TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF PEMBROKE, IN THE COUNTY OF MERRIMACK, IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Elementary School Auditorium in said Pembroke on Tuesday the 4th day of March next, at 7 o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. "Are you in favor of the adoption of the amendment to the existing Town Zoning Ordinance as proposed by the Planning Board?"

3. To see if the Town will vote to authorize the Board of Selectmen to construct a new fire station and an addition to the Town Shed and appropriate a sum of money not to exceed two hundred nine thousand dollars (\$209,000.00) for this purpose; and to further authorize the Board of Selectmen to borrow said sum of money, to to exceed two hundred nine thousand dollars (\$209,000.00) on the credit of the Town by the issue of bonds or serial notes as provided in RSA 33. (This Article is approved by the Budget Committee.)

4. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

5. To see if the Town will vote to authorize its Selectmen to sell any real estate which the Town may have acquired by deed as a result of non payment of taxes, and to authorize the Selectmen to give a deed, in the name of the Town, to the purchaser of such land.

6. To see if the Town will vote to accept the following named funds, in trust, the income to be used for the perpetual care of the cemetery lots indicated:

A. The Ashley H. Knowlton Fund of one hundred dollars (\$100.00), the income therefrom to be used for the care of the Knowlton Lot in the Evergreen Cemetery.

B. The Hasselind and Tilden Fund of two hundred dollars (\$200.00), the income therefrom to be used for the care of the Hasselind and Tilden Lot in Evergreen Cemetery.

C. The Enoch Nerbonne Fund of two hundred dollars (200.00), the income therefrom to be used for the care of the Nerbonne Lot in Evergreen Cemetery.

D. The Everett and Grace Farnum Fund of two hundred dollars (\$200.00), the income therefrom to be used for the care of the Farnum Lot in Evergreen Cemetery.

E. The Harrison Morgan Fund of one hundred dollars (\$100.00), the income therefrom to be used for the care of the Morgan Lot in Evergreen Cemetery.

F. The Mary A. Wyker Fund of two hundred dollars (\$200.00), the income therefrom to be used for the care of the Wyker Lot in Evergreen Cemetery.

7. To see if the Town will authorize the Board of Selectmen to purchase a tract of land to be used as a site for a new fire station; and to raise and appropriate the sum of twenty-seven thousand dollars (\$27,000.00) for this purpose. (This Article is approved by the Budget Committee.)

8. To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund under the provisions of the State and Local Assistance Act of 1972 for use as set offs against budgeted appropriations for the following priority purposes and in the amount indicated, or take any other action hereon:

Appropriation	Amount
Purchase of Land for Fire Station	\$27,000.00
New Equipment	9,000.00
	\$36,000.00

(This Article is approved by the Budget Committee.)

9. To see if the Town will vote to transfer to the Capital Reserve Fund a/c Pembroke Conservation Commission, any funds remaining in the Pembroke Conservation Commission bank and checking accounts on December 31, 1975, and also the balance of any funds appropriated by the Town for Conservation Commission purposes in 1975 and not expended, and the same to apply for ensuing annual Conservation Commission appropriations. Said Capital Reserve funds to be held and used for conservation land acquisition purposes.

10. To see if the Town will vote to establish a Cemetery Commission consisting of three members to be appointed by the Board of Selectmen. The duties of the Cemetery Commission shall be to manage the Town Cemeteries, including the promulgation of rules and regulations for the use thereof and providing for the care and maintenance thereof and for the sale of lots therein. The term of office of the Cemetery Commissioners shall be three years, except that the original Commissioners' terms shall be for one year, one for two years and one for three years, with one Commissioner being appointed each year thereafter.

11. To see if the Town will vote to authorize its Board of Cemetery Commissioners to sell lots with a provision for perpetual care and not otherwise and to fix the charge for said perpetual care; to create a special trust fund for perpetual care into which the proceeds of the sale of cemetery lots and the charges for perpetual care shall be deposited. The income only from said fund to be used for the care of lots for which such charges were made and the principal of said fund not to be withdrawn except that portion of the fund derived from sale of lots may be withdrawn for the purchase of land for new cemeteries or additions to existing ones upon vote of the Town; and further to transfer the present balance of the Town's Cemetery Fund to said new fund.

12. To see if the Town will vote to establish a contingency fund of five thousand dollars (\$4,000.00). Said fund to be used by the Sewer Commissioners for the purpose of defraying the costs of necessary repairs or improvements to the Town's existing sewers during the construction of the Town's Sewer Abatement Project where such costs are not included in said project. (This Article is approved by the Budget Committee.)

13. To see if the Town will vote to amend Section 5 of its Ordinance pertaining to Subdivision of Land, passed at the 1960 Town Meeting, by adding the following words:

"Except that in subdivisions designed for Cluster Residential Development lots of sufficient size to comply with the Town's Zoning Ordinance shall be deemed to comply with this Ordinance."

14. To see if the Town will vote to discontinue Clough Mill Road from N. H. Route #106 to First Street as shown on a plan of land of Nor-Han Realty Trust Property, provided said First Street shall have first been constructed in compliance with the Town's Ordinance relative to new streets and been accepted by the Town under said Ordinance and the developers of the Nor-Han Realty Trust shall have complied with such other requirements as the Selectmen shall make in connection with said development.

15. To see if the Town will vote to appropriate the sum of eighteen thousand dollars (\$18,000.00) for the purpose of purchasing a new ambulance for the Tri-Town Ambulance Service and to authorize the Board of Selectmen to accept as reimbursement for said appropriation the sum of sixty-eight hundred fifty dollars (\$6,850.00) from Federal Highway Safety Funds and the sum of eleven thousand one hundred fifty dollars (\$11,150.00) from the Tri-Town Ambulance Service, for a total reimbursement of eighteen thousand dollars (\$18,000.00). (This Article is approved by the Budget Committee.)

16. To see if the Town will vote to raise and appropriate the sum of four thousand four hundred fifty-six dollars (\$4,456.00) for funding of the Community Action Program. (This Article is submitted by the Budget Committee without recommendation.)

17. To see if the Town will approve the Selection of a Committee consisting of the Board of Selectmen, one Member of the Planning Board to be appointed by said Board, one Member of the Budget Committee to be appointed by said Committee, one Member of the Board of Library Trustees, to be selected by said Board and the Police Chief for the purpose of studying town building needs. Said Committee to be authorized to make any necessary studies, secure option(s), and present their findings together with appropriate funding recommendations to the ensuing Town Meeting and to appropriate the sum of fifteen hundred dollars (\$1,500.00) for any such study or option(s). (This Article is approved by the Budget Committee.)

18. To see if the Town will vote to authorize the Board of Sewer Commissioners to expend for the Town's Sewer Abatement Project, in addition to the original appropriation of \$3,042,000.00, the further sum of \$2,280,000.00, making a total appropriation for the project for \$5,322,000.00, said additional funds to be made available from the Federal Grant; and to authorize the Board of Sewer Commissioners to accept and contract any Federal and/or State Grants which may be available to the Town.

19. (By Petition) To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for the purpose of defraying the promotional expenses of being host community for the Veterans of Foreign Wars State Convention. (This Article is submitted by the Budget Committee without recommendation.)

20. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

21. To hear the reports of Auditors, Agents and Committees or of Officers heretofore chosen, and to pass any vote relating thereto.

22. To transact any other business that may legally come before said meeting.

The polls will be open until 6 o'clock in the afternoon.

Given under our hands and seals this 6th day of February, A.D. 1975.

Signed:
DONALD S. HILL
HAROLD PAULSEN
MALCOLM DUNSMORE

A true copy of Warrant - Attest:

DONALD S. HILL
HAROLD PAULSEN
MALCOLM DUNSMORE

We certify hereby that we gave notice to the inhabitants within named, to meet at the time and place and for the purpose within mentioned, by posting up an attested copy of the within Warrant at the place of meeting within named, and a like attested copy at being a public place in said Town, on the day of February, 1975.

DONALD S. HILL

(This Article is approved by the Budget Committee.)

Moved by Gerard Brasley to Accept
Seconded by Theodore Natti

ARTICLE ACCEPTED

8. To see if the Town will vote to indemnify and save harmless for loss or damage any person employed by it or any member of officer of its governing board, administrative staff or agencies from financial loss or expense, including reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgement by reason of negligence or other act resulting in accidental injury to a person or accidental damage to or destruction of property, if the indemnified person at the time of such accident was acting in the scope of his employment or office, as provided by RSA 31:105; and to authorize the Selectmen to purchase adequate Liability Insurance for this purpose and to provide the indemnity for violation of Civil Rights as required by RSA 31:106. (This Article is approved by the Budget Committee and funds therefore are included in the Budget for 1974.)

