**TENTATIVE TOWN WARRANT**  
**THE STATE OF NEW HAMPSHIRE**

To the Inhabitants of the Town of Tamworth in the County of Carroll in said State qualified to vote in Town Affairs:

You are hereby notified to meet in the Tamworth School House on Tuesday, March tenth (10) next. The meeting will be in two parts:

1. In order that the following three articles may be legally voted on by Australian ballot, you are hereby notified that the polls will be open for this purpose from 2 P. M. of the clock on Said Tuesday, March 10.

Article 1. To elect all necessary Town Officers for the ensuing year.

Article 2. To choose delegates to the Constitutional Convention.

Article 3. To vote on the question: Shall Sweep Stake tickets be sold in this city or town?

II. The meeting will reconvene at 7 p. m. in said School House to see what sums of money the Town will raise and appropriate for the following purposes and to transact any other business which may legally come before the meeting.

Article 4. To see what time the polls shall be closed.

Article 5. Maintenance of General Government

Approved by Finance Committee \$359 40

Article 17. Perambulating Town Lines  
Approved by Finance Committee \$300 00

Article 18. To see if the Town will raise and appropriate the sum of \$1200.00 to purchase a Rotary Broom.

Approved by Finance Committee

Article 19. To see if the Town will vote to raise \$25 to be expended in cooperation with the New Hampshire Forestry and Recreation Commission for the opening and maintaining of trails and old roads for forest fire protection. The New Hampshire Forestry and Recreation Commission to provide a matching sum not in excess of \$25.00 for this purpose.

Article 20. To see if the Town will authorize the Selectmen to continue the Planning Committee for another year.

Article 21. To see if the Town will vote to raise

and appropriate the sum of \$750 to further the work of the official mapping of the town.

Article 22. To see if the Town will raise and appropriate the sum of \$7,000.00 for a culvert to replace bridge at foot of Cleveland Hill.

Article 23. To see if the Town will raise and appropriate the sum of \$100.00 for care of trees.

Article 24. To see if the Town will raise and appropriate the sum of \$2,500.00 as the initial payment on a fire house in memory of Almon G. Evans to be located in Tamworth Village. The remainder of the money to be raised over five years as follows:

1965	—	\$2,000.00	plus interest of	\$300.00
1966	—	2,000.00	plus interest of	240.00
1967	—	2,000.00	plus interest of	180.00
1968	—	2,000.00	plus interest of	120.00
1969	—	2,000.00	plus interest of	60.00
Total principal		\$12,500.00;	interest	\$900.00

Article 25. To see if the Town will raise and appropriate the sum of \$2,000.00 for new construction on White Lake Road.

Article 26. To see if the Town will raise and appropriate the sum of \$2,000.00 providing the State of New Hampshire will furnish \$4,000.00 for work on Wonalancet Road.

Article 27. To see if the Town will vote to extend the term of office of all Town Officers until 10 A. M. of the Saturday following Town Meeting.

Article 28. Inasmuch as the Tamworth Congregational Church is willing to assume the care and

repair of the clock in the Church steeple, to see if the Town will vote to rescind a portion of the 1910 Town Meeting. Said section read: . . . . “and all succeeding boards to pay for the care and repair of said clock.”

Article 29. To see if the Town will vote to authorize the selectmen to borrow money in anticipation of taxes.

Article 30. To see if the Town will vote to authorize the selectmen to distribute inventory blanks on April 1st.

Article 31. To see if the Town will vote to authorize the selectmen to dispose of any property acquired through tax collector's deeds.

Article 32. To transact any other business that may legally come before the meeting.

## REPORT OF FINANCE COMMITTEE

The Finance Committee met on Thursday evening, January 16th. All members but one were present, and Mr. Clifford Streeter, our Road Agent. Discussions were lively, though no fur flew, and, for a Finance Committee, we were pretty open-handed.

