WARRANT FOR ANNUAL TOWN MEETING
THE STATE OF NEW HAMPSHIRE

[L. S.]

To the inhabitants of the Town of Tilton in the County of Belknap, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the 14th day of March next to act on the following subjects:

1. To choose a Town Clerk and Town Treasurer for a term of one year, one Selectman for a term of three years, one Road Agent for the ensuing year, one Trustee of Trust Funds for a term of three years, two Auditors for the year ensuing, and one member of the Park Commission for the term of two years.
2. To see how much money the Town will vote to raise for Memorial Day expense.
3. To see how much money the Town will vote to raise and appropriate for the care of Cemeteries.
4. To see how much money the Town will vote to raise for the use of Hospitals for the ensuing year.
5. To see if the Town will vote to raise and appropriate the sum of \$400.00 for White Pine Blister Rust Control to be spent in cooperation with the State Forestry Department.
6. To see if the Town will vote to raise and appropriate the sum of \$175.86 to obtain Town Road Aid from the State, the State to contribute the sum of \$703.43.

7. To see if the Town will vote to petition the State Tax Commission to have an audit made by the division of Municipal Accounting and make an appropriation to cover the expense of such audit.

8. To see if the Town will vote to raise and appropriate the sum of \$295.00 which is 1/100 of 1% of the assessed valuation of the town to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the town, in cooperation with other towns in the Lakes Region.

9. To see if the Town will vote to raise and appropriate the sum of \$500.00 to the Winnisquam Fire Department for the purpose of maintenance and operation of the department. (By petition).

10. To see what action the Town will take in regard to providing a suitable Memorial for the service men of World War two and raise money to pay for same.

11. To see if the Town in conjunction with Article 10 will vote to move the present War Memorial now in Post Office Square to the Island and raise money for the project.

12. To see if the Town will vote to make by-laws regulating the use and equipment and licensing of bicycles.

13. To see if the Town will vote to observe, during the month of August, 1950, the Anniversary of Old Home Week, and raise and appropriate a sum of money therefor.

14. To see if the Town will vote to allow a discount on early paid taxes.

15. To see if the Town will vote to allow the Selectmen as agents of the Town to administer or dispose of any property acquired by tax deed.

16. To see how much money the Town will vote to raise for all purposes for the year ensuing.

17. To see what action the Town will take in regard to the reports of its officers and agents.

18. To choose any other officers or agents for the year ensuing.

19. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

20. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 20th day of February, A. D. 1950.

JOSEPH L. LEDOUX,
MARIO R. CONTIGIANI,
CHARLES A. FRENCH,
Selectmen of Tilton.

\$1,272.26

We wish to mention two lots in Park Cemetery improved through the generosity of relatives.

The S. W. Taylor lot by the daughter, Mrs. L. B. Saville. The monument was righted and stone cleaned.

The Walter C. Wyatt by Dr. Bernard L. Wyatt. Lettering on the monument, a head stone for Mrs. Wyatt and filling in the lot and reseeding.

Respectfully submitted,

OAKES K. LAWRENCE,
ROBINSON SHEPARD,
NED C. ROGERS, Sec., Treas.

January 18, 1950

Having examined the foregoing account, we find it correctly cast and properly vouched.

HELEN Y. ANDREWS,
HENRY A. ROBERT,
Auditors.

ANNUAL REPORT OF THE DISTRICT NURSE

Fiscal Year Jan. 1, 1949 to December 31, 1949

Number of Home Nursing calls made were 2,208, Office calls 385.

Classification as follows:

	Calls	Cases
Non-communicable	2,060	519
Acute communicable	34	28
Orthopedic	8	6
Prenatal	14	9
Postnatal	8	7
New Baby	84	43

Calls in behalf of Health Services:

	Calls	Cases
Infant	31	30
Preschool	65	53
Adult	132	123

Baby Office Conference calls were 180, cases 133. 25 trips out of town with patients to hospitals, Specialists and Clinics.

Toxoid Clinics and Child Health Conferences were held at the District Nurse's office during the months of April, May, June, September, October, November and December. Thanks and appreciation go to Dr. Kathleen Robinson for her interest and work as the attending physician. These Clinics were held in cooperation with the State Board of Health. 168 children, of these 103 were preschool and 65 were infants, received Toxoid (for protection against Diphtheria, Tetanus and Whooping Cough.. 59 completed the series of 3 injections, 64 were vaccinated and 21 were examined for defects.

These Clinics are a successful part of the District Nursing program and at the present time is one of the few towns in New Hampshire receiving this regular service. Our goal is to have every child receive this protection by Toxoid and Vaccination before starting school. Every child should have 3 inoculations before the end of the first year, then a booster injection before 5 years of age. This can be done through the family physician or the Clinic.

Mrs. Martha Gilchrist, R. N., of Franklin, substituted for the District Nurse for the month of August.

The Nurse attended the four quarterly State Nurses' Meetings.

Through the efforts of the District Nurse Service a crippled child is receiving transportation to a Manchester Clinic every three or four months. An Emergency Aid Volunteer uses her car and time and the Red Cross pays for the transportation expense.

Miss Marjorie Adams of the Metropolitan Insurance Company spent a day in consultation with the Nurse and met the Executive Board of the Nursing Association at a 4 o'clock tea.

A section of the Congregational Ladies' Circle made

office curtains from material provided by the Association. As in the past the Episcopal Guild made a generous supply of dressings as their project last spring.

The cooperation and assistance of the officers and members of the District Nursing Association, the Physicians, the Town Officials, the Social Agencies and the individuals of Tilton and Northfield are very much appreciated.

Respectfully submitted,

ALICE M. FRENCH, R. N.

District Nurse.

TILTON AND NORTHFIELD FIRE DISTRICT WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of Tilton Fire District, qualified to vote in District Affairs:

You are hereby notified to meet in Tilton Town Hall, Friday, March 17, 1950, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a treasurer for the ensuing year.
4. To choose three firewards for the ensuing year.
5. To choose an auditor for the ensuing year.
6. To hear reports of the treasurer and firewards and pass any vote relating thereto.
7. To see what action the District will vote to take in regard renewing the lighting contract and raise money for same in sum of \$5,312.04.
8. To see what action the District will vote to take in regard to renewing the water contract for hydrants and raise money for same in sum of \$2,650.00.
9. To see what action the District will vote to take in regard to installing a hydrant on Sargent Street opposite residence of Glenwood Lockwood and raise money for same. (By request).
10. To see what action the District will vote to take in regard to installing a Lavatory on upper floor of Fire Station, and also installing a new Boiler and Oil Burner in Fire Station and raise money for same in sum of \$1,400.00

11. To see what action the District will vote to take regarding payment of administration, firemen, new equipment and other incidental expenses in the sum of \$7,457.00

12. To transact any other business that may legally come before the meeting.

ARTHUR A. COVIEO,
ROY A. JORDAN,
H. HOWARD ALIEFF,

Firewards.