Moved By Edgar Lavoie to Accept
Seconded by Gilbert DeLorie

ARTICLE ACCEPTED

9. To see if the Town will vote to appropriate the sum of One

Thousand One Hundred Twenty-nine Dollars and Thirty-three Cents (\$1,129.33) for the purpose of purchasing radios for the Fire Department and the sum of Three Thousand Three Hundred Seventy Dollars and Sixty-seven Cents (\$3,370.67) for the purchase of a Police Cruiser; and to authorize the Selectmen to withdraw the sum of Four Thousand Five Hundred Dollars (\$4,500.00) for these purchases from the Town's Capital Reserve Fund for Equipment. (This Article is approved by the Budget Committee.)

Moved by Floyd Smith to Accept
Seconded by Gerard Brasley

ARTICLE ACCEPTED

10. To see if the Town will vote to authorize the Board of Selectmen to apply for, contract for and accept any Federal Aid which might become available from the Federal Disaster Assistance Administration, or any other Federal Agency, in the event any disaster should occur within the Town which qualifies for such aid.

Moved by Gilbert DeLorie to Accept
Seconded by Edward Allgeyer

ARTICLE ACCEPTED

11. To see if the Town will vote to adopt the current National Fire Protection Association's Life Safety Code 101. This code deals with life safety from fire and like emergencies. It covers construction, * (petroleum) and occupancy features to minimize danger to life from fire, smoke, fumes, or panic before the buildings are vacated. It specifies the number, size, and arrangement of exit facilities sufficient to permit prompt escape of occupants from buildings or structures in case of fire or other conditions dangerous to life. However, private homes are excluded.

Moved by Edward Allgeyer to Accept
Seconded by Henry Stoneham

Moved by Harold Paulsen to Amend
Seconded by Donald Connor

* "To Amend third sentence changing the word petroleum to protection."

AMENDMENT ACCEPTED
ARTICLE AS AMENDED ACCEPTED

12. To see if the Town will vote to authorize the Board of Sewer Commissioners to expend for the Town's Sewer Abatement Project, in addition to the original appropriation, any funds received as the

result of a Federal Grant which are in excess of that portion of the Federal Grant which applies to the original appropriation of Three Million Forty-two Thousand Dollars (\$3,042,000.00) made at the 1969 Town Meeting.

Moved by Donald Woodbury
Seconded by Gedeon N. Petit, Jr.

"That when we adjourn this meeting we adjourn to May 21st 1974 at 7 p.m. for the purpose of acting on Article #12 as printed in the Town Warrant of March 5, 1974.

MOTION ACCEPTED

March 5th: Upon action of those present the meeting was recessed to May 21st.

May 21st: Upon action of those present the meeting was recessed to Sept. 10th.

Sept. 10th: Upon action of those present the meeting was recessed to Nov. 26th.

November 26th: It was moved by Donald Woodbury and Seconded by Robert Plourde to Substitute the following Amendment to Article 12:

To see if the Town will vote to authorize the Board of Sewer Commissioners to expend for the Town's Sewer Abatement Project, in addition to the original appropriation of \$3,042,000, the further sum of \$2,280,000, making a total appropriation for the project of \$5,322,000, said additional funds to be made available from the Federal Grant; and to authorize the Board of Sewer Commissioners to accept and contract any Federal and/or State Grants which may be available to the Town.

THE ARTICLE AS AMENDED WAS ACCEPTED

13. To see if the Town will vote to amend Section 10 of its Ordinance Pertaining to Subdivision of Land, passed at the 1960 Town Meeting, by striking out the words "and, after receiving approval of the Town Planning Board, the conditional acceptance shall be made permanent by the Board of Selectmen" and substituting therefore the following provision:

"Final acceptance of new streets shall not be made permanent by the Board of Selectmen until one year from the date of completion of said paving. During this one year period construction, including paving, shall be warranted by the developer, who shall correct any defects occurring within that time and the Selectmen shall require such surety as they shall deem necessary to insure such Warranty.

Moved by Oscar Plourde to Accept
Seconded by Gilbert DeLorie

ARTICLE ACCEPTED

14. (By Petition) To see if the Town will vote to raise and appropriate the sum of Four Thousand Four Hundred Forty-six Dollars (\$4,446.00) to maintain and continue the delivery system of services to the poor through the Suncook Neighborhood Center of the Belknap-Merrimack Counties Community Action Program, Inc. (This Article is submitted by the Budget Committee without recommendation.)

Moved by Donald Drouin to Accept
Seconded by Roger Stone

Seconded by Donald S. Hill

"To reduce the Appropriation to \$2223."

AMENDMENT DEFEATED

Moved by Theodore Natti to Amend
Seconded by Charles Fowler

"To Add: The Administration of the program to report their accomplishments for the year in the 1974 Annual Report."

AMENDMENT ACCEPTED
ARTICLE AS AMENDED ACCEPTED

15. (By Petition) To see if the Town will approve the Selection of a Committee consisting of the Board of Selectmen, one Member of the Planning Board to be appointed by said Board, one Member of the Budget Committee to be appointed by said Committee, and the Fire Chief for the purpose of selecting an appropriate site(s) for the location of a future Fire Station in accordance with the recommendations of the New Hampshire Board of Underwriters. Said Committee to be authorized to make any necessary studies, secure option(s), and present the same together with appropriate funding recommendations to the ensuing Town Meeting and to appropriate the sum of Five Hundred Dollars (\$500.00) for any such study or option(s). (This Article is approved by the Budget Committee.)

Moved by Robert King to Accept
Seconded by Henry Stoneham

Moved by Floyd Smith to Amend
Seconded by Warren Davis

15. To see if the Town will approve the Selection of a Committee consisting of the Board of Selectmen, one Member of the Planning Board to be appointed by Said Board, one member of the Budget Committee to be appointed by Said Committee, and the Fire Chief for the purpose of selecting an appropriate site(s) and secure options(s) for the location of a future Fire Station in accordance with the recommendations of the New Hampshire Board of Underwriters. Said Committee also to be authorized to make any necessary studies for a Fire Station, Library, Police Facility, Town Hall, Town Shed, and the existing Town Offices, and present, as they deem proper, the same together with appropriate funding recommendations to the ensuing Town Meeting and to appropriate the sum of One Thousand Dollars (\$1,000.00) for any such study or option(s).

AMENDMENT ACCEPTED

Moved by Gedeon N. Petit, Jr. to Amend
Seconded by William Stanley

“To strike out the word “Options” wherever it appears.”

AMENDMENT DEFEATED
ARTICLE AS AMENDED ACCEPTED

16. To raise such sum of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

Moved by Keith Myers to Accept
Seconded by Jacob Chase

Moved by Roland Young, Jr. to Amend
Seconded by Donald Drouin

“To increase the Police Department Appropriation by \$1320.”

AMENDMENT ACCEPTED
ARTICLE AS AMENDED ACCEPTED

17. To hear the reports of Auditors, Agents and Committees or of Officers heretofore chosen, and to pass any vote relating thereto.

Moved by Joseph Boudreau to Accept the Reports as printed
Seconded by John L. Lewis

ARTICLE ACCEPTED

18. To transact any other business that may legally come before said meeting.

Moved by Howard Berry
Seconded by Edward Ross

I move (1) that a brief description be prepared of the specific duties and responsibilities of all town officers, Boards, Committees and Commissions; and (2) that up to date versions of all town ordinances now in force be compiled. I further move that a committee composed of the Town Attorney as Chairman, the Town Clerk and a member of the Board of Selectmen, said member to be designated by the Chairman of the Board of Selectmen, be appointed to carry out these tasks within the coming year and present to the Board of Selectmen for inclusion in the Town Budget to be voted on at the Town Meeting in March, 1975, an estimate of the cost necessary to print these materials in a document for the use and information of the citizens of Pembroke.

MOTION ACCEPTED

Gedeon N. Petit, Jr. spoke of the passing in the past year of the following residents of Pembroke and spoke of their many contributions to the Town.

Fred D. Little
Ethel Whitney
Warren G. Foss
Leo A. Plourde
Peter LeClair

and asked that the assembled rise in silent meditation in memory of these fine citizens.

There was a rising vote of thanks given to Armand “Tommy” Martel for his service to the Town as Selectman.

Moved by Donald Woodbury
Seconded by Gedeon N. Petit, Jr.

To adjourn to May 21st 1974 at 7 p.m.

UNANIMOUSLY ACCEPTED

A true copy attest of the action taken at the regular Town Meeting of the Town of Pembroke, N.H. on March 5, 1974.

