TOWN OF WESTMORELAND
TOWN ROAD ESTIMATE FOR 1944

SURFACE TREATED GRAVEL:

Maintenance of 3.58 miles of surface treated gravel @ \$135.00 per mile,	\$483 30
--	----------

SURFACE TREATMENT:

Walpole Riv. rd.	.30 mi. @ 1/5 gal. tar 1500 gals. @ \$450.00 per mi.	\$360 00
River road	1.60 mi. @ 1/5 gal. tar 3000 gals. @ \$450.00 per mi.	720 00
Spofford road	.70 mi. @ 1/5 gal. tar 1300 gals. @ \$450.00 per mi.	315 00
Gilbo station rd.	.10 mi. @ 1/5 gal. tar 200 gals. @ \$450.00 per mi.	45 00
Old S. A. by cemetery	.38 mi. @ 1/5 gal. tar 725 gals. @ \$450.00 per mi.	171 00

Total,	3.58 mi. @ 1/5 gal. tar 6725 gals. @ \$450.00 per mi.	\$1,611 00
--------	---	------------

\$2,094 30

NOTE. The estimate of surface treatment work includes the cost of tar, putting out sand and other work involved in surface treatment work.

As the above roads were treated in 1943 the surface treatment work could be omitted this year if the existing surface is not damaged by winter and spring weather.

This money would be enough to tar 1.50 miles of new road if the town so wished.

CALCIUM TREATED GRAVEL:

Same as last year	7.05 mi. @ 4 tons per mi.	28 tons calcium @ \$21.50	\$608 00

Report of Committee on Mrs. Abbott's Westmoreland History:

The committee has been fortunate in securing the help of Mrs. Taylor in arranging and typing the family genealogies.

Mrs. Taylor has worked for sometime with a noted genealogist, therefore is familiar with the type of work.

It is difficult to state what per cent of the work is completed but we estimate it to be about three-fourths done. When completed one copy will be placed in the Town Library and the other copy to be kept with the Town Clerk's records.

RUTH E. BURT,
GLADYS L. PLOOF,
RUTH K. CHURCHILL,
Committee.

Your committee is happy to report that a successful Christmas party was given to the children according to tradition. We are grateful to the Board of Selectmen for supplementing the Briggs Fund so generously in a difficult year, and also to our other friends.

HELEN P. TERRY,
OLIVE E. NIMS,

Committee.

REPORT OF THE LIBRARY TRUSTEES

This fall the Library Trustees inaugurated an Extension service to the three outlying schools where distance and road conditions prevent easy access to the Library. A selection of books for children has been made by a teacher who relays them to another school and then procures a new selection which in turn is sent on. It is now proposed that some adult books be added to this group of children's books with the teacher in each school being responsible for their circulation. It is the hope of the Trustees that the Library can thus extend its scope and be of real public benefit and service to the whole community, especially in this time of curtailed transportation.

It is the sincere desire of the Trustees to be of service and will welcome suggestions for the Library as an educational and recreational institution.

EDITH F. BRIDGEMAN,
ELIZABETH M. MOORE,
LUCY L. THOMPSON,

Trustees.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the School District of Westmoreland, of which the above is a true summary for the fiscal year ending June 30, 1943 and find them correct in all respects.

OLIVE E. NIMS,

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Westmoreland:

I herewith submit my annual report as Superintendent of Schools:

ORGANIZATION AND ENROLLMENT

Changes were made in the teaching positions as follows:

Mrs. Dorothy Dunn was elected to teach the Corner school. Mrs. Dunn is a graduate of Keene Teachers College and has taught all elementary grades previously. Her training and experience has been supplemented with recent attendance at summer school.

The vacancy in the upper grade position at the village school was filled by the appointment of Marjorie Nelson. Miss Nelson attended Keene Teachers College and will receive a degree this year.

In view of the very acute shortage of teachers, we were fortunate in starting the school year with a qualified teaching staff. Some adjustments were necessary in order to meet emergency situations, but in every case, the teachers were well prepared for the work assigned to them.

The problem of finding teachers for our rural schools has been very difficult. The few new teachers who are available early in the season, seek positions in larger towns which are convenient to public transportation. The positions in these communities usually offer the added inducement of higher salaries and fewer grades.

Many schools in the state opened last fall with teachers approved only because of the emergency. The supply of this type of teacher is also very limited and vacancies occurring

during the year have been practically impossible to fill. The situation next year will be even more serious.

Our teachers have worked unusually hard this year and have willingly accepted all of the increased work and responsibility placed upon them as a result of special war time activity.