Mr. Damon first explained that the Selectmen would like to have \$70.00 a piece added to their expense accounts for assessing. The theory behind this most sensible and long overdue request is that in this way the Selectmen will be able to take a week off, and do all their assessing at once. This will not only expedite matters, but keep the assessing problem in one piece. This was recommended by the Committee.

Considerable discussion, as usual, centered around the Town Dump (still the best view in town if you don't look down and hold your nose). A great deal has been done to improve the dump this year—the protective fence has been replaced, a road bulldozed along the East side, and during the dry spell, the custodian was in attendance all day every day. Our dump is kept bulldozed regularly, but a dump is a dump. Citizen cooperation will help tremendously to keep it neat and clean. The Selectmen urge that all refuse be thrown as close to the edge as possible.

A great deal was said about spraying the roadsides after the bushes had been cut. This is a very delicate problem, on which there was considerable disagreement. There is no doubt that spraying is injurious to wild life—particularly to birds. On the other hand, it was felt that if the spraying were done after the bushes were cut, and just as they begin to leaf out, the results would be permanent and the

dangers kept to a minimum. It was agreed that this matter should have some coverage at Town Meeting.

Mr. Damon brought up the matter of a road brush, which can be bought for around \$1200.00. He proposed that this be bought by three towns, and used jointly, each one paying his share. This idea was promptly jumped on by the Finance Committee as unfeasible, and calculated to bring on a lot of inter-town fights. Since it costs some \$300 to brush the roads by hand each year, before tarring, we felt that it would be worthwhile for the Town to buy this brush on its own. If any other town wanted to use it, it could be rented out complete **with truck and driver**. The Selectmen seemed happy about this (since this is what they wanted in the first place) and the Finance Committee approved the purchase.

After considerable discussion, it was deemed wise to approve our inclusion in the Lakes Region Booklet.

A great deal of time was spent about the Fire Department, but as one of the representatives was unable to be present, any action was tabled, beyond the amount in the budget.

At the urgent request of Mr. Robert Ward and others, the meeting was adjourned. I still think the Finance Committee should meet more often, and not stay so late.

Submitted,  
FRANCIS G. CLEVELAND

## REPORT OF THE PLANNING COMMITTEE

The Planning Committee, as authorized by the 1963 Town Meeting, has held six meetings of the full committee and a number of smaller group meetings.

The first part of the year was given over to discussion of the Tamworth Lakes Project and to the Town Map Project. Additionally, there was much discussion of the Town's needs for recreational and employment opportunities, both as they exist now and as they may develop. The committee read and has studied the report of the Rural Area Development Committee on Carroll County. This report has been deposited both in the Tamworth and the Chocorua Libraries. It is the hope of this Committee that the report will be read by the residents of the Town.

The Committee had sincere interest in the project for the creation of the Tamworth Lakes and explored aspects of the plan in which the interests of the Town needed safeguard. Plans for the Lakes Project have now advanced to the stage where accurate surface surveys and numerous sub-soil borings are necessary to determine the actual feasibility of the proposal.

It was hoped at first that money for such surveys would become available through the Rural Area Development Program. However, funds for surveys are not available through R.A.D. It seemed wise therefore, to proceed through the Flood Control Program. Flood Control for the Bearcamp watershed has previously been studied by the Flood Control Section of the Corps of Engineers. Work was not authorized at the time, since the cost of the work then outweighed the probable damage.

Today, the conditions are changed. Requests have been made to the proper authorities to reactivate flood control for the Bearcamp. Should control be authorized, the surveys will be made when Government survey teams become available.

After some thought, the Committee agreed that the Town Mapping Project had become too complex and technical to be carried on, as it has in the past, wholly by volunteers. A request was submitted to the State Resources and Development Commission for funds to continue the work. So far, no money is available. In all probability, the mapping of the Town must be done over a period of years with Town money.

As to recreational facilities:—What should be their nature? Should the effort be directed towards attracting the tourist and the skier? Should the resident family groups be our concern? On these questions, there was little agreement.