John B. Goff,
Town Clerk,

Pembroke, N.H.

MARCH 5, 1974

DIVISION OF MUNICIPAL
ACCOUNTING
FREDERICK E. LAPLANTE
DIRECTOR

February 10, 1975

The Board of Selectmen
Town Office
Prospect Street
Pembroke, New Hampshire 03275

Gentlemen:

In accordance with the vote of the Town, an audit and examination of the accounts and records of the Town of Pembroke for the fiscal years ended December 31, 1972, and December 31, 1973, was recently made by this Division.

The auditors' report and findings are currently awaiting final review by the Director in keeping with our established policy. Consequently, we are unable to submit a report of this audit prior to the publication of the Town's 1974 annual report.

We regret the inconvenience which this may cause. However, we fully expect that our report will be finalized and forwarded to your Board in the very near future.

Very truly yours,

Frederick E. Laplante
Director

DIVISION OF MUNICIPAL ACCOUNTING

TOWN OF PEMBROKE BUDGET COMMITTEE

1975 BUDGET REQUEST

NOTES

* Property Damages-Norman McFall, in the amount of \$679.02 are reflected in 1974 expenditures. (Labor, Equipment, Hire, Outside Help)

** The Town of Pembroke Board of Sewer Commissioners hereby request a \$10,000. contingency fund for 1975.

(1) Projected figure of \$1,000.00 represents approximately two hundred fifty (250) hours @ \$4.00 per hour--several major projects such as catch basins, general maintenance, repairs, etc. will be done in 1975.

(2) Equipment rental-backhoe, etc.-digging of manholes - \$5.00-\$25.00 per hour.

(3) Garage Rental-Storage of Equipment.

(4) In the event property damages may arise in the 1975 calendar year.

(5) Joint meeting expense-Allenstown and Pembroke.

(6) 1969 International 1/2 ton Van - Total Cost \$875.00. 1 3000 watt generator and 1 500 watt flood lamp with base - Total Cost \$668.36.

(7) Manholes to be put in: Intersection of Broadway and Daniel Webster Highway; Main Street-Pembroke Street and Daniel Webster Highway.

surrounding land graded and seeded, wildlife shrubs planted, and the adjoining forest area thinned. All scheduled work has now been accomplished. Further enhancement will include several fire places and picnic tables, a self-guided nature trail, and similar features of educational and recreational benefit to the town.

The beauty of shade and ornamental trees has always been characteristic of Pembroke. Starting several years ago, a program of replacement of dead and dying roadside trees was instituted. It is apparent that an accelerated effort will be necessary to maintain the town's natural appearance. During 1975, therefore, emphasis by the Commission, in cooperation with other groups will be on the planting of roadside trees and shrubs.

Widespread use of the town's range roads for recreational pursuits is evident. Snowmobiling, horseback riding, trail biking, cross country skiing, and just plain hiking are clearly on the increase. Maintenance of these roads has been minimal, depending mostly on efforts of private loggers and the town's fire department. It is to the long-range benefit of the town to maintain these roads from washouts, and encroachment of brush and trees. Joint efforts of interested groups are required to meet this problem.

Much discussion and a number of legislative proposals have appeared on the Federal and State levels concerning the protection of critical land and water areas and unique natural areas. Major land and water resources which transcend town boundaries such as coastal marshlands and flood plains may require State involvement in their preservation. However, much can be accomplished on the local level through acquisition, conservation easements, and other similar means. Town appropriations or gifts can be matched with Federal funds for certain qualifying projects. Pembroke has done little to assure the conservation of its natural assets. An active program of evaluation, designation and protection should be undertaken without delay. The Conservation Commission intends to coordinate these efforts in the coming months. To carry out the several ambitious projects noted above will require the encouragement and support of all citizens and the participation of those who are especially interested. People who wish to join this volunteer effort should make themselves known to the Conservation Commission or the Board of Selectmen.

Theodore Natti, Chairman
Charles Whittemore
John Saturley
Remond Carroll
Joseph Boudreau

CONSERVATION COMMISSION

1974 Annual Report

Conservation Commission activities in 1974 were concentrated on the pond project at the town forest on Brickett Hill Road, supported in part by grant funds from the Ford Foundation. Started in 1973, the pond area has now been enlarged and deepened, the

REPORT OF THE TOWN BUILDING COMMITTEE

January 30, 1975

The Town Building Committee has met over the past year to fulfill its obligations given to it by the last Town Meeting. The first step was to try and determine the needs and inadequacies of the various Town departments at the present time. By department they are:

LIBRARY — in order to expand materials and services available consideration must be given to providing larger quarters. This is the only department that is not housed in a Town owned building.

HIGHWAY — the present building is not capable of housing all equipment. Consideration must be given to furnish additional space, particularly in the area of a large work stall so that the larger equipment may be brought in for emergency work without the necessity of removing plows, etc.

POLICE — the present quarters, located in the basement of the fire station are small and inadequate. Storage area is almost non-existent and the cell area is below standards for the housing of prisoners.

FIRE — the present quarters are not capable of housing all equipment, necessitating the outside parking of vehicles. This also requires the removal from service of these vehicles during the winter months. The fire alarm room does not meet the requirements for a separate fire-proof room.

SELECTMEN/ADMINISTRATIVE — the present quarters are adequate at the present time, but more space is needed to house files and to provide adequate meeting space for all departments operating in this area.

The committee then looked at the needs of each department individually and then at all the departments collectively. Consideration was given to the impact on all departments if any of the departments inadequacies were corrected. It has come to the following conclusions:

HIGHWAY — The present town shed is located on an adequate lot that should provide the necessary room for the operation of the

Highway Dept. for the foreseeable future. Their expansion needs therefore have no direct affect on any other departments needs. Suitable expansion of this building should be considered by itself and provided for when economically feasible.

SELECTMEN/ADMINISTRATIVE — With the full utilization of the top floor of the present fire station, this area will be barely adequate for the immediate future.

LIBRARY, FIRE, POLICE — Each of these departments problems appear to be related to the others needs in the area of space requirements. The most critical, however, is the needs of the fire department. The first priority for expansion or a new building must be given to this department.

Therefore, with the fire station being the number one priority the building committee looked for a suitable site based on the recommendations as outlined in the 1970 report of the N.H. Board of Underwriters, which recommended: "That immediate consideration be given to the erection of a new fire station and that the present station be abandoned. It is recommended that the station be located so that the response distance of apparatus to the high value district does not exceed three miles." It has, at this time, secured an option to purchase a site that the committee found to be the best possible after considering several sites.

It is also the conclusion of the committee, that by solving the needs of the fire department, the committee can then work towards solving the problems of the Library and Police Dept.

Since much additional work is necessary to properly solve the other departments needs, we respectfully suggest that a building committee be continued comprised of the following:

Board of Selectmen
Member of Planning Board
Member of Budget Committee
Library Trustee
Police Chief
Fire Chief

The Librarians and Trustees of the Allenstown Public Library, Hooksett Public Library and the Pembroke Town Library announce the formation of the Tri-Town Audio Visual Cooperative. This project is made possible by a project grant of \$5,700.00 awarded by the State Library Commission upon the recommendation of the New Hampshire Advisory Council on Libraries.

The Tri-Town Audio Visual Cooperative is a one-year pilot project to develop a shared collection of audio visual equipment. Included in the collection are a 16 mm film projector with a projector screen for each library, a 35 mm slide projector, 9 film strip viewers, 3 cassette recorders, a camera, and cabinetry. A feature of the Cooperative will be the circulation of the audio visual material.

The Cooperative is being created to provide communication, cooperation and a challenge to three libraries to work together to best utilize funds and provide new services to their Townspeople. This will allow a regular rotation of materials thus increasing their availability as well as using Federal Funds judiciously and conservatively in the purchase of major equipment and creating greater exposure to the software.

It is the intent of the Cooperative to provide numerous additional services to all Townspeople. It is an effort to meet the needs of those not specifically interested in books or unable to use them by acquainting them with a new medium. Not only will it permit listening and viewing experiences to preschoolers and adults, it will help adults to better understand the audio visual techniques to which their children are exposed. It will also supplement the existing written reference materials and provide a permanent visual record of unfolding town history and development.

The Hooksett Public Library, the initiator in the formation of the Cooperative, will serve as administering library for the project.

Pembroke Planning Board

TO THE SELECTMEN AND CITIZENS OF PEMBROKE:

The Planning Board has continued during the year 1974 to perform its regularly assigned tasks of subdivision review, plan review, new road inspection, and public hearings for zoning ordinance amendments.

