REPORT OF FOREST FIRE WARDEN

We had no forest fires in the year 1940, which is a very good record. There were 28 permits issued. At present we have 18 knapsack pumps, but are very much in need of more fire fighting tools now that we have a tool house to store them in. The following list is recommended by the State Forestry Department:

8 axes, handled	
2 cross-cut saws and wedges	
4 Pulaski tools (combination ax mattock)	
12 fire rakes, mowing machine type	
12 hazel hoes (special fire grub-hoe)	
12 shovels, handled	
12 water pails	
12 oil lanterns	
2 drinking water canteens, 1 gallon	
Total estimated cost to town	\$ 42.00

I want to express appreciation for the cooperation of the citizens of the town, deputy wardens, and all others who have made it possible for a very successful year, and may we continue on for the coming year.

In this connection, I want to express the importance of obtaining permits for necessary burning and also to emphasize the provisions of the law relating to personal liability for damage caused by widespread burning.

FRED E. TEAGUE,
Forest Fire Warden.

LIBRARY REPORT

Annual Report of the Olive G. Pettis Free Library

During the past year we of the Library Committee have tried by various devices to increase the circulation of books. It is still too small, and we would welcome any suggestions which may make the town library more attractive to its public.

We are grateful for the following donations during the year: A revolving bookcase for the children's books, a table lamp and fifty copies of Life magazine.

In November the two schools combined in giving a Book Week program at the library before a very sizeable and appreciative audience.

In order to stimulate interest in world affairs the library has subscribed to the National Geographic magazine this year.

The Bookmobile has been making regular trips from Concord through the year, bringing our quota of books. This adds to the enjoyment of a library.

As Austin Nelson left to go South, Mrs. Walter Nelson was appointed to fill the vacancy.

An exhibit of paintings by American artists was loaned to us by the State Library and hung in the library through February and March.

We are considering installing some small chairs and a table to form a children's corner in the library, for the children should have inducements to increase their reading interest.

We submit this report as the year closes, and our sincere wish is that in the years to come the library will become more and more a vital center of interest in the community.

SUPERINTENDENT'S REPORT

To the Goshen School Board:

Mrs. Grace Scranton and Mrs. Helen Tenney continue as your teachers. On my visits I have found the pupils in good order and interested in their work, the teachers with their work well prepared, and the rooms neat.

There is but one item that I desire to call to your attention. The table attached, "State Aid," shows how the state determines the amount for the state aid check. During the last few years there has appeared a new deduction, "for lack of funds."

Although the costs of governmental activities has increased by leaps and bounds the legislature has not increased the amount the state pays to help educate her youth over the last decade, in fact some years it has been reduced.

The taxpayers of the smaller towns should be interested in this problem as the reductions are all taken off their checks.

I wish to thank the school officials and the teachers for their cooperation and kindnesses.

Respectfully submitted,

WALTER L. MASON,
Superintendent of Schools.