To the Inhabitants of Tilton and Northfield:

Once again in closing the records of the Fire Precinct, we take pleasure in presenting to you citizens a summary of what has been accomplished during the past year.

On the succeeding pages of this report, you will find recorded valuable information, relative to the activities of your Fire Department, and how your appropriations for the fiscal year of 1949 were expended.

You citizens should be justly proud of the members of the Fire Department as they are doing a wonderful job from every standpoint; in fact they have accomplished more at times than some full time paid Departments. When you have a few moments to spare just drop into the Fire Station and see for yourselves how immaculate every piece of equipment is. This visit will prove to you that every member of the department is taking personal pride and interest in caring for the equipment you citizens have from time to time purchased with your funds through the Precinct taxes.

Speaking of taxes, we consider this an opportune time

to state that during the past six years, the Precinct rate per M has been maintained at \$6.80 per M notwithstanding that we have enlarged the station at the cost of \$8,000.00 and purchased new equipment in the sum of \$14,000.00. We have also paid for night watchman services in sum of \$6,500.00. This item is now being paid by the Town, and last but not least, we have paid \$36,440.09 for your street lighting. This item we do not consider as being part of Fire Fighting costs, and if same had been paid by Town, your actual cost for Precinct would have averaged \$3.20 per M. We are proud of this record and are willing to place same beside any other Precinct for comparison.

The estimated budget for the coming year will be around \$1,800.00 less than the year 1949 even including Article No. 10 in Warrant relative to new heating plant. We have had this item carefully surveyed by a competent heating engineer through courtesy of George Greenwood. This new unit will save on fuel oil, and the capacity of same will amply serve the requirements of the apartment over Station when completed.

During the past year we purchased from the Cantin Chevrolet Co. a Chevrolet truck to be used as a Tank Car. Mr. Lockwood donated the tank that we had mounted on truck and equipped with a 2 inch Revere Pump. This truck has worked out very effectively in locations where water was at a premium. The City of Franklin has called upon us for its use and highly praised the efficiency of same.

After considerable delay we have been successful in getting the Radio installed, and same has proven on more than one occasion to be a life saver, in being able to talk direct from the station with Fire Chief at place of fire regardless of location or distance.

The highlight of the year was the Firemen's Convention in September. Around 500 firemen from all over the State were in attendance. This was a two-day meeting. The first day was taken up with committee meetings and election of officers for the ensuing year, followed by a Grand Ball in the evening which was enjoyed by all. The second day was full of various activities with a fire parade in the afternoon with many pieces of equipment from all over the State. Every one expressed their thanks for the wonderful treatment shown by the people of Tilton and the Firemen. Visiting officials highly praised the Department for the excellent setup that we have, relative to our building, equipment, and the wonderful cooperation of the citizens in providing necessary funds for same.

We are pleased at this time to state that there were ten less Box Alarms the past year than in 1948. This proves very emphatically that you citizens are doing everything possible to assist the Department in the prevention of fire loss.

We were in hopes that the year would go by without any great loss. All went well throughout the year until the last of December, in fact with only four days to go for a perfect score, the property of Mr. Tilton located on Clarke Road was partially destroyed with a loss of \$10,000. At this fire, the firemen proved their ability to handle a serious situation by confining the fire to the barn and saving the house, "a good job well done".

Once again we wish to call your attention to the members of your Fire Department. During the past year they have responded to several emergency calls for the resuscitator, and have also used the Rescue Car in getting people to the hospital when ambulance service was not available. They also have responded when

called upon in emergency cases and given 12 blood transfusions this past year. We consider the above as heroic deeds for your community and worthy of your appreciation.

On concluding this annual report, we wish to express our appreciation to the members of the Fire Department for their willingness at all times to cooperate and work together with us as one large family, to the citizens within the precinct for their fine support both financially and otherwise; and to all other citizens of Tilton and Northfield who in divers ways have made our progress possible in every respect. Once again, thank you.

Respectfully submitted,

ARTHUR A. COVIEO,
ROY A. JORDAN,
H. HOWARD ALIEFF,

Firewards.

SCHOOL BOARD'S REPORT
ON THE NEEDS OF
TILTON-NORTHFIELD SCHOOLS

The Tilton-Northfield School Board met on Saturday, February 4, 1950, and approved for printing some sections of a preliminary report it had prepared on the *needs and support of the schools*

The Board voted to continue its practice of deciding school matters in favor of the best interests of boys and girls, to consider again the matter of expense, and to declare its decisions publicly. It will continue to give releases to newspapers, to hold public discussions, and to speak before Tilton and Northfield organizations about local school needs and finances.

The Board's stand on various points is as follows:

1. Parents of boys and girls are not moving from Tilton and Northfield because of employment conditions. They are remaining here and, therefore, the Board must plan on educating their children.
2. The education of a boy or girl cannot be put off; it cannot be delayed. It has to be a continuous and daily process like growth.
3. For the size of the communities, Tilton and Northfield operate good schools and the Board defends this declaration against all disclaimers. The local school system has been built by the hard work of many persons under good leadership. Our achievements frequently seem to be more appreciated by people in other towns who look to Tilton-

Northfield with interest. The Tilton-Northfield School Department has a good reputation and the nature of any ill will expressed against it can be easily ascertained.

4. The educational program at the Union School recognizes the interests and abilities of individual boys and girls. It emphasizes great understanding of human beings who are growing up. The program is well directed and has been commended and recommended by many persons from other places. The Board will do everything in its power to maintain the Union School's educational program and to prevent any turnover among its staff members.

5. The older boys and girls have the advantages of a fine secondary school plant, but they have not yet had the good fortune of permanency in teaching staff. The Board will seek to employ well-trained and inspiring teachers who may want to remain at Tilton-Northfield High School for a period of years, but this goal cannot be achieved easily. Time and patience are required, as well as money and other conditions.

6. The Board has a hard-working superintendent of schools as its executive officer, and it relies on his vision in school programs, on his judgment in selecting materials and personnel, on his knowledge of human behavior, on his fairness in dealing with people, on his faithfulness in difficult situations, and on his integrity. The Board knows of his ability to organize and maintain a smooth-running school department, and realizes the extent of his responsibilities in Supervisory Union No. 59 comprising five school districts in the Lakes Region.

7. A good education is the best investment a community can make in its boys and girls. It pays the biggest dividends in every way. Good schools cost money, even in hard times.