We have furnished a committee member from the planning board pursuant to article 15 of the 1974 Town Warrant. We also have a member of the Board who serves on the Central New Hampshire Regional Planning Commission.

But this is what we have done. Planning is what we will suggest as desirable ways in which future development might be guided. It is means by which development might be guided which, when applied, raises planning from an academic exercise into an active program.

Community development is a joint exercise of public and private initiative. Any plan, if it is to be successful, must therefore have influence on both public and private development. Some group which is most appropriately the Planning Board, must have the tools to influence development and must have a program for using them, if any plan is to be successful. A capital improvement program is a major means which can influence public development. Zoning and subdivision regulations are means which can influence and guide private development. These are the tools with which a plan can be made a reality.

The Planning Board needs to bring the following recommendations to the town:

1. Update the Master Plan which was last done in 1962. This is our academic exercise.
2. A capital improvement program study.
3. A study of subdivision regulations.

Even upon completion of these studies, the town will not be assured of having planning. Planning is a process not a document.

Planning, as an effective process, requires a Planning Board with sufficient knowledge and prestige that its recommendation is

sought, not scorned. It requires a continual program of reexamination of the Master Plan, the plans of various departments, and the tools available for carrying out plans. It requires a careful definition of what appropriate community goals would be and what means are available to meet them. Only when a process such as that is being carried out will the town have planning.

Visiting Nurse Association

December 18, 1974

Visits made during the year - 1,020

Payment received from the Town of Pembroke December, 1974 \$3,500.00

The Visiting Nurse Association of Concord continued to service Pembroke for the sixth consecutive year. They have provided skilled nursing care to anyone sick in the home especially those needing continuity of care after discharge from the hospital. They are available to give hypodermic injections, change surgical dressings, and do other treatments prescribed by the attending physician. When indicated, family members have been instructed to give care between the nurses visits.

Special services such as Physical Therapy, Occupational Therapy and Nutrition guidance have been given by the special staff and consultants in order to assist with the rehabilitation of an acute or chronic illness.

When family members are unable to supply all the needed care, a staff of Home Health Aides are available to give physical care, do light housekeeping and assist with meal planning and preparation.

The nurses are delighted to advise new and expectant mothers in the care of themselves and their babies. They are also glad to work with families and individuals on normal nutrition and sickness and accident prevention.

Anyone in Pembroke may request these services --- doctor, family, pastors, friend or patient himself. Patients are also referred by clinics and other agencies. All calls are answered, but continuing care can be provided only under a doctor's order.

A call to the Concord Regional Visiting Nurse Association (224-4093) between the hours of 8 a.m. and 4 p.m. is all that is necessary to start service or make inquiries. Saturday, Sunday, and Holiday calls are only made when there is serious illness. Fees may be scaled to those unable to pay the entire amount.

(Mrs.) Lutie K. Piper,
Executive Director

Tri-Town Volunteer Ambulance Service

Another year has passed and Tri-Town Emergency Ambulance Service again ends its year in the minus column. Inflation in households and other businesses is true of our emergency service. Some of the loss is attributed to the purchase of our second ambulance which had no maintenance budget of its own, and second was the repair bills on our original vehicle. A perfect example of unexpected expenditures would be our gasoline bill, in January 1974 the total was \$29.40, in December and one of the months with the least runs, our bill was \$92.10. We have had a very busy year, there were 454 calls which includes trips to Manchester Concord and a few rare cases of out of town hospitals due to orders of patients Doctors. The ambulance covered a total of 12,289 miles in the last year.

Like all other organizations a large membership does not necessarily denote 100% devoted members, our service is being conducted by an average of about 28 members a month and taking enough duty to staff two ambulances 24 hours a day; this figures out to be 37,840 volunteered hours a year.

Our fund raising drive to improve the service was not the success we thought it might be, we had anticipated that the 17,000 people which we serve in Hooksett, Allenstown and Pembroke would give at least a \$1.00 a head like we advertised, a total of at least \$15,000. Instead, we collected only \$8,716. Our ultimate goal of a new vehicle we are afraid will not be realized this year. This money will be used to improve some of our present equipment and the most will be probably set aside until more can be raised to sponsor our dream of a new modern vehicle.

Our service asked the towns it served for an additional \$1,000. This was necessary due to inflation and the addition of our second vehicle. Monies donated to the service are used to buy new equipment. The monies given by the towns is used to "run" the vehicles. Tri-Town thanks the town officials and the people who saw our needs and graciously granted our request for more funds this year. Most towns in New Hampshire pay local commercial services a flat rate based on population of the town which it serves of \$1.75 per capita and then as much as \$45.00 per call.

Tri-Town members are proud of its FREE prompt and competent service. We are a group who have an eagerness to do a service to our fellow man; when ever he or she should need our service 24 hours a day. We thank you the members of our community for helping us grow. Memorial gifts and all donations are gratefully accepted and can be sent any time to the Ambulance Service; Suncook, N.H.

Our 24 hour dispatched number is 485-5177 or our "hot line" number is 485-7010, either number will give you instant service.

The Executive Board T.T.V.E.A. Service
Lois Theuner, Sec. Tres. Roberta Doore, Chairman

Pembroke Fire Department

The year 1974 was the most difficult in the history of the Fire Department. We faced and fought the greatest number of fires to date. Numbers alone fail to tell the story. We have been confronted with and, in the main, successfully controlled the largest structural fires the town has ever been challenged with. The Homsby, Richard and Hoyt barns were the largest in the town. Despite their destruction due to the massive size of conflagration, all the houses were saved. The recent Drake Smith blaze had the greatest loss potential I, as Chief, have ever faced. Add to this almost daily brush and woods fires throughout the spring, summer and fall and the citizens will understand that their volunteer firemen were exhausted and the town equipment was badly worn at the year's end. Were it not for the financial support of the citizens many of the above would have been lost. The willingness of the citizens to support our request for such new firefighting innovations as large size hose provided the massive amounts of water to contain the major fires which in years past would have defied our conventional small hose streams. The foresight of the citizens in permitting us to join the Mutual Aid Compact assured the additional engines and manpower again to meet these past conflagrations. At one fire alone we had over one hundred men and 27 engines. The new pumper voted two years ago has arrived and has proved to be an excellent addition.

Once again I must call to your attention the urgent need for a new fire station as recommended by the Fire Underwriters. The present one is too small for the new size engines and requires us to park three vehicles outside thus making them inoperative during the winter.

In order that our men are constantly ready to respond to your needs, they drill regularly and spend time on duty at the fire station during high fire periods at no cost. Two of our men are pursuing a full-time fire course at the New Hampshire Technical College, and Lt. Connor has graduated from the Rutgers University School for Arson. This year alone the men have also donated \$2,000 of their money to the town for new equipment.

In closing let me remind you that safety from fire should be the goal of every citizen. Look your house over carefully for fire hazards, and if you need any assistance, please call the Department.

JACOB A. CHASE, Chief

Capital Region Refuse Disposal Planning Board

The Capital Region Disposal Planning Board and the Central N. H. Regional Planning Commission have been investigating various options open to the member towns for the past two years.

Both the Regional Commission and the Capital Region Refuse Disposal Planning Board have reviewed the reports and discussed the matters with the consulting engineers. Following these discussions the Concord site was chosen as the single regional site due to its location, size and amount of on-site cover, among other considerations.

The study has progressed to the point that a draft of the landfill operation has been received and has been reviewed and approved by the State agency in charge of solid waste regulations.

Since the City of Concord presently owns the site, located on Old Turnpike Road, the contributing communities would be reimbursing the City for their share of the space used.

In the most recent conversations, the City Manager has indicated a willingness to participate in an informal regional solid waste solution. It is the belief of the City Manager that were the City not included in a district arrangement at this time that all parties concerned would realize a benefit.

The City has discussed a possible time span of three years, after which the participating members may wish to reevaluate the situation and continue or discontinue the agreement. The City has also discussed a change after one year of the proposed arrangement from a per capita charge to a per tonnage fee. The first year would thus become a means of establishing base data upon which to evaluate the tonnage fee.

In Summary, the conclusions reached by the Capital Region Refuse Disposal Planning Board are:

-the City of Concord be approached for the purposes of contractual arrangements with individual or groups of communities to provide the facility for solid waste disposal;

-the community be assessed at a per capita rate not to exceed \$2.16 per capita for such services;

-a per tonnage charge be instituted as soon as adequate historic records can be established;

-an advisory board may be created to assist the member communities as necessary.

All hauling into the site must be done by town equipment or a hauler under contract. Private automobiles will not be permitted on the landfill site.