One meeting of the Committee was devoted to the listing of Tamworth's assets and liabilities. Suggestions as to ways to build up the assets and lessen the liabilities ran all the way from the need for more stable employment to a clean-up campaign and the beautification of the approaches to the Town.

Out of much discussion, several areas have been uncovered in which the Committee believes that the interests of the Town must be protected. One concerns the construction of driveway entrances from the Town roadway. In a number of instances, the drainage ditch has merely been filled in. With no provision for run-off, the flow of water digs out the roadway. Repair of these unnecessary washouts is a material expense. Recommendations have been made to the Selectmen that no new driveway entranc-

es be permitted save by permit issued by the Road Agent who shall, in each instance, determine whether or not a culvert is necessary. Should a culvert be necessary, it is recommended that the cost of the culvert be borne by the owner and that the cost of its installation be borne by the Town.

Since the lakes, ponds, rivers and brooks of Tamworth are among Tamworth's most valuable assets, the Committee feels that considerable effort needs to be made in safeguarding the purity of these waters. This involves cooperation with the State in the enforcement of existing state law relating to sanitation and the control and eradication of sources of pollution.

There are several other areas involving health and safety which need exploration at the Town level while so large a project as that of the Tamworth Lakes is still in the planning stage.

Respectfully submitted,  
THEODORE C. BROWNE, Chairman  
STEPHEN F. DAMON, Selectman  
LILLIAN C. MCGREW, Secretary

## OUR TOWN 1963

This section of the Town Report replaces the Detailed Statement of Payments. It is an experiment in which the Selectmen hope to present a clearer picture of town government and to point out some of the important happenings of the year. Your comments are invited.

The ledgers, vouchers, and checks have all been audited as usual and anyone who desires to know to whom specific moneys were paid is free to go over the records in the Town House. They are public property. The Comparative Statement on page will give you the list of appropriations and expenditures. They can be found in a different form in the Budget and Financial Reports.

### Town Government

Tamworth has a resident population of 1,016 and covers an area of approximately 36 square miles. It has around 100 miles of roads to be maintained, 17 of which are tarred. In an average winter storm our road crews plow between 300 and 350 doorways. On a holiday weekend it is likely to be more than 600. Like other small New England towns, Tamworth has three selectmen, a town clerk, a tax collector and a treasurer on its payroll. The auditors and trustee of the Trust Funds are also paid from Town Officers' Salaries. Tamworth had an assessed valuation of \$5,130,336.00 for 1963 with \$54,850.00 worth of veterans' property exempt leaving a net of \$5,075,486.00. This is almost evenly divided between resident and non-resident owners. The Selectmen are the Board of Assessors and this means they must have a working knowledge of every piece of property listed in order to be just and fair. Upon their judgment depends the share of the town and school budgets you will be

called upon to pay. This is a very large job and a great responsibility and is too often done on the fringes of time — weekends, evenings, etc. The present Board of Selectmen feel it would be more efficient if they devoted full time to assessing for one week. This would cost an additional \$210.00 and is included in the 1964 budget under Town Officers' Expenses.

When you vote money at town and school meetings, you order the Selectmen to raise it by taxation. Any estimated income is subtracted from the total amount voted and the result is divided by the assessed valuation. The answer is the tax rate. This year it was \$32.00 per thousand of assessed valuation. The State of New Hampshire is urging towns to try to assess at 100% of valuation and many of them are trying to do so. Every second year an appraiser from the State makes a spot check of from fifteen to twenty-five houses. His appraisals are then compared with those of the Selectmen and what is known as an equalization factor is arrived at. If, for example, the State's figure is double that of the Selectmen, the equalization factor those two years would be 50%. Tamworth's factor for these two years is 85% which means that we are approximately 85% of full valuation. This equalized valuation is used in computing our share of county tax and in school loans.

We had no primary elections in 1963 so we had rather a small appropriation for Election and Registration. It became necessary to revise and reprint the check lists as the supply was exhausted. 1964 will see much more activity with a primary and a national election coming up.

