## COUNTY CONVENTIONS.

---

EXTRACTS FROM THE GENERAL LAWS OF NEW HAMPSHIRE.

---

The County Convention shall consist of the representatives of the towns of the county. They shall meet on the second Wednesday of the June session of the General Court, or other day in the same week, shall choose a chairman and clerk, and may adjourn as they see cause.

The County Convention shall appoint two auditors biennially, one each from the two leading political parties, for the two years next following, whose duty it shall be to examine the account of the County Commissioners and County Treasurer, &c.

The County Commissioners shall furnish said Auditors all the aid and information required by them in the performance of their duties, and shall recommend to the County Convention the sum necessary to be raised for the county for each of the two years ensuing, stating in detail the objects and purposes for which the money is to be appropriated and applied.

The County Convention for each county shall, during the session of the Legislature, raise or grant a county tax for its county for two years; but the tax for each year shall be voted separately for that year, and shall be collected for the year in which it was voted.

The sheriff, the jailer, the physician, the clerk of the court, the solicitor, the treasurer, the county commissioners, and the superintendent of the county farm, of each county, shall make up their reports, separately, to May first, annually, and the

same shall be printed together in pamphlet form, in said month of May, and said reports shall be distributed as now provided by law.

The reports of the several officers named shall contain a summarized account of all their transactions which concern the county, for the current year ending as aforesaid, and the report of the superintendent of the county farm shall contain, in addition, a list of the paupers actually supported at the farm, and the number of weeks each was so supported; and also, a statement of the average cost per week for each pauper, with an explanation of the basis upon which said calculation was made.

# COMMISSIONER'S REPORT.

---

*To the People of Strafford County:*

The Commissioners of Strafford County herewith submit their report for the year ending April 30, 1885, together with the reports of the Superintendent of the County Farm, Treasurer, Chaplain, Physician, Solicitor, Jailor, Sheriff, and Clerk of the Court.

The condition of the finances of the County is very gratifying. The cash balance in the Treasury, at the date of this Report, is \$35,673.87. The net debt of the County is \$64,326.13, a decrease for the year of \$7,567.83. Had it not been for the increase in the cost of supporting paupers, the decrease of debt for the year would have been nearly, if not quite, \$15,000. If the present financial policy is continued, the entire debt will be extinguished in six or seven years, and the County will own as fine a County Farm property as can be found in the State.

The report of the Treasurer gives, in detail, the receipts and disbursements.

The pauper expense has been very large the past year.

The farm expense, less receipts, has been \$17,987.76. The expense of supporting paupers off the farm, less receipts, has been \$9,961.15, making the total pauper expense \$27,948.91; or 55 8-10 per cent. of the total county tax of \$50,000. As stated in the last annual report, the changes in the pauper laws have very materially increased our pauper expense. The

severity of the past winter, and the depressed condition of business, account in some degree for the increase.

Mr. Wm. T. Wentworth and wife, as Superintendent and Matron, have administered the affairs at the County Farm the past year with marked ability, and to the satisfaction of this Board.

RALPH HOUGH, Dover,

JOHN I. HUCKINS, Farmington,

~~REDACTED~~  
*Commissioners of Strafford County.*

I agree with my colleagues in all points in this report, except as to the comments in regard to the Superintendent of the County Farm, to which I take decided exception.

WILLIAM E. WATERHOUSE.

## CHAPLAIN'S REPORT.

---

TO THE COMMISSIONERS OF STRAFFORD COUNTY :

The past year services have been held at the County Farm except through the months of July and August, every Sunday, except when prevented by the inclemency of the weather. The first part of the year these services were conducted by the various ministers in Dover and in the vicinity, by turns. The latter half of the year by the Chaplain alone. An interesting and profitable Sunday School has been maintained throughout the year by the devoted and earnest Matron, Mrs. Wentworth, the wife of the Superintendent. I have taken frequent occasion to visit the inmates in their rooms, to read to them, pray with them, and talk with them on spiritual subjects. I have officiated at the funerals of the Protestant inmates who were buried at the Farm.