Forest Fire Report

REPORT TO TOWNS

All open burning when the ground is not covered with snow is controlled by the Town Forest Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the landowner. No outdoor fires can be kindled between 9 AM and 5 PM unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties plus the Towns of Barnstead, Gilmanston and Alton in Belknap County.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanston and Alton in Belknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during this year.

SEWER COMMISSION

ALLENSTOWN-PEMBROKE POLLUTION

ABATEMENT PROJECT

TOWN OF PEMBROKE

P.O. BOX 138

SUNCOOK, NEW HAMPSHIRE 03275

TO: THE CITIZENS OF THE TOWN OF PEMBROKE

FROM: PEMBROKE BOARD OF SEWER COMMISSIONERS

Mr. Oscar P. Plourde, Chairman

Mr. Luc D. Girard

Mr. Harold O. Loso

Due to the tremendous amount of detailed pages involving transactions, historical facts, figures, and other pertinent data pertaining to the Sewer Abatement Project and Sewer Operating Budget, the Pembroke Sewer Commissioners will once again have under separate cover a printed report, which will accompany the Pembroke Town Report. (Summary pages; however, will be printed in the Town Report).

After reviewing the information presented in this report, if you have inquiries or further questions pertaining to the Project, please do not hesitate to contact our office at 15 Glass Sreet, between the hours of 9 a.m. - 5 p.m.

Respectfully submitted,

Oscar P. Plourde, Chairman

Luc D. Girard

Harold O. Loso

PEMBROKE SEWER COMMISSION

CAPITAL PROJECTS FUND

The Capital Projects Fund is used to record all revenues and expenditures directly connected with the construction of the new treatment plant as well as administrative expenses concerned with this construction.

This fund does not reflect any investments by the commission nor does it reflect expenses and revenues of these investments. These expenses, and expenditures in connection with the bond issue, are recorded in the Debt Service Fund.

The account "Due from Debt Service Fund" reflects transfers from the Capital Projects Fund to the Debt Service Fund.

DEBT SERVICE FUND

The Debt Service Fund is used to record all revenues from investments by the commission, all expenditures for the bond issue, and all appropriation by the Town of Pembroke for bond principle and interest payments.

This fund does not reflect bond issue revenue or construction costs connected with the new treatment plant. These are recorded in the Capital Projects Fund.

The account "Due to Capital Projects Fund" reflects transfers from the Capital Projects Fund to the Debt Service Fund.

POLICE DEPARTMENT

1974

To the Board of Selectmen and Citizens:

Inflation has had an impact on the Police Department as it has on all our economy. We are reluctant to increase the police budget but in some areas it is necessary. It is expected crime will increase as more people become unemployed. We hope to be able to provide this Town with the protection it will need. Too many times in the past the Police Department has been the last department in Town to be considered if it meant increasing the budget.

We must face the fact that crime is an ever present force throughout the country and that the Police must be provided with at least the basic tools with which to do the job. Regardless of the efficiency of the Police Personnel, they must at all times be mobile and in constant communication with citizens of the Town and other police agencies. This costs money, which I believe is well spent.

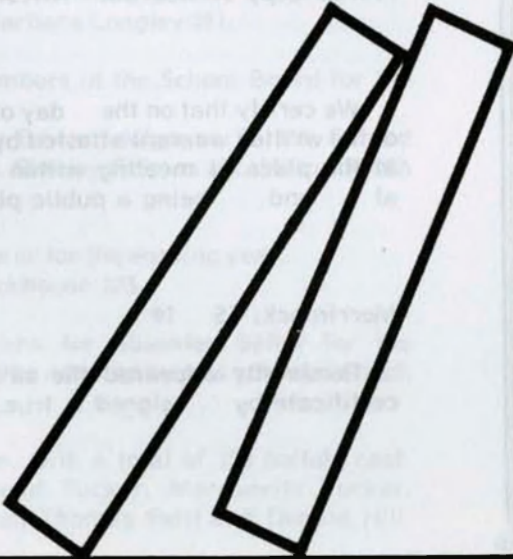

It is difficult to prepare a budget for a year ahead, never knowing from day to day what the economy will be. I ask you to support your Police Department with the consideration it deserves.

I am quite proud that this department has produced three current N. H. State Troopers: John McMaster, Stanley Richardson and Neal Scott.

Perry L. Eaton
Chief of Police

PEMBROKE SCHOOL DISTRICT WARRANT

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE SCHOOL DISTRICT IN THE TOWN OF PEMBROKE QUALIFIED TO VOTE IN DISTRICT AFFAIRS:

You are hereby notified to meet at the Pembroke Elementary School in said District on the 1st day of March, 1975 at 10:00 a.m. to act upon the following subjects:

The polls for the election of officers and for voting upon the consumption of alcoholic beverages at functions held in School District facilities will open at 10 o'clock a.m. and close at 4 o'clock p.m. Consideration of Articles 6 through 14 will commence at 4 o'clock p.m. at the Pembroke Elementary School.

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose two Members of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. Shall the School District Facilities be used for functions at which alcoholic beverages will be consumed.
6. To see if the voters will authorize the School Board to accept on behalf of the District any Federal or State Funds designated to improve educational opportunities. Further to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.
7. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
8. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and to pass any vote relating thereto.

9. To choose Agents, Auditors and Committees in relation to any subject embraced in the Warrant.

10. To see what sum of money the District will vote to raise and appropriate for the payment of salaries for School District Officials and Agents and for the payment of Statutory Obligations of the District.

11. To see if the District will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) to be placed in the Capital Reserve Fund. Approved by the Budget Committee.

12. To see if the District will vote to raise and appropriate the sum of nine thousand dollars (\$9,000.00) for a contingency fund as provided by RSA 198:4-b. Approved by the Budget Committee.

13. To see if the District will vote to authorize the School Board to accept gifts and donations.

14. To transact any other business that may legally come before said meeting.

Given under our hands at said Pembroke this day of February, 1975.

Pembroke School Board

A true Copy of Warrant - Attest:

Pembroke School Board

Pembroke School Board

Merrimack, SS 19

Personally appeared the said and made oath the above certificate by signed is true.

Before me,

Justice of the Peace

Abstract of Meeting of the Pembroke School District

March 2nd, 1974

At the Pembroke Elementary School, Pembroke, New Hampshire.

The meeting was called to order by the moderator, Howard Berry, at 12:04 noon. The reading of the warrant was the first order of business. The motion was made by Normand Bonenfant and seconded by Thomas Petit to have the polls remain open until 4:00 p.m. Voice vote followed. The moderator declared the motion passed. The motion was then made by Thomas Petit and seconded by Normand Bonenfant that articles 1 thru 5 be taken up by ballot and that the remaining articles then be acted on in the general meeting, beginning at 2:00 p.m. with the polls remaining open until 4:00 p.m. as voted. This motion received a voice vote and was declared passed by the moderator.

Voting polls were opened. The checklist was used with the following checklist supervisors attending: Wilda Little, Erwin Chase, Phyllis Kimball and Barbara Longley.

Article 1. To choose a Moderator for the ensuing year.
Votes for Moderator: Howard Berry 283, Milton Smith 1.

Article 2. To choose a Clerk for the ensuing year.
Votes for Clerk: Perry Eaton 1, Barbara Longley 281.

Article 3. To choose two Members of the School Board for the ensuing three years.
Votes for School Board members: Edward Allgeyer, Sr. 159, Donald Drouin 199, George Gordon, Sr. 1, Stanley Grimes 232, Milton Smith 1, Roland Young, Jr. 1.

Article 4. To choose a Treasurer for the ensuing year.
Votes for Treasurer: Helen Stackhouse 275.

Article 5. Shall the provisions for absentee ballot for the election of school district officers be adopted by this school district.
Votes: Yes - 176, No - 89.

Polls were closed at 4:00 p.m. with a total of 328 ballots cast. Tellers to count votes were David Tucker, Marguerite Tucker, Normand Bonenfant, Claire Gross, Thomas Petit and Donald Hill.

Article 6. To see if the District will:

A) Approve the child benefit service plan between the District and the St. John the Baptist School, said plan to be, Transportation, Health Care, Educational Testing, Textbooks, Instructional Materials, Audio-Visual Aids, and Educational Television for the school year 1974-1975 and which plan shall be administered by the school district of Allentown, New Hampshire and further authorize the School Board to sign the necessary agreement to implement the program.

B) Raise and appropriate the sum of one thousand three hundred and seventeen dollars (\$1,317.00) for the support of the Child benefit service plan administered by the District of Allentown, New Hampshire at St. John the Baptist School and to authorize the School Board to apply for any grants under R.S.A. 198:22 which funds will be credited to the District - Approved by the Budget Committee.