The Selectmen had planned to paint the floor in the Town House under the 1963 budget but this had to be deferred to 1964. Our Town House is a beau-

tiful old building but the interior badly needs redecoration. However, it was necessary to build a shed to house the highway salt so that room in the town garage could be made for the town bulldozer, flatbed and snow plow blade. Salt should not be stored in the garage in any event as it rusts out the equipment.

The Selectmen are glad to report a relatively quiet year police-wise. Our two officers, Emery Roberts and Joseph Streeter, were called out on the usual routine checks, accidents, emergencies, etc., but there appears to have been less vandalism and malicious mischief. However, any is too much and when it happens, you, the taxpayer, help pay the bill.

### Highways

In addition to the amount we raise at Town Meeting for Summer and Winter Maintenance, for special projects such as White Lake Road and the Village Bridge, we participate in a program run by the State called Town Road Aid (TRA), and many years we receive small but welcome amounts from the Duncan Fund. The latter is dispensed by the State to towns with many miles of roads to maintain in relation to their equalized valuation. In 1963 Tamworth received \$725.97 from this source. Naturally it can be used only for certain types of improvements. This year it was put on the road above Cold River Bridge in South Tamworth. Next year it is planned to use it on Page Hill. In TRA the town is asked to raise a stipulated amount — this year it was \$1,020.68 — the State then puts up between \$5.00 and \$6.00 for every dollar raised. This again can be used only to build or improve roads and cannot be used for routine maintenance. The work done must meet the specifications of state engineers. This year the money was used to complete work on Cleveland Hill.

1963 was a year of weather extremes. It blew itself in with a storm of hurricane proportions leaving roads blocked, trees down, and people marooned. January, February and March dumped record amounts of . . . There were times when one storm was not entirely cleaned up before another was upon us. It was a test of men and equipment. The entire proposed winter appropriation was used before Town Meeting. In today's world good roads are an essential but they cost money.

We raised \$1,100.00 in the General Highway Fund. This fund takes care of equipment owned by the town and of expenses which are neither summer nor winter. It cost more to repair the Town Bulldozer than we expected but with the gift of the flatbed by the Tamworth Foundation the bulldozer is being used much more extensively on town work.

### Dump

Another place 1963's weather shows up is in the expenditures for the Dump. After the unusual snow fall, August and September brought drought conditions approximating those of 1947. Fire became a major hazard and a twenty-four hour threat. At the dump a fire can smoulder for days and suddenly break out if fanned by a dry wind. Several bad blazes were narrowly averted by the quick action of the fire department. The tank truck was invaluable. There seem always to be a few persons who, in spite of signs, cannot resist touching a match to refuse. Forest fires are partially re-imbursed by the State but dump fires are not. Some \$300.00 was spent on fires at the dump. We kept the custodian, James Ames, on the job for several weeks extra. The wire fence around the dump was replaced to confine blowing paper and a road was bulldozed around from the east so there would be another way in to fight fire. State

experts claim it takes \$2.00 per inhabitant to run a town dump. If this is true we haven't come off too badly. We rent dumping facilities to the State for White Lake Camp Grounds so that we usually have an income of \$250 per year. Through an error, the check was not received in 1963 business but you will find it in the report as a receivable.

### **Town Needy**

This includes any help which must be given to Tamworth residents who are in financial distress due usually to illness or unemployment. The cost of the surplus commodity program — both the cost of the food and the transportation from the County Home—comes from this fund. During the year we have had four children for whom we have paid whole or partial support as under the law the town is legally liable. Soldier's Aid is another form of assistance.

### **Old Age Assistance**

This program is supported by the town, the State and the Federal Government but it is administered by the State. For those who are eligible the town pays  $\frac{1}{4}$  the cost.

