SCHOOL DEPARTMENT

REPORT OF SUPERINTENDENT

TO THE SCHOOL BOARD AND
CITIZENS OF NEWMARKET:

It seems only fitting that a notice of the resignation and death of Headmaster Alvin E. Thomas should be made prominent in the history of your schools. He had made himself a large place in the respect, love and affection of the pupils of the school and was counted a strong factor in the life of the town. His example should make for courage and sterling character in many of those who came in contact with him. He was a strong believer in public education as a factor in producing the highest type of American citizens, and the schools of New Hampshire have been greatly helped by the work and influence of Mr. Thomas.

Mr. H. S. White was elected to the position of headmaster and is a steady hard worker and the school should do good work under his direction.

The following is a report of the registration and teachers in the schools of your town:

<i>Teacher</i>	<i>Grades</i>	<i>No. of Pupils</i>
Miss Jennie Smith	1	37
Miss Martha Flanagan	2	35
Miss Marguerite Farley	2 and 3	36
Miss Jennie Young	3	37
Miss Ruth MacCarlie	4	37
Mrs. Gertrude Emerson	4 and 5	36
Miss Kathleen Bickford	5 and 6	36
Miss Mattie Locke	6	38
Miss Arvilla Colby	7	27

Mr. Norman Golding	7	28
Miss Elizabeth Saunders	8	26
Miss Merina Morrissette	9	24
Miss Susan Walker	10	19
Miss Amber Hall	11 and 12	29
Mr. H. S. White, Headmaster		

The attendance has been good and the number of tardinesses are remarkably few. This shows that the interest in school work is very satisfactory.

Your buildings, on the whole, are in good condition and you have reason to be proud of your high school building. There are some changes or repairs that must be made. The new fence around the primary playground is something that will relieve the anxiety of parents who have pupils attending the primary schools.

I wish to urge attention to the necessity for provision for athletic activities for the high school pupils. Steps are being taken to screen the windows and lights of the auditorium. This will make possible practice in basket ball, but the room is too small for regular games and some other place would make this form of activity more satisfactory. Work was begun on the baseball field, and a satisfactory diamond will no doubt be available in the spring.

One other matter I wish to urge upon the attention of some of the citizens; the importance of at least a high school education for every boy and girl. There are many just waiting until they are sixteen, or are able to pass the eighth grade, in order to leave school and go to work. Experience has taught us that the four years of study in the high school will more than double a person's earning capacity. This from the economic standpoint proves that it pays from the standpoint of dollars and cents to get a high school education.

I wish to thank you for your cordial welcome, and for the help you have given me in my work in your schools.

Respectfully,

L. M. FELCH.