The motion was made by Stanley Grimes to omit this Article and to strike the \$1,317.00 from the Budget. This move seconded by Normand Bonenfant. There was no discussion and after a voice vote, the Moderator declared the move passed.

Article 7. To see if the voters will authorize the School Board to accept on behalf of the District any Federal or State Funds designated to improve educational opportunities. Further to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

It was moved by Stanley Grimes and seconded by Donald Drouin that this Article be accepted as stated. A voice vote was taken and the Moderator declared the motion passed.

Article 8. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.

The moderator declared that this Article would be passed over at this time and discussed at the time that the budget was voted.

Article 9. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and to pass any vote relating thereto.

As there were no reports to be heard this Article was passed over.

Article 10. To choose Agents, Auditors and Committees in relation to any subject embraced in the Warrant.

The moderator declared this would be passed over since there were no Agents, Auditors and/ or Committees, necessary at this time.

Article 11. To see if the school district will vote from this date forward to indemnify and save harmless from loss or damage any person employed by it, including the Superintendent of Schools, and any member of the School Board, administrative staff or agencies from personal financial loss and expense including reasonable legal fees and costs, if any, arising out of any claim demand, suit, or judgment by reason of negligence or other act resulting in accidental injury to a person or accidental damage to or destruction of property if the indemnified person at the time of the accident resulting in the injury, damage or destruction was acting in the scope of his employment or office.

Henry Munroe made the motion and Edward Allgeyer, Sr. seconded it that this Article be accepted. Discussion followed. A voice vote was taken. The Article was declared passed by the Moderator.

Article 12. To see what sum of money the district will vote to raise and appropriate for the payment of salaries for school district officials and agents and for the payment of Statutory Obligations of the district.

This Article will be considered when the budget is voted on.

Article 13. To see if the district will vote to amend the purposes for which expenditures may be made from the capital reserve fund so that expenditures can be made from such fund solely for improvements to school buildings.

John Saturley made the motion and Edward Allgeyer seconded it that the Article be accepted as stated. There was no discussion. A voice vote was taken and the Moderator declared the motion passed.

Article 14. To see if the district will vote to authorize the School Board to return all monies (principal and interest) fifteen thousand five hundred eighty seven dollars and sixty-four cents (\$15,587.64),

from the Pembroke Academy Bond Issue to the General Fund to be used to reduce the 1974 tax rate. Approved by the Budget Committee.

This Article will be considered with the budget.

Article 15. To see if the district will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) to be placed in the Capital Reserve Fund. Approved by the Budget Committee.

This Article will be considered with the budget.

Article 16. To see if the district will vote to authorize the School Board to accept gifts and donations.

The motion was made by Donald Drouin and seconded by Claire Gross to accept and approve this Article. Discussion followed. A voice vote was taken and the motion was declared passed by the Moderator.

Article 17. To transact any other business that may legally come before said meeting.

The motion to accept as stated in the Warrant and budget, Articles 8, 12, 14, and 15 was made by Keith Meyers and seconded by John Saturley. An amendment to this motion was made by John Saturley and seconded by Charles Whittemore to add \$7,400.00 to the total appropriations changing this figure to \$1,472,929.00. This increase would cover added expenses for the increased enrollment due to closing of the parochial school, St. Jean the Baptiste. Discussion followed. A voice vote was taken and the Moderator declared the motion passed with the amendment.

The following motion was made by Harold Vikin: I would like to make a motion that bus drivers' pay be raised by \$1.50 per day on the 1974-1975 budget to make the daily pay rate \$11.00 per day. This would amend line No. 500 Transportation for a total increase of \$1,080.00. This would change line 500 to be \$23360.00. The motion was seconded by John Saturley. Discussion followed. A voice vote followed and the Moderator declared the motion passed.

Henry Munroe made the motion that line item 210 (Salaries for Instructors) be increased by \$9,100.00 to allow for employing a reading disabilities teacher for the Hill School. Edward Allgeyer, Sr. seconded the motion. Discussion followed. A voice vote was taken and the Moderator declared the motion passed.

Helen Fryer made the motion and Thomas Bayline seconded it that a sum of \$23,000.00 be added to line item 210 to allow for hiring additional instructors. Discussion followed. Willard Hansen moved that the motion be amended to change the figure of \$23,000.00 to \$50,000.00. There was no second and the motion was lost.

Kathryn Fowler moved that \$4,000.00 be added to the \$23000.00 and that the original motion be amended to read \$27,000.00. This \$4,000.00 to be used to hire a library aide at the Pembroke Elementary School. The motion for this amendment was seconded by Shirley Whittemore. Discussion followed. A voice vote was taken and the Moderator declared the motion with the amendment passed.

Roland Young, Jr. made the motion that \$381.60 be added to line item 400 Health Services. Henry Munroe seconded this motion. Discussion followed. A voice vote was taken and the Moderator declared the motion passed.

Keith Meyers moved that the budget be accepted at this time as amended. Charles Whittemore seconded the motion. A voice vote was taken and the Moderator declared that the motion did not pass.

The motion was made by Edward Allgeyer, Sr. and seconded by Donald Drouin to add \$5,000.00 to line item 1267 to be used for equipment at the Academy, not covered by the bond issue. Discussion followed. A voice vote followed. The moderator declared that the motion did not pass.

Stanley Grimes made the motion that the budget now be approved as amended. Claire Gross seconded this. A voice vote was taken and the Moderator declared the motion passed.

Henry Munroe moved that the meeting be adjourned. Donald Drouin seconded this. A voice vote determined the motion passed. The Moderator declared the meeting adjourned at 4:30 p.m.

Barbara Longley, Clerk

The School Board
Pembroke School District
c/o Gerald F. Croteau
Superintendent of Schools
R.F.D. #1, Pembroke Street
Suncook, New Hampshire

Gentlemen:

Due to a continuing excessive workload in 1974, we have been unable to perform an examination and audit of the accounts and records of your School District for the fiscal years ended June 30, 1973 and June 30, 1974 before the publication of the current annual School District report.

We regret the inconvenience which this may cause and wish to advise you that an examination of your accounts for these fiscal years is scheduled to be conducted within the next two months.

Should this arrangement prove to be unsatisfactory to your Board, steps should be taken to petition the 1975 School District Meeting for rescission of the previous vote of the District requesting an audit by this Division, and to choose local auditors in accordance with the provisions of RSA 197:14, which is quoted herewith:

"197:14 Officers to be Chosen. The officers of every school district for which the law does not otherwise provide shall be a moderator, a clerk, a school board of three persons, a treasure, one or more auditors and such other officers and agents as the voters may judge necessary for managing the district affairs; provided, however, that school districts requesting an audit by the municipal accounting division of the state department of revenue administration shall not be required to choose auditors for the year covered by said audit."

It should be noted that the foregoing statute implies that such auditors shall be local residents. Consequently, an audit of the District's accounts by professional accountants may not be authorized unless the accountants chosen for this task are legal residents of the District.

We appreciate your patience and understanding in these circumstances.

Very truly yours,

Frederick E. Laplante
Director

DIVISION OF MUNICIPAL ACCOUNTING
DEPARTMENT OF REVENUE ADMINISTRATION

Helen A. Stackhouse, District Treasurer

Superintendent's Report

While I have been associated with the Pembroke School District for several years, this is my first report as Superintendent of Schools.

The latter part of the Spring term was given over to the usual activities involved with the closing of another school year. It was also a period in which we were quite busy with the organization staffing and relocation of the new supervisory union office. Mrs. Sylvianne Martel, who has worked with me for the last several years as my secretary has remained in that capacity and proved to be of invaluable assistance in making the transition. The new bookkeeper and payroll clerk are Mrs. Claire Butler and Ms. Louise Fanny respectively. Mr. Edmond Duchesne is the new Business Administrator. The office was moved from 100 Granite Street in Hooksett to Pembroke Street in Pembroke during the last week of June.

As soon as the office was relocated the task of restaffing the schools began in earnest. This was quite a formidable task this time as we hired twenty new teachers in Pembroke and over forty in the five school districts that comprise Supervisory Union #53. As the personnel are the heart of any organization, we spent a great deal of time interviewing applicants in order that we might hire the best people.

Since the beginning of school, we have been occupied with normal activities that are with us during every school year. We have continued to refine the accounting systems and the budget preparation system in order that we might have more data to better account for the expenditures and efficient use of tax monies.

There are many areas wherein we need to improve such as communication, curriculum revision, special services, student personnel services, physical facilities, etc. I hope that a Planning Committee can be established in the spring. The longer that we are able to work together as a unit, the better will be our chances for success in the above-mentioned areas.