### **Tamworth Foundation**

A word must surely be said about the work of the Trustees of the Tamworth Foundation. They put in hours of time and thought regarding the needs of the community so that it will be a better place for us all to live and bring up our children. On the whole they follow a policy — and we think it a wise one — of not lifting the burden of day-by-day expenses from the taxpayers but rather of providing the jam for our plain bread and butter. In other words they supply some of the luxuries which we could not afford.

## Fire Department

The dry season kept the fire fighting equipment and personnel on the alert day and night. We owe them a debt of gratitude, for the fact we had no bad fires is not all the result of luck. Remembering 1947 several citizens volunteered to patrol roads in their own areas and after consultation a fire patrol was set up to patrol other roads several times a day. There were six forest fire alarms but none of the blazes got out of control.

## Ordinances

It may be well to call to mind the following town ordinances:

It is unlawful to dispose of dead animals in the town dump. They should be buried.

It is unlawful to dispose of septic tank or other sewage in the town dump.

It is unlawful for peddlers to go from door to door without a permit from the town clerk. This does not apply to school children or to residents selling their own produce.

## Summer Town Meeting

The third meeting of summer residents was held this year. While this is not a legal meeting it does give these property owners, who have very little voice in town affairs but who pay about half our taxes, an opportunity to discuss the town and school budgets. We have been surprised at how many summer people will give up a Saturday afternoon for town affairs.

## REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump — its safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with “Smokey the Bear” and “Keep New Hampshire Green” and growing in 1964.

## TAMWORTH OUTING CLUB, INC.

### ACTIVITIES REPORT 1962-1963

Tamworth Outing Club was organized "to promote and encourage outdoor sports and recreation suited to the region." Residents and non-residents of Tamworth may become members by paying annual dues of \$5.00 for active membership and \$2.00 for non-voting membership. The annual meeting is held in August and the Board meets the third Monday of each month to transact business. Members are welcomed at these meetings also.

The activities are varied and provide recreation for all ages.

A fishing derby for youngsters up to the age of 16 was held as usual in the spring. Local merchants cooperated by selling prizes to T.O.C. at a discount and by registering fish caught. The latter is often a smelly business! The winners were: Class I, Peter Goodson, Raymond Streeter, Mike Boucher; Class II, Dale Jennings, Forrest Johnson, Alan Perkins; Grand Prize winner, Dale Jennings.

During the summer months square dances were held each Thursday with Ned Behr as caller. Until mid-August they were true barn dances but when Huckins Barn burned to the ground we were forced to move to Tamworth School.

The annual Tennis Tournament for children and adults was held on various courts in Chocorua over Labor Day Weekend. Frank Vincent and Joan Lincoln managed the junior events.

Two trap shoots were planned for weekends prior to the opening of the bird season. One was rained out but the second was well attended and numerous families undoubtedly had chicken for dinner the fol-

lowing day. Prior to the deer season a shoot was held in Roberts' gravel pit with both stationary and moving targets. The club is grateful for the use of the pit.

In mid-December T.O.C. members cut, transported, erected and decorated the Village Christmas tree. We might add that the big blow last New Year's increased our light bulb bill considerably.

In December two evenings were spent scraping and lacquering skis in readiness for the children's ski classes. In addition to this, Ned Behr spent a goodly number of hours repairing skis and poles and putting bindings on the new skis purchased this year. We buy some new equipment each year but there is never enough to go around. Donations of used skis, poles, and boots are appreciated. Any child who owns his own skis may also receive instruction at no charge. As last year, three instructors from Tamworth and two from the Whittier Ski School will teach our children at the Whittier Ski Area. It may be necessary to hire a third instructor, for 70 children have registered to date. We are indeed fortunate to have the use of the slope and lifts at no charge. Last year the classes met ten times—a record. The Tamworth Foundation helps this activity of the club by paying the ski instructors and the transportation bill.

When snow is deep on Page Hill the slope will open up for business with Sam Hidden and David Helme in charge. The Hill is an excellent place to perfect your technique at a very moderate cost. We will continue to operate the slope if attendance indicates that there is a definite need in the community.