People find the money though, to pay for the things they want—gasoline, cigarettes, beer, entertainment, betting, cars, and food. Education should receive the first claim on our present and future resources; it is food for the mind.

8. The needs of the school department between 1950 and 1960 are tremendous. To satisfy these needs for the benefit of our boys and girls, it will require the unselfish devotion and wholehearted support of many men and women who want to see Tilton and Northfield progress. The Board's report gives a list of the school needs as they can be foreseen now. It publishes this information so there will be full understanding by the public of the problems the Board has considered.

9. It is generally recognized that taxes on real estate alone bear too heavy a share of all local governmental expenses. The Legislature should change a very old custom of taxing, and relieve the real estate owner by broadening the tax base through appropriated legislative action. The Board members will work to have this accomplished by the General Court. A 1950 educational program cannot be maintained by an 1850 tax plan!

10. Citizens who are agitating for new industries which will bring increased payrolls here are to be commended, even though an influx of more families will bring larger enrollments for the two schools.

11. To operate the Union School at its present level of recognized effectiveness, and to acquire greater permanency in teaching staff at the Tilton-Northfield High School, an assessment of approximately \$136,500 will be needed for the support of current school services and facilities, with debt and interest payments of about \$11,000 in the 1950-1951 school year. This can be reduced by State Aid when the

Legislature acts and the District so decides.

12. The Board has considered ways of lowering costs by curtailing the educational program at the High School. It believes the Union School program should be kept intact.

For the high school, it could vote not to offer Latin or French, Home Economics or Shop, Physical Education or Automobile Driver Training, Art Education or Commercial Work, but every curtailment the Board has discussed seems to be a step backward—backward towards 1900 instead of forward towards 1960.

Changes in the lives of people are coming at a whirlwind pace. Scientific progress moves forward by leaps and bounds. There is no backward step! We cannot stand still. The world moves forward, and our course is bound to it, a challenge to all of us to maintain.

The Board goes forward with a school program in the best interests of youngsters and asks the people to meet the needs of the school department with the same sincere purpose that the Board members and the school personnel try to serve Tilton and Northfield boys and girls—our greatest assets and our greatest hope for the future of our twin towns.

The Board presented a listing of school needs in services, facilities, and finances and it has made a schedule of years in which to satisfy school department needs in three ways:

1. School Warrant for 1950
2. School Warrant for 1951
3. School Warrants between 1951 and 1960

The School Budget for 1950-1951 accompanies this declaration, and the proposed School Warrant with Articles is included.

This delaration is an abbreviated copy of a Report to the Special Committee and indicates some points of major concern which the School Board has considered. The view-points in February 1950 are bound to change as new conditions appear, but the broad outline of the school problems confronting our twin communities in the ten years, 1950-1960 has been submitted to the residents of Tilton and Northfield in the full Report to the Special Committee.

Respectfully submitted,

School Board of Tilton-Northfield

JOHN W. CRAWFORD
DOROTHY B. BUSWELL
HELEN T. RANDALL
ARCHIE GREVIOR
BRACKETT H. HILL

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

Belknap ss:

To the Inhabitants of the Tilton and Northfield Union School District qualified to vote in District affairs:

You are hereby notified to meet in the Tilton-Northfield High School in said District on Wednesday, March 15, 1950, at 8:00 p. m. to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
- 4a. To choose a member of the Schood Board to serve for three years to fill the vacancy arising from the expiration of the term of office of Helen T. Randall, and
- 4b. To choose a member of the School Board to serve for three years to fill the vacancy arising from the expiration of the term of office of Archie Grevior.
5. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen and pass any vote relating thereto.
6. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.
7. To determine and appoint the salaries of the School Board and other district officers.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of

statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see what sum of money the district will vote to raise and appropriate for surfacing the parking area and re-surfacing the driveway at the Tilton-Northfield High School, and painting parking lines on the new surfaces. (Estimated cost \$750.)

10. To see what sum of money the district will vote to raise and appropriate for the acquisition of that part of the former Charles E. Tilton Estate Park west of Park Road, so called, and adjacent to the High School grounds, and authorize the School Board to acquire title to the property. (\$2,000.)

11. To see if the district will authorize the School Board to apply for and accept in the name of the district any Federal and/or State funds which may be made available for plan preparation, building alterations, or building construction.

12. To transact any other business that may legally come before this meeting.

Given under our hands at said Tilton this eleventh day of February, 1950.

JOHN W. CRAWFORD,
DOROTHY B. BUSWELL,
HELEN T. RANDALL,
ARCHIE GREVIOR,
BRACKETT H. HILL,

School Board.

ANNUAL SCHOOL DISTRICT BUDGET

AUDITOR'S REPORT

I have examined the accounts of the School Board and Treasurer and find them correctly cast and properly vouched for the school year ending June 30, 1949.

MORTIMER B. HOWELL,

Auditor

NED C. ROGERS, Treasurer
Tilton, N. H.
July 12, 1949.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Parents and Voters:

In this tenth annual report, it is a pleasure to offer comments on school matters, to list some of the activities as they have been conducted in the past year, and to mention some aspects of the future.

EDUCATIONAL DOLLARS ARE IN A NOSE DIVE IN 1950! AND WELL SHALL WE KNOW IT WHEN WE WANT AND BUY THE EDUCATIONAL PROGRAMS, THE SCHOOL BUILDINGS, THE SCHOOL FACILITIES, AND THE EXPERT TEACHING STAFFS FOR THE TYPE OF PUBLIC SCHOOLS WE SHALL NEED TO PRESERVE OUR LIBERTIES IN THE 1960's!

3 1/3 cents out of every income dollar were spent for schools about 1940.

2 1/4 cents spent about 1950! ONE-THIRD LESS!

Result: School plants are not up-to-date.

School buildings are in poor repair.

School facilities are overcrowded.

These are New Hampshire conditions!

The schools are not keeping pace with the changing times! It will be a long pull back!

We, the people, spend money for H-Bombs, for A- Bombs, for great peacetime armed forces, for the hungry of Europe, for government bureaus, and for destruction.

BILLIONS FOR THESE PURPOSES!

BUT

Education is the force that will build the Faith and the

Peace, and we, THE PEOPLE, allow money spent for schools to be cut ONE THIRD of what it was for each dollar of income in New Hampshire before the second great war.

“THE \$64 QUESTION”

WHEN will the people of New Hampshire believe that 2 1/4 cents out of every dollar cannot be stretched to meet the 1950 needs of the schools when 4 cents are needed to do the job?

. It costs money to preserve our liberties; the know-how comes through Education.