We must continue to operate our schools at the present high standard, if possible. The children now attending school cannot relive their school years or make up for the loss of benefits to which they are entitled. A good teacher, qualified by training and experience, is the most important single factor in maintaining standard schools. Each district, I believe, should give attention to the seriousness of the teacher supply situation and should make every possible effort to retain the teachers who are now in service in the district.

The plan of uniformity in text book adoptions, which was established several years ago, has been continued. Under this plan new books are purchased within budget limits according to a definite list of book adoptions. The books on the list are adapted to the grades for which they are selected and conform with the outline of studies prescribed in the State Program. In most cases the books on the list of adoptions have been selected by groups of teachers or recommended after trial by some of our more experienced teachers. This plan of introducing new books tends to secure a uniformity of instruction in the schools of the supervisory union and benefits those pupils who move about from school to school.

In practically all of the districts of the union the budget limit for books is established each year at the state average cost per pupil. This amount is usually sufficient to purchase the additional books for new pupils and to replace worn out copies. It does not, however, permit much expansion into new or additional material. Our pupils would benefit if the usual budget amount could be supplemented occasionally with an additional appropriation for the replacement of out dated books. This situation is especially necessary in the field of social science and the language arts where unusually rapid changes in content and instructional method have occurred.

MUSIC

All of the pupils in the Westmoreland schools are receiving the benefit of special instruction in music. The music supervisor visits each school during the week to teach and to outline a music program for the school. Mrs. Whitecomb reports that steady progress has been made and that the interest and results at each school are encouraging.

Improvement is apparent in vocal quality, song repertoire, rhythmic recognition and activity, feeling for mood, appreciation of vocal and instrumental music, study of history and composers, reading ability, theoretical knowledge—all of which is attained through the medium of ear training, written work, rhythmic activity and singing.

It is gratifying to observe so many children "finding" their singing voices, and young and older pupils manifesting joy in participation in the music program.

HEALTH

Good health is a vital factor in constructive, happy, and cooperative living. Health education is an integral part of the school curriculum. The teacher has innumerable opportunities to contribute to the health growth of children through the development of a working health education program.

A physical examination of each pupil is made annually by the school nurse. When necessary, frequent check-ups are made annually by the school nurse. When necessary, frequent

check-ups are made. A record of defects is kept and every possible effort is made to direct serious attention to correcting them promptly.

Health inspection showed the following defects:

81 pupils were inspected.

9 pupils were underweight.

2 pupils shower defective vision—uncorrected.

62 pupils were in need of dental care.

14 pupils were advised to have throat and nose examination by a physician.

2 pupils were unvaccinated—without proper excuse.

Dental clinics were held for South Village School, February 10, 1943; Depot School, March 25, 1943; Corner School May 7, 1943. Work was done as follows:

Number of pupils treated,	43
Number of pupils having teeth cleaned,	38
Number of pupils having porcelain fillings,	7
Number of pupils having silver fillings,	43
Number of pupils having extractions,	12
15 pupils had their teeth cared for by their own dentist.	
1 pupil was treated privately for tonsils and adenoids.	
1 pupil had special eye examination and defect corrected.	

Hearing tests were given to all pupils from 3rd to 8th grades; three pupils showed defective hearing.

BUILDING AND EQUIPMENT

Repairs and improvements were made at the school buildings as follows:

New shares were purchased for all windows at the Corner school.

The interior of the building at the Depot was painted. Four teeter-boards were provided for the playground. A gas stove with plate and fixed oven was purchased for use in preparing hot lunches. A deep box pump valve was installed to eliminate trouble caused by freezing. Seven new storm windows were purchased.

A new flag pole and a new lock for the back door were provided at the Village school.

At East Westmoreland the walls and ceilings in both rooms and the front entry were painted. The woodwork in the kitchenette was painted. Repairs were made on the front door lock.

STATISTICAL REPORT, 1942-1943

Total registration,	111
Average membership,	86.58
Percentage of attendance,	93.99
Cases of tardiness,	196
Number of pupils not absent or tardy,	1

Twenty-nine pupils attended high school as follows: Walpole High School 14, Keene High School 14, Brattleboro High School 1.

The large spread between the average membership and total registration indicates a fluctuation in enrollment due to transient pupils. The teaching situation where pupils are coming and going is not ideal. There were too many cases of tardiness for the number of pupils enrolled. These were due to repeated tardinesses on the part of a few pupils.

I wish to thank the members of the School Board, teachers, parents, and pupils for their cooperation during the year.

Respectfully submitted,

CHARLES D. DALZELL,
Superintendent of Schools.