Respectfully submitted  
MARGARET A. KING,  
Secretary

## COOK MEMORIAL LIBRARY

The trustees and librarian of the Cook Memorial Library are most appreciative of the gifts of money, books and magazines received this past year. Also grateful to the Tamworth Foundation for its annual contribution for new books. This year the Foundation made possible the installation of three new light fixtures.

The Tamworth Garden Club adds much to the appearance of the building by both summer and winter arrangements in the window boxes and two lovely Christmas wreaths for the windows.

Circulation for the year, filling approximately 1550 requests:

Fiction 2089

Non-Fiction 775

Juvenile 500

835 books were borrowed from the bookmobile and many special requests were filled by the State Library.

HELEN B. HIDDEN

**THE STATE OF NEW HAMPSHIRE**  
**TENTATIVE WARRANT**

To the Inhabitants of the School district in the town of Tamworth qualified to vote in district affairs:

You are hereby notified to meet at the Tamworth School in said district on the 4th day of April 1964; at 2:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the School Board to make application for and accept in the name of the school district for educational purposes such funds or grants-in-aid as may be obtainable from the State or Federal Government or any department or agency thereof, or any other sources.

10. To see if the district will authorize the school board to accept in the name of and in behalf of the school district the proposed Memorial Addition by the Tamworth Foundation and pass any vote relating thereto.

11. To see if the district will authorize the school board to accept in the name of and in behalf of the school district any other gifts.

12. To see if the district will vote to request and recommend to the School Board that the annual district meeting in 1965 be called in the evening.

13. To see what sum of money the district will vote to raise and appropriate to provide full time janitor service at the Tamworth School.

14. To transact any other business that may legally come before said meeting.

Given under our hands at said Tamworth this 4th day of April, 1964.

HAROLD B. TRASK  
STANLEY B. COVILLE  
EMILY M. JENNINGS

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Tamworth:

The Interim Commission report to the 1963 Session of the General Court recommended that the number of Supervisory Unions be reduced. This meant that the size be increased. The State Board of Education began to implement these recommendations in Union No. 36. The formation of the Governor Wentworth Regional School District gave impetus to the action. As of July 1, 1964 Tamworth is a member of Union No. 9. Conway is the center of the new Union which adds three towns—Tamworth, Madison and Freedom—to the old Union. Increased size should mean additional services for the pupils of this new Union. The nature of the additional services will be determined by the Supervisory Union Board.

Problems in any governmental area are many. They are also varied and in many cases complex. Educational activities are no exception. The basic problem—providing the background for our children that will enable them to compete successfully in the world of tomorrow—is especially complex. It involves many areas. This report will involve only a very limited number of the many aspects of this problem.

The schools of today and tomorrow should offer a balanced program designed to meet the needs of children. Such a program would recognize the potentialities of children in many areas and build upon those potentialities so that every child could attain his highest level of achievement. This comparatively simple statement is far reaching and involves many problems.

The first and perhaps most complex problem—selecting content for our educational program requires great knowledge and considerable foresight. The needs of our children in the civilization of the 21st century are difficult to foresee and yet we must, as best we can, determine what these needs are. This means that content of our educational must be in a constant state of flux so that we may adjust to meet those needs as they become apparent.

Assuming that we have solved satisfactorily the problem of determining content our next problem becomes that of organizing the content selected. At what levels should the various elements be introduced? Should we emphasize the current practice of spiraling content? As we answer these two problems we evolve a curriculum designed to enable our children to meet the problems they will face as citizens of the state and nation.

There can be no question that the content selected will of necessity be greater than previously. The expansion of human knowledge in the 20th century has been extensive. The vast body of knowledge should be taught in the same span of time as we have used in the past. This then involves greater efficiency in the teaching of such knowledge. The use of mechanical teaching devices will be of great help. Audio visual equipment will assist teachers in covering material. In addition instructional techniques are being perfected that will result in greater depth of learning in shorter periods of time.