SCHOOLS

ATOMS

CHILDREN

Though today's newspaper headlines on Russia and radio commentators' utterances on warfare by atomic energy cause us to be uncertain about the future, and though a large portion of our income is taken for the support of armed forces and government, some of our energies, resources and thought must be devoted to the development of boys and girls for they will be the workers and some of the leaders in the 1960's.

CONDITIONS CHANGE RAPIDLY

IN 1930

Who had seen a football game through a television set?

Who had a radio in nearly every room at home?

Where were the low pressure tires?

Where was the “walkie talkie”?

Who had spotted an airplane by radar?

Who knew about atomic bombs?

Who had a deep-freeze?

Who did laundry at an automatic washing machine?

Who had had an injection of penicillin?

Who had stopped a cold by antihistamine tablets?

Who had beautiful, unbreakable plastic dishes at home?

Who had flown across the United States in five hours?

What aviator had landed a plane on an aircraft carrier?

Who was shuddering over Communism and other "isms" threats to our democratic ways of life?

Who had fluorescent lights to use?

Who had lived a week at sea on a rubber life raft?

Who owned a "jeep"?

Who had seen a movie in technicolor?

Who bought magazines with advertisements in color-printing?

Who anticipated the high birthrates of the middle 1940's?

SO IN 1950;

Television

Radio

Walkie-talkie

Radar

Atom bombs

Deep-freeze

Automatic household equipment

Penicillin

Anti-cold tablets

Air speed over sound speed

Plastics

Rapid travel and communication

Aircraft carriers

Communism

Fluorescent lights

Life rafts of rubber

Jeep

Technicolor movies
 Color printing
 Children in larger numbers than ever before

SCHOOLS CHANGE WITH THE TIMES TOO

Modern school work consists of more than the 3 R's, "Readin'," "Ritin'," and "Rithmetic."

Schools are considered to be strongholds of Democracy to help young people thwart the inroads of "isms" by understanding and accepting principles of liberty, justice, morality and religion. "A school is a place where young people—of all ages—come together to learn from themselves and from each other, under the guidance of inspiring teachers."

Modern parents take an active interest in the school life of boys and girls. They find out what effect school activities have on their children and they investigate new new types of school studies.

Modern school buildings are constructed and outfitted to meet the needs of young people and of their parents because practical school rooms are living places for children and youth and buildings serve the interests of adults also.

School and community educational programs are being established through the cooperative efforts of parents, teachers, and students for the fast-moving are into which our children have been born and in which they must live and earn a living as freedom-loving men and women in a stronghold of democracy under God.

BUILDINGS AND GROUNDS

Corridor Classroom

A classroom in the west end of the first-floor corridor at the Union School was set up for 21 pupils by placing

a large curtain across the corridor and collecting furniture on skids. Part of another corridor may be used in September 1950 for classroom use.

Classrooms for Beginners

A new type of primary table was designed for beginners and several were made by workmen in the high school shop. Each table furnishes a work surface for 4 small children, with compartments beneath for materials. The new tables were placed in the Scout House and in the basement classroom of the Union School, and different sizes of small chairs purchased for seating the youngsters.

Sewer

The terra cotta sewer pipe at the Union School leading from the basement to Elm Street was filled with roots. This was replaced in the early summer with iron sewer pipe at a cost of about \$125.

Fire Doors and Fire Escape

Fire doors from eight classrooms and the assembly room at the Union School were installed in the summer. The fire escape was welded in several places last year and was painted with aluminum paint to protect it from deterioration.

Boiler Repairs

Boiler repairs were made at the High School where five sections were replaced. The boiler accumulates a very heavy and rapid deposit of iron which almost completely fills the nipples at the base of the boiler very frequently, in spite of the vigilant attention that is paid to prevent it. A chemical analysis report did not advise the installation of a unit to remove iron from the water supply, but experience may show the advisability of attaching such a unit at the intake.

Playing Field and Swimming Pool

Continued effort is necessary to complete the playing area at the High School. Dr. Grevior has secured many local subscriptions for this project. In addition, several persons contributed either labor or trucks, including the highway departments of Tilton and Northfield. Mr. Arthur Erholm, Chairman of the Rotary Club's Community Service Committee, has taken an active interest in the fund-raising project and has directed Bunco parties as one means of financing the completion of the play area.

Both young people and adults will find the play area of great use upon its completion, particularly if a swimming pool is constructed near the field.

Use of Tilton-Northfield High School

During school hours, the Tilton-Northfield High School is a busy place, but it is often in great demand in out-of-school hours. Tilton and Northfield, with the Federal Government, made an investment of \$157,487.16 in 1938-39, and it is the school department's policy to make good use of this investment by having the building serve all groups. Nominal charges are made to such groups as: Tilton-Northfield PTA, young married couples in Badminton, athletic clubs representing local and neighboring firms, veterans in agriculture, groups holding public dances, the winter carnival, dancing classes, and exhibits. Teachers have after-school classes in Handwriting, and Art Education. Hi-Y, 4-H Club, Future Farmers, boys and girls in basketball, pupils in school parties and dramatics, all have a share in the schedule which frequently shows four or five different groups making simultaneous use of the building certain evenings.

One-Way Traffic at High School

More and more cars bring students to school and are

parked in back of the building. Congestion often resulted. The Driver Training class made a survey of the problems, drew plans for parking spaces, the Shop boys made large direction signs in black and white and a frame for painting parking lines, and the janitors did much of the marking at the rear areas. The Highway Department painted entrances and exits in large yellow letters adjacent to Route 3-11.

Electric Stoves

The Public Service Company of New Hampshire has loaned and installed new electric ranges at the High School, for which the School Department is grateful.

Lochmere Woman's Club Give Projector

The Lochmere Woman's Club raised funds and purchased a Victor motion picture machine costing almost \$350, and donated it for use at the Union School in the fall of 1949.

The School Department attached a plaque to the case of the machine:

"Donated by Lochmere Woman's Club In Memory of Addie C. Hill, Pioneer Club Woman."

Mrs. Dorothy B. Buswell, Secretary of the School Board, personally thanked the Lochmere Woman's Club at its meeting on Nov. 3.

PUPILS: ATTENDANCE, HEALTH, TRANSPORTATION

Bus Transportation

The transportation of school children is a major effort of the School Department. Three large buses, under contract, cover six routes morning and afternoon. In addition, the Ford Station Wagon owned by the School

District transports children on five different routes or trips each morning and afternoon at a considerable saving. From western part of Northfield, a Franklin bus contractor carries some pupils to Franklin schools.

Closing Exercises

The Baccalaureate Service was held in the High School Auditorium on Sunday, June 12, 1949, at 7:30 p. m. The Address was given by The Reverend Joseph P. Donahue of St. Joseph's Cathedral, Manchester, N. H.

