Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hollis in the County of Hillsboro in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Lower Town Hall in said Hollis on Tuesday, the fourteenth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

- 1. To choose all necessary Town Officers for the year ensuing.
- 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
- 3. To hear the reports of the Selectmen and other Town Officers and Committees.
- 4. To see if the Town will vote to authorize the Treasurer under order of the Selectmen to borrow money in anticipation of taxes.
- 5. To see if the Town will vote to accept State Aid for the construction of Class V roads and appropriate the sum of \$383.05.
- 6. To see what action the Town will take in regard to purchasing a power grader.
- 7. To see if the Town will vote to allow 2% discount on taxes paid before August 1, 1944 and assess fines of twenty cents on all poll taxes not paid by September 1, 1944.

8. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 28th day of February, in the year of our Lord nineteen hundred and forty-four.

MILTON D. WRIGHT
CLARENCE L. HOWE
EDWARD LIEVENS
Selectmen of Hollis.

A true copy of Warrant—Attest:

MILTON D. WRIGHT
CLARENCE L. HOWE
EDWARD LIEVENS
Selectmen of Hollis.

School Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Hollis qualified to vote in district affairs:

You are hereby notified to meet at the Lower Town Hall in said district on the fourteenth day of March, 1944, at two o'clock in the afternoon to act upon the following subjects:

- 1. To choose a Moderator for the coming year.
- 2. To choose a Clerk for the ensuing year.
- 3. To choose a Member of the School Board for the ensuing three years.
 - 4. To choose a Treasurer for the ensuing year.
- 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
- 6. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen and pass any vote relating thereto.
- 7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
- 8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.
- 9. To see how much money the district will raise and appropriate as a deficiency for insurance, for handicapped children and for special repairs for the current year.
- 10. To see how much money the district will appropriate for insurance, special repairs and new equipment.

\$18,099.03

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Hollis, this tenth day of February, 1944.

W. H. WESTON,
RUTH E. WHEELER,
GERTRUDE T. M. STEVENS,
School, Board.

Report of Superintendent of Schools

To the School Board and Citizens of Hollis:

I herewith present my fifth annual report, the twenty-fifth in the series. I trust you will give your attention and consideration to the five sections which follow.

I. THE TEACHING STAFF

One could easily spend the whole space of this report dealing with this topic as the greatest difficulties of the present belong in this category. During the past three years, there have been three changes in the Primary Room; one for other employment, two to transfer to another teaching position. During the same three year period, there have been eleven changes in the high school staff. Five transferred to other teaching positions, one entered the Service, three took up other occupations, one was married, and one resigned.

The following changes in the teaching staff have occurred since June 1, 1943:

Mrs. Edith Balchelder, Manchester, replaced Helen Pomeroy.

Jeannette Beason, Greenwich, Conn. - V. Wilkins.

Mrs. Eleanor Betz, Milford, replaced Miss Beason.

One of the contributing causes for so many changes has been because of a lower salary scale than prevailed in other towns. Living costs increase for teachers the same as they do for every group of citizens, and are expected to increase next year. Many improvements in the scale have been effected over previous years and the teachers are very grateful.

Another contributing cause for so many changes in the teaching personnel might be in living conditions. Now, I fully realize the difficulties a home experiences to serve meals when

certain foods are rationed or not available at all; but it seems to me that there ought to be more people interested in furnishing a home for out-of-town teachers, including the serving of meals. Along with living conditions, the thought goes through one's mind how much appreciation there is of the teachers and their services. I wonder how many parents or friends of the school have sought the acquaintance of the teachers, how many have invited them to their homes, how many have sought them as companions in a social way. We must remember that many of these people are from out-of-town and are working in your midst and for your benefit. Must they make their whole social life among themselves, or will you seek to make them a part of your club, your lodge, or your community? In other words, may we not seek appreciation before condemnation.

Another reason for so many changes has been the lack of transportation facilities in and out of Hollis. Whether we like this or not, that stands out in the minds of prospective employees. Now that the ranks of teachers are growing thinner, the right of choice on the part of the teacher is more and more evident.

To recruit a teaching staff and carry on all the functions of the school is no easy task in these days. I beg your indulgence if all is not "The same as it used to be."

2. IMPROVEMENTS

Plans for the year's work included replacing a number of window shades and the replacing and resetting of several windows and doors to make the building less drafty—which were done and amounted to large expenditures together with the regular sums for minor repairs. These were fine improvements to the plant. Then additional expenditures not planned arose as the year wore on, such as the overhauling of the heating system and the discovery that three children needed lip reading from a special teacher. The furnace had to be put in order and law makes it imperative to add extra facilities for handicapped children. These improvements were so essential that the School Board felt the District would approve their action even if a deficit should exist.

3. RECOMMENDATIONS.

For some years the flat roof on the rear of the building has leaked. Various attempts at minor repairs have failed to stop the leak. Now it would seem imperative to re-roof this section. Estimates of the cost are at hand, and are based on the work being completed during this off-season. If you wait until summer, the assumption is that the cost will be more. I suggest a deficiency appropriation at the March meeting to take care of this expense plus an additional amount to put the building in order for the establishment of a community cannery.