It is essential that we not lose sight of our basic duty to teach the essential skills of Reading, Writing, and Arithmetic.

We must teach these skills in relation to the complex society that children will be entering; and must update the curriculum and teaching methods to keep pace with the ever changing requirements

of children if they are to live and compete in our fluid society.

We must help children to become more independent learners. We must be more concerned with helping them to learn the thought process in order that they might be better equipped to solve occupational and personal problems. Children today are going to be faced with a society that will change even more rapidly than the one that we are presently living in if that is possible to even imagine. If they are going to be able to cope with this type of rapid change they must be independent and secure. The idea that the teaching of the thought process is one of the basic responsibilities of education is not an idea that has been brought to us by the progressive educational movement rather it is an idea as old as the Classical Greek and Roman Educators.

It is most essential that we not lose sight that we must help the individual child to learn. All too often it is too easy to work with children in groups, thereby, losing sight of the needs of the individual. This is not only a problem in Education. It is a problem in American society. We constantly talk about the rights and needs of the individual, and yet we seem to be constantly moving toward a society that is extremely impersonal, and the individual is lost in the masses.

In closing, I would like to thank the Pembroke School Board, the School Staffs and the citizens of Pembroke for all they have done for the Pembroke children.

Respectfully submitted

GERALDA A. CROTEAU
Superintendent of Schools

REPORT OF PEMBROKE ACADEMY HEADMASTER

January 28, 1975

Mr. Gerald Croteau
Superintendent of Schools
Pembroke Street
Suncook, New Hampshire 03275

Dear Mr. Croteau:

I hereby submit my annual report as Headmaster of Pembroke Academy. As my report of last year presented detailed concerns as to the growing needs of the student population, I will confine this year's report to more general observations as to the Academy's progress over the last year.

ENROLLMENT AS OF SEPTEMBER 19, 1974

Late last spring we received word from the New England Association of Schools and Colleges that Pembroke Academy had been accepted for membership for an initial period of five years. The Academy staff and administration had conducted a year long

self evaluation in preparation for a visiting committee from the New England Association. As this was the first attempt at securing membership in the Association, I feel that the five year initial membership is highly commendable. Although the final report contained many recommendations, the report did indicate that the Academy is a fine school and functioning well. The fact that we were able to qualify for such membership is a credit to the communities that support us. It is also a credit to the faculty and students.

It should be pointed out, however, that receiving membership in the New England Association is not the end of a process; rather it should signify the willingness of the school and community to continue up-grading its educational program so that needs of students can be better met.

An additional program in special education was begun late last fall and we are now seeing very encouraging results. We can now say that the Academy is offering programs to help meet the needs of those students requiring more basic skills. The ultimate goal will be to help prepare these young people for success in the world of work after high school. It is very encouraging to know that these students are finally getting the help they so richly deserve.

Although existing programs are functioning well, we see the need for more formal work study experiences for our juniors and seniors. There is also a great need for career education and cooperative education programs. With 55-60% of our graduating classes entering the field of work each year, the Academy should be offering more programs dealing with work experience. Although we are encouraging students to take advantage of early release programs at the junior and senior level, we currently lack the personnel to more formally observe and supervise the kinds of work experiences that would be most beneficial. I am convinced, however, that what we are currently doing is justifiable and worthwhile.

With the addition of another full time industrial arts teacher last fall, our new shops are now functioning at near capacity levels. I continue to feel very strongly that we provide a very fine industrial arts program for those students enrolled as industrial art students. I wish we could offer more elective courses to those students manifesting an interest in some area of auto mechanics, electricity, drafting, etc., and who are not enrolled as industrial arts students.

Most high school principals - and I am no exception - have noted in the past two years that students are again becoming more serious and purposeful concerning school and preparation for life after high

school. This certainly is a welcome relief from the turbulent period of only a few years ago. It is also encouraging to know that our refusal to de-emphasize the "basics" in such areas as English, social studies, mathematics, and science is now being applauded by many who decry the fact that schools have not done their job; namely, to produce literate people. The Academy still advances the philosophy that our most important function is to do the very best we can to assure that each student develops basic skills in reading, writing, and mathematics. If we do nothing else we have at least helped to better assure success for each student after he/ she leaves the Academy. If, in the process, we can help students develop positive attitudes and an ability to function well in a system that requires an understanding of the needs and rights of others, then we can honestly say that we are doing our job well. I feel very strongly that, for the most part, the Academy is meeting its responsibilities to its youth.

A very special thanks to Mr. Gerald Croteau, Superintendent of Schools, whose time and patience is most appreciated. His help and constructive guidance is always available and beneficial. I am also very appreciative of all the help and encouragement shown to me by members of the Pembroke School Board. As policy makers, their role is a very difficult one. Few people realize the many, many hours our Board gives in pursuit of quality education for our young people. A heartfelt thanks to the faculty at the Academy for their continued support and efforts in dealing with the many challenges and frustrations of teaching. We have many dedicated and exemplary faculty in our school and the community should be very proud that we have such people dealing with students. Again, my most grateful appreciation to the parents and students of Pembroke Academy. They remain, as always, supportive and cooperative.

Respectfully submitted,

William H. Marston
Headmaster

REPORT OF PEMBROKE ACADEMY
HEADMASTER

The Academy staff and administration staff have been accepted for membership for an initial year by the Association of Schools and Colleges that Pembroke is a member of. Late last spring we received word from the

Principal's Report for the Pembroke Hill School

The Pembroke Hill School opened this fall with 306 children in attendance and a staff of thirteen teachers. A new addition to the staff was Mrs. Barbara Hebert, full-time learning disabilities teacher. Mrs. Dorothy Piper returned this year after a year's leave of absence in England. Other new staff members include Mrs. Barbara Jobin, Speech Therapist, and Mrs. Janice Boyle, Title I Learning Disabilities Tutor. Mrs. Barbara Whoriskey, school secretary for five years, moved to Maine during the summer. She was replaced by Mrs. Beverly Gilchrist of Pembroke.

The school is in its second year with Project SHARE, an E.S.E.A. Title III program supported by local and State/Federal funds. The Project is based on the national IGE model developed in 1966 and is presently operating in 33 states. The Pembroke Hill School is one of twelve south central schools in New Hampshire that form a cooperative league. The main purpose of Project SHARE is to help school staffs improve student performance by achieving greater individualization of instruction. The goals of the project include extensive in-service training programs to develop "individualized guided education" (IGE), establish an effective multi-unit school, and implement a student motivation (profiling) process.

A new program added this year was the "McBee Math System". The staff has been prepared for this program last year through on-site visits to schools using this program and through workshops held during the school year and after school closed in June. The McBee System is a design to teach mathematics with an emphasis on the individual. The program, basically, consists of a key-sort card of mathematic skills children should be exposed to during their primary years, and resource files which give the teacher information on materials, equipment, workbooks, etc. that are available throughout the building to teach or reinforce the various skills. The skills number approximately 236 and are grouped in 12 levels. Pre & post tests determine if the material has been mastered to a sufficient degree. As the child demonstrates mastery a hole is punched next to the corresponding skill. In this manner, children progress through the levels at their own rate of speed. Advantages inherent in this program are: continual diagnosis of child's strengths and weaknesses; flexibility in terms of instructional methods and materials; a continuum of skills which provides a grouping and record keeping system as the child progresses from year to year.

The needs identified by the administration and staff for the 1975-76 school year include classroom aides and additional space. Classroom aides are essential to the Pembroke Hill School in order to successfully continue implementing the individualized program of instruction. With over thirty children in six of the classrooms next year, it is critical that all children be given the individual attention so necessary at this stage of their development. Aides would mean an extra pair of hands in meeting the educational needs of these children. Another priority identified was the need for additional space. I sincerely hope that a planning committee will be established in March to review the educational needs of the community.

I wish to thank Mr. Croteau, Superintendent and Mr. Duchesne, Business Manager, for their wisdom and patience during my first year as principal. The challenges of the position have been many and varied. I am also sincerely grateful for the continuing support and cooperation of the school board and staff of the Pembroke Hill School. It is their expertise and dedication to the teaching profession that enables the children of this community to have the finest education possible. The encouragement and support of the parents of the community has indeed been most helpful and appreciated. It is through the efforts of all concerned that the educational process in Pembroke continues to provide for the individual needs of children.

Sincerely,

Donna R. Craig
Principal

Report of the Pembroke Elementary School

ATTENDANCE OPENING DAY

Grade 4	57
Grade 5	86
Grade 6	77
Grade 7	105
Grade 8	73
	398

The Pembroke High Street School started the 1974-1975 school year with 398 students, 16 classrooms teachers and 3 speciality teachers.