Class Day Exercises took place on June 15, 1949 at 2:00 o'clock in the afternoon. The following program was given:

Processional	
Class History	Walter Burleigh
Class Will	Eugenia Montambeault
Class Prophecy	Monica Murphy and Elmer Simmons
Selections	
	"Czechoslovakian Dance Song" Folk Song
	"Madame Jeanette" Murray
	"Alma Mater" Old Melody
	Mixed Chorus

Home Making	Barbara Patterson
Headmaster's Trophy	Richard Pucci
Class Song	More
Words by Robert Shea	
Madeline Twombly	
Recessional	

Graduation

The graduation program was held on Friday evening, June 17, 1949, at 8:15 p. m. Richard A. Pucci presented the Class Gift to Headmaster Hanson. Dr. Harold R. Bruce of Dartmouth College, Hanover, N. H., delivered an Address on "The Present Outlook" to the Graduating Class, and Judge John W. Crawford, Chairman of the

School Board, presented diplomas to the following graduates:

Richard Joseph Adams	Monica Mary Murphy
Rita Lorraine Allard	Elizabeth Lorraine Muzzey
Elizabeth Lois Barnard	Marion Mae Muzzey
Donald Whitney Bateson	Neil Raymond Noyes
Pauline Aurare Brecanier	Richard Anthony Pucci
Irene Mary Buczynski	Robert Francis Shea
Walter Calvin Burleigh	Elmer H. Simmons, Jr.
Elsie May Colby	Willard Orren Southwick
Merle Dorothy Dubia	Beverly Joyce Sykes
Mary Bertha Fitzgerald	Madeleine Anne Twombly
Durwood Clifford Fowle	Elizabeth Anges Walles
Robert High French	Marjorie Edith Watson
Grace Dorothy Gilbert	Laura Ellen Weeks
Otis Robert Hebert	Daniel Willard Wentworth
Eugenia Yvette Montambeault	

TILTON-NORTHFIELD SCHOOL CALENDAR

1949-50

Monday, September 5, 1949, Labor Day

Tuesday, September 6, 1949, Teachers' Meeting

Belmont High School, 1:30-9:00 p. m.

Wednesday, September 7, 1949, Teachers' Meeting

Belmont High School, 9:00 a. m. to 3:00 p. m.

1949

1949

FIRST TERM BEGINS Thursday, September 8

No school Oct. 12, Columbus Day

Schools close Oct. 20, 21 for N. H. S. T. A. Convention

Armistice Day is to be observed in school in appropriate exercises

Thanksgiving recess, Nov. 24, 25 (close school at 12:05 p. m. on Wednesday, November 23)

Christmas Vacation starts at the usual closing time on Dec. 22. Dec. 23-Jan. 2 inclusive for vacation

1950

1950

SECOND TERM BEGINS Tuesday, January 3

Winter vacation starts at the usual closing time on Feb-

ruary 17. February 18-Feb. 26 inclusive for vacation.
 THIRD TERM BEGINS Monday, February 27

Schools close at 12:05 p. m. on Good Friday, April 7

Spring vacation starts at the usual closing time on April
 21. April 22-April 30 inclusive for vacation

FOURTH TERM BEGINS Monday, May 1

All schools close for Memorial Day, May 30

Summer vacation for most schools will start before Friday, June 23 or at the end of the allotted 180 school days required if earlier than June 23. Announcement on closing dates for schools will be sent out in the spring 1950.

"No School" Signal

"No School" signals will be given by radio. The closing of any school after the beginning of the morning or afternoon session will be done by announcement of the teacher in charge.

Concord Radio Station WKXL (1450 on dial)

Laconia Radio Station WLNH (1340 on dial)

"No School" announcements at 7:15, 7:30, 7:45, 8:00 A. M.

Passports to School

In the spring of 1949, plans were made by the school nurse for a pre-school round-up in an attempt to find the stage of development in motor coordination, vision, teeth, hearing, and mental acuity of boys and girls who would be beginners in school in September. There were seven *stations* set up in the examination circuit.

Station 1. Parental history

Station 2. Vision testing

Station 3. Hearing testing

Station 4. Muscular coordination

Station 5. Teeth Inspection

Station 6. Immunization dates and history of diseases

Station 7. Passport to school

Upon the successful completion of the tests and the correction of physical deficiencies, a passport to school was issued. On May 3, 4 and 5, 1949, Dr. Laura Oak Bruce, of the State Department of Education, Mrs. Lurline H. McCook, School Nurse, and mothers as assistants, were present for the round-up. By pre-arrangement, parents and children came at different hours. During the day, 44 children were examined in the presence of parents, and passports to school were issued then to those who had no physical deficiencies to correct. The others returned for passports after correction of their deficiencies.

Summer Playground

A very successful summer recreational program was conducted by Mr. A. Donald Bouchard, Mrs. Nan W. Smart, and Mrs. Helen H. Rego during the seven-week period from July 5th to late August in 1949.

Headmaster James E. Coons of Tilton School gave the use of the equipment and courts on Sargent Street two mornings a week.

Thomas Pucci cared for the nets, tape, roller and equipment at Tilton Memorial Field. The High School bus was used to transport groups for swimming instruction at Webster Lake.

The summer activities included softball, volley ball, basketball, track, horseshoes, putting, badminton, swimming, story hours, handicrafts, dramatics, swinging, jungle gym, hobby show, costume parade, pet show, marble tournament, doll carriage parade, an airplane building contest, and a play.

The average daily attendance was about 85.

The program started July 5, 1949 and was operated for seven weeks at a cost of \$516.85.

Births and School Beginners

There has not been a year since 1937 when an accurate prediction of the number of beginners in school could be made from the recorded births six years before. As a matter of fact, 40% of the boys and girls now enrolled in the Union School were born in places other than Tilton, Northfield, Franklin, or Laconia. This accounts for the very great enrollments in the first year of school over what one would normally expect from the local birth records.

Recorded Birth in Tilton and Northfield	Entered School
1938..... 33	1944..... 77
1939..... 43	1945..... 65
1940..... 41	1946..... 81
1941..... 37	1947..... 70
1942..... 46	1948..... 64
1943..... 48	1949..... 65
1944..... 51	1950..... ?
1945..... 39	1951..... ?
1946..... 61	1952..... ?
1947..... 81	1953..... ?
1948..... 98	1954..... ?

Two-year averages in recorded births in Tilton and Northfield show the marked increases in the last half of the 1940's.

