enabled to present units, tests, and other material in typewritten form. Student secretaries benefit from the actual practice involved, and from the approximation to employer-employee relationship. As usual, much of the school office work is done by senior commercial girls.

SPECIAL ACTIVITIES OF THE HOME ECONOMIC DEPARTMENT: A light luncheon was served to the girls and their mothers at their annual Spring meeting.

Refreshments were served at the father and son "get together."

A supper was served to seventy members of the Future Farmers' Organization of America, who held a meeting at the school this fall.

The Home Management class has taken a field trip to Mrs. George Porter's home in Langdon for the purpose of studying the interior of the old house.

The exhibition of foods by the girls at the school fair was better than it has ever been.

A fashion show contrasting old and new wearing apparel was given for the assembly January twentieth.

MATHEMATICS: Concrete algebra, geometry, and elementary business methods are being taught in the junior high school.

First year algebra and geometry are offered in the high school. It is hoped that the mathematical knowledge obtained here will find application in life, as well as in the advanced sciences—chemistry and physics.

SCIENCE: The basic course, general science, is offered in the two years of junior high school.

The more advanced sciences, biology, physiography, and physics, are presented in the high school. In physics practical work concerning mechanics, heat, light, sound, electricity, and radio are scheduled to be taught, and should prove of interest and value to the student.

SOCIAL STUDIES: Constitutional History: The purpose of constitutional history is to trace the progress of our country from the source of our constitution making to the present time. Federal and state constitutions are studied thoroughly and national, state and town elections are conducted with the school.

History of Civilization: The purposes of this course is to gain a thorough knowledge of the fundamentals of our present day organization. To understand and make the past a living thing.

Economics: Economics is a science which treats of those social phenomena that are due to the wealth-getting and wealth-using activities of man. A thorough study is made of the economic situations in this country and correlations are made with the world conditions. A varied amount of reading and special reports are required.

GIRLS' PHYSICAL EDUCATION: Girls' activities have become a balanced physical education course. Scarcity of time makes sport instruction the major class interest.

Social intercourse is provided by a weekly noon dance with the entire school participating.

The third annual Mothers' and Daughters' Night is scheduled for the week previous to the Sunday on which Mothers' Day is observed.

The junior high schedule has included one period of personal hygiene in addition to the two activity periods each week.

A schedule giving each girl in the school opportunity to shower each week is in use. The majority of the girls take advantage of the showering privileges.

Winter sports, boating, and swimming are encouraged. When practiced during class periods they receive full credit.

Recognizing that all girls do not prefer strenuous exercise tennaquoit, table tennis, and other tournaments of that type may be conducted by a group of girls on their own initiative.

A crowded social calendar for the school, including sports, dramatics, musical programs, game and dance parties, make a much fuller athletic program inadvisable from the standpoint of the pupil.

Healthier, happier girls and women are the ultimate aims of this whole program.

JUNIOR HIGH SCHOOL ENGLISH: The junior high English classes are each presenting a public one-act play. Formerly the two classes have combined to give one yearly play.

Study of current books, radio programs and moving pictures is conducted each week.

With an eight page weekly paper available for each pupil, a better organized study of current happenings: cultural, social and economic, is possible in junior high school.

Would-be authors gladly attempted to write material for the new literary section of the Vernacular. Several were rewarded by seeing their work accepted.

Last spring the Vilas Junior High School won first place in the "Constitutional Scrap Contest" conducted in this Supervisory Union.

BOY PHYSICAL EDUCATION: The training of students has as a major objective the development of a wholesome individual life and service to one's fellow men. Without health neither of these objectives is probable. Without physical activity and a reasonable recreational program, full social and individual development and growth are impossible.

Physical education is now interpreted not as the privilege of a few, but rather as the rightful heritage of every boy and girl. Every student has a right to that type of program in health and physical activity and the large social values of group recreational activity.

The trend of our present program has been based above all upon good sportsmanship, and the ability to meet situations in life, as well as on the field of play.

The outdoor program has shown progress and many games that can be used in adult life are learned. These games are taught with the basic idea that in our economic set-up much leisure time is being developed and health is an important asset to the adult.

The athletic teams have enjoyed successful seasons and the support and cooperation of the townspeople has been a big factor in the success and good sportsmanship of our teams.

The third annual father and son night was held on March 18, under the direction of the Lettermen's Association. We appreciate the support of the business men of the town in making this such an important event each year.

On June 3, one hundred seventy-five children from the grade schools of Acworth, Alstead, East Alstead, Langdon, and Marlow participated in a field day on Vilas Field under the supervision of Lettermen's Association.

