MADISON TOWN & SCHOOL LIBRARY REPORT - 1983

What has marked this year is a living spirit of cooperation among the groups concerned with the Madison Library, Librarians, Town Bookworms, School Children and Teachers, Friends of the Library and the venturesom Old Homeweek Committee.

Barbara Mayo continued her indispensable help as Acting Librarian through the end of the school year in June. The big job lying ahead of us was the long delayed thinning out of our over-burdened shelves. This became a first priority with the arrival of a set of metal bookshelves for our basement stacks. Barbara Mayo spearheaded the operation with the aid of Susan Palmateer from the State Library Development Program. Trustees and friends pitched in. The stacks were assembled and set up and the books began to descend. By the end of June we had enough headway to be able to welcome our new Librarian. She took up the challenge of restoring order with youthful energy and good will.

Elise Randolph comes to us with a Master in Library Science degree and nine years of job experience in large city libraries as well as country ones. She has also been responsible for children's collections and programs. But she had set her sights on a small town library. The Madison job with its school connection fulfilled her hopes. She has managed, with the addition of two more metal bookstacks in the cellar, to get the upstairs into fine working order; to bring the little children's books out of their dark corner into the light; and to reorganize the adult section that we had "liberated." In order to serve both town and school as efficiently as possible she is reserving the Sunday and Monday hours for grownups and devoting most of her time on Wednesday to work with the children.

Cooperation with the school has also been increased by the gas furnace which was installed last summer by the Town. This makes it possible to conduct 5th and 6th grade classes in the library on off-days. In return, the school pays for the gas.

The Friends of the Library have continued their generous involvement in our extra-curricular activities. Their Open House Tea in mid July was made the occasion of a special thank-you to Barbara Mayo. The October Tea marked the launching of the school year by introducing the teachers to Elise Randolph, trustees and friends. Raymond Stineford, as chairman, compiled and edited the summer 1983 newsletter which was sent out to our growing mailing list. Then all hands went to work sorting books for our annual Book Sale.

Thanks to Mikell Beyerle and her community-minded committee, we were offered the opportunity to display our wares at the Old Home Week Crafts fair - an ideal date. Our books sold like hot cakes 'till we were all rained out. That didn't dampen our enthusiasm for this new venture, and we look forward to Old Home Week 1984.

The Great Books Group is in full swing again, meeting in the library for its 11th year. And finally, the spirit of cooperation marks our continuing association with neighboring town librarians and friends in the Bearcamp Library Group.

BRIEF SUMMARY REPORT ON A PROPOSED TOWN-EMPLOYEES RETIREMENT PLAN

A review of pension or retirement plans showed a wide variety, and complexity, that could be applied for Madison employees. Qualified plans are outlined in the tax code and generally are used by taxable companies. Non-qualified plans are usually used by municipalities or non-profit corporations.

As our "full-time" employees total only 5 or 6 people, we were quickly encouraged to consider simple yet effective plans. The type of plan is called "Simplified Employee Pension - Individual Retirement Account" or "SEP-IRA."

The benefits to an employee:

- 1) Contributions are withheld from the paycheck.
- 2) The investment belongs to the individual immediately - (vested rights).
- 3) The owner can change investments.
- 4) The owner can make further contributions and get a tax deduction.
- 5) It encourages the employee to start looking after his/her own future.

The benefits to the town:

- 1) It provides a benefit to the employee.
- 2) Contributions aren't contractual.
- 3) The town has no reporting or fiscal responsibilities.
- 4) There is competition by banks - insurance companies - mutual funds for these plans.

The major disadvantages: First, to the employee:

- 1) The town gives him/her a "raise" but puts the dollars out of immediate use. The raise is just offset by the "deduction."
- 2) The invested dollars must follow some "code" guidelines - i.e. dollars aren't readily available.

Secondly, to the town:

- 1) Starting a plan which will get more complicated as the years progress.