1935 and 1936..... 29	Aver. (Equiv. 1.00)
1937 and 1938..... 33	Aver. (Equiv. 1.14)
1939 and 1940..... 42	Aver. (Equiv. 1.45)
1941 and 1942..... 42	Aver. (Equiv. 1.45)
1943 and 1944..... 50	Aver. (Equiv. 1.72)
1945 and 1946..... 50	Aver. (Equiv. 1.72)
1947 and 1948..... 95	Aver. (Equiv. 3.27)
1949 and 1950..... ?	?

Correspondence Courses

Two courses in Salesmanship have been purchased from the University of Nebraska for two students at the high school, and one course in Business Law has already been finished.

Education Week in November

Open house for parents was held at the Union School during Education Week, and many parents took advantage of

this opportunity to see the work of their boys and girls.

At the High School, tea was served one afternoon, and open house to parents and friends was held.

Courses Seniors Want Added to Program

The 1949 Seniors listed subjects which they desired in the high school educational program, some parts of which may be incorporated in future outlines. The list included: Debating, Dramatics, German, Vocational Guidance, Personal Hygiene, Public Speaking, Spanish, and Journalism.

Art Education

There are many ways by which people express ideas. From earliest times, man expressed ideas by hand signs, drawings, and markings. Speaking and writing are the two most commonly considered ways of human expression, but drawing, painting, carving, sculpturing, molding, and representing are fundamental ways of expression. In recent years the schools have been trying to revise their teaching programs by utilizing scientific finds about human behavior. Until lately, the schools have repressed children when they have sought to use a natural way of conveying ideas and thoughts. Pupils release their nervous tensions and emotional stresses and soon become happy, curious, natural, and expressive individuals when they have opportunities to develop themselves in Art Education.

Pupils have benefitted from the study that certain teachers have made in Art Education, and their joint activities culminated in an Art Education exhibit on January 20, 1950 at the Tilton-Northfield High School. In the gymnasium, groups of pupils worked at many art activities. In the classrooms, industrial firms and merchandising concerns in this area exhibited their products or articles. Several craftsmen showed the application of art in design. Refreshments were artistically prepared. Sewing, cooking, and shop projects made by pupils were displayed.

The Art Education exhibit was very well attended and has given a new interest in Art in the Lakes Region.

Music Instruction

Instruction in Music is confined mainly to vocal work. Lately, the services of Mr. Frederick Ladieu of Laconia as an instrumental music teacher on a private basis have been secured. It is hoped that many boys and girls, through the help of various local organizations, may soon have the benefit of instruction on musical instruments. There is need for music appreciation work that boys and girls may not only learn to select the best in music programs, but also will enjoy quiet listening.

Driver Education and Training

There are more motor vehicles being registered in New Hampshire this year than there were last year. An automobile is becoming to be considered a necessity for almost everyone. The State Motor Vehicle Department recognizes this and urges high schools to teach 15- and 16-year old boys and girls how to drive well—and carefully—, that the number of accidents may be reduced among this age group of drivers. Tilton-Northfield High School is one of those in New Hampshire which is offering the course in Driver Education and Training to its students.

Handwriting Instruction

For many years, colleges training persons for teaching positions have not given a complete course in handwriting. The result has been that many teachers have never had the benefit of a *functional* and *readily-grasped* system of Handwriting. School departments in this area are trying to remedy poor writing by training teachers—and pupils—how to write well. The Rinehart Functional Handwriting system is meeting with great favor in this region, and is now being introduced into some of the colleges for teachers. By teaching teachers, not one but all of them, to write better,

there is a good possibility that the pupils will learn good handwriting practices too.

Physical Education and Health

Strong minds and healthy bodies are requisites to success and happiness in this rapidly-changing life we now lead. Major emphasis in thinking these days seems to be on "War with Russia," "atomic warfare," and "world conflict." The test of the survival of the fittest may come sooner than we think. Whether it comes early or late, or not at all, the important thing is to develop strong, alert confident boys and girls, men and women, living full lives in good health. Diets are important; exercise is imperative; poise is essential; mental condition is vital; and physical fitness is a necessity. To these ends the Physical Education and Health Program has been developed.

The Teacher of Physical Education works closely with the School Physicians and the School Nurse. He coaches interscholastic sports also, and shares some of his time with the boys and girls in one other neighboring school district.

Specialized Training Services in the Laconia Area

It was not long ago that school departments made no attempt to give special training to handicapped boys and girls. In Tilton-Northfield, lip-reading has been taught by a special teacher from Manchester but youngsters having other types of physical disability were not included, unless they could attend school. There is a growing need for the establishment of a center where specially-trained persons may be obtained. Such a center can be organized in Laonia, and each participating school district could call upon instructors for handicapped persons who are deaf, dumb, blind, crippled, sick or retarded. Each teacher would give the special instruction at home, or in a hospital, or in a particular school room, or in a regular classroom. To maintain the center, several districts sharing in the services would contribute proportionately in any school year.

TEACHERS, SUBSTITUTES, AND SUPERVISORS

Miss Rosemary Dickerson of Manchester, England, and Plainfield, N. H., joined the Union School staff in September 1949. Miss Dickerson has had training in physical education, arts and crafts, and elementary school subjects in England, and at the Keene Teachers College. She taught for two years in England prior to coming to this country in December 1948.

Miss Mary V. Thompson of Calais, Maine, became one of the primary teachers at the Union School this fall. Miss Thompson has had experience in rural and elementary schools of Calais, has studied at Farmington Normal School and the University of Maine.

There have been several changes among the high school teaching staff. Mrs. Eleanor I. Sullivan, substitute, of East Rochester was released on April 8, 1949 and Mrs. Mildred D. Hoyt of Hanover came in as substitute, and has remained in such a capacity this year to take a portion of the work which was done by Mrs. Grace T. Guptill and Mrs. Helen D. Ernst.

Mr. Donald B. Chesley asked to be released from contract on December 22, 1949, to accept a position as meteorologist for the Weather Bureau, stationed in Indianapolis, at a salary increase of about \$1,000. Mr. Paul F. Fredyma of Hooksett, Dartmouth College graduate with earlier studies in several colleges and teaching experience in Vermont, was hired to substitute for the balance of the school year.

Mr. Robert S. Holt resigned to study at the Agricultural and Mechanical College of Texas. Mr. Roy E. Harbour, Keene Teachers College graduate of 1949, was employed to direct the Shop program.

Mr. Arthur G. Lucier resigned on November 19, 1949 to become the proprietor of a private retail store in Roch-

ester, N. H. Mr. Leonard C. Kimball of Claremont, graduate of Bucknell University, was secured to substitute in Social Studies.

Mr. Robert S. Soukup, Tufts graduate in June 1949, came to the high school staff as a teacher of mathematics and science.