New Year's day a very successful Christmas Tree was given to the inmates by the young girls who have attended to this matter in past years. The School, under the care of Miss Minnie Meserve, has prospered under her faithful ministrations. The inmates are well fed, well clothed, well housed, and in the main contented and happy. I have never heard one word of complaint from any of them. I have always been treated with the kindest attention by Mr. Wentworth and his wife, who are doing the best they can do for the physical, moral and spiritual interests of the inmates of the Farm. I hope it may not be considered unbecoming of me to again allude to the

necessity of a more decent provision for the burial of the dead. Another year ought not to be allowed to pass by without providing a better place of burial than the so-called "Sheep Pasture." Respectfully submitted,

ITHAMAR W. BEARD, Chaplain.

## PHYSICIANS' REPORT.

---

TO THE COMMISSIONERS OF STRAFFORD COUNTY :

Gentlemen—A “Physician’s Report” should be a statement of facts and conditions, pertaining solely to the health of the inmates, and the sanitary and hygienic surroundings, of the institution or place where the physician’s official duties are performed. Indeed, such a report, Gentlemen, is what you expect from us, and it is only such that will meet the public demand.

Still another year has passed away, during which time life’s general duties have pressed home upon us all ; while amid our special duties as County Physicians, as also in general practice, we have often wondered that sickness, disease and death were not more prevalent even than they are. If we look about us, and consider the many and varied agents which constantly tend to the production of disease and death in any and every community, however well regulated, we can but have feelings of alarm. These foes to health, in one form or another, are everywhere. in the daily life of the individual, in social life, and in private and public institutions.

Now at the County Farm, during the past year, there have been no diseases, the direct result of an open violation of sanitary laws. This is mainly due to the fact that the buildings and their surroundings are in accord with modern hygienic regulations. There are no exposed water closets or cess-pools ; no bad or imperfect drainage ; no impure water ; no filthy air ; so that, with the present arrangements and isolated location of

the place, none of the so-called zymotic diseases can obtain or maintain much foothold there. Nevertheless, it might not be out of place in this connection, to give a word of admonition to those who have to do directly with the sending of recent cases to the Farm. Too much care and caution cannot be exercised, more especially at the present time, when contagious and zymotic diseases are so prevalent throughout the country.

An increased number of inmates at the farm, reaching the high figure of 218 during the past winter, has resulted as a matter of course, in a proportionate increase of sickness; but the death rate, as may be seen by reference to the table below, maintains only its usual average. As a rule, by far the greater portion of the sickness and deaths occurring at the Farm, as is the case in all similar institutions, is due to degenerative changes incident to advancing years.

There have been four (4) births at the Farm during the year. Three of the children are still inmates of the Institution, only one of whom will probably remain for any great length of time.

The following inmates have died during the year :

| Name.             | Age. | Date of Admission. | Date of Death. | Cause of Death.            |

| Abraham Allison,  | 63   |                    | Mar. 4, '85    | Paralysis.                 |

| John Randall,     | 44   | Dec. — '82.        | Apr. 22, '85   | Paralysis.                 |

As will be seen by the above, one had attained the advanced age of eighty-nine years; five of the others were between seventy and eighty; and five between sixty and seventy. The youngest was twenty-nine, and the average age was over sixty

years. In the Insane Asylum, three deaths have occurred, one each from Phthisis, Cancer, and Apoplexy.

Those upon whom has devolved the care of the inmates, have been earnest and constant in their attendance upon the sick; sparing no pains in their endeavors to make them as comfortable as possible, and causing them to forget, in a measure, the misfortunes which had brought them there, thus mitigating the suffering accompanying disease.

In closing, we would acknowledge the continued favors and helps we have received from you, as Commissioners, extending our thanks to you for the same.

DRS. SMITH AND CHAMBERLIN.