AGRICULTURAL COURSE: The work in Agriculture has continued much the same as in previous years with the class work based upon the type of Agriculture carried on in Alstead and the surrounding towns.

In the shop we have taken up wood-working and farm machinery repair. The boys have made wheelbarrows, tables, feed hoppers, and many miscellaneous projects. Repair jobs have consisted of such things as painting a farm truck and completely overhauling a sulky plow.

Last spring, one of our boys took part in the State F. F. A. public speaking contest. One of our boys was one of five in the state to be awarded the State F. F. Degree. Another of our boys won a place on the State Poultry Judging Team.

In October, several boys took part in the annual Interscholastic Judging Contest held at the University of New Hampshire. One of our boys placed first in Fruit Judging, and one boy placed first in Dairy Cattle Judging.

Four boys exhibited eggs at the Egg and Baby Chick Show. Parker Ayer received the Sweepstakes Award for the best dozen eggs exhibited in the "High School Class." For this he received one dollar in money and 100 baby chicks.

In December, an F. F. A. Convention was held in the Vilas High School with over 60 boys present. Boys came from neighboring schools in both New Hampshire and Vermont.

SOCIAL PROGRAMS: Our graduation program last June was based upon New Hampshire.

The fair and the one-act plays are given in the fall term with the operetta coming the latter part of the winter term and three one-act plays and the graduation in the spring term.

Two big dances have been sponsored during the year: the Junior Prom and the Commencement Ball.

Hot lunches are served at 5c each during the winter term.

A school party is held each month. These include both evening and afternoon parties. Once each term, we plan to have an outdoor party. Each party is sponsored by a different class under the direction of a class advisor.

Assembly programs are put on by the various classes, one each month, and occasionally, we have an assembly speaker. We hold short morning assemblies twice each week.

The most successful school fair we have ever had was held in October.

HEALTH

Following is an account of the work in health supervision conducted during the year by the school nurse:

193 pupils were inspected.

2 pupils showed defective hearing.

13 pupils showed defective vision—uncorrected.

16 pupils showed poor posture.

18 pupils were underweight.

126 pupils were in need of dental care.

13 pupils were recommended to have throat and nose examination by a physician.

4 pupils were unvaccinated without proper excuse.

Dental clinics were held: East Alstead, October 18th, 1938; Rhoades School, October 21st, 1938; Vilas High School, November 28-29-30 and December 1st, 1938, with work done as follows:

Total number of pupils treated,	55
Total number of cleanings,	40
Total number of extractions,	44
Total number of amalgam fillings,	44
Total number of porcelain fillings,	10

All work was paid for by parents of pupils having work done.

25 pupils had their teeth cared for by their own dentist.

8 pupils had special eye examination and defects corrected.

6 tonsil cases were treated privately.

5 pupils were vaccinated successfully.

Much time is spent providing transportation for pupils for special examinations.

The school nurse wishes to express appreciation to the local Red Cross Chapter and others for assistance given in carrying on the work.

MUSIC

No change has been made in the music schedule in the graded school or in Vilas High School this year. In the primary room at the village school we teach rote songs and begin teaching the fundamentals of note reading. The upper elementary room is divided into two sections for work in music. In the fourth grade we continue the drill in note reading. We still drill note reading and sight singing in advanced stages with much stress upon two-part singing.

The high school chorus is singing music in three parts. An attempt is being made to develop a larger boy's section. The chorus and leads are now working on their new operetta "The Saucy Hollandaise."

A selected chorus of sixteen boys sang at the baccalaureate service last June.

The Band and Orchestra are handicapped this year as they lost most of the brass section at graduation last June. It will take a year or two to build up these organizations again. Our band went to Nashua last May to the All State Musical Festival and marched and played in the parade. This trip was a real educational opportunity and we hope to send other members to the festival this year.

Alstead is especially fortunate in having unusual community interest in the welfare of the schools. This interest has been manifested by the support of school activities, cooperation of parents and friends of the schools, and by frequent contributions from individuals. This cooperation with the educational program of the community is greatly appreciated.

I wish to express my appreciation of the cooperation which I have received during the year from the members of the School Board, Headmaster Fenton, teachers, parents and pupils.

Respectfully submitted,

CHARLES D. DALZELL,
Superintendent of Schools.

REPORT OF SCHOOL BOARD

For Year Ending June 30, 1938

RECEIPTS

State and federal aid:

State aid, equalization fund,	\$3,669 41
Smith-Hughes & George Ellsey federal aid,	1,004 21

\$4,673 62