Miss Joan Kimball of Farmington, N. H., University of Maine graduate and former teacher at Bath, Me., joined in the Home Economics Department in September.

Student Teacher

Plymouth Teachers College placed a student teacher in the Commerce Department of the Tilton-Northfield High School during the first semester of 1949, under the direction of Mr. Elmer LeLacheur. Miss Dorothy Eichel of Shelburne, N. H., was assigned to this school to obtain her student-teaching experience. She worked under the supervision of both Mr. LeLacheur and Miss Leah A. Gray, Junior High Social Studies teacher.

Employment of Teachers on Three-Year Contracts

Under the provisions of the salary schedule established for teachers, employment could be made for three years with those who have worked here for some time and who have accumulated at least six semester hours' credit in studies in the last three years. The top salary for the initial 3-year period was to be \$2800. Several Teachers have qualified and are now holding 3-year term contracts.

Teaching Teachers—Program of Upgrading Staff

A well-trained teacher is the most important part of the instruction in any classroom. In Tilton-Northfield's plan for "teaching" teachers, there are several phases. Three members of the High School staff were sent to Columbia University, by invitation, to work with selected persons from other school departments of the country.

Mr. Russell S. Hanson, Miss Helen E. Martin, and Miss F. Marjorie Cross worked with forty-three persons in class discussions, conferences, and studies of secondary school practices. These may be assigned to further work in the summer of 1950 if acceptable to all parties.

The Teacher Welfare Committee of the Southern Winnetonka Teachers Association has been diligent in its efforts to upgrade teachers through extension courses. The latest course was one in Art Education, for which the salary schedule allows \$100 increases under specified conditions for credits earned through study. Dr. Alice A. D. Baumgarner was instructor.

Art Class Hours 4:00-6:00 p. m.

Chesley, Donald B.	3 credits, graduate
Dearborn, Marion E.	2 credits, undergraduate
Glaude, Doris R.	2 credits, graduate
Gray, Maude A.	2 credits, graduate
Hussey, Anna M.	2 credits, undergraduate
LeLacheur, Elmer I.	2 credits, undergraduate
Meserve, Lulu J.	2 credits, undergraduate
Smith, Natalie	2 credits, undergraduate
Surowiec, Isabelle A.	3 credits, undergraduate

Art Class Hours 7:00-10:00 p. m.

Cross, F. Marjorie	3 credits, graduate
Dickerson, Rosemary	3 credits, undergraduate
Gray, Leah A.	3 credits, graduate
Kimball, Joan	3 credits, graduate
Martin, Helen E.	3 credits, graduate
Nowicki, Stella F.	2 credits, graduate
Thompson, Mary V.	3 credits, undergraduate
Whitney, Pauline	2 credits, graduate
Wynott, Carolyn L.	3 credits, graduate

In summer seasons, Miss Doris R. Glaude attended Boston College for six weeks, studying Spanish and

French. Mr. Roy E. Harbour was at Keen. Mr. Robert Soukup studied at Tufts, and Miss Mary V. Thompson, University of Maine.

High School teachers receive instruction in Hand-writing under Miss Quigley's direction, and the Union School teachers have this with Miss Bertheaume.

The Southern Winnepesaukee Teachers Association Contributes a great deal to the heightened interest of teachers in professional advancement. The programs have been scheduled as follows:

January 5, 1949, Belmont High School

Radio in Education, Mr. William Pingree, WKXL of Concord.

March 4, 1949, Tilton-Northfield High School

Films on Teaching Techniques, Fractions, Punctuation, Dr. Austin L. Olney; University of New Hampshire.

May 4, 1949, Gilmanton Corner School

Improving the Health in the School Environment, Dr. Lura Oak-Bruce, State Department of Education.

Nov. 2, 1949, Tilton-Northfield High School

Remedial Reading at Proctor Academy, Mr. Lyle Farrell.

Jan. 4, 1950, Gilford Grade School

"The Sixth Chair", Mr. John H. Starie, Executive Secretary NHSTA.

Mar. 1, 1950, Belmont High School, Mme Telliez, Exchange Teacher from France and now at Hanover, N. H.

Research—Planning Educational Programs

There may be few industries today with 1500 or more workers, or even 300 or more, where research by some

employees to better the products manufactured, the manufacturing techniques used, or the use of employees' time, is not undertaken. Research is important to industry in its competition. Schools have to do the same, maintain constant touch with better ways of improving the instructional program. In our school department, some of the responsibility for research is delegated to the teacher of special subjects. This teacher with the superintendent helps the teachers to improve the instructional program and to assist boys and girls to learn better, more rapidly, and more satisfactorily.

Teacher of Special Subjects

The teacher of special subjects in the Tilton-Northfield Supervisory Union teaches boys and girls Automobile Driver Education and Training, develops the Social Studies outlines with teachers to keep pace with rapidly-changing world conditions; counsels teachers in the audio-visual instructional means by motion pictures, radio, recorder, records, slide films, pictures, maps, charts, globes, and drawings; helps teachers in the analysis and preliminary selection of textbooks, work materials, and guides; keeps textbook inventories, oversees the use of library books, newspapers, and magazines; teaches all ages of youngsters when an upgrading program for a teacher is in effect; meets with teachers and parents on school problems; and serves the several school departments in the supervisory union in joint efforts with the superintendent. With the advent of the war, the workload of a superintendent of schools in a New Hampshire supervisory union of several towns became terrific, and assistance in some phases of school improvement was necessary, hence the delegation of some of the task of research, testing, and organizing was made to a teacher of special subjects.

SPECIAL ADVISORY COMMITTEE

Report on Action Taken at School District Meeting,
March 9, 1949

"Article 9. On motion of Mr. Thibodeau, it was voted that a Planning Committee of seven, as mentioned by Mr. Westwood, be appointed by the School Board, the President of the T-N P. T. A., and Boards of Selectmen of Tilton and Northfield, to work with the School Committee to study the needs and support for increased school services and facilities in the District. Committee to meet with School Board and report its recommendations to an adjourned meeting."

Following this action on Article 9, the meeting adjourned to June 1, 1949, at 8:00 p. m.

On March 21, 1949, the following seven persons were selected to act with the School Board, and on March 28, 1949, the seven organized by choosing a Chairman and a Secretary.

Chairman: Mr. William F. Desmond, Secretary: Mrs. Helen Y. Andrews, Mrs. Wilma Ker. Mr. Gilman H. Lowery, Mr. Emery L. Thibodeau, Mr. Charles A. French, Mr. Max J. Lucier.

On April 4, 1949, the Committee then met with Messrs. Crawford and Hill of the School Board on finances, personnel, and enrollments.