As we look ahead, it is not clear that you can maintain every service, every class that you now offer. Every attempt possible will be made to keep things going in the best possible manner. If some classes must be dropped because an instructor is not obtainable, I suggest to you the alternative of correspondence courses. These courses are endorsed by educators and by Army and Navy authorities as the next best in lieu of the regular courses offered by a teacher. They cost from \$10 to \$15 per pupil for each 1/2 unit of credit.

4. THE FUTURE.

In this section I wish to discuss very briefly four problems and leave them with you for your thought and possible action:

- A. We have the demobilized soldier returning to take his place in our civilian life. He comes back after an experience somewhere else. He can't help but be changed; he can't help but be different from the boy who left. What will be his desires toward education? Some of these men will be still young and will desire to complete their high school education. Shall we be thinking of full-time or even part-time educational opportunities for these demobilized soldiers?
- B. Many pupils who have not been in school for a year or two will be returning from private employment. What are the opportunities that are going to be offered to them to fit them for a new type of activity or employment?

- C. Shall we expect changes in the curriculum? One must remember that these people who return and those who are coming on from elementary grades will be definitely air-minded. They will desire and demand more science and more mathematics. Because of this global war, they will seek more and more information concerning international affairs and other foreign languages. What shall we anticipate in this regard?
- D. What is the school's part in the transition which must occur to change our economy from war-time to peace-time? Many of our schools have been called upon to assist industry and agriculture or other pursuits to train workers for a war-time economy. When the war is over will industry and agriculture expect and anticipate the schools to help make the transition to peace-time pursuits?

5. Conclusion.

Let me call your attention to the local reports which are presented herewith. The usual financial statistics of the State Board of Education have not been published yet, and are therefore omitted from this report. I acknowledge with a great deal of satisfaction the support and consideration that you, the citizens, the school board, and my teaching associates have given me during the past year. It is, indeed, a privilege to have been able to render whatever service it has been my lot to perform.

Very respectfully,

HAROLD C BOWLEY,

February 8, 1944

Superintendent of Schools.

GENERAL STATISTICS FOR SCHOOL YEAR, 1942-43

Number of different pupils enrolled		
Boys, 104 Girls, 76	Total	180

Number of children 5 to 8 not in school		9
Number of children 8 to 14 not in school		í
Number of children 14 to 16 not in school		I
Number attending elementary school outside		4

REPORT OF ADMINISTRATION

Mr. Harold C. Bowley
Superintendent of Schools

Union No. 40, New Hampshire

Herein is tendered my third annual report on Administration in Hollis Center School. During such a complex era as that in which we now find our school life, it seems feasible to suppose that innumerable adjustments in administrative details are necessary and perhaps desirable. We must now, more than ever, keep our eyes ahead toward educational trends and developments in order to more vitally guide our pupils. It was doubtless in this spirit that, the Association of School Boards in our great western state of Illinois fully aware that education is not a static, but a developing concept; recently adopted a series of eight educational objectives to aid them in determining their future plans. I wish to call attention to the most specific four of them here:

- I. To give to each child, insofar as his abilities permit, a sound mastery of the tools of learning and communication, such as reading, writing, arithmentic and the use of written and spoken language.
- 2. To help pupils, particularly the large group who do not go beyond the public schools, to find their most productive roles in life and to give them enough fundamental science, vocational training, and work experience so that they will be able to qualify for work at their highest skills and can be properly prepared to earn a living.
- 3. To develop a moral and entical sense in each child so that he will manifest self-control, fairness, justice, tolerance, courtesy, and kindness to his fellows.
- 4. To prepare children psychologically for a well-balanced and happy social and family life, and for the creative use of their leisure time.

I believe these objectives are clearly indicative of local and national educational theory and trust that we are meeting with good success in the fulfillment of such objectives. Therefore we should consider various achievements of groups, as achievement particularly for each individual concerned.

Our group activities included first a Fair in October to celebrate our victory over the local harvest problem. This gave excellent opportunities for various accomplishments in the way of showmanship and was greatly enjoyed by the participating groups, such as the classes in Home Economics and Agriculture. Similarly the Christmas Program was well presented on December

10 and gave many pupils opportunity to express themselves and to use their tools of learning.

The annual Senior Play including several from grades other than the Seniors, was strongly supported by an appreciative audience on December 17. This wonderful support is a very essential contribution to the successful culmination of these pupils efforts in such a program.

Basketball for boys and girls has been carried on as strongly as pupil health and time would permit. Several parents kindly provided transportation when needed. I should also like to call your attention to the very favorable use of the Town Hall for such activities. Hollis boys and girls can well be proud that they are so kindly considered in this phase of their training. Fall and Spring athletics have had to be curtailed because of obvious needs for pupils at home and elsewhere.