These items are set forth in the Town Report so the voters will have a chance to think about the step of creating a pension program via a warrant article.

PROGRESS REPORT OF THE RECREATION COMMITTEE..1983

In the 1973 Annual Report, your committee published its first long-range plan putting forth written goals to focus upon and to act upon. Ten years later-after thousands of dollars, and thousands of man-hours, and hundreds of cooperative actions by organizations, business groups, etc., we proudly review those goals and actions.

In 1973, we spent \$2394 on Parks & Playgrounds and, by your faith in the positive directions your committee was moving, you have voted nearly \$10,000 per year to these actions. In this past 10 years we have spent about \$53,000 to achieve most of the goals we published in 1973. Additionally, you voted to build permanent sanitation at Nichols Beach and a storage/warming house at Burke Field. Today we have persons under contract to maintain our beaches, ball park and skating rink...leaving the Selectmen to concentrate on larger town issues.

Our beaches have improved each year in their maintenance, and beauty, and usage; and have been home to a full locally-funded swim and summer recreation program. This program alone-under the able guidance of Cheryl Littlefield, Mikell Beyerle, and Nancy Martin brought success and "growing" to 106 participants in the summer of 1983. These kids had swimming instruction, day hikes, field trips, beach contests, crafts and games culminating in the swimming races which help kick-off Old Home Week in an exciting manner. The success of this summer program-started in 1973 with many volunteers-has become an important part of our summer and contributes to our young people learning to love "their summer"!

Burke Field, home to 3 softball teams and one soccer, has benefited by a tight efficient building process, culminating in the "best athletic field in the area." It's a point of pride for our town. We have a well, a pump and equipment to irrigate the field in the summer plus the capacity to flood the skating rink in the winter. There has been a wonderful renaissance in softball, soccer, field days, skating, etc., because of the investment made by our tax dollars in the Parks and Playgrounds area of the budget. Further steady progress is planned for the next 10 years.

Community involvement has steadily improved and many thanks are offered to:

- the Grange for their help keeping the beaches functional
- the 4-H Club for the flowers at the beaches and Burke Field
- the Scrub Oak Scramblers for the well-groomed and enlarging network of trails
- the Fire Dept. in aiding our skating program
- the Old Home Week Committee who contribute so much time, effort and dollars to the benefit of various town activities such as the safety fence at Burke Field

Your committee meets regularly and takes pride in its role of aiding the Selectmen in managing the "recreational" responsibilities of the town. We are proud to claim we have stayed within our proposed budgets and believe we have aided the Selectmen in expending these tax dollars wisely. There remain many areas to challenge your committee towards continuing the excellence of our recreation facilities and we remain dedicated and excited in our commitments toward these challenges.

Respectfully,

Richard Matthews, Treas. '83	David Beyerle, Chairman '85
Joseph Viana '83	Martin Furnbach '85
Henry Forrest (Assoc.)	Christopher Martin '85

Madison Fire Department

1983 ANNUAL REPORT

THE MADISON FIRE DEPARTMENT AND RESCUE SQUAD HAD ONE OF THE BUSIEST YEARS IN ITS HISTORY. WITH THE NUMBER OF CALLS ALMOST DOUBLE THOSE OF 1982 AND THE CONSTRUCTION OF THE NEW STATION, FIRE DEPARTMENT AND RESCUE SQUAD MEMBERS WERE KEPT VERY BUSY.