Of the 19 full time teachers, 5 are new to the system. Mrs. Mary Bubnis has been assigned to the 5th grade; Mrs. Dawn Laberge to the 6th grades; Mr. Robert Suprenant to 7th and 8th grade Social Studies; Mr. Thomas Murphy to 7th and 8th grade Science; and Mr. Bruce Johnson is the Physical Education teacher.

Our former remedial reading teacher, Mrs. Nancy Yeaton is presently the 7th and 8th grade reading teacher; a new position established this year. Mrs. Constance Shorey is the full time librarian.

This year the students in grades 4 - 6 have a new reading program. The series integrates Reading, Language Arts, and Spelling into one program.

In the past, these three areas were taught independently during the day as three separate subjects. With the purchase of the Holt Basic Reading series, the classroom teacher is able to coordinate the Reading and Language Arts block into a more meaningful and relevant curriculum for all the students.

Progress of the student is evaluated through prepared unit tests.

The placement test provides information to the teacher in placing the student into the correct reading level. Pre-tests forces the teacher to be cognizant of those skills which the student may need help with, and those which should not be taught because of the student's knowledge and mastery of the skill. Post-tests provide evident to the mastery of skills.

If the student achieves a low score on the post-test, the lesson is retaught and he/she does no more on until the skill has been satisfactorily mastered.

Skill development not only comes from a series of text books, and therefore the teacher is provided with a number of newly purchased materials to help in the complex learning process.

Cassette players and recorders, filmstrips, overhead projectors, and phonograph records are employed in the classroom. These valuable teaching tools serve both the teacher and the student in achieving success in the program.

Students are seen listening and viewing programmed tapes, and teacher prepared materials which are used exclusively to improve visual and auditory skills.

As the student moves on into the Junior High area, he/she is provided with a developmental reading program designed primarily to reach those children who need additional help with skills not yet mastered.

This new program provides a variety of skill building materials geared to the needs of the adolescent student. High interest - low ability books were purchased to encourage reading at this level. Again the teacher is utilizing several audio-visual aides programmed to improve reading difficulties.

For the first time the Music department has a series of programmed textbooks, records, classroom musical instruments for all the students in the Elementary School.

The series purchased for the opening of school, offers for the student an updated and highly motivational program in Music, something which was in great need.

To provide assistance in curriculum development, IGE (Individual Guided Education) has been contracted again this year. This Federal program is designed to help the school in developing individualization with the classroom and help teachers overcome difficulties in organization.

The Title I funds appropriated to provide a program for those children with learning difficulties is presently in its third year. These children have been receiving additional help in auditory, visual and fine motor skills.

These skills, for a young child, must be developed in order the student to succeed in school. Frustration and discipline problems are lessened when the learning difficulties are corrected at an early age. We are pleased with the progress that some children have met in just a short period of time. The school has seem progress in children who without the learning disabilities program, would have met with continued academic failure.

As a result of the encouraging results that we have received, and the need to provide more services to children with similar needs, we are asking for a fulltime Learning Disabilities teacher in the 1975-1976 budget. This teacher will provide services in addition to the services already being provided by the Title I tutors.

The school continues to show improvement in all areas of the curriculum. It is encouraging as the Principal of the school to see such continued support from the people of the community and the people responsible for the appropriations of the necessary funds to run such programs.

Without the full cooperation of Mr. Gerald A. Croteau, the Superintendent of Schools, the Pembroke School Board, the Pembroke Budget Committee, and the Staff, the school would not be moving in its present direction.

Sincerely,

RENE G. DEMERS
Principal

ANNUAL REPORT OF THE PEMBROKE WATER WORKS

Report of the Board of Water Commissioners

The Commissioners of the Pembroke Water Works are pleased to present the following summary for the year ending December 31, 1974.

At the monthly meeting of March 12, 1974, Mr. Howard Halen, Sr. was elected Chairman of the Board and Mr. Maurice Lavoie was elected Clerk of the Commission and he was also welcomed back to a 2nd 5 year term to the Board. At the June meeting the Board accepted the resignation of Mr. D. Arthur McAllister who has taken residence in another town, at the same time the Board appointed Mr. Hermas Daviault to replace Mr. McAllister on the Board until election time March of 1975.

This year work was started on our new well at Bear Brook Park. The well has been developed and the pump house has been built. A total of 8,000 feet of 12" DUCTILE IRON PIPE WAS INSTALLED, AND WE ARE NOW WAITING FOR THE PUMP AND PUMPING EQUIPMENT TO PUT THIS WELL INTO OPERATION.

We had a total of 12 new services added to the system. Seven (7) were in Allentown and five (5) in Pembroke, 13 other services were relayed and a total of 124 services were repaired for different reasons.

Seven (7) new Hydrants were installed on our system, 5 on Academy Road, one (1) at Buck St. & Rte. 28 and one (1) at the new well at Bear Brook Park.

Fifteen (15) new meters were installed and a total of 67 others were repaired.

Fourteen (14) new gates were added to the new system, 7 were hydrant gates and 7 were main gates for the system. A gate and gate box survey were started this year and a total of 35 gates or gate boxes were repaired.

During the year 39 leaks were discovered and were repaired.

At the beginning of the year it was noted that our backhoe was in bad need of repairs, being 11 years old the Department decided to trade for a new backhoe. Chadwick BaRoss of Concord was low bidder for the trade of our old backhoe for a new J.C.B. backhoe and therefore was awarded the bid. Also bought during the year was a new portable 3 inch diaphragm pump.

HARTFORD, NELSON & COMPANY

CERTIFIED PUBLIC ACCOUNTANTS

CONCORD, NEW HAMPSHIRE

January 28, 1975

To the Board of Water Commissioners
Pembroke Water Works
Pembroke, New Hampshire

We have examined the accompanying balance sheet of the Pembroke Water Works as of December 31, 1974, the related statement of revenue and expense and the statement of changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet, statement of revenue and expense and statement of changes in financial position present fairly the financial position of the Pembroke Water Works at December 31, 1974 and the results of its operation for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

See accompanying notes to financial statements.

PEMBROKE WATER WORKS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1974

NOTE 1: Significant Accounting Policies -

Merchandise inventory is valued at cost using first in, first out method.

Property and equipment are depreciated on the straight-line method.

Exploration costs - new wells are shown at cost. All amortization is computed on the straight-line method over a five year period.

NOTE 2: Cost of water mains included in fixed assets reflects only those costs actually expended by Pembroke Water Works. In past years, Pembroke Water Works has acquired title to additional mains located in housing development areas. The cost of such mains has been borne by the developer. Under the standard contract provision, mains thus installed in development areas become the property of the town after a specified period of time has passed. The cost of mains so acquired is not reflected in any way in the fixed asset accounts.

NOTE 3: Pembroke Water Works began construction of a gravel packed well, pumping station and pipeline during 1973 on land owned by the State of New Hampshire at Bear Brook State Park. The land is made available, at no cost to the Water Works or Town of Pembroke, under the terms of an easement agreement signed in August, 1973. Under the terms of the agreement, however, the Water Works is obligated to supply up to 50,000 gallons of water per day to the State at no charge upon completion of installation of a well. No water well is in operation at December 31, 1974.

NOTE 4: The voters of Pembroke authorized a bond issue, not to exceed \$240,000.00, to finance construction of the aforementioned well project. At December 31, 1974 none of the authorized bond issue has been sold. The project has, instead, been financed by funds provided by Bond Anticipation Notes. Unexpended proceeds from these notes, payments for construction work in progress and outstanding liabilities in connection with the well project are shown on the Pembroke Water Works balance sheet at December 31, 1974.

PEMBROKE WATER WORKS
COMPARATIVE STATEMENT OF DEPRECIATION AND AMORTIZATION EXPENSE Schedule 2

	Year Ended December 31	
	1974	1973
DEPRECIATION AND AMORTIZATION:		
Structures - water supply	\$ 928.44	\$ 928.44
Structures - pumping station	860.81	860.81
Structures - water storage	613.00	613.00
Structures - Community House	153.11	153.11
Pumping station equipment	1,827.30	1,827.30
Garage equipment	2,596.54	2,300.59
Mains	6,206.15	6,205.58
Service	2,200.95	2,766.59
Hydrants	564.01	555.48
Meters	2,542.55	2,488.71
Tools	285.51	269.79
Office equipment	297.88	297.88
Pumps and flood lights	64.19	64.19
Exploration costs - new wells	4,751.83	3,584.52
TOTAL DEPRECIATION AND AMORTIZATION EXPENSE (Exhibit B)	\$ 23,892.27	\$ 22,915.99