Our attendance has generally been good. Parents seem even more keenly aware that such habits are indicative of future traits of each child and such records are often required of school officers in post-secondary recommendation of pupils. The health problem is of course a big factor in this field. Parents should know of the well appointed clinics, for the diagnosis and treatment of so many childhood ailments, in the city of Nashua. Our school nurse, Mrs. House, is ever willing to discuss with parents, any health problem concerning a school child.

Our honor roll of ideal records in attendance and non-tardiness is as follows: Whole year 1942-43; Eleanor Brocklebank, Martin Budlong, Thelma Glever, Phyllis Simonds, Margaret Small. Half year 1943-44; Ralph Buckley, Alberta Cave, Valma Carleton, Annette Colburn, Jannette Colburn, Betty Cudworth, Richard Duncan, Charles Geas, Naida Glover, Thelma Glover, Phyllis Kanterovich, Thorning Knight, William Lawrence, Janice Marvell, Fred Nichols, Juanita Nartoff, Robert Nartoff, Arthur Petry, Peter Roberts, Phyllis Simonds, Margaret Small, Donald Smith, Bernice Stefanowicz, Almira Walker, Alice Wildman, Ernest Wildman, Frances Wright, Mary Worcester.

Everything we do in school now has been classed by someone, somewhere, as a War Activity, but I shall single out as specific activities in our school, only three:

- 1. The contribution of graduates in service and elsewhere.
- 2. In financial contribution the pupils have, since September bought \$2600 worth of War Savings Stamps and Bonds. Since this represents also, active participation by more than 90% of the pupils we were awarded a coveted "Minute Man Flag" by the U. S. Treasury Dept. Of the total amount Mrs. Denault's room bought over \$700 worth or \$30 per pupil, a fine record of patriotic sacrifice.
- 3. Thirdly, we whole heartedly took part in most phases of the local food production and harvest problem. This has been a volcanic problem for everyone concerned because of its implications. Your headmaster has earnestly tried to meet the most urgent needs of both pupils and parents and others as adequately as possible and wishes to express his appreciation to the school board and citizenry for their patience. Apparently we have been in direct step with the national trend as reported in Education for Victory for February 3, 1944, by the U. S. Office of Education. Excerpts from the summary of their most competent survey of the problem state that:
 - 1. "The most important decision for girls and boys to make for themselves as well as the Nation, is to remain in school."
 - "Programs involving part-time attendance at school and part-time employment on the job are distinctly in the ascendency."
 - 3. "Schools generally have recognized that a pupil of employable age should have opportunity to work as well as to study and that consequently there must be adjustments in both the school schedule and the work schedule to make such school-work programs possible."
 - 4. "The characteristic most pronounced in these arrangements is their flexibility."

Our labor problem has been wholly local but our solution will stand critical analysis on the basis of such a timely report. Hollis citizens will doubtless be as quick to put their youth back on a full-time educational schedule as soon as possible.

Your headmaster has been deeply appreciative of the efficient maintenance of the school plant and its operation by a good staff. Teachers, like everyone else have their extra personal problems, due to the War, on top of their other duties. The Hollis teachers have been very sportsmanlike in their devotion to their tasks. Recent enrollment in the adult courses serves to convince us of the good teamwork between pupils, parents, and teachers.

Respectfully submitted,

STEWART V. McCORMACK

REPORT OF HEALTH SUPERVISION, 1942-43

DR. ABBOTT WINOGRAD, Examiner

HELEN J. HONCE, R. N., School Nurse

Number of children exami-	ned			183
The following defects and	treatments	were	reported:	
Defective Vision	6	cases	4	treatments
Defective Hearing	3	cases	2	treatments
Deformity	2	cases	2	treatments
Defective Teeth	83	cases	64	treatments
Diseased Tonsils	7	cases	4	treatments

Parents were informed of all these defects.
The following diseases were reported:
Chicken-pox-41, measles-22 german measles-28, pediculosis-2, skin diseases-4, diabetes-1 (under treatment).

The school attendance in the lower grades was greatly

disrupted due to the number of cases of measles, german measles, and chicken pox.

Eight pupils attended the Dental Clinic in Nashua, May 20, 1943.

SCHOOL NURSE'S REPORT

Hollis, N. H. February 14, 1944

To the Superintendent, School Board Members and Citizens of Hollis:

I herewith submit my report of the school health program from February, 1943 to February, 1944.

110111 1 001 001 1 943			
	Correc	ted Tr	eated
No. of children having physical examination,	167		
No. of children having dental defects,	89	75	
No. of children having tonsil defects	5	3	
No. of children having visual defects	9	7	
No. of children having hearing defects	4		3
No. of children having orthopedic defects	4		3
No. of children taken to dental clinic	9		
	.1 0	,	1

The audiometer test was given to pupils from the 2nd grade through high school.

Chicken pox and german Measles were prevalent last spring especially in the lower grades.

At the opening of school in the fall all pupils were given a thorough physical examination by the school physician, Dr. Winograd. The children were noted to be in good physical condition.

The splendid cooperation of parents and teachers helps to promote a good health program.

Respectfully submitted,

HELEN J. HOUSE, R. N. School Nurse
