# ANNUAL REPORT

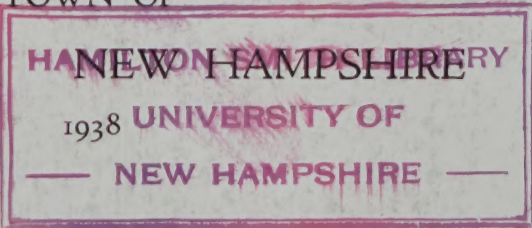

TOWN OF

LEBANON,

NEW HAMPSHIRE

1938 UNIVERSITY OF

NEW HAMPSHIRE

On the cover of this Town Report appears the picture of the Town Hall which was built in 1924 at a cost of approximately \$250,000.00, in which is located the Town Offices on the first floor, moving picture theatre on the second with a seating capacity of 1,500, on the top floor the court room where the Superior Court of Grafton County holds its regular January sittings. In the basement is the dining hall and dance hall. This building is one of the outstanding Town Halls in the State and has proved a great asset to the Town as moving pictures which under the control of the Lebanon Village Improvement Society have paid the Town a rental around \$7,000 a year besides turning over their net profits to the Town which for the past three years have amounted to \$10,000 yearly.

The scene on the back cover is of the Park which is noted all over the country for its beauty. To any one coming to Lebanon the first time, especially in the spring and summer, its beauty always lives in their memory.

The scene in the center of the report is of Mascoma Lake located partly in Lebanon and partly in Enfield. The Lake has many attractive cottages, good beaches, an ideal place for a vacation either in summer or winter as it is very easily accessible from this village.

The photos in this report were furnished by Troup's studio to whom we extend many thanks. The studio has many beautiful scenes of Lebanon and vicinity.

Board of Auditors  
Town of Lebanon  
Lebanon, New Hampshire.

Gentlemen:

In accordance with your instructions, we have audited the accounts and records of the Town of Lebanon for the year ended January 31, 1938. Our audit consisted of a verification of the assets and liabilities of the town, and a review of the operations of the town and its several departments.

#### Comments

Assets and liabilities, as set forth in the accompanying balance sheet were verified to our satisfaction. Notices were sent to all delinquent taxpayers showing the balances due the town for all uncollected taxes as they appeared on the tax collector's record.

The miscellaneous accounts receivable consisted of the following items:

Due for Sale of Cemetery	\$ 980.00
Due for Insurance Refund	70.00
Due from Tax Collector	68.42
Due from Town Clerk	19.81
Due for Sale of Supplies (Estimate)	250.00
	<hr/>
	\$1,388.23

All receipts as recorded in the records of the Selectmen were found to be properly accounted for and vouchers were on hand to support all disbursements recorded by them.

The Town Treasurer's records of receipts and payments corresponded with those of the Selectmen. All cancelled checks were seen and were checked to the disbursements entered in the Selectmen's record of payments. The balance on hand was reconciled with the statement from the depository.

Proceeds from auto permits and dog licenses were properly recorded and remitted by the Town Clerk.

The tax collector's warrant book for the current year was added and the total taxes shown were all accounted for either by collections, abatements or in uncollected balances. The uncollected balances as shown by last year's report were also reconciled.

We satisfied ourselves that all of the income from trust funds that should have been received was received. All disbursements as recorded were found to be supported by proper vouchers and receipts. The balances of funds on deposit in savings banks were verified by correspondence or directly with the bank itself.

The cemetery and library accounts were also found to be properly kept. Disbursements were supported by adequate vouchers and balances on hand were reconciled with statements from the depository.

Receipts recorded in the warrants of the Municipal Court were properly entered in the cash book. Items were found on the cash book to correspond with the cancelled checks though some disbursements are apparently made in cash.

The system of accounting in the Selectmen's office requires revision in order to make it simpler to operate and more productive of complete and accurate information. A combination of two systems, it has the advantages of neither, and is confusing even to those who are most familiar with it, although the accounts are correctly stated.

We have prepared the following exhibits to show the financial condition of the town on January 31, 1938, and its operations for the year ended January 31, 1938.

Respectfully submitted,  
Peisch, Angell & Company.