On April 8, 1949, the Tilton-Northfield School Board was host to the Special Committee and about thirty other persons from this region in a supper meeting at the High School Cafeteria, for a discussion of proposals under a "Cooperative School District." Commissioner of Education, Dr. Hilton C. Buley was the main speaker, assisted by Mr. Harold E. Hyde, Director of Educational Research, State Department of Education.

On May 25, 1949, the Committee met with the superintendent of schools and on May 31, 1949 prepared its report for the adjourned School District meeting.

On June 1, 1949, the School District Meeting extended a vote of thanks to the Special Committee for its report and recommendations (negotiate for purchase of former Charles E. Tilton Estate Park west of Park Road and appoint a committee of ten to work with the School Board as recommended in Mr. Desmond's report, and report at the next annual meeting), terminated its services or responsibilities and authorized the appointment of a similar committee of ten.

On November 19, 1949, a representative of the T-N P. T. A., the Selectmen of Tilton and of Northfield, and the Tilton-Northfield School Board chose the following persons to serve on the committee of ten; and on January 3, 1950, this group met with the School Board to organize.

Chairman: Mr. Emery L. Thibodeau, Secretary: Mrs. Helen Y. Andrews, Mr. Robert B. Chalmers, Mr. Erol Corliss, Mrs. Arthur H. Erholm, Mrs. Wilbur Heath, Mrs. Waldo Ker, Mr. J. Leonard Ledoux, Mr. Alexander MacGregor, Mr. Sebastian Pucci.

On January 11, 1950, the Committee of Ten met without the School Board members to formulate questions and describe procedures.

On January 18, 1950, the meeting adjourned until such time as the School Board had its Budget ready for discussion.

On February 8, 1950, the Committee of Ten met to prepare for a session with the School Board and some school personnel on Feb. 9. The School Board presented the Committee of Ten on Feb. 8, copies of three duplicated booklets: "Report of the Tilton-Northfield School De-

partment (School Board) on School Needs and Support, February 1950", "Report of the Superintendent of Schools", and "A Guide to the Study of New Hampshire Schools."

On February 9, 1950, the Committee of Ten and the School Board met at Tilton-Northfield High School in a pre-arranged two-hour session from 7:30-9:30 p. m. for a discussion of finances, personnel, needs, and support, but the whole time was taken by teachers who informally presented information on the educational program.

The School Board and Superintendent were present with the Special Committee on Sunday evening, February 12, 1950 at Tilton-Northfield High School for a free, frank and full discussion of school needs, services, and finances.

School Finances—House Bill No. 522

With inflation of currency in this post-war period, and with the increased needs of the schools, it has been a hard problem to finance the school program. The result was a deficiency in the 1948-1949 school year.

In years past, the school district has authorized the School Board and Treasurer to borrow money for the payment of operational deficits. In March 9, 1949, the School District voted to issue notes over a five-year period to pay for an \$11,000 operational deficit. This action was later adjudged invalid and the School Board sought action of the 1949 General Court to validate the decision of March 9. It had House Bill 522 introduced, entitled "An Act Authorizing the Tilton and Northfield Union School District to Issue Notes for the Payment of an Operational Deficit for the Year 1948-1949, and Validating Proceedings of the Annual District Meeting on Mar. 9, 1949. This Act was finally passed by the House of

Representatives and the Senate, and signed by the Governor on June 5, 1949.

Petition for Special Meeting

There was some uncertainty about the passage of House Bill No. 522, so the School Board petitioned the Superior Court for permission to hold a special School District Meeting with the same powers as an annual meeting. This special meeting was held at 7:45 p. m. on June 1, 1949, just prior to the adjourned meeting. At that time the voters approved the action requested by the School Board but it was not necessary to use this power. Finally, \$11,000 was borrowed from the Citizens National Bank at a rate of 3%, repayable \$2,200 annually with interest in a term of five years.

The School Budget for 1950-1951

The School Board has made all essential comments about the proposed school budget for the coming year.

Financial Support for Education

In 1783, at the time the New Hampshire Constitution was adopted, the people generally were farmers, or owners of small mills, or operators of little stores. Real estate was then a sound base on which to rest a system of taxation to support the costs of education, roads, and other phases of local and state government.

By 1950, the pattern of life has changed. There are hundreds of opportunities now for a person to earn a living. Present earning capacities are not only in farms, and little mills, and small stores, but also in human intellect, technical skill, law offices, insurance, restauranting health protection, engineering, architecture, recreation, radio, religion, and education. A lawyer's earning

power may be his mental training and verbal capacity. His law library may bear a light tax load, yet his income may be large. An insurance agent may have a rented office and his share in contributing to the expenses of local government may be light, yet his earning capacity may be represented by the heavy demands of his clientele. A bookie may carry his office in his hat, yet his annual take may be undiscovered. Very frequently, such income supports a mighty small share of the cost of local and state government at the present time. The time has come to relieve real estate of some of its tax burden and shift it to the earning capacities of people and to the productive power of people. This can be done by appropriate legislative action.

Parent-Teacher Association

The members of the Tilton-Northfield P. T. A. have been concerned with school matters and have used their energies to promote the educational program. The meetings this fall have given opportunities for people to learn about the system of teaching boys and girls at the Union School, important legislation before the General Court and its action on school laws, "Man Made Miracles" in development of agriculture and husbandry, and the exercise of talents in singing.

The P. T. A. has started to launch a community project involving many parents, teachers, and students in conjunction with a State wide survey ordered by the 1949 Legislature. These persons will be studying and deciding questions raised on "A Guide to the Study of New Hampshire Schools", for which a common report for all school districts will be made before January 15, 1951, and in time for the opening weeks of the 1951 Legislature.

Conclusion

The School Board has presented a clear outline of the needs of the schools between 1950 and 1960 insofar as they can be determined now. There are many citizens in Tilton and Northfield who are taking very helpful attitudes towards the schools and are doing what they can to make the educational program more effective for boys and girls in 1950. There is a corps of conscientious teachers who give excellent and faithful service. Many of these teachers are as good as can be found in this region. There are other competent employees who are unswervingly dependable in their work; the school physicians, the school nurse, the janitors, the bus drivers, and the office force. The morale is high. Altogether, the outlook for the schools of Tilton and Northfield is excellent, yet there is still much to be done if the boys and girls are to cope with problems which loom ahead in the 1960's.

The Superintendent of Schools expresses his thanks to many; school board members, parents, teachers, pupils, health officials, and school employees for their friendly interest, their sincere effort, and their wholehearted confidence in the school organization.

The way ahead may look difficult,
Yet if we struggle forward and gain,
We shall not move backward and fail.

Respectfully submitted,

DONALD. P. MATTOON