THE MAJORITY OF THE SUMMER AND FALL WAS DIRECTED AT THE CONSTRUCTION OF THE NEW STATION. TO KEEP WITHIN THE CONFINES OF OUR BUDGET EACH AND EVERY MEMBER OF THE FIRE DEPARTMENT AND RESCUE SQUAD DONATED MANY HOURS OF SERVICE FAR AND ABOVE THE NORMAL CALL OF DUTY. BECAUSE OF THIS EXTRAORDINARY EFFORT WE ARE ABLE TO BOTH COMPLETE THE STATION ON SCHEDULE AND REMAIN WITHIN THE BUDGET. THE FINAL MOVE TO OUR NEW HEADQUARTERS WAS MADE IN EARLY DECEMBER. THE NEW STATION WITH ITS EXPANDED FACILITIES WILL PROVIDE THE TOWN WITH MORE EFFICIENT AND COMPLETE SERVICE. THE MEMBERS OF THE FIRE DEPARTMENT AND RESCUE SQUAD WANT TO EXPRESS THEIR APPRECIATION AND THANKS TO THE VOTERS OF MADISON FOR ELECTING TO BUILD THE NEW STATION.

A TEMPORARY AGREEMENT WITH THE CONWAY FIRE DEPARTMENT ALLOWING US TO ASSIST THEM WITH CONWAY FIRE AND RESCUE CALLS ON ROUTE 16 AND TASKER HILL HAS RESULTED IN AN UNEXPECTED BALANCE IN OUR BUDGET. UNTIL THIS BECOMES A PERMANENT MUTUAL AID AGREEMENT BETWEEN THE TWO DEPARTMENTS FUNDING MUST CONTINUE TO BE APPROPRIATED TO DEFRAY THE EXPENSES RESULTING FROM CONWAY RESPONDING TO MADISON CALLS. THE REMAINDER OF THE UNEXPECTED BALANCE WAS BUDGETED FOR OUR TRAINING PROGRAM. HOWEVER, WITH THE TIME INVOLVED IN THE CONSTRUCTION OF THE NEW STATION, WE WERE UNABLE TO HOLD THE SEVERAL FALL SESSIONS WE HAD PLANNED.

THE RESCUE SQUAD HAS BEEN CONTINUING ITS EFFORTS ON BEHALF OF THE TOWN TO PROVIDE THE BEST EQUIPMENT AVAILABLE WHILE REMAINING WITHIN A REASONABLE BUDGET. WE HAVE PURCHASED SEVERAL LARGER ITEMS SUCH AS SPLINTING PACS, BACKBOARDS, AND A FEW ARTICLES OF PROTECTIVE CLOTHING. THE MONEY FOR THESE ITEMS HAS COME FROM THE DEPARTMENT BUDGET, GENEROUS PRIVATE CONTRIBUTIONS, AND FUND-RAISING FUNCTIONS, WHICH ALLOW US TO KEEP THE BUDGET DOWN BUT TO MAINTAIN A HIGH LEVEL OF CARE. THESE FUNDS ALSO CONTRIBUTE TO OUR TRAINING PROGRAM. WHILE MAINTAINING OUR PRESENT HIGH STANDARD OF SERVICE IT IS ESSENTIAL TO CONTINUE AN ON-GOING TRAINING PROGRAM TO KEEP ALL MEMBERS APPRAISED OF THE LATEST TECHNIQUES.

WE HAVE FORTUNATELY EXPERIENCED NO PROBLEMS WITH OUR RESCUE VEHICLE BUT THE TOWN MUST REALIZE THAT IT IS ELEVEN YEARS OLD. THE RESCUE VEHICLE SHOULD BE REPLACED WITHIN TWO YEARS, PRESENT COSTS ARE IN THE RANGE OF \$25,000-\$40,000.

THE JOB OF YOUR FIRE DEPARTMENT/RESCUE SQUAD IS TO PROTECT PEOPLE AND PROPERTY FROM FIRE AND HELP THOSE IN NEED. SUCCESSFUL PREVENTION AND CONTROL OF FIRE DEPENDS ON COMMUNITY COOPERATION. WE HOPE THAT YOU WILL CONTINUE TO SUPPORT OUR EFFORTS AND ALSO PLACE GREATER EMPHASIS ON YOUR OWN SELF PROTECTION AND THE PROTECTION OF OTHERS. WHEN PEOPLE USE COMMON SENSE IN CONTROLLING FIRE DANGERS AT HOME AND AT WORK, KNOW HOW TO REPORT A FIRE QUICKLY, AND WHAT TO DO IN AN EMERGENCY, THEY ARE ACCEPTING A SHARE OF THE RESPONSIBILITY. PLEASE BE CAREFUL WITH FIRE. IF YOU HAVE ANY QUESTIONS PLEASE CONTACT ANY MEMBER OF THE FIRE DEPARTMENT OR THE CHIEF AT 367-8831.