## HEALTH OFFICER'S REPORT

---

Again we can claim that Lebanon is on the list of healthy Towns in New Hampshire. No Typhoid Fever or Diptheria cases have been reported and although there were Forty-Nine cases of Scarlet Fever, reported, it was of such a mild form that there were no deaths and but few that were very sick. The Doctors have reported Three cases of Measles, Four of Whooping Cough, Five of Septic Sore Throat, Four of Undulent Fever, and about the usual number of Chicken Pox and German Measles, and Ten cases of Venereal diseases. There were Three serious cases of Meningitis, with Two deaths. resulting. The question of the disposal of waste and garbage is still a serious one, for no less than Twenty "Dumps", have been reported, located in every part of the Town, the worst one being at the entrance to Glenwood Cemetery. Notices have been posted at all these places, and the parties as far as possible, notified to stop using them, and in some cases, a threat of prosecution, was the only way it could be stopped.

I wish at this time to thank the School Nurse, Miss Campbell, for the excellent cooperation she has given me, in this work, and all, who have in any way assisted me, in my duties as your Health Officer.

G. U. L. Leavitt, Health Officer.

## REPORT OF MILK INSPECTOR

---

The Town of Lebanon is purchasing more Pasteurized milk each year and this milk is safer for consumption only when properly pasteurized—The heating does destroy some of the Vitamins.

A great many herd owners are now signing up with the State and Government for the Bang's Disease Test—this test renders the milk, in the raw state, preferable to the milk from the untested herds—from the Undulant Fever standpoint.

The Undulant Fever question may be controlled in either of these ways: by using a properly pasteurized milk or milk from a Bang's free herd.

The danger of Bovine Tuberculosis is very slight as all herds in New Hampshire are Tuberculin tested.

A considerable amount of testing for Bovine Mastitis is being done each year and Mastitis is, in many cases, the cause of high Bacteria count and the Isolation Treatment of the animals is very important from the Public Health standpoint.

We have a number of milk producers from out the state who require a great amount of attention. These producers deliver in many cases for a few months only and then sell to some one else.

The production of milk as a whole is being carried on in a careful manner and the producer's cooperation is appreciated.

WALTER B. MOWERS,  
Milk Inspector.

## REPORT OF OVERSEER OF POOR

---

From January 1, 1937 to December 31, 1937 orders were made in this office for Town Direct Relief cases and Town Boarding Adults to the amount of \$21,059.24. This does not include special forms of relief such as Boarding Children, Old Age Assistance, etc., which are paid through the Selectmen's office.

During the year the Overseer has bought, at very low wholesale prices, the following: Clothing \$46.00, Garden Seeds \$17.92, and Bedding \$54.00. Then these items are given to clients. Transfers are made against the original purchase, which then become a regular Town or County charge.

The expense of Administration was \$2,693.80. This includes the Overseer's salary of \$1,200.00.

From January 1, 1937 to April 1, 1937, the State reimbursed 50% on Direct Relief and some Administrative costs. From April to September the Towns and Counties of the State bore the entire costs of relief, then on September 1, the new relief law granted a 20% refund, which will end, for lack of funds, by April.

County orders from January 1, 1937 to December 31, 1937 for County Direct Relief and miscellaneous expenses on County Boarding Adults were made for \$24,656.69. Bills for board and care of County Boarding Adults, Boarding Children, Old Age Assistance, etc., are paid through the County Commissioners' office.

The following tables give an idea of the situation in Lebanon during 1937 and at present:

	<b>Total Number of Cases Handled</b>

**MARY HITCHCOCK MEMORIAL HOSPITAL**

**Hanover, New Hampshire**

February 9, 1938

Mr. Joseph B. Perley, Chairman,  
Board of Selectmen,  
Lebanon, New Hampshire.

My Dear Mr. Perley:

During the year January 1, 1937 through December 31, 1937, the Lebanon free bed fund in the Mary Hitchcock Memorial Hospital, Hanover, New Hampshire has rendered 960 days' service to 65 residents of the town of Lebanon, New Hampshire.

The portion of free bed funds allotted by the trustees of the town of Lebanon was \$1,800.00. During the calendar year 1937 we received a check in the amount of \$1,027.56 which eradicated the overuse as of December 31, 1936, credit for which is shown on the summary sheet, together with the charge item. The charges at the minimum hospital rates for service rendered to the patients during the period amounted to \$3,493. 53.

Yours very truly,

Donald S. Smith.
