# Superintendent's Report

---

To the Errol School Board:

I hereby submit for your consideration, my eleventh annual report of the Errol schools.

At the close of school last June, we lost two of our teachers; viz., Daphne Hurlbert and Ethel Bartlett. Owing to our small enrollment and no pupils in town for grades nine and ten, it was voted by the School Board, with the consent of Commissioner Pringle, to suspend the high school grades for a year and combine the remaining grades and have but two teachers for a year. The teachers are as follows: Harry R. Conway for grade five through eight and Esther H. Bean for grades one through four. For next year, I suggest replacing a teacher for grades four to six. This would restore the elementary grades as they were a year ago; viz., primary grades one to three, intermediate grades four to six and the high school grades seven to nine. I would also suggest that the department of home economics be postponed for one more year.

It is estimated that our registration for another year will be as follows: Grade nine, six pupils; grade eight, seven pupils; grade seven, seven pupils; grade six, six pupils; grade five, five pupils; grade four, eleven pupils; grade three, two pupils; grade two, seven pupils; and there is no data available for grade one.

Nancy Hawkins, Larry Lizotte and Anne McLeod were the three pupils who had a perfect attendance record for the past year.

Last June, the following eight pupils completed the work of the tenth grade: Muriel Turner; Raymond Muise; Clarice Sweeney; Arthur Muise; Annette Roberts; Robert Gray; Marion Gould; and Merton Porter.

---

James Jordan is transporting five Millsfield children and eleven from Errol. Mrs Zillah Thurston is transporting the children from the Upton Hill road.

The health work is under the care of the school nurse from the Colebrook nursing district. Last summer, I was unsuccessful in getting a health report from the nurse of the work done in the Errol schools for the previous year.

The report of the school census taken last September showed seventeen boys and fifteen girls in town between the ages of five and sixteen. All but two were reported in school—one between five and eight and one between fourteen and sixteen who had completed the work of the eighth grade. The total registration in our local schools on September 30th was fifty-five but twenty five of those were from out side of the district.

Last year, the schools were in session thirty-six weeks net. The unrepeatd registration was sixty-six with a percent of attendance of 93.77. This is a little improvement over the previous year. The number of tardy marks was 64 which is less than the year before.

Six school board meetings were held. The schools recorded fifteen visits from citizens and the superintendent was credited with 152 teacher visits.

Some of the extra curricula activities have been curtailed owing to war conditions. We hope that conditions will so improve that normality may be resumed by another school year.

Respectfully submitted,  
ALONZO J. KNOWLTON.