REMEMBER FOR FIRE OR RESCUE CALL: 539-2261

RESPECTFULLY SUBMITTED:

JON BAGLEY, CHIEF

REPORT OF THE CONSERVATION COMMISSION

1983

1. Acid Rain: The Commission joined in the educational effort of the N.H. Citizens Task Force on Acid Rain. The chairman attended an acid rain workshop at the Environment Center in Concord on February 15. The Town supported the acid rain article (Article 17) at the Town Meeting on March 8. The Commission conducted an Acid Rain Forum in Old Home Week on August 11. Principle speakers: Wayne Martin, Hydrologist from Hubbard Brook Experimental Forest, and Mrs. Tuxill, Chairman of the Citizens Task Force.
2. Kennett Park: William Hoffman, landscape architect from the Office of State Planning, with two teams of his students from Plymouth State College, presented two contrasting design proposals for the park in the Town Hall on May 18. The students maps and drawings were given to the Commission. The Commission has incorporated ideas from both proposals in its park plan.
3. Cedar Swamp: In August the swamp came under single ownership and was offered to the Town as a gift in memory of Dr. Stuart Mudd. The Selectmen have responded favorably in principle. The bounds of the area are to be determined, leading to legal completion of the gift. The swamp itself covers about 30 acres.
4. The Gage Lot: This lot (which is #118 in the Hersey survey, "100 acres more or less") has been deeded to the Town as an addition to the Town Forest. It lies on the south slope of Stacy Mountain very near the Burke Town Forest. About 72 acres lie in Madison and the balance in Freedom. Two exceptionally large erratic boulders are on the lot.

SUPERINTENDENT'S REPORT

by Dr. Francis M. Murphy

The school year 1983-84 has been, by all accounts, a reasonably successful year for S.A.U. #9. The transition from Bob Kautz's administration has gone quite smoothly thanks to the help and experience of the staff that stayed behind.

The high school has made a greater effort to be responsive to community needs, both in Conway and in the outlying districts. A new computerized attendance procedure has brought information to decision-makers soon enough to act on that information before it is too late.

In keeping with a move for cost cutting and efficiency, an administrative position has been cut from the S.A.U. budget. Elaine Woodman, our former Special Education Director, decided in light of this to move to the Bridgton School District in Maine. The tasks that she was charged with were divided between the elementary principals, the high school guidance director, the assistant superintendent of schools and one school psychologist whose working year has been extended by one month to help him accomplish the added duties. Next year the pattern will be similar. We have closed out the old position of assistant superintendent in the 1984-85 budget and opened the position of assistant superintendent for instruction and special education. Accordingly, we will be seeking applicants for this position.

Because of a rising demand for paperwork, some from the state and federal agencies, and some generated to do a more effective job here, we were at risk of having to add another secretary. At the same time our old computer was beginning to break down almost weekly. The solution to both of these problems seemed to be a new computer that could help the secretaries to produce more paperwork faster and solve the problem of breakdowns. The new computer can be used in locations other than just the S.A.U. administrative offices. By merely attaching a phone modem and a so-called "dumb" terminal that has no memory, outlying schools can tap this superb machine, the IBM System 36. During the school year 1984-85 Kennett High School hopes to make use of the new computer for word processing, type setting and scheduling. By the 1985-86 school year, our hope is that we will be doing our own scheduling and have our own report cards and academic records computerized. Many other applications are also possible.