These are some of the problems education is facing. Content to be offered, organization of content and methods of disseminating content selected are problems to be solved in the immediate future. Increased personnel will aid in finding the solutions. Although these comments have been generalized the implications can be specific. The school district

through its school board, administration and staff should prepare to move forward and meet the challenge.

Physical facilities are adequate. The next steps are to provide the equipment and time necessary to accomplish the task.

Expansion of the curriculum is a partial answer to the problems. The district has recently expanded the curriculum in two areas. The most recent subject added was French. To attempt to evaluate this program is difficult and premature since our only criteria must of necessity be subjective. More objective measurement can be utilized when Tamworth pupils begin study of French at secondary level. Based, however, on subjective judgment the program has created interest and the students look forward to class meetings. The success of the students in the French program will be an objective measurement of the program's worth.

Music is a program that has great avocational value. The technological advances in industry—have resulted in a larger amount of free time for all the working population. To stimulate an avocational interest that provides for the wholesome recreational activity is desirable. The program is growing and has proven its worth in several ways. Accuracy of pitch and purity of tone are evidenced at an earlier age. Harmony is being introduced. The graduates in increased numbers are participating in the vocal groups at secondary schools. These are gains that will increase as the program gains increased momentum.

The school community is to be congratulated on its efforts to expand its curriculum in these areas.

Respectfully submitted,  
EVERTON H. PARKINSON

January 27, 1964

Superintendent of Schools

**TAMWORTH SCHOOL DISTRICT  
PROPOSED BUDGET**

The following detailed information, based on the new accounting system for School Districts, explains the anticipated financial needs of the Tamworth School and to defray other statutory obligations of the district.

100 Series

ADMINISTRATION

Administration consists of those activities which have as their purpose the general regulation, direction and control of the affairs of the school district. The salaries and expenses of the district officers are included in this series.

Salaries of District Officers

School Board Members	\$900 00
District Clerk	10 00
District Treasurer	100 00
Moderator	5 00
Auditors	16 00
Ballot Clerks	16 00

---

\$1,047 00

Approved by the Budget Committee

Other Expenses

School Board Clerk	100 00
Expense of Annual Meeting	50 00
Postage & Telephone	50 00

---

200 00

Total for Administration

---

1,247 00

Approved by the Budget Committee

## 200 Series

## INSTRUCTION

Instruction consists of those activities dealing directly with or aiding in the teaching of students or improving the quality of teaching.

## Salaries

Principal	5,250 00	
Supervisor (Music)	850 00

THELMA ROBERTS, R. N.

## TAMWORTH NOON LUNCH REPORT

1 July 1962 to 30 June 1963

Hot lunch was served at the School on 181 days with an average daily participation of 149.4 children and 7.6 adults. Also on 181 days Special Milk was served with an average daily participation of 100.8 children. Total Children's lunches served 27,034, 26,464 at 15c, 413 at reduced cost, and 157 free, 1369 were served to adults making a total of 28,403 lunches served. 18,259 half pints were served to children under the Special Milk program and 135 to adults. As a half pint of milk is furnished with each lunch a total of 46,797 were consumed. A child that was in both programs drank over 90 quarts of milk during the school year.

## TAMWORTH SCHOOL LIBRARY

For the eighth year the school library is open one day a week for the pupils. A group of mothers prepares the books the day before and on library day, Ronald Streeter opens the bookcases and assists the librarians before school begins.

This past year 7,121 books were given out, an average of 277 a week.

In December we received a generous bequest from the estate of Mrs. Albert Atwood to purchase books for the children.

As in the past few years financial help from the Tamworth Foundation has been invaluable. It enables us to keep the library stocked with new books as well as replacements for those worn out.

We also borrow books from the Town Library and the Bookmobile which comes twice a year.

Submitted,

MRS. SYDNEY MATHER

MRS. ROLF SPICER

MRS. HARRY DAMON

Librarians
