Commencement March

Composed by the President of the Law Center

*Arrangement by Branch Sanders '77*

## Notes

Commencements in America are as old as the first one held by Harvard University in about 1640. These early ceremonies were patterned after the English ones of Oxford and Cambridge. Since then American colleges and universities have added their own trappings, in many cases making the occasion far more festive.

Here in Concord, New Hampshire, in the Bicentennial Year of 1976, the Franklin Pierce Law Center held its first Commencement as a graduate adjunct of New Hampshire's Franklin Pierce College. At the wish of the graduates, the exercises were held in the rural setting of the Center's Mountain Road location, where they had studied during the past three years. In January of 1977, the Law Center moved to its permanent home adjacent to White Park near downtown Concord. At this, the sixth Commencement, the Center is granting its degrees for the fifth time as an independent educational institution. We are guests in the park today through the hospitality and cooperation of the City of Concord.

The caps, gowns and hoods of those in the procession represent a tradition of academic dress which began in the 12th and 13th centuries when the stone buildings which housed medieval universities were not known for warmth. The gowns are an adaptation of clerical garb. A scholar's academic hood is more than elegant and colorful attire; it denotes degree, field and alma mater. The band of velvet circling the outer edge of the hood varies in width according to the highest degree attained; narrow for the bachelor's degree, medium for the master's and broad for the doctorate.

The color represents the field of scholarship; arts and letters, white; engineering, orange; medicine, kelly green; science, gold; philosophy, blue; law, purple; etc. The hood is lined with the colors of the institution attended by the wearer. A Law Center hood, for example, is lined in crimson crossed by a broad band of silver gray.