This year was also a year devoted to gathering community perceptions about the schools. The superintendent spoke at a number of local community functions, deliberately seeking what the community saw as the needs of the school district. A great deal of information was revealed about the towns' perceptions of the schools' performance; curiously, meetings with boards, teachers and administrators revealed that we all see some common areas that need improvement. These will become priorities for the administration.

Generally, we will focus on increased community involvement, more decisive administration, and increased student expectations. We fully expect, while maintaining and improving our programs in vocational and special education, to do more to make our more able students competitive in an increasingly challenging world.

Some small but significant achievements this year are the following:

- (1) Every teacher's performance has been evaluated this year for the first time in many years.
- (2) Every administrator's performance has been evaluated.
- (3) A new staff newsletter has been initiated.
- (4) A comprehensive study of the Guidance Department at Kennett was begun with the goal to make the department more efficient.
- (5) The vocational education program has revamped its scheduling and will allow a greater participation in the program by freshmen and more flexibility by upper classmen.
- (6) A new comprehensive testing system is being implemented to allow us to compare our performance as a school district to other districts and our own standards. This should enable us to determine priorities more realistically.
- (7) The science program at Kennett is undergoing a study to discover how they can improve.
- (8) The graduation requirements of Kennett High have been stiffened to include 2 units of science and 2 units of math.

In the area of physical plant the energy conservation projects at Kennett High School have progressed well with the installation of insulation panels, new windows, and the insulation of the attic in the 1923 building. John Fuller School got its new roof; and Conway Elementary, John Fuller and Kennett received new doors to make more energy efficient entries. Part of the play area at Bartlett was rebuilt and improved. Madison got a new roof, and the kitchen was relocated to squeeze a little more space out of that building. Freedom is now located happily in their new school. In Jackson the donated barn was improved with a new roof among other structural improvements, and a large area between the school and the barn was upgraded for a play area. The Tamworth furnace was replaced and the heating system was modified to improve energy efficiency. Also, the outside brick was cleaned, repointed and sealed.

In all, we believe it to have been a good year thus far, with progress having been made in a large number of areas and more to follow.

PRINCIPAL'S REPORT

by Bruce Thayer

Each September brings together a group of children between the ages of 5 and 12. They come with new faces, new ideas, and new needs. For the next ten months the children are to grow and learn and develop in a way that will prepare them for the next day, the next year, and to build on the foundation for the future. To this end, a community provides for facilities, programs, and personnel. When all the components are brought together in a cooperative and singularly directed fashion, the outcome is youngsters prepared for and capable of assuming their fullest potential in the near and distant future.

One hundred and four children began their school year at the Madison Elementary School this fall. The year thus far has been one of growth and enthusiasm for the children. Academic programs continue to be evaluated and modified. New Programs are added when appropriate. Sports activities have been expanded and improved.

As most should be aware, the computer has become a significant part of our society; and most experts agree that its role will continue to increase. At our school most teaching staff have had at least one course in computer literacy. Curriculum programs are developing in the school to prepare the children. Also, through local funding and grant funding, each classroom presently has some type of computer. This area will continue to develop.

The Tin Mountain Conservation Center Program has been conducted in grades 2-4 this year sponsored by the PTO. The program has provided for those children a rich experience in all educational disciplines.

Also initiated this year has been a career awareness program, which has invited community members to periodically discuss with upper grade children their particular field of endeavor.

In the sports area, soccer continues to be successful. This year the area trophy was won by Madison after several years of close tries. Basketball has expanded to include scheduled games with other towns. Skiing has reached an all time high with 65 participants in grades 1-6.

A special note must be given to our Physical Education Program. Each year children at the school participate in the President's Physical Fitness Program. This year we were awarded the State Championship for qualifying in 1982-83 a higher percentage of youngsters than any other school of similar enrollment in the State. The entire community should be proud of this honor.

The task of educating our children is not, nor ever will be, done. Society does not stand still. It is in constant change. It is the responsibility of all of us to insure that our young people are prepared for what the future will bring. We must all be involved and work together toward this goal.
